Dear Honorable Judge Mitchell,  
I AM A 69 year old retired  
COAL miner. I retired from  
WALTER Energy.

I AM writing you because  
of my fear of loosing my  
health insurance. I, along  
with hundreds of other  
retired miners desperately  
need our health insurance,  
I worked 29 years for WALTER  
Energy believing A contract  
was a binding Agreement.  
I could have worked other  
jobs, but I believed A contract  
with health insurance was worth  
working in such dangerous, dirty  
and hard conditions.

I Am Asking that you consider  
the retired coal miners who  
desperately need their health  
insurance, when you render  
your decision.

Sincerely,  
Jerome Handley
