CHARLOTTE DIVISION

In re

ALDRICH PUMP LLC, *et al.*,¹

Debtors.

Chapter 11

Case No. 20-30608 (JCW)

(Jointly Administered)

**GLOBAL NOTES AND STATEMENT OF LIMITATIONS, METHODOLOGIES,
AND SPECIFIC DISCLOSURES REGARDING THE DEBTORS' SCHEDULES
OF ASSETS AND LIABILITIES AND STATEMENTS OF FINANCIAL AFFAIRS**

The Schedules of Assets and Liabilities (collectively, the "Schedules") and the Statements of Financial Affairs (collectively, the "Statements"), filed by Aldrich Pump LLC ("Aldrich") and Murray Boiler LLC ("Murray," and together with Aldrich, the "Debtors"), the debtors in the above-captioned chapter 11 cases, in the United States Bankruptcy Court for the Western District of North Carolina, Charlotte Division (the "Bankruptcy Court"): (a) were prepared pursuant to section 521 of title 11 of the United States Code (the "Bankruptcy Code") and Rule 1007 of the Federal Rules of Bankruptcy Procedure by the Debtors' management, and, subject to management's direction, with the assistance of the Debtors' professionals and personnel of the Debtors' non-debtor affiliate, Trane Technologies Company LLC ("New Trane Technologies"), pursuant to two services agreements, each between a Debtor, on the one hand, and New Trane Technologies, on the other; and (b) are unaudited.

These *Global Notes and Statement of Limitations, Methodologies, and Specific Disclosures Regarding the Debtors' Schedules of Assets and Liabilities and Statements of Financial Affairs* (the "Global Notes") were prepared in conjunction with, are incorporated by reference in, and constitute an integral part of, the Debtors' Schedules and Statements. Any party reviewing the Schedules and the Statements should refer to, consider, and consult the Global Notes in connection with such review. Further, the Debtors reserve the right to amend or supplement these Global Notes as they determine is necessary or appropriate.

The Schedules and the Statements reflect the Debtors' reasonable best efforts to disclose each Debtor's assets, liabilities, and other required information on an unconsolidated basis, except as otherwise noted. The Schedules and the Statements do not purport to represent

¹ The Debtors are the following entities (the last four digits of their respective taxpayer identification numbers follow in parentheses): Aldrich Pump LLC (2290) and Murray Boiler LLC (0679). The Debtors' address is 800-E Beaty Street, Davidson, North Carolina 28036.

financial statements prepared in accordance with Generally Accepted Accounting Principles ("GAAP"), nor are they intended to fully reconcile to any financial statements otherwise prepared and/or distributed for each Debtor. Additionally, the Schedules and the Statements contain unaudited information that is subject to further review and potential adjustment.

In preparing the Schedules and the Statements, the Debtors relied upon information derived from their books and records that was available at the time of such preparation. Although those members of the Debtors' management responsible for the preparation of the Schedules and the Statements have made a reasonable effort to ensure that these materials are accurate and complete based on information known to them at the time of preparation and after reasonable inquiries, inadvertent errors or omissions may exist and/or the subsequent receipt of information may result in material changes in financial and other data contained in the Schedules and the Statements that may warrant amendment thereof in the future. Moreover, because the Schedules and the Statements contain unaudited information that is subject to further review and potential adjustment, there is no assurance that the Schedules and the Statements are complete or accurate in all respects. Accordingly, the Debtors reserve all of their rights to amend, supplement, or otherwise modify the Schedules and the Statements from time to time as the Debtors deem necessary and appropriate. Notwithstanding the foregoing, the Debtors make no affirmative representation that they will revise, amend, or otherwise update the Schedules or the Statements.

The Debtors and their agents, attorneys, professionals, and affiliates do not guarantee or warrant the accuracy or completeness of the data that is provided herein and shall not be liable for any loss or injury arising out of or caused in whole or in part by the acts, errors, or omissions, whether negligent or otherwise, in procuring, compiling, collecting, interpreting, reporting, communicating, or delivering the information contained herein. The Debtors and their agents, attorneys, professionals, and affiliates expressly do not undertake any obligation to update, modify, revise, or recategorize the information provided herein, or to notify any third party should the information be updated, modified, revised, or recategorized. In no event shall the Debtors or their agents, attorneys, professionals, or affiliates be liable to any third party for any direct, indirect, incidental, consequential, or special damages (including, but not limited to, damages arising from the disallowance of a potential claim against the Debtors or damages to business reputation, lost business, or lost profits), whether foreseeable or not and however caused, even if the Debtors or their agents, attorneys, professionals, or affiliates are advised of the possibility of such damages.

Amy Roeder, Chief Financial Officer and Treasurer of the Debtors, has signed the Schedules and the Statements. Ms. Roeder is an authorized signatory for each of the Debtors. In reviewing and signing the Schedules and the Statements, Ms. Roeder has relied upon the efforts, statements, and representations of various personnel of the Debtors and their advisors and personnel of their affiliates providing services to the Debtors. Ms. Roeder has not (and could not have) personally verified the accuracy of each statement and representation contained in the Schedules and the Statements, including statements and representations concerning amounts owed to creditors, classification of such amounts, and creditor addresses.

Global Notes and Overview of Methodology

1. **Global Notes Control.** In the event that information provided in the Schedules and the Statements differs from the Global Notes, the Global Notes shall control.

2. **Reservation of Rights.** The Debtors reserve all rights to amend, supplement, or otherwise modify the Schedules and the Statements from time to time, in all respects, at any time as may be necessary or appropriate as determined by the Debtors, including, without limitation, the rights to (a) amend the Schedules and the Statements with respect to claim descriptions or designations; (b) dispute or assert a right of setoff or other defenses to any claim reflected in the Schedules or the Statements as to amount, liability, priority, status, or classification; (c) subsequently designate any claim as "disputed," "contingent," or "unliquidated;" and/or (d) object to the extent, validity, enforceability, priority, or avoidability of any claim. Any failure to designate a claim in the Schedules or the Statements as "contingent," "unliquidated," or "disputed" does not constitute an admission by the Debtors that such claim is not "contingent," "unliquidated," or "disputed." Notwithstanding the foregoing, the Debtors shall not be required to update the Schedules and the Statements except as may be required by applicable law or an order of the Bankruptcy Court.

Listing a claim does not constitute an admission of liability by the Debtors. Further, nothing contained in the Schedules or the Statements shall constitute a waiver of rights with respect to the Debtors' chapter 11 cases, including, without limitation, any right involving claims (including allowance, disallowance, liquidation, or estimation thereof), defenses, equitable subordination, setoff, causes of action arising under the provisions of chapter 5 of the Bankruptcy Code, and any other relevant non-bankruptcy laws to recover assets or avoid transfers or the treatment of agreements as executory, nonexecutory, valid, or invalid contracts.

Any specific reservation of rights contained in the Global Notes does not limit in any respect the general reservation of rights contained in this section.

3. **Description of the Bankruptcy Cases and the "As Of" Information Date.** On June 18, 2020 (the "Petition Date"), the Debtors filed voluntary petitions for relief under chapter 11 of the Bankruptcy Code. The Debtors' bankruptcy cases are being jointly administered under case number 20-30608 (JCW). The Debtors currently are operating their businesses and are in possession of their property as debtors in possession under sections 1107 and 1108 of the Bankruptcy Code.

Except as otherwise noted, all asset and liability information is as of the Petition Date. Further, the Schedules and the Statements reflect, as appropriate, information from the date of formation of the Debtors on May 1, 2020 (the "Formation Date") through the Petition Date. For the avoidance of doubt, except as otherwise indicated, the Schedules and the Statements do not reflect information from prior to the Formation Date, such as information relating to the former Trane Technologies Company LLC, successor by merger to Ingersoll-Rand Company (a former New Jersey corporation) ("Old IRNJ") or the former Trane U.S. Inc. ("Old Trane"), each of which ceased to exist when the Debtors were formed on the Formation Date. Additional information about the transactions on the Formation Date by which Old IRNJ and Old Trane ceased to exist and the Debtors, New Trane Technologies, and a new Delaware

corporation named Trane U.S. Inc., ("New Trane") were formed can be found in the *Declaration of Ray Pittard in Support of First Day Pleadings* [Dkt. 27] (the "Pittard Declaration") filed on the Petition Date.

4. Amendments and Recharacterization. Notwithstanding the Debtors' commercially reasonable efforts to properly characterize, classify, categorize, designate, or include certain claims, assets, executory contracts, unexpired leases, and other items reported in the Schedules and the Statements, the Debtors nevertheless may have improperly characterized, classified, categorized, designated, included, or omitted certain items. Accordingly, the Debtors reserve all of their rights to recharacterize, reclassify, recategorize, redesignate, add, or delete items reported in the Schedules and the Statements at a later time as is necessary or appropriate in their discretion as additional information becomes available, including, without limitation, whether contracts listed herein were deemed executory or unexpired as of the Petition Date and remain executory and unexpired postpetition. Disclosure of information in one or more Schedules, in one or more Statements, or in one or more exhibits or attachments to the Schedules or the Statements, even if incorrectly placed, shall be deemed to be disclosed in the correct portion of the Schedules, the Statements, or any exhibit or attachment thereto.

5. Estimates and Assumptions. The preparation of the Schedules and the Statements requires the Debtors to make certain estimates and assumptions that affect the reported values of assets and liabilities, the disclosures of contingent assets and liabilities, and other matters. Actual results could differ (perhaps materially) from those estimates included in, or underlying the information in, the Schedules and the Statements. In addition, and without limiting any other qualification or limitation herein, certain estimates of value used herein that were provided by third parties are not to be relied upon by other parties for any purpose.

6. Unknown Amounts. The value of certain of the scheduled assets and liabilities is unknown and unliquidated at this time. In such cases, the amounts are listed as "Undetermined," "Unknown," or "Unliquidated." Amounts that are Undetermined, Unknown, or Unliquidated may be material. For purposes of calculating totals for the value of categories of assets and liabilities, amounts listed as Undetermined, Unknown, or Unliquidated are treated as \$0.00 even though the value of such amounts, once liquidated, could be material. Accordingly, the Schedules and the Statements may not accurately reflect the aggregate amount of the Debtors' assets and liabilities.

7. Excluded Assets and Liabilities. The Debtors have excluded certain assets and liabilities that appear in their books and records from the Schedules and the Statements, including, without limitation, any potential future rights of the Debtors under Divisional Merger Support Agreements with New Trane Technologies and New Trane, certain amounts expected to be received from insurers related to payment of future asbestos claims, and certain liability accruals related to asbestos matters. The Debtors also have not attempted to anticipate rejection damage claims of counterparties to executory contracts that may arise out of future contract rejections, and such potential claims are not reflected in the Schedules and the Statements. In addition, certain immaterial assets and liabilities may have been excluded.

Aldrich and its non-debtor direct subsidiary, 200 Park, Inc. ("200 Park"), are parties to that certain Cash Pooling Agreement, dated as of May 1, 2020 (the "Aldrich Cash")

Pooling Agreement"). Murray and its non-debtor direct subsidiary, ClimateLabs LLC ("ClimateLabs"), are parties to that certain Cash Pooling Agreement, dated as of May 1, 2020 (the "Murray Cash Pooling Agreement" and together with the Aldrich Cash Pooling Agreement, the "Cash Pooling Agreements"). As applicable, each of the Cash Pooling Agreements provides for the pooling of funds belonging to either (a) Aldrich and 200 Park or (b) Murray and ClimateLabs through the transfer of certain of 200 Park's or ClimateLabs' cash into Aldrich's or Murray's respective bank accounts, and the transfer of such cash back to 200 Park or ClimateLabs in the ordinary course of business. The Bankruptcy Court has approved such cash management practices by an order entered on June 25, 2020 [Dkt. 113] (the "Cash Management Order"). Consistent with the Cash Pooling Agreements and the Cash Management Order, cash of 200 Park or ClimateLabs held in Aldrich's or Murray's respective bank accounts is not property of either Debtor's bankruptcy estate. As a result, the Debtors have not listed as an asset non-estate funds held on behalf of 200 Park or ClimateLabs in accordance with the Cash Pooling Agreements and the Cash Management Order. The Debtors similarly have not listed as a liability their respective offsetting obligations to transfer such funds back to 200 Park or ClimateLabs pursuant to the Cash Pooling Agreements.

Each Debtor has (a) a contractual obligation to indemnify its non-debtor affiliates in the event that any non-debtor affiliate is held liable for any of the Debtor's asbestos-related liabilities;² (b) contractual indemnification obligations with, or other obligations to, certain former transaction counterparties for any losses on account of the Debtor's asbestos-related liabilities; and (c) confidential "coverage-in-place" or buyout agreements with various insurers that obligate the Debtor to indemnify such insurers and various related parties under a variety of circumstances as set forth in such agreements. *See also* Schedule A/B, Part 11/Question 73 below, regarding the Debtors' interests in insurance assets. On June 25, 2020 and July 14, 2020, the Bankruptcy Court entered the *Temporary Restraining Order* [Adversary Proceeding No. 20-03041, Adv. Dkt. 26] (the "TRO") and the *Order Extending Temporary Restraining Order* [Adversary Proceeding No. 20-03041, Adv. Dkt. 51], respectively, which orders temporarily enjoined through and including July 23, 2020 the assertion against the Debtors' non-debtor affiliates and other entities identified therein by reference (collectively, the "Protected Parties") of any claims relating to the Debtors' asbestos-related liabilities, to the extent that the automatic stay imposed by section 362 of the Bankruptcy Code does not already apply to such actions. The Debtors are seeking a preliminary injunction to continue to enjoin the assertion of such claims against the Protected Parties, or to find that the automatic stay already applies to such actions. On July 23, 2020, the Court entered an order [Adv. Dkt. 58] (the "Agreed Injunction Order"), in a form agreed upon by the Debtors and the Official Committee of Asbestos Personal Injury Claimants (the "Committee"), granting a preliminary injunction on the substantially same terms as the TRO, pending a hearing on the Debtors' preliminary injunction request (the "Preliminary Injunction Hearing") and the entry of an order on the requested relief. The Preliminary Injunction Hearing will be held on a date to be determined by the Debtors and the Committee, subject to the availability of the Bankruptcy Court, pursuant to an agreed case management order. The preliminary injunction under the Agreed Injunction Order currently runs

² New Trane Technologies and New Trane have reciprocal indemnification obligations to indemnify Aldrich or Murray, as applicable, for all losses incurred in connection with either New Trane Technologies' or New Trane's assets and liabilities. These indemnification obligations have not been listed in the Schedules and the Statements.

through and including the date that the Bankruptcy Court enters an order on the Debtors' preliminary injunction request after the conclusion of the Preliminary Injunction Hearing. Under the circumstances, the indemnification obligations relating to asbestos-related claims asserted against the Protected Parties have not been listed in the Schedules and the Statements. Although the Debtors are not aware of any pending indemnification claims against them by the Protected Parties, the Debtors have listed potential indemnity claims for the Protected Parties in the amount of \$0.00 in Schedule E/F. Additional detail regarding excluded liabilities is included in the notes to Schedule A/B and Schedule E/F.

8. Liabilities. The Debtors have sought to allocate liabilities between the prepetition and postpetition periods based on the information available and the research conducted in conjunction with the preparation of the Schedules and the Statements. As additional information becomes available and further research is conducted, the allocation of certain liabilities between prepetition and postpetition periods may change. Further, the liabilities listed on the Schedules do not reflect any claims under section 503(b)(9) of the Bankruptcy Code (if applicable). The Debtors reserve all of their rights to dispute or challenge the validity, amount, or priority of any claims (including any claims under section 503(b)(9) of the Bankruptcy Code, if any are asserted) or the characterization of the structure of any transaction or any document or instrument related to any creditor's claim.

9. Intellectual Property Rights. Any exclusion of intellectual property rights from the Schedules or the Statements shall not be construed as an admission that such intellectual property rights have been abandoned, terminated, assigned, expired by their terms, or otherwise transferred pursuant to a sale, acquisition, or other transaction.

10. Asset Values. It would be prohibitively expensive, unduly burdensome, and time-consuming to obtain current market valuations of the Debtors' assets and interests. Accordingly, to the extent any asset value is listed herein, and unless otherwise noted therein, the Schedules and the Statements reflect approximate net book values, rather than current market values. Except as otherwise noted, all asset values and claim values provided herein reflect the Debtors' data as of close of business on May 31, 2020.

11. Currency. All amounts are reflected in U.S. dollars.

12. Causes of Action. The Debtors reserve all of their rights with respect to any cause of action (including avoidance actions), controversy, right of setoff, cross claim, counterclaim, or recoupment and any claim, demand, right, action, lien, indemnity, guaranty, suit, obligation, liability, damage, judgment, account, defense, power, privilege, license, and franchise of any kind or character whatsoever, known, unknown, fixed or contingent, matured or unmatured, suspected or unsuspected, liquidated or unliquidated, disputed or undisputed, secured or unsecured, assertable directly or derivatively, whether arising before, on, or after the Petition Date, in contract or in tort, in law or in equity, or pursuant to any other theory of law (collectively, the "Causes of Action") the Debtors may have, and neither these Global Notes nor the Schedules nor the Statements shall be deemed a waiver of any claims or Causes of Action or in any way to prejudice or impair the assertion of such claims or Causes of Action.

13. Insiders. Where the Schedules and the Statements require information regarding insiders and/or officers and directors, included therein are (a) each of the Debtors' (i) managers (or persons in similar positions) and (ii) seconded employees or other individuals that are, or were during the relevant period, officers (or persons in control) of the Debtors; and (b) certain affiliates of the Debtors. The listing of a party as an insider is not intended to be, nor should it be construed as, a legal characterization of such party as an insider and does not act as an admission of any fact, claim, right, or defense, and all such facts, claims, rights, and defenses are hereby expressly reserved. Persons and entities listed as "insiders" (including any affiliates of the Debtors) have been included for informational purposes only, and such individuals and entities should not be deemed to be "insiders" for other purposes.

14. Summary of Significant Reporting Policies and Practices. The following conventions were utilized by the Debtors in preparation of the Schedules and the Statements:

- (a) Undetermined Amounts. The description of an amount as "unknown," "unliquidated," or "undetermined" is not intended to reflect upon the materiality of such amount.
- (b) Totals. All totals that are included in the Schedules and the Statements represent totals of all known amounts only. To the extent there are unknown or undetermined amounts (which have been treated as \$0.00 for the purpose of calculating totals in the Schedules and Statements), the actual total may be different from the listed total, and such difference could be material.
- (c) Book Value of Liabilities. Unless otherwise noted therein, the Schedules and the Statements reflect the carrying value of the liabilities as listed in the Debtors' books and records.
- (d) Disputed, Contingent, and/or Unliquidated Claims. Failure to designate a claim on any of the Schedules or the Statements as disputed, contingent, and/or unliquidated does not constitute an admission that such claim is not subject to objection. The Debtors reserve the right to dispute, or assert offsets or defenses to, any claim reflected on the Schedules or the Statements on any and all available grounds, including the right to dispute the amount, liability, priority, validity, classification, or status of any claim.

Specific Disclosures with Respect to the Debtors' Schedules

Schedules Summary. Given, among other things, the uncertainty surrounding the collectability and valuation of certain assets and the valuation and nature of certain liabilities, the Schedules should not be relied upon nor do they constitute an admission regarding the financial status of the Debtors. *See also* Notes 6 and 14, above, regarding the treatment of unknown or undetermined amounts.

Schedule A/B, Part 1/Question 3. *Checking, savings, money market, or financial brokerage accounts.* As further described above, the values of the Debtors' bank accounts do not reflect non-estate funds held on behalf of non-debtor affiliates 200 Park or ClimateLabs (as applicable) pursuant to the Cash Pooling Agreements and the Cash Management Order.

Following the Petition Date and, in accordance with the Cash Management Order as agreed to with the Bankruptcy Administrator, the Debtors invested (a) \$22,485,345.00 of Aldrich's cash in its bank account at JP Morgan Chase Bank ("JP Morgan Chase" or the "Bank") ending in 9263 and (b) \$5,250,000.00 of Murray's cash in its bank account at JP Morgan Chase ending in 9248 through JP Morgan Chase in the JPMorgan 100% U.S. Treasury Securities Money Market Fund. *See* Cash Management Order at ¶ 5. Because such investments occurred after the Petition Date, Schedule A/B, Part 1/Question 3 does not reflect those investments.

Schedule A/B, Part 2/Question 8. *Prepayments, including prepayments on executory contracts, leases, insurance, taxes, and rent.* Prior to the Petition Date, the Debtors paid retainers ("Retainers") and estimated fee and expense payments ("Estimated Payments") to certain professional firms. Where a professional firm provided services to both Debtors, the Debtors initially allocated Retainer and Estimated Payment amounts on their respective books and records 50% of the total amount to Aldrich and 50% of the total amount to Murray. Subsequently, the Debtors adjusted this allocation to 65% of the total amount to Aldrich and 35% of the total amount to Murray.³ Such allocation is consistent with the Debtors' ordinary course practice of allocating shared expenses between the Debtors, proportionally, based on each Debtor's estimated use of such services, as determined by the Debtors' management. Certain of the professional firms applied outstanding actual and estimated fees as of June 17, 2020 to their respective Retainers prior to the filing of the Debtors' chapter 11 cases, or accepted Estimated Payments on account of actual and estimated fees and expenses through June 17, 2020, subject in each case to future reconciliation. Note, however, that in most cases the professionals were continuing to reconcile their Retainer draws and Estimated Payments against actual incurred fees and expenses as of the Petition Date, and that reconciliation work in many cases is ongoing. As such, the amounts listed in response to Schedule A/B, Part 2/Question 8 and in the Debtors' books and records (a) reflect only the total amounts of Estimated Payments and payments on account of the Retainers and (b) do not reflect the total amount of remaining Retainers or excess Estimated Payments as of the Petition Date after application and reconciliation, and these listed amounts are subject to change upon the professionals' completion of their reconciliation efforts.

Schedule A/B, Part 4/Question 15. *Non-publicly traded stock and interests in incorporated and unincorporated businesses, including a limited liability company, partnership, or joint venture.* Aldrich owns 100% of the membership interests in its direct subsidiary, 200 Park. Murray owns 100% of the membership interests in its direct subsidiary, ClimateLabs. Schedule A/B, Part 4/Question 15 lists the estimated value of 200 Park or ClimateLabs, as applicable, as of the Petition Date, as determined by the Debtors' management.

³ The Debtors do not apply this methodology with respect to services provided by K&L Gates. For these services, K&L Gates bills either Aldrich or Murray directly.

The valuation of 200 Park was based on projections that 200 Park will generate approximately \$2.5 million in EBITDA in 2020 and approximately \$2.9 million in EBITDA per year over the next five years thereafter. Based on these future projections, the Debtors estimated the fair market value of Aldrich's interest in 200 Park to be approximately \$30-32 million, including cash on hand, as of the Petition Date.

The valuation of ClimateLabs was based on projections that ClimateLabs will generate approximately \$ 2.1 million⁴ in EBITDA in 2020 and approximately \$2.3 million in EBITDA per year over the next five years thereafter. Based on these future projections, the Debtors estimated the fair market value of Murray's interest in ClimateLabs to be approximately \$20-25 million, including cash on hand, as of the Petition Date.

There is no assurance that the future EBITDA projections that underlie these estimates of value will be achieved, and any differences in future EBITDA could be material. As such, the estimated fair market values of 200 Park and ClimateLabs may materially differ from their actual fair market values.

Schedule A/B, Part 10/Question 61. *Internet domain names and websites.* The Debtors do not have any interests in internet domain names or websites.

Schedule A/B, Part 10/Question 67. *Personally identifying information of customers.* The Debtors do not operate any business that provides goods or services to customers and therefore do not collect or retain personally identifying information of customers, as defined in 11 U.S.C. § 101(41A).

Schedule A/B, Part 11/Question 71. *Notes receivable.* Aldrich and New Trane Technologies are parties to that certain Second Amended and Restated Funding Agreement, dated as of June 15, 2020 (as amended from time to time, the "Aldrich Funding Agreement"). Murray and New Trane are parties to that certain Second Amended and Restated Funding Agreement, dated as of June 15, 2020 (as amended from time to time, the "Murray Funding Agreement," and, together with the Aldrich Funding Agreement, the "Funding Agreements"). Although the Debtors have access to funding under the Funding Agreements (as applicable) neither of the Funding Agreements is a note payable or a note receivable. A description of the Funding Agreements is contained in the Pittard Declaration, and copies of the Funding Agreements are attached thereto as Annex 2. The applicable Funding Agreement is listed as "other property of any kind not already listed" in Schedule A/B, Part 11/Question 77.

Schedule A/B, Part 11/Question 72. *Tax refunds and unused net operating losses (NOLs).* The Debtors are treated as disregarded entities for federal income tax purposes. As such, the Debtors do not owe or pay federal income taxes and their federal income tax filings are part of a consolidated tax return filed by their ultimate parent company in the United States, Trane Technologies HoldCo Inc. For the same reason, any federal tax refunds or net operating

⁴ The Pittard Declaration and certain other pleadings filed by the Debtors on the Petition Date included representations that ClimateLabs was projected to generate approximately \$1.4 million in EBITDA per year. Upon further review of the Debtors' books and records, the Debtors have projected that ClimateLabs will generate annual EBITDA of \$2.1 million.

losses are not assets of the Debtors and are not listed in the answer to Schedule A/B, Part 11/Question 72. No other refunds for the 2020 tax year or otherwise have been identified, nor are any anticipated. As such, the Debtors have included no amounts with respect to refunds or net operating losses in the Schedules.

Schedule A/B, Part 11/Question 73. *Interests in insurance policies or annuities.* The Debtors are additional insureds under the insurance policies of the Debtors' non-debtor affiliate New Trane Technologies (collectively, the "Trane Insurance Policies"). Insurance coverage includes coverage for, among other things, directors and officers liability, product liability, and general liability. Information about this insurance coverage has been provided to the Bankruptcy Administrator consistent with the *Agreed Chapter 11 Operating Order* [Dkt. 162], and the Trane Insurance Policies are not separately listed on the Schedules.

In addition, Aldrich has various confidential insurance coverage-in-place agreements and related insurance rights, which place under agreement approximately \$750 million in unexhausted coverage for asbestos claims against Old IRNJ for which Aldrich is responsible. Murray also has various confidential insurance coverage-in-place agreements and related rights, which place under agreement approximately \$1.0 billion in unexhausted coverage for asbestos claims against Old Trane for which Murray is responsible, as well as additional unsettled excess layer insurance policies for asbestos claims against Old Trane with approximately \$790 million in unexhausted limits. The Debtors' insurance generally does not provide "dollar for dollar" coverage. As a result, the applicable insurer is obligated to reimburse either Aldrich or Murray only for a portion of the amount of any claim paid.

The Debtors have made a diligent attempt to ensure that all policies or other insurance assets in which they have an interest, or claims related to such policies or other insurance assets, are listed in the Schedules. Any failure to list an insurance policy or other insurance asset is not an admission by the Debtors with respect to coverage pursuant to such policy or other insurance asset. The Debtors reserve their rights to amend these Schedules to add any such omitted insurance policies or other insurance assets that may be identified in the future.

Schedule A/B, Part 11/Question 74. *Causes of action against third parties (whether or not a law suit has been filed).* In certain jurisdictions, cross claims between parties to legal actions are deemed to automatically arise under applicable non-bankruptcy law even if not specifically initiated by any party. It would be unduly burdensome for the Debtors to identify all such deemed cross claims individually. Moreover, unless pursued, such information could be misleading. The Debtors, therefore, have not listed such claims that automatically are deemed to arise under applicable non-bankruptcy law in Schedule A/B, Part 11/Question 74.

Schedule A/B, Part 11/Question 77. *Other property of any kind not already listed.* As described above and in the Pittard Declaration, the Funding Agreements provide the Debtors with access to certain funding in an as-yet undetermined amount. Therefore, the value of the applicable Funding Agreement has been listed in Schedule A/B, Part 11/Question 77 as "undetermined."

Schedule D. *Creditors who have claims secured by property.* The Debtors have not included on Schedule D parties that may believe their claims are secured through setoff rights, deposits posted by or on behalf of the Debtors, or inchoate statutory lien rights.

Schedule E/F. *Creditors who have unsecured claims.* Certain of the claims of state and local taxing authorities set forth in Part 1 of Schedule E/F ultimately may be deemed, in whole or in part, to be secured claims pursuant to state or local laws or priority claims under the Bankruptcy Code. The Debtors reserve their right to dispute or challenge whether claims owing to various taxing authorities are secured or entitled to priority. The listing of any claim on Schedule E/F does not constitute an admission that such claim is entitled to priority pursuant to section 507 of the Bankruptcy Code.

Parties who have asserted an asbestos-related claim involving either Debtor (collectively, the "Asbestos Claimants") are listed on Part 2 of Schedule E/F of the Debtor against whom such claim was asserted as holders of nonpriority unsecured claims. The Asbestos Claimants have been listed on Schedule E/F with respect to any unsecured claim they may have or assert against the Debtors. To the extent that a claim was asserted against both Debtors, the Debtors have listed such Asbestos Claimant in the Schedules of each Debtor. The Debtors have not determined against which Debtor any such claim should be listed, and the Debtors hereby reserve all rights, including but not limited to, the right to amend the Schedules or object to any claim as asserted against the incorrect Debtor.

Due to their volume, the Asbestos Claimants' asbestos-related claims identified on Part 2 of Schedule E/F have been listed in a separate attachment thereto (the "Schedule E/F Attachment"). The Asbestos Claimants have been identified based on information from a database (the "PACE Database") of all asbestos-related litigation and asserted legal claims involving the Debtors as of June 17, 2020, which database was created and is maintained by PACE Claims Services LLC ("PACE"). By an order entered on June 25, 2020 [Dkt. 112], the Bankruptcy Court has authorized service on the Asbestos Claimants in care of their counsel. Therefore, the addresses listed for the Asbestos Claimants in Schedule E/F are the addresses of their identified counsel. Upon further review of their books and records, the Debtors have identified two claims in which the Asbestos Claimants' counsel has withdrawn their appearance, and the action remains open and dormant. Those Asbestos Claimants' last known addresses are listed in Schedule E/F. Where counsel to Asbestos Claimants maintain offices at more than one address, it would be unduly burdensome to identify the particular office location associated with each Asbestos Claimant. Therefore, in such cases, a single office location has been listed for each law firm representing Asbestos Claimants.

With the exception of the two claims noted above, identification of Asbestos Claimants on Schedule E/F is limited to Asbestos Claimants for whom counsel is identified in the PACE Database. Prior to the Petition Date, the Debtors and their professionals identified numerous asbestos-related claims in the PACE Database for which no Asbestos Claimant's counsel was identified. Generally, these claims have been dormant for an extended period of time, sometimes for 10 or more years. To attempt to identify current counsel, the Debtors' professionals reviewed pleadings uploaded to the PACE Database, made inquiries to local defense counsel, and used other resources to identify counsel, where available. Where counsel to Asbestos Claimants were identified from these inquiries, they are listed in Schedule E/F. In

other cases, reasonable inquiry did not identify any current counsel. Further, the Debtors lack address information for the Asbestos Claimants or sufficient information to reasonably determine the address of individual Asbestos Claimants in these matters, particularly with respect to matters that have been dormant for extended periods. It would be unduly burdensome and expensive for the Debtors to investigate the current personal address of each such Asbestos Claimant, and the Debtors believe that any such investigation is unlikely to identify accurate current address information in any event. Moreover, the Debtors believe that, for the vast majority—if not all—of the claims for which no current counsel was identified, such claims likely are no longer pending but have yet to be closed in the PACE Database. Accordingly, such claims would not constitute unsecured claims against the Debtors for purposes of Schedule E/F. Therefore, where the Debtors and their professionals have not identified current counsel through the inquiries described above, and have not been notified of the applicable Asbestos Claimant's address, the Debtors have omitted such claims from Schedules E/F.

Co-defendants in asbestos-related litigation (collectively, the "Asbestos Co-Defendants") have been identified in Schedule H as potential co-debtors based on information from a database of co-defendants of the Debtors in asbestos-related litigation pending since 2015 created and maintained by PACE. *See* note to Schedule H for additional information regarding the Asbestos Co-Defendants. Given the volume of information on Schedule H, the Asbestos Co-Defendants have not been listed again in Schedule E/F, but each Asbestos Co-Defendant identified in Schedule H is hereby deemed to be listed in Schedule E/F, Part 2/Question 3 as having a nonpriority claim (a) in an undetermined amount, (b) that is contingent, unliquidated, and disputed and not subject to offset, and (c) that was incurred on an undetermined date.

In addition, the Debtors have listed the following parties on Schedule E/F: (a) parties that may hold or assert indemnification claims against the Debtors; and (b) all ordinary course professionals of the Debtors. Note that, even without taking specific action to initiate a claim against the Debtors, it is possible that some Asbestos Co-Defendants hold a cross-claim against the Debtors for contribution or indemnity that is deemed to automatically arise under case management orders and non-bankruptcy law applicable to asbestos claims in some jurisdictions. Excluding the possible existence of said "deemed filed" cross-claims, the Debtors are not aware of any pending indemnification or contribution claims being pursued against them by any Asbestos Co-Defendant. Identification of any of the foregoing parties on Schedule E/F (including the deemed inclusion of the Asbestos Co-Defendants) is not intended, and shall not be deemed, to constitute an admission of any claim of, or obligation of the Debtors to, such parties.

The listing by the Debtors of any account between a Debtor and a non-debtor affiliate is a statement of what appears in the Debtors' books and records and does not reflect any admission or conclusion of the Debtors regarding the allowance, classification, character, validity, or priority of such account. Any intercompany accounts remain subject to further review by the Debtors.

Schedule E/F does not include certain deferred charges, deferred liabilities, accruals, or general reserves. Such amounts may be reflected on the Debtors' books and records

as required in accordance with GAAP. Accruals are general estimates of liability and may not represent specific claims as of the Petition Date.

Schedule G. *Executory contracts and unexpired leases.* Although the Debtors' existing books and records have been relied upon to identify and schedule executory contracts and unexpired leases, and diligent efforts have been made to ensure the accuracy of Schedule G, inadvertent errors, omissions, or over-inclusions may have occurred. Certain contracts identified on Schedule G were entered into before the Formation Date and show Old IRNJ or Old Trane as the original counterparty. Each of these contracts was allocated to the applicable Debtor upon its formation.

The identification of a contract, agreement, or lease in Schedule G does not constitute an admission that such contract, agreement, or lease is an executory contract or unexpired lease or that such contract, agreement, or lease was effective as of the Petition Date or is valid or enforceable. The Debtors reserve all of their rights with respect to the contracts, agreements, and leases identified in Schedule G, including, without limitation, the Debtors' rights to dispute the validity, status, or enforceability of any contracts, agreements, or leases and to amend or supplement Schedule G as necessary.

Certain of the items reflected on Schedule G may contain renewal options, purchase options, rights of first refusal, and other miscellaneous rights. Such rights, powers, duties, and obligations are not separately set forth on Schedule G. The Debtors hereby expressly reserve the right to assert that, or challenge whether, any item listed on Schedule G is an executory contract or unexpired lease within the meaning of section 365 of the Bankruptcy Code. In addition, the Debtors reserve all of their rights, claims, and causes of action with respect to claims associated with any contracts and agreements listed in the Schedules, including Schedule G, including their right to dispute or challenge the characterization or the structure of any transaction, document, or instrument (including any intercompany agreement).

Certain agreements, including corporate constituent documents and confidentiality agreements, have not been listed on Schedule G. The Debtors reserve all rights with respect to such agreements. Omission of a contract or agreement from Schedule G does not constitute an admission that such omitted contract or agreement is not an executory contract or unexpired lease. The Debtors' rights under the Bankruptcy Code with respect to any such omitted contracts or agreements are not impaired by the omission.

Because the Funding Agreements require New Trane Technologies and New Trane to provide certain funding to the Debtors (as applicable) without any corresponding repayment obligation, the Funding Agreements have not been listed on Schedule G. The Debtors nevertheless reserve all rights with respect to the Funding Agreements.

Certain of the contracts and agreements listed on Schedule G may consist of several parts that may not be listed on Schedule G or that may be listed as a single entry. Unless otherwise specified in Schedule G, each executory contract or unexpired lease identified therein shall include all exhibits, schedules, riders, statements of work, modifications, declarations, amendments, supplements, attachments, restatements, or other agreements made directly or indirectly by any agreement, instrument, or other document that in any manner affects such

executory contract or unexpired lease, without respect to whether such agreement, instrument, or other document is listed therein.

Schedule H. Co-debtors. Listing a possible co-obligor on Schedule H does not, is not intended to, and shall not be deemed to constitute an admission that such party is liable on any obligation of a Debtor. The Debtors and all parties listed in Schedule H each reserve all rights to challenge whether any party listed therein has any liability as a co-obligor. The rights, claims, and causes of action of the Debtors, any co-obligor, and all listed parties with respect to the matters referenced on Schedule H are hereby reserved and fully preserved.

Due to their volume, the parties identified on Schedule H have been listed in a separate attachment thereto.

The Debtors have listed Asbestos Co-Defendants on Schedule H based on (a) information provided by PACE regarding co-defendants of the Debtors in asbestos-related litigation pending since 2015 and (b) information available from other sources. Whether an Asbestos Co-Defendant may be liable for asbestos-related liabilities of a Debtor as a co-debtor depends on, among other things, the specific facts of a particular potential claim and applicable non-bankruptcy law. It would be unduly burdensome and expensive to seek to identify which Asbestos Co-Defendants may be co-obligors on any particular liability. In any event, any such exercise would necessarily be incomplete and potentially misleading because information needed to make a complete assessment would require access to information that is not available, including information about future litigation outcomes that cannot be predicted. In addition, it would be unduly burdensome to identify the applicable case number, plaintiff or plaintiffs, court and court address for each Asbestos Co-Defendant's potential claim.

Prior to the Petition Date, neither PACE nor the Debtors maintained records in the ordinary course identifying Asbestos Co-Defendants for cases pending prior to 2015. It would be unduly burdensome and expensive for the Debtors to conduct an investigation to identify all such co-defendants. However, given the nature of asbestos claiming practices, the Debtors believe that the post-2014 co-defendants likely are representative of the Debtors' historical co-defendants. In addition, prior to the Petition Date, neither PACE nor the Debtors maintained records in the ordinary course identifying the addresses of the thousands of Asbestos Co-Defendants identified on Schedule H. Nonetheless, the Debtors have made a good faith effort to identify the addresses of such Asbestos Co-Defendants where possible prior to filing the Schedules and the Statements. The Debtors reserve the right to supplement the name and address information of the Asbestos Co-Defendants listed in Schedule H as additional names and/or addresses of potential Asbestos Co-Defendants are identified.

Despite the obligations of New Trane Technologies and New Trane to provide certain funding to the Debtors pursuant to the Funding Agreements (as applicable), New Trane Technologies and New Trane have not been identified as co-debtors on any liabilities of the Debtors and therefore have not been listed on Schedule H. Further, because parties entitled to indemnification by the Debtors are not co-debtors on account of such indemnification rights, such parties have not been listed on Schedule H.

Specific Disclosures with Respect to the Debtors' Statements of Financial Affairs

Part 1/Question 1. *Gross revenue from business.* The Debtors do not have any revenues relating to the operation of the Debtors' businesses. During the applicable period, the Debtors did not receive any revenue on account of their respective ownership of 200 Park and ClimateLabs.

Part 2/Question 3. *Certain payments or transfers to creditors within 90 days before filing this case.* In SOFA Part 2/Question 3, disbursements made on account of multiple invoices may be reflected as a single payment. Certain payments shown in SOFA Part 2/Question 3 are dated prior to the date the Debtors came into existence (May 1, 2020) upon the completion of the 2020 Corporate Restructuring (as defined in the Pittard Declaration). Those payments originally were issued by Old IRNJ or Old Trane (as applicable) on the listed dates, but the checks did not clear before the completion of the 2020 Corporate Restructuring by which the Debtors were formed and Old IRNJ and Old Trane ceased to exist. Because Old IRNJ's and Old Trane's relevant bank accounts, and obligations to fund outstanding checks on those accounts, were allocated to Aldrich and Murray, respectively, in the 2020 Corporate Restructuring (subject to the other disclosures herein), these amounts were funded by Aldrich or Murray (as applicable) after their formation.

Payments shown in SOFA Part 2/Question 3 do not include (a) payments to professionals related to the Debtors' chapter 11 cases, which are listed separately in SOFA Part 6/Question 11; or (b) payments made for the benefit of an insider, which are listed separately in SOFA Part 2/Question 4.

Where a listed creditor provided services to both Debtors, the Debtors allocated amounts on their respective books and records as follows: 65% of the total amount to Aldrich and 35% of the total amount to Murray. Such allocation is consistent with the Debtors' ordinary course practice of allocating shared expenses between the Debtors, proportionally, based on each Debtor's estimated use of such services, as determined by the Debtors' management.

In addition, the amount of certain settlement payments are subject to confidentiality restrictions and are not disclosed. These payments are identified by the phrase "confidential settlement amount."

Part 2/Question 4. *Payments or other transfers of property made within 1 year before filing this case that benefited any insider.* As described above, the information presented reflects payments and transfers of property since the Formation Date. *See also* global note 13.

Part 3/Question 7. *Legal actions, administrative proceedings, court actions, executions, attachments, or governmental audits.* The Debtors' records regarding actions and other proceedings initiated against them are organized by reference to the individual claimants involved. Actions initiated by multiple plaintiffs or claimants therefore may appear multiple times within the Debtors' records. The Debtors have made reasonable efforts to remove duplicate entries for each matter listed in SOFA Part 3/Question 7. Nonetheless, certain matters may have been inadvertently listed more than once. The matters listed in SOFA Part 3/Question 7 may not include all actions or proceedings commenced against the Debtors

after the Petition Date in violation of the automatic stay. Due to their volume, the asbestos-related matters identified in SOFA Part 3/Question 7 have been listed on a separate attachment.

Part 6/Question 11. *Payments related to bankruptcy made within 1 year before the filing of this case.* Payments made by the Debtors to their attorneys and other professionals for work since the Formation Date are listed in SOFA Part 6/Question 11. Such information may include payments on account of Retainers for which there are remaining balances as of the Petition Date. See note to Schedule A/B, Part 2/Question 8 for additional information regarding payment of professionals and allocation of shared expenses for services provided to both Debtors. Certain professionals listed in SOFA Part 6/Question 11 provided both bankruptcy-related and non-bankruptcy-related services. For completeness, the figures presented in SOFA Part 6/Question 11 include all payments made by or on behalf of the Debtors to professionals advising the Debtors with respect to bankruptcy-related issues for work since the Formation Date, and therefore include certain amounts related to professional advice for non-bankruptcy matters. The Debtors did not attempt to delineate in SOFA Part 6/Question 11 the payments to such professionals related only to advice on bankruptcy issues or to separately account for invoices for non-bankruptcy services, which in some cases would require additional analysis.

Payments to K&L Gates, Evert Weathersby Houff, and Bates White that are listed in response to SOFA Part 6/Question 11 reflect payments from the Debtors on account of fees and expenses incurred on behalf of Old IRNJ and Old Trane prior to the completion of the 2020 Corporate Restructuring. These amounts were paid by the Debtors after the 2020 Corporate Restructuring consistent with the allocation of liabilities from Old IRNJ and Old Trane to the Debtors. Other payments to certain professionals for work performed for Old IRNJ and Old Trane are included in SOFA Part 2/Question 3 and described in the note above.

Part 6/Question 13. *Transfers not already listed on this statement made by the Debtor within 2 years before the filing of this case.* Reasonable efforts have been made to identify any transfers of property outside of the ordinary course of business since the Formation Date. No such transfers were identified.

Part 9/Question 16. *Personally identifiable information of customers.* See note to Schedule A/B, Part 10/Question 67.

Part 10/Question 20. *Off-premises storage of property.* The Debtors have retained approximately 34 law firms in the ordinary course of business as defense counsel in asbestos-related matters and several consultants on asbestos-related matters (collectively, the "Asbestos-Related Counsel and Consultants"). The Asbestos-Related Counsel and Consultants have been identified on Schedule E/F and Schedule G. Some of the Asbestos-Related Counsel and Consultants store physical and electronic documents and other information relating to asbestos-related claims on behalf of the Debtors in the ordinary course of their businesses. With the exception of (a) Evert Weathersby Houff, which maintains certain records related to asbestos-related claims as national coordinating counsel, and (b) PACE, which maintains the PACE Database, such storage by Asbestos-Related Counsel and Consultants has not been separately identified in SOFA Part 10/Question 20.

Part 11/Question 21. *Property held for another.* As described above, Aldrich may hold certain cash assets on behalf of non-debtor affiliate 200 Park and Murray may hold certain cash assets on behalf of non-debtor affiliate ClimateLabs pursuant to the Cash Pooling Agreements and the Cash Management Order, as applicable. As of the Petition Date, neither Aldrich nor Murray held any cash assets on behalf of 200 Park and ClimateLabs, as applicable.

Part 13/Question 25. *Other businesses in which the Debtor has or has had an interest.* Aldrich owns 100% of the membership interests in 200 Park, which manufactures and sells modular and process chillers for the commercial HVAC and industrial markets. These products are manufactured in a Newberry, South Carolina facility. Murray owns 100% of the membership interests in ClimateLabs, which provides chemical analysis services for HVAC equipment. This analysis is performed in a Charlotte, North Carolina facility.

Part 13/Question 30. *Payments, distributions, or withdrawals credited or given to insiders.* See the response to SOFA Part 2/Question 4 for this information.

Part 13/Question 31. *Member of any consolidated group for tax purposes within 6 years before filing this case.* For United States federal income tax purposes, the Debtors are considered disregarded entities. Any income earned or losses incurred by the Debtors will ultimately be reported by the first regarded entity for each Debtor. For Aldrich Pump LLC, income and losses are reported under Trane Technologies Holdco Inc. For Murray Boiler LLC, income and losses are reported under Trane U.S. Inc.

Fill in this information to identify the case:

Part 12: Details About Environmental Information

For the purpose of Part 12, the following definitions apply:

- *Environmental law* means any statute or governmental regulation that concerns pollution, contamination, or hazardous material, regardless of the medium affected (air, land, water, or any other medium).
- *Site* means any location, facility, or property, including disposal sites, that the debtor now owns, operates, or utilizes or that the debtor formerly owned, operated, or utilized.
- *Hazardous material* means anything that an environmental law defines as hazardous or toxic, or describes as a pollutant, contaminant, or a similarly harmful substance.

Report all notices, releases, and proceedings known, regardless of when they occurred.

22. Has the debtor been a party in any judicial or administrative proceeding under any environmental law? Include settlements and orders.

- No
- Yes. Provide details below.
