MOTION FOR ALLOWANCE AND PAYMENT OF SECURED CLAIM

Toccata Automotive Group, Inc., a creditor herein (“Toccata”), by and through undersigned counsel, respectfully files this *Motion for Allowance and Payment of Secured Claim* (“Motion”). In support of this Motion, Toccata states as follows:

Background

1. On June 17, 2024 (the “Petition Date”), Fisker Group Inc., one of the debtors herein (“Debtor”) filed a Chapter 11 Petition.
2. Toccata owns and operates a car dealership located in Carmel, Indiana (the “Dealership”). Prior to the Petition Date, and continuing after the Petition Date, Toccata was an authorized Fisker dealer and, as such, possessed and sold vehicles distributed by the Debtor.
3. As an authorized Fisker dealer, Toccata was required to maintain/repair the Fisker vehicles in its possession, pending the sale of such vehicles to customers, and the Debtor was obligated to pay Toccata for such services.
4. On July 17, 2024, the Court entered an Order authorizing the Debtor to sell the “Sale Vehicles” (as defined in the Order) pursuant to 11 U.S.C. § 363(f) (Doc. 243; the “Sale Order”). The Sale Vehicles, as defined in the Sale Order, include 31 Fisker vehicles in Toccata’s possession at the Dealership (the “Toccata/Fisker Vehicles”).

5. Toccata is owed \$45,552.00 for maintenance and repair services performed on the Toccata/Fisker Vehicles. On September 3, 2024, Toccata filed proof of claim no. 2138 in the Debtor's estate, asserting a secured claim for such amount (the "Toccata Claim"). A copy of the Toccata Claim is attached hereto as Exhibit A. Additionally, after it filed the Toccata Claim, the Debtor directed Toccata to deliver the 31 vehicles in its possession to the buyer under the Order. Toccata then incurred time and significant expense preparing those vehicles for delivery and is now owed for work it provided preparing the Toccata/Fisker Vehicles for delivery to the buyer. The amount of that claim is \$13,939.50. Supporting documentation for that work is attached hereto as Exhibit B.

6. The Debtor sold the 31 Toccata/Fisker Vehicles to American Lease LLC for approximately \$500,000. Pursuant to the Sale Order and 11 U.S.C. §363, Toccata's possessory lien on the Toccata/Fisker Vehicles is now attached and perfected in the sale proceeds. Toccata now requests that its secured claim be allowed and paid in full from the sale proceeds.

Relief Requested

7. By this Motion, Toccata respectfully requests entry of an Order allowing its secured claim, and directing the Debtors to pay the Toccata Claim from the proceeds of the Sale of the Toccata/Fisker Vehicles.

Basis for Relief

8. Toccata's superior claim to be paid from the sale proceeds, ahead of secured lenders or any other creditors, is based on its possessory lien rights under applicable Indiana law. Because the vehicles at issue were located in Indiana at the Dealership, Indiana law governs the perfection, the effect of perfection and the priority of Toccata's possessory lien on the vehicles. Indiana Code

§ 26-1-9.1-301(2). Thus, Toccata's lien rights, and the priority of its lien, are governed by Indiana law.

9. Toccata held a first priority possessory lien on the Toccata/Fisker Vehicles located at the Dealership (and now in the sale proceeds thereof) under both Indiana common law and statutory law. As recently as 2015, the Indiana Supreme Court recognized that Indiana's "common law liens have not been abolished," and that, "[i]n order to create a common law lien, two elements are necessary: debt and possession." *Ball State University vs. Irons*, 27 N.E.3d 717, 721 (Ind. 2015) (holding that the university held a valid common law lien on a student's transcript to secure past due tuition).

10. Prior to and following the Petition Date, Toccata satisfied the two necessary elements to create a common law lien on the vehicles in question: it was owed a debt for maintenance/repair services provided to the Debtor, and it retained exclusive possession of the vehicles.

11. In addition to its common law possessory lien, Toccata held a statutory possessory lien on the Toccata/Fisker Vehicles located at the Dealership pursuant to Indiana Code § 9-22-6-2, which provides in relevant part as follows:

(a) A person that performs labor, furnishes materials or storage, or does repair work on a vehicle at the request of the owner of the vehicle has a mechanic's lien on the vehicle for the reasonable value of the charges for the labor, materials, storage, or repairs.

...

(c) A person that has a mechanic's lien on a vehicle under subsection (a) or (b) may advertise the vehicle for sale if the person followed the procedures described in IC 9-22-1-19 and if:

- (1) the charges made under subsection (a) or (b) are not paid; and
- (2) the vehicle is not claimed;

within thirty (30) days after the date on which the vehicle is left in or comes into the possession of the person for repairs, storage, towing, or the furnishing of materials. The vehicle may not be sold until the later of fifteen (15) days after the date the advertisement required by subsection (d) has been placed or fifteen (15) days after notice required by subsection (e) has been sent.

Ind. Code § 9-22-6-2.

12. The possessory lien statute ensures that a garage providing vehicle repairs, such as Toccata, is reimbursed for the reasonable amount of the repairs performed for the owner. *Sperro LLC v. Ford Motor Credit Co., LLC*, 64 N.E.3d 235, 245 (Ind. Ct. App. 2016). The lien is perfected by possession. *Id.* See also 3A Ind. Law Encyc., *Automobiles and Motor Vehicles* §312 (mechanic’s lien on vehicle is perfected by repairman retaining possession of vehicle).

13. The sum of \$55,227.50 owed by the Debtor to Toccata relates to the maintenance/repair services provided by Toccata with respect to 31 vehicles in its possession. See Affidavit of Phil Harrison, attached hereto as Exhibit C. Accordingly, in addition to satisfying the prerequisites for a common law possessory lien on the Toccata/Fisker Vehicles, Toccata also has a valid statutory lien on such Toccata/Fisker Vehicles, and the proceeds thereof.

14. The possessory lien held by Toccata has priority over any competing security interest, including any security interest held by secured lenders. “A possessory lien on goods has priority over a security interest in the goods unless the lien is created by a statute that expressly provides otherwise.” Indiana Code § 26-1-9.1-333(a). As the comments to Indiana Code § 26-1-9.1-333(a) made clear, “possessory liens”, whether arising by virtue of common law or by statute, have priority over a competing security interest. *Id.*, com. 2.

15. The purpose of Section 9-333 of the Uniform Commercial Code “is to provide that liens securing claims arising from work intended to enhance or preserve the value of the collateral take priority over an earlier security interest, even though it is perfected, ... [because] the artisan

has ... increas[ed] the value of the collateral and of the security interest.” Frederick H. Miller & Carl S. Bjerre, 9 Hawklund UCC Series § 9-333:2 (Thomson Reuters 2023).

16. The bankruptcy estate, including secured lenders, directly benefited from the services provided by Toccata and similar dealerships.

17. By virtue of its first priority possessory lien on the Toccata/Fisker Vehicles at issue, Toccata is entitled to be paid the full amount of its secured claim of \$55,227.50 from the sale proceeds of the Toccata/Fisker Vehicles.

Conclusion

For all of the foregoing reasons, the Court should enter an order in the form attached hereto finding that Toccata Automotive Group, Inc. has a first priority secured claim in the amount of \$55,227.50 and directing that the Debtor pay such claim forthwith from the sale proceeds realized from the sale of the Toccata/Fisker Vehicles formerly located at the Dealership.

(e) In addition to the advertisement required under subsection (d), the person that holds the mechanic's lien under this section or under IC 9-22-1-21.5(c) must notify the owner of the vehicle and any other person that holds a lien of record, as indicated on the certificate of title of the vehicle or discovered as a result of the search described in IC 9-22-1-19, by certified mail, return receipt requested, at the last known address of the owner or person, as applicable, that the vehicle will be sold at public auction on a specified date to satisfy the mechanic's lien imposed by this section. If the person who holds the mechanic's lien has proof that the notice was mailed to the owner of the vehicle and any person who holds a lien of record in accordance with this subsection, actual receipt of the notice is not required.

(f) A person that holds a mechanic's lien of record on a vehicle subject to sale under this section or under IC 9-22-1-21.5 may pay the storage, repair, towing, or service charges due. If the person that holds the mechanic's lien of record elects to pay the charges due, the person is entitled to possession of the vehicle and becomes the holder of the mechanic's lien imposed by this section.

(g) If the person that owns a vehicle or the lienholder of a vehicle subject to sale under this section or under IC 9-22-1-21.5 does not claim the vehicle and satisfy the mechanic's lien on the vehicle, the vehicle may be sold at public sale or public auction to the highest and best bidder. A person that holds a mechanic's lien under this section may purchase a vehicle subject to sale under this section.

(h) A person that holds a mechanic's lien under this section or under IC 9-22-1-21.5 may deduct and retain the amount of the mechanic's lien, the sale disposal costs, and the cost of the advertisement required under subsection (d) from the purchase price received for a vehicle sold under this section. After deducting from the purchase price the amount of the mechanic's lien, the sale disposal costs, and the cost of the advertisement, the person shall pay the surplus of the purchase price to the person that holds the first lien of record, as indicated on the certificate of title, of the vehicle. If there is no lien of record, the person shall pay the surplus of the purchase price to the owner of the vehicle, if the owner's address or whereabouts are known. If the address or whereabouts are not known and there is no lien of record, the surplus of the purchase price shall be sent to:

(1) the abandoned vehicle fund of the city, county, or town from which the vehicle was towed, for vehicles subject to IC 9-22-1; or

(2) the clerk of courts, for all other vehicles, in the jurisdiction in which the business of the person that holds the mechanic's lien is located, for the use and benefit of the owner of the vehicle.

9-22-6-2 Sale, IN ST 9-22-6-2

(i) The person that holds the first lien of record may deduct and retain the amount of the lien of record from the surplus purchase price transferred to the person under subsection (h). After deducting the amount of the lien of record from the surplus purchase price transferred to the person under subsection (h), the person that holds the first lien of record shall pay any remaining surplus to the owner of the vehicle, if the owner's address or whereabouts are known. If the address or whereabouts of the owner of the vehicle are not known, the surplus of the purchase price shall be sent to:

(1) the abandoned vehicle fund of the city, county, or town from which the vehicle was towed, for vehicles subject to IC 9-22-1; or

(2) the clerk of the courts for all other vehicles, in the jurisdiction in which the business of the person that holds the mechanic's lien is located, for the use and benefit of the owner of the vehicle.

(j) A person that holds a mechanic's lien under this section shall execute and deliver to the purchaser of a vehicle under this section or under IC 9-22-1-21.5 a sales certificate in the form designated by the bureau, setting forth the following information:

(1) The facts of the sale.

(2) The vehicle identification number.

(3) The certificate of title if available.

(4) A certification from the newspaper showing that the advertisement was made as required under subsection (d).

(5) Any other information that the bureau requires.

Whenever the bureau receives from the purchaser an application for certificate of title accompanied by these items, the bureau shall issue a certificate of title for the vehicle under IC 9-17.

(k) A person that violates this section commits a Class A infraction.

**SWORN DECLARATION OF PHIL HARRISON IN SUPPORT OF
MOTION FOR ALLOWANCE AND PAYMENT OF SECURED CLAIM**

I, Phil Harrison, being duly sworn, do swear under oath and subject to the penalty of perjury that the following is true and correct to the best of my knowledge:

1. I am over the age of 18 years old.
2. I have personal knowledge of the facts set forth herein.
3. I am owner of Toccata Automotive Group, Inc., hereinafter referred to as Toccata.
4. I have reviewed the Motion for Allowance and Payment of Secured Claim and the exhibits thereto and the facts set forth therein are true and correct.
5. Toccata owns and operates a car dealership located in Carmel, Indiana (the "Dealership"). Prior to June 17, 2024 (the "Petition Date"), and continuing after the Petition Date, Toccata was an authorized Fisker dealer and, as such, possessed and sold vehicles distributed by the Debtors.

6. As an authorized Fisker dealer, Toccata was required to maintain/repair the Fisker vehicles in its possession, pending the sale of such vehicles to customers, and the Debtor was obligated to pay Toccata for such services.
7. Toccata is owed \$45,552.00 for maintenance and repair services performed on the Toccata/Fisker Vehicles. On September 3, 2024, Toccata filed proof of claim no. 2138 in the Debtor's estate, asserting a secured claim for such amount (the "Toccata Claim").
8. After Toccata filed the Toccata Claim, the Debtor directed Toccata to deliver the 31 vehicles in its possession to the buyer under the Order. Toccata then incurred time and significant expense preparing those vehicles for delivery and is now owed for work it provided preparing the Toccata/Fisker Vehicles for delivery to the buyer. The amount of that claim is \$13,939.50.
