

Memorandum, Request and OBJECTION

TO: Bankruptcy Court

FROM: Edmund McGarey

Case Number: 18-10518 (KG)

Upon receipt of grant of motion to not pay my Executory Contract by Orexigen Therapeutics Inc., I respectfully OBJECT through this memorandum.

Per my previous request via the paperwork filed, I am owed a sales bonus earned through February 2018 which was promised multiple time but not paid. Promises were made to pay even after the formal March date of Bankruptcy. These promises were made by HR Director Amy Fox and National Sales Director Elizabeth Eastland via phone conversations and publishing to not just me but my counterpart Senior Regional Sales Managers.

I am requesting special treatment since I was the first of the remote-located National Sales Management Team hired and was an important part through the personal recruitment of a majority of the rest of the team. Without that team, Orexigen would not have been able to generate the income they did. My small bonus owed is certainly a reasonable request given my impact on the sales management team and the promises made.

Thank you for consideration of this request.
