Annual Cumulative Expense Examples

A Fund's annual return is reduced by its fees and expenses for that year. The examples below are intended to help you understand the annual and cumulative impact of the Fund's fees and expenses on your investment through a hypothetical investment of \$10,000 held for the next 10 years. The examples assume the following

- On the date exactly one year before the first period end date below, you invest \$10,000 in the Fund and you will hold the shares for the entire 10 year period;
- Your investment has a 5% return each year;
- The Fund's operating expenses remain at the levels discussed below and are not affected by increases or decreases in Fund assets over time;
- At the time of purchase, any applicable initial sales charges (loads) are deducted; and
- There is no sales charge (load) on reinvested dividends.
- The annual costs are calculated using the Net Expense Ratios for the period through the expiration of any fee waivers or expense reimbursement memorialized in a written contract between the Funds and JPMIM and/or its affiliates; and the Gross Expense Ratios thereafter.

"Gross Cumulative Return" shows what the cumulative return on your investment at the end of each 12 month period end date (year), shown below, would be if Fund expenses are not deducted. "Net Cumulative Return" shows what the cumulative return on your investment at the end of each year would be assuming Fund expenses are deducted each year in the amount shown under "Annual Costs."

"Net Annual Return" shows what effect the "Annual Costs" will have on the assumed 5% annual return for each year.

Your actual costs may be higher or lower than those shown.

Your service charges, fees and earnings credit have been calculated through account analysis.

IN CASE OF ERRORS OR QUESTIONS ABOUT YOUR ELECTRONIC FUNDS TRANSFERS:

Call us at 1-866-564-2262 or write us at the address on the front of this statement immediately if you think your statement or receipt is incorrect or if you need more information about a transfer listed on the statement or receipt.

For personal accounts only: We must hear from you no later than 60 days after we sent you the FIRST statement on which the problem or error appeared. Be prepared to give us the following information:

- Your name and account number;
- A description of the error or the transaction you are unsure about, and why you think it is an error or want more information; and
- The amount of the suspected error.

We will investigate your complaint and will correct any error promptly. If we take more than 10 business days (or 20 business days for new accounts) to do this, we will provide provisional credit to your account for the amount you think is in error so that you will have use of the money during the time it takes us to complete our investigation.

For business accounts, our practice is to follow the procedures described above as detailed in your Deposit Account Agreement or other applicable agreements, but we are not legally required to do so. For example, we require you to notify us no later than 30 days after we sent you the first statement on which the error appeared. We may require you to provide us with a written statement that the disputed transaction was unauthorized. We are also not required to give provisional credit.

IN CASE OF ERRORS OR QUESTIONS ABOUT NON-ELECTRONIC FUNDS TRANSFERS: Contact us immediately if your statement is incorrect or if you need more information about any non-electronic funds transfers on this statement. For more details, see your Deposit Account Agreement or other applicable agreements that govern your account.
