Holdings details

This section reflects the impact of positions purchased/sold on a trade date basis, and will include positions purchased and omit positions sold in the current month. Please see the Pending Trades section for more information. The "Market Value" and "Unrealized Gain/(Loss)" figures shown are representative values as of the last business day of the statement period indicated, which may not reflect the value that could actually be obtained in the market. For more details on pricing, cost basis, estimated annual income and current estimated yield see the disclosures section of the statement.

New Treasury regulations require that we report on Form 1099-B, after the close of the tax year, your adjusted cost basis and classify the gain or loss as either long-term or short-term on the sale of covered securities acquired on or after January 1, 2011. These regulations also require that we make basis adjustments due to wash sales, certain corporate actions and transfer by gift or inheritance, which will be reflected on your form 1099-B. Cost basis is reflected on monthly statements for informational purposes only and should not be used in the preparation of your income tax returns. Cost information is presented as a general guide to portfolio performance. Please refer to the disclosures section of this statement for additional information. An "M" in the purchase date indicates a position is made up of multiple trades/tax lots.
