This time detail, representing

\$2,757.50 in fees, is included within Exhibit A.

**ALLOWANCE OF COMPENSATION AND
ACTUAL AND NECESSARY EXPENSES**

12. Because of the benefits realized by the Debtors, the nature of services provided, the amount of work done, the time consumed and the skill required, Deloitte & Touche requests that it be allowed, on a final basis, compensation for the professional services rendered during the Final Application Period in the sum of \$249,417.50.

13. During the Final Application Period, allowance of compensation in the amount requested would result in a blended hourly billing rate for professionals of approximately \$138.61.

14. Deloitte & Touche respectfully submits that the professional services rendered by Deloitte & Touche on behalf of the Debtors during the Final Application Period were reasonable, necessary and appropriate to the administration of these chapter 11 cases and related matters.

15. As set forth in Exhibit B attached hereto, Deloitte & Touche has disbursed, and requests reimbursement for, a total of \$234.00 in expenses on behalf of the Debtors in providing professional services during the Final Application Period, which represents actual, necessary expenses incurred in the rendition of professional services in these cases.

16. Deloitte & Touche believes that the actual expenses incurred in providing professional services during the Final Application Period were necessary, reasonable and justified under the circumstances to provide services for the Debtors in these cases.

**DELOITTE & TOUCHE'S REQUESTED FEES SHOULD BE ALLOWED
BY THIS COURT**

17. Section 330 provides that a court may award a professional employed under section 327 of the Bankruptcy Code "reasonable compensation for actual, necessary services rendered . . . and reimbursement for actual, necessary expenses." 11 U.S.C. § 330(a)(1). Section 330 sets forth the criteria for the award of compensation and reimbursement:

In determining the amount of reasonable compensation to be awarded . . . the court shall consider the nature, the extent, and the value of such services, taking into account all relevant factors, including –

- (a) the time spent on such services;
- (b) the rates charged for such services;
- (c) whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under this title;
- (d) whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed;
- (e) with respect to a professional person, whether the person is board certified or otherwise has demonstrated skill and experience in the bankruptcy field; and
- (f) whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under this title.

11 U.S.C. § 330(a)(3).

18. In the instant case, Deloitte & Touche respectfully submits that the services for which it seeks compensation in this Final Application Period were necessary for and beneficial to the Debtors and were performed economically, effectively, and efficiently. Deloitte & Touche further submits that the compensation requested herein is reasonable in light of the nature, extent, and value of such services to the Debtors. Further, in accordance with the factors enumerated in section 330 of the Bankruptcy Code, the amount of fees requested is fair and reasonable given: (i) the complexity of these cases; (ii) the time expended; (iii) the nature and extent of the services rendered; (iv) the value of such services; and (v) the costs of comparable services other than in a case under the Bankruptcy Code. Accordingly, the approval of the compensation sought herein is warranted.

CERTIFICATE OF COMPLIANCE AND WAIVER

19. The undersigned representative of Deloitte & Touche certifies that Deloitte & Touche has reviewed the requirements of rule 2016(a) of the Local Rules and that the Final Fee Application substantially complies with that Local Rule. To the extent that the Final Fee

Application does not comply in all respects with the requirements of Local Rule 2016(a), Deloitte & Touche believes that such deviations are not material and respectfully requests that any such requirement be waived.

WHEREFORE, Deloitte & Touche respectfully requests that the Court enter an order: (i) granting the final allowance of compensation for professional services rendered to the Debtors by Deloitte & Touche during the Final Application Period in the amount of \$249,417.50; (ii) granting the reimbursement of \$234.00 of the actual and necessary costs and expenses incurred by Deloitte & Touche in these cases during the Final Application Period; (iii) authorizing and directing the Debtors to pay such amounts to Deloitte & Touche; and (iv) granting such other and relief as may be just and proper.
