Hi-Crush Inc. Case Number 302

My Response is directed to all who object to my claim and AAM. The reorganization, a plan will classify holders as secured creditors, unsecured creditors entitled to priority, general unsecured creditors, and equity security holder, under chapter 11.

The shares holder did not cause the bankruptcy. SMART SAND, INC., US Slick Holding, Inc., company in the same business, some with less assets, did not file bankruptcy.

CEO, other executives at the Fracking sand supplies collected tens of millions of dollars from sales of assets to Hi-Crush, from ~~sales~~ stock purchased made just ahead of a share buyback, and from bonus issued days before the company filed for chapter 11 bankruptcy in July this year.
