CASE NAME:	<u>Plastiq Inc., et al.</u>
CASE NUMBER:	<u>23-10671 (BLS)</u>
PETITION DATE:	<u>May 24, 2023</u>

#### NOTES AND DISCLAIMERS REGARDING THE DEBTORS' MONTHLY OPERATING REPORT

On May 24, 2023 (as applicable to each Debtor, the "Petition Date"), Plastiq Inc. and certain of its affiliated debtors, as debtors (collectively, the "Debtors"), each commenced with the United States Bankruptcy Court District of Delaware (the "Bankruptcy Court") a voluntary case under chapter 11 of title 11 of the United States Code (the "Bankruptcy Code"). The Debtors are authorized to continue operating their businesses and managing their properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. On May 25, 2023, the Bankruptcy Court entered an order authorizing the joint administration of these cases pursuant to Rule 1015(b) of the Federal Rules of Bankruptcy Procedure.

1) General Methodology: The Debtors are filing this monthly operating report (the "MOR") solely for purposes of complying with the monthly operating reporting requirements of the Debtors' chapter 11 cases. The financial information contained herein is unaudited, limited in scope and, as such, has not been subjected to procedures that would typically be applied to financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The MOR should not be relied on by any persons for information relating to current or future financial condition, events, or performance of any of the Debtors or their affiliates, as the results of operations contained herein are not necessarily indicative of results that may be expected from any other period or for the full year, and may not necessarily reflect the combined results of operations, financial position, and schedule of receipts and disbursements in the future. There can be no assurance that such information is complete. The MOR may be subject to material future revision. The following notes, statements and limitations should be referred to, and referenced in connection with, any review of the MOR.

2) Basis of Presentation: This MOR only contains financial information of the Debtors, unless otherwise noted. For the purposes of MOR reporting, the accompanying Balance Sheets and Statement of Operations of the Debtors have been prepared with the Debtors' reasonable efforts to report certain financial information of each Debtor on an unconsolidated basis. The Debtors used reasonable efforts to attribute the assets and liabilities to each particular Debtor entity. In preparing the MOR, the Debtors relied on financial data derived from their books and records that was available at the time of preparation. Nevertheless, in preparing this MOR, the Debtors made reasonable efforts to supplement the information set forth in their books and records with additional information concerning transactions that may not have been identified therein. Subsequent information or discovery may result in material changes to the MOR and errors or omissions may exist. The MOR has been developed to the best of the Debtors' knowledge and ability. Notwithstanding any such discovery, new information or errors or omissions, the Debtors do not undertake any obligation or commitment to update this MOR. Except as previously noted, the financial statements presented herein reflect the book values of the Debtors and, as a result, do not reflect the going concern valuation of the Debtors. The Debtors are not liable for and undertakes no responsibility to indicate variations from securities laws or for any evaluations of the Debtors based on this financial information or any other information.

3) Reporting Period: Unless otherwise noted herein, the MOR generally reflects the Debtors' books and records and financial activity occurring during the applicable reporting period. Except as otherwise noted, no adjustments have been made for activity occurring after the close of the reporting period.

4) Cash and Cash Equivalents / Restricted Cash: Being money transmitters, certain Debtors have authority to and do maintain settlement asset accounts to hold cash received from customers. Some of these accounts are designated as For Benefit Of ("FBO") accounts and have been recorded on the Debtors' balance sheets for operational purposes, but are not property of the estates. Additionally, certain cash accounts consist of deposits and reserves held with payment processors and issuing banks that assist the Debtors in executing payment transactions. Given that reconciliations have not been prepared by the Debtors, book balance and bank balance could materially differ. These customer settlement accounts are excluded for purposes of calculating period receipts, disbursements and associated UST fees.

5) Settlement Assets and Liabilities: Comprised of amounts collected from the Debtors' customers and amounts to be remitted to merchants. These funds typically settle within two to four business days.

6) Funds Receivable - Amounts arising due to the timing difference between when customer funds are settled or received from payment processors and when the funds are disbursed or paid to the designated payees. Due to a clearing period before the cash is settled in the Debtors' accounts, usually two to four business days, and when the Debtors initiate disbursement, there are instances when the Debtors would disburse the customer funds before settlement occurs. In these instances, the Debtors classifies these disbursements as funds receivable.

7) Intercompany Transactions: Prior to the Petition Date, the Debtors routinely engaged (and continue to engage) in intercompany transactions with Debtors and non-Debtor affiliates. Intercompany transactions between the Debtors and non-Debtor affiliates have not been eliminated in the financial statements contained herein. Due to the nature of intercompany transactions with Debtors and non-Debtor affiliates, these accounts may not reconcile on the reported financial statements. No conclusion as to the legal obligation related to these intercompany transactions has been made by their presentation herein.

8) Capitalized Software: The Debtors capitalize certain costs to develop internal-use software and amounts are amortized over the software's determined useful life. These amounts do not reflect market value of the software, nor do they indicate that such software can be sold or licensed.

9) Operating Lease Assets and Liabilities: Represent the present value of future lease payments for each lease and also include any prepaid lease payments and lease incentives.

10) Investment in Subsidiaries: The Debtors have several operating and non-operating domestic and international affiliates. The balance sheet line item representing the investments in these affiliates reflects the net book value, rather than current market value, of the investments and may not reflect the market value of the investments in such affiliates.

11) Accrued Expenses and Other Current Liabilities: The Debtors have accounted for postpetition accrued bankruptcy related professional fees. All prepetition accrued expenses were excluded from Schedules of Assets and Liabilities ("SOAL").

12) Short Term Debt: Cumulative forecasted accrued principal and interest created for book-keeping purposes. Respective creditors have been included in the SOAL.

13) Other Long Term Liabilities: Includes sublease deposit which was accounted for in the SOAL.

14) Reservation of Rights: The Debtors reserve all rights to amend or supplement the MOR in all respects, as may be necessary or appropriate. Nothing contained in this MOR shall constitute a waiver of any of the Debtors' rights or an admission with respect to their chapter 11 cases.

15) Liabilities Subject to Compromise ("LSTC"): LSTC represent the Debtors' estimate of prepetition claims to be resolved in connection with the chapter 11 cases. As a result of the chapter 11 filings, prepetition liabilities are subject to adjustment, compromise, or other treatment under a plan of reorganization or plan of liquidation (if any). Accordingly, the ultimate amount of such liabilities is not determinable at this time. Prepetition liabilities that are subject to compromise under the Financial Accounting Standards Board's Accounting Standards Codification 852 – Reorganizations ("ASC 852") are preliminary and may be subject to, among other things, future adjustments depending on Court actions, further developments with respect to disputed claims, determinations of the secured status of certain claims, the values of any collateral securing such claims, rejection of executory contracts, continued reconciliation, payment of such amounts subject to orders granting first day motions or other events. The consolidated total of secured, priority, and general unsecured claims reported in the SOAL may vary materially compared to the presented LSTC as the Debtors continue the claims reconciliation process. In addition, certain unliquidated claims were listed with no claim balance in the SOAL while the Debtors report them as pre-petition liabilities for reporting purposes, which increases the total LSTC.

16) Debtors and Committee Professional Fees: Certain professionals retained by the Debtors and the Unsecured Creditors' Committee are required to file fee applications and obtain approval of the Court prior to receiving compensation for services rendered during the postpetition period. No fee applications have been approved or compensation has been paid to these professionals in the current period. Any disbursements relating to Debtors or Committee professionals represents cash transfers to the professional fee escrow account.
