15. The fees charged by Morrison & Foerster in these cases are billed in accordance with Morrison & Foerster's existing billing rates and procedures in effect during the Third Interim Application Period. The rates Morrison & Foerster charges for the services rendered by its professionals and paraprofessionals in these Chapter 11 Cases generally are the same rates Morrison & Foerster charges for professional and paraprofessional services rendered in comparable bankruptcy and non-bankruptcy related matters. Such fees are reasonable based on the customary compensation charged by comparably skilled practitioners in comparable bankruptcy and similar complex non-bankruptcy cases.

16. Morrison & Foerster prepared a budget (the "Budget") and a staffing plan (the "Staffing Plan") for Morrison & Foerster's engagement for the period from December 1, 2023 through February 29, 2024. The Budget and Staffing Plan were developed prior to filing this Application and were approved by the Committee's chair. The Budget, which includes a comparison to the fees and hours actually billed for each task, is attached hereto as Exhibit C and the Staffing Plan is attached as Exhibit D. The fees sought in this Application do not exceed the Budget.

17. Attached hereto as Exhibit E is a summary breakdown of hours and amounts billed by timekeeper. The summary sheet lists those Morrison & Foerster professionals, paraprofessionals, and other non-legal staff who have performed services for the Committee during the Third Interim Application Period, the capacities in which each individual is employed by Morrison & Foerster, the department in which each individual practices, the hourly billing rate charged by Morrison & Foerster for services performed by such individual, the year in which each

attorney was first licensed to practice law, where applicable, and the aggregate number of hours expended in this matter and fees billed therefor.

18. Attached hereto as **Exhibit F** is a schedule of the total amount of fees incurred under each of Applicant's internal task codes during the Application Period.

19. Attached hereto as **Exhibit G** is a summary and comparison of the aggregate blended hourly rates billed by Morrison & Foerster's New York timekeepers to non-bankruptcy matters during the preceding year and the blended hourly rates billed to the Committee during the Application Period.

20. Attached hereto as **Exhibit H** is a summary for the Third Interim Application Period, setting forth the total amount of reimbursement sought with respect to each category of expenses for which Morrison & Foerster is seeking reimbursement.

21. Morrison & Foerster maintains computerized records of the time spent by all Morrison & Foerster attorneys and paraprofessionals in connection with these Chapter 11 Cases. Copies of these computerized records were filed and served with Morrison & Foerster's monthly fee statements in the format and by the procedure specified by the Interim Compensation Order. Copies of the monthly fee statements together with the time records are attached hereto as **Exhibit I**.

22. Morrison & Foerster reserves the right to request additional compensation for the Third Interim Application Period to the extent that it is later determined that time or disbursement charges for services rendered or disbursements incurred during such time period have not yet been submitted.

SUMMARY OF SERVICES RENDERED

23. The following narrative provides a brief summary of the services rendered by Morrison & Foerster on behalf of the Committee organized by project billing codes which

Applicant created to best reflect the categories of tasks that it was required to perform in connection with these Chapter 11 Cases. Nevertheless, under the circumstances, and given the interconnectedness of the issues in these Chapter 11 Cases, certain of these categories may overlap with one another and it is possible that fees attributed to a particular category could have been attributed to other categories. For the avoidance of doubt, however, no work performed by Applicant has been included in more than one task code category.

24. The summary that follows is not intended to be a detailed description of the work performed by Morrison & Foerster during the Third Interim Application Period, as those day-to-day services and the time expended in performing such services are fully set forth in the contemporaneous time records that are attached as **Exhibit I**. BASIS FOR THE RELIEF REQUESTED

47. Section 331 of the Bankruptcy Code provides for interim compensation of professionals not more than once every 120 days after the commencement of the cases (or more often as the court may permit) and incorporates the substantive standards of section 330 to govern the Court’s award of such compensation. *See* 11 U.S.C. § 331. Section 330 provides that a court may award a professional employed under section 327 of the Bankruptcy Code “reasonable compensation for actual, necessary services rendered [and] reimbursement for actual, necessary expenses.” 11 U.S.C. § 330(a)(1).

48. Section 330 also sets forth the criteria for the award of such compensation and reimbursement:

In determining the amount of reasonable compensation to be awarded to . . . [a] professional person, the court shall consider the nature, the extent, and the value of such services, taking into account all relevant factors, including –

- A. the time spent on such services;
- B. the rates charged for such services;
- C. whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under this title;
- D. whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed;
- E. with respect to a professional person, whether the person is board certified or otherwise has demonstrated skill and experience in the bankruptcy field; and
- F. whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under this title.

11 U.S.C. § 330(a)(3). These six factors have been affirmed as the relevant factors to be considered by the United States Court of Appeals for the Fifth Circuit. *See In re Crager*, 691 F.3d 671, 676 (5th Cir. 2012).

49. Under the standards customarily applied to fee awards under sections 330 and 331 of the Bankruptcy Code, Morrison & Foerster submits that its request for compensation and reimbursement of expenses is for services that were, at the time rendered, believed to be necessary, reasonable, and proper, and that such request should be allowed in the requested amount. The professional services rendered by Morrison & Foerster on behalf of the Committee have required the expenditure of substantial time and effort, as well as a high degree of professional competence and expertise, in order to deal with the many issues encountered with skill and dispatch. Morrison & Foerster respectfully represents that the services rendered by it were performed efficiently, effectively, and economically. Whenever possible, Morrison & Foerster sought to minimize the costs of its services to the Committee by utilizing junior attorneys and paraprofessionals to handle the more routine aspects of case administration. Morrison & Foerster did not duplicate or overlap services and billing with MWE.

50. Morrison & Foerster submits that the fees sought herein are based upon Morrison & Foerster's normal hourly rates for services of this kind, and that the hourly rates of its professionals are not unusual given the time expended in attending to the representation of the Committee. Morrison & Foerster's hourly rates and the fees requested herein are both reasonable and commensurate with fees Morrison & Foerster has been awarded in other chapter 11 cases, with fees charged by other attorneys of comparable experience, and with fees charged by attorneys in cases other than cases under this title.

51. These Chapter 11 Cases necessarily involve a significant number of novel or difficult issues in areas such as restructuring, litigation, and corporate finance. During these cases, Morrison & Foerster provided assistance to the Committee and worked closely with the Committee's professionals and with the Debtors and their professionals on numerous complex issues involving, inter alia, the Committee's investigation into the Debtors' prepetition transactions. Morrison & Foerster's efforts and effective assistance has and will continue to maximize value for the benefit of the estate and its stakeholders and facilitate resolutions of such challenges.

52. Morrison & Foerster submits that the attorneys providing services to the Committee in these Chapter 11 Cases have demonstrated skill and experience in the bankruptcy field. Morrison & Foerster's attorneys practice extensively in the fields of bankruptcy and corporate restructuring, litigation, real estate, tax, corporate, finance and business transactions, employment, environmental, and other related areas of the law. Morrison & Foerster has represented debtors, creditors, creditors' committees, fiduciaries, and numerous other parties in cases in bankruptcy courts throughout the country.

53. In sum, the services rendered by Morrison & Foerster were necessary and beneficial to the Committee and were consistently performed in a timely manner commensurate with the complexity, importance, and nature of the issues involved. Accordingly, approval of the compensation for professional services and reimbursement of the expenses sought herein is warranted.

54. No previous application for the relief sought herein has been made to this or any other Court.

WHEREFORE, Morrison & Foerster respectfully requests that the Court:

- (a) approve the allowance of \$4,411,153.25 for compensation for professional services rendered to the Committee by Morrison & Foerster during the period from December 1, 2023 through and including February 29, 2024;
- (b) approve the reimbursement of \$167,892.12 for Morrison & Foerster's out-of-pocket expenses incurred in connection with the rendering of such services during the period from December 1, 2023 through and including February 29, 2024;
- (c) authorize and direct the Debtors to immediately pay to Morrison & Foerster the unpaid portion of such allowed fees and expenses; and
- (d) award such other relief as the Court deems just and proper.

² In Morrison & Foerster's second interim fee application [D.I. 1501], Mr. MacCardle's hourly rate for 2023 was incorrectly listed as \$470.00. However, Mr. MacCardle's correct 2023 hourly rate of \$515.00 was listed in all monthly fee statements for 2023 and has been corrected here.

³ The Research Services team leverages our expertise across offices to meet tight/urgent client deadlines in a timely and cost-effective manner. To enable this collaborative workflow, time billed by Research Services team members with the same hourly rate is consolidated into a single line-item on the Timekeeper Summary sections of client bills.

| Total Blended Rate (Attorneys, Paraprofessionals) | \$1,027.18 | \$1,091.68 |

¹ Consistent with ¶ C.3 of the U.S. Trustee Guidelines, the blended hourly rates set forth herein are calculated by dividing the dollar value of hours billed by the number of hours billed for the relevant timekeepers during the applicable time period.

² In accordance with the U.S. Trustee Guidelines, the “Non-Bankruptcy Blended Rate” was calculated using data for timekeepers in each of the Applicant’s domestic offices in which timekeepers collectively billed at least ten percent (10%) of the hours to the Debtors’ Chapter 11 Cases during the Application Period and excludes all bankruptcy timekeepers. The data for the “preceding year” is based on information from Morrison & Foerster’s financial information for the period of March 1, 2023 through February 29, 2024.

³ The aggregate blended rates charged by Morrison & Foerster during the Application Period take into account the client accommodations for time entry review (100% of such fees incurred are written off) and non-working travel (50% of such fees incurred are written off).

⁴ Morrison & Foerster’s Research Services paraprofessionals are physically located across a number of Morrison & Foerster’s domestic offices, and the Research Services department is not assigned to a particular domestic Morrison & Foerster office. Consequently, the non-bankruptcy blended rate for “Research Services” paraprofessionals reflects the billing rate for Research Services paraprofessionals across multiple of Morrison & Foerster’s domestic offices.
