Footnote:

[1] Certain intercompany balance generated post-petition relate to the NVN Liquidation, Inc. (f/k/a Novan, Inc.) joint administration of Case 23-10937 and Case 23-10938. As part of the joint administration of the bankruptcy proceedings, certain transactions and amounts have been recorded on the books and records of NVN Liquidation, Inc. rather than EPI Health, LLC, due to the nature of the underlying general ledger and accounting system. Post-petition adjustments specifically impacting either Debtor have been reflected within the intercompany account balances accordingly.

Prior to the petition date, the Debtors recorded intercompany assets and liabilities through one intercompany account. The intercompany account recorded transactions, including, but not limited to, transfers of cash, disbursements and other financial reporting adjustments related to the operations of the Debtor and its subsidiaries on a consolidated basis. The pre-petition intercompany balance was generated by transactions which were based on the consolidated operations of the Debtors, not on an arm's length basis. For example, there were no intercompany allocation of certain operating and non-operating expenses to EPI Health, LLC from NVN Liquidation, Inc. Such allocations, if recorded, would have impacted the pre-petition intercompany balances.
