§ § § § § § §

Case No. 23-90055 (CML) (Formerly Jointly Administered Under Lead Case IEH Auto Parts Holding LLC, Case No. 23-90054)

AFFIDAVIT OF KEVIN BELL IN RESPONSE TO NOTICE OF OBJECTION TO CLAIM

PROVINCE OF ONTARIO
CITY OF OSHAWA

I, Kevin Bell, being duly sworn, depose and say:

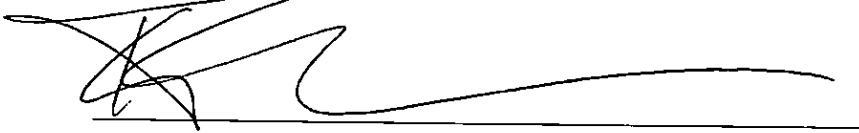

1. My name is Kevin Bell, and I am the President of CARS Training Network Inc., a company based in Ontario, Canada. Our business provides internet-delivered video-based automotive technical training under the name "CARS OnDemand."
2. I submit this affidavit in **response to the Notice of Objection to Claim** filed by the Wind-Down Debtor, Auto Plus Auto Sales LLC, in which the Debtor seeks to disallow our claim on the basis that it was filed untimely. This affidavit, along with the attached exhibits, serves as a formal objection to that attempt to disallow our valid claim.
3. CARS Training Network Inc. has provided services to Auto Plus and its associated network of shops since 2009, supplying digital training content for Auto Plus and its affiliates. This content was accessible on demand and included both pre-recorded lessons and live training events.
4. On April 26, 2023, CARS Training Network Inc. hosted two live training sessions exclusively for Auto Plus and its network, at their request, titled "AutoPlus Expertise OnDemand: Hybrid and Electric Vehicles Air Conditioning Systems." The sessions took place at 12:00 PM and 5:00 PM Eastern and had nearly 1,300 registrations.
5. Auto Plus corporation and network of receiving locations **continued to access and benefit from CARS OnDemand training services throughout 2023**, with system logs confirming usage from January to October 2023.

6. Despite continued service usage, CARS Training Network Inc. was **not officially informed of Auto Plus's bankruptcy filing until June 28, 2023**, via an email from Veronica Polnick of Jackson Walker LLP. Prior to that date, I had ongoing correspondence with Auto Plus representatives, and at no point was I advised of financial distress or an impending bankruptcy filing.
7. Upon receiving official notice of Auto Plus's bankruptcy on **June 28, 2023**, CARS Training Network Inc. **immediately filed our claim on June 29, 2023**. The claim should not be disallowed as untimely because we were never notified of the bankruptcy proceedings before June 28, 2023. It was impossible for us to file before that date, as we had no prior knowledge of the bankruptcy case or its deadlines.
8. Due to Auto Plus's **historical payment structure**, which typically exceeded 90 days, we did not immediately recognize the payment issue. However, our claim is **valid, supported by documentation, and remains unpaid**.
9. CARS Training Network Inc. is **only seeking payment for one month of service** in the amount of USD \$8,333.33, for services Auto Plus **undisputedly received and used**.
10. Attached to this affidavit are the following supporting documents, labeled as exhibits:
 - **Exhibit A:** Invoices showing the outstanding amount owed by Auto Plus.
 - **Exhibit B:** Live Show Registration Records confirming Auto Plus's participation in the April 26, 2023, training event.
 - **Exhibit C:** User Logs from January to October 2023, demonstrating continued service usage.
 - **Exhibit D:** Email Correspondence (January 1 - May 8, 2023) showing that Auto Plus representatives did not disclose any financial issues.
 - **Exhibit E:** Auto Plus Customer Data Submission (May 8, 2023) outlining their continued engagement with our services post-bankruptcy filing.
 - **Exhibit F:** Email from Veronica Polnick of Jackson Walker LLP dated June 28, 2023, providing first official notice of the bankruptcy.
 - **Exhibit G:** Proof of claim submission on June 29, 2023, demonstrating prompt filing upon receiving notice.
12. **For the foregoing reasons, I object to the Notice of Objection to Claim and respectfully request that CARS Training Network Inc.'s claim be upheld and not disallowed on the basis of untimeliness, as our filing was made immediately after receiving official notice of the bankruptcy.**

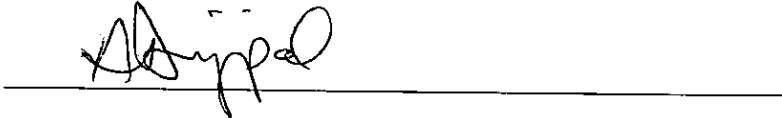

13. I declare under penalty of perjury under the laws of the United States that the foregoing is true and correct to the best of my knowledge and belief.

Dated this 6th day of March, 2025.

Kevin Bell
President, CARS Training Network Inc.

Subscribed and sworn to (or affirmed) before me this 6 day of March, 2025, in the Province of Ontario.

Re: Response to Notice of Objection to Claim – Case No. 23-90055 (CML)

Dear Clerk of the Court,

Enclosed please find the **Affidavit of Kevin Bell in Response to Notice of Objection to Claim**, along with supporting exhibits, for filing in the above-referenced case.

CARS Training Network Inc. is submitting this response in objection to the **Sixth Omnibus Objection – Untimely Claims** on the basis that:

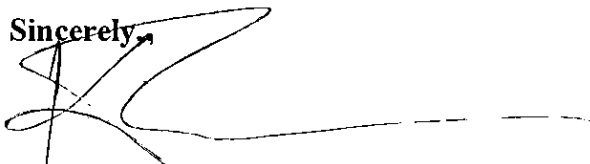

1. **CARS Training Network Inc. was not informed of Auto Plus's bankruptcy until June 28, 2023.**
2. **Upon receiving notice, we immediately filed our Proof of Claim on June 29, 2023.**
3. **The "untimely" objection is therefore invalid, as we had no prior knowledge of the bankruptcy deadline.**

Copies of this response and exhibits have also been provided to **Jackson Walker LLP**, counsel for the Wind-Down Debtor.

Please file this response accordingly. If the Court requires any additional information, I am available at the contact details provided above.

Thank you for your time and assistance.

Sincerely,

Kevin Bell
President, CARS Training Network Inc.

EXHIBIT A

Invoices Showing the Outstanding Amount Owed by Auto Plus

This exhibit contains a copy of the invoice issued by **CARS Training Network Inc.** to **Auto Plus Auto Parts** for training services provided under the **CARS OnDemand Service** for the period of **January 1-31, 2023**.

- The invoice was sent to **Auto Plus Auto Parts, 112 Townpark Dr. NW, Suite 300, Kennesaw, Georgia 30144**.
- The **total amount due** for services rendered is **USD \$8,333.33**.
- No payments were received for this invoice.

This document **demonstrates** CARS Training Network Inc.'s **valid claim** for services provided and **further contributes to the demonstration** that Auto Plus **received and actively used the training services before and after their bankruptcy filing**.

Live Show Registration Records Confirming Auto Plus's Participation

This exhibit contains records confirming Auto Plus corporation and network of receiving locations' participation in two live broadcast training sessions hosted by CARS Training Network Inc. on April 26, 2023, through the CARS OnDemand platform.

- The training sessions, titled "**AutoPlus Expertise OnDemand: Hybrid and Electric Vehicles Air Conditioning Systems,**" were **exclusively requested by Auto Plus** and designed specifically for their employees and affiliated locations.
- These sessions were **live broadcasts** accessible through the **CARS OnDemand platform** at **12:00 PM and 5:00 PM Eastern Time**, with **nearly 1,300 registrations** from Auto Plus-affiliated locations.
- The **registration process opened on March 22, 2023**, and remained open until the **show date of April 26, 2023**.
- **Auto Plus was fully aware of these training sessions and actively promoted them to their audience.** Included in this exhibit is an **email from Danielle Rickerson (Director, Marketing and Communications, Auto Plus), dated March 22, 2023**, confirming Auto Plus's knowledge of the program and their involvement in its promotion to their network.

Relevance to the Objection of "Untimely Filing"

This exhibit contributes to the demonstration that CARS Training Network Inc. had no knowledge of Auto Plus's bankruptcy at the time these services were provided. Auto Plus continued to operate as usual, actively engaging in the registration process and promoting the training event without any indication that they had filed for bankruptcy.

Because we were never informed of the bankruptcy before June 28, 2023, we could not have filed a claim before the deadline. This, along with other supporting exhibits, demonstrates why our Proof of Claim was submitted immediately upon receiving notice and should not be disallowed on the basis of untimeliness.

Good afternoon everyone,

We have the dates for the first 2023 AutoPlus Exclusive broadcast. "Hybrid and Electric: Air Conditioning Systems" will air on April 26 at 12 pm and 5 pm Eastern.

Promotion and registration start today; we contact shops through email and telephone for the next month or so to not only register but also provide walkthroughs and "welcomes" to any new participants or those who may require a refresher.

Of course, registration is free for AutoPlus participants!

All the best,
- Kevin

EXHIBIT C

User Logs Demonstrating Continued Access to CARS OnDemand Training

This exhibit contains system usage logs from January to October 2023, showing that **Auto Plus corporation and network of receiving locations continued to access training services through the CARS OnDemand platform.**

- **The logs confirm that Auto Plus participants and affiliated locations actively used the training platform throughout 2023.**
- **Training access continued uninterrupted even after Auto Plus filed for bankruptcy, as CARS Training Network Inc. was not immediately aware of the situation.**
- **After receiving official notice of the bankruptcy on June 28, 2023, CARS Training Network Inc. spent several months attempting to contact Auto Plus representatives to confirm the situation.**
- **Unaware that Auto Plus had effectively ceased operations, CARS Training Network Inc. chose to keep the service active temporarily to avoid cutting off participants in case there was a misunderstanding or an opportunity to continue under a different arrangement.**
- **No payments are being claimed for services provided after June 2023—CARS Training Network Inc. is only seeking payment for one month of service that was rendered before learning of the bankruptcy.**

Relevance to the Objection of "Untimely Filing"

This exhibit contributes to the demonstration that **CARS Training Network Inc. had no knowledge of Auto Plus's bankruptcy at the time services were being provided. Auto Plus's continued access and use of the platform after their bankruptcy filing gave no indication that they had ceased operations or that payment would be in jeopardy.**

Because we were **never informed of the bankruptcy before June 28, 2023, we could not have filed a claim before the deadline. This, along with other supporting exhibits, demonstrates why our Proof of Claim was submitted immediately upon receiving notice and should not be disallowed on the basis of untimeliness.**

EXHIBIT D

Email Correspondence Showing No Disclosure of Financial Issues

This exhibit contains **email correspondence between CARS Training Network Inc. and key Auto Plus representatives from January 1, 2023, to May 8, 2023. These emails demonstrate that Auto Plus never disclosed any financial difficulties or impending bankruptcy while continuing normal business interactions.**

- The correspondence includes emails with:
 - **Diane Calhoun, Auto Plus Senior Marketing Manager**
 - **Danielle Rickerson, Auto Plus Director, Marketing and Communications**
 - **Jared Douglass, Auto Plus Regional Finance Manager**
- **The emails reflect ongoing discussions regarding training services, with no mention of financial distress or an inability to pay.**
- **At no point before June 28, 2023, was CARS Training Network Inc. informed of Auto Plus's bankruptcy or financial instability.**
- **On May 8, 2023—after Auto Plus had already filed for bankruptcy—Auto Plus continued engaging in business activities with CARS Training Network Inc., further reinforcing that there was no indication that payment might be at risk.**

Relevance to the Objection of "Untimely Filing"

This exhibit contributes to the demonstration that CARS Training Network Inc. had no knowledge of Auto Plus's bankruptcy at the time services were provided. Auto Plus maintained regular business communications without disclosing any financial concerns, and CARS Training Network Inc. was only made aware of the bankruptcy on June 28, 2023.

Because we were never informed of the bankruptcy before June 28, 2023, we could not have filed a claim before the deadline. This, along with other supporting exhibits, demonstrates why our Proof of Claim was submitted immediately upon receiving notice and should not be disallowed on the basis of untimeliness.

Hello Kevin,
Please find this week's report attached.

On a side note, I'm waiting for the field team to get back to me with their final selection of webinars. There are front runners, just waiting on a few others to offer their opinions. You suggested some good topics.

Thanks, and have a good week,
Diane

Hi Kevin,

As you know we are currently updating our renewal kits for 2023. Two of the items Joe created for the kit are these Training certificates (see attached).

I wanted to ask you if these were necessary, or if they were basically for show?

Also, in the kit, he mentions on-site or live training. Is the Live option available? I understood that they were all virtual.

I really do not want to add this question in this email, but it is related to the program. The courses for this year are causing some consternation amongst the field.

Can they be offered by geographic location? I.e: Could one course be offered to those in the northeast, and another in the south? The field feels that one class would benefit customers in a certain market more than another that was chosen.

Thanks Very Much,
Diane

Hi Kevin.
I honestly think those certificates were just fluff.

There is absolutely no issue with the selections you provided. They were very happy with them. They all agreed on the 4 that Rich selected, but... once the field leader in the Northeast started to think about it, he said, you know that one class (with the SUVs) would be really useful in my area that has a lot of 4x4, SUV, truck business. But he didn't think it would have the audience as another area.

Since you never know though how it will shake out until technicians start registering, it would be hard to tell.

I'll just try to get them to decide between the two.

Thanks,
Diane

Good morning Diane!

Hope everything is going well with you this week 😊

I had a look at the certificates, but I hadn't actually seen those before. They seem to reference classroom training; maybe this was under an older program? Sorry I can't be of much help with that one, as you are correct – all of our programs are held online in a virtual format.

For the special AutoPlus classes, I'm sorry there is some issue in selection. The topics that we offered were only suggestions; we can provide different topics that might fit the audience better. For instance, we have material for a "Mastering Automotive Wiring Diagrams" that is essential for technicians everywhere, and may help resolve regional issues.

For regional training, are we asking about running two different programs on the same day? Or promoting one session to a certain region, followed by a different program to a second region?

All the best,
- Kevin

Subject: Auto Plus - Introduction and program confirmation

Good afternoon Kevin,

My name is Danielle Rickerson, and I am taking over the PSC program for Auto Plus which includes services from CARS. I wanted to introduce myself as the main point of contact for Auto Plus moving forward and let you know that I'll be scheduling some time with you (would the week of the 13th work?) to review your services with us.

Before that meeting, I need to verify with you that there are no changes to the services you're providing Auto Plus, as we are printing our member renewal kits which include a section about your company and services, and I need to ensure that what we are sending our customers is accurate.

Can you please reply to this email confirming for me that we are all set for 2023 with your services as they are today, from your viewpoint? A response by EOD tomorrow 2/3 would be greatly appreciated, so that we can get these kits out and keep things rolling!

Thank you,

Good afternoon Danielle,

Thank you for the introduction -- pleased to meet you! I'm available to meet any day except Thursday, Feb 16th -- please just let me know what time would be most convenient for you.

Our services to Auto Plus should look very similar to last year; in addition to the OnDemand training library, we also provide four exclusive broadcasts for AutoPlus' audience. We had offered some potential 2023 topics to Diane, and I believe they were being reviewed, but we haven't heard back yet on a selection.

If you would like to send me the text of the member kits, I can also review them from my side to help ensure that everything is correct.

Thank you again, and looking forward to working with you!

I wanted to introduce myself as the main point of contact for Auto Plus moving forward and let you know that I'll be scheduling some time with you (would the week of the 13th work?) to review your services with us.

Before that meeting, I need to verify with you that there are no changes to the services you're providing Auto Plus, as we are printing our member renewal kits which include a section about your company and services, and I need to ensure that what we are sending our customers is accurate.

Can you please reply to this email confirming for me that we are all set for 2023 with your services as they are today, from your viewpoint? A response by EOD tomorrow 2/3 would be greatly appreciated, so that we can get these kits out and keep things rolling!

Thank you,

April 26, 2023

Hybrid and Electric Vehicles: Air Conditioning Systems

Special Presentation - Free for AutoPlus' CARS OnDemand Subscribers

Even to seasoned technicians, Air Conditioning Systems on Hybrid and Electric Vehicles can present a challenge.

Unlike traditional automotive A/C systems which are powered by an internal combustion engine, air conditioning systems in electric and hybrid vehicles use high voltage electricity to power the compressor.

To further complicate matters, HV compressor systems often use the same size service ports as conventional systems, making mistakes easy to make.

For our next AutoPlus special event, we will focus on H&EV Air Conditioning (A/C) system differences; specifically:

- Electric compressor
- Condenser, storage evaporator
- Chillers, valves, controls, expansion devices
- Sensors involved and how they function
- Refrigerant used and the refrigerant oil
- How Safety Interlocks protect the system

This course will highlight component operation and diagnostic procedures essential to complete this specialized work.

Join industry veterans Jeff Taylor and Dom Sgambelluri for this look at "Hybrid and Electric Vehicles: Air Conditioning Systems."

Session 1:

April 26, 2023

12 noon to 1:30pm, Eastern

OR

Session 2:

April 26, 2023

5:00pm to 6:30pm, Eastern

Registration for these Special Events are included **free for all current Auto Plus CARS OnDemand subscribers!**

To Register,

1. Register Online at [CARS OnDemand \(www.autoplusondemand.com\)](http://CARS OnDemand (www.autoplusondemand.com)) through the "Live Virtual Classroom Registration" menu option, OR

Hybrid and Electric Vehicles: Air Conditioning Systems

Special Presentation - Free for AutoPlus' CARS OnDemand Subscribers

Even to seasoned technicians, Air Conditioning Systems on Hybrid and Electric Vehicles can present a challenge.

Unlike traditional automotive A/C systems which are powered by an internal combustion engine, air conditioning systems in electric and hybrid vehicles use high voltage electricity to power the compressor.

To further complicate matters, HV compressor systems often use the same size service ports as conventional systems, making mistakes easy to make.

For our next AutoPlus special event, we will focus on H&EV Air Conditioning (A/C) system differences; specifically:

- Electric compressor
- Condenser, storage evaporator
- Chillers, valves, controls, expansion devices
- Sensors involved and how they function
- Refrigerant used and the refrigerant oil
- How Safety Interlocks protect the system

This course will highlight component operation and diagnostic procedures essential to complete this specialized work.

Good Morning Kevin,
Attached please find a new logo. Apologies for the wait. We did not have a hi-res version to send per your request, and we took the opportunity to create a new one altogether. Please use this go forward, and let me know if you have any issues with it.

If you open it to preview, it has a grey background. Once placed, it should not have a background color. Logo is red and black.

On a side note, I'm curious if there has been any activity with registrations for training on the 26th? It's still around three weeks out, but if we aren't seeing much action, I'll push a little harder in our reminders.

Thanks very much and have good day!
Diane

Hi Kevin,
Would you be able to tell me how we're doing with registrations for this event. How many people have signed up so far, etc. I'm putting a final announcement out in Friday's newsletter to registration.

Thanks,
Diane

Thanks Diane! The logo looks great :) Do you also have it in an Illustrator format (I'm just assuming it was created in a vector format).

In particular, we are trying to match the particular red - would it be possible to ask the art team for the HEX code they used for the colors?

I'll check in on how the registrations are going for the next broadcast, but a second reminder to the audience in any case would be great :)

All the best,
- Kevin

EXHIBIT E

Auto Plus Customer Data Submission (May 8, 2023)

This exhibit contains a document sent by **Auto Plus to CARS Training Network Inc. on May 8, 2023**, after Auto Plus had already filed for bankruptcy. The document, titled "**05.08.23_AutoPlusShop Report.xlsx**," contains **customer data for training purposes**, demonstrating that Auto Plus **continued engaging with CARS Training Network Inc. as if business was operating as usual**.

- **The document was submitted by Auto Plus liaisons to update CARS Training Network Inc.'s database of which shops were permitted access to training services.**
- **Several prior emails (included in Exhibit D) reference updated customer lists, confirming that Auto Plus was actively managing access to training services over time. This May 8, 2023 submission is the latest and most complete version of those updates.**
- **This submission occurred after their bankruptcy filing but before CARS Training Network Inc. was made aware of the bankruptcy on June 28, 2023.**
- **At no point during this exchange did Auto Plus indicate any financial distress or changes to their ability to pay for services.**

Relevance to the Objection of "Untimely Filing"

This exhibit **contributes to the demonstration that CARS Training Network Inc. had no knowledge of Auto Plus's bankruptcy at the time services were provided. By actively submitting updated customer access lists for training purposes in May 2023—after filing for bankruptcy—Auto Plus continued managing access to services without any indication that payment might be at risk.**

Because we were **never informed of the bankruptcy before June 28, 2023**, we could not have filed a claim before the deadline. This, along with other supporting exhibits, **demonstrates why our Proof of Claim was submitted immediately upon receiving notice and should not be disallowed on the basis of untimeliness.**

EXHIBIT F

First Official Notice of Bankruptcy – Email from Jackson Walker LLP (June 28, 2023) & Court Filing (May 25, 2023)

This exhibit contains two key documents:

1. **An email from Veronica Polnick, Partner at Jackson Walker LLP, dated June 28, 2023, which was the first official notice received by CARS Training Network Inc. regarding Auto Plus's bankruptcy filing.**
2. **A court-filed notice of confirmation hearing from Jackson Walker LLP, dated May 25, 2023, which confirms that the bankruptcy hearing was rescheduled to June 16, 2023, but was never received by CARS Training Network Inc. at the time it was filed.**

Key Points:

- **The court filing was made on May 25, 2023, and the confirmation hearing was scheduled for June 16, 2023.**
- **CARS Training Network Inc. was never directly notified of this filing and only became aware of the bankruptcy proceedings on June 28, 2023, when Veronica Polnick sent an email.**
- **Until receiving this email, CARS Training Network Inc. had continued providing services under the assumption that Auto Plus's business operations were ongoing.**

Relevance to the Objection of "Untimely Filing"

This exhibit contributes to the demonstration that CARS Training Network Inc. had no knowledge of Auto Plus's bankruptcy at the time services were provided. Although the court record was filed on May 25, 2023, CARS Training Network Inc. was not made aware of the bankruptcy until June 28, 2023.

Because we were never informed of the bankruptcy before June 28, 2023, we could not have filed a claim before the deadline. This, along with other supporting exhibits, demonstrates why our Proof of Claim was submitted immediately upon receiving notice and should not be disallowed on the basis of untimeliness.

Hi Kevin—

Yes, AutoPlus filed for chapter 11 bankruptcy in February of this year. We confirmed a plan of liquidation on 6/16. Prior to the confirmation of a plan, we held a marketing process for the company and its assets and held an in-person auction in May. The assets of the company (largely) were sold to various buyers through that sale process. The chapter 11 plan now determines how creditors will be treated. ****RECEIVED FROM EXTERNAL SENDER – USE CAUTION****

Good morning Veronica,

My name is Kevin Bell with CARS Training Network Inc. in Oshawa, Ontario, Canada. We are suppliers to AutoPlus Auto Parts, providing online automotive technical training services through its corporation.

This morning, we received the attached letter regarding IEH Auto Parts Holding LLC filing for Chapter 11, Case No. 23-90054. I'm afraid I'm playing catch-up on this; we hadn't heard anything in regards to issues with AutoPlus.

Currently, AutoPlus is behind on their payments to us. However, this didn't immediately cause concern, as our payment terms allow for 60 days.

Could you kindly inform me about the current status of this company, if you have any updates?

All the best,
- Kevin

EXHIBIT G

Proof of Claim Submission (June 29, 2023)

This exhibit contains a copy of the Proof of Claim submitted by CARS Training Network Inc. on June 29, 2023, the day after receiving first official notice of Auto Plus's bankruptcy from Jackson Walker LLP.

Key Points:

- **CARS Training Network Inc. received notice of Auto Plus's bankruptcy at the end of the day on June 28, 2023, via an email from Veronica Polnick of Jackson Walker LLP.**
- **With no prior knowledge of the bankruptcy, CARS Training Network Inc. acted immediately, filing this claim on June 29, 2023.**
- **This submission demonstrates a good-faith effort to comply with the claims process as soon as possible after being notified.**
- **Prior to June 28, 2023, CARS Training Network Inc. had not received any notification of Auto Plus's bankruptcy, nor had it been informed of deadlines for filing claims.**

Relevance to the Objection of "Untimely Filing"

This exhibit **directly contradicts the Wind-Down Debtor's objection that the claim was untimely. It demonstrates that CARS Training Network Inc. acted promptly and in good faith by filing the claim the very next day after being notified—leaving no unnecessary delay.**

Because we were never informed of the bankruptcy before June 28, 2023, we could not have filed a claim before the bar date. This, along with other supporting exhibits, demonstrates why our Proof of Claim was submitted as soon as reasonably possible and should not be disallowed on the basis of untimeliness.

CLOSING SUMMARY

This package is submitted in response to the **Wind-Down Debtor's Sixth Omnibus Objection to Certain Proofs of Claim** in Case No. 23-90055 (CML), which seeks to disallow the claim of **CARS Training Network Inc.** on the basis of untimeliness.

The **affidavit and supporting exhibits** contained in this submission collectively demonstrate the following key points:

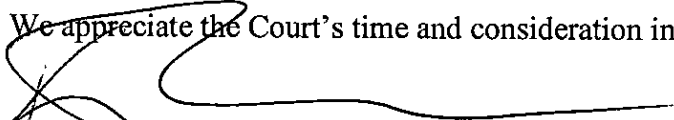

1. **CARS Training Network Inc. was not informed of Auto Plus's bankruptcy until June 28, 2023, at the end of the day, via an email from Jackson Walker LLP.**
 - o Prior to this, Auto Plus **continued to engage with our company as though business operations were ongoing**, including participation in **live training sessions and updating access lists** for their receiving locations.
 - o No prior notice of their bankruptcy or any claims deadline was provided to us.
2. **CARS Training Network Inc. filed its Proof of Claim on June 29, 2023, the very next day after receiving notice.**
 - o The claim was submitted **as soon as reasonably possible** following our first notification of the bankruptcy.
 - o The timeline of events demonstrates a **good-faith effort to comply** with the claims process, and there was no intentional delay.
3. **Auto Plus continued to receive and actively use our services after their bankruptcy filing, further demonstrating that we had no reason to suspect financial distress.**
 - o Training services were **requested, scheduled, and attended** by Auto Plus participants, with registration data confirming active engagement.
 - o Correspondence with Auto Plus representatives **showed no indication of financial issues** until the June 28, 2023, email from Jackson Walker LLP.

Conclusion

Given these facts, **this submission demonstrates that CARS Training Network Inc.'s Proof of Claim should not be disallowed due to untimeliness.** The exhibits provide clear evidence that our company **had no prior knowledge of Auto Plus's bankruptcy and acted immediately upon receiving notice.** The objection to our claim should therefore be overruled, as our filing was made in good faith and as soon as we became aware of the situation.

This package contains all relevant documentation supporting this position, including invoices, correspondence, live training participation records, user access logs, and a copy of the Proof of Claim.

We appreciate the Court's time and consideration in reviewing this submission.
