BACKGROUND

1. In performance of audit procedures and in preparation of this report designed to quantify and present factual data relevant to the requested fees, disbursements and expenses contained herein, DFR reviewed the monthly fee statement and the Application, including each of the billing and expense entries listed in the exhibits to the monthly statements, for compliance with 11 U.S.C. § 330, Rule 2016-1 of the Local Rules of the United States Bankruptcy Court for the Northern District of Alabama (“Local Rules”).
2. DFR did not prepare informal memos related to monthly fee applications of the Firm. We included our questions and issues in an initial report and this final report. We have included all responses and any recommended resolutions in this final report.

DISCUSSION

3. For the compensation period of April 1, 2021 through September 30, 2021 the Firm submitted fee applications in the amount of \$40,360.00 as actual, reasonable and necessary fees and for expense reimbursement of \$36.27. For the Fee Application period, we identified \$3,342.50 as related to fee application preparation.
4. We deem it generally acceptable to have a maximum of 3% of total time charged in preparing fee applications. For Firms with more limited involvement, we consider an alternative standard of less than \$50,000 in total spent on preparing fee applications. We apply these guidelines on a cumulative basis. We evaluate these charges with consideration to the length of time of the case and the practice experience of the firm. In each application we review every entry for substance and to determine the correct allocation without regard for materiality. We noted that cumulatively through this period the Firm has charged

\$25,025.00 related to fee applications on a cumulative basis and we have calculated that 2.7% of the fees billed related to fee applications on a cumulative basis. We do not have an objection to the amount of fees charged for fee application preparation in this fee application based upon our review and procedures and we deem the amount to be reasonable.

5. Pursuant to the Guidelines, administrative or general costs incident to the operation of the applicant's office and not particularly attributable to an individual client or case are not reimbursable. We noted entries that seemed to reflect administrative activity that would not be charged to the estate such as billing or collection. We requested that the Firm confirm that these are solely related to fee application preparation or adjust the fees if appropriate. The Firm agreed to withdraw the entries listed in Exhibit A. We recommend that fees be reduced by \$237.50.
6. All motions shall include complete and detailed activity descriptions; each activity description shall include the type of activity; each activity description shall include the subject matter and shall be sufficiently detailed to allow the Court to determine whether all the time, or any portion thereof, is actual, reasonable, and necessary. Our procedures applied to the monthly fee applications identified entries with descriptions which we consider vague or insufficient or non-substantive. We requested and the Firm agreed to instruct timekeepers to avoid or stop the use of vague activity descriptions such as "work on" and "work".

7. Our review and procedures applied to the fee statement and the Fee Applications, including each of the billing and expense entries listed in the exhibits to the fee statement did not disclose any other material issues or questions.

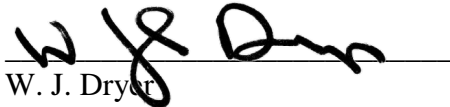

CONCLUSION

8. Regarding the application and the fees and expenses discussed in the previous sections, DFR submits its final report for the Twelfth Application Request of Dentons Sirote PC for compensation for services rendered and reimbursement of expenses as Counsel for the Interim Chapter 7 Trustee for the compensation period from April 1, 2021 through September 30, 2021 and we recommend the approval of the fees of \$40,122.50 (\$40,360.00 minus \$237.50) and reimbursement of expenses in the amount of \$36.27.
