## **BACKGROUND**

1. In performance of audit procedures and in preparation of this report designed to quantify and present factual data relevant to the requested fees, disbursements and expenses contained herein, DFR reviewed the monthly fee statement and the Application, including each of the billing and expense entries listed in the exhibits to the monthly statements, for compliance with 11 U.S.C. § 330, Rule 2016-1 of the Local Rules of the United States Bankruptcy Court for the Northern District of Alabama (“Local Rules”).
2. DFR did not prepare informal memos related to monthly fee applications of the Firm. We have included our questions and issues in this report. We included all responses and any recommended resolutions in this final report.

## **DISCUSSION**

1. For the compensation period of January 1, 2024 through December 31, 2024 the Firm submitted fee applications in the amount of \$25,079.40 as actual, reasonable and necessary fees and for expense reimbursement of \$402.45. For the Fee Application period, \$992.00 was disclosed as related to fee application preparation.
2. We deem it generally acceptable to have a maximum of 3% of total time charged in preparing fee applications. For Firms with more limited involvement, we consider an alternative standard of less than \$50,000 in total spent on preparing fee applications. We apply these guidelines on a cumulative basis. We evaluate these charges with consideration to the length of time of the case and the practice experience of the firm. We noted that cumulatively through this period the Firm has charged \$9,870.80 related to fee applications

on a cumulative basis and we have calculated that 3.8% of the fees billed related to fee applications on a cumulative basis. We do not have an objection to the amount of fees charged for fee application preparation in this fee application based upon our review and procedures and we deem the amount to be reasonable.

3. Our procedures applied to the monthly fee applications for identified an entry where travel time was included. We requested and the Firm confirmed that travel time was charged at ½ of the time travelled. Since no adjustment is required, no exhibit has been included.
4. All motions shall include complete and detailed activity descriptions; each activity description shall include the type of activity; each activity description shall include the subject matter and shall be sufficiently detailed to allow the Court to determine whether all the time, or any portion thereof, is actual, reasonable, and necessary. Our procedures applied to the monthly fee applications identified the entry with a description which we consider vague or insufficient or non-substantive. We requested and the Firm provided the subject matter for the requested entry. Since no adjustment is required, no exhibit has been included.
5. Our review and procedures applied to the fee statement and the Fee Applications, including each of the billing and expense entries listed in the exhibits to the fee statement did not disclose any other material issues or questions.

### **CONCLUSION**

6. Regarding the application and the fees and expenses discussed in the previous sections, DFR submits its final report for the Eighth Application Request of Edmond R. Denaburg

for compensation for services rendered and reimbursement of expenses as Accountant for the Chapter 7 Trustee for the compensation period from January 1, 2024 through December 31, 2024 and we recommend the approval of the fees of \$25,079.40 and reimbursement of expenses in the amount of \$402.45.
