Docket #0028 Date Filed: 6/18/2020

UNITED STATES BANKRUPTCY COURT
WESTERN DISTRICT OF NORTH CAROLINA
CHARLOTTE DIVISION

In re ALDRICH PUMP LLC, *et al.*,[1] Debtors.	Chapter 11 Case No. 20-_____ (__) (Joint Administration Requested)
ALDRICH PUMP LLC and MURRAY BOILER LLC, Plaintiffs, v. THOSE PARTIES TO ACTIONS LISTED ON APPENDIX A TO COMPLAINT and JOHN AND JANE DOES 1-1000, Defendants.	Adv. Pro. No. 20-_____ (__)

DEBTORS' COMPLAINT FOR INJUNCTIVE AND DECLARATORY RELIEF (I) PRELIMINARILY ENJOINING CERTAIN ACTIONS AGAINST NON-DEBTORS, OR (II) DECLARING THAT THE AUTOMATIC STAY APPLIES TO SUCH ACTIONS, AND (III) GRANTING A TEMPORARY RESTRAINING ORDER PENDING A FINAL HEARING

Plaintiffs Aldrich Pump LLC ("Aldrich"), a North Carolina limited liability company, and Murray Boiler LLC ("Murray"), a North Carolina limited liability company, debtors and debtors in possession in the above-captioned chapter 11 cases (together, the "Debtors"), incorporate the statements contained in (a) the *Declaration of Allan Tananbaum in Support of Debtors' Complaint for Injunctive and Declaratory Relief, Related Motions, and*

[1] The Debtors are the following entities (the last four digits of their respective taxpayer identification numbers follow in parentheses): Aldrich Pump LLC (2290) and Murray Boiler LLC (0679). The Debtors' address is 800-E Beaty Street, Davidson, North Carolina 28036.

2030608200618000000000014

the Chapter 11 Cases (the "Tananbaum Declaration"), filed contemporaneously herewith, and (b) the *Declaration of Ray Pittard in Support of First Day Pleadings* (the "First Day Declaration"), filed in the main docket for the Debtors' chapter 11 cases (the "Chapter 11 Cases"), and further state as follows:

INTRODUCTION

1. The Debtors commenced the Chapter 11 Cases to finally and fairly resolve all asbestos-related claims against them through consummation of a plan of reorganization that includes the establishment of a trust under section 524(g) of title 11 of the United States Code (the "Bankruptcy Code"). The relief sought by this adversary proceeding is critical to the Debtors' ability to achieve that purpose. Without the requested injunction, claimants would be permitted to litigate, in other forums, the exact same asbestos claims that are being asserted against the Debtors in the Chapter 11 Cases.

2. In this regard, the Debtors request a preliminary injunction under section 105(a) of the Bankruptcy Code. The injunction would enjoin the prosecution of actions outside of these chapter 11 cases on account of the same asbestos claims that exist against the Debtors in these Chapter 11 Cases.

3. The defendants in this adversary proceeding (collectively, the "Defendants") sought to be enjoined are all named plaintiffs in the asbestos-related lawsuits against one or both of the Debtors (or for which either Debtor is responsible) listed on Appendix A to this Complaint, as well as John and Jane Does 1-1000.[2] The Defendants would

[2] Appendix A identifies the civil action number (where available) for each lawsuit and the law firms representing each of the Defendants on account of their asbestos claims. The Debtors reserve the right to supplement, amend or otherwise modify Appendix A by such procedures as shall be set forth in any order granting the relief requested in the Motion. For the avoidance of doubt, the inclusion of an asbestos-related claim on Appendix A is not an admission that such Defendant holds a currently pending claim against either the Debtors or the Protected Parties.

be enjoined from prosecuting actions outside of these Chapter 11 Cases seeking to hold the following entities liable for the asbestos claims against the Debtors in these Chapter 11 Cases: (1) affiliates of the Debtors, (2) certain former transaction parties with the Debtors, and (3) various insurers of the Debtors, in each case as a result of the Debtors' indemnification of such entities for asbestos claims against the Debtors, and for the several other reasons set forth in the Motion. More specifically, the entities that the Defendants would be enjoined from pursuing (the "Protected Parties") are:[3]

a) former Trane Technologies Company LLC, successor by merger to Ingersoll-Rand Company (a former New Jersey corporation) (collectively, "Old IRNJ"), an entity that no longer exists and whose asbestos-related liability was allocated to Debtor Aldrich;

b) former Trane U.S. Inc. ("Old Trane"), an entity that no longer exists and whose asbestos-related liability was allocated to Debtor Murray;

c) the Debtors' non-debtor affiliates set forth on Appendix B to this Complaint (the "Non-Debtor Affiliates"), including, without limitation, Trane Technologies Company LLC ("New Trane Technologies") and Trane U.S. Inc. ("New Trane");

d) entities that are not affiliates of the Debtors set forth on Appendix B to this Complaint, whom Aldrich or Murray has indemnified contractually, or with respect to which Aldrich or Murray otherwise has agreed to be responsible, for its asbestos-related liabilities (the "Indemnified Parties"); and

e) insurance entities set forth on Appendix B to this Complaint, who have or have had insurance related agreements, or rights thereunder, with Aldrich or Murray for asbestos-related liabilities (the "Insurers").

4. The Defendants would be enjoined from prosecuting any action seeking to hold a Protected Party liable on account of any "Aldrich/Murray Asbestos Claim." "Aldrich/Murray Asbestos Claims" means any asbestos-related claim against either Debtor,

[3] The Protected Parties, with the exception of Old IRNJ and Old Trane, are listed on Appendix B hereto. The Debtors reserve the right to seek to supplement, amend, or otherwise modify the list of Protected Parties by such procedures as shall be set forth in any order granting the relief requested in the Motion.

including all claims relating in any way to asbestos or asbestos-containing materials asserted against, or that could have been asserted against, Old IRNJ ("IRNJ Asbestos Claims") or Old Trane ("Trane Asbestos Claims").[4]

5. In addition, the Debtors seek a declaration that section 362(a) of the Bankruptcy Code prohibits the commencement or continuation of such actions against the Protected Parties while the Debtors' Chapter 11 Cases remain pending. The Debtors also seek a temporary restraining order, entered on limited notice, to immediately effectuate the requested injunctive or declaratory relief pending a final hearing on the merits.

6. The relief requested in this adversary proceeding is necessary and appropriate because the Debtors are solely responsible for the Aldrich/Murray Asbestos Claims as a result of internal corporate restructurings that were completed on May 1, 2020 (together, the "2020 Corporate Restructuring"). Continued prosecution of Aldrich/Murray Asbestos Claims against the Protected Parties outside of this Court would undermine the Debtors' Chapter 11 Cases and the protections of the automatic stay imposed by section 362(a) of the Bankruptcy Code.

7. Contemporaneous with the filing of this Complaint, the Debtors filed a motion (the "Motion") seeking the same relief requested in this Complaint and setting forth additional grounds why the relief requested herein is warranted.[5]

---

[4] For the avoidance of doubt, Aldrich/Murray Asbestos Claims include all asbestos personal injury claims and other asbestos-related claims allocated to, respectively, Aldrich from Old IRNJ or Murray from Old Trane in the documents implementing the 2020 Corporate Restructuring (as defined below). The Aldrich/Murray Asbestos Claims do not include asbestos-related claims for which the exclusive remedy is provided under workers' compensation statutes and similar laws.

[5] The Debtors fully incorporate the arguments and authority contained in the Motion as if fully set forth herein.

JURISDICTION AND VENUE

8. This Court has subject matter jurisdiction over this adversary proceeding under 28 U.S.C. §§ 157 and 1334. This adversary proceeding is a core proceeding pursuant to 28 U.S.C. § 157(b)(2). Pursuant to Rule 7008 of the Federal Rules of Bankruptcy Procedure (the "Bankruptcy Rules"), the Debtors consent to the entry of final orders or a final judgment by this Court in this adversary proceeding.

9. Venue is proper in this District pursuant to 28 U.S.C. § 1409.

BASIS FOR RELIEF

10. The statutory bases for the relief requested herein are sections 105(a) and 362(a) of the Bankruptcy Code.

11. The Debtors have commenced this adversary proceeding pursuant to Bankruptcy Rules 7001(7), 7001(9) and 7065 of the Federal Rules of Bankruptcy Procedure.

12. The Debtors have made no prior request for the relief requested herein to this or any other court.

GENERAL BACKGROUND

13. On the date hereof (the "Petition Date"), the Debtors commenced their Chapter 11 Cases by filing voluntary petitions for relief under chapter 11 of the Bankruptcy Code. The Debtors are continuing in possession of their property and are managing their business, as debtors in possession, pursuant to sections 1107(a) and 1108 of the Bankruptcy Code.

THE PARTIES

14. The Debtors are North Carolina limited liability companies.

15. Each Defendant is a plaintiff in an action listed in Appendix A hereto. The actions listed on Appendix A are pending asbestos-related lawsuits against one or both of

the Debtors and/or one or more of the Protected Parties to recover on account of Aldrich/Murray Asbestos Claims. Absent the relief requested herein and in the Motion, the Debtors anticipate that the filing of the Chapter 11 Cases will lead Defendants to pursue Aldrich/Murray Asbestos Claims against the Protected Parties in an effort to avoid the automatic stay.

16. Each of Defendants John and Jane Does 1-1000 is a prospective plaintiff who may, at any time while the Chapter 11 Cases are pending, seek to commence an action to pursue an Aldrich/Murray Asbestos Claim against one or more of the Protected Parties.

17. The Protected Parties are: (a) Old IRNJ, (b) Old Trane, (c) New Trane Technologies, (d) New Trane, (e) the other Non-Debtor Affiliates, (f) the Indemnified Parties, and (g) the Insurers.

FACTUAL BACKGROUND

The 2020 Corporate Restructuring

18. Old IRNJ and Old Trane completed the 2020 Corporate Restructuring on May 1, 2020. The 2020 Corporate Restructuring provided the Debtors with additional flexibility to address Old IRNJ's and Old Trane's asbestos-related claims. First Day Decl. ¶ 13. This flexibility included the commencement of a chapter 11 reorganization proceeding to globally resolve these claims without unnecessarily subjecting the entire Old IRNJ and Old Trane enterprises—and their many employees, suppliers, vendors, and creditors—to a chapter 11 proceeding. Id.

19. As a result of the 2020 Corporate Restructuring, which is described in greater detail in the First Day Declaration:

Aldrich Restructuring

a. Old IRNJ ceased to exist;

b. Debtor Aldrich, as well as New Trane Technologies, were formed;

c. Aldrich was allocated certain of Old IRNJ's assets, as set forth below, and became solely responsible for certain of its liabilities, including the Aldrich/Murray Asbestos Claims against Old IRNJ and the defense of those claims;

d. New Trane Technologies was allocated all other assets of Old IRNJ and became solely responsible for all other liabilities of Old IRNJ;

e. A funding agreement (the "Trane Technologies Funding Agreement") was established between New Trane Technologies and Aldrich that ensures that Aldrich has the same ability to pay the Aldrich/Murray Asbestos Claims against it as Old IRNJ had before the 2020 Corporate Restructuring;

f. Aldrich agreed to indemnify New Trane Technologies (and each of its affiliates) for any losses it might suffer related to any claims allocated to Aldrich in the 2020 Corporate Restructuring, including the Aldrich/Murray Asbestos Claims;[6]

Murray Restructuring

a. Old Trane ceased to exist;

b. Debtor Murray, as well as New Trane, were formed;

c. Murray was allocated certain of Old Trane's assets, as set forth below, and became solely responsible for certain of its liabilities, including the Aldrich/Murray Asbestos Claims against Old Trane and the defense of those claims;

d. New Trane was allocated all other assets of Old Trane and became solely responsible for all other liabilities of Old Trane;

e. A funding agreement (the "Trane Funding Agreement" and together with the Trane Technologies Funding Agreement, the "Funding Agreements"[7]) was established between New Trane and

---

6 Likewise, New Trane Technologies agreed to indemnify Aldrich for any losses it might suffer related to any claims allocated to New Trane Technologies in the 2020 Corporate Restructuring.

7 Without any corresponding repayment obligation, the Funding Agreements require New Trane Technologies and New Trane, respectively, to fund any amounts (a) to satisfy the asbestos-related liabilities of Aldrich and Murray, respectively, at any time when there is no bankruptcy case and (b) in the event of a chapter 11 filing, to provide the funding for a section 524(g) asbestos trust, in both situations to the extent that any cash distributions received by the Debtors from their subsidiaries are insufficient to pay such costs and expenses and further, in the case of the trust funding, the Debtors' other assets are insufficient to provide that funding. First Day Decl. ¶ 18. Copies of the Funding Agreements are attached as Annex 2 to

Murray that ensures that Murray has the same ability to pay the Aldrich/Murray Asbestos Claims against it as Old Trane had before the 2020 Corporate Restructuring; and

f. Murray agreed to indemnify New Trane (and each of its affiliates) for any losses it might suffer related to any claims allocated to Murray in the 2020 Corporate Restructuring, including the Aldrich/Murray Asbestos Claims.[8]

First Day Decl. ¶ 14.

20. At the time of the 2020 Corporate Restructuring, Aldrich was allocated:

a. $26.2 million in cash;

b. a 100 percent equity interest in 200 Park, Inc., which manufactures chillers for commercial HVAC and process cooling applications, a business that is projected to generate approximately $2.9 million in EBITDA per year and had an estimated fair market value of approximately $30-$32 million, not including cash on hand, as of the Petition Date;

c. various confidential insurance coverage-in-place agreements and related insurance rights, which place under agreement approximately $750 million in unexhausted coverage for IRNJ Asbestos Claims for which Aldrich is responsible; and

d. rights and benefits under the Trane Technologies Funding Agreement.

Likewise, Murray was allocated:

a. $16.1 million in cash;

b. a 100 percent equity interest in ClimateLabs LLC, which provides various laboratory testing, analysis, and reporting services, a business that is projected to generate approximately $1.4 million in EBITDA per year and had an estimated fair market value of approximately $20-$25 million, not including cash on hand, as of the Petition Date;

---

the First Day Declaration. The summary of the Funding Agreements herein is provided for the convenience of the Court and parties in interest and is qualified in its entirety by the terms of the Funding Agreements. In the event of any inconsistency between the description herein and the Funding Agreements, the Funding Agreements shall govern in all respects.

8 Likewise, New Trane agreed to indemnify Murray for any losses it might suffer related to any claims allocated to New Trane in the 2020 Corporate Restructuring.

c. various confidential insurance coverage-in-place agreements and related rights, which place under agreement approximately $1.0 billion in unexhausted coverage for Trane Asbestos Claims for which Murray is responsible, as well as additional unsettled excess layer insurance policies for Trane Asbestos Claims with approximately $790 million in unexhausted limits; and

d. rights and benefits under the Trane Funding Agreement.

First Day Decl. ¶ 16.

The Aldrich/Murray Asbestos Claims

21. Aldrich's operations date back to 1905.[9] Tananbaum Decl. ¶ 11. Aldrich never mined asbestos, nor did it use asbestos to manufacture a product. Id. ¶ 10. Instead, Aldrich created or acquired certain entities that manufactured, sold, or distributed products—primarily pumps and compressors—that in some cases incorporated asbestos-containing sealing products (*i.e.*, gaskets and, to a lesser degree, packing) manufactured and designed by third-parties and used to prevent leaks from metal-to-metal connections. See id. ¶¶ 11-12. In substantially all cases, any asbestos used in such sealing products incorporated into Aldrich equipment was the much less harmful chrysotile asbestos and was encapsulated such that the asbestos fibers would not be released into the air under normal conditions. See id. ¶ 12. Moreover, these components spend their entire useful life fixed between metal surfaces and are generally inaccessible outside of removal and replacement. See id. As a result, the only potential for exposure to the asbestos was on the rare occasions when the equipment needed repair. Aldrich's operations generally eliminated the use of asbestos-containing products by the mid-1980s. Id.

[9] When discussing historical matters preceding the 2020 Corporate Restructuring, the terms "Aldrich," "Murray," and "the Debtors" refer to the Debtors herein and their historical predecessors.

22. Murray's operations date back to 1913. Tananbaum Decl. ¶ 14. Like Aldrich, Murray never mined asbestos, nor did it use asbestos to manufacture a product. Id. ¶ 10. The principal business of historic Murray was the design and manufacture of what today is known as climate control (HVAC) equipment. Id. ¶ 14. Some of this HVAC and related equipment, at times, included asbestos-containing internal component parts—again, primarily gaskets—which were manufactured and designed by third parties and which were used by Murray in its equipment for the same reasons as Aldrich. See id. ¶¶ 12, 14. Gaskets incorporated into this HVAC equipment were contained within the unit. Id. ¶ 14. And, like Aldrich, any asbestos contained in the sealing product components typically was chrysotile asbestos and was encapsulated. See id. ¶¶ 12, 14. Many historic Murray operations that once incorporated asbestos-containing products were either shut down or sold, or largely eliminated the use of asbestos-containing sealing products, during the 1970s and 1980s. Id. ¶ 14.

23. In 1984, Murray merged with American Standard, Inc. ("American Standard"), which traced its roots back to the 1890s. Tananbaum Decl. ¶ 15. For most of its history, American Standard's primary business included the manufacture and sale of hydronics equipment, such as boilers and ancillary products. Id. American Standard boilers, at times, may have incorporated certain asbestos-containing sealing products (*e.g.*, gaskets) as internal components. Id. Prior to the mid-1950s, some of these boilers also may have been insulated externally with standard asbestos-containing insulation of that time period. Id. American Standard did not participate in the design or manufacture of any of these asbestos-containing products. Id. Moreover, the internal components were contained within the equipment unit and generally inaccessible during day-to-day use. Id. And, as with Aldrich products, where internal components contained asbestos, the asbestos typically was chrysotile and encapsulated. See id.

¶¶ 12, 15. American Standard no longer made boilers as of the mid-1970s, and, as noted above, American Standard boilers have not incorporated external asbestos insulation for almost 70 years. Id. ¶ 15.

The Indemnified Parties

24. The Indemnified Parties are various entities that Aldrich or Murray have indemnified contractually for any liability on account of the Aldrich/Murray Asbestos Claims, or with respect to which Aldrich or Murray otherwise has agreed to be responsible for any such liability. Aldrich and Murray were allocated their respective indemnification and related obligations in the 2020 Corporate Restructuring and are therefore liable on account of any Aldrich/Murray Asbestos Claims brought against the Indemnified Parties. Tananbaum Decl. ¶ 27.

25. The majority of the litigation against the Indemnified Parties on account of Aldrich/Murray Asbestos Claims results from transactions involving two joint ventures Ingersoll-Dresser Pump Company ("IDP") and Dresser-Rand Company ("Dresser-Rand"). Tananbaum Decl. ¶ 28. These joint ventures were formed in 1992 and 1986, respectively, and were sold by Aldrich in 2000 and 2004, respectively. Id. IDP was a partnership formed between Aldrich and Dresser Industries Inc. ("Dresser") on October 1, 1992. Each partner retained its respective pre-formation products liabilities for the pump businesses and product lines each contributed to IDP. In December 1999, Aldrich acquired 100% ownership of IDP and, in February 2000, Aldrich sold IDP to third parties Flowserve Corporation and Flowserve Red Corporation (together, "Flowserve"). Id. As part of that transaction (the "Flowserve Transaction"), Aldrich indemnified Flowserve, its affiliates (including IDP), and various related parties, for any liability on account of Aldrich/Murray Asbestos Claims arising from product lines or businesses of IDP before the closing of the Flowserve Transaction. Id.

26. Dresser-Rand was a partnership formed between Aldrich and Dresser on December 31, 1986. Tananbaum Decl. ¶ 29. Both partners contributed operating assets comprised of their reciprocating compressor and turbo-machinery businesses to Dresser-Rand; however, pre-Dresser-Rand formation products liabilities were retained by the entities that had such liabilities. In December 1999, Aldrich or affiliates acquired 100% ownership of Dresser-Rand, and in August 2004, Aldrich and its then-parent company sold their interests in Dresser-Rand to third party FRC Acquisitions LLC ("FRC"). Id. As part of that transaction (the "FRC Transaction"), Aldrich indemnified FRC, its affiliates (including Dresser-Rand), and various related parties, for any liability on account of Aldrich/Murray Asbestos Claims arising from product lines or businesses of Dresser-Rand before the closing of the FRC Transaction. Id.

27. Aldrich and Murray were allocated in the 2020 Corporate Restructuring various other contractual indemnities and obligations to additional transaction counterparties, together with affiliated parties, for liability arising from Aldrich/Murray Asbestos Claims as a result of transactions in addition to those described above. Tananbaum Decl. ¶ 30. Such counterparties and related parties are listed as Protected Parties on Appendix B to this Complaint. Id. The number of Aldrich/Murray Asbestos Claims historically tendered by such parties, however, is substantially less than the Aldrich/Murray Asbestos Claims tendered as a result of indemnities provided in connection with the Flowserve Transaction and FRC Transaction. Id.

The Insurers

28. The Insurers provide, or have provided, insurance to either of the Debtors covering Aldrich/Murray Asbestos Claims.

29. Aldrich's general and products liability insurance coverage program relevant to the Aldrich/Murray Asbestos Claims consists of policies covering the period from

August 5, 1954 to December 31, 1984 and related agreements. The company filed an initial coverage action against its primary and certain lower level umbrella or excess Insurers in 1989, resulting in various agreements addressing, inter alia, how the parties would share in the funding of asbestos claims. By the late 1990s, however, the company's primary Insurers had exhausted their coverage limits. As a result, various lower-layer umbrella and certain excess Insurers entered into agreements with the company similar to those executed by the company's primary Insurers. The company also entered into various insurance buy-out agreements with other Insurers. By 2012, all coverage for periods prior to February 1972 (except for the top layer for 1969-1972) had been exhausted and more than 50% of the costs of all asbestos claims were being funded by Aldrich. Absent a clarification of the obligations of then unresolved coverage, Aldrich faced an increasing share in the future and the inability to access many of its higher level policies in the later years of its coverage program. Aldrich therefore commenced new coverage litigation—involving 44 Insurers and 200 policies—seeking to establish the coverage obligations of its remaining then-unsettled solvent Insurers in the later years of its coverage program. Over time, all solvent Insurer defendants entered into one or more confidential "coverage-in-place" or buyout agreements with Aldrich settling the litigation.

30. As of the Petition Date, these insurance agreements place under agreement approximately $750 million in unexhausted limits for coverage of IRNJ Asbestos Claims. However, such agreements generally do not provide Aldrich with "dollar-for-dollar" coverage. As a result, for any covered IRNJ Asbestos Claim, the applicable Insurer is obligated to reimburse Aldrich only for a portion of the amount of the claim paid. The insurance agreements, as well as historical buy-out agreements, typically obligate Aldrich to indemnify an Insurer and various related parties under a variety of circumstances.

31. Murray's general and products liability insurance coverage program responsive to Trane Asbestos Claims arises from policies issued under three separate insurance programs — those relating to predecessors American Standard ("ASI"), Westinghouse Air Brake Company ("WABCO"), and The Trane Company. ASI's coverage program consists of policies and related insurance agreements covering the period from July 1, 1953 to April 1, 1986. WABCO's coverage program consists of policies and related insurance agreements covering the period from December 31, 1954 to December 31, 1969 at the primary level and April 1, 1970 at the excess level, after which WABCO was covered under the ASI program. The Trane Company's coverage program consists of policies and related insurance agreements covering the period from June 1, 1956 to July 1, 1984, after which coverage was provided by the ASI program.

32. The company filed a coverage action in New Jersey with respect to most, but not all, of the Insurers under the ASI program and all Insurers under the WABCO program. The company also filed a separate coverage action in Wisconsin with respect to two, but not all of, the Insurers under The Trane Company program. Over time, all of the solvent Insurer defendants in the coverage actions entered into confidential "coverage-in-place" or buyout agreements with Murray settling the coverage litigation. As of the Petition Date, the remaining insurance agreements place under agreement approximately $1.0 billion in unexhausted limits for coverage of Trane Asbestos Claims of Murray. As with Aldrich, however, such agreements generally do not provide Murray with "dollar for dollar" coverage. The agreements, as well as historical buy-out agreements, typically obligate Murray to indemnify an Insurer and various related parties under a variety of circumstances as set forth in such agreements.

33. As noted, the New Jersey coverage litigation did not address all policies in the ASI coverage program, and the Wisconsin coverage litigation did not address all policies in The Trane Company coverage program. Unsettled, high-level excess policies provide Murray with approximately an additional $790 million in unexhausted coverage limits.

The Debtors' Decision to File for Chapter 11 Reorganization

34. The Debtors, Old IRNJ, and Old Trane have faced hundreds of thousands of asbestos-related claims since the early 1980s. As of the Petition Date, the Debtors were defendants in roughly 100,000 asbestos-related lawsuits on court dockets in jurisdictions throughout the United States. See Tananbaum Decl. ¶ 20. Absent their bankruptcy filings, the Debtors expect thousands of additional claims would be filed against them for decades to come.

35. The extraordinary historical costs and anticipated ongoing costs of this asbestos litigation have been a significant and continuing burden. In total, Aldrich and Murray have paid almost $2 billion in asbestos-related indemnity and defense costs (over $1.3 billion in indemnity and nearly $600 million in defense costs), prior to insurance recoveries, since the inception of litigation against them. Tananbaum Decl. ¶ 21. And there appears to be no end in sight to the extraordinary and unrelenting costs of litigating, defending and resolving such asbestos claims.

36. The respective Debtors are solely responsible for liability arising from the Aldrich/Murray Asbestos Claims pursuant to the documents implementing the 2020 Corporate Restructuring, and the Debtors communicated this fact to various Defendants' counsel. Nonetheless, in the wake of the 2020 Corporate Restructuring, Defendants soon began naming New Trane Technologies, New Trane, and other Protected Parties as defendants in newly-filed Aldrich/Murray Asbestos Claims or adding (or seeking to add) New Trane Technologies or New Trane as a defendant to previously-filed Aldrich/Murray Asbestos Claims. Over roughly one

month, New Trane Technologies or New Trane have been named in, or added (or sought to be added) as a defendant to, approximately 65 such cases. Tananbaum Decl. ¶ 34. In certain of these cases, Defendants have sought to recover on Aldrich/Murray Asbestos Claims against New Trane Technologies or New Trane by attacking the 2020 Corporate Restructuring as a fraudulent conveyance. Id. They have done so even though the restructuring ensures that the Debtors have the same ability to fund the costs of defending and resolving present and future asbestos claims, both in state and federal courts and in connection with any chapter 11 filing, as Old IRNJ and Old Trane had before the 2020 Corporate Restructuring. First Day Decl. ¶ 17. At least two actions to recover on Aldrich/Murray Asbestos Claims has been asserted against a Protected Party alleging alter ego claims. Tananbaum Decl. ¶ 34. On a daily basis, answers are coming due, depositions and court appearances are scheduled, and other activities are taking place in cases asserting Aldrich/Murray Asbestos Claims that, in the absence of the requested injunctive relief, the Debtors will have to manage and defend.

37. Given the unrelenting burden of litigating their alleged asbestos liabilities, and after careful review of the available alternatives, the Debtors concluded that the commencement of a chapter 11 reorganization utilizing section 524(g) of the Bankruptcy Code was appropriate and necessary, as it offered the best alternative under the circumstances to permanently, globally, and fairly resolve the Aldrich/Murray Asbestos Claims. First Day Decl. ¶¶ 21-22.

THE NEED FOR THE REQUESTED RELIEF

38. The Debtors commenced the Chapter 11 Cases to achieve a fair and global resolution of all pending and future asbestos-related claims against them through the consummation of a plan of reorganization that includes the establishment of a section 524(g)

trust. The injunctive and declaratory relief sought by this adversary proceeding (and the related Motion) is critical to the Debtors' ability to proceed with and achieve that purpose.

39. As a result of the automatic stay triggered by the Debtors' bankruptcy filings, and in the absence of the relief requested by this Complaint and the Motion, the Debtors believe that:

a. Many Defendants who already have asserted Aldrich/Murray Asbestos Claims against the Protected Parties will attempt to continue prosecuting such claims outside of the Chapter 11 Cases;

b. Many Defendants who have sued only the Debtors will seek to amend their complaints to name one or more of the Protected Parties;

c. Many Defendants will seek to amend their complaints to add new causes of action against the Protected Parties; and

d. Defendants John and Jane Does 1-1000 will file Aldrich/Murray Asbestos Claims against the Protected Parties, but not the Debtors.

Tananbaum Decl. ¶ 35.

40. All Aldrich/Murray Asbestos Claims asserted against the Protected Parties would arise from the sale of asbestos-containing products by Old IRNJ or Old Trane. Tananbaum Decl. ¶¶ 10-15. Following the 2020 Corporate Restructuring, the respective Debtors are now solely responsible for these potential asbestos-related liabilities. Id. ¶ 24. Aldrich/Murray Asbestos Claims against the Protected Parties—under whatever theory—are the exact same claims as, and are identical and co-extensive in every respect to, those claims that have been asserted or may be asserted against the respective Debtors. The claims involve the same plaintiffs, the same products, the same time periods, and the same liability and damage allegations. Id. ¶ 26. Accordingly, Aldrich/Murray Asbestos Claims brought against the Protected Parties are tantamount to claims against the Debtors.

41. Permitting the Defendants to continue or commence Aldrich/Murray Asbestos Claims against the Protected Parties while the Debtors simultaneously work to resolve the same claims in their Chapter 11 Cases would (a) defeat the purpose of the Debtors' bankruptcy cases, (b) result in irreparable harm to the Debtors' estates, (c) undermine and circumvent the purposes and spirit of the automatic stay, and (d) divert the Debtors from their reorganization efforts. Tananbaum Decl. ¶ 33. Such claims should therefore be enjoined.

NATURE OF RELIEF REQUESTED

42. To guard against the severe and irreparable harm that the Debtors would suffer in the event that the Defendants are permitted to continue or commence Aldrich/Murray Asbestos Claims against the Protected Parties (on any theory of liability) during the Debtors' bankruptcy proceedings, the Debtors seek: (a) a preliminary injunction prohibiting the Defendants from commencing or continuing to prosecute any Aldrich/Murray Asbestos Claims against any Protected Party while the Chapter 11 Cases remain pending; or (b) a declaration that, while the Chapter 11 Cases remain pending, the commencement or continued prosecution of any Aldrich/Murray Asbestos Claims against any Protected Party constitutes a violation of the automatic stay imposed by section 362 of the Bankruptcy Code.[10] The Debtors also seek a temporary restraining order, issued on limited notice, that prohibits the Defendants from filing or continuing to prosecute any Aldrich/Murray Asbestos Claims against any Protected Party pending a final hearing on the merits.

---

[10] This injunction would include, without limitation: (a) the pursuit of discovery from the Protected Parties or their officers, directors, employees or agents; (b) the enforcement of any discovery order against the Protected Parties; (c) further motions practice related to the foregoing; and (d) any collection activity on account of a Aldrich/Murray Asbestos Claim against any Protected Party or its officers, directors, employees or agents or its respective assets.

Count I: Preliminary Injunctive Relief,
Pursuant to Sections 105 and 362 of the Bankruptcy Code

43. The Debtors incorporate by reference paragraphs 1 through 42 as if fully set forth herein.

44. Section 105(a) of the Bankruptcy Code authorizes and empowers this Court to issue any orders that will further the purposes and goals of the Bankruptcy Code, assist in the orderly and effective administration of the Chapter 11 Cases, aid in the preservation of the assets of the Debtors' estates, and aid in the formulation and confirmation of a chapter 11 plan that maximizes recovery to all of the Debtors' creditors.[11]

45. Pursuant to sections 105(a) and 362 of the Bankruptcy Code, this Court may enjoin creditor actions against third parties where necessary to prevent an adverse impact on the Debtors' estates or to ensure the orderly administration of the Debtors' chapter 11 estates and proceedings. An injunction is appropriate in this case to prohibit the Defendants from filing or continuing to prosecute any Aldrich/Murray Asbestos Claims against the Protected Parties while the Chapter 11 Cases remain pending. Further, such an injunction is critical to the Debtors' ability to proceed with and achieve the purposes for which it commenced its reorganization case.

46. In the Fourth Circuit, courts considering the propriety of an injunction under section 105(a) typically apply the traditional four-prong test for injunctions, as tailored to the unique circumstances of bankruptcy. In bankruptcy, these four elements are: (a) the debtor's reasonable likelihood of a successful reorganization, (b) the imminent risk of irreparable harm to

[11] Section 105(a) of the Bankruptcy Code provides, in relevant part, that the Court "may issue any order, process, or judgment that is necessary or appropriate to carry out the provisions of [the Bankruptcy Code]." 11 U.S.C. § 105(a).

the debtor's estate in the absence of an injunction, (c) the balance of harms between the debtor and its creditors, and (d) whether the public interest weighs in favor of an injunction.

47. While courts typically consider all four factors, the Fourth Circuit has made very clear that the critical, if not decisive, issue in whether a section 105(a) injunction is warranted is whether and to what extent the non-debtor litigation interferes with the debtor's reorganization efforts. Here, the interference with the Debtors' reorganization is sufficiently decisive to grant the injunction without applying the four-factor test. In any case, as set forth below, the injunction is appropriate under the four-factor test as well.

48. The Debtors are likely to prevail on the merits of their Complaint under Fourth Circuit standards. First, the Debtors' prospects for a successful reorganization are strong. The Debtors have entered bankruptcy in good faith and in an effort to permanently, globally, and equitably resolve current and future Aldrich/Murray Asbestos Claims through the establishment of a section 524(g) trust. The Debtors have the ability to fully fund a section 524(g) trust and the administrative costs of their Chapter 11 Cases.

49. Further, without the requested injunction, the Debtors' reorganizational efforts would be irreparably harmed and the Debtors would be deprived of the breathing spell afforded by the automatic stay. Due to the indemnities the Debtors have provided to the Protected Parties, as well as the Debtors' insurance coverage for Aldrich/Murray Asbestos Claims, litigating the Aldrich/Murray Asbestos Claims against the Protected Parties could, outside of the Chapter 11 Cases, fix asbestos-related claims against the Debtors and bind the Debtors under the doctrines of collateral estoppel and *res judicata*. Such litigation would also allow asbestos claimants to use evidence generated in those proceedings to try to establish the Debtors' liability for the exact same asbestos-related claims, compelling the Debtors to actively

participate in the litigation and diverting the attention of key personnel who would otherwise be assisting the Debtors in achieving their restructuring goals from the reorganization process.

50. The balance of the harms weighs heavily in favor of an injunction because continued prosecution of the Aldrich/Murray Asbestos Claims against the Protected Parties would cause irreparable harm to the Debtors. Continued prosecution of claims against the Protected Parties would thwart the Debtors' ability to resolve their asbestos liabilities, eliminating any possibility of a more efficient means of recovery to current and future asbestos claimants.

51. Any harm that issuing an injunction might cause the Defendants is substantially less. Asbestos claimants sue multiple parties in the tort system and routinely file claims with dozens of bankruptcy trusts. They can and will continue to prosecute and collect on their claims against those other parties and sources notwithstanding the entry of the injunction. In addition, litigation, particularly mass tort asbestos litigation, generally requires extensive discovery, involves numerous parties, and presents complicated questions of causation. Such litigation is rarely efficient and often goes on for many years. For example, as of the Petition Date, nearly 80% of the Debtors' approximately 100,000 pending asbestos claims had been filed more than 10 years ago, resulting in claims remaining open in the tort system for years or even decades. Tananbaum Decl. ¶ 42.

52. By contrast, a section 524(g) trust that is ultimately established by a confirmed plan of reorganization in the Chapter 11 Cases would provide all claimants—including future claimants who have yet to institute litigation—with an efficient means through which to equitably resolve their claims. Moreover, mere delay to the Defendants does not outweigh the irreparable harm to the Debtors' estates.

53. The Defendants also cannot demonstrate harm based on the speculation that an injunction will create risk for the ultimate payment of their claims. In total, the Debtors' value is approximately $70-$75 million, not including additional cash amounts above minimum thresholds, which additional cash amounts as of the Petition Date were approximately $3-$5 million, and not taking into account insurance rights, as well as the funding agreements the Debtors have with New Trane Technologies and New Trane (discussed below). First Day Decl. ¶ 17. There is no risk that the Debtors will be unable to pay asbestos-related claims.

54. Finally, there is a strong public interest in a successful chapter 11 reorganization, and injunctive relief is critical to the Debtors' reorganization efforts. It also is in the public interest to promote justice in the court system. In the Debtors' cases, this can only be achieved by resolving all Aldrich/Murray Asbestos Claims in a fair and equitable manner in one forum. This result is not possible if piecemeal litigation of the Aldrich/Murray Asbestos Claims in the tort system is allowed to circumvent the bankruptcy process. For that reason, a successful reorganization under chapter 11—and an injunction that makes such reorganization possible—serve the public interest by allowing for the resolution of thousands of claims in a uniform and equitable manner.

55. Accordingly, an injunction barring the Defendants from commencing or continuing any Aldrich/Murray Asbestos Claims against one or more Protected Parties while the Chapter 11 Cases remain pending is appropriate and essential to the orderly and effective administration of the Debtors' estates. Good cause exists for the entry of injunctive relief pursuant to sections 105(a) and 362(a) of the Bankruptcy Code and Bankruptcy Rule 7065.

WHEREFORE, the Debtors respectfully request that this Court: (a) after notice and a hearing, issue a preliminary injunction pursuant to sections 105 and 362 of the Bankruptcy

Code prohibiting the filing or continued prosecution of Aldrich/Murray Asbestos Claims against the Protected Parties while the Chapter 11 Cases remain pending and (b) grant such other and further relief as the Court may deem proper.

Count II: Declaratory Relief
Pursuant to Section 362 of the Bankruptcy Code

56. The Debtors incorporate by reference paragraphs 1 through 55 as if fully set forth herein.

57. Section 362(a)(3) of the Bankruptcy Code operates automatically to stay, among other actions, "the commencement or continuation . . . of a . . . proceeding against the debtor . . . to obtain possession of . . . or to exercise control over property of the estate." 11 U.S.C. § 362(a)(3). The section 362(a)(3) stay applies here in two ways. First, section 362(a)(3) bars plaintiffs from bringing actions against the Debtors' Insurers because the insurance coverage is property of the estates. Second, because any cause of action against the other Protected Parties—which likely would be based on a theory of alter ego, successor liability or fraudulent transfer—would constitute property of the Debtors' estates, section 362(a)(3) operates to stay the action.

58. Section 362(a)(1) of the Bankruptcy Code prohibits the "commencement or continuation . . . of a judicial . . . proceeding against the debtor that was or could have been commenced before the commencement of the case under this title, or to recover a claim against the debtor that arose before the commencement of the case under this title." 11 U.S.C. § 362(a)(1).

59. The continuation and commencement of Aldrich/Murray Asbestos Claims against Old IRNJ or Old Trane, which are unequivocally efforts to recover on claims against the Debtors, are automatically stayed. As described above, Old IRNJ and Old Trane no longer exist

and the Debtors are solely responsible for Old IRNJ's and Old Trane's Aldrich/Murray Asbestos Claims. Thus, the commencement or continuation of Aldrich/Murray Asbestos Claims against Old IRNJ and Old Trane can have only one purpose: the liquidation and recovery of claims against the Debtors. And, because the Aldrich/Murray Asbestos Claims allege liabilities arising out of Old IRNJ's or Old Trane's actions years before the Petition Date, such claims are expressly enjoined by the automatic stay.

60. Additionally, Fourth Circuit precedent recognizes that section 362(a)(1) may extend of its own force to enjoin actions against parties who share such an identity of interests with the debtor that the debtor is, in effect, the real-party defendant. Here, Protected Parties share such an identity of interests with the Debtors that the Debtors, in effect, would be the real-party defendants in Aldrich/Murray Asbestos Claims brought against the Protected Parties. Litigating the Aldrich/Murray Asbestos Claims against the Protected Parties would liquidate claims against the Debtors, including by triggering existing indemnification rights. Such litigation further creates risks of binding the Debtors through *res judicata* and collateral estoppel, and creating an evidentiary record that prejudices the Debtors. Moreover, all liability for the Aldrich/Murray Asbestos Claims was exclusively allocated to the Debtors through the 2020 Corporate Restructuring. Because the Debtors are the real-party defendant in any suit seeking to liquidate and recover on account of an Aldrich/Murray Asbestos Claim, section 362(a)(1) applies to stay such actions.

61. Accordingly, whether the Court relies on its broad powers under section 105 of the Bankruptcy Code or looks to Fourth Circuit precedent with respect to the application of the automatic stay, the injunctive and/or declaratory relief the Debtors seek in this

Complaint and in the Motion is necessary and appropriate to protect both the integrity of the bankruptcy proceeding and the Debtors' prospects for a successful reorganization.

WHEREFORE, the Debtors respectfully request that this Court: (a) after notice and a hearing, enter an order and judgment declaring that the commencement or continued prosecution of Aldrich/Murray Asbestos Claims against one or more Protected Parties while the Chapter 11 Cases remain pending violates the automatic stay imposed by section 362(a) of the Bankruptcy Code and (b) grant such other and further relief as the Court may deem proper.

Count III: Application for Temporary Restraining Order

62. The Debtors incorporate by reference paragraphs 1 through 61 as if fully set forth herein.

63. To preserve the effectiveness of the automatic stay until this Court has the opportunity to hold a final hearing on the Debtors' request for declaratory and/or injunctive relief, and to prevent the foregoing harmful effects upon the Debtors' estates, the Debtors request that, with limited notice, the Court issue a temporary restraining order prohibiting and enjoining the Defendants from filing or continuing to prosecute Aldrich/Murray Asbestos Claims against the Protected Parties until this Court has issued a final ruling on the merits.

64. The issuance of a temporary restraining order is warranted for the reasons already set forth herein and as more fully set forth in the Motion. In addition, it is appropriate for the Court to grant the temporary restraining order with limited notice to the Defendants. The Debtors cannot realistically provide effective notice to the many named plaintiffs who have sued or may sue the Protected Parties in the short period of time in which this Court's action is needed. Further, Defendants John and Jane Does 1-1000 are putative plaintiffs for future asbestos actions against the Protected Parties.

WHEREFORE, the Debtors respectfully request that this Court enter a temporary restraining order: (a) prohibiting the Defendants from filing or continuing to prosecute any Aldrich/Murray Asbestos Claims against the Protected Parties until the Court decides whether to grant the Debtors' request in this Complaint and the Motion for injunctive and/or declaratory relief and (b) granting such other and further relief as the Court may deem just and proper.

Dated: June 18, 2020
