This is a core proceeding within the meaning of 28 U.S.C. § 157(b). Venue is proper before the Court pursuant to 28 U.S.C. §§ 1408 and 1409.

## BACKGROUND

2. On July 20, 2020 (the “**Petition Date**”), each of the Debtors commenced with this Court a voluntary case under chapter 11 of the Bankruptcy Code (collectively, the “**Chapter 11 Cases**”). The Chapter 11 Cases are being jointly administered for procedural purposes only, and the Debtors are authorized to continue to operate their business and manage their properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code.

3. On August 5, 2020, the Office of the United States Trustee for the Eastern District of Missouri (the “**U.S. Trustee**”) appointed the official committee of unsecured creditors (the “**Committee**”) pursuant to Bankruptcy Code section 1102 [Docket No. 304]. No request for the appointment of a trustee or examiner has been made in these Chapter 11 Cases.

### **B. Retention of Foley as Special Counsel to the Debtors**

4. On July 20 2020, the Debtors filed the *Application of Debtors for an Order Authorizing the Retention and Employment of Foley & Lardner LLP as Special Counsel for the Debtors Effective as of the Petition Date* [Docket No. 33] (the “**Foley Retention Application**”). On August 19, 2020, the Court approved the Foley Retention Application and entered the *Order Authorizing the Retention and Employment of Foley & Lardner LLP as Special Counsel for the Debtors* [Docket No. 509] (the “**Foley Retention Order**”).

5. The Foley Retention Order authorized the Debtors to compensate and reimburse Foley in accordance with the Bankruptcy Code, the Bankruptcy Rules, the Local Rules, and any other applicable order or procedures of the Court. The Foley Retention Order also authorized the Debtors to compensate Foley at its ordinary and customary hourly rates charged for services of the type rendered in these Chapter 11 Cases and to reimburse Foley for its actual and necessary out-of-pocket expenses incurred, pending further application to the Court.

38. Throughout the Compensation Period, Foley attorneys devoted considerable time addressing issues concerning the Debtors' real property interests, particularly in connection with

the Debtors' DIP Facility and Sale Transaction. Specifically, Foley's real estate attorneys engaged in an extensive review and analysis of the Debtors' owned and leased real property interests in order to facilitate the pledge of those interests for the DIP Facility and the disposition of those interests through the Sale Transaction. In addition, Foley's real estate attorneys (a) coordinated the recording of security instruments in favor of the DIP Facility lenders and, for the Sale Transaction, assisted the Debtors with respect to the post-petition amendment of the Sale Transaction purchase agreement and schedules thereto; (b) prepared and coordinated conveyance and assignment documents, transfer tax returns, releases of the DIP Facility security instruments and title company certificates; (c) assisted the payoff or other cure of title encumbrances and contractor liens; and (d) engaged in extensive discussions with the real estate counsel for the purchaser of the Debtors' assets, Weil, bond and local counsel, and the title company and closing agents. All of the foregoing real estate work was performed to ensure that the Debtors fulfilled all closing and post-closing requirements for the pledge and transfer of their real estate interests.

**Relief from Stay/Adequate Protection Proceedings**

(Hours: 12.70; Fees: \$10,198.00)

39. This category contains time spent by Foley professionals assisting Weil in responding to certain motions filed by parties-in-interest seeking relief from the automatic stay. During the Compensation Period, this included, among other things, reviewing, commenting on, and preparing certain aspects of briefing in response to lift-stay motions and developing related strategy with Weil.

**BASIS FOR RELIEF**

40. Section 331 of the Bankruptcy Code provides for interim compensation of professionals and incorporates the substantive standards of Bankruptcy Code section 330 that govern the Court's award of such compensation. *See* 11 U.S.C. § 331. Section 330 of the

Bankruptcy Code provides that the Court may award a professional employed under section 327 reasonable compensation for actual, necessary services and reimbursement for actual, necessary expenses. 11 U.S.C. § 330(a)(1). Section 330(a)(3) of the Bankruptcy Code also outlines specific criteria that the Court shall consider in determining the amount of reasonable compensation, including:

- (A) the time spent on such services;
- (B) the rates charged for such services;
- (C) whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under this title;
- (D) whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed;
- (E) with respect to a professional person, whether the person is board certified or otherwise has demonstrated skill and experience in the bankruptcy field; and
- (F) whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under this title.

11 U.S.C. § 330(a)(3)(A)-(F).

41. In addition to the factors set forth in Section 330(a)(3) of the Bankruptcy Code, in evaluating the reasonableness of attorneys' fees, Local Rule 2016-1(B)(1) (by reference to the "Guidelines for Compensation" located in the Procedures Manual that accompanies the Local Rules) requires that all professional fee applications analyze the factors for allowance of

compensation as set forth in *Johnson v. Georgia Highway Express*, 488 F.2d 714 (5th Cir. 1974) (the “**Johnson Factors**”); *see also P.A. Novelly v. Palans*, 960 F.2d 728 (8th Cir. 1992); *Chamberlain v. Kula*, 213 B.R. 729, 736-39 (B.A.P. 8th Cir. 1997).

42. Foley submits that this Application satisfies Bankruptcy Code section 330 and the *Johnson Factors*, as outlined below:

- a. **The time and labor required.** As stated above, Foley’s attorneys and paraprofessionals have expended 2,098.80 hours during the Compensation Period as special counsel to the Debtors. The actual time Foley has expended on behalf of the Debtors is set forth in detail in **Exhibit E**, which sets forth a detailed itemization of hourly work billed for Foley’s services. Foley created the time records contemporaneously with the rendition of the hourly services described therein. The time Foley expended is commensurate with the size and complexity of the Chapter 11 Cases and the significant and often times urgent legal and business issues raised. All of the time spent was necessary and appropriate in these Chapter 11 Cases to ensure that the Debtors maximized the value of their estates through a successful Sale Transaction and an efficient wind down of those estates following the closing of the Sale Transaction, all in coordination with the Debtors, Weil, and the Debtors’ other advisors. In addition, Foley professionals provided advice regarding the IP Matters on a fixed-fee basis, the invoices for which are set forth in **Exhibit F**.
- b. **The novelty and difficulty of the questions.** The Chapter 11 Cases involve complex facts resulting from the nature of the Debtors’ manufacturing business, including the Debtors’ foreign operations. Without limitation, the Debtors conducted business with a large and diverse group of customers, vendors, lessors, and counterparties to executory contracts, many of which have been active creditors in the Chapter 11 Cases. Moreover, the Chapter 11 Cases presented difficult legal issues, including, without limitation, issues related to: (i) disputes in connection with the Sale Transaction and a settlement with the Committee and the PBGC related to those disputes; (ii) certain issues involving the Debtors’ foreign operations and intellectual property interests; and (iii) the Debtors’ liability insurance coverage and treatment of insured claims. Foley’s effective advocacy and creative approach helped clarify and resolve a number of complex issues as described in this Application and the detailed time records set forth in **Exhibit E**.
- c. **The skill requisite to perform the legal services properly.** The matters and issues in the Chapter 11 Cases requiring Foley’s attention, as described above, have required considerable knowledge of bankruptcy law and other legal areas and substantial investigation of facts necessary to support the Sale Transaction and the treatment of numerous claims in connection with the Chapter 11 Cases. The issues that arose in these cases required the Debtors to draw upon the expertise of various specialists and practitioners from multiple practice areas, including, without limitation, corporate, finance, real estate, intellectual property, product liability,

and insurance. Foley submits that its historic representation of the Debtors prior to the filing of these Chapter 11 Cases allowed its personnel to more efficiently and effectively represent the Debtors as special counsel, particularly in light of Foley's institutional knowledge of the Debtors' business operations and corporate structure.

- d. **The preclusion of other employment by the attorney due to acceptance of the case.** Due to the size of Foley's bankruptcy and business reorganization department, Foley's representation of the Debtors did not preclude its acceptance of new clients.
- e. **The customary fee.** The rates charged by the Foley attorneys and paraprofessionals in these Chapter 11 Cases are the same rates charged by Foley in connection with non-bankruptcy work. The professional fees sought herein are based upon Foley's normal hourly rates for services of this kind. Foley respectfully submits that the professional fees sought herein are not unusual given the magnitude and complexity of these Chapter 11 Cases and the time expended in representing the Debtors as special counsel, and are commensurate with fees Foley has been awarded in other cases, as well as with professional fees charged by other attorneys of comparable experience.
- f. **Whether the fee is fixed or contingent.** With respect to the hourly matter, Foley's fees in the Chapter 11 Cases are based upon the hourly billing rates of Foley's attorneys and paraprofessionals. With respect to the IP Matters, Foley's fees are based upon a fixed-fee arrangement. As in all bankruptcy cases, however, fees for professionals are subject to court approval and the availability of funds in the Debtors' estates. In this limited sense, Foley's fees are contingent in nature. Foley's expectation upon accepting this representation was that it would receive (a) hourly compensation for professional services rendered as special counsel to the Debtors at its customary rates, and (b) fixed fees for the IP Matters, consistent with Foley's historic billing arrangements with the Debtors regarding such matters.
- g. **Time limitations imposed by the client or the circumstances.** As described above, Foley was required to attend to certain issues arising in these Chapter 11 Cases in compressed and urgent timeframes. For example, due to various milestones imposed by the Debtors' lenders, it was imperative that the Sale Transaction be consummated in an expeditious manner to avoid the occurrence of events of default and the unnecessary diminution in the value of the Debtors' estates. Given these pressures, Foley was required to work closely with the Debtors, Weil, and the Debtors' other advisors to ensure that all work related to the Sale Transaction was performed efficiently and in a manner that would ensure its success. Foley attorneys also participated in time-sensitive discussions with certain parties in interest to finalize the terms of the Debtors' DIP Financing facility, floorplan financing, and constraints imposed on the sale process by the Debtors' lenders. Following the closing of the Sale Transaction, Foley attorneys shifted their focus to assisting Weil in the formulation of a wind-down strategy and filing of a chapter 11 plan to ensure the expeditious prosecution of a chapter 11 plan in these cases.

- h. **The amount involved and the results obtained.** During the Compensation Period, Foley assisted the Debtors and their other advisors with respect to, among other things, the stabilization of the Debtors' business operations following the Petition Date and the consummation of a Sale Transaction with a purchase price of \$550 million. With Foley's assistance, and close and effective coordination with Weil and the Debtors' other advisors, the Debtors were able to close the Sale Transaction in a little over 60 days after the Petition Date. Foley submits that the fees requested in this Application are reasonable and appropriate in light of the results obtained on behalf of the Debtors thus far in the Chapter 11 Cases.
- i. **The experience, reputation, and ability of the attorneys.** Foley has a large and sophisticated business bankruptcy and reorganization practice and is playing and has played a major role representing clients in numerous cases of national import including, for example: *In re Diamondback Industries, Inc.*, Case No. 20-41504 (Bankr. N.D. Tex.) (engaged as debtors' bankruptcy counsel); *In re PNW Healthcare Holdings, LLC*, Case No. 19-43754 (Bankr. W.D. Wash.) (same); *In re Highland Capital Management, L.P.*, Case No. 19-34054 (Bankr. N.D. Tex.) (engaged as debtors' special Texas counsel); *In re Reagor-Dykes Motors, LP*, Case No. 18-50214 (Bankr. N.D. Tex.) (engaged as debtors' bankruptcy counsel); *In re Exco Services, Inc.*, Case No. 18-30167 (Bankr. S.D. Tex.) (same); *In re Hooper Holmes, Inc. d/b/a Provant Health*, Case No. 18-23302 (Bankr. S.D.N.Y.) (same); *In re Preferred Care Inc.*, Case No. 17-44642 (Bankr. N.D. Tex.) (same); *In re Universal Cooperatives, Inc.*, Case No. 14-11187 (Bankr. D. Del.) (same); *In re AgFeed USA, LLC*, Case No. 13-11761 (Bankr. D. Del.) (engaged as debtors' special counsel); and many others. Foley's wide-ranging experience has enabled it to perform the services described in this Application competently and expeditiously. In addition to its expertise in the area of business bankruptcies and reorganizations, Foley called upon the expertise of its partners and associates in other practice areas—including, but not limited to, labor and employment, real estate, intellectual property, products liability, and insurance—to perform the wide ranging scope of legal work necessitated by these Chapter 11 Cases.
- j. **The "undesirability" of the case.** These Chapter 11 Cases are not undesirable. However, Foley has had to draw from significant firm resources as special counsel to the Debtors, without absolute certainty as to compensation or reimbursement.
- k. **The nature and length of the professional relationship with the client.** Foley has acted as counsel to the Debtors for over 20 years and has rendered services continuously to the Debtors from that date to the present.
- l. **Awards in similar cases.** Foley submits that the fees and expenses for which it seeks compensation and reimbursement in this Application are not excessive and are commensurate with the rates awarded in similar cases in this district for similar services rendered and results obtained. The fees requested by Foley are more fully described in the invoices attached to this Application. After taking into consideration the time and labor spent thus far, and the nature and extent of the

representation, Foley submits that the allowance requested in this Application is reasonable and should be approved.

43. Foley respectfully submits that the services for which it seeks compensation and the expenditures for which it seeks reimbursement pursuant to this Application were necessary for and beneficial to the Debtors' administration of their estates. The expenditures for which Foley seeks reimbursement are consistent with expenses that are customarily charged by Foley to non-bankruptcy clients. Foley has worked diligently to anticipate and respond to the Debtors' needs in these Chapter 11 Cases, and respectfully submits that the services and expenditures described in this Application were necessary to, and in the best interests of, the Debtors' estates and their creditors. Foley further submits that the services its professionals and paraprofessionals provided to the Debtors were performed economically, effectively, and efficiently. The services provided by Foley were consistently performed in a timely manner, commensurate with the complexity, importance, novelty, and nature of the issues involved. Accordingly, Foley respectfully submits that the compensation and reimbursement of expenses requested herein is reasonable and economical in light of the nature, extent, and value of such services to the Debtors, their estates, and all parties-in-interest.
