THIS FIRST AMENDED AND RESTATED LIMITED PARTNERSHIP AGREEMENT (as amended and/or restated from time to time, the "Agreement"), dated this 1st day of November, 2012, by and among ATP III GP, Ltd., a Cayman Islands exempted company, as general partner (in its capacity as a general partner of the Partnership, the "General Partner"); Daniel P. Finkelman, as the withdrawing limited partner ("Finkelman"); and the Persons (as defined in Paragraph 18(j)) whose Subscription Agreements (as defined in Paragraph 1(e)) with the Partnership (as defined below) and the General Partner dated the date hereof for the purchase of limited partner interests in the Partnership have been accepted and who have executed (directly or by power of attorney) a counterpart to this Agreement, as limited partners (the "First Closing Limited Partners"). The First Closing Limited Partners, any additional limited partners admitted to the Partnership after the date of this Agreement, and any substituted limited partners admitted to the Partnership after the date of this Agreement, each in its capacity as a limited partner of the Partnership, are sometimes referred to herein collectively as the "Limited Partners". The General Partner and the Limited Partners are sometimes referred to herein collectively as the "Partners".

PRELIMINARY STATEMENT

The General Partner and Finkelman formed Apple Tree Partners IV, L.P., a Cayman Islands exempted limited partnership (the "Partnership") by executing the Initial Exempted Limited Partnership Agreement of the Partnership, dated October 29, 2012 (the "Original Agreement"), and by registering the Partnership as an exempted limited partnership with the Registrar of Exempted Limited Partnerships under the laws of the Cayman Islands on October 29, 2012.

The First Closing Limited Partners desire to be admitted to the Partnership as limited partners.

The General Partner and the First Closing Limited Partners desire to amend the Original Agreement as hereinafter provided, and in consideration of the premises and the agreements herein contained and intending to be legally bound hereby, agree as follows:

A. Immediately following the admission to the Partnership of the First Closing Limited Partners, Finkelman shall hereby withdraw from the Partnership as a limited partner, his contribution to the Partnership's assets (if any) as a limited partner shall be returned and he shall have no further interest in or obligation to the Partnership.

B. On the date first above written, upon execution of a counterpart to this Agreement by or on behalf of such Persons, (i) ATP III GP, Ltd. hereby continues as general partner of the Partnership and (ii) the First Closing Limited Partners are hereby admitted to the Partnership as limited partners of the Partnership.

C. The Original Agreement is hereby amended and restated in its entirety to read as follows:

The Partners agree to carry on an exempted limited partnership subject to the terms of this Agreement in accordance with the provisions of the Exempted Limited Partnership Law (2012 Revision) of the Cayman Islands (as the case may be amended from time to time, the "ELP Law").

1. Firm Name; Registered Office; Purposes; Powers; Specific Authorization; Currency.

(a) Firm Name. The name of the Partnership is Apple Tree Partners IV, L.P.

(b) Registered Office. The initial address of the Partnership's registered office in the Cayman Islands is at the offices of Maples Corporate Services Limited, P.O. Box 309, Ugland House, Grand Cayman, KY1-1104, Cayman Islands. The General Partner may change the Partnership's registered office to any other address in the Cayman Islands from time to time without the consent of any other Person. The General Partner shall provide notice of such change (and of any change in the registered office of the General Partner in the Cayman Islands) to the Limited Partners.

(c) Purposes. The sole purpose of the Partnership is to invest, through one or more entities directly or indirectly owned by the Partnership (each such entity, an "Intermediary"), in equity securities issued by Apple Tree Consolidated, SPRL, a to-be-formed Belgium private limited liability company ("ATC"), whose equity securities shall be owned, directly or indirectly through an Intermediary, by the Partnership. The sole purpose of ATC shall be to invest in pharmaceutical,

medical device and other medically-related business projects. Subject to the two preceding sentences, the Partnership and ATC shall have such other purposes that are necessary, convenient or related to the foregoing. Each Intermediary and ATC shall be wholly-owned, except for a de minimis number of equity securities owned by third parties to avoid unlimited liability, to comply with directors' qualifying share requirements, and the like.

(d) Powers. Subject to the terms and provisions hereof, the Partnership shall have all the powers available to it as an exempted limited partnership under the laws of the Cayman Islands.

(e) Specific Authorization. Notwithstanding any other provision of this Agreement, without the consent of any Limited Partner or other Person being required, the Partnership is hereby authorized to execute, deliver and perform, and the General Partner on behalf of the Partnership is hereby authorized to execute and deliver, (i) a subscription agreement with each Limited Partner, or the equivalent thereof in the case of a Limited Partner who will not have a Contingent Subscription (as defined in Paragraph 5(a)), for the purchase of such Limited Partner's interest in the Partnership (each, a "Subscription Agreement") and (ii) any agreement, document or other instrument contemplated thereby or related thereto, and (subject to any approvals expressly required by any such agreement, document or instrument or by this Agreement) any amendments thereto, and any such actions heretofore taken by the General Partner are hereby ratified. The General Partner is hereby authorized to enter into the agreements, documents and instruments described in the preceding sentence on behalf of the Partnership, but such authorization shall not be deemed a restriction on the power of the General Partner to enter into other documents on behalf of the Partnership.

(f) Functional Currency. The functional currency of the Partnership is the United States dollar. All capital contributions and cash distributions shall be made in United States dollars, and the Partnership's income, gains, losses and expenses will be calculated and reported in United States dollars.

2. General Partner.

(a) Name; Address. The name and address of the General Partner are set forth in the List of Partners (as defined in Paragraph 16(b)). The List of Partners shall be revised by the General Partner from time to time, without the consent of any other Person, to reflect any change in the name or address of the General Partner.

(b) Control. The management, policies and control of the affairs, and the conduct of business, of the Partnership shall be vested exclusively in the General Partner. The General Partner and Apple Tree Venture Management, LLC (the "Management Company") shall, at all times prior to any removal of the General Partner as general partner of the Partnership pursuant to Paragraph 4(a), be owned exclusively by Dr. Seth L. Harrison ("Dr. Harrison").

(c) Management Agreement. The General Partner shall cause ATC to enter into a management agreement with the Management Company, in the form attached hereto as Schedule A (as amended from time to time, the "Management Agreement"). The Management Agreement shall not be terminated prior to the time set forth in Paragraph 5 thereof or amended, and none of its provisions shall be waived, in each case without the prior written consent of the holders of a majority of the Preferred Units (as defined in Paragraph 6(c)).

(d) Fees and Commissions. So long as the Management Agreement is in effect, any director's fees, consulting fees and other remuneration paid to the General Partner, the Management Company, Dr. Harrison, the members and employees of the Management Company or any of their respective affiliates in cash, securities or otherwise by an Intermediary, ATC or any direct or indirect subsidiary of ATC, including any Operating Company (as defined in Paragraph 2(l)) (a "Subsidiary"), shall only be received by them on behalf of the Management Company, shall be remitted to the Management Company and shall reduce the Management Fee as provided in the Management Agreement. Notwithstanding the foregoing, only the amount of net after tax profit attributable to fees or other remuneration received by Apple Tree Pharmaceuticals, Inc., a Delaware corporation ("ATPharma"), for services rendered to an Operating Company, rather than the gross amount thereof,

reduced by any ATPharma governance-related costs that are not borne by any such entity, shall be received by ATPharma on behalf of the Management Company, shall be remitted to the Management Company and shall reduce the Management Fee as provided in the Management Agreement; provided, however, that this sentence shall only apply if and to the extent that such fees or other remuneration were covered by a budget approved by the holders of a majority of the Preferred Units or the Board (as defined in Paragraph 2(n)); and provided further, however, that such net after tax profit shall be limited to the amount necessary to comply with applicable tax rules governing transfer pricing between related entities.

(e) Salaries. Without the prior written approval of the holders of a majority of the Preferred Units, while the Management Agreement is in effect, neither the General Partner, the Management Company, Dr. Harrison nor any of their respective affiliates shall receive fees, commissions, compensation or other remuneration from the Partnership, an Intermediary, ATC or any Subsidiary and the employees of the Management Company shall not receive fees, commissions, compensation or other remuneration from the Partnership, an Intermediary, ATC or any Subsidiary, in each case other than the Management Fee, fees or other remuneration paid to ATPharma as described in Paragraph 2(d) or with the prior written approval of the holders of a majority of the Preferred Units; provided, however, that the General Partner shall be entitled to an annual fee of US $500 from the Partnership.

(f) Cayman Islands Registration Statement. The General Partner has filed a registration statement pursuant to Section 9 of the ELP Law to register the Partnership as an exempted limited partnership (the "Registration Statement") and shall file any required amendments thereto.

(g) Standard of Care. It is recognized that decisions concerning investments or potential investments involve exercise of judgment and the risk of loss. To the fullest extent permitted by law, neither the General Partner nor any of its affiliates shall incur liability to the Partnership or any other Partner for any loss suffered by the Partnership or any other Partner which arises out of any such

investment or any other action or inaction on the part of the General Partner or any of its affiliates, provided that in any such case (i) the General Partner's or such affiliate's course of conduct was in good faith and (ii) such course of conduct did not constitute willful fraud, willful misconduct, gross negligence as determined under the laws of the State of Delaware without regard to otherwise governing principles of conflicts of law ("Gross Negligence") or an intentional and material breach of this Agreement on the part of the General Partner or such affiliate.

(h) Guarantees. The Partnership shall not guarantee or agree in any other manner to become liable with respect to any indebtedness or obligation of any other Person without the prior written consent of the holders of a majority of the Preferred Units.

(i) Borrowing. The Partnership shall not borrow money except with the prior written consent of the holders of a majority of the Preferred Units.

(j) U.S. Trade or Business. The General Partner shall use its reasonable best efforts to conduct the affairs of the Partnership and its subsidiaries so that no Foreign Limited Partner realizes income that is "effectively connected with the conduct of a trade or business within the United States" within the meaning of Sections 871, 882 or 897 of the U.S. Internal Revenue Code of 1986, as amended, and the rules and regulations thereunder (such Act, together with such rules and regulations, being referred to in this Agreement as the "Code"), solely by virtue of being a Limited Partner. Notwithstanding the foregoing, payments (or adjustments thereto) specifically provided for in this Agreement or the Management Agreement shall not be deemed to violate this undertaking. For purposes of this Agreement, the term "Foreign Limited Partner" shall mean any Limited Partner that (A) either (1) is a "nonresident alien" within the meaning of Section 7701(b)(1)(B) of the Code, a foreign corporation or partnership within the meaning of Section 7701(a)(5) of the Code, or a foreign trust or estate within the meaning of Section 7701(a)(31) of the Code, or (2) is treated as a partnership or flow-through entity for United States Federal income tax purposes and that has any partners, members or beneficiaries that would be a Foreign Limited Partner under clause (1) of this sentence if

they were Limited Partners and (B) has notified the General Partner of such status in the Subscription Agreement or transfer documentation pursuant to which it acquired its interest in the Partnership.

(k) Letter Agreement. Dr. Harrison shall, on the date first written above, execute and deliver to the holders of the Preferred Units a letter agreement in the form attached hereto as Schedule B (as amended from time to time, the "Letter Agreement").

(l) Co-investments. The General Partner shall not permit any Intermediary, ATC or any Subsidiary to purchase any Operating Company Securities (as defined below), debt, royalty arrangement or other economic interest issued by a prospective Operating Company in which the General Partner, the Management Company or any of their respective affiliates has a preexisting investment or is investing at the same time as ATC unless such purchase has been approved by the holders of a majority of the Preferred Units. Securities intended to achieve ATC's investment purpose are sometimes referred to herein as "Operating Company Securities". An entity in which ATC has a direct or indirect investment in Operating Company Securities is sometimes referred to herein as an "Operating Company". Except with the prior written consent of the holders of a majority of the Preferred Units, each Operating Company shall be wholly-owned, directly or indirectly, by ATC, except for a de minimis number of equity securities owned by third parties to avoid unlimited liability, to comply with directors' qualifying share requirements, and the like.

(m) Tax Classification. Except with the prior written consent of Ezbon International Limited ("Ezbon"), the General Partner shall (i) not cause or permit the Partnership to elect (A) to be excluded from the provisions of Subchapter K of the Code or (B) to be treated as a corporation for United States Federal income tax purposes; (ii) cause the Partnership to make any election reasonably necessary or appropriate in order to ensure the treatment of the Partnership as a partnership for United States Federal income tax purposes; (iii) cause the Partnership to file any required tax returns in a manner consistent with its treatment as a partnership for United States Federal income tax purposes; and (iv) not take any action that would be inconsistent with the treatment of the Partnership as a

partnership for such purposes. Except with the prior written consent of the holders of a majority of the Preferred Units, the Partnership shall use its best efforts to cause ATC to be treated as a corporation for United States Federal income tax purposes.

(n) ATC Board. The board of directors of ATC (the "Board") shall consist of five individuals, three of whom shall be appointed by the holders of a majority of the Preferred Units and two of whom shall be appointed by the General Partner; provided, however, that if the General Partner has been removed as general partner of the Partnership pursuant to Paragraph 4(a), the Board shall consist solely of three individuals appointed by the holders of a majority of the Preferred Units. Subject to the terms of this Agreement, the Board shall have the sole and exclusive authority, by majority vote of its members (including all members appointed by the holders of a majority of the Preferred Units), to approve investments by ATC in pharmaceutical, medical device and other medically-related projects and related activities (each, a "Project"), together with a budget for each Project (which may be for more than a single year and may include milestone-based payments), which Projects and budgets have been proposed by ATC's management. A description of the budgeting process to be undertaken by the Board is attached hereto as Schedule C. Without the approval of at least 80% of its members (including all members appointed by the holders of a majority of the Preferred Units), the Board shall not cause ATC to: (i) declare dividends or other distributions (except in accordance with a budget approved by the Board or as described below); (ii) effect any liquidation, dissolution or winding up of ATC; (iii) effect any consolidation or merger of ATC into or with any other entity or entities, or any sale or other disposition of a substantial portion of the assets of ATC; (iv) issue securities of ATC (other than to the Partnership or an Intermediary); (v) borrow or issue guarantees; or (vi) approve the transfer of any securities of ATC. The Board shall cause ATC to enter into an agreement with the General Partner for the day-to-day operations of ATC to be managed by the General Partner or its designee in a form approved in writing by the holders of a majority of the Preferred Units (the "Operating Agreement"); provided that no compensation shall be paid by ATC to

the General Partner or its designee, the Management Company, Dr. Harrison or their respective affiliates pursuant thereto. Notwithstanding the foregoing, the General Partner shall cause ATC to distribute promptly to the Partnership any amounts (including, without limitation, cash and publicly-traded securities) received by ATC from Subsidiaries (including, without limitation, Operating Companies) which remain after ATC has made or established appropriate reserves for paying its expenses, liabilities and other obligations (including investments in Projects pursuant to a budget approved by the Board). To the maximum extent practicable, ATC shall fund its operations (including investments in Projects) from capital contributions coming directly or indirectly from the Partnership, rather than through the recycling of ATC income or distributions (including distributions received from Subsidiaries, including, without limitation, the Operating Companies). The holders of a majority of the Preferred Units may, at their sole option at any time or times, require the General Partner to constitute boards of directors for any or all of the Intermediaries and Subsidiaries (including, without limitation, the Operating Companies) substantially on the same basis, and with the same authority, as the Board. In the absence of such a board being established for any Intermediary or Subsidiary (including, without limitation, any Operating Company), such Intermediary or Subsidiary (including, without limitation, any Operating Company) shall not take any action prohibited by clauses (i) through (vi) above (as if such clause referred to such Intermediary or Subsidiary (including, without limitation, any Operating Company) rather than ATC), except with the prior written consent of the holders of a majority of the Preferred Units or in accordance with a budget approved by the Board.

3. Limited Partners.

(a) Names; Addresses; Contingent Subscriptions. The names and addresses of the Limited Partners and their respective Contingent Subscriptions (if any) and numbers and classes of Units (as defined in Paragraph 6(c)) are set forth in the List of Partners. Except as otherwise provided in this Agreement, the Contingent Subscription of Dr. Harrison (together with his permitted transferees) shall at all times prior to a Removal Event be equal to 5.26315% of the sum of the

Contingent Subscriptions of the other holders of the Preferred Units. The List of Partners shall be revised by the General Partner from time to time, without the consent of any other Person, to reflect any change in the Contingent Subscription or number or class of Units of any Limited Partner, the withdrawal of any Limited Partner, the admission of any additional or substituted Limited Partner, the transfer of all or any part of the interest of any Limited Partner and any change in the name or address of any Limited Partner, provided such revision is, in each case, in accordance with the terms of this Agreement. The General Partner shall also maintain a Register of Partners, as required by the ELP Law.

(b) Limited Liability. No Limited Partner, in its capacity as such, shall be liable for the debts or obligations of the Partnership; provided that nothing in this sentence shall limit the liability of a Limited Partner (i) to make the capital contributions which it agreed to make to the Partnership pursuant to Paragraph 5, (ii) to return distributions that it is required to return to the Partnership pursuant to this Agreement or the ELP Law, or (iii) to pay any other amount that it is required to pay to the Partnership pursuant to this Agreement or its Subscription Agreement. None of the Limited Partners, in their capacity as such, shall take any part in the conduct of the business of the Partnership or have any power to sign for or to bind the Partnership.

(c) Additional Admissions. Subject to the provisions of this Agreement, including but not limited to Paragraphs 3(a) and 6(d), (e) and (f), the General Partner is authorized, but not obligated, to accept additional subscriptions from the Limited Partners, select and admit additional Limited Partners to the Partnership, and issue Incentive Common Units and Tracking Units (each as defined in Paragraph 6(c)) to the Limited Partners and additional Limited Partners. Each Limited Partner who is to make an additional subscription or receive additional Incentive Common Units or Tracking Units shall execute a Subscription Agreement (or the equivalent thereof) and each Person who is to be admitted as an additional Limited Partner shall execute a counterpart to this Agreement and, if such Person makes a subscription, a Subscription Agreement (or the equivalent thereof).

CONFIDENTIAL

4. Removal of General Partner.

(a) Removal. Following the occurrence of a Removal Event (as defined in Paragraph 4(c)), the holders of a majority of the Preferred Units may, upon ten days' prior written notice to the General Partner, remove the General Partner as general partner of the Partnership and select a successor general partner. The successor general partner shall agree in writing to be bound by this Agreement and assume all of the obligations of the General Partner under this Agreement. The exculpation and indemnification of the General Partner pursuant to Paragraphs 2(g) and 15 shall survive for actions or omissions occurring prior to such removal (subject to the conditions described therein); the Management Agreement, the Letter Agreement and the Operating Agreement shall terminate (except that the Management Company shall continue to be entitled to receive the Management Fee for an additional 45 days and shall reimburse the Partnership to the extent (if any) that it was paid Management Fee for more than 45 days in advance); and the successor general partner shall file an amendment to the Registration Statement reflecting the change in the general partner of the Partnership.

(b) Substitution of Successor General Partner. The successor general partner shall be deemed admitted to the Partnership as general partner immediately upon the filing of the section 10 notice pursuant to the ELP Law in respect of such change of general partner.

(c) Removal Event. For purposes of this Paragraph 4, "Removal Event" means the occurrence of any of the following:

(i) The criminal conviction for a felony entered by a court of competent jurisdiction against Dr. Harrison in respect of, or in relation to, the Partnership's affairs;

(ii) Any act of willful fraud, willful misconduct or Gross Negligence by Dr. Harrison in respect of, or in relation to, the Partnership's affairs; or

(iii) Any violation by Dr. Harrison of his obligations under Section 4 of the Letter Agreement including, without limitation, upon his death or disability.

(d) Consequences of General Partner's Removal. If the General Partner is removed as general partner of the Partnership pursuant to Paragraph 4(a):

(i) The number of Founder Common Units (as defined in Paragraph 6(c)) held by Dr. Harrison (taken together with his permitted transferees) shall be reduced as follows:

(A) If such removal was the result of Dr. Harrison's death or disability, then such number of Founder Common Units shall be reduced by a fraction, not less than zero, the numerator of which is 60 minus the number of full calendar months beginning July, 2011 through and including the date of removal, and the denominator of which is 60, or

(B) In all other instances, such number of Founder Common Units shall be reduced by a fraction, not less than zero, the numerator of which is 120 minus the number of full calendar months beginning July, 2011 through and including the date of removal, and the denominator of which is 120;

Furthermore, if the General Partner is removed pursuant to Paragraph 4(a) as a result of (1) a Removal Event described in Paragraph 4(c)(i) or (2) willful and material fraud by Dr. Harrison within the context of Paragraph 4(c)(ii), as determined by a court of competent jurisdiction, then Ezbon shall have the option to purchase the remaining Founder Common Units held by Dr. Harrison (taken together with his heirs or legal representatives) at an aggregate price equal to $1. Such option may be exercised by Ezbon within 30 days following the removal date by written notice thereof by Ezbon to Dr. Harrison (or his heirs or legal representatives, as applicable), accompanied by payment in full of the purchase price therefor. The provisions of Paragraphs 12(a), (c) and (d) shall not apply in connection with any such sale of Founder Common Units to Ezbon.

(ii) At Dr. Harrison's election, his Contingent Subscription in respect of Preferred Units shall be reduced to the aggregate amount of capital contributions theretofore made by him to the Partnership in respect of such Preferred Units, in which case the number of his Preferred Units and Investment Common Units shall also be reduced by the same percentage by which Dr. Harrison's Contingent Subscription in respect of Preferred Units was reduced and future distributions in respect of Dr. Harrison's Preferred Units and Investment Common Units shall be adjusted to the extent necessary so that, as quickly as possible, aggregate distributions in respect of those Units, net of contributions, are what they would have been if Dr. Harrison had at all times held the reduced number of such Units. Such election right, and the consequences thereof, shall also apply to Dr. Harrison's heirs and legal representatives.

(iii) For the avoidance of doubt, the foregoing adjustments shall be applicable for purposes of determining Dr. Harrison's (and each of his heirs' and legal representatives') share of allocations and distributions only prospectively from the date of removal, and Dr. Harrison (and each of his heirs and legal representatives) shall not, as a result of this Paragraph 4(d), have any obligation (pursuant to Paragraph 15(e), or otherwise) to return to the Partnership or any Partner any distributions that Dr. Harrison (or such heirs and legal representatives) received prior to such date (but, for the further avoidance of doubt, this Paragraph 4(d)(iii) shall not relieve Dr. Harrison (or such heirs and legal representatives) of any obligation he (or they) would otherwise have under Paragraph 15(e) with respect to distributions made prior to the General Partner's removal).

(iv) So long as Dr. Harrison (taken together with his heirs and legal representatives) continues to own in the aggregate the greater of at least (Y) 50,000 Units (appropriately adjusted for any splits or combinations of, or dividends with respect to, Units occurring after the date of this Agreement or (Z) 20% of the Units owned by him (taken together with his heirs and legal representatives) following the Removal Event, after giving effect to all

adjustments (1) arising from such Removal Event (including, without limitation, adjustments pursuant to Paragraph 4(d)(i), (ii) and (vi)) and (2) pursuant to Paragraph 6(f)(i), neither the Partnership, any Intermediary, ATC nor any Subsidiary (including any Operating Company) shall enter into any transaction or agreement with Ezbon, Blue Horizon Enterprise Ltd. ("Blue Horizon") or any of their respective affiliates without the prior written consent of Dr. Harrison (or his heirs or legal representatives, if applicable); provided, however, that the Partnership may continue to issue additional Preferred Units and Investment Common Units to Ezbon, Blue Horizon or any of their respective affiliates, (i) at or above the purchase prices per Unit specified in Paragraph 6(d) and in the ratio of one Preferred Unit for each Investment Common Unit, for the purpose of financing the Partnership's operations or (ii) below the purchase prices per Unit specified in Paragraph 6(d) and in the ratio of one Preferred Unit for each Investment Common Unit, for the purpose of financing the Partnership's operations, provided that in the case of this clause (ii), (A) a third party investor who is not affiliated with either Ezbon or Blue Horizon and who is not a Limited Partner, but who comes within the definition of a "qualified purchaser" for purposes of the U.S. Investment Company Act of 1940, as amended, participates in such financing and purchase at least one-third of the Preferred Units and Investment Common Units sold in such financing and (B) the combined percentage ownership by Ezbon, Blue Horizon and their affiliates of Preferred Units and Investment Common Units immediately following such financing is less than their combined percentage ownership of such Units immediately prior to such financing. So long as Dr. Harrison (or his heirs or legal representatives) continues to own any Units, all such transactions or agreements with Ezbon, Blue Horizon or any of their respective affiliates shall be on "arms-length" terms or as otherwise approved by Dr. Harrison (or his heirs or legal representatives, if applicable).

(v) Dr. Harrison (or his heirs or legal representatives, if applicable) shall have a preemptive right, exercisable for a minimum period of 30 days and a maximum period of

60 days, to subscribe for his pro rata share of any additional Preferred Units and Investment Common Units offered by the Partnership (based on the percentage of the total number of outstanding Units of such class owned by Dr. Harrison (or his heirs or legal representatives)), on the most favorable terms and conditions offered to any third party (including, without limitation, Ezbon, Blue Horizon or their respective affiliates).

(vi) If the General Partner is removed pursuant to Paragraph 4(a) as a result of a Removal Event described in Paragraph 4(c)(ii) (other than for willful and material fraud as determined by a court of competent jurisdiction) or Paragraph 4(c)(iii), then Dr. Harrison (or his heirs or legal representatives) shall have the option to require Ezbon to purchase a percentage of his (or their) Preferred Units equal to the product of (A) the aggregate capital called in respect of such Preferred Units divided by the aggregate Contingent Subscriptions of his (or their) Preferred Units and (B) the quotient of (1) the aggregate capital contributed or deemed contributed (to the extent such deemed contributions reduced the Management Fee) in respect of such Preferred Units, reduced by the then balance due under the Loan Arrangement divided by (2) the aggregate capital contributed or deemed contributed (to the extent such deemed contributions reduced the Management Fee) in respect of such Preferred Units. The purchase price for such Preferred Units shall be an amount equal to the sum of the capital contributions made or deemed made (to the extent such deemed contributions reduced the Management Fee) in respect of such Preferred Units, reduced by (x) amounts then outstanding under the Loan Arrangement and (y) distributions to Dr. Harrison (or his heirs or legal representatives), in each case in respect of such Preferred Units. Such option may be exercised by Dr. Harrison (or his heirs or legal representatives) within 30 days following the removal date by written notice thereof by Dr. Harrison (or his heirs or legal representatives) to Ezbon. If Dr. Harrison (or his heirs or legal representatives) elects to exercise such option, Ezbon shall purchase such Preferred Units by payment of the purchase price therefor in four equal installments, with the first installment due within ten days following the date of

exercise and each subsequent installment due on the three-month anniversary of the due date for the prior installment; provided, however, that the entire amount shall be payable in full within ten days following the date of exercise if the aggregate purchase price does not exceed US $10 million. The provisions of Paragraphs 12(a), (c) and (d) shall not apply in connection with any such sale of Preferred Units to Ezbon. In the event of a sale of Preferred Units pursuant to this clause (vi), the provisions of Section 3 of Part A to Schedule D hereto shall no longer apply to any remaining Preferred Units owned by Dr. Harrison (or his heirs or legal representatives). In no event shall a sale of Preferred Units pursuant to this clause (vi) insulate the General Partner from any claim against it for willful misconduct or gross negligence giving rise to such removal.

5. Capital of the Partnership.

(a) Capital Contributions; General.

(i) Subject to the terms of this Agreement, each of the Partners shall contribute to the capital of the Partnership, in such installments as the General Partner may request, an amount equal to, but not in excess of, the total amount (if any) set forth opposite such Partner's name under the column marked "Contingent Subscription" in the List of Partners (the "Contingent Subscription"). A Partner may not make less than the full amount of any required capital contribution.

(ii) Unless otherwise approved by the holders of a majority of the Preferred Units in writing, the General Partner may only call capital, as of any time, in amounts sufficient to enable the Partnership, the Intermediaries and ATC, as applicable, to (A) pay Partnership and Intermediary expenses then existing or reasonably anticipated to be incurred within the next six-month period, (B) pay other Partnership and Intermediary non-discretionary items (such as taxes and tax distributions by the Partnership) and satisfy other Partnership and Intermediary expenses and obligations incurred in the ordinary course of business and (C) make capital contributions (directly or indirectly through one or more Intermediaries) to ATC to allow ATC to (I) pay the

Management Fee for the next 12-month period and other ATC expenses then existing or reasonably anticipated to be incurred within the next six-month period, (II) invest in Projects approved by the Board in accordance with a Board-approved budget therefor and (III) pay ATC non-discretionary items (such as taxes) and satisfy other ATC expenses and obligations incurred in the ordinary course of business. Notwithstanding the foregoing, unless otherwise approved by the holders of a majority of the Preferred Units in writing or the Board, (X) capital calls in respect of Partnership, Intermediary and ATC expenses and obligations incurred in the ordinary course of business for legal, audit, accounting and tax services, insurance, business development (including the identification, investigation and evaluation of prospective Projects), and other general and administrative matters (other than the Management Fee) shall be limited to the amount therefor set forth in a budget presented by the General Partner and approved by the holders of a majority of the Preferred Units in writing or the Board, whose approval shall not be unreasonably withheld or delayed, (Y) capital calls in respect of all indemnification obligations pursuant to Paragraph 15 shall not exceed in the aggregate the greater of (1) 20% of the Partnership's contributed capital or (2) $50 million, and (Z) in the case of a capital call pursuant to clause (C) of the preceding sentence that is made on a basis accelerated from that set forth in a Board-approved budget, the General Partner (1) represents in writing to the Partners that it has a good faith belief that the Project (or portion thereof covered by such budget) will be completed within the aggregate amount budgeted therefor and (2) provided the Board with a reasonably detailed and diligenced presentation supporting such representation; provided, however, that no approval by the holders of Preferred Units or the Board shall be required with respect to organizational expenses of the Partnership and its related entities.

(iii) Not less than ten business days' prior written notice shall be given to each Partner by the General Partner as to the date for each capital contribution. The amount of capital required to be contributed by each Partner on each occasion of a capital contribution shall

be computed by the General Partner so that each Partner contributes that portion of the aggregate capital contribution to be made by all Partners at such time which such Partner's Contingent Subscription bears to the total Contingent Subscriptions of all Partners, or in such other proportions as may be determined by the General Partner with the prior written consent of the holders of a majority of the Preferred Units. All capital contributions shall be made in cash.

(iv) The General Partner may at any time, with the prior written consent of Ezbon, reduce on a pro rata basis or terminate, in their entirety, the outstanding commitments of the Partners to make further capital contributions to the Partnership, in which instance the obligation of the Partners to contribute additional capital to the Partnership shall be so reduced or terminated, as applicable, the number of Units held by each Partner shall be adjusted on an equitable basis and the List of Partners shall be revised to reflect such occurrence. A portion of the capital contributions to be made by Dr. Harrison shall be financed by Ezbon, and repaid to Ezbon by Dr. Harrison, as described in Schedule D attached hereto.

(b) Anti-Money Laundering. Each capital contribution made by a Limited Partner shall constitute a representation and warranty by such Limited Partner that, to such Limited Partner's knowledge:

(i) None of the cash that such Limited Partner has contributed or is contributing to the Partnership has been derived from, or related to, any activity that is deemed criminal under United States or Cayman Islands law; and

(ii) No contribution by such Limited Partner to the Partnership shall cause the Partnership, the Management Company, the General Partner or any of their directors, officers or employees to be in violation of the United States Bank Secrecy Act, the United States Money Laundering Control Act of 1986, the United States International Money Laundering Abatement and Anti-Terrorist Financing Act of 2001, the Proceeds of Crime Law 2008, the Terrorism Law (2009 Revision) or the Money Laundering Regulations (2011 Revision), in each case, such statute

as amended to date and any successor statute thereto and including all regulations promulgated thereunder (the "Anti-Money Laundering Laws").

Each Limited Partner shall promptly notify the General Partner if it becomes aware that such Limited Partner has made a contribution to the Partnership of money derived from, or related to, any activity that is deemed criminal under United States or Cayman Islands law or that could cause the Partnership, the Management Company, the General Partner or any of their directors, officers or employees to be in violation of the Anti-Money Laundering Laws. Each Limited Partner shall use commercially reasonable efforts to provide promptly to the General Partner any additional information regarding such Limited Partner or its beneficial owners that the General Partner reasonably deems necessary or advisable to determine or ensure compliance with all applicable laws concerning money laundering and similar activities. Each Limited Partner acknowledges that if at any time it is discovered that such Limited Partner has made a contribution to the Partnership of money derived from, or related to, any activity that is deemed criminal under United States or Cayman Islands law or that could cause the Partnership, the Management Company, the General Partner or any of their directors, officers or employees to be in violation of the Anti-Money Laundering Laws, any of such Limited Partner's foregoing representations and warranties is incorrect, or if otherwise required by applicable law or regulation related to money laundering and similar activities, the General Partner may undertake appropriate actions to ensure compliance with such applicable law or regulation. Actions that may be taken by the General Partner in the circumstances described in the previous sentence include, but are not limited to, the following:

(x) The General Partner, upon delivery of notice to that effect to the affected Limited Partner, may "freeze" such Limited Partner's interest in the Partnership and, in that event: (A) shall not permit the Partnership to accept any additional capital contributions from such Limited Partner so long as the interest is frozen; (B) shall not request any additional capital contributions from such Limited Partner so long as the interest is frozen; (C) shall not permit the Partnership to

allocate any items of Partnership income or gain to such Limited Partner's Capital Account with respect to any fiscal period commencing on or after the date of delivery of such notice and for so long as the interest is frozen (although the General Partner may cause the Partnership to continue to allocate items of loss or expense to such Limited Partner's Capital Account to the same extent as if, with respect to such Limited Partner and through the date of the Partnership's final liquidating distribution, such Limited Partner had timely made all required capital contributions with respect to its Contingent Subscription); and/or

(D) shall not permit the Partnership to make any distributions to such Limited Partner in respect of its frozen interest after the delivery of such notice and for so long as the interest is frozen, other than liquidating distributions pursuant to Paragraph 11 in an amount equal to the positive balance in its Capital Account, after payment to each other Partner of its final liquidating distribution in accordance with Paragraph 11 and subject in all events to compliance with applicable law.

(y) In the alternative, the General Partner may cause the Partnership to redeem such Limited Partner's interest using Partnership funds at a price equal to the lesser of (A) the aggregate amount of capital contributions theretofore made by such Limited Partner, net of amounts previously distributed to such Limited Partner, (B) the positive balance in the Capital Account of such Limited Partner, or (C) the fair market value of such interest (as determined by the General Partner); provided, however, that the General Partner shall cause the Partnership to redeem such Limited Partner's interest at such price if required by law, regulation or government order.

Each Limited Partner further understands that the Partnership or General Partner may release

confidential information about such Limited Partner and, if applicable, any of its underlying beneficial owners, to proper authorities if the General Partner, in its reasonable discretion, determines that it is required or otherwise in the best interests of the Partnership in light of the Anti-Money Laundering Laws or any other applicable laws concerning money laundering and similar activities. Each Limited Partner acknowledges and agrees that the General Partner, without the consent of any Limited Partner and notwithstanding any other provision of this Agreement, may amend any provision of this Agreement in order to effectuate the intent of this Paragraph 5(b) and ensure compliance with the Anti-Money Laundering Laws or any other applicable laws concerning money laundering and similar activities.

(c) Defaults on Contributions. If a Limited Partner does not make a capital contribution required by this Paragraph 5 when due (or within five business days thereafter), interest will accrue on the outstanding balance of such unpaid capital contribution at a rate per annum equal to the lesser of (i) the prime rate (as published in The Wall Street Journal) plus 6% or (ii) the maximum rate permitted by law (the "Default Rate"), from and including the date the capital contribution was due until the earlier of the date of payment of such capital contribution by such Limited Partner (or a transferee) or such time, if any, as the General Partner imposes a Default Charge (as defined below).

If such Limited Partner fails to pay any such amount when due but pays such amount (together with any accrued interest thereon) prior to the time it becomes a Defaulting Partner (as defined below), the General Partner shall reflect in the records of the Partnership the amount paid by such Partner, with such amount treated as payment first of accrued interest to the extent thereof; provided, however, that no such payment of interest shall reduce the amount to be contributed to the Partnership by such Partner with respect to its Contingent Subscription.

A Limited Partner that has failed to make a payment in satisfaction of its Contingent Subscription (together with any accrued interest thereon) pursuant to this Paragraph 5 by the close of business on the date that is five business days after the relevant due date and has also failed to make such payment on or before the date that is 30 days after the General Partner has delivered, by certified or

registered mail or by nationally or internationally recognized "overnight" courier service, a notice (a "Default Notice") informing such Limited Partner of its failure to make such payment and notifying such Limited Partner that such Limited Partner will be considered a Defaulting Partner if payment is not received within such 30-day period, shall be deemed to be a "Defaulting Partner." The General Partner, in its sole discretion, may determine whether or not, or when, to deliver a Default Notice with respect to any Limited Partner that has failed to timely make a required payment pursuant to this Paragraph 5.

If a Limited Partner becomes a Defaulting Partner, the General Partner may, in its sole discretion, pursue one or more of the following alternatives:

(i) impose a Default Charge upon the Defaulting Partner;

(ii) assist the Defaulting Partner in selling its Preferred Units and Investment Common Units, with the full assumption by the buyer of the Defaulting Partner's Contingent Subscription, including any portion then due and unpaid;

(iii) accept a late contribution from the Defaulting Partner, with interest, in satisfaction of its then-outstanding obligation to contribute hereunder, if the General Partner determines in its sole discretion that such a late contribution will not jeopardize the activities and operations of the Partnership; or

(iv) pursue and enforce all of the Partnership's other rights and remedies against the Defaulting Partner under this Agreement, the relevant Subscription Agreement and Cayman Islands law, including, but not limited to, the commencement of a lawsuit to collect the unpaid capital contribution, interest and costs, and reimbursement of any other damages suffered by the Partnership (with interest on any such costs or other damages that are reimbursed).

If a Defaulting Partner's Preferred Units and Investment Common Units are sold in their entirety pursuant to (ii) above, or if the General Partner exercises its sole discretion to accept a late contribution pursuant to (iii) above, the General Partner shall not impose a Default Charge pursuant to (i) above. Otherwise, all such remedies, including the aforesaid damages provisions, shall be cumulative, and the

use by the General Partner of one or more of them against a Defaulting Partner shall not preclude the use of any other such remedy.

The Partners agree that the damages suffered by the Partnership as the result of any failure by a Limited Partner to timely make a capital contribution or other payment to the Partnership that is required by this Agreement cannot be estimated with reasonable accuracy. To the maximum extent permitted by law, in connection with such failure (which remedy each Partner agrees is reasonable) and subject to the preceding paragraph of this Paragraph 5(c), the General Partner may cause such Defaulting Partner's number of Preferred Units and Investment Common Units to be reduced by up to 50% of such Defaulting Partner's corresponding number of Units of such class immediately prior to becoming a Defaulting Partner, which Units shall be allocated to the non-defaulting holders of Preferred Units in proportion to their respective number of Preferred Units (the "Default Charge"); provided, however, that if a Defaulting Partner (or any transferee(s) then holding the Defaulting Partner's interest) subsequently contributes the amount in arrears during such period, then in the sole discretion of the General Partner, the number of Preferred Units and Investment Common Units of the Partners (and the sharing of distributions among such Partners) shall be adjusted so that the Partners hold the same number of Units and receive the same of distributions as if such Defaulting Partner (together with such transferee(s), if any) had made all contributions with respect to such Defaulting Partner's interest on a timely basis.

The application of the aforesaid remedies and other damages provisions with respect to any Defaulting Partner shall not relieve such Defaulting Partner of his obligation to make (i) the capital contribution which resulted in the application of the aforesaid remedies and other damages provisions because of the failure of the Defaulting Partner to pay such capital contribution and (ii) all subsequent required capital contributions when due, or relieve such Defaulting Partner from designation as a Defaulting Partner and application of the aforesaid remedies and other damages provisions as to any such subsequent required capital contribution if he defaults with respect thereto. However, for the avoidance of doubt, the General Partner may not impose multiple Default Charges upon a Defaulting Partner with

respect to a single required capital contribution.

In connection with the application of the Default Charge, the General Partner may make such adjustments to the manner in which Capital Accounts are determined and distributions are made to the Defaulting Partner and the Partners to which the portions of the Defaulting Partner's Units are reallocated in accordance with this Paragraph 5(c) as the General Partner reasonably determines are necessary or appropriate in order to reflect the application and the intention of the Default Charge. Without limiting the generality of the foregoing, the General Partner, in its sole discretion, may elect to retain any distributions that any Defaulting Partner would otherwise be entitled to receive pursuant to this Agreement (taking into account the effect of the imposition of any remedies and other damages provisions that have been applied) for use for any Partnership purpose, including for the purpose of applying such withheld amounts, first to any costs of collection incurred by the Partnership with respect to such Defaulting Partner's unpaid capital contributions and second, as payment of such Defaulting Partner's capital contributions that are due but unpaid (and interest thereon) in chronological order starting with the capital contribution that has been unpaid for the longest period. In the case of a distribution in kind, if the General Partner elects to withhold such distribution for application against such Defaulting Partner's unpaid capital contribution, the Partnership shall withhold securities otherwise distributable to the applicable Defaulting Partner and cause such securities to be sold for and on behalf of such Defaulting Partner (and such Defaulting Partner hereby irrevocably appoints the General Partner (with full power of substitution) as his agent and attorney in fact for purposes of effecting such sale) and remit the net proceeds of such sale to the Partnership for application as provided in this paragraph. Each Defaulting Partner with respect to which distributions are authorized to be withheld in accordance with this Paragraph 5(c) agrees to execute such other documents as the General Partner may reasonably request in order to effect the purposes of such withholding and the sale of any withheld securities on behalf and in the name of such Defaulting Partner. For purposes of maintaining such Defaulting Partner's Capital Account and all other purposes under this Agreement, such Defaulting Partner shall be deemed to have

received, at the time the distribution would otherwise have been made to such Defaulting Partner, any distribution that was withheld by the Partnership for application against such Defaulting Partner's unpaid capital contribution obligations and, in the case of a distribution in kind that was withheld, to have sold the withheld securities outside of the Partnership so that the Capital Accounts of, and economic arrangements among, the other Partners are not affected by the withholding of any such distribution. The value of any remaining withheld distributions that have not been applied to the Defaulting Partner's unpaid capital contribution obligations may be retained by the Partnership in cash or in kind, until the winding up of the Partnership, provided that the Partnership shall not be liable to such Defaulting Partner for any reduction in the value of any securities retained in kind and the Defaulting Partner shall not be entitled to the benefit of any appreciation in such retained securities.

6. Accounts; Units.

(a) Capital Accounts. There shall be established on the books of the Partnership a capital account ("Capital Account") for each Partner which shall consist of such Partner's initial capital contribution (if any) to the Partnership made pursuant to Paragraph 5, (i) increased by (A) any additional capital contributions by such Partner to the Partnership made pursuant to Paragraph 5 and (B) any amounts from time to time credited to the Capital Account of such Partner pursuant to Paragraph 7, (ii) decreased by (A) any distributions to such Partner and (B) any amounts from time to time charged to the Capital Account of such Partner pursuant to Paragraph 7, and (iii) adjusted pursuant to Paragraph 5(c).

(b) Distributions in Kind. For purposes of maintaining and determining Capital Accounts, all property distributed in kind by the Partnership to a Partner shall be charged to that Partner's Capital Account at the fair market value of such property on the date of distribution.

(c) Authorized Units. The Partnership is authorized to issue five classes of Limited Partner units (collectively, the "Units"), consisting of the following:

(i) up to 900,000 preferred units (the "Preferred Units"),

(ii) up to 900,000 investment common units (the "Investment Common Units"),

(iii) up to 225,000 founder units (the "Founder Common Units"),

(iv) up to 158,823 incentive common units (the "Incentive Common Units"), and

(v) tracking units with respect to any Project ("Tracking Units"), which shall not represent in the aggregate more than 5% of the Partnership's cumulative direct and indirect profits in such Project since its inception, and which "track" the profits (determined in accordance with GAAP, as defined in Paragraph 16(f)) of a particular Project.

(d) Purchase Price for Units. The purchase price for each Preferred Unit shall be US $1,666.66, to be contributed from time to time as described in Paragraph 5(a). The purchase price for each Investment Common Unit, Founder Common Unit, Incentive Common Unit and Tracking Unit (which may be US $0.00 in each case) shall be determined by the General Partner. Each Partner's Contingent Subscription shall be equal to the sum of the original issue purchase prices for its Units.

(e) Issuance of Units. On the date of this Agreement, (i) 436,050 Preferred Units and 436,050 Investment Common Units are being issued to Ezbon (ii) 418,950 Preferred Units and 418,950 Investment Common Units are being issued to Blue Horizon, and (iii) 45,000 Preferred Units, 45,000 Investment Common Units and 225,000 Founder Common Units are being issued to Dr. Harrison. Incentive Common Units and Tracking Units shall be issued from time to time as determined by the General Partner, in each case, subject to a vesting schedule as determined by the General Partner. Incentive Common Units shall only be issued to Persons providing bona fide services to ATPharma and Tracking Units in respect of a Project shall only be issued to Persons providing bona fide services directly related to the corresponding Project. No Incentive Common Units or Tracking

Units shall be issued to the General Partner, the Management Company, Dr. Harrison or their respective affiliates without the prior written approval of the holders of a majority of the Preferred Units. If any outstanding Preferred Units or Investment Common Units are redeemed by the Partnership or otherwise cancelled, they may only be reissued by action of the General Partner with the prior written consent of the holders of a majority of the Preferred Units.

(f) Reduction of Authorized and Issued Founder Common Units and Incentive Common Units. The number of authorized Founder Common Units and Incentive Common Units shall be automatically reduced (and each Partner's number of Founder Common Units and Incentive Common Units outstanding as of any date on which the number of authorized Founder Common Units or Incentive Common Units are reduced shall be reduced by the same percentage by which the authorized number of Units of the corresponding class were reduced as of such date), based on the amount of capital contributed to the Partnership in respect of the Preferred Units, as follows:

(i) Founder Common Units: reduced to 100,000 at such time as US $300 million has been contributed to the Partnership in respect of the Preferred Units, with such reduction beginning after US $100 million has been so contributed and calculated so that the quotient of the number of authorized Founder Common Units divided by the sum of the number of authorized Founder Common Units and outstanding Investment Common Units is reduced, on a straight-line basis (calculated in $10 million increments), from 20% to 10%, and

(ii) Incentive Common Units: reduced to 47,368 at such time as US $1 billion has been contributed to the Partnership in respect of the Preferred Units, with such reduction beginning after US $100 million has been so contributed and calculated so that the quotient of the number of authorized Incentive Common Units divided by the sum of the number of authorized Incentive Common Units and outstanding Investment Common Units is reduced, on a straight-line basis (calculated in $10 million increments), from 15% to 5%.

An example of how such authorized (and, similarly, issued and outstanding) Founder Common Units and

Incentive Common Units shall be reduced, and the manner in which distributions are apportioned pursuant to Paragraph 8(d)(ii), is attached hereto as Schedule E.

7. Allocations.

(a) Allocations Generally. Except as otherwise provided in this Agreement, the Profit or Loss (as defined in Paragraph 7(b)) for each fiscal quarter shall be allocated among the Partners in a manner that as closely as possible gives economic effect to the provisions of Paragraphs 5 and 8 and the other provisions of this Agreement, as determined in the reasonable discretion of the General Partner.

(b) Definitions. For purposes of this Agreement:

(i) "Carrying Value" shall mean, with respect to each Partnership asset, the asset's adjusted basis for United States Federal income tax purposes, adjusted to equal its fair market value, as determined by the General Partner, in accordance with the rules set forth in U.S. Treasury Regulations Section 1.704-1(b)(2)(iv)(f), except as otherwise provided herein, immediately prior to: (a) the date of the acquisition of any additional Partnership interest by any new or existing Partner in exchange for more than a de minimis capital contribution; (b) the date of the distribution of more than a de minimis amount of Partnership property (other than a pro rata distribution) to a Partner; or (c) such other dates as specified in U.S. Treasury Regulations under Section 704 of the Code; provided that adjustments pursuant to clauses (a), (b) or (c) above shall be made only if the General Partner determines in its sole discretion that such adjustments are necessary or appropriate to reflect the relative economic interests of the Partners. The Carrying Value of any Partnership asset distributed to any Partner shall be adjusted immediately prior to such distribution to equal its fair market value. In the case of any asset that has a Carrying Value that differs from its adjusted basis, Carrying Value shall be adjusted by the amount of depreciation calculated for purposes of the definition of "Profit" or "Loss" rather than the amount of depreciation determined for United States Federal income tax purposes.

(ii) "Profit" or "Loss" for each fiscal quarter means the sum of the taxable income or loss of the Partnership, or particular items thereof, determined in accordance with the accounting method used by the Partnership for United States Federal income tax purposes, with the following adjustments: (a) all items of income, gain, loss or deduction allocated pursuant to Paragraph 7(c) shall not be taken into account in computing such taxable income or loss; (b) any income of the Partnership that is exempt from United States Federal income taxation and not otherwise taken into account in computing Profit or Loss shall be added to such taxable income or loss; (c) if the Carrying Value of any asset differs from its adjusted tax basis for United States Federal income tax purposes, any gain or loss resulting from a disposition of such asset shall be calculated with reference to such Carrying Value; (d) upon an adjustment to the Carrying Value of any asset (other than an adjustment in respect of depreciation), pursuant to the definition of Carrying Value, the amount of the adjustment shall be included as gain or loss in computing such taxable income or loss; (e) if the Carrying Value of any asset differs from its adjusted tax basis for United States Federal income tax purposes, the amount of depreciation, amortization or cost recovery deductions with respect to such asset shall for purposes of determining Profit or Loss be an amount which bears the same ratio to such Carrying Value as the United States Federal income tax depreciation, amortization or other cost recovery deduction bears to such adjusted tax basis (provided, that if the United States Federal income tax depreciation, amortization or other cost recovery deduction is zero, the General Partner may use any reasonable method for purposes of determining depreciation, amortization or other cost recovery deduction in calculating Profit or Loss); and (f) except for items in (a) above, any expenditures of the Partnership not deductible in computing taxable income or loss, not properly capitalizable and not otherwise taken into account in computing Profit or Loss pursuant to this definition shall be treated as deductible items.

(c) Regulatory Provisions. The following provisions of this Paragraph 7(c) are included in order to comply with United States Federal income tax laws and regulations. For purposes

of making allocations of Profit or Loss, if the Capital Account of any Limited Partner would be reduced below zero (or if an existing deficit in such Limited Partner's Capital Account would be increased) as a result of the allocation to it of any Loss, then such Loss shall first be allocated to such Limited Partner until such Limited Partner's Capital Account is reduced to zero; the remaining portion of such Loss shall be allocated to the remaining Partners in accordance with Paragraph 7(a) until the Capital Account of each remaining Limited Partner is reduced to zero; and any remaining portion of such Loss shall be allocated to the General Partner. In determining whether an allocation for a fiscal quarter would cause any Limited Partner's Capital Account to become negative or would add to an existing deficit in such Limited Partner's Capital Account for purposes of the preceding limitation, the following allocations and distributions shall be taken into account in determining such Limited Partner's Capital Account balance:

(i) allocations of loss and deduction that, as of the end of such quarter, reasonably are expected to be made to such Limited Partner pursuant to Section 704(e)(2) of the Code (relating to allocations to a donee of a partnership interest), Section 706(d) of the Code (relating to allocations required in the case of a shift in a partner's interest in a partnership during a taxable year) and Treasury Regulation §1.751-1(b)(2)(ii) (relating to shifts in partners' interests in the inventory and unrealized receivables of a partnership, as those terms are defined in Section 751 of the Code, attributable to distributions from a partnership); and

(ii) distributions that, as of the end of such quarter, reasonably are expected to be made to such Limited Partner to the extent they exceed offsetting increases to such Limited Partner's Capital Account that reasonably are expected to occur during (or prior to) the Partnership fiscal quarters in which such distributions reasonably are expected to be made.

If any Limited Partner receives an allocation or distribution described in the preceding sentence which is not reasonably expected to occur, but which causes or increases a negative balance in such Limited Partner's Capital Account, such Limited Partner shall be allocated items of Partnership

income and gain in an amount and manner sufficient to eliminate such negative balance as quickly as possible. If any special allocation is made pursuant to the preceding sentence, subsequent allocations of loss, expenses or deductions shall be made to such Limited Partner so as to reverse the effect of such special allocation; provided, however, that no allocation of loss, expenses or deductions shall be made pursuant to this sentence which would cause such Limited Partner's Capital Account to become negative. The General Partner shall determine, in consultation with the Partnership's independent public accountants or auditors, whether any allocations or distributions described in this Paragraph 7(c) reasonably are expected to be made and the amount of any such allocations or distributions, and its determination shall be binding on all Partners. The provisions of this Paragraph 7(c) are intended to constitute a "qualified income offset" as defined in Treasury Regulation §1.704-1(b)(2)(ii)(d), and shall be so interpreted. All allocations with respect to any fiscal quarter pursuant to Paragraph 7(a) and any offsetting allocations pursuant to this Paragraph 7(c) shall be made on an interim basis, subject to adjustment when tax allocations are made pursuant to Paragraph 7(e) at the end of the fiscal year including such quarter.

(d) Changes in Partners' Interests. Notwithstanding the foregoing, with respect to any fiscal quarter during which any Partner's interest in the Partnership changes by reason of the admission of a Partner, the withdrawal of a Partner, non-pro rata contributions of capital to the Partnership, or any other event described in Section 706(d)(1) of the Code and any regulations issued thereunder, allocations of Profit or Loss made pursuant to this Paragraph 7 shall be adjusted appropriately to take into account the varying interests of the Partners in the Partnership during such quarter. The General Partner shall consult with the Partnership's accountants, auditors or other advisers and shall select the method of making such adjustments, which method shall be used consistently thereafter.

(e) Tax Allocations.

(i) For United States Federal, state and local income tax purposes, Partnership income, gain, loss, deduction or credit (or any item thereof) for each fiscal year shall be allocated to and among the Partners in order to reflect the allocation of Profit and Loss pursuant to the other provisions of this Agreement, taking into account any variation between the adjusted tax basis and book value of Partnership property in accordance with the principles of Section 704(c) of the Code. However, in the event that the Partnership is required to recognize income or gain for income tax purposes under Section 684 of the Code (or a similar provision of state or local law) in respect of an in-kind distribution to a Limited Partner, then, solely for such income tax purposes, to the maximum extent permitted by applicable law (as determined by the General Partner in its reasonable discretion), the income or gain shall be allocated entirely to such Limited Partner.

(ii) If any Partners are treated for United States Federal income tax purposes as realizing ordinary income as the result of receiving interests in the Partnership (whether under Section 83 of the Code or under any similar provision of any law, rule or regulation) and the Partnership is entitled to any offsetting deduction (net of any income realized by the Partnership as a result of such receipt), the Partnership's net deduction will be allocated to and among the Capital Accounts of such Partners in such manner as to offset, as nearly as possible, the ordinary income realized by such Partners to the extent consistent with applicable law.

(f) Tax Withholding.

(i) If the Partnership incurs a tax withholding obligation with respect to the share of Partnership income or gains allocated or distributed to any Partner: (A) any amount that is (1) actually withheld from a distribution that otherwise would have been made to such Partner and (2) paid over to any taxing authority in satisfaction of such withholding obligation shall be treated under this Agreement for all purposes as if such amount had been distributed to such

Partner; and (B) to the extent that any amount paid over to any taxing authority by the Partnership in satisfaction of such withholding obligation exceeds the amount, if any, actually withheld from a distribution that otherwise would have been made to such Partner, such excess shall be treated as an interest-free advance to such Partner. Amounts treated as advanced to any Partner pursuant to this Paragraph 7(f) shall be repaid by such Partner to the Partnership within 30 days after the General Partner gives notice to such Partner making demand therefor, which notice shall be given promptly after such advance is made. The Partnership shall collect any unpaid amounts from any Partnership distributions to such Partner that otherwise would be made to such Partner and any unpaid amounts that exceed anticipated distributions to such Partner shall be subtracted from such Partner's Capital Account.

(ii) If the Partnership receives securities disposition proceeds or other investment returns with respect to which non-United States taxes have been withheld at the source, or the Partnership is otherwise required to pay any non-United States taxes, the aggregate amount of such taxes so withheld, paid or required to be paid shall be deemed for all purposes of this Agreement to have been received by the Partnership and then distributed by the Partnership to and among the Partners based on the amount of such withholding or other taxes attributable to each Partner, as determined by the General Partner after consulting with the Partnership's accountants, auditors or other advisers, taking into account any differences in the amount of such taxes attributable to each Partner because of such Partner's status, nationality or other characteristics. The intent of the preceding sentence is to ensure to the extent feasible that the burden of non-United States taxes withheld at the source, as required to be paid by the Partnership, are borne by those Partners to which such taxes are attributable. If the amounts deemed distributed to the Partners in accordance with such sentence do not comport with the provisions of this Agreement relating to the apportionment of distributions among the Partners,

then, notwithstanding such distribution provisions, subsequent distributions to the Partners shall be adjusted in an equitable manner by the General Partner to reflect the intent of such sentence.

(iii) Notwithstanding Paragraph 7(f)(i), such Paragraph shall not apply with respect to any withholding taxes in respect of a Net Tax Obligation of Ezbon or Blue Horizon in respect of its Preferred Units or Investment Common Units. Accordingly, the amounts distributed to the holders of Incentive Common Units and Founder Common Units shall be determined as if Net Tax Obligations were an expense of the Partnership, and the allocations, distributions, and related provisions of this Agreement shall be adjusted and applied in a manner consistent with such intention. For this purpose, a "Net Tax Obligation" with respect to the Preferred Units and Investment Common Units held by Ezbon or Blue Horizon shall mean the excess of (A) all United States Federal, state or local taxes imposed on Ezbon or Blue Horizon in respect of such Units, whether imposed by withholding or otherwise (taking into account any reduced tax rates to which Ezbon or Blue Horizon is entitled pursuant to any tax treaty, without regard to whether Ezbon or Blue Horizon avails itself of such reduced rates), over (B) the value of all refunds, tax credits and tax deductions to which Ezbon, Blue Horizon or their respective beneficial holders are entitled in respect of any amount described in clause (A) (without regard to whether Ezbon, Blue Horizon or their respective beneficial holders claim such refunds, tax credits or tax deductions). Ezbon and Blue Horizon shall each provide to the Partnership a properly completed Form W-8(BEN), and shall provide to the Partnership all other withholding certificates and other documentation, and shall take all reasonable actions necessary to minimize the amount of United States Federal, state and local taxes imposed on Ezbon or Blue Horizon, as the case may be, in respect of its income from the Partnership. For the avoidance of doubt, the Net Tax Obligation of Ezbon or Blue Horizon shall not include any additional tax liability resulting from (w) any withholding taxes pursuant to Sections 1471 through 1474 of the Code to the extent a refund, tax credit or tax deduction is otherwise available (without regard to whether Ezbon, Blue

Horizon or their respective beneficial holders claim such refunds, tax credits or tax deductions), (x) any activities of Ezbon, Blue Horizon or their respective affiliates (including any such activities that cause Ezbon or Blue Horizon to have a permanent establishment in the United States) apart from Ezbon's or Blue Horizon's investment in the Partnership, (y) Ezbon's or Blue Horizon's failure to comply with the requirements of the previous sentence, and (z) Ezbon or Blue Horizon becoming a "United States person" within the meaning of Section 7701 of the Code and the Treasury Regulations promulgated thereunder (or electing to be taxed as such), becoming subject to tax by operation of Section 871(a)(2) of the Code and the Treasury Regulations promulgated thereunder, or otherwise becoming subject to any similar classification for purposes of United States Federal, state or local taxes. Ezbon or Blue Horizon, as applicable, shall, as soon as reasonably practicable, provide the Partnership with such information as is reasonably necessary for the Partnership to determine the Net Tax Obligation with respect to Ezbon or Blue Horizon.

(g) Profits Interests. Except as specifically determined by the General Partner upon prior consultation with the holders of a majority of the Preferred Units, Units issued after the date hereof ("Additional Units") are intended to be a "profits interest" for United States Federal income tax purposes. In furtherance of such intent, notwithstanding any provision in this Agreement to the contrary: (i) no items of income, gain, loss, deduction or credit shall be allocated to any Partner in respect of such Partner's Additional Units to the extent such items relate to any unrealized income, gain, loss, deduction or credit of the Partnership as of the issuance date of such Additional Units; (ii) distributions by the Partnership to any Partner in respect of such Partner's Additional Units shall be limited to the minimum extent necessary to be consistent with the treatment of such Additional Units as a "profits interest" for United States Federal income tax purposes (and if any distributions are not made to any Partner pursuant to the provisions of this clause (ii), then to the extent there is sufficient subsequent appreciation in value of the assets of the Partnership, distributions shall be adjusted so that,

to the maximum extent possible, each Partner receives, on a cumulative basis, the same amount of distributions such Partner would have received as if no distributions in respect of any Units had been limited by reason of any Units constituting profits interests); and (iii) the General Partner shall consult with the Partnership's legal and tax advisors to determine the manner in which allocations and distributions should be made by the Partnership in respect of Additional Units. Following the promulgation, if any, of final regulations and associated guidance by the United States Treasury Department and Internal Revenue Service regarding the tax consequences associated with the issuance or transfer of partnership interests in exchange for the performance of services, the Partnership is authorized and directed to elect (on behalf of the Partnership and each of its Partners) to have the liquidation value safe harbor contemplated by proposed Section 1.83-3(l) of the Treasury Regulations and by the revenue procedure contemplated by IRS Notice 2005-43 (or the corresponding provisions of any such final Treasury Regulations or associated guidance) apply irrevocably with respect to all Units transferred in connection with the performance of services. The Partnership and each Partner (including any Partner obtaining an interest in exchange for the performance of services and any person to whom an interest in the Partnership is transferred) shall comply with all requirements associated with any such election.

8. Distributions.

(a) Tax Distributions. During each fiscal year, the General Partner shall cause the Partnership to distribute in cash to each Partner an amount equal to the aggregate United States Federal and state tax liability and non-United States tax liability attributable to items of income, gain, loss or deduction allocated to such Partner by the Partnership with respect to such year ("Hypothetical Tax Liability"), as determined in accordance with this Paragraph 8(a). Hypothetical Tax Liability shall be determined as if each Partner were a natural person resident in the State of New York, as follows:

(i) The Hypothetical Tax Liability of a Partner shall be computed based upon the items of income, gain, loss, deduction or credit allocated to such Partner by the

Partnership with respect to the fiscal year, without taking into account any other items of income, gain, loss, deduction or credit, and without taking into account the standard deduction or any loss carryovers or exemptions; provided that, if the General Partner determines, after consulting with the Partnership's accountants, auditors or counsel, that the actual tax liability of a Partner resulting from participation in the Partnership is reasonably likely to exceed the Hypothetical Tax Liability as so computed as a result of (A) the phaseout of, or limitation on, the deductibility of expenses allocated to such Partner, whether under Section 67 or Section 68 of the Code or otherwise, (B) the application of the alternative minimum tax or similar taxes, or (C) for any other reason, then, at the election of the General Partner, appropriate adjustments shall be made in computing the Hypothetical Tax Liability of each Partner on an equivalent basis so as to insure that each Partner will receive distributions sufficient to satisfy the actual tax liability attributable to its participation in the Partnership;

(ii) Hypothetical Tax Liability generally shall be determined using the highest marginal rates of Federal and state tax applicable to individuals for such fiscal year; provided, however, that (A) the determination of such marginal tax rates shall take into account the character of income, gain, loss or deduction (including net capital gain or loss) that is allocated and (B) if all or any portion of the Hypothetical Tax Liability is attributable to the alternative minimum tax, such marginal tax rates shall be determined using the highest rates applicable under the alternative minimum tax; and

(iii) Hypothetical Tax Liability for a Partner holding more than one class of Units shall be determined separately for each such class of Units, and without regard to tax items allocated to such Partner in respect of the other classes of Units held by such Partner.

To assist the Partners in paying estimated tax, amounts may be distributed during a fiscal year with respect to such year by using estimates of Hypothetical Tax Liability based upon results of the Partnership's operations for the fiscal year to date; to the extent that such estimates result in distributions

pursuant to this Paragraph 8(a) in excess of the Hypothetical Tax Liability determined after the close of the fiscal year, such excess distributions shall be deemed made pursuant to the other provisions of this Paragraph 8, and subsequent distributions shall be adjusted accordingly. Amounts distributed within 90 days after the end of a fiscal year may, at the option of the General Partner, be deemed to have been made during such fiscal year rather than during the fiscal year in which the distribution is actually made, solely to the extent necessary to satisfy the requirements of this Paragraph 8(a) and solely for such purpose. Distributions previously made to a Partner pursuant to the provisions of this Paragraph 8 during a fiscal year (but not including any tax distribution with respect to a prior fiscal year) in respect of any class of Units shall reduce dollar-for-dollar the amount of any tax distribution to which a Partner is entitled with respect to such fiscal year pursuant to this Paragraph 8(a) in respect of allocations to such Partner corresponding to such class of Units. Tax distributions to any Partner in respect of a class of Units shall be treated as an advance against amounts otherwise distributable to such Partner (or its successors in interest) in respect of such class of Units pursuant to the other provisions of this Agreement.

(b) Tracking Unit Distributions. In connection with any "liquidity event" (including the receipt of interest, dividends, redemption or sale proceeds, royalties and other distributions, an initial public offering, or as otherwise determined in the reasonable discretion of the General Partner and the holders of a majority of the Preferred Units) with respect to a Project for which Tracking Units are then outstanding, the Partnership shall distribute, out of available assets, to the holders of such Tracking Units an amount (on a cumulative basis together with any prior distributions in respect of such Tracking Units) equal to 5% of the Partnership's direct and indirect profits (determined in accordance with GAAP) in such Project; provided that an amount equal to the sum of the Partnership's aggregate cost with respect to such Project and the balance of such profits has been or is simultaneously received by ATC from such Project; provided, further that, in accordance with the granting documents relating to Tracking Units with respect to a Project, the cumulative profits actually distributed to holders of Tracking Units with respect to a Project as of any time shall be less than the

5% profit amount referred to above if and to the extent that Tracking Units for such full 5% profit amount have not been granted and remain outstanding. Such distribution shall be made in cash, or in the discretion of the General Partner and with the prior written approval of the holders of a majority of the Preferred Units, in securities of ATC or other property identified by the General Partner. If Tracking Units are outstanding with respect to more than one Project that has undergone a liquidity event, distributions pursuant to this Paragraph 8(b) shall be apportioned among such holders of Tracking Units in proportion to the fair market values thereof.

(c) Timing of Other Distributions. The General Partner shall cause the Partnership to distribute in cash to the Partners, promptly from time to time, any amounts held by the Partnership which remain after the Partnership has made, or established reserves to make, tax distributions and Tracking Unit distributions which are required by Paragraphs 8(a) and (b), respectively, except to the extent that the General Partner reasonably determines that such amounts may be necessary for paying Partnership, Intermediary and ATC expenses, liabilities and other obligations (including investments in Projects consistent with the applicable budgets) and establishing reserves therefor, in each case in accordance with budgets approved by the Board or as provided for in this Agreement in the case of the Management Fee and indemnification obligations, or as otherwise determined by the General Partner with the prior written consent of the holders of a majority of the Preferred Units. The Partnership may, at the discretion of the General Partner and with the prior written consent of the holders of a majority of the Preferred Units, distribute to the Partners at any time additional amounts in cash or in kind. To the maximum extent practicable, each Intermediary, ATC and each Subsidiary (including, without limitation, each Operating Company), shall fund its operations (including investments in Projects) from capital contributions coming directly or indirectly from the Partnership, rather than through the recycling of their own income or distributions (including distributions received from entities in which they have an ownership interest). Without limitation on the foregoing, the General Partner shall cause each Subsidiary (including, without limitation, each Operating Company) to distribute promptly to

ATC any amounts (including, without limitation, cash and publicly-traded securities) which remain after such Subsidiary has made or established appropriate reserves for paying its expenses, liabilities and other obligations (including investments in Projects consistent with the applicable budgets).

(d) Apportionment of Other Distributions. Distributions pursuant to Paragraph 8(c) shall be made as follows:

(i) First, to the holders of Preferred Units, in proportion to their respective number of such Units, until the cumulative amount distributed pursuant to this Paragraph 8(d)(i) equals the sum of (A) the aggregate amount previously contributed in respect of the Preferred Units and (B) $10,006,000.

(ii) Second, among the holders of Investment Common Units, Founder Common Units and Incentive Common Units, as follows:

(A) To the holders of Incentive Common Units, in proportion to their respective number of such Units, the Incentive Percentage of the amounts proposed to be distributed pursuant to this Paragraph 8(d)(ii) at such time. The "Incentive Percentage" at any time shall mean the number of Incentive Common Units outstanding at such time divided by the sum of the number of authorized Incentive Common Units at such time and the number of authorized Investment Common Units at such time.

(B) To the holders of Investment Common Units and Founder Common Units, in proportion to their respective number of such Units, the balance of the amounts proposed to be distributed pursuant to this Paragraph 8(d)(ii) at such time.

(e) Limitations on Distributions. Anything in this Agreement to the contrary notwithstanding, (i) no distribution shall be made to any Partner if and to the extent that such distribution

would not be permitted under the ELP Law or other applicable law and (ii) with respect to any distribution in respect of an interest intended to be a "profits interest", such distribution shall be limited as provided in Paragraph 7(g). For the avoidance of doubt, no Units issued to Ezbon or Blue Horizon as of the date hereof are intended to be treated as profits interests with respect to which distributions would be limited by reason of clause (ii) of the preceding sentence or Paragraph 7(g).

9. Valuation.

(a) Valuation by General Partner. Subject to Paragraph 9(d), the General Partner shall determine in good faith the fair market value of the assets owned directly and indirectly by the Partnership (including, without limitation, the assets held by ATC), in accordance with the Partnership's valuation methodology adopted by the General Partner and approved by the holders of a majority of the Preferred Units in writing. The General Partner shall submit all such valuations to the holders of a majority of the Preferred Units in writing.

(b) Fair Market Value. In general, but subject to the requirements of Paragraph 9(a), the fair market value of any security owned directly or indirectly by the Partnership which is freely tradeable shall be determined as of the close of trading on the date as of which the value is being determined by taking the last reported sale price of such security on such date on the exchange where it is primarily traded, or, if such security is not traded on an exchange, such security shall be valued at the last reported sale price on such date on the Nasdaq Stock Market, or, if such security is not reported on the Nasdaq Stock Market, such security shall be valued at the closing bid price (or average of bid prices) last quoted on such date as reported by an established quotation service for over-the-counter securities. The determination of the fair market value of all other assets owned directly or indirectly by the Partnership shall be made in accordance with GAAP (as defined in Paragraph 16(e)). In making any such determination of the fair market value of the assets of the Partnership, no allowance of any kind shall be made for goodwill or the name of the Partnership, the Partnership's office records, files and statistical data, or any other intangible assets of the Partnership.

(c) Freely Tradeable Securities. For purposes of this Agreement a security shall be deemed to be "freely tradeable" if (i) the Partnership's entire direct and indirect ownership of such security can be immediately sold by the Partnership to the general public and (ii) such security is either listed on a securities exchange or carried on the Nasdaq Stock Market and market quotations are readily available therefor. Notwithstanding the foregoing, in the case of a distribution of securities to the Partners, a security shall be deemed to be "freely tradeable" if the entire portion of such distribution made to the Limited Partners can be immediately sold by them and the condition provided for in clause (ii) of the preceding sentence is satisfied, assuming for purposes of this sentence that no Limited Partner is an affiliate of the issuer of such security. If only a portion of the Partnership's entire holding of such security satisfies the requirements of this Paragraph 9(c), that portion of the Partnership's entire holding of such security shall be deemed to be "freely tradeable."

(d) Disputed Valuations. If the General Partner determines a valuation for assets owned directly or indirectly by the Partnership which is objected to in writing by the holders of a majority of the Preferred Units within 15 days following the submission thereof in writing to the holders of a majority of the Preferred Units by the General Partner, and if the holders of a majority of the Preferred Units do not, within 45 days following the submission by the General Partner of its initial valuation, approve any subsequent valuation submitted in writing by the General Partner, such valuation shall be determined by an independent chartered financial analyst selected by the General Partner and approved by the holders of a majority of the Preferred Units, whose determination shall be binding upon all Partners.

10. Term.

(a) Term of Partnership. The Partnership shall continue in perpetuity, unless it is sooner dissolved as provided in Paragraph 10(b) or by operation of law.

(b) Termination. The Partnership shall be wound up and dissolved (i) upon any event in respect of the General Partner specified in Section 15(5) of the ELP Law (subject to the

proviso thereto), (ii) at any time there are no limited partners of the Partnership, or (iii) upon the entry of a decree of judicial dissolution of the Partnership pursuant to the ELP Law.

11. Winding Up.

(a) General Provisions. Following termination pursuant to Paragraph 10(b), the Partnership shall be wound up in an orderly manner. The General Partner shall carry out the winding up of the affairs of the Partnership pursuant to this Agreement, provided that if the General Partner is no longer owned solely by Dr. Harrison, the holders of a majority of the Preferred Units shall appoint one or more liquidators to act as the liquidators in carrying out such winding up, subject to any contrary order of the court upon an application for a Partner or creditor pursuant to Section 15(4) of the ELP Law.

(b) Winding Up Distributions. The General Partner or the liquidators, as applicable, shall cause the Partnership to satisfy the Partnership's liabilities and obligations to creditors including Partners who are creditors (whether by payment or the making of reasonable provision for payment thereof). Any gain or loss incurred in connection with the winding up of the Partnership shall be allocated to and among the Partners in the manner provided in Paragraph 7 and the assets remaining after satisfaction of liabilities shall then be distributed among the Partners in cash or in kind in accordance with Paragraph 8. In performing their duties, the General Partner or the liquidators, as applicable, are authorized to sell, exchange or otherwise dispose of the assets of the Partnership in such reasonable manner as the General Partner or the liquidators, as applicable, shall determine to be in the best interest of the Partners.

(c) Expenses of Winding Up. The expenses incurred by the General Partner or the liquidators, as applicable, in connection with winding up the Partnership, all other losses or liabilities of the Partnership incurred in accordance with the terms of this Agreement and reasonable compensation for the services of the General Partner or the liquidators, as applicable, shall be borne by the Partnership, provided that if the General Partner is carrying out the winding up, no such

compensation shall be paid while the Management Agreement remains in effect. The General Partner or the liquidators, as applicable, shall use reasonable efforts to make final distributions following winding up of the Partnership before the later of (i) the end of the Partnership's taxable year in which the date of the completion of the winding up of the Partnership occurs, or (ii) 90 days after the date of the completion of the winding up of the Partnership; provided that at such point in time ATC has sold, distributed or otherwise disposed of all of its Operating Company Securities.

(d) Standard of Care. Neither the General Partner not any liquidator, as applicable, nor any of their respective affiliates shall incur liability to the Partnership or to any Partner for any loss suffered by the Partnership or any Partner which arises out of any action or inaction on the part of such Person or any of its affiliates, provided that in any such case (i) such Person's or such affiliate's course of conduct was in good faith and reasonably believed by such Person or such affiliate to be in or not opposed to the best interests of the Partnership and (ii) such course of conduct did not constitute willful fraud, willful misconduct, Gross Negligence or an intentional and material breach of this Agreement on the part of such Person or affiliate.

(e) Return Obligation. Subject to the ELP Law, no Partner shall be obligated to restore to the Partnership the amount of any negative Capital Account.

(f) Dissolution. Upon completion of the winding up of the Partnership pursuant to this Paragraph 11, a notice of final dissolution shall be filed with the Cayman Islands Registrar of Exempted Limited Partnerships pursuant to the ELP Law and the Partnership shall dissolve thereon.

12. Transfer of Interests of Limited Partners.

(a) Conditions to Transfer. The prior written consent of the General Partner, in its sole and absolute discretion, shall be required for the assignment, pledge, mortgage, hypothecation, sale or other disposition or encumbrance (a "Transfer") by any Limited Partner of all or any part of its interest in the Partnership; provided, however, that such consent shall not be required for a transfer by Ezbon or Blue Horizon (or any subsequent transfer by a direct or indirect transferee of Ezbon or Blue

Horizon) of all or any part of its Limited Partner interest. The General Partner may require that any proposed Transfer be effective only as of the beginning or end of a fiscal quarter. Additionally, any Transfer shall be made only upon receipt by the Partnership of a written opinion of counsel for the Partnership or of other counsel reasonably satisfactory to the Partnership (which opinion shall be obtained at the expense of the transferor) that such Transfer will not result in (A) the Partnership, the General Partner or the Management Company being required to register as an investment company under the U.S. Investment Company Act of 1940, as amended, (B) a violation by the Partnership of the ELP Law, (C) the Partnership being deemed terminated pursuant to Section 708 of the Code, or (D) the Partnership becoming subject to U.S. Federal income taxation at the entity level within the meaning of Section 7704 of the Code or otherwise being treated as a corporation for U.S. Federal income tax purposes; provided, however, that the condition of obtaining a written opinion of counsel may be waived (completely or as to particular matters) by the General Partner in its sole discretion with the prior written consent of the holders of a majority of the Preferred Units. Furthermore, any Transfer otherwise permitted hereunder shall, except in the case of a Transfer by Ezbon or Blue Horizon (or any direct or indirect transferee of Ezbon or Blue Horizon), be made only upon a determination by the General Partner that such Transfer will not result in a material adverse effect (including the cost of compliance) on the Partnership or any Partner as a result of the Partnership's obligations to make tax basis adjustments under Sections 734 or 743 of the Code; provided, however, that the General Partner may, in its sole discretion, waive the requirement to make such a determination. Each Limited Partner shall provide the General Partner with any information necessary to allow the Partnership to comply with its obligations to make tax basis adjustments under Section 734 or 743 of the Code. Except in accordance with the provisions of this Paragraph 12, each Limited Partner agrees with all other Partners that it will not make any Transfer of all or any part of its interest in the Partnership. To the fullest extent permitted by law, any attempted Transfer of a Limited Partner's interest without compliance with this Agreement shall be void. Every Transfer shall be

subject to all of the terms, conditions, restrictions and obligations of this Agreement.

(b) Substituted Limited Partners. Without the consent of the General Partner (other than in the case of a Transfer by Ezbon or Blue Horizon (or any direct or indirect transferee of Ezbon or Blue Horizon)), the aforesaid written opinion of counsel (unless waived by the General Partner with the prior written consent of the holders of a majority of the Preferred Units) and the aforesaid determination by the General Partner (other than in the case of a Transfer by Ezbon or Blue Horizon (or any direct or indirect transferee of Ezbon or Blue Horizon) or unless waived by the General Partner), no transferee of a Partnership interest shall be admitted as a substituted Limited Partner. Any transferee of a Partnership interest transferred in accordance with the provisions of this Paragraph 12 shall be admitted as a substituted Limited Partner (to the extent of the interest transferred) upon the date specified therefor in a document providing for such admission, which document shall be executed by the General Partner (including, without limitation, in its capacity as attorney-in-fact for and on behalf of existing Limited Partners), the transferor of the Partnership interest transferred in accordance with the provisions of this Paragraph 12 and the transferee of such interest (and shall include the transferee's written agreement to be bound by this Agreement), and which admission shall not require the consent of any other Partner. Any transferee of a Partnership interest shall execute such other documents as the General Partner may request to effectuate such Transfer and shall, by its admission as a substituted Limited Partner, be subject to all of the terms of this Agreement and be deemed to have executed a power-of-attorney as provided in Paragraph 18(b). Each Partner, by its execution of this Agreement, agrees and consents to the admission of any substituted Limited Partner pursuant to the terms of this Paragraph 12.

(c) Disclosure of Information. No Limited Partner (other than Ezbon, Blue Horizon or a direct or indirect transferee of either Ezbon or Blue Horizon) shall disclose any Partnership Information (as defined in Paragraph 16(d)) to any prospective transferee (or otherwise violate the provisions of Paragraph 16(d)) in connection with a Transfer or proposed Transfer without the written

consent of the General Partner. The Limited Partners acknowledge that as a condition to granting such a consent, the General Partner may require that any prospective transferee execute a confidentiality agreement with the Partnership which is satisfactory to the General Partner.

(d) Transfer Expenses. The Limited Partner requesting a Transfer shall, at the request of the General Partner, reimburse the Partnership for any expenses reasonably incurred by the Partnership, the General Partner or any of their affiliates in connection with such Transfer or proposed Transfer, including any legal, accounting and other expenses related thereto ("Transfer Expenses"), whether or not such Transfer is consummated. At its election, and in any event if the requesting Limited Partner has not reimbursed the Partnership for any Transfer Expenses incurred by the Partnership in preparing for or consummating a proposed or completed Transfer within 30 days after the General Partner has given to such Limited Partner written demand for payment, the Partnership shall be entitled to reimbursement from the transferee of such interest. If neither such requesting Limited Partner nor the transferee reimburses the Partnership for such Transfer Expenses within a reasonable time, the General Partner may charge the transferee's or the transferor's Capital Account in an amount equal to the Transfer Expenses. For avoidance of doubt, such Transfer Expenses shall include, without limitation, the additional accounting, tax preparation and other administrative expenses reasonably incurred (or to be incurred) by the Partnership in the case of a Transfer that results in tax basis adjustments to be made by the Partnership under Section 743 of the Code or related provisions. Each Limited Partner also agrees to reimburse the Partnership, at the request of the General Partner, for any cost or other expense reasonably incurred by the Partnership, the General Partner or any of their respective affiliates (and if such expenses are not so reimbursed, the General Partner may charge such Limited Partner's Capital Account for such expenses) in connection with any tax basis adjustments that the Partnership is required to make under Section 743 of the Code or related provisions as a result of the transfer of interests of such Limited Partner by its beneficial owners. In the case of a Transfer (or the transfer of interests of a Limited Partner by its beneficial owners) that is

expected to result in future expenses of the type described in the two preceding sentences, the General Partner may estimate the amount of such expenses in good faith, and such estimate shall be final.

(e) No Entity Level Taxation. The General Partner (i) shall not cause or permit any offering of Partnership interests to be registered under the U.S. Securities Act of 1933, as amended (the "Securities Act"), (ii) shall not cause or permit interests in the Partnership to become "traded on an established securities market," and (iii) shall withhold its consent to, and shall not "recognize", any Transfer of a "partnership interest" (or portion thereof) in the Partnership (Y) that, to the General Partner's knowledge after reasonable inquiry, would otherwise be accomplished by a trade on a "secondary market or the substantial equivalent thereof," in each case within the meaning of Section 469(k) or 7704 of the Code and any regulations promulgated thereunder that are in effect at the time of the proposed Transfer, or (Z) if and to the extent that such Transfer, if made, would cause the Partnership to fail to satisfy a "safe harbor" which it satisfied immediately prior to such Transfer, unless the General Partner determines that such Transfer would not otherwise cause the Partnership to be subject to U.S. Federal income tax at the entity level within the meaning of Section 7704 of the Code; for the purpose of the preceding clause, a "safe harbor" shall mean (1) the safe harbor for "transfers not involving trading" pursuant to Treasury Regulation §1.7704-1(e); (2) the safe harbor for "private placements" set forth in Treasury Regulation §1.7704-1(h); or (3) the "lack of actual trading" safe harbor set forth in Treasury Regulation §1.7704-1(j). The foregoing provisions of this Paragraph 12(e) shall not apply to the extent that the General Partner has determined with the consent of the holders of a majority of the Preferred Units that the Partnership shall be taxed as a corporation for U.S. Federal tax purposes.

(f) Representations and Warranties. The transferor and transferee shall provide the General Partner, in connection with any proposed Transfer, (x) with such written representations and warranties as it reasonably may request, including such representations and warranties as the General Partner may determine necessary in order to ensure that the Partnership will not be subject to U.S.

Federal income tax at the entity level within the meaning of Section 7704 of the Code and (y) with such other information as the General Partner reasonably may request, including tax basis information and the amount of gain or loss to be recognized upon such Transfer.

(g) Tag-Along Rights.

(i) If at any time Ezbon or Blue Horizon desires to sell, pursuant to a bona fide offer, all or any part of its Preferred Units to any Person other than an affiliate (a "Buyer"), Dr. Harrison (taken together with his heirs and legal representatives) shall have the right to sell to the Buyer, as a condition to such sale by Ezbon or Blue Horizon, at the same prices per Preferred Unit and, except as otherwise provided herein, on the same terms and conditions as involved in such sale by Ezbon or Blue Horizon, the same percentage of the Preferred Units owned by Dr. Harrison (taken together with his heirs and legal representatives) as the Preferred Units to be sold by Ezbon or Blue Horizon represent with respect to the Preferred Units owned by Ezbon or Blue Horizon (as applicable) immediately prior to the sale by Ezbon or Blue Horizon to the Buyer. If Dr. Harrison (or his heirs or legal representatives) wishes to participate in any sale under this Paragraph 12(g)(i), he (or they) shall notify Ezbon or Blue Horizon (as applicable) in writing of such intention within 20 days after his receipt of a written offer from Ezbon or Blue Horizon giving him (or them) the opportunity to sell such Preferred Units to the Buyer, which written offer shall be made by Ezbon or Blue Horizon promptly after it decides to sell any or all of its Preferred Units to the Buyer. Ezbon or Blue Horizon and Dr. Harrison (and his heirs and legal representatives, as applicable) shall then sell to the Buyer all, or, at the option of the Buyer, any part of the Preferred Units proposed to be sold by them at not less than the price and upon other such terms and conditions, if any, not more favorable to the Buyer than those in the written offer provided by Ezbon or Blue Horizon to Dr. Harrison (and his heirs and legal representatives); provided, however, that any purchase of less than all of such Preferred Units by the Buyer shall be made from Ezbon or Blue Horizon and Dr. Harrison (and his heirs and legal representatives)

pro rata based upon the relative number of Preferred Units that Ezbon or Blue Horizon and Dr. Harrison (and his heirs and legal representatives) are otherwise entitled to sell pursuant to this Paragraph 12(g)(i). Any sale by Dr. Harrison (and his heirs and legal representatives) pursuant to this Paragraph 12(g)(i) shall be subject to the provisions of the fifth sentence of Paragraph 12(h). The provisions of Paragraphs 12(a), (c) and (d) shall not apply in connection with any such tag-along sale other than as the General Partner deems necessary to ensure that the Buyer is bound in with all Partners to the terms of this Agreement as amended or novated thereby. For the avoidance of doubt, the tag-along rights established by this Paragraph 12(g)(i) shall survive any transfer by Ezbon or Blue Horizon of Preferred Units to an affiliate.

(ii) If at any time Ezbon or Blue Horizon desires to sell, pursuant to a bona fide offer, all or any part of its Investment Common Units to a Buyer, each other Limited Partner (including, for the avoidance of doubt, Dr. Harrison and his heirs and legal representatives) shall have the right to sell to the Buyer, as a condition to such sale by Ezbon or Blue Horizon, at the same price per Investment Common Unit and, except as otherwise provided herein, on the same terms and conditions as involved in such sale by Ezbon or Blue Horizon, the same percentage of the aggregate number of Investment Common Units, Founder Common Units and Incentive Common Units owned by such Limited Partner as the Investment Common Units to be sold by Ezbon or Blue Horizon represent with respect to the aggregate number of Investment Common Units, Founder Common Units and Incentive Common Units owned by all Limited Partners (including, for the avoidance of doubt, Ezbon or Blue Horizon) immediately prior to the sale by Ezbon or Blue Horizon to the Buyer. If any such other Limited Partner wishes to participate in any sale under this Paragraph 12(g)(ii), he shall notify Ezbon or Blue Horizon (as applicable) in writing of such intention within 20 days after his receipt of a written offer from Ezbon or Blue Horizon giving him the opportunity to sell such Investment Common Units, Founder Common Units and/or Incentive Common Units to the Buyer, which written offer shall be made by Ezbon

CONFIDENTIAL

or Blue Horizon promptly after it decides to sell any or all of its Investment Common Units to the Buyer. Ezbon or Blue Horizon and each such other Limited Partner shall then sell to the Buyer all, or, at the option of the Buyer, any part of the Investment Common Units, Founder Common Units and/or Incentive Common Units proposed to be sold by them at not less than the price and upon other such terms and conditions, if any, not more favorable to the Buyer than those in the written offer provided by Ezbon or Blue Horizon to the other Limited Partners; provided, however, that any purchase of less than all of such Investment Common Units, Founder Common Units and/or Incentive Common Units by the Buyer shall be made from Ezbon or Blue Horizon and the other Limited Partners pro rata based upon the relative number of Investment Common Units, Founder Common Units and/or Incentive Common Units that Ezbon or Blue Horizon and each other Limited Partner are otherwise entitled to sell pursuant to this Paragraph 12(g)(ii). Any sale by each other Limited Partner pursuant to this Paragraph 12(g)(ii) shall be subject to the provisions of the fifth sentence of Paragraph 12(h). The provisions of Paragraphs 12(a), (c) and (d) shall not apply in connection with any such tag-along sale other than as the General Partner deems necessary to ensure that the Buyer is bound in with all Partners to the terms of this Agreement as amended or novated thereby. For the avoidance of doubt, the tag-along rights established by this Paragraph 12(g)(ii) shall survive any transfer by Ezbon or Blue Horizon of Investment Common Units to an affiliate.

(h) Drag-Along Rights. Each Partner other than Ezbon and Blue Horizon (collectively, the "Holders") covenants and agrees that it shall, at the written request of Ezbon and Blue Horizon, consent to an Ezbon/Blue Horizon Sale (as defined below) and sell all of its Units pursuant to such Ezbon/Blue Horizon Sale and in accordance with this Paragraph 12(h). For purposes of this Paragraph 12(h), an "Ezbon/Blue Horizon Sale" shall mean the bona fide sale by Ezbon and Blue Horizon to an unaffiliated Person, for cash, of all of their Preferred Units and Investment Common Units (i) at an aggregate price equal to three times the price paid by Ezbon and Blue Horizon

for such Units, (ii) in a transaction which places an enterprise value on the Partnership of at least $3 billion or (iii) with the prior written consent of Dr. Harrison (or his heirs or legal representatives). Dr. Harrison (and his heirs or legal representatives, as applicable) shall sell all of his (or their) Preferred Units and Investment Common Units for the same consideration per Unit and, except as otherwise provided herein, on the same terms and conditions as Ezbon and Blue Horizon in the Ezbon/Blue Horizon Sale. Each Holder (including, without limitation, Dr. Harrison (and his heirs or legal representatives, as applicable)) shall sell, in connection with the Ezbon/Blue Horizon Sale, all other Units held by such Holder, at the then fair market value therefor established by the pricing for the Preferred Units and Investment Common Units in the Ezbon/Blue Horizon Sale, i.e., the then inherent value of the "profits interests" represented by the Founder Common Units and the Incentive Common Units after the then fair market values of the Tracking Units (if any) have been determined in the reasonable discretion of the General Partner. Notwithstanding anything herein to the contrary, in connection with an Ezbon/Blue Horizon Sale, any indemnification a Holder shall be required to provide will be made on a several, and not joint and several, basis, and pro rata to its share of the sale proceeds, no Holder shall be required to agree to any non-solicitation, non-competition or similar restrictive covenant or agreement, and no Holder's obligations for indemnification and similar obligations shall exceed the aggregate of the cash proceeds actually received by, and any amount deposited into escrow on behalf of, such Holder in connection with such Ezbon/Blue Horizon Sale. The provisions of Paragraphs 12(a), (c) and (d) shall not apply in connection with an Ezbon/Blue Horizon Sale other than as the General Partner deems necessary to ensure that the purchaser of the Units in respect of any such Ezbon/Blue Horizon Sale is bound with all Partners to the terms of this Agreement as amended or novated thereby. For the avoidance of doubt, the drag-along rights established by this Paragraph 12(h) shall survive any transfer by Ezbon or Blue Horizon of its Units to an affiliate.

(i) Further Restriction on Sales by Dr. Harrison. Dr. Harrison (and his heirs and

legal representatives) shall not sell any of his (or their) Units until the earlier of July 1, 2021 or such time as the audited value of the Partnership (including the value of prior dividends and other distributions) is at least $7.5 billion, without the prior written consent of the holders of a majority of the Preferred Units, except as otherwise expressly provided for in this Agreement and subject to the right of first negotiation provided in Paragraph 12(j) and the obligation of good faith negotiation provided in Paragraph 18(n). In the event of any sale by Dr. Harrison (or his heirs or legal representatives) of his (or their) Units pursuant to this Paragraph 12(i), the net after-tax sales proceeds to Dr. Harrison (and his heirs or legal representatives, as applicable) shall first be applied against any loans outstanding pursuant to Part A of Schedule D hereto.

(j) Right of First Offer. If at any time Dr. Harrison (or his heirs or legal representatives) desires to sell all or any part of his (or their) Units to any Person (other than pursuant to Paragraphs 4(d), 12(g) or 12(h)), and is not prohibited from doing so under Paragraph 12(i), he (or they) shall submit a written offer (the "Offer") to sell such Units (the "Offered Units") to Ezbon and Blue Horizon on terms and conditions, including price, not less favorable to Ezbon and Blue Horizon than those on which Dr. Harrison (or his heirs or legal representatives) proposes to sell such Units to a third party. Each of Ezbon and Blue Horizon shall have the right to purchase its pro rata share of the Offered Units (based on their relative ownership of the type of Units to be sold), together with a right of oversubscription if either fails to exercise the Offer in full. If Ezbon or Blue Horizon desires to purchase all or any part of the Offered Units, it shall communicate in writing its election to purchase to Dr. Harrison (or his heirs or legal representatives) within 30 days of the date the Offer was made. Sales of the Offered Units shall be made at the principal office of the Partnership on the 45th day following the date the Offer was made (or if such 45th day is not a business day, then on the next succeeding business day.) If Ezbon and Blue Horizon do not purchase all of the Offered Units, the Offered Units not so purchased may be sold by Dr. Harrison (or his heirs or legal representatives) at any time within 120 days after the date the Offer was made, at not less than the price and upon other

terms and conditions, if any, not more favorable to the buyer than those specified in the Offer. In the event of any sale by Dr. Harrison (or his heirs or legal representatives) of his (or their) Units pursuant to this Paragraph 12(j), the net after-tax sales proceeds to Dr. Harrison (or his heirs or legal representatives) shall first be applied against any loans outstanding pursuant to Part A of Schedule D hereto. The provisions of Paragraphs 12(a), (c) and (d) shall not apply in connection with any such sale of Offered Units to either Ezbon and/or Blue Horizon.

13. Transfer of Interest of General Partner. The General Partner shall not assign, pledge, mortgage, hypothecate, sell or otherwise dispose of or encumber all or any part of its general partner interest in the Partnership, except in connection with an Ezbon/Blue Horizon Sale. To the fullest extent permitted by law, any attempted transfer of the General Partner's interest, except in connection with an Ezbon/Blue Horizon Sale, shall be void.

14. Withdrawal. Other than in respect of the withdrawal of Finkelman as contemplated by this Agreement, no Partner shall have the right to withdraw from the Partnership.

15. Indemnification.

(a) Indemnified Parties. To the fullest extent permitted by law, the General Partner, the Management Company, ATPharma, the Tax Matters Partner (as defined in Paragraph 18(i)), each member of the Board, each liquidator for the Partnership, and each member, partner, managing director, director, officer, employee, agent or controlling person of the General Partner, the Management Company, ATPharma or the liquidator (herein referred to collectively as "Indemnified Parties" and singly as an "Indemnified Party") shall be indemnified by the Partnership (to the extent such party has not been indemnified by any other organization) against any loss, judgment, liability, expense and/or amount paid in settlement of any claim incurred by or imposed upon him in connection with any action, suit or proceeding (including any proceeding before any administrative or legislative body or agency), to which he may be made a party or otherwise involved or with which he shall be threatened, by reason of his being the General Partner, the Management Company, ATPharma, the Tax

Matters Partner, a member of the Board, a liquidator for the Partnership, or a member, partner, managing director, director, officer, employee, agent or controlling person of the General Partner, the Management Company, ATPharma, a liquidator or any organization in which the Partnership directly or indirectly owns or owned an interest or of which the Partnership is or was a creditor, which organization he serves or has served as a managing director, director, officer, employee or agent directly or indirectly at the request of the Partnership (in any case, whether or not he continues to be the General Partner, the Management Company, ATPharma, the Tax Matters Partner, a member of the Board, a liquidator for the Partnership, or member, partner, managing director, director, officer, employee, agent or controlling person of the General Partner, the Management Company, ATPharma, a liquidator or of such organization at the time such action, suit or proceeding is brought or threatened, provided that with respect to any former Operating Company of which the Partnership no longer directly or indirectly owns any Operating Company Securities, such Indemnified Party shall only be entitled to indemnification and advancement of expenses pursuant to this Paragraph 15 for causes of action that arose from facts and circumstances in existence on or prior to the first annual anniversary of the date that the Partnership directly or indirectly disposed of the last of its Operating Company Securities of such Operating Company, regardless of when such action, suit or proceeding was brought or threatened), provided that the Indemnified Party acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Partnership, except to the extent any such loss, judgment, liability, expense and/or amount paid in settlement of any claim was the result of willful fraud, willful misconduct, Gross Negligence or intentional and material breach of this Agreement on the part of the Indemnified Party or a dispute between or among the General Partner and one or more of its owners, the Management Company and one or more of its employees, ATPharma and one or more of its employees, two or more owners of the General Partner, two or more employees of the Management Company or two or more employees of ATPharma, and further provided that in the case of an owner of the General Partner or a member, partner, managing director, director, officer,

employee, agent or controlling person of the Management Company, ATPharma, a liquidator for the Partnership or such other organization, the action, suit or proceeding related directly or indirectly to the affairs of the Partnership. The General Partner is authorized to enter into such separate agreements or deed poll on behalf of the Partnership with or benefiting the Indemnified Parties on terms consistent with this Paragraph 15(a) as the General Partner in its reasonable discretion considers necessary or desirable to give full and complete effect to the indemnity provisions set forth herein. Notwithstanding anything to the contrary set forth in this Paragraph 15, holders of Tracking Units may only be indemnified by the Operating Company and/or Project with respect to which their Tracking Units relate, and not by the Partnership, ATP or any Subsidiary (including, without limitation, any Operating Company) or other Project.

(b) Indemnification Not Exclusive. The foregoing rights of indemnification shall be in addition to any rights to which an Indemnified Party may otherwise be entitled and shall inure to the benefit of the executors, administrators, personal representatives, successors or assigns of each such person.

(c) Expenses. The Partnership may pay the expenses incurred by an Indemnified Party in defending any action, suit or proceeding in advance of the final disposition thereof, upon receipt of a written undertaking by such Indemnified Party to repay such payment if he shall be determined not to be entitled to indemnification therefor as provided herein; provided that no such advance payment by the Partnership to an Indemnified Party shall be made with respect to expenses incurred as a result of any action, suit or proceeding initiated against such Indemnified Party by the holders of a majority of the Preferred Units.

(d) Ordering of Indemnification Obligations. Solely for purposes of clarification, and without expanding the scope of indemnification pursuant to this Paragraph 15, the Partners intend that, to the maximum extent permitted by law, as between (i) Operating Companies, (ii) the Partnership and (iii) the General Partner, the Management Company, ATPharma or a liquidator for the

Partnership, this Paragraph 15 shall be interpreted to reflect an ordering of liability for potentially overlapping or duplicative indemnification payments, with any applicable Operating Company having primary liability, the Partnership having only secondary liability, and (if applicable) the General Partner, the Management Company, ATPharma or a liquidator for the Partnership having only tertiary liability. The possibility that an Indemnified Party may receive indemnification payments from an Operating Company shall not restrict the Partnership from making payments under this Paragraph 15 to an Indemnified Party that is otherwise eligible for such payments, but such payments by the Partnership are not intended to relieve any Operating Company from any liability that it would otherwise have to make indemnification payments to such Indemnified Party and, if an Indemnified Party that has received indemnification payments from the Partnership actually receives duplicative indemnification payments from an Operating Company for the same claim, such Indemnified Party shall repay the Partnership to the extent of such duplicative payments. If, notwithstanding the intention of this Paragraph 15, an Operating Company's obligation to make indemnification payments to an Indemnified Party is relieved or reduced under applicable law as a result of payments made by the Partnership pursuant to this Paragraph 15, the Partnership shall have, to the maximum extent permitted by law, a right of subrogation against (or contribution from) such Operating Company for amounts paid by the Partnership to an Indemnified Party that relieved or reduced the obligation of such Operating Company to such Indemnified Party. Indemnification payments (if any) made to an Indemnified Party by the General Partner, the Management Company, ATPharma or a liquidator for the Partnership in respect of any claim for which (and to the extent) such Indemnified Party is otherwise eligible for payments from the Partnership under this Paragraph 15 shall not relieve the Partnership from its obligation to such Indemnified Party and/or the General Partner, the Management Company, ATPharma or a liquidator for the Partnership, as applicable, for such payments. As used in this Paragraph 15, "indemnification" payments made or to be made by an Operating Company shall be deemed to include (i) payments made or to be made by any successor to the indemnification

obligations of such Operating Company and (ii) equivalent payments made or to be made by or on behalf of such Operating Company (or such successor) pursuant to an insurance policy or similar arrangement.

(e) Partner Clawback. If (i) the Partnership incurs a liability or obligation under this Paragraph 15 and (ii) the Partnership does not have sufficient available cash on hand to satisfy such liability or obligation, then the General Partner, in its sole discretion, may require that each Partner make additional payments to the Partnership, upon no less than ten days' prior written notice from the General Partner, of its pro rata share (according to the amount by which such liability or obligation would have reduced the aggregate distributions received by each Partner (and its predecessors in interest) as of the time of such notice in respect of each class of Units then held by each Partner), after giving effect to any distributions returned by the Partners pursuant to this Paragraph 15(e) and any distribution of such returned amounts to the Partners, had such liability or obligation been incurred and paid by the Partnership prior to the time any distributions were made) of an amount up to the amount necessary to satisfy such liability or obligation; provided that (A) no Partner shall be required to contribute an aggregate amount pursuant to this Paragraph 15(e) that exceeds 20% of its aggregate capital contributions to the Partnership and (B) no Partner shall be required to contribute an amount that exceeds the aggregate amount of distributions made to such Partner (and such Partner's predecessors in interest) in respect of the applicable class of Units during the 24-month period preceding the date of such notice, except to fund any such liability or obligation (1) that the General Partner, the Partnership or an Indemnified Party was in the process of litigating, arbitrating or otherwise settling prior to the start of such 24-month period and (2) with respect to which the General Partner, the Partnership or an Indemnified Party delivered to the Partners written notice of such litigation, arbitration or settlement process prior to the start of such 24-month period. A Partner's obligation to make contributions to the Partnership under this Paragraph 15(e) shall survive the winding up and dissolution of the Partnership (and, to the fullest extent permitted by law, the General

Partner may require any payments made after the Partnership's dissolution to be made to the General Partner or directly to an Indemnified Party). The return obligations of the Partners pursuant to this Paragraph 15(e) shall be in addition to their capital contribution obligations with respect to their Contingent Subscriptions (if any). Amounts returned by a Partner pursuant to this Paragraph 15(e) in respect of a class of Units shall be treated as a reduction in the amount of distributions received by such Partner in respect of such class of Units, and amounts returned by such Partner pursuant to this Paragraph 15(e) shall not reduce such Partner's unfunded Contingent Subscription; provided that failure to make a required payment pursuant to this Paragraph 15(e) by any Partner may, in the General Partner's sole discretion, be treated for purposes of Paragraph 5(c) and the provisions and remedies therein as a failure by such Partner to make a required capital contribution with respect to its Contingent Subscription (if any). Amounts to be returned pursuant to this Paragraph 15(e) shall be payable in cash. For purposes of determining any applicable limit on a Partner's return obligation pursuant to this Paragraph 15(e), amounts distributed to a Partner in kind shall be valued at their fair market value on the date of distribution. The provisions of this Paragraph 15(e) shall not be construed or interpreted as inuring to the benefit of any creditor of (i) the Partnership (other than Indemnified Parties with respect to which the General Partner has elected to invoke the provisions of this paragraph), (ii) a Limited Partner, (iii) the General Partner or (iv) any Indemnified Party.

16. Fiscal Year; Records and Reports; Confidentiality; Organizational Expenses.

(a) Fiscal Year. Except as may be required by the Code, the fiscal year and the taxable year of the Partnership shall each be the calendar year.

(b) Partnership Records. At all times the General Partner shall cause to be kept proper and complete books of account, in which shall be entered fully and accurately the transactions of the Partnership in accordance with the ELP Law. Such books of account, together with an executed copy of this Agreement and the Registration Statement (and any amendments thereto) and a list containing the names, addresses and Subscriptions of the Partners (the "List of Partners"), shall at all

times be maintained at a principal office of the Partnership, and shall be open to inspection by the Partners or their duly authorized representatives for purposes related to the inspecting Limited Partner's interest in the Partnership. Copies of all information and records referenced in the preceding sentence shall be provided to each holder of at least 25,000 Preferred Units promptly following its written request therefor. A copy of the List of Partners shall also be provided to each holder of at least 25,000 Preferred Units promptly after any change thereto.

(c) Audit. At any time while the Partnership continues and until its affairs have been wound up (but only during reasonable business hours), each Partner may fully examine and audit the Partnership books, records, accounts and assets, including bank balances, may make copies of such books and records (provided such Partner agrees to reimburse the Partnership or the Management Company, as applicable, for the reasonable costs incurred in making such copies), and may make, or cause to be made, any examination or audit at such Partner's expense. Notwithstanding the preceding sentence, the cost of any such audit, examination or copies made by or on behalf of the holders of a majority of the Preferred Units shall, in each case, be borne by the Partnership. Any such examination or audit may be undertaken by (i) such Limited Partner, or (ii) a designee of a Limited Partner (provided that the designee agrees in writing to the confidentiality provisions of Paragraph 16(d) or is otherwise subject (by the nature of its position, pursuant to written agreement, or otherwise) to substantially equivalent restrictions with respect to use and disclosure of Partnership Information as are set forth in Paragraph 16(d)). The Partnership shall ensure that the provisions of this Paragraph 16(c) apply with equal respect to the books and records of ATP and any Subsidiary (including, without limitation, any Operating Company).

(d) Confidentiality.

(i) A Limited Partner's rights to access or to receive any information about the Partnership, an Intermediary, ATC, the Operating Companies and their respective affairs, including, without limitation, (1) information to which a Limited Partner is provided access

pursuant to Paragraph 16(b) or (c), (2) financial statements, reports and other information provided pursuant to Paragraphs 16(e) and (f), and (3) this Agreement, any amendments hereto or any documents pursuant to which such Limited Partner acquired its interest in the Partnership and any other related agreements or materials (the "Partnership Information"), are conditioned on such Limited Partner's willingness and ability to assure that the Partnership Information will be used solely by such Limited Partner for purposes reasonably related to such Limited Partner's interest as a Limited Partner, and that such Partnership Information will not become publicly available as a result of such Limited Partner's rights to access or to receive such Partnership Information, and each Limited Partner agrees not to use Partnership Information other than for purposes of evaluating, monitoring or protecting its investment in the Partnership. For purposes of this Paragraph 16(d), Partnership Information (including information relating to an Operating Company or another Partner (or its respective partners, stockholders or members)) provided by one Partner to another shall be deemed to have been provided on behalf of the Partnership.

(ii) Each Limited Partner acknowledges the General Partner's belief that the Partnership Information includes trade secrets of the Partnership and the Operating Companies and that the release of any such Partnership Information would cause competitive harm to the Partnership, the General Partner, the Management Company, and/or the Operating Companies.

(iii) The Limited Partners acknowledge that the General Partner and the Management Company and their respective partners, members, managing directors, officers, and employees are expected to acquire confidential third-party information that, pursuant to fiduciary, contractual, legal or similar obligations, may not be disclosed to the Partnership or the Limited Partners without violating such obligations, and agree that none of such Persons shall be in breach of any duty under this Agreement or the ELP Law as a result of acquiring, holding or failing to disclose such information to the Partnership or the Limited Partners.

(iv) Each Limited Partner agrees to maintain any Partnership Information provided to it in the strictest confidence and not to disclose the Partnership Information to any Person including, without limitation, a prospective transferee of such Partner's interest in the Partnership, without the prior written consent of the General Partner. Notwithstanding the foregoing, the General Partner hereby consents to the disclosure by each Limited Partner of Partnership Information to such Limited Partner's accountants, attorneys, board members and similar advisors bound by a duty of confidentiality.

(v) With respect to any Limited Partner, the obligation to maintain any Partnership Information in confidence shall not apply to any Partnership Information: (A) that is required to be disclosed pursuant to applicable law or a securities exchange rule (but in each case only to the extent of such requirement and, to the fullest extent permitted by law, only if prompt notice is given to the Partnership so that the General Partner may seek an appropriate remedy with the reasonable cooperation of such Limited Partner; (B) that is required to be disclosed in order to protect such Limited Partner's interest in the Partnership (but only to the extent of such requirement and only after consultation with the General Partner); (C) that is publicly known or available in the absence of any improper or unlawful action on the part of such Limited Partner; (D) that is known or available to such Limited Partner other than through or on behalf of the Partnership, the General Partner or the Management Company; or (E) the disclosure of which has been consented to by the General Partner in writing.

(vi) Each Limited Partner shall promptly inform the General Partner if it becomes aware of any reason, whether under law, regulation, policy, securities exchange rule or otherwise, that it (or any of its equity holders) will, or might become compelled to, use the Partnership Information other than as contemplated by Paragraph 16(d)(i) or disclose Partnership Information in violation of the confidentiality restrictions in Paragraph 16(d)(iv) (disregarding Paragraph 16(d)(v)(A)).

(vii) Notwithstanding any other provision of this Agreement and to the fullest extent permitted by law, with the exception of the financial statements and reports to be provided to certain holders of Preferred Units and Dr. Harrison (or his heirs or legal representatives) pursuant to Paragraphs 16(e) and (f), the General Partner shall have the right not to provide any Limited Partner, for such period of time as the General Partner in good faith determines to be advisable, with any Partnership Information that such Limited Partner would otherwise be entitled to receive or to have access to pursuant to this Agreement or the ELP Law if: (A) the Partnership, the General Partner, an Intermediary, ATC, the Management Company or ATPharma is required by law or by agreement with a third party to keep such Partnership Information confidential; (B) the General Partner in good faith believes that the disclosure of such Partnership Information to such Limited Partner is not in the best interest of the Partnership or could damage the Partnership or the conduct of the affairs of the Partnership or the Operating Companies (which may include a determination by the General Partner that such Limited Partner (or any of its equity holders) is disclosing or may disclose such Partnership Information (or may be compelled to disclose such Partnership Information) or has not indicated a willingness to protect Partnership Information from being disclosed (or compelled to be disclosed) and that the potential of such disclosure by such Limited Partner (or any of its equity holders) is not in the best interest of the Partnership or could damage the Partnership, the Operating Companies or the conduct of the affairs of the Partnership or the Operating Companies) or (C) such Limited Partner has notified the General Partner of its election not to have access to, or to receive, such Partnership Information.

(viii) In addition to any other remedies available at law, the Partners agree that, to the fullest extent permitted by law, the Partnership shall be entitled to equitable relief, including, without limitation, the right to an injunction or restraining order, as a remedy for any

failure by a Limited Partner to comply with its obligations with respect to the use and disclosure of Partnership Information, as set forth in Paragraph 16(d)(i) and (iv).

(ix) Each Limited Partner agrees to cooperate with such procedures and restrictions as may be developed by the General Partner from time to time in connection with the disclosure of non-public Partnership Information, as determined by the General Partner to be reasonably necessary and advisable to maintain and promote compliance with legal and other regulatory matters applicable to the Partnership, the Limited Partners, the General Partner, an Intermediary, ATC and the Management Company, including securities laws and regulations.

(x) Each Limited Partner acknowledges and agrees that the General Partner may consider the different circumstances of Limited Partners with respect to the restrictions and obligations imposed on Limited Partners in this Paragraph 16(d) and the provision of information under this Agreement, and the General Partner in its reasonable discretion may agree to waive or modify any of such restrictions and/or obligations with respect to a Limited Partner with the consent of such Limited Partner. Each Limited Partner further acknowledges and agrees that any such agreement by the General Partner with a Limited Partner to waive or modify any of the restrictions and/or obligations imposed by this Paragraph 16(d) (or to withhold Partnership Information) shall not constitute a breach of any duty stated or implied in law or in equity to any Limited Partner, regardless of whether different agreements are reached with different Limited Partners.

(xi) Notwithstanding any other provision of this Agreement to the contrary, to comply with Treasury Regulation §1.6011-4(b)(3), each Limited Partner (and any employee, representative or other agent of such Limited Partner) may disclose to any and all Persons, without limitation of any kind, the U. S. Federal tax treatment and tax structure of the Partnership or any transactions contemplated by the Partnership, it being understood and agreed that, for this purpose (A) the name of, or any other identifying information regarding, (1) any existing or

future Partner (or any affiliate thereof), or (2) any investment or transaction entered into by the Partnership, (B) any performance information relating to the Partnership or its investments or to Operating Companies, and (C) any performance or other information relating to other investments sponsored by the General Partner, ATC or the Management Company do not constitute such tax treatment or tax structure information.

(xii) To the fullest extent permitted by law, the provisions of this Paragraph 16(d) shall survive the withdrawal of any Partner or the transfer or assignment of any Partner's interest in the Partnership and shall be enforceable against such Partner after such withdrawal, transfer or assignment.

(xiii) Notwithstanding anything to the contrary set forth in this Agreement, this Paragraph 16(d) shall not be applied to authorize any information to be withheld from, or any access to any information to be limited in respect of, Ezbon, Blue Horizon or their respective direct or indirect transferees or assignees.

(e) Annual Financial Statements. The General Partner shall transmit to each holder of at least 25,000 Preferred Units and Dr. Harrison (or his heirs or legal representatives) within 90 days after the close of each fiscal year the financial statements of the Partnership for such fiscal year. Such financial statements shall include statements of assets and liabilities, net assets represented by Partners' capital, operations, changes in net assets, cash flows and changes in such Partner's capital, shall be prepared and presented in accordance with generally accepted accounting principles in the U.S. ("GAAP"), except for such deviations as are required to implement the terms of this Agreement, and shall be audited by a firm of independent public accountants or auditors of national or international standing which has been approved by the holders of a majority of the Preferred Units. Notwithstanding anything in this Agreement to the contrary, the Partnership shall not be required to consolidate (or otherwise combine, including, without limitation, via the equity method of accounting) its financial results with those of Operating Companies whether or not U.S. generally accepted

accounting principles would require such consolidation (or other form of combination). The General Partner shall also use its best efforts to transmit to each Partner within 90 days after the close of each fiscal year a report indicating such Partner's share of all items of income, gain, loss or deduction of the Partnership for such year for U.S. Federal income tax purposes and such additional information with respect to the Partnership as he may reasonably request to enable him to complete any tax return or report he is required to file or otherwise to comply with applicable law. Without limiting the foregoing (i) the General Partner shall use reasonable efforts to determine whether any entity in which the Partnership invests (directly or indirectly) is a "passive foreign investment company" (a "PFIC") as defined in Section 1297 of the Code and will so advise the Partners and (ii) at the request of any Partner, the General Partner shall use reasonable efforts to cause each entity that the General Partner determines is a PFIC based on the advice of the Partnership's U.S. tax advisors to agree to provide on a timely basis to the Partnership or the Partners, as applicable, the financial information that is necessary to permit the Partnership or the Partners, as applicable, to make an election to treat any such PFIC as a "qualified electing fund" under Section 1295 of the Code (a "QEF Election"), and to permit the Partners to comply with their U.S. federal income tax reporting requirements relating to the PFIC. For information purposes, the General Partner shall transmit to each holder of at least 25,000 Preferred Units and Dr. Harrison within 90 days after the close of each fiscal year, (i) a list of the Partnership's direct and indirect investments, valued at fair market value as determined in accordance with Paragraph 9, as of the end of such fiscal year, and (ii) a brief narrative report as to status and operations of the Partnership. The holders of a majority of the Preferred Units may, in their sole discretion, require the Partnership to furnish annual financial statements of the type specified in this Paragraph 16(e) with respect to any Intermediary, ATC and any Subsidiary (including, without limitation, any Operating Company).

(f) Quarterly Financial Statements. Each holder of at least 25,000 Preferred Units and Dr. Harrison (or his heirs or legal representatives) shall be furnished, within 45 days after the end

of each of the first three quarters of each fiscal year of the Partnership, (i) an unaudited list of the Partnership's direct and indirect investments as of the end of such quarter, (ii) unaudited statements of assets and liabilities of the Partnership and net assets represented by Partners' capital as of the end of such quarter and (iii) unaudited statements of operations and changes in such holder or Dr. Harrison's (or his heirs' or legal representatives') capital (as the case may be) for the period from the beginning of such fiscal year through the quarter then ended. Such financial statements shall be prepared and presented in accordance with GAAP, except for such deviations as are required to implement the terms of this Agreement, the omission of certain information and footnote disclosures normally included in year-end financial statements prepared in accordance with GAAP and as otherwise provided in Paragraph 16(e). For information purposes, the General Partner shall transmit to each holder of at least 25,000 Preferred Units and Dr. Harrison (or his heirs or legal representatives) within 45 days after the end of each quarter, (i) a list of the Partnership's direct and indirect investments, valued at fair market value in accordance with Paragraph 9, as of the end of such quarter, and (ii) a narrative report as to status and operations of the Partnership (which shall include a discussion of operations compared to each then currently applicable budget). The holders of a majority of the Preferred Units may, in their sole discretion, require the Partnership to furnish quarterly financial statements of the type specified in this Paragraph 16(f) with respect to ATC, any Intermediary and any Subsidiary (including, without limitation, any Operating Company).

(g) Monthly Telephone Updates. At the request of the holders of a majority of the Preferred Units, the General Partner will make itself available to such holders by telephone for an update as to status and operations of the Partnership.

(h) Web Site. Notwithstanding Paragraph 18(a), the General Partner shall be deemed to have satisfied its obligations to transmit or furnish financial statements and reports pursuant to this Paragraph 16 if the General Partner posts such financial statements and/or reports on a web site and gives prompt written notice to the requisite Limited Partners, pursuant to Paragraph 18(a), of the

availability of such financial statements and/or reports, the URL address of the web site and a password for access to such web site, if necessary. Any such financial statements and reports posted to a web site and not delivered in hard copy to the requisite Limited Partners shall be maintained on such web site for a reasonable period of time. Any such web site shall provide for print capability for such financial statements and reports, provided that, with respect to any Limited Partner (except any holder of at least 25,000 Preferred Units or Dr. Harrison (or his heirs or legal representatives)), the General Partner may disable the print capability (or not allow print capability) if the General Partner exercises (or would be permitted to exercise) its right pursuant to Paragraph 16(d)(vii) not to provide such Limited Partner with Partnership Information, but only to the extent provided therein.

(i) Organizational Expenses. The organizational expenses of the Partnership shall be amortized for U.S. Federal income tax purposes to the extent permitted by Section 709 of the Code. The reasonable out-of-pocket legal expenses incurred by Ezbon and Blue Horizon in connection with the organization of the Partnership shall be reimbursed to Ezbon and Blue Horizon by the Partnership and treated as an organizational expense of the Partnership.

17. Amendment. Except as otherwise provided in this Agreement, the terms and provisions of this Agreement may be waived (on behalf of all Partners), modified or amended only with the written consent of the General Partner, the holders of a majority of the Preferred Units and Dr. Harrison (or his heirs or legal representatives) so long as Dr. Harrison (or his heirs or legal representatives) remain as Limited Partners; provided, however, that the consent of Dr. Harrison (or his heirs or legal representatives) shall not be required to (i) authorize additional Preferred Units and Investment Common Units, (ii) modify or delete any provision of this Agreement that becomes contrary to applicable law after the date of this Agreement, provided that such modification or deletion is to the minimum extent required to comply with such law, or (iii) modify any provision of this Agreement for bona fide tax structuring reasons, provided that such modification does not have a disproportionate adverse affect on Dr. Harrison (or his heirs or legal representatives). Upon obtaining all approvals required by this Agreement (if any)

and without further action or execution by any other Person, including any Limited Partner, (i) any amendment to this Agreement may be implemented and reflected in a writing executed solely by the General Partner, and (ii) the Limited Partners shall be deemed a party to and bound by such amendment of this Agreement. The General Partner shall promptly furnish copies of any amendments to this Agreement to all Partners.

18. General Provisions.

(a) Notices. Except where otherwise specifically provided in this Agreement, all notices, requests, consents, approvals and statements shall be in writing and shall be deemed to have been properly given two days after delivery by courier or being sent by e-mail, addressed in each case, if to the Partnership or the General Partner, at c/o Maples Corporate Services Limited, P.O. Box 309, Ugland House, Grand Cayman, KY1-1104, Cayman Islands, e-mail: seth@appletreepartners.com, and if to any Limited Partner, at the address set forth in the List of Partners or, in each case, to such other address or addresses as the addressee may have specified by written notice as aforesaid to the other parties. Sections 8 and 19(3) of the Electronic Transactions Law (2003 Revision) of the Cayman Islands shall not apply.

(b) Power of Attorney. To the fullest extent permitted by law, (i) each of the Limited Partners hereby irrevocably constitutes and appoints the General Partner as his attorney-in-fact with full power, proxy and authority in his name, place and stead to make, execute, sign, acknowledge and, if necessary, file (A) any required amendment to the Registration Statement; (B) any amendment to this Agreement that does not require, under the terms of this Agreement, the approval of all the Partners, including any amendment pursuant to Paragraph 5(b); provided that Partners holding the interest in the Partnership specified in this Agreement as being required for such amendment have signed or otherwise approved such amendment and all other required signatures and approvals have been obtained; (C) any other instrument, certificate or document required from time to time to admit a Partner, to effect his substitution as a Partner or to effect the substitution of the

Partner's assignee as a Partner; and (D) any other instrument, certificate or document as may be required or appropriate under the laws, regulations or procedures of the Cayman Islands, the U.S. or any state or governmental entity in any jurisdiction in which the Partnership is conducting or intends to conduct its affairs, provided all such instruments, certificates and other documents referred to in clauses (A), (B), (C) and (D) above are in accordance with the terms of this Agreement as then in effect. Copies of all such instruments, certificates and other documents executed pursuant to such power of attorney shall be sent to all Partners, except any instrument, certificate or document required from time to time to admit a Partner, to effect his substitution as a Partner or to effect the substitution of the Partner's assignee as a Partner.

(i) Each of the Partners is aware that the terms of this Agreement permit certain amendments to the Registration Statement and this Agreement to be effected and certain other actions to be taken by or with respect to the Partnership, in each case with the approval or by the vote of less than all the Partners. If, as and when (A) an amendment of the Registration Statement or this Agreement is proposed or an action is proposed to be taken by or with respect to the Partnership which does not require, under the terms of this Agreement, the approval of all of the Partners, (B) Partners holding the interest in the Partnership specified in this Agreement as being required for such amendment or action have approved such amendment or action in the manner contemplated by this Agreement, and (C) a Partner has failed or refused to approve such amendment or action (hereinafter referred to as a non-consenting Partner), each Partner agrees that (1) it is bound thereby, (2) any such amendment or action may be executed solely by the General Partner without any further action or execution by any other Person (including, without limitation, the non-consenting Partners), and (3) to the fullest extent permitted by law, the special attorney specified above, with full power of substitution, is hereby authorized and empowered to execute, acknowledge, make, swear to, verify, deliver, record, file and/or publish, for and on behalf of such non-consenting Partner, and in his name, place and stead, any and all instruments

and documents which may be necessary or appropriate to permit such amendment to be lawfully made or action lawfully taken. Each Partner is fully aware that he and each other Partner have executed this special power of attorney, and that each Partner will rely on the effectiveness of such powers with a view to the orderly administration of the Partnership's affairs.

(ii) To the fullest extent permitted by law, the foregoing grant of authority and that granted pursuant to Paragraph 5(c), (A) is each a special power of attorney coupled with an interest in favor of the General Partner, deemed to secure the proprietary interest of the General Partner and/or the performance of obligations owed to the General Partner, and as such shall be irrevocable and shall survive the death, disability or incapacity (or, in the case of a Partner that is a corporation, association, limited liability company, partnership, trust or other entity, shall survive the merger, dissolution or other termination of the existence) of the Partner and (B) shall survive the assignment by the Partner of the whole or any portion of his interest, except that in the case of an assignment of the Partner's whole interest, this power of attorney shall survive such assignment for the sole purpose of enabling the General Partner to execute, acknowledge and file any instrument necessary to effect the substitution of his transferee.

(c) Additional Documents and Acts. Each Partner hereby agrees to execute and deliver all certificates, instruments or documents required by laws of the various states or other jurisdictions in which the Partnership conducts its affairs, to conform with the laws of such states or other jurisdictions governing limited partnerships.

(d) Binding on Successors. This Agreement shall be binding upon and it shall inure to the benefit of the respective heirs, successors, permitted assigns and legal representatives of the parties hereto. Without limitation as to the foregoing, the rights of Dr. Harrison specified in this Agreement and the Schedules hereto shall inure to the benefit of his heirs and legal representatives.

(e) Counterparts. This Agreement or any amendment hereto may be signed in any number of counterparts, each of which shall be an original, but all of which taken together shall con-

stitute one Agreement (or amendment, as the case may be).

(f) Voting. Any vote or other action required or permitted to be taken by this Agreement may be taken by written consent signed by not less than the requisite percentage in interest of parties required or permitted to take such vote or other action. Notwithstanding anything to the contrary set forth in this Agreement, a Defaulting Partner shall not have the right to vote on or grant or withhold consent or approval with respect to any matter, except as may otherwise be required by law, and any Units it may hold shall not be deemed outstanding for purposes of determining the parties required or permitted to take any vote or other action. The voting, consent, approval, appointment and other such rights granted to Ezbon and Blue Horizon pursuant to this Agreement (i) are personal to them and may not be assigned, transferred or otherwise disposed of without the consent of the General Partner, in its sole and absolute discretion, except in connection with a transfer by Ezbon and Blue Horizon of their entire interests as limited partners, and (ii) shall cease and be of no further force or effect if Ezbon or Blue Horizon becomes a Defaulting Partner, except as may otherwise be required by law or this Agreement.

(g) Applicable Law, Remedies for Breach and Jurisdiction.

(i) Notwithstanding the place where this Agreement may be executed by any of the parties hereto, the parties expressly agree that all the terms and provisions hereof shall be construed under the laws of the Cayman Islands without regard to principles of conflicts of laws and, without limitation thereof, that the ELP Law as now adopted or as may be hereafter amended shall govern this Agreement.

(ii) EACH LIMITED PARTNER AND THE GENERAL PARTNER, ON BEHALF OF ITSELF AND THE PARTNERSHIP, IRREVOCABLY WAIVE, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT TO A JURY TRIAL IN CONNECTION WITH ANY ACTION OR PROCEEDING BROUGHT BY OR AGAINST THE GENERAL PARTNER, THE MANAGEMENT COMPANY (OR THEIR RESPECTIVE

PARTNERS, MEMBERS, STOCKHOLDERS, MANAGERS, DIRECTORS, OFFICERS, CONSULTANTS OR EMPLOYEES, IN THEIR CAPACITY AS SUCH OR IN ANY RELATED CAPACITY) OR THE PARTNERSHIP, OR IN ANY WAY RELATING TO THIS AGREEMENT OR ANY SCHEDULE HERETO.

(iii) Except as otherwise specifically provided in this Agreement, the remedies set forth in this Agreement are cumulative and shall not exclude any other remedies to which a party may be lawfully entitled.

(iv) In determining what action, if any, shall be taken against a Limited Partner in connection with such Limited Partner's breach of this Agreement, the General Partner shall seek to obtain a favorable result (as determined by the General Partner in its sole discretion) for the Partnership and the other Partners, and the General Partner, in its sole discretion, may take different actions with respect to multiple Limited Partners that breach the same provisions. To the fullest extent permitted by law, each Limited Partner hereby specifically agrees that, in the event such Limited Partner violates the terms of this Agreement, such Limited Partner shall not be entitled to claim that the Partnership or any of the other Partners are precluded, on the basis of any fiduciary or other duty arising in respect of such Limited Partner's status as such, from seeking any of the remedies permitted under this Agreement or applicable law.

(v) It is the intent of the parties that this Agreement shall not be construed for or against any party by reason of the authorship or alleged authorship of any provisions hereof or by reason of the status of the respective parties.

(vi) To the extent not prohibited by applicable law, each Partner (A) agrees that any action, suit or other proceeding arising out of or based upon this Agreement or any Schedule hereto, the subject matter hereof or thereof or the dealings of any Partner or the Partnership in connection therewith shall be brought only in a court of applicable jurisdiction located in the Cayman Islands or a state or Federal court in the State of Delaware in the U.S., (B)

irrevocably submits to the jurisdiction of the courts of the Cayman Islands and the state and Federal courts in the State of Delaware in the U.S. and (C) waives and agrees not to assert in any such action, suit or proceeding brought in any of the above named courts, any claim that such Partner is not subject personally to the jurisdiction of such court or that such action, suit or proceeding is brought in an inconvenient forum or that the venue is improper.

(h) Securities Act Matters. Each Partner understands that in addition to the restrictions on transfer contained in this Agreement, he must bear the economic risks of his investment for an indefinite period because the Partnership interests have not been registered under the Securities Act and, therefore, may not be sold or otherwise transferred unless they are registered under the Securities Act or an exemption from such registration is available.

(i) Tax Matters Partner. The "tax matters partner" (as defined in Section 6231 of the Code) of the Partnership shall be the General Partner (the "Tax Matters Partner"). The Tax Matters Partner shall not take any action in its capacity as such that is adverse to the holders of the Preferred Units or Investment Common Units without the prior written consent of the holders of a majority of the Units of such class.

(j) Contract Construction. Where the context of this Agreement so permits, use of masculine gender pronouns shall be deemed to mean or include the feminine or neuter gender, and vice versa, and use of the word "Person" shall be deemed to mean or include natural persons, entities, trusts, limited partnerships, exempted limited partnerships, limited liability companies, corporations, general partnerships, joint ventures, associations and governmental bodies and agencies. The invalidity or unenforceability of any one or more provisions of this Agreement shall not impair the enforceability of the other provisions. If one or more of the provisions of this Agreement shall for any reason be held to be unenforceable, whether due to public policy, equitable considerations, because such provisions are excessively broad as to scope, activity or subject, or otherwise, such provision or provisions shall be construed by the appropriate judicial body by limiting or reducing it or them so as

to be enforceable to maximum extent compatible with the applicable law as it shall then appear. References in this Agreement to sections of the Code or the ELP Law shall be deemed to refer to such sections as they may be amended after the date of this Agreement. Definitions in this Agreement apply equally to both the singular and the plural forms of the defined terms.

(k) Fiduciary Duty of Indemnified Parties. Notwithstanding anything to the contrary in this Agreement, to the extent that at law or in equity an Indemnified Party has duties (including fiduciary duties) and liabilities relating thereto to the Partnership or any Partner, such Indemnified Party acting under this Agreement shall, to the fullest extent permitted by law, not be liable to the Partnership or any Partner for breach of fiduciary duty for its good faith reliance on the provisions of this Agreement, and the provisions of this Agreement, to the extent that they restrict or eliminate the duties (including fiduciary duties) and liabilities relating thereto of an Indemnified Party to the Partnership or any Partner otherwise existing at law or in equity, are agreed by each Partner to so replace such other duties and liabilities of such Indemnified Party.

(l) Entire Agreement. This Agreement, the Schedules hereto, the related Subscription Agreements and any other written agreement between the General Partner, on its own behalf or on behalf of the Partnership, and any Limited Partner, shall constitute the entire agreement and understanding among the respective parties to such agreements with respect to the subject matter hereof and thereof. The Partners acknowledge that, notwithstanding any provision of this Agreement (including Paragraph 17) or of any Subscription Agreement, the General Partner, on its own behalf or on behalf of the Partnership, without any act, consent or approval of any other Partner or other Person, may enter into side letters or other writings to or with Ezbon, Blue Horizon or their respective direct or indirect transferees which have the effect of establishing rights under, or altering or supplementing the terms of, this Agreement or any Subscription Agreement ("Side Letters"). The Partners agree that any rights established, or any terms of this Agreement or any Subscription Agreement altered or supplemented, in a Side Letter to or with Ezbon, Blue Horizon or their direct or indirect transferees

shall for the purposes of this Agreement or any Subscription Agreement be valid, binding and enforceable in accordance with their terms as between Ezbon, Blue Horizon or any such transferee, the General Partner and the Partnership.

(m) Partnership Counsel. The General Partner has retained Proskauer Rose LLP and Maples and Calder in connection with the formation of the Partnership and the offering of the limited partner interests and may retain Proskauer Rose LLP and Maples and Calder as legal counsel in connection with the management and operation of the Partnership, including, without limitation, making, holding and disposing of investments. Neither Proskauer Rose LLP nor Maples and Calder will represent any Limited Partner or prospective limited partner of the Partnership, unless, subject to applicable laws, the General Partner and such Limited Partner or prospective limited partner otherwise agree and such Limited Partner or prospective Limited Partner separately engages Proskauer Rose LLP or Maples and Calder, as applicable, in connection with the formation of the Partnership, the offering of limited partner interests, the management and operation of the Partnership or any dispute that may arise between any Limited Partner, on the one hand, and the General Partner and/or the Partnership on the other hand (the "Partnership Legal Matters"). Each Limited Partner, if it wishes to obtain counsel on any Partnership Legal Matter, may retain its own independent counsel with respect thereto and shall pay all fees and expenses of such independent counsel.

(n) Good Faith Negotiation. Ezbon and Blue Horizon, on the one hand, and the General Partner and Dr. Harrison, on the other hand, each agree that if the other party desires to terminate the Partnership or such party's participation therein, it shall negotiate in good faith with respect thereto.

(o) No Duty to Account. Other than as expressly provided for, or prohibited otherwise, in this Agreement, each Partner may engage in any other business (including being a partner of other partnerships, whether general or limited) and shall not be restrained from engaging in any other activity nor forego or be required to account for any profits from any such business,

notwithstanding that such business may compete with the Partnership's business.

SCHEDULE A

MANAGEMENT AGREEMENT

AGREEMENT dated November ___, 2012 (as amended from time to time, this "Agreement"), and effective as of November 1, 2012, between Apple Tree Venture Management, LLC, a Delaware limited liability company (the "Management Company"), and Apple Tree Consolidated, SPRL, a Belgium private limited liability company ("ATC").

In consideration of the premises and the agreements herein contained, and intending to be legally bound hereby, the parties hereto agree as follows:

1. Definitions. Capitalized terms used but not defined herein shall have the respective meanings given them in the First Amended and Restated Limited Partnership Agreement of Apple Tree Partners IV, L.P., a Cayman Islands exempted limited partnership, of even date herewith (as the same may be amended from time to time, the "Partnership Agreement").

2. Management Company Duties. The Management Company shall (i) identify prospective Operating Companies for ATC to invest in and (ii) provide assistance to ATC in evaluating investment opportunities in prospective and existing Operating Companies, it being the expectation that such Operating Companies will primarily consist of the ownership by ATC (either directly as a division, or indirectly through one or more entities wholly owned by ATC but disregarded for U.S. federal income tax purposes) of pharmaceutical, medical device and other medically-related operating assets. Notwithstanding the services provided by the Management Company, the Management Company shall not be authorized to manage the affairs of, act in the name of, or bind ATC.

3. Payment of Expenses. The Management Company agrees to pay (a) all compensation of Dr. Harrison and his administrative assistant in their capacities as employees of the Management Company; and (b) a pro rata share of ATC's facilities and other overhead expenses, based on the portion of such facilities used by the Management Company. ATC shall pay all other expenses properly chargeable to its affairs which are not reimbursed by Operating Companies.

4. Management Fee. ATC shall pay the Management Company a management fee (the "Management Fee") each year for the services to be provided hereunder, in the amount of US $2 million or such greater amount as may be approved by the Board; provided, however that the Management Fee for the first year shall be US $1,694,000 or such greater amount as may be approved by the Board. The Management Fee for each year shall be reduced (but not below zero) by (i) any director's fees, consulting fees or other remuneration paid to the Management Company, the members and employees of the Management Company, the General Partner, Dr.

Harrison or any of their respective affiliates (other than the Partnership or ATC) in cash, securities or otherwise for services rendered to Operating Companies; provided, however, that no remuneration shall be paid to any such Person other than in cash without the prior written consent of the holders of a majority of the Preferred Units. Notwithstanding the foregoing, only the amount of net after tax profit attributable to fees or other remuneration received by ATPharma for services rendered to an Operating Company, rather than the gross amount thereof, reduced by any ATPharma governance-related costs that are not borne by any such Operating Company, shall reduce the Management Fee; provided, however, that this sentence shall only apply if and to the extent that such fees or other remuneration were covered by a budget approved by the holders of a majority of the Preferred Units or the Board; and provided further, however, that such net after tax profit shall be limited to the amount necessary to comply with applicable tax rules governing transfer pricing between related entities. Any securities or other property received in kind (with the prior written consent of the holders of a majority of the Preferred Units) shall be valued at the time they are reduced to cash or cash equivalents for purposes of the foregoing reduction to the Management Fee. The Management Fee for each year shall also be reduced (but not below zero) for "deemed contributions" as provided in Part B of Schedule D of the Partnership Agreement. Payments of the Management Fee shall be made in advance at the beginning of each calendar quarter in each year in an amount determined by the Management Company but not more than 25% of the maximum aggregate amount of the Management Fee for such year. Notwithstanding the preceding sentence, the first payment shall be due upon the date of this Agreement and shall be for the pro rata amount due until the beginning of the next succeeding calendar quarter. In no event shall fees or other remuneration referred to in the second sentence of this Paragraph 4 be paid in any calendar quarter in an aggregate amount that would exceed the amount of the next succeeding quarterly installment of the Management Fee. The amount of the fees and other remuneration paid or remitted to the Management Company, the General Partner, Dr. Harrison or any of their affiliates from Operating Companies shall be computed for each year, and any net amount due ATC from the Management Company or the Management Company from ATC shall be remitted within 30 days after such computation. If in any year any reductions described above would exceed, individually or collectively, the Management Fee otherwise payable, the excess amount of such reductions shall be carried forward on a year-by-year basis.

5. Term of Agreement. This Agreement shall terminate upon the earlier of (i) the completion of liquidation of ATC and (ii) the removal of the General Partner pursuant to Paragraph 4 of the Partnership Agreement; provided, however, that the Management Fee shall continue to be paid for an additional 45 days following any such removal of the General Partner.

6. Termination and Amendment. This Agreement shall not be terminated prior to the time set forth in Paragraph 5 or amended, and none of its provisions shall be waived, in each case without the written consent of the parties hereto and the holders of a majority of the Preferred Units.

7. Independent Contractor. The relationship of the Management Company to ATC is that of an independent contractor and neither this Agreement nor the services to be rendered

hereunder shall for any purpose whatsoever or in any way or manner create any employer-employee relationship between the parties.

8. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to conflict of law principles.

9. Counterparts. This Agreement may be executed in counterparts, each of which, when so executed and delivered, shall be deemed an original instrument, but all of which together shall constitute a single agreement.

10. Severability. Each provision of this Agreement shall be considered severable and if for any reason any provision or provisions herein are determined to be invalid, unenforceable or illegal under any existing or future law, such invalidity, unenforceability or illegality shall not impair the operation of or affect those provisions of this Agreement which are valid, enforceable and legal.

IN WITNESS WHEREOF, the undersigned have executed this Agreement on the date first above written.

LETTER AGREEMENT

Apple Tree Partners IV, L.P.
c/o Maples Corporate Services Limited
P.O. Box 309, Ugland House
Grand Cayman, KY1-1104
Cayman Islands

November 1, 2012

To the holders of Preferred Units:

Reference is made to the First Amended and Restated Limited Partnership Agreement of Apple Tree Partners IV, L.P. (the "Partnership"), of even date herewith (as amended from time to time, the "Partnership Agreement"). Capitalized terms used but not defined herein shall have the respective meanings given them in the Partnership Agreement. When the context of this letter agreement so requires, use of masculine gender pronouns shall be deemed to mean or include the feminine or neuter gender, and vice versa.

In consideration of your subscription for an interest in the Partnership as a Limited Partner, the undersigned hereby represents, warrants and agrees that, so long as ATP III GP, Ltd. is the general partner of the Partnership and you are not a Defaulting Partner:

1. So long as the Management Agreement is in effect, any director's fees, consulting fees or other remuneration paid to the General Partner, the Management Company, the members and employees of the Management Company, the undersigned or any of their respective affiliates (other than the Partnership or ATC) in cash, securities or otherwise by an Operating Company for services rendered to it shall be remitted to the Management Company; provided, however, that no remuneration shall be paid to any such Person other than in cash without the prior written consent of the holders of a majority of the Preferred Units. Notwithstanding the foregoing, only the amount of net after tax profit attributable to fees or other remuneration received by ATPharma for services rendered to an Operating Company, rather than the gross amount thereof, reduced by any ATPharma governance-related costs that are not borne by such Operating Company, shall be remitted to the Management Company; provided, however, that this sentence shall only apply if and to the extent that such fees or other remuneration were covered by a budget approved by the holders of a majority of the Preferred Units or the Board; and provided further, that such net after tax profit shall be limited to the amount necessary to comply with applicable tax rules governing transfer pricing between related entities.

2. So long as ATC continues to make investments, all investment opportunities in privately-held companies which come to his attention (including but not limited to follow-on investment opportunities), except for such opportunities which he believes in good faith are not within the purpose of or otherwise appropriate for ATC, shall be made available to ATC. Without the prior written approval of the holders of a majority of the Preferred Units, neither he nor any account (other than ATC) which he controls or in which he has a beneficial interest (unless he has no control) may (a) purchase a security of an Operating Company, (b) invest in or manage a private life science venture capital fund (except for preexisting investments in and management obligations to such funds on the date hereof), or (c) invest in any opportunity which has been presented to and rejected by ATC.

3. Without the prior written approval of the holders of a majority of the Preferred Units, neither he nor any account which he controls or in which he has a beneficial interest (unless he has no control) may borrow money from the Partnership or ATC.

4. He shall devote substantially all of his business time to the affairs of the Partnership, ATC, the Operating Companies, Apple Tree Partners I, L.P. ("ATP I"), Apple Tree Partners II, L.P. ("ATP II") and Apple Tree Partners II – Annex, L.P. ("ATP II – Annex") until the earlier of July 1, 2021 or such time as the audited value of the Partnership (including the value of prior dividends and other distributions) is at least $7.5 billion, and thereafter he shall devote such of his business time to the affairs of the Partnership and ATC as is reasonably required to manage the affairs thereof. So long as the terms of the preceding sentence remain applicable, he shall not permit ATP I, ATP II or ATP II-Annex to invest, after the date of this letter agreement, in entities that were not portfolio companies (or their successors or affiliates) of such partnerships on such date.

5. Without the approval of the holders of a majority of the Preferred Units, he shall not voluntarily permit any other Person to control the General Partner.

The terms and provisions of this letter agreement may be waived, modified or amended only by a writing signed by the undersigned and with the written consent of the holders of a majority of the Preferred Units.

This letter agreement shall be governed by and construed in accordance with the laws of the Cayman Islands, without regard to conflict of law principles.

Very truly yours,

SCHEDULE C

BUDGETING PROCESS

At the beginning of each fiscal year, the Board will review and approve the overall annual budgets for the Partnership and ATC and the budget for each Project that has been approved by the Board. This approved budget will then become the basis for a quarterly rolling forecast process that will result in the quarterly financial reports referred to below. This rolling forecast process will be driven by Finance with the participation of operating management (Commercial and Research & Development). Revenue and expense budgets, and other items affecting cash flow, will be updated as part of this rolling forecast process. Management will implement a system of spending and other controls designed to ensure that Project budgets are not exceeded without further Board approval. Any new Projects that the General Partner recommends to be added to the ATC portfolio, and any discretionary extraordinary expense, will both require approval by the Board and a budget established (and approved by the Board) before spending can commence.

The General Partner will issue a financial report to the holders of the Preferred Units at least every calendar quarter, on or before the tenth working day of the month following each quarter (or other period) end, in a format to be agreed upon between the General Partner and the holders of a majority of the Preferred Units. This financial report will cover all entities within the Partnership structure, and will include Project income and expenses and operating costs, along with at least the following:

- Profit and loss and cash flow statements, in total and by major Project, showing actual versus budgeted results for the quarter (or other period) then ended and including explanations of major variances to budget. The report will also include a reconciliation of total expenditures and cash flows from inception through the reporting date.

- Detailed budget by major Project by quarter (or other period) for the next twelve months, including operating income and expenses by major category, and other items affecting cash flow (capital expenditures, upfront / milestone payments, deposits / advances).

- Summary budget by major Project for each of the following two years, including operating income and expenses, and other items affecting cash flow.

In addition, the General Partner will present a schedule showing anticipated capital calls for the next four quarters and subsequent two years, reconciled to the detailed and summary cash flow budgets.

In addition to providing the quarterly (or other period) financial report, the General Partner will present in person the Partnership's financial results and budget to the holders of the Preferred Units twice per year, generally in January and July. The presentation will be made at a time and place to be decided by the holders of a majority of the Preferred Units and agreed with the General Partner. In addition to presenting the most recent quarterly (or other period) financial report, the General Partner will present additional material to provide the holders of the Preferred Units with a more complete understanding of the state of the Partnership's current operations and planned achievement of its goals. Members of the General Partner's core management team will be made available to assist in the presentation as required.

SCHEDULE D

FINANCING OF DR. HARRISON'S CAPITAL CONTRIBUTIONS

For the first $15 million of capital calls to Dr. Harrison in respect of his Preferred Units, 80% shall be funded from capital provided by Ezbon to him pursuant to an interest-free, limited-recourse loan (the "Loan Arrangement"), as described in Part A below, and 20% shall be funded by him as provided in Part B below. Any additional capital calls to Dr. Harrison in respect of his Preferred Units in excess of $15 million shall be funded from capital provided by Ezbon pursuant to the Loan Arrangement. Notwithstanding the foregoing, no additional capital shall be funded under the Loan Agreement if the General Partner has been removed pursuant to Paragraph 4(a) of the Agreement. Dr. Harrison's obligations under this Schedule D shall be binding upon his heirs and legal representatives.

Part A: Loan Arrangement.

Each portion of any capital call to Dr. Harrison to be funded through the Loan Arrangement shall be satisfied through a loan from Ezbon. Amounts shall be repaid under the Loan Arrangement as follows:

1. A pro rata portion of distributions to Dr. Harrison in respect of his Preferred Units (other than Tax Distributions and distributions pursuant to Paragraph 4(d)(iv) of the Agreement), based on the then outstanding principal balance under the Loan Arrangement and the amount of capital for such Preferred Units funded by him in cash or by reductions in the Management Fee, shall be applied against the loans. By way of example only, if $15 million had been called from Dr. Harrison in total in respect of his Preferred Units, of which Dr. Harrison had funded $3 million as provided in Part B below and $12 million had been funded under the Loan Arrangement and remained outstanding, then 80% of amounts distributable to Dr. Harrison in respect of his Preferred Units (other than Tax Distributions) would be applied against the loans.

2. 100% of all other distributions, other than Tax Distributions and net of any other tax liabilities arising from such distributions, to Dr. Harrison from the Partnership, shall be applied against the loans.

3. 20% of the first $20 million of "after-tax" distributions to Dr. Harrison from Apple Tree Partners I, L.P. ("ATP I"), Apple Tree Partners II, L.P. ("ATP II") and Apple Tree Partners II – Annex, L.P. ("Annex") after the date of the Agreement, and thereafter 80% of any additional "after-tax" distributions to Dr. Harrison from ATP I, ATP II and Annex after the date of the Agreement, but only to the extent necessary to cause cumulative repayments of amounts borrowed under the Loan Arrangement to equal

$12 million, shall be applied against the loans. For purposes of this Section 3, "after-tax" distributions shall mean the gross amount of any such distributions received by Dr. Harrison, reduced by his tax liability in respect thereof (or the allocations giving rise to such distributions), calculated in a manner consistent with the determination of Hypothetical Tax Liability pursuant to Paragraph 8(a) of the Agreement and after any in-kind distributions have been reduced to cash.

4. If any distribution (whether from ATP I, ATP II, Annex or the Partnership) is made to Dr. Harrison in kind rather than in cash, repayment of the Loan Arrangement shall be due after such distribution has been reduced to cash, based on the after-tax amount so realized (calculated based on the product of the taxable gain, if any, so realized and the highest applicable marginal federal and state tax rates applicable to the character of such gain). In the case of any in-kind distributions of publicly-traded securities to Dr. Harrison from ATP I, ATP II, Annex and the Partnership, Dr. Harrison shall, as soon as practicable and legally permissible, put up to 20%, 80% or 100%, as required and as applicable based on Section A.1-3 above, of the shares received from such distribution into a Rule 10b5-1 Distribution Plan (the "Plan") that is designed to effectuate in a market-reasonable legal manner the sale of such shares at a price that is at or above the distribution price of such shares. Dr. Harrison shall cause his attorneys to deliver promptly to Ezbon a copy of the relevant portions of the Plan. If there are no sales of shares pursuant to the Plan, Dr. Harrison and Ezbon shall confer reasonably about the next steps to cause such shares to be liquidated.

Any failure or refusal by Ezbon to fund the Loan Arrangement may, at the sole discretion of the General Partner, subject Ezbon to the imposition of a Default Charge under the Agreement. The failure by Dr. Harrison to satisfy a capital call in respect of his Preferred Units due to the failure by Ezbon to fund the Loan Arrangement shall not result in Dr. Harrison being deemed to be a Defaulting Partner or otherwise subject to Dr. Harrison to a Default Charge.

Part B: Deemed Contributions.

With respect to the portion of any capital call to Dr. Harrison in respect of his Preferred Units that are not funded through the Loan Arrangement, 20% shall be made in cash and the balance shall be deemed to have been contributed by Dr. Harrison. All such deemed contributions shall reduce Dr. Harrison's unfunded Subscription and shall otherwise be treated as a capital contribution, except that such amounts shall not increase Dr. Harrison's Capital Account balance. Payments of the Management Fee shall be reduced as necessary until cumulative reductions in the Management Fee equal the cumulative deemed contributions by Dr. Harrison pursuant to this Part B. Dr. Harrison shall be entitled to receive distributions in respect of his Preferred Units as if all capital calls in respect of such Preferred Units had been contributed by Dr. Harrison in cash, except such distributions shall be limited, pursuant to the principles set forth in Paragraph 7(g), to the extent necessary to ensure that Dr. Harrison's interest in the Partnership by reason of such deemed contributions is respected as a "profits

interest" for United States Federal income tax purposes. If the General Partner is removed as the general partner of the Partnership pursuant to Paragraph 4(a) of the Agreement, then to the extent the cumulative deemed contributions exceed the cumulative reductions in the Management Fee (including any such reductions occurring within 45 days after the removal date), 95% of such excess amount shall be deemed to be a loan under the Loan Arrangement.

Part C: Tax Gross Up Provisions

If any payment to Ezbon under the Loan Arrangement is subject to a U.S. federal, state or local tax (whether imposed by withholding or otherwise), the amount of such payment shall be increased by the Gross Up Amount with respect to such payment. For these purposes, the "Gross Up Amount" with respect to any payment shall equal the amount of increase necessary so that after any such deduction or withholding in respect of taxes has been made (including such deductions and withholdings applicable to additional sums payable under this paragraph), Ezbon receives an amount equal to the amount it would have received had no such deduction or withholding in respect of taxes been made. Ezbon shall each provide to Dr. Harrison (or his heirs or legal representatives) a properly completed Form W-8(BEN), and shall provide all other withholding certificates and other documentation, and shall take all reasonable actions necessary to minimize the amount of U.S. federal, state and local taxes imposed on amounts due in respect of the Loan Arrangement.

Notwithstanding the foregoing, Gross Up Amounts shall not include any additional tax liability, deductions or withholdings resulting from (w) any withholding taxes pursuant to Sections 1471 through 1474 of the Code to the extent a refund, tax credit or tax deduction is otherwise available (without regard to whether Ezbon or their respective beneficial holders claim such refunds, tax credits or tax deductions), (x) any activities of Ezbon or its affiliates (including any such activities that cause Ezbon to have a permanent establishment in the United States) apart from Ezbon's investment in the Partnership and participation in the Loan Arrangement, (y) Ezbon's failure to comply with the requirements of the previous sentence, and (z) Ezbon becoming a "United States person" within the meaning of Section 7701 of the Code and the Treasury Regulations promulgated thereunder (or electing to be taxed as such), becoming subject to tax by operation of Section 871(a)(2) of the Code and the Treasury Regulations promulgated thereunder, or otherwise becoming subject to any similar classification for purposes of U.S. federal, state or local taxes. Ezbon shall, as soon as reasonably practicable, provide Dr. Harrison with such information as is reasonably necessary for Dr. Harrison to determine the Gross Up Amount with respect to Ezbon. In addition, with respect to a tax imposed on net income, the Gross Up Amount shall only be equal to the excess (if any) of (i) the amount of such tax over (ii) the value of all refunds, tax credits and tax deductions to which Ezbon or its respective beneficial holders are entitled in respect of any amount to be repaid under the Loan Arrangement (without regard to whether Ezbon or its beneficial holders claim such refunds, tax credits or tax deductions), in each case, including such taxes on, and refunds, tax credits or tax deductions arising from, the Gross Up Amount.

Without limiting the foregoing, at Dr. Harrison's request, the parties shall use commercially reasonable efforts to structure the Loan Arrangement in a tax efficient manner, including in a manner that minimizes any Gross Up Amount due pursuant to this Part C.

SCHEDULE E

UNIT REDUCTION SCHEDULE

The table below sets forth the number of authorized Incentive Common Units and Founder Common Units at various Preferred Unit capital contribution levels. Reductions will be made on a pro rata basis for each incremental $10 million of Preferred Unit capital contributions; provided, however, that no reductions shall be made until the aggregate Preferred Unit capital contributions reach $100 million; and provided further, that no further reductions to the authorized Incentive Common Units or authorized Founder Common Units shall be made after the aggregate Preferred Unit capital contributions reach $1 billion and $300 million, respectively.

Distributions pursuant to Paragraph 8(d)(ii) are apportioned among the holders of Units based, in part, on the number of authorized Incentive Common Units and Investment Common Units, which are determined in part based on the amount of capital contributions in respect of Preferred Units at the time of distribution. The following tables set forth two examples of distributions pursuant to Paragraph 8(d)(ii). The assumptions for both examples are the same, except that in example 1, 100% of the authorized number of Incentive Common Units are outstanding at all relevant times, and in example 2, 40% of the authorized number of Incentive Common Units are outstanding at all relevant times. These examples are for illustrative purposes only, and the actual apportionment of distributions as of any time will be governed by the terms of the Agreement.

AMENDMENT NO. 1

AMENDMENT NO. 1 (this "Amendment"), dated January 1, 2014, to the First Amended and Restated Limited Partnership Agreement (the "Agreement") of Apple Tree Partners IV, L.P. (the "Partnership"). Capitalized terms used without definition herein shall have the respective meanings specified therefor in the Agreement.

For good and valuable consideration, including but not limited to the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby agree that the Agreement is hereby amended (on behalf of all Partners) pursuant to Paragraph 17 thereof as follows:

1. Paragraph 1(c) of the Agreement is hereby amended and restated in its entirety to read as follows:

"(c) Purposes. The sole purpose of the Partnership is to invest, directly or indirectly through one or more entities directly or indirectly owned in whole or in part by the Partnership (each such entity, an "Intermediary"), in pharmaceutical, medical device and other medically-related companies and business projects. One such Intermediary shall be Apple Tree Consolidated, SPRL, a Belgium private limited liability company ("ATC"), whose equity securities shall be wholly-owned, directly or indirectly through another Intermediary, by the Partnership, except for any directors' qualifying share requirements and the like. The Partnership, ATC and each other Intermediary shall have such other purposes that are necessary, convenient or related to the foregoing."

2. The second sentence of Paragraph 2(d) of the Agreement is hereby deleted in its entirety, it being understood and agreed that Apple Tree Life Sciences, Inc. (formerly known as Apple Tree Pharmaceuticals, Inc.) is to become a direct or indirect wholly-owned subsidiary of the Partnership.

3. The words ", fees or other remuneration paid to ATPharma as described in Paragraph 2(d)" are hereby deleted in their entirety from Paragraph 2(e) of the Agreement.

4. The last sentence of Paragraph 2(l) of the Agreement is hereby deleted in its entirety.

5. The term "Project", which first appears in Paragraph 2(n) of the Agreement, shall also include investments in pharmaceutical, medical device and other medically-related companies, projects and related activities that are made directly by the Partnership or indirectly by it through Intermediaries, as well as through ATC.

6. An additional sentence is hereby added at the end of Paragraph 5(a)(ii) of the Agreement to read in its entirety as follows:

"Notwithstanding the foregoing, the General Partner may call capital to permit the Partnership or any Intermediary to make investments in Projects and companies other than through ATC; provided that budgets for any such investments have been approved by the holders of a majority

JX-1

of the Preferred Units in writing and that such capital calls are made in accordance with such budgets."

7. Paragraph 6(c)(v) of the Agreement is hereby amended and restated to read in its entirety as follows:

"(v) tracking units with respect to any Project or company ("Tracking Units"), which shall not represent in the aggregate more than 5% of the Partnership's cumulative direct and indirect profits in such Project or company since its inception, and which "track" the profits (determined in accordance with GAAP, as defined in Paragraph 16(f)) of a particular Project or company."

8. The third sentence of Paragraph 6(e) of the Agreement is hereby amended and restated to read in its entirety as follows:

"Incentive Common Units shall only be issued to Persons providing bona fide services to Apple Tree Life Sciences, Inc. and Tracking Units in respect of a Project or company shall only be issued to Persons providing bona fide services directly related to the corresponding Project or company."

9. The words ",on a straight-line basis (calculated in $10 million increments)," appearing in Paragraph 6(f)(ii) of the Agreement are hereby deleted in their entirety.

10. Paragraph 8(b) of the Agreement is hereby amended and restated to read in its entirety as follows:

"(b) Tracking Unit Distributions. In connection with any "liquidity event" (including the receipt of interest, dividends, redemption or sale proceeds, royalties and other distributions, an initial public offering, or as otherwise determined in the reasonable discretion of the General Partner and the holders of a majority of the Preferred Units) with respect to a Project or company for which Tracking Units are then outstanding, the Partnership shall distribute, out of available assets, to the holders of such Tracking Units an amount (on a cumulative basis together with any prior distributions in respect of such Tracking Units) equal to 5% of the Partnership's direct and indirect profits (determined in accordance with GAAP) in such Project or company; provided that an amount equal to the sum of the Partnership's aggregate cost with respect to such Project or company and the balance of such profits has been or is simultaneously received by the Partnership, ATC or another Intermediary from such Project or company; provided, further that, in accordance with the granting documents relating to Tracking Units with respect to a Project or company, the cumulative profits actually distributed to holders of Tracking Units with respect to a Project or company as of any time shall be less than the 5% profit amount referred to above if and to the extent that Tracking Units for such full 5% profit amount have not been granted and remain outstanding. Such distribution shall be made in cash, or in the discretion of the General Partner and with the prior written approval of the holders of a majority of the Preferred Units, in securities of ATC or other property identified by the General Partner. If Tracking Units are outstanding with respect to more than one Project or company that has undergone a liquidity event, distributions pursuant to this Paragraph 8(b) shall be apportioned among such holders of Tracking Units in proportion to the fair market values thereof."

11. The references to "ATPharma" appearing in Paragraphs 15(a), 15(d), 16(d)(vii) and 19 of the Agreement are hereby changed to "Apple Tree Life Sciences, Inc."

12. The last sentence of Paragraph 15(a) of the Agreement is hereby amended and restated to read in its entirety as follows:

> "Notwithstanding anything to the contrary set forth in this Paragraph 15, holders of Tracking Units may only be indemnified by the company and/or Project with respect to which their Tracking Units relate, and not by the Partnership, ATP or any other company or Project."

13. The Management Company and ATC are hereby authorized and directed to amend the Management Agreement (Schedule A to the Agreement) as follows:

(a) To delete the third sentence of Paragraph 3 thereof relating to ATPharma.

(b) To provide that in no event shall any quarterly Management Fee payment be reduced by more than $150,000, and, to the extent that such a reduction in excess of $150,000 would otherwise occur, the amount of such excess shall instead be carried forward from quarter to quarter as a reduction until it has been fully absorbed.

14. The second sentence of Paragraph 1 of the Letter Agreement (Schedule B to the Agreement), relating to ATPharma, shall be deleted in its entirety.

15. The third sentence of "Part B: Deemed Contributions" of Schedule D (Financing of Dr. Harrison's Capital Contributions) to the Agreement is hereby amended and restated to read in its entirety as follows:

> "Payments of the Management Fee shall be reduced as necessary until cumulative reductions in the Management Fee equal the cumulative deemed contributions by Dr. Harrison pursuant to this Part B; provided that in no event shall any quarterly Management Fee payment be reduced by more than $150,000, and, to the extent that such a reduction in excess of $150,000 would otherwise occur, the amount of such excess shall instead be carried forward from quarter to quarter as a reduction until it has been fully absorbed."

In all other respects, the Agreement shall continue in full force and effect and shall be unaffected by this Amendment.

AMENDMENT NO. 2

AMENDMENT NO. 2 (this "Amendment"), dated August 15, 2014, to the First Amended and Restated Limited Partnership Agreement (the "Agreement") of Apple Tree Partners IV, L.P. (the "Partnership"). Capitalized terms used without definition herein shall have the respective meanings specified therefor in the Agreement.

For good and valuable consideration, including but not limited to the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby agree that the Agreement is hereby amended (on behalf of all Partners) pursuant to Paragraph 17 thereof as follows:

1. Schedule C to the Agreement is hereby amended and restated in its entirety in the form attached hereto as Exhibit 1.

2. Paragraph 5(a)(ii) of the Agreement is hereby amended and restated in its entirety to read as follows:

"Unless otherwise approved by the holders of a majority of the Preferred Units in writing, the General Partner may only call capital, as of any time, in amounts sufficient to enable the Partnership, ATC and the Intermediaries (including, without limitation, Subsidiaries and Operating Companies), as applicable, to (A) pay Partnership, ATC and Intermediary expenses then existing or reasonably anticipated to be incurred within the next six-month period, (B) pay other Partnership, ATC and Intermediary non-discretionary items (such as taxes and tax distributions) and satisfy other Partnership, ATC and Intermediary expenses and obligations incurred in the ordinary course of business, (C) pay the Management Fee for the next 12-month period, (D) invest in Projects approved by the Board in accordance with a Board-approved budget, in the case of Projects being run through ATC, (E) invest in Projects approved by the holders of a majority of the Preferred Units in writing in accordance with a budget therefor approved by such holders of Preferred Units, in the case of Projects not being run through ATC, and (F) pay other Partnership, ATC and Intermediary operating expenses that are covered by a budget proposed by the General Partner and approved by the holders of a majority of the Preferred Units in writing in accordance with Schedule C-1. Notwithstanding the foregoing, unless otherwise approved by the holders of a majority of the Preferred Units in writing or the Board, (i) capital calls in respect of all indemnification obligations pursuant to Paragraph 15 shall not exceed in the aggregate the greater of (Y) 20% of the Partnership's contributed capital or (Z) $50 million, and (ii) in the case of a capital call pursuant to clause (D) or (E) of the preceding sentence that is made on a basis accelerated from that set forth in an approved Project budget, the General Partner (a) represents in writing to the Partners that it has a good faith belief that the Project (or portion thereof covered by such budget) will be completed within the aggregate amount budgeted therefor and (b) provided the Board or the holders of the Preferred Units, as the case may be, with a reasonably detailed and diligenced presentation supporting such representation; provided, however, that no approval by the Board or the holders of Preferred Units shall be required with respect to organizational expenses of the Partnership and its related entities."

SCHEDULE C

PROJECT BUDGET PROCESS

The Board will review and approve the budget for each Project that has been approved by the Board, in the case of Projects being run through ATC. This approved budget will then become the basis for a quarterly rolling forecast process that will result in the quarterly financial reports referred to below. This rolling forecast process will be driven by Finance with the participation of operating management (Commercial and Research & Development). Revenue and expense budgets, and other items affecting cash flow, will be updated as part of this rolling forecast process. Management will implement a system of spending and other controls designed to ensure that Project budgets are not exceeded without further Board approval. Any new Projects that the General Partner recommends to be added to the ATC portfolio, and any discretionary extraordinary expense, will both require approval by the Board and a budget established (and approved by the Board) before spending can commence.

A substantially similar budgeting process will be undertaken with respect to Projects that are not being run through ATC, in which case the budgets will be reviewed and approved by the holders of a majority of the Preferred Units.

The General Partner will issue a financial report to the holders of the Preferred Units at least every calendar quarter, on or before the tenth working day of the month following each quarter (or other period) end, in a format to be agreed upon between the General Partner and the holders of a majority of the Preferred Units. This financial report will cover all entities within the Partnership structure, and will include Project income and expenses and operating costs, along with at least the following:

- Profit and loss and cash flow statements, in total and by major Project, showing actual versus budgeted results for the quarter (or other period) then ended and including explanations of major variances to budget. The report will also include a reconciliation of total expenditures and cash flows from inception through the reporting date.
- Detailed budget by major Project by quarter (or other period) for the next twelve months, including operating income and expenses by major category, and other items affecting cash flow (capital expenditures, upfront / milestone payments, deposits / advances).
- Summary budget by major Project for each of the following two years, including operating income and expenses, and other items affecting cash flow.

In addition, the General Partner will present a schedule showing anticipated capital calls for the next four quarters and subsequent two years, reconciled to the detailed and summary cash flow budgets.

In addition to providing the quarterly (or other period) financial report, the General Partner will present in person the Partnership's financial results and budget to the holders of the Preferred Units twice per year, generally in January and July. The presentation will be made at a time and place to be decided by the holders of a majority of the Preferred Units and agreed with the General Partner. In addition to presenting the most recent quarterly (or other period) financial report, the General Partner will present additional material to provide the holders of the Preferred Units with a more complete understanding of the state of the Partnership's current operations and planned achievement of its goals. Members of the General Partner's core management team will be made available to assist in the presentation as required.

Proprietary and Confidential

EXHIBIT 2

SCHEDULE C-1

OPERATING BUDGET PROCESS

1. The General Partner will propose a rolling three-year operating budget for the Partnership. This budget will (a) solely cover operating-type expenses that are not covered by an individual Project budget and (b) expressly exclude (i) any investments (which will be subject to the separate Project approval process), (ii) any non-discretionary items (such as taxes and tax distributions) and (iii) the Management Fee payable to the Management Company. Accordingly, there will not be any duplication and this budget will be for a net amount only.

2. Initially, there will be a budget for each of years 2015, 2016 and 2017. At some point late in 2015, a budget for 2018 will also be proposed. This process will continue on an annual basis, so a budget for the "rolling" third year will always be proposed annually.

3. The costs that will make up each budget will principally include: personnel (other than for Dr. Harrison and his assistant), legal, accounting, auditing, consultants, facilities (other than the portion allocated to the Management Company), due diligence expenses, travel and insurance. As noted above, to the extent any of these are already covered in a specific Project budget, they will be excluded.

4. The budget will be drawn against over time. If an approved budget is not fully-utilized in any year, there will not be any carry-forward of the unused amount. To provide some flexibility, an overage of up to 10% of the annual approved budgeted amount may be called if necessary, at the reasonable discretion of the General Partner.

5. The budget covering each year of the three-year rolling operating budget will be subject to approval by the holders of a majority of the Preferred Units in writing and, once so approved, the budget covering that year will not be subject to further approval.

ITEM NO. 46

JX-3

AMENDMENT NO. 3

AMENDMENT NO. 3 (this "Amendment"), dated September 1, 2014, to the First Amended and Restated Limited Partnership Agreement (the "Agreement") of Apple Tree Partners IV, L.P. (the "Partnership"). Capitalized terms used without definition herein shall have the respective meanings specified therefor in the Agreement.

For good and valuable consideration, including but not limited to the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby agree that the Agreement is hereby amended (on behalf of all Partners) pursuant to Paragraph 17 thereof as follows:

1. Each reference in the Agreement to a "Subsidiary" of an entity shall be interpreted to mean and include each enterprise, a majority of whose voting securities, are owned directly or indirectly by such entity.

2. Paragraph 2(n) of the Agreement is hereby amended and restated in its entirety to read as follows:

"(n) ATC Board. The board of directors of ATC (the "Board") shall consist of five individuals, three of whom shall be appointed by the holders of a majority of the Preferred Units and two of whom shall be appointed by the General Partner; provided, however, that if the General Partner has been removed as general partner of the Partnership pursuant to Paragraph 4(a), the Board shall consist solely of three individuals appointed by the holders of a majority of the Preferred Units. Subject to the terms of this Agreement, the Board shall have the sole and exclusive authority, by majority vote of its members (including all members appointed by the holders of a majority of the Preferred Units), to approve investments by ATC in Projects (as defined below), together with a budget for each Project (which may be for more than a single year and may include milestone-based payments), which Projects and budgets have been proposed by ATC's management. A description of the budgeting process to be undertaken by the Board is attached hereto as Schedule C. Without the approval of at least 80% of its members (including all members appointed by the holders of a majority of the Preferred Units), the Board shall not cause ATC to: (i) declare dividends or other distributions (except in accordance with a budget approved by the Board or as described below); (ii) effect any liquidation, dissolution or winding up of ATC; (iii) effect any consolidation or merger of ATC into or with any other entity or entities, or any sale or other disposition of a substantial portion of the assets of ATC; (iv) issue securities of ATC (other than to the Partnership or an Intermediary); (v) borrow or issue guarantees; or (vi) approve the transfer of any securities of ATC. The Board shall cause ATC to enter into an agreement with the General Partner for the day-to-day operations of ATC to be managed by the General Partner or its designee in a form approved in writing by the holders of a majority of the Preferred Units (the "Operating Agreement"); provided that no compensation shall be paid by ATC to the General Partner or its designee, the Management Company, Dr. Harrison or their respective affiliates pursuant thereto. Notwithstanding the foregoing, the General Partner shall cause ATC to distribute promptly to the Partnership any amounts received by ATC from its Subsidiaries which remain after ATC has made or established appropriate reserves for paying its expenses, liabilities and other obligations (including investments in Projects pursuant to a budget approved by the Board). To the maximum extent practicable, ATC

JX-3

shall fund its operations (including investments in Projects) from capital contributions coming directly or indirectly from the Partnership, rather than through the recycling of ATC income or distributions (including distributions received by ATC from its Subsidiaries. The holders of a majority of the Preferred Units may, at their sole option at any time or times, require the General Partner to constitute boards of directors for any or all of the Subsidiaries of ATC, substantially on the same basis, and with the same authority, as the Board. In the absence of such a board being established for any Subsidiary of ATC, such Subsidiary shall not take any action prohibited by clauses (i) through (vi) above (as if such clause referred to such Subsidiary rather than ATC), except with the prior written consent of the holders of a majority of the Preferred Units or in accordance with a budget approved by the Board. As used in this Agreement, the term "Projects" means investments in pharmaceutical, medical device and other medically-related companies, projects and related activities that are made directly by the Partnership or indirectly by it through Intermediaries, as well as through ATC."

3. Paragraph 5(a)(ii) of the Agreement is hereby amended and restated in its entirety to read as follows:

"Unless otherwise approved by the holders of a majority of the Preferred Units in writing, the General Partner may only call capital, as of any time, in amounts sufficient to enable the Partnership, ATC and the Intermediaries (including, without limitation, Subsidiaries and Operating Companies), as applicable, to (A) pay Partnership, ATC and Intermediary expenses then existing or reasonably anticipated to be incurred within the next six-month period, (B) pay other Partnership, ATC and Intermediary non-discretionary items (such as taxes and tax distributions) and satisfy other Partnership, ATC and Intermediary expenses and obligations incurred in the ordinary course of business, (C) pay the Management Fee for the next 12-month period, (D) invest in Projects approved by the Board in accordance with a Board-approved budget, in the case of Projects being run through ATC, (E) invest in Projects approved by the holders of a majority of the Preferred Units in writing in accordance with a budget therefor approved by such holders of Preferred Units, in the case of Projects not being run through ATC, (F) pay other Partnership, ATC and Intermediary operating expenses that are covered by a budget proposed by the General Partner and approved by the holders of a majority of the Preferred Units in writing in accordance with Schedule C-1, and (G) have a reserve not exceeding $15 million at any one time for investing in the Late-Stage Investment Pool (as defined in Paragraph 8(c)). Notwithstanding the foregoing, unless otherwise approved by the holders of a majority of the Preferred Units in writing or the Board, (i) capital calls in respect of all indemnification obligations pursuant to Paragraph 15 shall not exceed in the aggregate the greater of (Y) 20% of the Partnership's contributed capital or (Z) $50 million, and (ii) in the case of a capital call pursuant to clause (D) or (E) of the preceding sentence that is made on a basis accelerated from that set forth in an approved Project budget, the General Partner (a) represents in writing to the Partners that it has a good faith belief that the Project (or portion thereof covered by such budget) will be completed within the aggregate amount budgeted therefor and (b) provided the Board or the holders of the Preferred Units, as the case may be, with a reasonably detailed and diligenced presentation supporting such representation; provided, however, that no approval by the Board or the holders of Preferred Units shall be required with respect to organizational expenses of the Partnership and its related entities."

4. Paragraph 8(c) of the Agreement is hereby amended and restated in its entirety to read as follows:

"(c) Timing of Other Distributions. The General Partner shall cause the Partnership to distribute in cash to the Partners, promptly from time to time, any amounts held by the Partnership which remain after the Partnership has made, or established reserves to make, tax distributions and Tracking Unit distributions which are required by Paragraphs 8(a) and (b), respectively, except to the extent that the General Partner reasonably determines that such amounts may be necessary for paying Partnership, Intermediary and ATC expenses, liabilities and other obligations (including investments in Projects consistent with the applicable budgets) and establishing reserves therefor, in each case in accordance with budgets approved by the Board or as provided for in this Agreement in the case of the Management Fee and indemnification obligations, or as otherwise determined by the General Partner with the prior written consent of the holders of a majority of the Preferred Units. The Partnership may, at the discretion of the General Partner and with the prior written consent of the holders of a majority of the Preferred Units, distribute to the Partners at any time additional amounts in cash or in kind. To the maximum extent practicable, each Intermediary, ATC and each Subsidiary shall fund its operations (including investments in Projects) from capital contributions coming directly or indirectly from the Partnership, rather than through the recycling of their own income or distributions (including distributions received from entities in which they have an ownership interest). Without limitation on the foregoing, the General Partner shall cause each Subsidiary of ATC to distribute promptly to ATC any amounts which remain after such Subsidiary has made or established appropriate reserves for paying its expenses, liabilities and other obligations (including investments in Projects consistent with the applicable budgets). Notwithstanding the foregoing provisions of this Paragraph 8(c), the General Partner may designate up to $50 million in the aggregate of capital contributions made by the Partners to the Partnership for investment by the Partnership in minority positions in late-stage privately held companies, initial public offerings and publicly held companies, which investments the General Partner anticipates will be liquidated within 24-months of the respective dates on which they are made (the "Late-Stage Investment Pool"). The General Partner hereby designates the $25,229,439 previously invested by the Partnership in Aurinia, Zafgen, Dermira, Cerecor, ProQR and Tokai as part of the Late-Stage Investment Pool, leaving a remaining balance of $24,770,561 for future designation. The General Partner may cause the Partnership to continue to reinvest the proceeds realized by the Partnership from Late-Stage Investment Pool liquidations in other Late-Stage Investment Pool investments, provided that any net profits realized by the Partnership on an aggregate basis from Late-Stage Investment Pool liquidations may not be reinvested. Any Late-Stage Investment Pool investments may be made by the Partnership directly or indirectly. In addition to and notwithstanding the foregoing, at the discretion of the General Partner and with the prior written consent of the holders of a majority of the Preferred Units, the General Partner may cause the Partnership, any Intermediary, ATC or any Subsidiary to reinvest its income or any distributions or other proceeds received by it, rather than causing such amounts to be distributed to the Partners or any higher tier entity.

In all other respects, the Agreement shall continue in full force and effect and shall be unaffected by this Amendment.

IN WITNESS WHEREOF, the undersigned have executed this Amendment as a deed on the day and year first above written.

AMENDMENT NO. 4

AMENDMENT NO. 4 (this "Amendment"), dated April 1, 2015, to the First Amended and Restated Limited Partnership Agreement (the "Agreement") of Apple Tree Partners IV, L.P. (the "Partnership"). Capitalized terms used without definition herein shall have the respective meanings specified therefor in the Agreement.

For good and valuable consideration, including but not limited to the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby agree that the Agreement is hereby amended (on behalf of all Partners) pursuant to Paragraph 17 thereof as follows:

Paragraph 8(c) of the Agreement is hereby amended and restated in its entirety to read as follows:

"(c) Timing of Other Distributions. The General Partner shall cause the Partnership to distribute in cash to the Partners, promptly from time to time, any amounts held by the Partnership which remain after the Partnership has made, or established reserves to make, tax distributions and Tracking Unit distributions which are required by Paragraphs 8(a) and (b), respectively, except to the extent that the General Partner reasonably determines that such amounts may be necessary for paying Partnership, Intermediary and ATC expenses, liabilities and other obligations (including investments in Projects consistent with the applicable budgets) and establishing reserves therefor, in each case in accordance with budgets approved by the Board or as provided for in this Agreement in the case of the Management Fee and indemnification obligations, or as otherwise determined by the General Partner with the prior written consent of the holders of a majority of the Preferred Units. The Partnership may, at the discretion of the General Partner and with the prior written consent of the holders of a majority of the Preferred Units, distribute to the Partners at any time additional amounts in cash or in kind. To the maximum extent practicable, each Intermediary, ATC and each Subsidiary shall fund its operations (including investments in Projects) from capital contributions coming directly or indirectly from the Partnership, rather than through the recycling of their own income or distributions (including distributions received from entities in which they have an ownership interest). Without limitation on the foregoing, the General Partner shall cause each Subsidiary of ATC to distribute promptly to ATC any amounts which remain after such Subsidiary has made or established appropriate reserves for paying its expenses, liabilities and other obligations (including investments in Projects consistent with the applicable budgets). Notwithstanding the foregoing provisions of this Paragraph 8(c), the General Partner may designate up to $50 million in the aggregate of capital contributions made by the Partners to the Partnership for investment by the Partnership in minority positions in late stage privately held companies, initial public offerings and publicly held companies, which investments the General Partner anticipates will be liquidated within 24 months of the respective dates on which they are made (the "Late Stage Investment Pool"). The General Partner hereby designates the $32,289,678 previously invested by the Partnership in Aurinia, Zafgen, Dermira, Cerecor, ProQR, Tokai, Titan and Nivalis (f/k/a N30) as part of the Late Stage Investment Pool, leaving a remaining balance of $17,710,322 for future designation. The General Partner may cause the Partnership to continue to reinvest the proceeds realized by the Partnership from Late Stage Investment Pool liquidations in other Late Stage Investment Pool investments or use such proceeds for other Partnership purposes, including, without limitation, payment of expenses, liabilities and other obligations and investment in Projects. The General Partner shall advise the holders of the Preferred Units as to the amount of such proceeds used for other Partnership purposes and, the amount thereof

shall be deemed, on a *pro rata* basis among such holders in accordance with their respective Contingent Subscriptions, to reduce any outstanding capital calls to such holders, to the extent thereof, with the reduced amount of such calls being treated as if such calls had never been made and, to the extent of any such holder's share of proceeds in excess of its outstanding capital calls, to be an advance capital contribution by such holder. Any Late Stage Investment Pool investments may be made by the Partnership directly or indirectly. In addition to and notwithstanding the foregoing, at the discretion of the General Partner and with the prior written consent of the holders of a majority of the Preferred Units, the General Partner may cause the Partnership, any Intermediary, ATC or any Subsidiary to reinvest its income or any distributions or other proceeds received by the Partnership, rather than causing such amounts to be distributed to the Partners or any higher tier entity."

In all other respects, the Agreement shall continue in full force and effect and shall be unaffected by this Amendment.

AMENDMENT NO. 5

AMENDMENT NO. 5 (this "Amendment"), dated May 11, 2015, to the First Amended and Restated Limited Partnership Agreement (the "Agreement") of Apple Tree Partners IV, L.P. (the "Partnership"). Capitalized terms used without definition herein shall have the respective meanings specified therefor in the Agreement.

For good and valuable consideration, including but not limited to the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby agree that the Agreement is hereby amended (on behalf of all Partners) pursuant to Paragraph 17 thereof as follows:

1. Paragraph 2(c) of the Agreement is hereby amended and restated in its entirety to read as follows:

"(c) Management Agreement. The General Partner shall cause the Partnership to enter into a management agreement with the Management Company effective July 1, 2015, in the form attached hereto as Schedule A (as amended from time to time, the "Management Agreement"), to supersede the existing management agreement between ATC and the Management Company. 3. No additional Tracking Units shall be issued by the Partnership and the General Partner shall use reasonable commercial efforts to enter into agreements with the holders of existing Tracking Units to replace such Tracking Units with direct equity interests in the Partnership's portfolio companies.

4. The existing Schedule E to the Partnership Agreement is deleted in its entirety and replaced by a new Schedule E in the form attached hereto. Furthermore, (i) up to 198,635

JX-5

Incentive Common Units may be issued, instead of up to 158,823 such units, (ii) authorized and outstanding Incentive Common Units shall no longer be subject to reduction, and (iii) the definition of "Incentive Percentage" in Paragraph 8(d)(ii)(A) of the Partnership Agreement is changed to mean, at any time, the Incentive Percentage if all Incentive Common Units were issued (determined in accordance with Schedule E), multiplied by the number of issued Incentive Common Units as of such time and divided by 198,635.

In all other respects, the Agreement shall continue in full force and effect and shall be unaffected by this Amendment.

SCHEDULE A

MANAGEMENT AGREEMENT

AGREEMENT dated July 1, 2015 (as amended from time to time, this "Agreement"), between Apple Tree Venture Management, LLC, a Delaware limited liability company (the "Management Company"), and Apple Tree Partners IV, L.P., a Cayman Islands exempted limited partnership (the "Partnership").

In consideration of the premises and the agreements herein contained, and intending to be legally bound hereby, the parties hereto agree as follows:

1. Definitions. Capitalized terms used but not defined herein shall have the respective meanings given them in the First Amended and Restated Limited Partnership Agreement of the Partnership dated November 1, 2012 (as the same may be amended from time to time, the "Partnership Agreement").

2. Management Company Duties. The Management Company shall (i) identify prospective investment opportunities for the Partnership in pharmaceutical, medical device and other medically-related companies and business projects and (ii) provide assistance to the Partnership in evaluating such investment opportunities. Notwithstanding the services provided by the Management Company, the Management Company shall not be authorized to manage the affairs of, act in the name of, or bind the Partnership.

3. Payment of Expenses. The Management Company agrees to pay (a) all compensation of Dr. Harrison and his administrative assistant in their capacities as employees of the Management Company; and (b) a pro rata share of the Partnership's facilities and other overhead expenses, based on the portion of such facilities used by the Management Company. The Partnership shall pay all other expenses properly chargeable to its affairs which are not reimbursed by its portfolio companies.

4. Management Fee. The Partnership shall pay the Management Company a management fee (the "Management Fee") each year for the services to be provided hereunder, in the amount of US $2 million or such greater amount as may be approved by the holders of a majority of the Preferred Units. The Management Fee for each year shall be reduced by (i) any director's fees, consulting fees or other remuneration paid to the Management Company, the members and employees of the Management Company, the General Partner, Dr. Harrison or any of their respective affiliates (other than the Partnership or its portfolio companies) in cash, securities or otherwise for services rendered to portfolio companies; provided, however, that no remuneration shall be paid to any such Person other than in cash without the prior written consent of the holders of a majority of the Preferred Units. Any securities or other property received in kind (with the prior written consent of the holders of a majority of the Preferred Units) shall be valued at the time they are reduced to cash or cash equivalents for purposes of the foregoing reduction to the Management Fee. The Management Fee for each year shall also be reduced for "deemed contributions" as provided in Part B of Schedule D of the Partnership Agreement. Payments of the Management Fee shall be made in advance at the beginning of each

calendar quarter in each year in an amount determined by the Management Company but not more than 25% of the maximum aggregate amount of the Management Fee for such year. The amount of the fees and other remuneration paid or remitted to the Management Company, the General Partner, Dr. Harrison or any such affiliates from the Partnership's portfolio companies shall be computed for each year, and any net amount due the Partnership from the Management Company or the Management Company from the Partnership shall be remitted within 30 days after such computation. Notwithstanding anything to the contrary in this Paragraph 4, no calendar quarter Management Fee shall be reduced by more than $150,000. If in any calendar quarter any reductions described above would cause the Management Fee otherwise payable to be reduced by more than $150,000, the excess amount of such reductions shall be carried forward on a quarter-by-quarter basis.

5. Term of Agreement. This Agreement shall terminate upon the earlier of (i) the completion of liquidation of the Partnership and (ii) the removal of the General Partner pursuant to Paragraph 4 of the Partnership Agreement; provided, however, that the Management Fee shall continue to be paid for an additional 45 days following any such removal of the General Partner.

6. Termination and Amendment. This Agreement shall not be terminated prior to the time set forth in Paragraph 5 or amended, and none of its provisions shall be waived, in each case without the written consent of the parties hereto and the holders of a majority of the Preferred Units.

7. Independent Contractor. The relationship of the Management Company to the Partnership is that of an independent contractor and neither this Agreement nor the services to be rendered hereunder shall for any purpose whatsoever or in any way or manner create any employer-employee relationship between the parties.

8. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to conflict of law principles.

9. Counterparts. This Agreement may be executed in counterparts, each of which, when so executed and delivered, shall be deemed an original instrument, but all of which together shall constitute a single agreement.

10. Severability. Each provision of this Agreement shall be considered severable and if for any reason any provision or provisions herein are determined to be invalid, unenforceable or illegal under any existing or future law, such invalidity, unenforceability or illegality shall not impair the operation of or affect those provisions of this Agreement which are valid, enforceable and legal.

IN WITNESS WHEREOF, the undersigned have executed this Agreement on the date first above written.

SCHEDULE A

MANAGEMENT AGREEMENT

AGREEMENT dated May 31, 2017 (as amended from time to time, this "Agreement"), between Apple Tree Venture Management, LLC, a Delaware limited liability company (the "Management Company"), and Apple Tree Partners IV, L.P., a Cayman Islands exempted limited partnership (the "Partnership").

In consideration of the premises and the agreements herein contained, and intending to be legally bound hereby, the parties hereto agree, effective from and after January 1, 2016, as follows:

1. Definitions. Capitalized terms used but not defined herein shall have the respective meanings given them in the First Amended and Restated Limited Partnership Agreement of the Partnership dated November 1, 2012 (as the same may be amended from time to time, the "Partnership Agreement").

2. Management Company Duties. The Management Company shall (i) identify prospective investment opportunities for the Partnership in pharmaceutical, medical device and other medically-related companies and business projects and (ii) provide assistance to the Partnership in evaluating such investment opportunities. Notwithstanding the services provided by the Management Company, the Management Company shall not be authorized to manage the affairs of, act in the name of, or bind the Partnership.

3. Payment of Expenses. The Partnership shall pay, or shall cause Apple Tree Life Sciences, Inc. ("ATLS"), a wholly-owned subsidiary of the Partnership, to pay all reasonable business expenses properly chargeable to their affairs which are not reimbursed by the Partnership's portfolio companies and which are covered by a budget adopted in accordance with the provisions of the Partnership's limited partnership agreement or are otherwise approved in writing by the holders of a majority of the Preferred Units.

4. Management Fee. The Partnership shall pay the Management Company a management fee (the "Management Fee") each year for the services to be provided hereunder, in the amount of US $2,000,000 or such greater amount as may be approved by the holders of a majority of the Preferred Units. The Management Fee shall be used to compensate Dr. Harrison. The Management Fee for each year shall be reduced by any director's fees, consulting fees or other remuneration paid to the Management Company, the members and employees of the Management Company, the General Partner, Dr. Harrison or any of their respective affiliates (other than the Partnership or its portfolio companies) in cash, securities or otherwise for services rendered to portfolio companies; provided, however, that no remuneration shall be paid to any such Person other than in cash without the prior written consent of the holders of a majority of the Preferred Units; and provided further, however, that up to $30,000 or such greater amount as may be approved by the holders of a majority of the Preferred Units may be paid annually by ATLS to Dr. Harrison, which amount shall not reduce the Management Fee. Any securities or other property received in kind (with the prior written consent of the holders of a majority of the

AK YB

Preferred Units) shall be valued at the time they are reduced to cash or cash equivalents for purposes of the foregoing reduction to the Management Fee. Payments of the Management Fee shall be made in advance at the beginning of each calendar quarter in each year in an amount determined by the Management Company but not more than 25% of the maximum aggregate amount of the Management Fee for such year. The amount of the fees and other remuneration paid or remitted to the Management Company, the General Partner, Dr. Harrison or any such affiliates from the Partnership's portfolio companies shall be computed for each year, and any net amount due the Partnership from the Management Company or the Management Company from the Partnership shall be remitted within 30 days after such computation.

5. Term of Agreement. This Agreement shall terminate upon the earlier of (i) the completion of liquidation of the Partnership and (ii) the removal of the General Partner pursuant to Paragraph 4 of the Partnership Agreement; provided, however, that the Management Fee shall continue to be paid for an additional 45 days following any such removal of the General Partner.

6. Termination and Amendment. This Agreement shall not be terminated prior to the time set forth in Paragraph 5 or amended, and none of its provisions shall be waived, in each case without the written consent of the parties hereto and the holders of a majority of the Preferred Units.

7. Independent Contractor. The relationship of the Management Company to the Partnership is that of an independent contractor and neither this Agreement nor the services to be rendered hereunder shall for any purpose whatsoever or in any way or manner create any employer-employee relationship between the parties.

8. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to conflict of law principles.

9. Counterparts. This Agreement may be executed in counterparts, each of which, when so executed and delivered, shall be deemed an original instrument, but all of which together shall constitute a single agreement.

10. Severability. Each provision of this Agreement shall be considered severable and if for any reason any provision or provisions herein are determined to be invalid, unenforceable or illegal under any existing or future law, such invalidity, unenforceability or illegality shall not impair the operation of or affect those provisions of this Agreement which are valid, enforceable and legal.

AMENDMENT (this "Amendment") dated August 9, 2017, to the Management Agreement dated May 31, 2017 (the "Agreement"), between Apple Tree Venture Management, LLC, a Delaware limited liability company (the "Management Company"), and Apple Tree Partners IV, L.P., a Cayman Islands exempted limited partnership (the "Partnership").

In consideration of the premises and the agreements herein contained, and intending to be legally bound hereby, the parties hereto agree as follows:

1. Section 4 of the Agreement is hereby amended and restated to read in its entirety as follows:

"4. Management Fee. The Partnership shall pay the Management Company a management fee (the "Management Fee") each year for the services to be provided hereunder, in the amount of US $2,000,000 or such greater amount as may be approved by the holders of a majority of the Preferred Units. The Management Fee for each year shall be reduced by any director's fees, consulting fees or other remuneration paid to the Management Company, the members and employees of the Management Company, the General Partner, Dr. Harrison or any of their respective affiliates (other than the Partnership or its portfolio companies) in cash, securities or otherwise for services rendered to portfolio companies; provided, however, that no remuneration shall be paid to any such Person other than in cash without the prior written consent of the holders of a majority of the Preferred Units; and provided further, however, that up to the minimum wage requirements of New York City or such greater amount as may be approved by the holders of a majority of the Preferred Units may be paid annually by ATLS to Dr. Harrison, which amount shall not reduce the Management Fee. If such minimum wage requirement increases at any time or from time to time, the Management Company shall promptly notify in writing the Partnership and the holders of a majority of the Preferred Units as to the amount of such increase. Any securities or other property received in kind (with the prior written consent of the holders of a majority of the Preferred Units) shall be valued at the time they are reduced to cash or cash equivalents for purposes of the foregoing reduction to the Management Fee. EXECUTION COPY

APPLE TREE PARTNERS IV, L.P. - AMENDMENT NO. 9

AMENDMENT NO. 9 (this "**Amendment**") dated December 22, 2017 to the First Amended and Restated Limited Partnership Agreement, as amended (the "**Agreement**"), of Apple Tree Partners IV, L.P. (the "**Partnership**").

Terms not otherwise defined herein shall have the meanings ascribed thereto in the Agreement.

For good and valuable consideration, including but not limited to the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby agree that the Agreement is hereby amended (on behalf of all Partners) pursuant to Paragraph 17 thereof as follows:

1. **Eligible Companies**. Ezbon and Blue Horizon (together, the "**Subject Limited Partner**") designate Elstar Therapeutics, Inc. ("**Elstar**"), Stoke Therapeutics, Inc. ("**Stoke**") and Limelight Bio, Inc. ("**Limelight**") as "**Eligible Companies**".

Until the earlier of (i) January 1, 2021 and (ii) the date on which an Eligible Company is selected as the Designated Company (as defined below) by the Subject Limited Partner, the Subject Limited Partner shall have the following rights in relation to each Eligible Company and the following governance protocols shall apply in relation to the operation and management of each Eligible Company:

a. Board Observer. The General Partner shall use commercially reasonable efforts to cause the Partnership to appoint one observer selected by the Subject Limited Partner (the "**Board Observer**") to the board of directors (the "**Board**") of each Eligible Company. Each Board Observer shall be provided reasonable access to information reasonably requested by such Board Observer regarding their respective Eligible Company and its officers and employees including, without limitation, financial data, due diligence materials and scientific data related to the research and development of technologies of such Eligible Company. The General Partner shall use commercially reasonable efforts to cause each Eligible Company and its officers and employees to cooperate with the requests of the Board Observer for provision of such information. The Board Observer shall be subject to the confidentiality provisions of Paragraph 16(d) of the Agreement.

b. Syndication. The General Partner shall use commercially reasonable efforts not to permit the issuance of equity securities or instruments or securities convertible into equity securities to any person other than or in addition to the Partnership or a wholly-owned subsidiary of the Partnership (a "**Syndication**") by an Eligible Company in a financing; provided, that any financing that is incidental to a transaction with a strategic partner of such Eligible Company, which shall include business combinations, joint ventures or other similar arrangements, shall not constitute a Syndication.

c. Advisory Board. As soon as reasonably practicable following the execution of this Amendment and in any event prior to June 30, 2018, the General Partner shall use commercially reasonable efforts to organize an advisory board in respect of each Eligible Company (each an "**Advisory Board**" and collectively, the "**Advisory Boards**") constituting not fewer than three and not more than five persons with industry, financial, or scientific expertise in the therapeutic and technology areas applicable to the relevant Eligible Company, which Advisory Board members shall be proposed by the General Partner.

JX-9

The proposed members of each Advisory Board shall be subject to the reasonable approval of the Subject Limited Partner and the General Partner shall use commercially reasonable efforts to make the proposed members of each Advisory Board reasonably available to meet with the Subject Limited Partner prior to the Subject Limited Partner's approval of the members of each such Advisory Board. If the Subject Limited Partner does not approve the composition of the Advisory Board within 15 days after the proposed Advisory Board is presented to the Subject Limited Partner by the General Partner, the Subject Limited Partner and the General Partner shall negotiate reasonably and in good faith to identify alternative Advisory Board members satisfactory to the General Partner and the Subject Limited Partner, acting reasonably. If no agreement can be reached with respect to the composition of the Advisory Board, the Subject Limited Partner and the General Partner shall each be permitted to reasonably appoint two representatives to the Advisory Board with industry, financial, or scientific expertise in the therapeutic and technology areas applicable to the relevant Eligible Company, neither of whom shall be a proposed member previously rejected by the Subject Limited Partner or the General Partner.

Except in the circumstances described in the preceding sentence, the General Partner shall use commercially reasonable efforts to promptly replace any members of the Advisory Board who resign or are removed from such Advisory Board by the General Partner, which replacement Advisory Board members shall be subject to the approval of the Subject Limited Partner, acting reasonably.

Each Advisory Board shall assist the Subject Limited Partner in coming to an informed decision as to which one of the Eligible Companies the Subject Limited Partner shall select as the Designated Company. The General Partner shall use commercially reasonable efforts to provide such information as may from time to time be reasonably requested by the Advisory Board to assist the Subject Limited Partner in evaluating the applicable Eligible Company. The Advisory Boards shall also assist in making the Strategic Plan and Syndication Plan (each as defined below) in respect of the applicable Eligible Company. Each member of the Advisory Board shall be subject to the confidentiality provisions of Paragraph 16(d) of the Agreement.

d. Presentation of Initial Strategic Plans and Syndication Plans. The General Partner, the Subject Limited Partner, and the management of each Eligible Company with the assistance of the applicable Advisory Board shall, under the General Partner's leadership, work together to propose a strategic plan (a "**Strategic Plan**") for each Eligible Company. The General Partner shall use commercially reasonable efforts to present the proposed Strategic Plan for each Eligible Company to the Subject Limited Partner and the applicable Advisory Board not later than 60 days prior to the date on which such Strategic Plan is to be implemented. The General Partner and the Subject Limited Partner shall negotiate reasonably and in good faith to incorporate any changes to the Strategic Plan reasonably requested by the Subject Limited Partner.

In addition to such Strategic Plan, the General Partner, the Subject Limited Partner, and the management of each Eligible Company with the assistance of the applicable Advisory Board shall, under the General Partner's leadership, and in parallel with the development of the Strategic Plan, work together to propose a Syndication plan and an optimal Syndication strategy (a "**Syndication Plan**") for each Eligible Company, which shall provide for an optimal milestone for Syndication to commence (such Syndication commencement milestone, "**SCM**"), a budget for the attainment of such SCM and a budget to continue the applicable Eligible Company's development for a period of 12 months subsequent to the attainment of such SCM.

For the avoidance of doubt, each of the Strategic Plans and Syndication Plans shall identify key developmental milestones (each, a "**Milestone**") and a reasonable forecast of the capital contributions required by the Partnership for the attainment of each such Milestone based on the information available at such time, it being understood that the forecasts of the capital contributions required for the attainment of such Milestones, other than the most proximate Milestone, may take the form of a range of amounts based on likely scenarios (such forecasts of the capital contributions, the "**Funding Ranges**").

If an agreement cannot be reached by the General Partner and the Subject Limited Partner with respect to the Strategic Plan for an Eligible Company, the Subject Limited Partner may immediately select such Eligible Company as the Designated Company, and if such Eligible Company is not so selected as the Designated Company the General Partner shall use commercially reasonable efforts to cause such Eligible Company to be Syndicated in accordance with the most recent Syndication Plan adopted by the General Partner and the Subject Limited Partner for such Eligible Company (or, if no such Syndication Plan has been so adopted, in accordance with such reasonable Syndication Plan as may be proposed by the General Partner in accordance with the budget most recently approved by the Board of such Eligible Company) and upon the commencement of such Syndication process, such Operating Company shall cease to be an Eligible Company.

e. Subject to the approval of the General Partner and the Subject Limited Partner, the Strategic Plan for Limelight will be drafted and implemented, and the Syndication Plan for Limelight will be drafted, promptly following the delivery of the results of Limelight's ongoing gene therapy research, which results are expected to be delivered prior to June 30, 2018. The General Partner and the Subject Limited Partner understand that Limelight may require one calendar quarter of funding as reasonably determined by the General Partner while such Strategic Plan and Syndication Plan are under discussion and agree that the holders of Preferred Units shall make capital contributions to the Partnership in respect of their respective Preferred Units as required by the General Partner, from time to time, in accordance with the Agreement in respect of Limelight in the aggregate amount sufficient to provide such calendar quarter of funding, provided that the aggregate amount of such calendar quarter of funding shall not exceed $4,000,000.

Subject to the approval of the General Partner and the Subject Limited Partner, the Strategic Plans for Elstar and Stoke will be implemented on January 1, 2019. The Strategic Plans and Syndication Plans for each of the Eligible Companies shall apply from the respective dates of their adoption until the General Partner and the Subject Limited Partner otherwise agree.

f. Annual Review of Strategic Plans and Syndication Plans. The General Partner, Advisory Board and Subject Limited Partner shall meet annually early in the fourth quarter to review whether each Eligible Company is meeting the objectives set forth in its Strategic Plan and Syndication Plan. The General Partner and the Subject Limited Partner shall negotiate in good faith to incorporate any necessary changes to the Strategic Plan and Syndication Plan and adopt such revised Strategic Plan and Syndication Plan, as the case may be; provided, however, that the failure of the General Partner and the Subject Limited Partner to agree with respect to a proposed modification to a Strategic Plan or a Syndication Plan shall not permit the General Partner to Syndicate the applicable Eligible Company and the previously agreed Strategic Plan or Syndication Plan shall remain in full force and effect, in each case to the extent reasonably practicable.

g. Milestone Budgets. At the time of the adoption of the Strategic Plan and Syndication Plan of an Eligible Company and thereafter at each annual review of such plans, the General Partner shall present to the Subject Limited Partner, for approval or review by the Subject Limited Partner, a budget setting forth in reasonable detail the amount of capital contributions required for the attainment of the subsequent Milestone in accordance with the then-current Strategic Plan (the "**Milestone Budget**"), which amount shall, to the extent reasonably practicable, be within the Funding Range set forth in respect of such Milestone in the then-current applicable Strategic Plan.

If the Subject Limited Partner declines to approve a Milestone Budget for an Eligible Company, the General Partner and the Subject Limited Partner shall negotiate reasonably and in good faith to reach an agreement with respect to such Milestone Budget. If, following such good faith negotiations, the General Partner and the Subject Limited Partner are unable to reach an agreement with respect to a Milestone Budget, the Subject Limited Partner may immediately select such Eligible Company as the Designated Company, and if such Eligible Company is not so selected as the Designated Company the General Partner shall cause the applicable Eligible Company to be Syndicated in accordance with the most recent Syndication Plan adopted for such Eligible Company.

2. **Funding Decisions for Certain Companies**. Notwithstanding anything to the contrary contained herein or in the Agreement, the General Partner and the Subject Limited Partner hereby agree as follows:

a. Elstar: The holders of Preferred Units shall make capital contributions to the Partnership in respect of their respective Preferred Units as required by the General Partner, from time to time, in accordance with the Agreement in respect of Elstar in the aggregate amount of $24,000,000 for the period commencing January 1, 2018 and ending December 31, 2018.

If prior to December 31, 2018 the Subject Limited Partner and the General Partner agree to a Strategic Plan for Elstar the holders of Preferred Units shall make capital contributions to the Partnership in respect of their respective Preferred Units as required by the General Partner, from time to time, in accordance with the Agreement in respect of Elstar in accordance with the terms of such Strategic Plan.

If prior to December 31, 2018 the General Partner and the Subject Limited Partner do not agree to a Strategic Plan for Elstar, then Elstar shall be Syndicated and the holders of Preferred Units shall make capital contributions to the Partnership in respect of their respective Preferred Units as required by the General Partner, from time to time, in accordance with the Agreement in respect of Elstar and the then in effect Elstar Syndication Plan; provided, however that if the General Partner and the Subject Limited Partner have not prior to such date agreed to a Syndication Plan, then the holders of Preferred Units shall make capital contributions to the Partnership in respect of their respective Preferred Units as required by the General Partner, from time to time, in accordance with the Agreement in respect of Elstar in the aggregate amount of $34,000,000 for the period commencing January 1, 2019 and ending December 31, 2019.

b. Operating Companies Other than Eligible Companies: For Syntimmune, Inc. ("**Syntimmune**"), Gala Therapeutics, Inc. ("**Gala**"), Tusker Medical, Inc. ("**Tusker**") and any new Operating Companies, the General Partner has reasonably and in good faith determined the SCM for each such Operating Company.

The General Partner has proposed a budget to the Subject Limited Partner for Gala to attain its SCM and to continue its development for twelve more months thereafter (a "**Pre-Syndication Budget**"). The Subject Limited Partner has previously approved Pre-Syndication Budgets for Syntimmune and Tusker. The SCMs and Pre-Syndication Budgets for Syntimmune, Gala and Tusker are set forth in Exhibit A. Column I of Exhibit A sets forth the additional budget commitments that the General Partner currently anticipates requesting the Subject Limited Partner to approve to fund such Operating Company prior to such Operating Company attaining its SCM. Column J of Exhibit A sets forth the aggregate additional budget approval that the General Partner currently anticipates requesting the Subject Limited Partner to approve to fund in respect of each Operating Company to Syndication (including for the attainment of SCM and to continue its development for 12 months thereafter).

The Pre-Syndication Budget of Gala is approved by the Subject Limited Partner, as follows:

i. The holders of Preferred Units are required to make capital contributions in accordance with the Agreement to enable the Partnership to fund the SCM attainment budget portion of such Pre-Syndication Budget, amounting to US$10 million, provided that Gala achieves: (a) in its current ongoing clinical trial 12 patients at 6-months with average Quality of Life scores exceeding company targets initially determined in early 2017, including CAT improvement by 8 points, SGRQ improvement by 12 points; (b) clarity from a Notified Body on requirements for CE Mark including number of patients, time point (3 months vs 6 months) and ability to use only clinical data from the current G3 system.

ii. The holders of Preferred Units are required to make capital contributions in accordance with the Agreement to enable the Partnership to fund the portion of such Pre-Syndication Budget enabling Gala to operate for twelve-months from the date of the anticipated achievement of the SCM, amounting to US$18 million, provided that Gala's ongoing clinical trial has generated data to enable the company to apply for CE Mark, as reasonably determined by Gala's board.

iii. The General Partner has delivered to the Subject Limited Partner the current business plan in effect as of the date hereof as approved by the Board with respect to Gala, which business plan includes sufficient detail to support the Pre-Syndication Budget of Gala.

The shortfall of US$290,000 in the Pre-Syndication Budget of Syntimmune is approved by the Subject Limited Partner, and the holders of Preferred Units are required to make capital contributions in accordance with the Agreement to enable the Partnership to fund such Pre-Syndication Budget as increased by such shortfall amount.

The General Partner shall inform the Subject Limited Partner of any change in the operations of each such Operating Company known to the General Partner that would materially change its Pre-Syndication Budget and shall review the Pre-Syndication Budget and then-current business plan for each such Operating Company with the Subject Limited Partner on an annual basis.

c. For the avoidance of doubt, in each case where, pursuant to this Amendment, the holders of Preferred Units are required to make capital contributions "in accordance with the Agreement", such phrase shall not be interpreted to require the approval or consent of such holders to make such contributions other than such approvals and consents set forth in this Amendment.

3. **Syndication Process**. If an Operating Company is Syndicated the holders of Preferred Units shall make capital contributions to the Partnership in respect of their respective Preferred Units as required by the General Partner in accordance with the Agreement in an amount sufficient to enable the Partnership to participate in such Syndication and each successive Syndication *pro rata* based on the Partnership's preemptive rights percentage in respect of such Syndication as set forth in the documentation governing the most recent Syndication of such Operating Company or, in the case of the first Syndication of an Operating Company, as provided in the following sentence. Notwithstanding the foregoing, the Partnership shall not be required to make capital contributions in respect of the first Syndication of an Operating Company in excess of 25% of the total amount to be contributed in respect of such Syndication.

4. **Designated Company**. At any time prior to January 1, 2021, the Subject Limited Partner may select one of the Eligible Companies as the "**Designated Company**". The Subject Limited Partner shall endeavor in good faith to select the Designated Company as soon as reasonably practicable.

The Subject Limited Partner shall have the following rights in relation to the Designated Company and the following governance protocols shall apply in relation to the operation and management of the Designated Company until the exercise of the Distribution Option:

a. Board Representation. The General Partner shall use commercially reasonable efforts to cause the Partnership to appoint one representative and one observer to be appointed to the Board of the Designated Company each as selected by the Subject Limited Partner.

b. Executive Board. Promptly following the selection of the Designated Company, the General Partner shall propose an independent Executive Board composed of three to five persons, whose members shall be subject to the approval of the Subject Limited Partner, acting in good faith (the "**Executive Board**"). The members of the Executive Board shall be senior operating executives of mature pharmaceutical or biopharmaceutical companies who are scientific, financial and business experts in fields relevant to the Designated Company and may include members of the Advisory Board of the Designated Company. Each member of the Executive Board shall be subject to the confidentiality provisions of Paragraph 16(d) of the Agreement

c. Operating Plan. The Subject Limited Partner, the General Partner, the Designated Company and the Executive Board shall work together to propose an operating plan for the Designated Company (the "**Operating Plan**"), which shall include times at which it would be suitable for the Subject Limited Partner to decide whether or not to (a) exercise its Distribution Option (as defined below), (b) continue to cause the Partnership to fund the Designated Company to enable it to further develop its programs before the Subject Limited Partner chooses to exercise its Distribution Option, or (c) Syndicate the Designated Company in accordance with the most recent Syndication Plan adopted by the Designated Company. In parallel with the development of the Strategic Plan, the Subject Limited Partner, the General Partner, the Designated Company and the Executive Board shall work together to propose a Syndication Plan for the Designated Company.

The Operating Plan shall be subject to the approval of the Subject Limited Partner, acting reasonably and in good faith. If, following such good faith negotiations, the General Partner and the Subject Limited Partner are unable to reach an agreement with respect to the Operating Plan, the Subject Limited Partner may immediately exercise the Distribution Option, and if the Distribution Option is not so exercised, the General Partner shall use commercially reasonable efforts to cause such Designated Company to be Syndicated in accordance with the most recent Syndication Plan adopted by the Designated Company.

Until the first Operating Plan and the first Syndication Plan of the Designated Company have each been approved and adopted by the Subject Limited Partner: (a) the most recent Strategic Plan and Syndication Plan in effect when the Designated Company had been an Eligible Company shall continue to be in effect; (b) the holders of Preferred Units shall make capital contributions to the Partnership in respect of their respective Preferred Units as required by the General Partner in accordance with the Agreement and such Milestone Budget most recently adopted while the Designated Company was still an Eligible Company; and (c) the General Partner shall use commercially reasonable efforts to cause the Designated Company to be operated in accordance with the most recent Strategic Plan and the Milestone Budget.

Following the approval of the first Operating Plan and prior to exercise of the Distribution Option, the General Partner shall use commercially reasonable efforts to cause the Designated Company to be managed in accordance with the Operating Plan, to the extent reasonable and practicable.

The General Partner, Executive Board and Subject Limited Partner shall meet annually to review whether the Designated Company is meeting the objectives set forth in the Operating Plan. The General Partner and the Subject Limited Partner shall negotiate in good faith to incorporate any necessary changes to the Operating Plan and adopt such revised Operating Plan, as well as any revised Syndication Plan arising therefrom; provided, however, that the failure of the General Partner and the Subject Limited Partner to agree with respect to a proposed modification to the Operating Plan shall not permit the General Partner to Syndicate the Designated Company and the previously agreed Operating Plan shall remain in full force and effect to the extent reasonably practicable.

d. Budgets. Prior to exercise of the Distribution Option, the General Partner shall propose to the Subject Limited Partner a 14-month budget (such budget commencing January 1 of the subsequent calendar year) approved by the Board of the Designated Company and consistent with the Operating Plan (the "**Designated Company Budget**") by September 30 of each year, commencing the year in which the Designated Company is selected. The Subject Limited Partner, the General Partner, the Designated Company and the Executive Board shall meet early during the fourth quarter of each year, commencing the year in which the Designated Company is selected to discuss the proposed Designated Company Budget. The Subject Limited Partner shall use commercially reasonable efforts to review and approve or disapprove the proposed Designated Company Budget promptly following such meeting. If the Subject Limited Partner declines to approve the Designated Company Budget, the General Partner and the Subject Limited Partner shall negotiate reasonably and in good faith to reach an agreement with respect to the Designated Company Budget. The General Partner shall use commercially reasonable efforts to cause the Designated Company to take such actions as may be required to facilitate such negotiations including, but not limited to, providing such information as may reasonably be requested by the Subject Limited Partner. If, following such good faith negotiations, the General Partner and the Subject Limited Partner are unable to reach an agreement with respect to the Designated Company Budget prior to December 1, the Subject Limited Partner may immediately exercise the Distribution Option, and if the Distribution Option is not so exercised, the General Partner shall use commercially reasonable efforts to cause such Designated Company to be Syndicated in accordance with the most recent Syndication Plan adopted by the Designated Company.

The Eligible Companies not selected as the Designated Company shall cease to be Eligible Companies and shall be Syndicated in accordance with the most recent Syndication Plans adopted by such Eligible Companies.

5. **Distribution Option**. Except as otherwise set forth in Section 4 above, if the Subject Limited Partner is funding the Designated Company Budget in accordance with the Operating Plan, it may, at any time, direct the General Partner to and the General Partner shall distribute in kind the securities of the Designated Company owned by the Partnership or, subject to the reasonable approval of the General Partner and the Subject Limited Partner, establish an alternative investment vehicle or other structure designed to achieve a similar objective (the "**Distribution Option**").

6. **Waterfall**. If the Subject Limited Partner exercises the Distribution Option prior to the date which is one year following the expiration of the underwriters' lock-up upon the initial public offering of securities of the Designated Company (the "**Liquidity Event Date**"), any distributions by the Partnership of the securities of the Designated Company following the exercise of the Distribution Option shall be allocated in accordance with Paragraph 8(c)(ii) of the Agreement; provided, however, that any such distributions shall not constitute a return to the holders of Preferred Units for purposes of Paragraph 8(c)(i) of the Agreement and shall not reduce the amounts otherwise distributable pursuant to Paragraph 8(c)(i). If the Subject Limited Partner exercises the Distribution Option subsequent to the Liquidity Event Date, the distribution of securities of the Designated Company shall be made in accordance with the then-applicable waterfall provisions under the Agreement. Notwithstanding the foregoing, if the Subject Limited Partner exercises the Distribution Option prior to the Liquidity Event Date, the General Partner may elect, in the exercise of its sole discretion, to instead cause the distribution of the securities of the Designated Company to be allocated in accordance with Paragraph 8(c)(i) of the Agreement, in which event such distributions shall constitute a return to the holders of Preferred Units for purposes of Paragraph 8(c)(i) of the Agreement and shall reduce the amounts otherwise distributable pursuant to Paragraph 8(c)(i). In any event, except as otherwise provided above, the exercise of the Distribution Option shall, to the extent reasonably practicable, be implemented in a manner designed to maintain the same economic structure as would apply if the distributed securities of the Designated Company had continued to be owned by the Partnership, including grants of equity to the holders of Incentive Common Units and Founder Common Units to account for the dilutive effect of subsequent capital contributions by the Partners to the Designated Company ("**Anti-Dilutive Grants**"), but only through the initial public offering of the Designated Company; provided, however, that, with respect to taxable income in respect of Anti-Dilutive Grants, the holders of Incentive Common Units and Founder Common Units shall be entitled to receive a tax distribution pursuant to Paragraph 8(a) of the Agreement equivalent to their respective Hypothetical Tax Liability.

7. **Repayment of Loan**. Any cash distributions to Dr. Harrison in respect of the Designated Company (other than tax distributions pursuant to Paragraph 8(a) of the Agreement) shall be applied to repay the loans from Ezbon to Dr. Harrison to the extent provided in Schedule D to the Agreement.

8. **Minority Rights**. In the event that the Subject Limited Partner exercises the Distribution Option prior to the Liquidity Event Date, the Subject Limited Partner shall prior to any initial public offering of securities of the Designated Company (a) exercise its control in respect of the Designated Company in a manner consistent with a company of its size, capitalization and stage in the product development life-cycle, including without limitation, evaluating partnerships, financing structures and liquidity options available to a company of this nature and (b) not permit an interested transaction to occur between the Designated Company and the Subject Limited Partner or its affiliates, without the consent of the General Partner, unless such transaction has been approved in good faith by the Board of the Designated Company and is not prejudicial to the Designated Company and its minority stockholders.

9. **Partnership Term**. The term of the Partnership shall end on December 31, 2022 (the "**Initial Term**"); provided, however, that the Initial Term may be extended by the General Partner for up to two one-year periods (the Initial Term, together with any extensions thereto, the "**Term**").

Following the end of the Term, the Subject Limited Partner may elect to require the General Partner to and the General Partner shall (a) effectuate the winding up of the affairs of the Partnership in accordance with Paragraph 11 of the Agreement or (b) cause the assets of the Partnership to be distributed to the Partners in kind.

10. **ATLS Fee**.

a. ATLS shall receive an annual fee (the "**ATLS Fee**") during the Initial Term in the amount of $8,500,000 per annum, payable semi-annually in advance. The ATLS Fee (both during and after the Initial Term) shall be in addition to the Management Fee payable to the Management Company, which shall also be payable annually in advance promptly following the delivery of the Partnership's budget for the applicable fiscal year to the Subject Limited Partner. For the avoidance of doubt, the Partnership's budget delivered to the Subject Limited Partner shall be provided for informational purposes only and the Subject Limited Partner shall have no consent rights in relation to such budget. The parties agree that commencing January 1, 2018, the agreements herein, including with respect to the ATLS Fee, the allocation of Partnership expenses, as set forth in Section 11, below, and Incubation Activities shall supersede any Partnership budgets previously approved pursuant to the Agreement. The amount of the ATLS Fee may also be modified from time to time by mutual agreement of the General Partner and the Subject Limited Partner.

b. Notwithstanding the foregoing, following the end of the Initial Term, the Partnership shall pay ATLS the ATLS Fee in an amount equal to (i) 1.5% of the cost basis of the Partnership's unrealized investments as of the end of the preceding year, as adjusted to reflect the aggregate amount of any write-downs of the Partnership's unrealized investments determined in accordance with generally accepted accounting principles in the United States as in effect from time to time (to the extent of any such write down only), as determined by the Partnership's independent public accountants or auditors, minus (ii) the Management Fee, provided, that in no event shall such ATLS Fee exceed the amount of the most recent ATLS Fee, except to the extent otherwise agreed by the General Partner and the Subject Limited Partner pursuant to Section 10(a) above.

The holders of Preferred Units shall make capital contributions to the Partnership in respect of their respective Preferred Units to fund the ATLS Fee semi-annually and the Management Fee annually, in each case, as required by the General Partner, from time to time, in accordance with the Agreement.

11. **Allocation of Expenses**. ATLS shall pay the following expenses of the Partnership from the ATLS Fee: (i) except as set forth in Section 12, below, all compensation and benefits for employees (except to the extent paid from the Management Fee), (ii) all facilities and related overhead expenses, including rent, utilities, charges assessed by the lessor, property and general liability insurance, and communications, including phone and internet, (iii) office supplies and equipment, information technology support and software, (iv) publications, dues and charitable contributions, (v) public relations, marketing and advertising expenses, (vi) travel and (vii) capital expenditures, including for furniture, fixtures, computers and other equipment, in each case, except as expressly provided in the following sentence.

The Partnership shall be responsible for all other reasonable expenses of the Partnership, which Partnership expenses shall be funded by capital contributions made by the holders of Preferred Units in accordance with the Agreement, including without limitation: (i) the ATLS Fee and the Management Fee, (ii) Incubation Expenses (as defined below), (iii) 50% of the fully-burdened cost of the Partnership's facilities, including rent, utilities, lessor charges, property and general liability insurance, communications, including phone and internet, and IT support, (iv) all compensation and benefits for a fund analyst providing pharmaceutical or biopharmaceutical industry related services to the Partnership, (v) all compensation and benefits related to the Subject Limited Partner's representatives, (vi) fees and expenses of investment and other consultants, including subscription-based research consultants and databases, (vii) professional fees, including legal expenses for the Partnership (including the Partnership's in-house counsel), audit, tax compliance and tax structuring fees and expenses, (viii) all fees and expenses relating to Partnership boards, including the Advisory Boards and Executive Board, (ix) director and officer liability insurance and indemnification costs and expenses, (x) travel expenses relating to making and monitoring investments, including expenses relating to broken deals (except to the extent reimbursed by Operating Companies), (xi) all expenses related to meetings with the Subject Limited Partner, including travel, (xii) liquidation expenses, (xiv) sales or other taxes, fees and government charges which may be assessed against the Partnership, (xv) commissions or brokerage fees, finder's fees or similar charges incurred in connection with the purchase or sale of securities, (xvi) interest expenses for borrowed money (if any) and any other fees and expenses related to any Partnership credit facilities, (xvii) all expenses (including travel and travel-related expenses) relating to any actual or threatened litigation or proceeding involving the Partnership, (xviii) investment banking, commercial banking, valuation, appraisal and custodial fees expenses, and (xix) expenses associated with the preparation and delivery of the Partnership's financial statements.

12. **Incubation Expenses**. The General Partner may call capital in an amount not to exceed $1.5 million per annum in respect of the direct costs of the incubation and development of new technologies and companies which are not yet owned by an Operating Company ("**Incubation Activities**"). From time to time, the General Partner may present to the Subject Limited Partner for approval projects that emerge from Incubation Activities, including (a) major extensions of existing Incubation Activities ("**Incubation Projects**"), the funding of which shall cause, in the General Partner's reasonable estimation, the cost of Incubation Activities for any year to exceed $1.5 million, and (b) proposals for new Operating Companies based upon Incubation Activities ("**Incubated Operating Companies**"). Assets developed through the Incubation Activities shall be the sole and exclusive property of the Partnership; provided, however, that should the Subject Limited Partner decline to approve a proposal for the Partnership to fund an Incubation Project or an Incubated Operating Company, the assets underlying such Incubated Project or Incubated Operating Company may be sold by the Partnership at the sole discretion of the General Partner to any other private investment fund managed in whole or in part by Dr. Harrison at the greater of the cost or the fair market value of such Incubated Project or Incubated Operating Company, as determined by an independent, nationally recognized investment banking firm, accounting firm or appraisal firm selected by the General Partner from the list of firms set forth in Exhibit B hereto or to a third-party.

13. **Time Requirement**. Dr. Harrison shall devote such amount of his business time to the affairs of the Partnership as is reasonably required to direct its activities. Commencing January 1, 2020, Dr. Harrison shall be permitted to organize and manage one or more additional investment funds provided he meets his time requirement to the Partnership and the Subject Limited Partner is, until December 31, 2022, provided a right of first refusal to make an investment in each such successor private investment fund in an aggregate amount not to exceed 20% of the aggregate capital commitments of such successor private investment fund.

14. **Miscellaneous**.

AMENDMENT NO. 10 (this "**Amendment**") dated July 1, 2018, to the First Amended and Restated Limited Partnership Agreement, as amended (the "**Agreement**"), of Apple Tree Partners IV, L.P. (the "**Partnership**").

Terms not otherwise defined herein shall have the meanings ascribed thereto in the Agreement.

For good and valuation consideration, including but not limited to the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby agree that the Agreement is hereby amended (on behalf of all Partners) pursuant to Paragraph 17 thereof as follows:

1. Advisory Boards. Notwithstanding Section 1.c. to Amendment 9 to the Agreement, the members of the Advisory Boards shall consist of Dr. Harrison and Anna Batarina; provided, however, that the Subject Limited Partner may notify the General Partner in writing at any time that the Advisory Boards shall instead be constituted as provided in Section 1.c. of Amendment No. 9 to the Partnership Agreement, in which case the General Partner shall endeavor to reconstitute the Advisory Boards in accordance with such Section 1.c. within a reasonable period of time and the Advisory Board appointed and in place under this Amendment shall remain intact until such new Advisory Board has been appointed in accordance with such Section 1.c.

   The General Partner shall use commercially reasonable efforts to promptly replace any members of the Advisory Board who resign or are removed from the Advisory Board by the General Partner, which replacement Advisory Board members shall be subject to the approval of the Subject Limited Partner, acting reasonably; provided, that so long as ATP III GP, Ltd. or an affiliate of ATP III GP, Ltd. is the general partner of the Partnership, Dr. Harrison may not resign or be removed from the Advisory Board without the prior written consent of the Subject Limited Partner. The Advisory Board may retain consultants from time to time in the exercise of its duties.

   The General Partner shall consult and solicit guidance from the Advisory Board in respect of the development of each Eligible Company's Syndication Plan. The Advisory Board shall meet with the Subject Limited Partner on an ad hoc basis, by mutual agreement, to discuss strategic and syndication planning for the Eligible Companies. In connection with such meetings, the General Partner shall use commercially reasonable efforts to provide such information as may from time to time be reasonably requested by the Advisory Board or the Subject Limited Partner to assist the Subject Limited Partner in evaluating any Eligible Company. Each member and consultant of the Advisory Board shall be subject to the confidentiality provisions of Paragraph 16(d) of the Agreement."

   All costs and expenses associated with the operation of the Advisory Board shall constitute Partnership expenses.

YB

JX-10

Units and 60,000 Founder Common Units are issued to Dr. Harrison, and (iv) 18,000 Preferred Units, 18,000 Investment Common Units and 40,000 Founder Common Units are issued to Les Pommes LLC. Such amounts are calculated after the cancellation of 12,825 Investment Units that were owned in the aggregate by Ezbon and Blue Horizon. Up to 12,825 Investment Common Units may be issued from time to time as determined by the General Partner, in each case, subject to a vesting schedule as determined by the General Partner. Up to the full authorized number of Incentive Common Units may be issued from time to time as determined by the General Partner, in each case, subject to a vesting schedule as determined by the General Partner. Any of such 12,825 Investment Common Units and all of such Incentive Common Units shall only be issued to Persons providing bona fide services to Apple Tree Life Sciences, Inc. ("ATLS"). The General Partner may, in its sole discretion, require the Partnership to pay to ATLS an additional $1,000,000 on January 1 of the first year in which the Subject Limited Partner has implemented such a reduction in the ATLS Fee. Following the Initial Term, the ATLS Fee shall be as provided in Section 10.b. to Amendment No. 9 to the Partnership Agreement. For the avoidance of doubt, the ATLS Fee shall be in addition to the Management Fee.

This Amendment will become effective on the date on which the General Partner and Subject Limited Partner have executed this Amendment.

Notwithstanding anything to the contrary in the Agreement, the General Partner shall interpret and apply the provisions of the Agreement in good faith to give effect to the provisions of this Amendment.

This Amendment shall be governed in accordance with the laws of the Cayman Islands without regard to conflicts of laws principles.

This Amendment may be executed in any number of counterparts, each of which shall be deemed an original and all of which taken together shall constitute one and the same instrument.

APPLE TREE PARTNERS IV, L.P. - AMENDMENT NO. 11

AMENDMENT NO. 11 (this "Amendment"), dated October 26, 2018, to the First Amended and Restated Limited Partnership Agreement, as amended (the "Agreement") of Apple Tree Partners IV, L.P. (the "Partnership").

Terms not otherwise defined herein shall have the meanings ascribed thereto in the Agreement.

For good and valuable consideration, including but not limited to the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby agree that the Agreement is hereby amended (on behalf of all Partners) pursuant to Paragraph 17 thereof as follows:

1. Paragraph 7(a) of the Agreement is hereby amended and restated in its entirety to read as follows (additional text is double underlined):

"(a) Allocations Generally. Except as otherwise provided in this Agreement, the Profit or Loss (as defined in Paragraph 7(b)) for each fiscal quarter shall be allocated among the Partners in a manner that as closely as possible gives economic effect to the provisions of Paragraphs 5 and 8 and the other provisions of this Agreement, as determined in the reasonable discretion of the General Partner. Notwithstanding the foregoing or any other provision of this Agreement to the contrary, any Designated Profits shall be allocated to Exbon and Blue Horizon in proportion to their respective Investment Common Units."

2. A new Paragraph 8(e) is hereby added to the Agreement as follows:

"(e) Distributions with Respect to Designated Profits.

1. Notwithstanding Paragraph 8(c) or any other provision of this Agreement to the contrary, (i) the aggregate distributions to any Electing Partner as of any time shall not exceed the aggregate distributions that would have been made to such Electing Partner but for this Paragraph 8(e)(1) as of such time less the excess, if any, of (1) the Designated Profits in respect of such Electing Partner, over (2) the Accrued Profits in respect of such Designated Profits, in each case as of such time; (ii) if any distributions cannot be made to an Electing Partner as a result of the limitation in Paragraph 8(e)(1)(i), then such amounts so limited shall be distributed to Exbon and Blue Horizon in proportion to their respective Investment Common Units; (iii) if distributions are not made to an Electing Partner as a result of the limitation in Paragraph 8(e)(1)(i), but subsequently would not be so limited (for example, as a result of additional Accrued Profits), then such amounts no longer subject to such limitation shall be distributed to such Electing Partner as promptly as possible out of amounts otherwise distributable to Exbon and Blue Horizon (borne in proportion to their respective Investment Common Units); and (iv) amounts distributed to a Partner pursuant to this Paragraph 8(e)(1) shall be treated as distributed to such Partner pursuant to the appropriate provision of Paragraph 8(c).

2. "Accrued Profits" mean, with respect to any Designated Profits, the total net Profit of the Partnership as of the waiver date of such Designated Profits, calculated by taking into account only items of Profit or Loss that would have been realized by the Partnership after such waiver date as if, upon such waiver date, the Carrying Value of each asset of the Partnership were adjusted to equal its fair market value, as determined

AC 18

JX-11

by the General Partner pursuant to Paragraph 9.

3. "Designated Profits" mean any items of Profit allocable to any Partner in respect of such Partner's Investment Common Units, Founder Common Units or Incentive Common Units that would be treated as short-term capital gain solely as a result of Section 1061 of the Code and that have been waived by such Partner (an "Electing Partner") by written notice to Ezbon, Blue Horizon and the General Partner (and with the consent of the General Partner) prior to the date that such items of Profit are realized by the Partnership for U.S. federal income tax purposes, provided that such written notice provides adequate specificity for such items of Profit to be adequately identified and also specifies the investment giving rise to such items of Profit and the classes of Units to which such waiver applies."

3. In all other respects, the Agreement shall continue in full force and effect and shall be unaffected by this Amendment.

IN WITNESS WHEREOF, the undersigned have executed this Amendment as a deed on the day and year first above written.

ITEM NO. 56

JX-13

APPLE TREE PARTNERS IV, L.P. - AMENDMENT NO. 13

AMENDMENT NO. 13 (this "Amendment"), dated February 4, 2019, to the First Amended and Restated Limited Partnership Agreement, as amended (the "Agreement"), of Apple Tree Partners IV, L.P. (the "Partnership"). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Agreement.

Whereas, pursuant to Paragraph 5(a) of the Agreement, the General Partner may only call capital to invest in new Projects ("New Projects") with the approval of the holders of a majority of the Preferred Units (the "Preferred Majority"); and

Whereas, the Preferred Majority is only willing to approve investments in New Projects under the terms and provisions set forth in this Amendment; and

Whereas, the Preferred Majority is only willing to permit the Partnership to make investments in one or more New Projects (i) pursuant to the economic terms set forth in this Amendment and (ii) if any carried interest with respect to the New Projects is specially allocated to a select group of Limited Partners as set forth in this Amendment;

Now, therefore, for good and valuable consideration, including but not limited to the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby agree that the Agreement is hereby amended (on behalf of all Partners) pursuant to Paragraph 17 thereof as follows:

(a) Separate Pools. Except as otherwise expressly provided in this Amendment, and to the maximum extent possible, all of the Partnership's assets and liabilities shall be divided into two separate pools. One Pool ("Pool B") shall consist of the assets, liabilities, income, gains, losses and expenses associated with the New Projects (including certain other expenses as set forth in subparagraph (d)) and the other Pool ("Pool A") shall consist of all other assets, liabilities income, gains, losses and expenses of the Partnership. Except as otherwise expressly provided in this Amendment, the intent of the Partners in executing this Amendment is that the assets, liabilities, income, gains, losses and expenses associated with Pool B shall affect only Pool B and the Limited Partners participating therein, and not the Partnership generally, Pool A or the Limited Partners participating in Pool A, and vice versa. Accordingly, separate and distinct records shall be maintained for each Pool, and capital contributions, distributions, income, gains, losses and expenses shall also be accounted for separately on a Pool-by-Pool basis.

(b) Capital Contributions. All capital invested in the New Projects or attributable to expenses or liabilities of the New Projects (or liabilities or expenses otherwise apportioned to Pool B pursuant to subparagraph (d)) shall be called from and contributed by Ezbon and Blue Horizon exclusively and shall be treated as contributed to Pool B. No other Partner shall be required to contribute any capital with respect to the New Projects or Pool B generally.

(c) Profits and Losses. Except as set forth in subparagraph (g), the profits and losses of each

JX-13

Pool shall also be calculated on a separate basis. The profits and losses with respect to Pool A shall be allocated exclusively to the Limited Partners participating in Pool A and the profits and losses with respect to Pool B shall be allocated exclusively to the Limited Partners participating in Pool B.

(d) Expenses and Liabilities. Any expenses directly attributable to a particular Pool shall be apportioned to such Pool. Any expenses that are attributable to both Pools shall be apportioned between them in accordance with the relative cost basis of each Pool's remaining assets at the time such apportionment is made. By way of example only, (i) all of the Partnership's legal and accounting expenses attributable to the preparation and negotiation of this Amendment shall be borne solely by Pool B and (ii) from and after the date of this Amendment, the Management Fee and the ATLS Fee shall be allocated between Pool A and Pool B in accordance with the relative cost basis of each Pool's remaining assets at the time such allocation is made.

(e) Distributions Generally. Except as set forth in subparagraph (g), distributions with respect to each Pool shall be calculated and made separately and solely from assets of the applicable Pool.

(f) Pool B Distributions. Subject to subparagraph (g), distributions in respect of Pool B, other than Tax Distributions, shall be made as follows: (i) first, to the Limited Partners, in proportion to their respective capital contributions to Pool B, until they have received aggregate distributions pursuant to this subparagraph (f)(i) equal to their aggregate capital contributions to Pool B; and (ii) thereafter, (A) 85% to the Limited Partners in proportion to their respective capital contributions to Pool B, and (B) 15% to the Limited Partners participating in the carried interest attributable to Pool B in proportion to their respective Pool B Carried Interest Percentages (as defined below); provided, however, that if the General Partner has granted in the aggregate less than a 15% interest to the Limited Partners participating in the Pool B carried interest, then they shall be distributed such lesser percentage pursuant to clause (B) and the balance shall be distributed in accordance with clause (A).

(g) Distribution Override. Notwithstanding any provision of this Amendment or the Agreement to the contrary, except for Tax Distributions, no amounts otherwise distributable in respect of Founder Common Units, Incentive Common Units or Pool B Carried Interest Percentages (collectively, "Carried Interest Distributions") to holders of such Units who participate, directly or indirectly, in both Pool A and Pool B ("Pool A and B Carried Interest Participants") shall be made until the holders of Preferred Units have first been returned all of their capital contributions with respect to both Pool A ***and*** Pool B in the aggregate. In order to protect against an over-distribution to the holders of Preferred Units, once the holders of Preferred Units have received distributions from a Pool in an amount equal to their aggregate capital contributions to such Pool, then any Carried Interest Distributions with respect to such Pool

otherwise distributable to Pool A and B Carried Interest Participants shall be held in the Partnership and distributed to the Pool A and B Carried Interest Participants only if and when the holders of Preferred Units have received from the Partnership (whether from Pool A and/or Pool B) an amount equal to their aggregate capital contributions to the Partnership (with respect to both Pool A ***and*** Pool B). For the avoidance of doubt, if the holders of Preferred Units do not receive aggregate distributions at least equal to their aggregate capital contributions to both Pool A ***and*** Pool B, then any Carried Interest Distributions retained by the Partnership pursuant to this subparagraph (g) shall be distributed upon the liquidation of the Partnership to the holders of Preferred Units until they have received aggregate distributions at least equal to their aggregate capital contributions to both Pool A ***and*** Pool B, and any remaining Carried Interest Distributions retained by the Partnership would then be distributed to the Pool A and B Carried Interest Participants, on a pro-rata basis. In no event shall the aggregate Pool B Carried Interest Percentages be increased without the prior consent of the Preferred Majority, in its sole discretion.

(h) Pool B Carried Interest and Vesting. The Limited Partners participating in the carried interest attributable to Pool B and their respective initial Pool B carried interest percentages ("Pool B Carried Interest Percentages") shall be as set forth in a schedule maintained by the General Partner and provided from time to time by the General Partner to Ezbon, Blue Horizon and Dr. Harrison. Such schedule shall provide that the aggregate Pool B Carried Interest Percentage for Dr. Harrison, Les Pommes and their respective affiliates shall be 5%. Each other Limited Partner participating in the Pool B Carried Interest Percentages shall be granted such Pool B Carried Interest Percentage as may be determined from time to time by the General Partner, with the prior consent of the Preferred Majority; provided that the aggregate Pool B Carried Interest Percentages do not exceed 15% at any time. Each Limited Partner participating in the Pool B carried interest shall vest therein to the extent of 20.00% on December 31, 2019, and an additional 1.67% on the last day of each month thereafter until a maximum of 100.00% of such Limited Partner's Pool B Carried Interest Percentage has vested, so long as such Limited Partner continues to provide services to the Partnership and in accordance with any other conditions set forth in any separate agreement granting such Limited Partner a Pool B Carried Interest Percentage, and, in the case of any Person who was not a Limited Partner prior to the date of this Amendment, also making such Person a Limited Partner of the Partnership. For the avoidance of doubt, the "vesting" provision described in this subparagraph (h) shall be construed as a "divesting" provision, and so long as a Limited Partner with a Pool B Carried Interest Percentage continues to provide services to the Partnership, such Limited Partner shall be entitled to full allocations and distributions with respect to its Pool B Carried Interest Percentage.

(i) Transfer of Investments in New Projects. If a successor to the Partnership ("ATP V") is formed and closed with (i) capital commitments from Ezbon, Blue Horizon or their respective affiliates or designees of at least $300 million on or before December 31, 2019, (ii) Dr. Harrison and Anna Batarina as principal managers, (iii) such other Persons who are

mutually acceptable to Ezbon, Blue Horizon and Dr. Harrison having carried interest therein, and (iv) no investors who are unaffiliated with any of the foregoing, then promptly following such closing, the Partnership shall transfer the investments in the New Projects to ATP V in a tax-free manner for U.S. federal income tax purposes.

(j) Miscellaneous. The headings in this Amendment are for convenience of reference only and shall not limit or otherwise affect the meaning of provisions contained herein. This Amendment shall be governed in accordance with the laws of the Cayman Islands without regard to conflicts of laws principles. This Amendment may be executed in any number of counterparts, each of which shall be deemed an original and all of which taken together shall constitute one and the same instrument.

(k) Effectiveness of Agreement. In all other respects, the Agreement shall continue in full force and effect and shall be unaffected by this Amendment.

IN WITNESS WHEREOF, the undersigned have executed this Amendment as a deed on the day and year first above written.

APPLE TREE PARTNERS IV, L.P. - AMENDMENT NO. 14

AMENDMENT NO. 14 (this "Amendment"), dated April 17, 2019, to the First Amended and Restated Limited Partnership Agreement, as amended (the "Agreement"), of Apple Tree Partners IV, L.P. (the "Partnership"). Terms not otherwise defined herein shall have the meanings ascribed thereto in the Agreement.

For good and valuable consideration, including but not limited to the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby agree that the Agreement is hereby amended (on behalf of all Partners) pursuant to Paragraph 17 thereof as follows:

1. The General Partner shall cause the Partnership and the Management Company promptly to enter into an amendment to the first sentence of Section 4 of the Management Agreement so that such sentence shall read in its entirety as follows:

   "Effective as of January 1, 2019, the Partnership shall pay the Management Company a management fee (the "Management Fee") each year for the services to be provided hereunder, in the amount of US $3,000,000 or such greater amount as may be approved by the holders of a majority of the Preferred Units."

2. The General Partner shall cause the Partnership and the Management Company promptly to enter into an amendment to Section 5 of the Management Agreement so that such section shall read in its entirety as follows:

   "5. Term of Agreement. This Agreement shall terminate upon the earliest to occur of (i) the completion of liquidation of the Partnership, (ii) the removal of the General Partner pursuant to Paragraph 4 of the Partnership Agreement and (iii) the substitution, with the consent of Ezbon, Blue Horizon, Dr. Harrison and the Management Company, of a successor to the Partnership as the obligor to pay the Management Fee to the Management Company through December 31, 2030. Notwithstanding the foregoing, if this Agreement is terminated pursuant to clause (ii) of the preceding sentence, the Management Fee shall continue to be paid for an additional 45 days following the removal of the General Partner."

3. The second sentence of Paragraph 3(a) of the Agreement is hereby amended and restated in its entirety to read as follows:

   "Except as otherwise provided in this Agreement, the aggregate of the Contingent Subscriptions of Dr. Harrison and Les Pommes LLC shall at all times prior to a Removal Event be equal to 2.06 percent of the sum of the Contingent Subscriptions of all holders of the Preferred Units, including the Contingent Subscriptions of Dr. Harrison and Les Pommes LLC, and the aggregate Contingent Subscriptions of Dr. Harrison and Les Pommes LLC shall be allocated between them in the such ratio as they may agree to from time to time."

JX-14

4. The first sentence of Paragraph 6(e)) of the Agreement is hereby amended and restated in its entirety to read as follows:

"As of December 31, 2018, (i) 436,050 Preferred Units and 429,509 Investment Common Units were issued to Ezbon, (ii) 418,950 Preferred Units and 412,666 Investment Common Units were issued to Blue Horizon, (iii) 27,000 Preferred Units, 27,000 Investment Common Units and 60,000 Founder Common Units were issued to Dr. Harrison, (iv) 18,000 Preferred Units, 18,000 Investment Common Units and 40,000 Founder Common Units were issued to Les Pommes LLC, and (v) 12,825 Investment Common Units were issued to Anna Batarina. "

5. Schedule D to the Agreement, entitled "Financing of Dr. Harrison's Capital Contributions", is hereby deleted from the Agreement in its entirety and shall be of no further force or effect. For the avoidance of doubt, as a result of the transfer described in Section 6(b) of this Amendment, (i) neither Dr. Harrison nor Les Pommes LLC has any outstanding loan obligation to Ezbon and (ii) Ezbon does not have any obligation to make additional loans to Dr. Harrison or Les Pommes LLC.

6. The General Partner, Ezbon, Blue Horizon, Dr. Harrison and Les Pommes LLC hereby acknowledge the following:

(a) As of December 31, 2018, Ezbon, Blue Horizon, Dr. Harrison and Les Pommes LLC have made the following capital contributions to the Partnership (in cash, by reductions of Management Fee and/or with the proceeds of loans provided by Ezbon):

Ezbon - $476,355,313.
Blue Horizon - $457,674,714.
Dr. Harrison - $29,495,685.
Les Pommes LLC - $19,663,790.

(b) On January 1, 2019, (i) 150,235.67 Preferred Units and 147,982.04 Investment Common Units held by Ezbon were canceled and returned to the treasury of the Partnership, (ii) 144,344.07 Preferred Units and 142,179 Investment Common Units held by Blue Horizon were canceled and returned to the treasury of the Partnership, (iii) 9,302.52 Preferred Units, 9,302.52 Investment Common Units and 20,672.26 Founder Common Units held by Dr. Harrison were canceled and returned to the treasury of the Partnership, (iv) 6,201.68 Preferred Units, 6,201.68 Investment Common Units and 13,781.51 Founder Common Units held by Les Pommes LLC were canceled and returned to the treasury of the Partnership, and (v) 4,418.70 Investment Common Units held by Anna Batarina were canceled and returned to the treasury of the Partnership.

(c) On January 1, 2019, 10,413.95 Preferred Units and 10,413.95 Investment Common Units held by Dr. Harrison and 6,942.64 Preferred Units and

6,942.64 Investment Common Units held by Les Pommes LLC were transferred to Ezbon in full repayment of the outstanding loan obligations of Dr. Harrison and Les Pommes LLC to Ezbon; for the avoidance of doubt, for purposes of determining Partnership distributions after January 1, 2019 in respect of these transferred Units, distributions in respect of these transferred Units shall be determined on a cumulative basis, taking into account distributions previously made in respect of these transferred Units to Dr. Harrison and Les Pommes LLC. Accordingly, immediately following such transfer, (i) 303,170.92 Preferred Units and 298,883.55 Investment Common Units were held by Ezbon, (ii) 274,605.93 Preferred Units and 270,487 Investment Common Units were held by Blue Horizon, (iii) 7,283.53 Preferred Units, 7,283.53 Investment Common Units and 39,327.74 Founder Common Units were held by Dr. Harrison, (iv) 4,855.68 Preferred Units, 4,855.68 Investment Common Units and 26,218.49 Founder Common Units were held by Les Pommes LLC, and (v) 8,406.30 Investment Common Units were held by Anna Batarina.

(d) From time to time commencing January 1, 2019, as Ezbon, Blue Horizon, Dr. Harrison and Les Pommes LLC each contribute to the Partnership incremental multiples of US $1,666.66 pursuant to Paragraph 5(a) of the Agreement, one additional Preferred Unit shall be issued to Ezbon, Blue Horizon, Dr. Harrison or Les Pommes LLC, as applicable, in consideration thereof, and one additional Investment Common Unit shall be issued to Ezbon, Blue Horizon, Dr. Harrison or Les Pommes LLC, as applicable, for no additional consideration; provided, however, that solely in respect of Investment Common Units issuable to Ezbon and Blue Horizon, 1.425% of those Units shall instead be issued to Anna Baterina for no additional consideration and the remainder shall be issued to Ezbon and Blue Horizon pro rata to their purchase of the related Preferred Units. In addition, from time to time commencing January 1, 2019, for every additional Investment Common Unit issued to any Limited Partner, 11.11% of an additional Founder Common Unit shall be issued in the aggregate to Dr. Harrison and Les Pommes LLC, for no additional consideration, in such ratio as they may agree from time to time.

(e) Commencing January 1, 2019 and through the date of this Amendment, Ezbon, Blue Horizon, Dr. Harrison and Les Pommes LLC have made the following capital contributions to the Partnership in respect of Pool A:

Ezbon - $10,231,529.00.
Blue Horizon - $9,830,293.00.
Dr. Harrison - $0.00.
Les Pommes LLC - $0.00.

For the avoidance of doubt, through the date of this Amendment, Ezbon and Blue Horizon have made the following capital contributions to the

Partnership in respect of Pool B: Ezbon - $3,400,000.00, and Blue Horizon - $3,266,666.00.

(f) As of the date of this Amendment, (i) 309,309.86 Preferred Units and 304,935.01 Investment Common Units are issued to Ezbon, (ii) 280,504.13 Preferred Units and 276,301.15 Investment Common Units are issued to Blue Horizon, (iii) 7,283.53 Preferred Units, 7,283.53 Investment Common Units and 40,130.21 Founder Common Units are issued to Dr. Harrison, (iv) 4,855.68 Preferred Units, 4,855.68 Investment Common Units and 26,753.48 Founder Common Units are issued to Les Pommes LLC, and (v) 8,577.83 Investment Common Units are issued to Anna Batarina.

(g) After the date of this Amendment and until the Exercise Date (as defined in Paragraph 6(h) of this Amendment), and notwithstanding anything to the contrary set forth in the Agreement, as hereby amended, Ezbon and Blue Horizon shall make all of the capital contributions to the Partnership and Dr. Harrison and Les Pommes LLC shall make no such capital contributions. For the avoidance of doubt, Ezbon and Blue Horizon shall make, in addition to the capital contributions they would otherwise make to the Partnership pursuant to this Agreement, as hereby amended, the capital contributions that would have been made by Dr. Harrison and Les Pommes LLC to the Partnership during such period, but for this Paragraph 6(e) to this Amendment.

(h) On or before the 180th day following the date of this Amendment, Dr. Harrison and Les Pommes LLC, together, in such ratio as they may agree to, shall have the right (but not the obligation) to pay to each of Ezbon and Blue Horizon, in cash, 2.06 percent of the amount contributed by Ezbon or Blue Horizon, as applicable, to the Partnership pursuant to Paragraphs 6(d) and (f) of this Amendment in respect of Pool A, and Ezbon and Blue Horizon shall each be deemed to have transferred to Dr. Harrison and Les Pommes LLC together, in the aforesaid ratio, 2.06 percent of the number of Preferred Units and Investment Common Units issued to Ezbon and Blue Horizon, respectively, from and after January 1, 2019 in respect of Pool A. The date of such payment by Dr. Harrison and Les Pommes LLC is hereby defined as the "Exercise Date".

(i) If the Exercise Date does not occur pursuant to Paragraph 6(h) of this Amendment on or before the 180th day following the date of this Amendment, then Ezbon and Blue Horizon shall continue to make, in addition to the capital contributions they would otherwise make to the Partnership pursuant to this Agreement, as hereby amended, the capital contributions that would be made by Dr. Harrison and Les Pommes LLC to the Partnership during such period had the Exercise Date occurred, and

the Contingent Subscriptions of Ezbon, Blue Horizon, Dr. Harrison and Les Pommes LLC shall be adjusted accordingly.

7. Promptly following the completion and issuance of the audited financial statements of the Partnership for the year ending December 31, 2018, the number of Units and capital contribution amounts set forth in Sections 4 and 6 of this Amendment shall be appropriately adjusted, to the extent, if any, necessary to take account of any audit adjustments to the draft unaudited financial statements of the Partnership for such year.

8. Promptly following the date of this Amendment, the Partnership shall make tax distributions pursuant to Paragraph 8(a) of the Agreement to Dr. Harrison and Les Pommes LLC in the amounts of $2,730,000 and $1,820,000, respectively. Such tax distributions shall not affect the amounts of, or be taken into consideration in computing, other tax distributions, if any, to be made to Dr. Harrison and Les Pommes LLC.

9. Notwithstanding anything to the contrary set forth herein, this Amendment shall not affect the obligations of the Partners to contribute capital to the Partnership in respect of Pool B pursuant to Amendment No. 13 to this Agreement.

10. All references in the Agreement to "ATC" and "Apple Tree Consolidated, SPRL", and all terms and provisions of the Agreement relating thereto (but not to the extent such terms and provisions also relate to other entities), are hereby deleted from the Agreement.

11. This Amendment shall be governed in accordance with the laws of the Cayman Islands without regard to conflicts of laws principles. This Amendment may be executed in any number of counterparts, each of which shall be deemed an original and all of which taken together shall constitute one and the same instrument.

12. In all other respects, the Agreement shall continue in full force and effect and shall be unaffected by this Amendment.

IN WITNESS WHEREOF, the undersigned have executed this Amendment as a deed on the day and year first above written.

APPLE TREE PARTNERS IV, L.P. - AMENDMENT NO. 15

AMENDMENT NO. 15 (this "Amendment"), dated July 10, 2019, to the First Amended and Restated Limited Partnership Agreement, as amended (the "Agreement") of Apple Tree Partners IV, L.P. (the "Partnership").

Terms not otherwise defined herein shall have the meanings ascribed thereto in the Agreement.

For good and valuable consideration, including but not limited to the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby agree that the Agreement is hereby amended (on behalf of all Partners) pursuant to Paragraph 17 thereof as follows:

1. Recitation of Events. The Partners hereby agree (i) to the following recitation of events relating to the Partnership and (ii) that if and to the extent any of such events is inconsistent with or a breach of the terms and provisions of the Agreement, that such inconsistency or breach is hereby waived and that the Agreement is deemed amended solely to the extent necessary to permit such events on a one-time basis:
   (a) The Partnership received the following cash proceeds during the period January 1 through June 30, 2019:
      (i) $888,668 from the acquisition of Syntimmune, Inc.
      (ii) $3,826,635 from the sale of certain publicly-held securities that were not part of the Late Stage Investment Pool.
      (iii) $3,382,937 from the sale of certain publicly-held securities that were part of the Late Stage Investment Pool.
   (b) The Partnership received capital contributions of $2,500,000 in December 2018, with respect to a proposed investment in Bellus Health Inc., but the Partnership only invested $792,908 in that company, resulting in $1,707,092 contributed but not invested and retained by the Partnership.
   (c) The Partnership used a portion of the proceeds and contributions referred to in clauses (a) and (b) as follows:
      (i) $277,923 for an investment in VytronUs, Inc.
      (ii) $691,371 for an investment in Rox Medical, Inc.
      (iii) $5,000,000 for an investment in Akero Therapeutics, Inc. ("Akero").
   (d) The amount of the proceeds and contributions received by the Partnership, as noted in paragraphs (a) and (b) above, that was not used for the purposes noted in paragraph (c) above (such amount, totaling $3,836,038), may be retained by the Partnership and used to pay Partnership expenses and as otherwise permitted under the Agreement.
   (e) The capital call to the Partners on June 7, 2019 in the amount of $20,000,000 for investment in Akero is reduced to $9,400,000, to reflect the reduced allocation of $14,400,000 the Partnership received from Akero and the $5,000,000 invested in

JX-15

Akero from the Partnership's cash on hand.

(f) The second semi-annual installment of the ATLS Fee for 2019 in the amount of $5,050,000 due from the Partnership to ATLS on July 1, 2019, is deferred until such time as may be determined in the discretion of ATLS and the General Partner.

2. No Other Amendments. In all other respects, the Agreement shall continue in full force and effect and shall be unaffected by this Amendment.

APPLE TREE PARTNERS IV, L.P. - AMENDMENT NO. 16, WAIVER AND CONSENT

AMENDMENT NO. 16, WAIVER AND CONSENT (this "Instrument"), effective February 1, 2020, to the First Amended and Restated Limited Partnership Agreement, as amended (the "Agreement") of Apple Tree Partners IV, L.P. (the "Partnership").

Terms not otherwise defined herein shall have the meanings ascribed thereto in the Agreement.

For good and valuable consideration, including but not limited to the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby agree that the Agreement is hereby amended, waived and consented to (on behalf of all Partners) pursuant to Paragraph 17 thereof as follows:

1. The proviso at the end of the first sentence of Section 6(d) of Amendment No. 14 to the Agreement is hereby amended and restated to read in its entirety as follows:
"provided, however, that solely in respect of such Investment Common Units, 1.425% of those Units shall instead be issued to Anna Batarina for no additional consideration, which Units so issued to her shall reduce on a pro rata basis the number of such Units issuable to Ezbon and Blue Horizon."

2. On the date hereof, Ezbon and Blue Horizon hereby sell, transfer and assign to Dr. Harrison and Les Pommes certain of their fully-paid Preferred Units (against which no distributions have been made by the Partnership) and Investment Common Units (collectively, the "Transfers"), as follows:

   (a) Ezbon sells 92 Preferred Units to Dr. Harrison in consideration of his payment to Ezbon of $153,332.

   (b) Ezbon sells 92 Investment Common Units to Dr. Harrison for no additional consideration.

   (c) Ezbon sells 61 Preferred Units to Les Pommes in consideration of its payment to Ezbon of $101,666.

   (d) Ezbon sells 61 Investment Common Units to Les Pommes for no additional consideration.

EXECUTION VERSION

APPLE TREE PARTNERS IV, L.P. - AMENDMENT NO. 17

AMENDMENT NO. 17 (this "**Amendment**"), dated [Sept 9], 2020, to the First Amended and Restated Limited Partnership Agreement, as amended from time to time (the "**Agreement**"), of Apple Tree Partners IV, L.P. (the "**Partnership**"). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Agreement.

Whereas, the parties hereto desire to amend the Agreement as set forth herein.

Now, therefore, for good and valuable consideration, including but not limited to the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby agree that the Agreement is hereby amended (on behalf of all Partners) pursuant to Paragraph 17 thereof as follows:

1. **Amendment No. 9**. Sections 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 and 13 and Exhibit A of Amendment No. 9 to the Agreement are hereby deleted from the Agreement in their entirety and shall be of no further force or effect.

2. **Amendment No. 10**. Section 1 of Amendment No. 10 to the Agreement is hereby deleted from the Agreement in its entirety and shall be of no further force or effect.

3. **Amendment No. 13**. Amendment No. 13 to the Agreement is hereby deleted from the Agreement in its entirety and shall be of no further force or effect.

4. **Pools A, B and C**. Paragraph 20 is hereby added to the Agreement to read in its entirety as follows:

"20. Pools A, B and C

(a) Separate Pools. Except as otherwise expressly provided in this Paragraph 20 and to the maximum extent possible, all of the Partnership's assets and liabilities shall be divided into three separate pools ("Pools"). One Pool ("Pool C") shall consist of the assets, liabilities, income, gains, losses and expenses associated with Kynos Therapeutics Ltd and any Projects or Portfolio Companies arising on or after the date of Amendment No. 17 to the Agreement ("Pool C Projects"), including (i) certain expenses as set forth in Paragraph 20(d) and (ii) such amount of Contingent Subscriptions by the Subject Limited Partner as is equal to $1 billion minus the aggregate amount of capital contributions made from time to time by the Subject Limited Partner to a second Pool ("Pool B"), including, for the avoidance of doubt, any capital contributions made by the Subject Limited Partner in respect of Pool B and its Projects and Portfolio Companies on or prior to the date of Amendment No. 17 to the Agreement. Pool B shall consist of the assets, liabilities, income, gains, losses and expenses associated with the following Projects and Portfolio Companies: Chinook Therapeutics U.S., Inc., Nine Square Therapeutics Corporation and Initial Therapeutics, Inc. ("Pool B Projects"), including (i) certain

JX-17

expenses as set forth in Paragraph 20(d) and (ii) such amount of Contingent Subscriptions by the Subject Limited Partner as is equal to the aggregate amount of capital contributions made from time to time by the Subject Limited Partner to Pool B. The third Pool ("Pool A") shall consist of $1.5 billion in aggregate Contingent Subscriptions by the Subject Limited Partner, Dr. Harrison and Les Pommes and all other assets, liabilities income, gains, losses and expenses of the Partnership. No investments in new Projects or new Portfolio Companies shall be made out of Pool A or Pool B after the date of Amendment No. 17 to the Agreement. For the avoidance of doubt, follow-on investments with respect to any Project or Portfolio Company shall continue to be made in the same Pool in which the initial investment in such Project or Portfolio Company was made. Except as otherwise expressly provided in this Paragraph 20, the intent of the Partners is that the assets, liabilities, income, gains, losses and expenses associated with any particular Pool shall affect only that Pool and the Limited Partners participating therein, and not the Partnership generally, the other Pools or the Limited Partners participating in such other Pools. Accordingly, separate and distinct records shall be maintained for each Pool, and capital contributions, distributions, income, gains, losses and expenses shall also be accounted for separately on a Pool-by-Pool basis.

(b) Capital Contributions. All capital invested in the Pool C Projects or attributable to expenses or liabilities of the Pool C Projects (or liabilities or expenses otherwise apportioned to Pool C pursuant to Paragraph 20(d)) shall be called from and contributed by the Subject Limited Partner exclusively and shall be treated as contributed to Pool C. All capital invested in the Pool B Projects or attributable to expenses or liabilities of the Pool B Projects (or liabilities or expenses otherwise apportioned to Pool B pursuant to Paragraph 20(d)) shall be called from and contributed by the Subject Limited Partner exclusively and shall be treated as contributed to Pool B. No other Partner shall be required to contribute any capital with respect to the Pool C Projects or Pool C generally or to the Pool B Projects or Pool B generally. On and after February 1, 2020, capital contributions to the Partnership in respect of Pool A shall be made in the following percentages: (i) Ezbon - 50.7974%; (ii) Blue Horizon - 48.8054%; (iii) Dr. Harrison - 0.2383% and (iv) Les Pommes - 0.1589%. At any time, Dr. Harrison and/or Les Pommes may elect to purchase up to 2.5% in the aggregate of the Subject Limited Partner's interests in Pools B and C at a price equal to the fair market value of such percentage interests purchased, determined as of the date of purchase. For this purpose, fair market value shall be as set forth in the Partnership's financial statements for the calendar quarter immediately preceding the purchase (which financial statements shall be reviewed by the Partnership's auditors), as appropriately adjusted for any capital contributions, distributions and major events (e.g., positive or negative clinical study results, merger proposals, IPOs) occurring with respect to such Pools and their Portfolio Companies after the date of such financial statements. Upon such election, and for so long as Dr. Harrison and/or Les Pommes holds such portions of such interests, Dr. Harrison and/or Les Pommes, as the case may be, shall contribute capital in respect of Pools B and C in an amount equal to the purchased interest percentage of any Pool B capital call or Pool C capital call, as the case may be, made on or after the date of such election.

(c) Profits and Losses. The profits and losses of each Pool shall also be calculated on a separate basis. The profits and losses with respect to Pool A shall be allocated exclusively

to the Limited Partners participating in Pool A, the profits and losses with respect to Pool B shall be allocated exclusively to the Limited Partners participating in Pool B, and the profits and losses with respect to Pool C shall be allocated exclusively to the Limited Partners participating in Pool C. For U.S. federal income tax purposes, all expenses attributable to Pool B or C shall be allocated solely to the Subject Limited Partner, with a priority allocation of subsequent net income or gains, if any, to the Subject Limited Partner in a corresponding amount.

(d) Expenses and Liabilities; ATLS Fee.

(i) Expenses and Liabilities. Any expenses directly attributable to a particular Pool shall be apportioned to such Pool. Any expenses that are attributable to all three Pools shall be apportioned among them in accordance with the relative cost basis of each Pool's remaining assets at the time such apportionment is made. By way of example only, (i) all of the Partnership's legal and accounting expenses attributable to the preparation and negotiation of amendments to this Agreement, to the extent pertaining to the creation of Pool C, shall be borne solely by Pool C and (ii) the Management Fee and the ATLS Fee shall be allocated among Pools A, B and C in accordance with the relative cost basis of each Pool's remaining assets at the time such allocation is made.

(ii) ATLS Fee. The General Partner shall prepare, for each fiscal year of the Partnership in advance of such fiscal year, a budget for the annual fee to be paid by the Partnership to ATLS (the "ATLS Fee"). Such budget shall be presented to the Subject Limited Partner for approval, and the Subject Limited Partner shall, within ten (10) business days of the budget being provided by the General Partner, either approve the budget or inform the General Partner that the Subject Limited Partner declines to provide such approval along with the reasons therefor. If the Subject Limited Partner fails to so respond within such ten (10) business day period, the budget shall be deemed to have been approved. If the Subject Limited Partner so informs the General Partner that it declines to approve the proposed budget, the Subject Limited Partner and the General Partner shall discuss in good faith any objections presented by the Subject Limited Partner to the initial proposed budget, and thereafter the General Partner shall have an opportunity to prepare a revised budget, which shall again be submitted for approval as set forth above. If a budget is not approved for a fiscal year, then the approved budget for such fiscal year shall be deemed to be the most recently approved budget for a prior fiscal year. In no event, however, shall the ATLS Fee be less than $8,500,000, except to the extent otherwise agreed by the General Partner. The Partners shall make capital contributions to the Partnership to fund the ATLS Fee semi-annually in advance and the Management Fee annually in advance, in each case, as required by the General Partner, from time to time, in accordance with the Agreement. The amount of the ATLS Fee may also be modified from time to time by mutual agreement of

the General Partner and the Subject Limited Partner. For the avoidance of doubt, the ATLS Fee shall be in addition to the Management Fee.

(e) Distributions Generally. Distributions with respect to each Pool shall be calculated and made separately and solely from assets of the applicable Pool.

(f) Pool Distributions.

(i) For the avoidance of doubt, (A) Paragraph 8(a) of the Agreement is the one captioned "Tax Distributions", (B) the provisions of Paragraph 8(b) of the Agreement, which was captioned "Tracking Unit Distributions", have been deleted from the Agreement and, accordingly, Paragraph 8(b) of the Agreement is now captioned "Reserved", (C) Paragraph 8(c) of the Agreement is the one captioned "Timing of Other Distributions", (D) Paragraph 8(d) of the Agreement is the one captioned "Apportionment of Other Distributions", (E) Paragraph 8(e) of the Agreement is the one captioned "Limitations on Distributions", and (F) Paragraph 8(f) of the Agreement is the one captioned "Distributions with Respect to Designated Profits", and any incorrect references to such paragraphs preceding the date of Amendment No. 17 to the Agreement are hereby deemed corrected to reflect the foregoing.

(ii) Distributions in respect of Pool B, other than Tax Distributions, shall be made as follows: (i) first, to the Limited Partners, in proportion to their respective capital contributions to Pool B, until they have received aggregate distributions pursuant to this sub-paragraph (i) equal to their aggregate capital contributions to Pool B; and (ii) thereafter, (A) 87.50% to the Limited Partners in proportion to their respective capital contributions to Pool B and (B) 12.50% to the Limited Partners participating in the carried interest attributable to Pool B in proportion to their respective Pool B Carried Interest Percentages (as defined below); provided, however, that if the General Partner has granted in the aggregate less than a 12.50% interest to the Limited Partners participating in the Pool B carried interest, then they shall be distributed such lesser percentage pursuant to clause (B) and the balance shall be distributed in accordance with clause (A). Distributions in respect of Pool C, other than Tax Distributions, shall be made as follows: (iii) first, to the Limited Partners, in proportion to their respective capital contributions to Pool C, until they have received aggregate distributions pursuant to this sub-paragraph (iii) equal to their aggregate capital contributions to Pool C; and (iv) thereafter, (C) 87.50% to the Limited Partners in proportion to their respective capital contributions to Pool C and (D) 12.50% to the Limited Partners participating in the carried interest attributable to Pool C in proportion to their respective Pool C Carried Interest Percentages (as

defined below); provided, however, that if the General Partner has granted in the aggregate less than a 12.50% interest to the Limited Partners participating in the Pool C carried interest, then they shall be distributed such lesser percentage pursuant to clause D and the balance shall be distributed in accordance with clause (C). For the avoidance of doubt, (W) Paragraph 8(d) of the Agreement captioned "Apportionment of Other Distributions" shall not be applicable to Pool B or Pool C, (X) Paragraph 8(f) of the Agreement captioned "Distributions with Respect to Designated Profits" shall be interpreted and applied on a Pool-by-Pool basis, (Y) in the General Partner's sole discretion, Limited Partners with Pool B Carried Interest Percentages or Pool C Carried Interest Percentages may waive carried interest attributable to Pool B or Pool C, as the case may be, in a manner consistent with the principles set forth in Paragraph 8(f) of the Agreement, and (Z) distributions in respect of Pool A shall be unaffected by Amendment No. 17 to the Agreement.

(g) Distribution Override. Notwithstanding any provision of this Amendment or the Agreement to the contrary, except for Tax Distributions, no amounts otherwise distributable in respect of Pool B Carried Interest Percentages or Pool C Carried Interest Percentages to Limited Partners holding a Pool B Carried Interest Percentage ***and /or*** a Pool C Carried Interest Percentage shall be made until the Subject Limited Partner has first been returned all of its capital contributions with respect to both Pool B ***and*** Pool C in the aggregate. In order to protect against an over-distribution to the Subject Limited Partner, once the Subject Limited Partner has received distributions from Pool B or Pool C in an amount equal to its aggregate capital contributions to such Pool, then any carried interest distributions with respect to such Pool otherwise distributable to Pool B carried interest participants or Pool C carried interest participants, as the case may be, shall be held in the Partnership and distributed to the Pool B carried interest participants or Pool C carried interest participants, as the case may be, only if and when the Subject Limited Partner has received from the Partnership (whether from Pool B and/or Pool C) an amount equal to its aggregate capital contributions with respect to both Pool B ***and*** Pool C. For the avoidance of doubt, if the Subject Limited Partner does not receive aggregate distributions at least equal to its aggregate capital contributions to both Pool B ***and*** Pool C, then any carried interest distributions retained by the Partnership pursuant to this Paragraph 20(g) shall be distributed upon the liquidation of the Partnership to the Subject Limited Partner until it has received aggregate distributions at least equal to its aggregate capital contributions to both Pool B ***and*** Pool C, and any remaining carried interest distributions retained by the Partnership would then be distributed to the Pool B and C carried interest participants, on a pro-rata basis.

(h) Pool Carried Interest and Vesting. The Limited Partners participating in the carried interest attributable to Pool B and their respective initial Pool B carried interest percentages ("Pool B Carried Interest Percentages") shall be as set forth in a schedule maintained by the General Partner and provided from time to time by the General Partner to the Subject Limited Partner and Dr. Harrison. Such schedule shall provide that the initial

aggregate Pool B Carried Interest Percentage for Dr. Harrison, Les Pommes and their respective affiliates shall be 7.50% (provided, however, that the Pool B Carried Interest Percentage for Dr. Harrison, Les Pommes and their respective affiliates is subject to a potential partial reduction (but in no event below 5.00%) following the Partnership's final liquidation, as set forth in Schedule F hereto), that the initial Pool B Carried Interest Percentage for Anna Batarina shall be 2.00%, for Sally Jacob shall be 0.10%, and for Marie-Therese Afif shall be 0.05%. Each other Limited Partner participating in the Pool B carried interest shall be granted such Pool B Carried Interest Percentage as may be determined from time to time by the General Partner in its sole discretion; provided, however, that the aggregate Pool B Carried Interest Percentages do not exceed 12.50% at any time (subject to the aforesaid potential partial reduction). Dr. Harrison, Les Pommes and their respective affiliates and Ms. Batarina shall vest in their respective Pool B Carried Interest Percentages monthly on a straight-line basis commencing as of February 6, 2019, so long as such Limited Partner continues to provide services to the Partnership and in accordance with any other conditions set forth in any separate agreement granting such Limited Partner a Pool B Carried Interest Percentage. Any other Limited Partner receiving a Pool B Carried Interest Percentage shall vest therein monthly on a straight-line basis over the lesser of 120 months and the number of full calendar months remaining in the Initial Term and extensions which are at the option of the General Partner, commencing from the date such Limited Partner began providing services to the Partnership, so long as such Limited Partner continues to provide services to the Partnership and in accordance with any other conditions set forth in any separate agreement granting such Limited Partner a Pool B Carried Interest Percentage. The Limited Partners participating in the carried interest attributable to Pool C and their respective initial Pool C carried interest percentages ("Pool C Carried Interest Percentages") shall be as set forth in a schedule maintained by the General Partner and provided from time to time by the General Partner to the Subject Limited Partner and Dr. Harrison. Such schedule shall provide that the initial aggregate Pool C Carried Interest Percentage for Dr. Harrison, Les Pommes and their respective affiliates shall be 7.50% (provided, however, that the Pool C Carried Interest Percentage for Dr. Harrison, Les Pommes and their respective affiliates is subject to a potential partial reduction (but in no event below 5.00%) following the Partnership's final liquidation, as set forth in Schedule F hereto), that the initial Pool C Carried Interest Percentage for Anna Batarina shall be 2.00%, for Sally Jacob shall be 0.10%, and for Marie-Therese Afif shall be 0.05%. Each other Limited Partner participating in the Pool C carried interest shall be granted such Pool C Carried Interest Percentage as may be determined from time to time by the Pool C Committee (as defined below) in its sole discretion; provided, however, that the aggregate Pool C Carried Interest Percentages do not exceed 12.50% at any time (subject to the aforesaid potential partial reduction). Dr. Harrison, Les Pommes and their respective affiliates and Ms. Batarina shall vest in their respective Pool C Carried Interest Percentages monthly on a straight-line basis commencing as of February 6, 2019, so long as such Limited Partner continues to provide services to the Partnership and in accordance with any other conditions set forth in any separate agreement granting such Limited Partner a Pool C Carried Interest Percentage. Any other Limited Partner receiving a Pool C Carried Interest Percentage shall vest therein monthly on a straight-line basis over the lesser of 120 months and the number of full calendar months remaining in the Initial Term and extensions which are at the option of the General Partner, commencing from the date such

Limited Partner began providing services to the Partnership, so long as such Limited Partner continues to provide services to the Partnership and in accordance with any other conditions set forth in any separate agreement granting such Limited Partner a Pool C Carried Interest Percentage. For the avoidance of doubt, the "vesting" provisions described in this Paragraph 20(h) shall be construed as "divesting" provisions, and so long as a Limited Partner with a Pool B Carried Interest Percentage or Pool C Carried Interest Percentage continues to provide services to the Partnership, such Limited Partner shall be entitled to full allocations and distributions with respect to its Pool B Carried Interest Percentage or Pool C Carried Interest Percentage, as the case may be. For the avoidance of doubt, vesting in respect of Pool A carried interest shall be unaffected by Amendment No. 17 to the Agreement.

(i) Management.

(i) Pools A and B. So long as ATP III GP, Ltd. continues as the General Partner, the management of Pools A and B, including, without limitation, any investment decisions, capital calls and budget approval requests with respect to Pool A or Pool B, shall be the sole responsibility of the General Partner, subject to any consent or other approval rights of the holders of the Preferred Units, as provided for in this Agreement.

(ii) Pool C. So long as ATP III GP, Ltd. continues as the General Partner, the management of Pool C, including, without limitation, any investment decisions, capital calls and budget approval requests with respect to Pool C, shall be delegated by the General Partner to, and shall be the sole responsibility of, a committee established with respect to Pool C (the "Pool C Committee"), subject to any consent or other approval rights of the holders of the Preferred Units, as provided for in this Agreement. The Pool C Committee shall consist of Dr. Harrison (so long as he is providing services to the Partnership) and, initially, Ms. Batarina. All decisions of the Pool C Committee shall be made by unanimous consent of the members of the Pool C Committee. So long as Dr. Harrison is providing services to the Partnership, he may remove Ms. Batarina (or any of her successors) as a member of the Pool C Committee and may replace her (or any of her successors) on the Pool C Committee with such United States person who is nominated by him, subject to the reasonable acceptance of the Subject Limited Partner."

5. Term. Paragraph 10(a) of the Agreement is hereby amended and restated in its entirety to read as follows:

"(a) Term of Partnership. Subject to Paragraph 10(b) or operation of law, the term of the Partnership and Pools B and C shall end on February 6, 2029 (the "Initial Term"); provided, however, that the Initial Term may be extended by the General Partner for up to two one-year periods. Subject to Paragraph 10(b) or operation of law, the term of Pool A shall end on December 31, 2022; provided, however, that such term may be extended by the General Partner for up to two one-year periods."

6. **Time Requirement; Successor Funds**. Notwithstanding anything to the contrary in the Agreement or the Letter Agreement, so long as ATP III GP, Ltd. continues as the General Partner, Dr. Harrison (a) shall devote such amount of his business time to the affairs of the Partnership as is reasonably required to direct its activities and (b) shall not, without the consent of the Subject Limited Partner, organize and manage one or more additional investment funds, if (i) the Management Company is receiving the Management Fee, (ii) Dr. Harrison is a general partner or managing member of each other investment entity formed by or with the Subject Limited Partner with an investment focus in life sciences, except for those referenced in clause (A) or (B) below, (iii) Pool C is actively making investments in new Portfolio Companies, and (iv) the Subject Limited Partner or its affiliates have not invested in another life sciences business or investment fund that is competitive with any entities managed or co-managed by Dr. Harrison, except for those referenced in clause (A) or (B) below. For the avoidance of doubt, nothing herein is intended to limit or restrict in any way (A) passive financial investments by the Subject Limited Partner or its affiliates in other life sciences businesses or investment funds that have distinctively shorter liquidity profiles (i.e., monthly or quarterly liquidity) than the Partnership or (B) investments by the Subject Limited Partner or its affiliates in other life sciences businesses having their principal place of business in China or other life sciences investment funds having their principal investment focus on China. If Dr. Harrison organizes and manages any additional investment fund (other than the prospective investment fund discussed by the Subject Limited Partner and Dr. Harrison which they have referred to as the ATP Parallel Fund) which requires the consent of the Subject Limited Partner pursuant to clause (b) above, then the Subject Limited Partner shall have a right of first refusal to make an investment in such additional investment fund in an aggregate amount not to exceed 20% of the aggregate capital commitments to such fund.

7. **Partner Clawback**. The first sentence of Paragraph 15(e) of the Agreement is hereby amended and restated in its entirety to read as follows:

"If (i) the Partnership incurs a liability or obligation under this Paragraph 15 in respect of any Pool and (ii) the Partnership does not have sufficient available cash on hand to satisfy such liability or obligation, then the General Partner, in its sole discretion, may require that each Partner participating in such Pool make additional payments to the Partnership, upon no less than ten days' prior written notice from the General Partner, of its pro rata share (according to the amount by which such liability or obligation would have reduced the aggregate distributions received by each Partner (and its predecessors in interest) in respect of such Pool as of the time of such notice), after giving effect to any distributions returned by the Partners pursuant to this Paragraph 15(e) and any distribution of such returned amounts to such Partners, had such liability or obligation been incurred and paid by the Partnership prior to the time any distributions were made) of an amount up to the amount necessary to satisfy such liability or obligation; provided that (A) no Partner shall be required to contribute as to any Pool an aggregate amount pursuant to this Paragraph 15(e) that exceeds 20% of its aggregate capital

contributions to such Pool, and (B) no Partner shall be required to contribute as to any Pool an amount that exceeds the aggregate amount of distributions made in respect of such Pool to such Partner (and such Partner's predecessors in interest) during the 24-month period preceding the date of such notice, except to fund any such liability or obligation (1) that the General Partner, the Partnership or an Indemnified Party was in the process of litigating, arbitrating or otherwise settling prior to the start of such 24-month period and (2) with respect to which the General Partner, the Partnership or an Indemnified Party delivered to the Partners written notice of such litigation, arbitration or settlement process prior to the start of such 24-month period; provided further that, for the avoidance of doubt, a Partner's obligation to make contributions to the Partnership under this Paragraph 15(e) shall be determined on an Pool-by-Pool basis."

8. **Miscellaneous**. The headings in this Amendment are for convenience of reference only and shall not limit or otherwise affect the meaning of provisions contained herein. This Amendment shall be governed in accordance with the laws of the Cayman Islands without regard to conflicts of laws principles. This Amendment may be executed in any number of counterparts, each of which shall be deemed an original and all of which taken together shall constitute one and the same instrument.

9. **Effectiveness**. In all other respects, the Agreement shall continue in full force and effect and shall be unaffected by this Amendment.

IN WITNESS WHEREOF, the undersigned have executed this Amendment as a deed on the day and year first above written.

Schedule F

Dr. Harrison potential carry reduction upon completion of liquidation of Pool C

1. Upon completion of liquidation of Pool C, the parties will determine, by following the steps outlined below, whether there needs to be a retroactive reduction to Dr. Harrison's carry.

2. First, determine for each portfolio company in which there has been a realized gain for Pool C, the percentage ownership for each of (a) Pool C, (b) its portfolio company employees and (c) Pool C's VPs/EIRs. If a Pool C VP/EIR also served as a portfolio company employee at some point, that portion of his percentage ownership which is attributable to his equity that vested while he was a portfolio company employee gets counted in bucket (b) rather than bucket (c).

3. If (b) + (c) exceeds 15%, then subtract the portion of (c) needed to get to exactly 15% (which we believe is the average employee percentage ownership of a venture-backed company), but never more than all of (c), to come up with the "overage" percentage. Next, convert the overage percentage to its equivalent dollar amount in terms of the total gain on the company. For example, if the total gain on the company is $40M and the overage percentage is 2%, then the equivalent dollar amount is $800K. Total the equivalent dollar amounts for all portfolio companies falling into this item 3.

4. If (b) + (c) is less than 15%, then the percentage by which it is less than 15% is the "underage" percentage. Next, convert the underage percentage to its equivalent dollar amount in terms of the total gain on the company. Total the equivalent dollar amounts for all portfolio companies falling into this item 4.

5. Subtract the total dollar amount of item 4 from the total dollar amount of item 3. If the net amount is positive, then Dr. Harrison has a contingent payment obligation to the Subject Limited Partner.

6. In the discussions between the Subject Limited Partner and Dr. Harrison leading up to the Pool C summary of terms, Dr. Harrison agreed to decrease the total carried interest in Pool C from 15% to 12.5%, resulting in a benefit to the Subject Limited Partner of 2.5%. At the same time, the Subject Limited Partner agreed to an increase in Dr. Harrison's carried interest from 5% to 7.5%, resulting in a benefit to Dr. Harrison of 2.5%. Accordingly, the "cost" of any negative adjustment should be shared equally by the Subject Limited Partner and Dr. Harrison.

7. If the amount in item 5 is positive, compute Dr. Harrison's actual overall carried interest percentage in Pool C. If it is greater than 5%, then Dr. Harrison has an actual payment

obligation to the Subject Limited Partner. In that case, first compute 50% of the positive amount so each of the Subject Limited Partner and Dr. Harrison share equally in the adjustment. Then, reduce Dr. Harrison's 50% share by his hypothetical tax liability on that amount (because Dr. Harrison would have already paid taxes on the positive amount). The net amount is Dr. Harrison s after-tax calculated payment obligation to the Subject Limited Partner, which then becomes due, provided that the amount payable can never reduce Dr. Harrison's carry percentage to less than 5%.

8. The above mechanism needs to be adjusted, however, in two situations. First, if a portfolio company employee or a Pool C EIR/VP invested on a similar basis to Pool C in a portfolio company in which Pool C realized a gain, that investment piece is excluded from this calculation. An example is Michael Davidson's $111,458 investment in the Corvidia convertible note financing, which was made on the same basis on which the Partnership invested.

9. The second adjustment is necessary only in those instances where a portfolio company has investors in addition to Pool C, e.g., in a syndicated deal. Excluding, for the moment, an IPO, the adjustment for a syndicated deal in which the Partnership has realized a gain would need to take into account Pool C's percentage ownership relative to the total ownership percentage of all investors. For example, if Pool C held 65% of the equity, other investors held 17%, and the employees and Pool C VP/EIRs held the remaining 18%, then the overage percentage would be 3%. But that would need to be pro-rated for Pool C's share of the total investor ownership in the company. In this example, Pool C's investor share is 65% divided by 82% (65% + 17%), or roughly 79%. So the 3% overage would be adjusted for Pool C's 79% investor ownership, yielding a net overage of 2.37%.

10. The same approach as in item 9 would need to be followed in the case of an IPO. But because it is impossible to track the company's metrics after an IPO, the parties would need to assume for the purposes of this calculation that the IPO constituted a deemed liquidation. For example, the company might go public at $25 per share and there might be an overage of 1.5% at that time. The parties would then assume that the company was liquidated immediately prior to the IPO at the IPO price. If the deemed liquidation at $25 per share resulted in a deemed total gain of $50M for the company, and Pool C owned 55% of the total investor shares at that time, then the overage would be $50M X 55% X 1.5%, or $412,500.

11. Notwithstanding the foregoing, if and to the extent that the total carried interest in Pool C, prior to any reduction to Dr. Harrison's 7.5% interest, is less than 12.5%, then the maximum 2.5% reduction to Dr. Harrison's 7.5% interest will be reduced by the amount the total carried interest in Pool C is less than 12.5%. For the avoidance of doubt and by way of example only, (a) if the total carried interest in Pool C prior to any reduction to Dr. Harrison's interest is 10.0%, then there will not be any reduction to Dr. Harrison's interest, and (b) if the total carried interest in Pool C prior to any reduction to Dr.

Harrison's interest is 11.25%, then the maximum reduction to Dr. Harrison's 7.5% interest will be 1.25%.

12. Notwithstanding the foregoing, appropriate adjustments will be made to eliminate from the calculations that portion of the percentage ownership by a portfolio company's employees that is founders' stock or shares issued to founders to protect them against dilution in respect of their founders' stock.

Example - Dr. Harrison's carry adjustment upon completion of Pool C liquidation

1. Factual Assumptions

   a) $1B contributed capital, 100% contributed by the Subject Limited Partner. (Note that $1B is used solely for simplicity here and that less than $1B will actually be contributed to Pool C because the $1B maximum amount will be reduced by the amount of the capital contributions made to Pool B.)
   b) $1.5B aggregate distributions.
   c) Dr. Harrison received 7.5% of $500M gain, or $37.5M.
   d) Dr. Harrison maximum pre-tax contingent repayment obligation is 2.5% of $500M, or $12.5M.
   e) Assumed Dr. Harrison effective rate of 30%. Therefore, Dr. Harrison maximum post-tax contingent repayment obligation is 70% of $12.5M, or $8.75M.
   f) Ten portfolio companies, six of which were profitable.
   g) Total carried interest in Pool C is 12.5% prior to any reduction pursuant to this Schedule F.
   h) No founders' stock issued with respect to any of the ten portfolio companies.

2. Analysis as to Profitable Portfolio Companies

   a) Company #1.
   Profit = $200M.
   Wholly-owned by Pool C, except for employee/VP/EIR pool ("VP/EIR Pool") of 17%.
   Pool C ownership = 83%.
   VP/EIR participation of 4%.
   Overage = 2%. $200M X 2% = $4M.

   b) Company #2.
   Profit = $75M.
   Wholly-owned by Pool C, except for VP/EIR Pool of 16%. Pool C ownership = 84%.
   VP/EIR participation of 0%.
   Overage = 0%. $75M X 0% = $0.

   c) Company #3.

Profit = $350M.
Owned 50% by Pool C, 33% by other investors, 17% by VP/EIR Pool.
VP/EIR participation of 3%.
Overage = 2%. Pool C overage percentage = 50%/83% = 60%. 60% X 2% = 1.2%.
$350M X 1.2% = $4.2M.

d) Company #4.
Profit = $90M.
Owned 57% by Pool C, 34% by other investors, 9% by VP/EIR Pool.
VP/EIR participation of 2%.
Underage = -6%. Pool C underage percentage = 57%/91% = 63%. 63% X -6% = -3.8%. $90M X -3.8% = -$3.4M.

e) Company #5.
Profit = $100M. This is an assumed amount based on Pool C percentage ownership at time of IPO, i.e. (IPO price per share X # of Pool C shares) minus Pool C cost.
Owned 55% by Pool C, 38% by other investors, 7% by VP/EIR Pool.
VP/EIR participation of 5%.
Underage = -8%. Pool C underage percentage = 55%/93% = 59%. 59% X -8% = -4.7%. $100M X -4.7% = -$4.7M.

f) Company #6.
Profit = $300M. This is an assumed amount based on Pool C percentage ownership at time of IPO, i.e. (IPO price per share X # of Pool C shares) minus Pool C cost.
Owned 60% by Pool C, 23% by other investors, 17% by VP/EIR Pool.
VP/EIR participation of 1%.
Overage = 1%. Pool C overage percentage = 60%/83% = 72%. 72% X 1% = 0.7%.
$300M X 0.7%% = $2.1M.

3. Calculation of Net Overage

$4M + $0 + $4.2M - $3.4M - $4.7M + $2.1M = $2.2M.

4. Calculation of Dr. Harrison's 50% Share of Net Overage

$2.2M X 50% = $1.1M.

5. Calculation of Dr. Harrison's Net Post-Tax Share of Overage

$1.1M X 70% = $0.77M.

6. Calculation of Dr. Harrison's Maximum Post-Tax Repayment Obligation

$0.77M is less than $8.75M. Therefore, Dr. Harrison's repayment obligation is $0.77M.

Dr. Harrison potential carry reduction upon completion of liquidation of Pool B

Any carry reduction for Dr. Harrison with respect to his interest in Pool B will be determined in a manner consistent with the principles set forth above for determining a carry reduction with respect to his interest in Pool C.

EXECUTION VERSION

APPLE TREE PARTNERS IV, L.P. - AMENDMENT NO. 18

AMENDMENT NO. 18 (this "Amendment"), dated November 5, 2020, to the First Amended and Restated Limited Partnership Agreement, as amended from time to time (the "Agreement"), of Apple Tree Partners IV, L.P. (the "Partnership"). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Agreement.

Whereas, the parties hereto desire to amend the Agreement as set forth herein.

Now, therefore, for good and valuable consideration, including but not limited to the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby agree that the Agreement is hereby amended (on behalf of all Partners) pursuant to Paragraph 17 thereof as follows:

1. **Pools.** Paragraph 20 to the Agreement is hereby amended and restated in its entirety to read as follows:

"20. Pools.

(a) Separate Pools. Except as otherwise expressly provided in this Paragraph 20 and to the maximum extent possible, all of the Partnership's assets and liabilities shall be divided into five separate pools ("Pools"). One Pool ("Company Building Pool C") shall consist of the assets, liabilities, income, gains, losses and expenses associated with Kynos Therapeutics Ltd and any new Projects or Portfolio Companies arising on or after September 9, 2020 ("Pool C Projects"), including (i) certain expenses as set forth in Paragraph 20(e) and (ii) such amount of Contingent Subscriptions by the Subject Limited Partner as is equal to $1 billion minus the aggregate amount of capital contributions made from time to time by the Subject Limited Partner to a second Pool ("Company Building Pool B"), including, for the avoidance of doubt, any capital contributions made by the Subject Limited Partner in respect of Company Building Pool B and its Projects and Portfolio Companies on or prior to the date of Amendment No. 18 to the Agreement. Company Building Pool B shall consist of the assets, liabilities, income, gains, losses and expenses associated with the following Projects and Portfolio Companies: Chinook Therapeutics U.S., Inc., Nine Square Therapeutics Corporation and Initial Therapeutics, Inc. ("Pool B Projects"), including (i) certain expenses as set forth in Paragraph 20(e) and (ii) such amount of Contingent Subscriptions by the Subject Limited Partner as is equal to the aggregate amount of capital contributions made from time to time by the Subject Limited Partner to Company Building Pool B. A third Pool ("Company Building Pool A") shall consist of $1.5 billion in aggregate Contingent Subscriptions by the Subject Limited Partner, Dr. Harrison and Les Pommes and all other assets, liabilities income, gains, losses and expenses of the Partnership, including certain

JX-18

expenses as set forth in Paragraph 20(e) ("Pool A Projects"). Notwithstanding the foregoing, (1) a fourth Pool ("Core Holdings Pool 1") shall consist of such assets as may be distributed from time to time by the Partnership to Core Holdings Pool 1 from Company Building Pool A and/or Company Building Pool B, and any assets, liabilities, income, gains, losses and expenses associated with or arising in respect of such distributed assets, including, without limitation, (i) certain expenses as set forth in Paragraph 20(e) and (ii) any capital contributions made from time to time by the Subject Limited Partner to Core Holdings Pool 1, and (2) a fifth Pool ("Core Holdings Pool 2") shall consist of such assets as may be distributed from time to time by the Partnership to Core Holdings Pool 2 from Company Building Pool C, and any assets, liabilities, income, gains, losses and expenses associated with or arising in respect of such distributed assets, including, without limitation, (i) certain expenses as set forth in Paragraph 20(e) and (ii) any capital contributions made from time to time by the Subject Limited Partner to Core Holdings Pool 2. No investments in new Projects or new Portfolio Companies shall be made out of (i) Company Building Pool A or Company Building Pool B after September 9, 2020 or (ii) Core Holdings Pool 1 or Core Holdings Pool 2. For the avoidance of doubt, follow-on investments with respect to any Project or Portfolio Company in Company Building Pool A, Company Building Pool B, Company Building Pool C, Core Holdings Pool 1 or Core Holdings Pool 2 shall continue to be made in the same Pool in which such Project or Portfolio Company is then held. Except as otherwise expressly provided in this Paragraph 20, the intent of the Partners is that the assets, liabilities, income, gains, losses and expenses associated with any particular Pool shall affect only that Pool and the Limited Partners participating therein, and not the Partnership generally, the other Pools or the Limited Partners participating in such other Pools. Accordingly, except as otherwise expressly provided in this Paragraph 20, separate and distinct records shall be maintained for each Pool, and capital contributions, distributions, income, gains, losses and expenses shall also be accounted for separately on a Pool-by-Pool basis.

(b) Core Holdings. The Subject Limited Partner and Dr. Harrison may, upon mutual agreement, designate Portfolio Companies that are Freely Marketable (as defined below) of Company Building Pool A and/or Company Building Pool B as Core 1A Companies and Core 1B Companies, respectively, and together as Core 1 Companies. The Subject Limited Partner and the Pool Committee (as defined in sub-paragraph 20(j)(ii)) may, upon mutual agreement, designate Portfolio Companies of Company Building Pool C that are Freely Marketable (as defined below) as Core 2 Companies. The Subject Limited Partner's entire interest in any Core 1 Company or Core 2 Company shall be distributed to Core Holdings Pool 1 or Core Holdings Pool 2, as the case may be, and the Partnership's remaining holdings of (A) such Core 1A Company shall be distributed in accordance with sub-paragraph 8(d)(ii), (B) such Core 1B Company shall be distributed in accordance with sub-paragraph 20(g)(ii)(B)(ii) and (C) such Core 2 Company shall be distributed in accordance with sub-paragraph 20(g)(ii)(D)(ii), in each case to the other Limited Partners entitled to participate in such distribution (i.e., certain Limited

Partners other than the Subject Limited Partner). "Freely Marketable" means any securities that satisfy the following conditions: (i) such securities can be immediately sold by the Partnership to the general public without the necessity of any federal, state or local government consent, approval or filing (other than any notice filings of the type required pursuant to Rule 144(h) under the Securities Act or Section 13 or 16 of the Securities Exchange Act of 1934, as amended), (ii) such securities are either listed on a national securities exchange or carried on a national securities or NASDAQ and market quotations are readily available for such securities, and (iii) any "underwriter's lock-up" with respect to such securities has expired.

(c) Capital Contributions. All capital invested in Pool C Projects or attributable to expenses or liabilities of Pool C Projects (or liabilities or expenses otherwise apportioned to Company Building Pool C pursuant to Paragraph 20(e)) shall be called from and contributed by the Subject Limited Partner exclusively and shall be treated as contributed to Company Building Pool C. All capital invested in Pool B Projects or attributable to expenses or liabilities of Pool B Projects (or liabilities or expenses otherwise apportioned to Company Building Pool B pursuant to Paragraph 20(e)) shall be called from and contributed by the Subject Limited Partner exclusively and shall be treated as contributed to Company Building Pool B. All capital invested in Core Holdings Pool 1 or Core Holdings Pool 2 or attributable to expenses or liabilities of a Core 1 Company or Core 2 Company (or liabilities or expenses otherwise apportioned to Core Holdings Pool 1 or Core Holdings Pool 2) shall be called from and contributed by the Subject Limited Partner exclusively and shall be treated as contributed to Core Holdings Pool 1 or Core Holdings Pool 2, as the case may be. No other Partner shall be required to contribute any capital with respect to Pool C Projects or Company Building Pool C generally, to Pool B Projects or Company Building Pool B generally, to Core 1 Companies or Core Holdings Pool 1 generally, or to Core 2 Companies or Core Holdings Pool 2 generally. On and after February 1, 2020, capital contributions to the Partnership in respect of Company Building Pool A shall be made in the following percentages: (i) Ezbon - 50.7974%; (ii) Blue Horizon - 48.8054%; (iii) Dr. Harrison - 0.2383% and (iv) Les Pommes - 0.1589%. At any time, Dr. Harrison and/or Les Pommes may elect to purchase up to 2.5% in the aggregate of the Subject Limited Partner's interests in Company Building Pool B and Company Building Pool C at a price equal to the fair market value of such percentage interests purchased, determined as of the date of purchase. For this purpose, fair market value shall be as set forth in the Partnership's financial statements for the calendar quarter immediately preceding the purchase (which financial statements shall be reviewed by the Partnership's auditors), as appropriately adjusted for any capital contributions, distributions and major events (e.g., positive or negative clinical study results, merger proposals, IPOs) occurring with respect to such Company Building Pools and their Portfolio Companies after the date of such financial statements. Upon such election, and for so long as Dr. Harrison and/or Les Pommes holds such portions of such interests, Dr. Harrison and/or Les Pommes, as the case may be, shall contribute capital in respect of Company Building Pool B and Company Building Pool C in an amount equal to the purchased interest percentage of any Company Building Pool B capital call or Company Building Pool C capital call, as the case may

be, made on or after the date of such election, and allocations and distributions under the Agreement shall be appropriately adjusted in respect thereof.

(d) Profits and Losses. The profits and losses of each Pool shall also be calculated on a separate basis. The profits and losses with respect to Company Building Pool A shall be allocated exclusively to the Limited Partners participating in Company Building Pool A, the profits and losses with respect to Company Building Pool B shall be allocated exclusively to the Limited Partners participating in Company Building Pool B, the profits and losses with respect to Company Building Pool C shall be allocated exclusively to the Limited Partners participating in Company Building Pool C, the profits and losses with respect to Core Holdings Pool 1 shall be allocated exclusively to the Limited Partners participating in Core Holdings Pool 1, and the profits and losses with respect to Core Holdings Pool 2 shall be allocated exclusively to the Limited Partners participating in Core Holdings Pool 2. Subject to the last sentence of Paragraph 20(c), for U.S. federal income tax purposes, all expenses attributable to Company Building Pool B, Company Building Pool C, Core Holdings Pool 1 or Core Holdings Pool 2 shall be allocated solely to the Subject Limited Partner, with a priority allocation of subsequent net income or gains, if any, to the Subject Limited Partner in a corresponding amount.

(e) Expenses and Liabilities; ATLS Fee.

(i) Expenses and Liabilities. Any expenses directly attributable to a particular Pool shall be apportioned to such Pool. Any expenses that are attributable to more than one Pool shall be apportioned among the applicable Pools in accordance with the relative cost basis of each applicable Pool's remaining assets at the time such apportionment is made. By way of example only, (i) all of the Partnership's legal and accounting expenses attributable to the preparation and negotiation of amendments to this Agreement, to the extent pertaining to the creation of Company Building Pool C, shall be borne solely by Company Building Pool C and (ii) the Management Fee and the ATLS Fee shall be allocated among all five Pools in accordance with the relative cost basis of each Pool's remaining assets at the time such allocation is made. For the avoidance of doubt, the cost basis of assets in a Core Holdings Pool that were distributed to such Core Holdings Pool from a Company Building Pool shall be determined by reference to the cost basis of such assets in such Company Building Pool

(ii) ATLS Fee. The General Partner shall prepare, for each fiscal year of the Partnership in advance of such fiscal year, a budget for the annual fee to be paid by the Partnership to ATLS (the "ATLS Fee"). Such budget shall be presented to the Subject Limited Partner for approval, and the Subject Limited Partner shall, within ten (10) business days of the budget being provided by the General Partner, either approve the budget or inform the General Partner that the Subject Limited Partner declines to provide such approval along with the reasons therefor. If the Subject Limited Partner fails to so respond within such ten (10)

business day period, the budget shall be deemed to have been approved. If the Subject Limited Partner so informs the General Partner that it declines to approve the proposed budget, the Subject Limited Partner and the General Partner shall discuss in good faith any objections presented by the Subject Limited Partner to the initial proposed budget, and thereafter the General Partner shall have an opportunity to prepare a revised budget, which shall again be submitted for approval as set forth above. If a budget is not approved for a fiscal year, then the approved budget for such fiscal year shall be deemed to be the most recently approved budget for a prior fiscal year. In no event, however, shall the ATLS Fee be less than $8,500,000, except to the extent otherwise agreed by the General Partner. The Limited Partners shall make capital contributions to the Partnership to fund the ATLS Fee semi-annually in advance and the Management Fee annually in advance, in each case, as required by the General Partner, from time to time, in accordance with the Agreement. The amount of the ATLS Fee may also be modified from time to time by mutual agreement of the General Partner and the Subject Limited Partner. For the avoidance of doubt, the ATLS Fee shall be in addition to the Management Fee.

(f) Distributions Generally. Except as otherwise expressly provided in this Paragraph 20, distributions with respect to each Pool shall be calculated and made separately and solely from assets of the applicable Pool.

(g) Pool Distributions.

(i) For the avoidance of doubt, (A) Paragraph 8(a) is the one captioned "Tax Distributions", (B) the provisions of Paragraph 8(b), which was captioned "Tracking Unit Distributions", have been deleted from the Agreement and, accordingly, Paragraph 8(b) is now captioned "Reserved", (C) Paragraph 8(c) is the one captioned "Timing of Other Distributions", (D) Paragraph 8(d) is the one captioned "Apportionment of Other Distributions", (E) Paragraph 8(e) is the one captioned "Limitations on Distributions", and (F) Paragraph 8(f) is the one captioned "Distributions with Respect to Designated Profits", and any incorrect references to such paragraphs in the Agreement prior to September 9, 2020 are hereby deemed corrected to reflect the foregoing.

(ii) Distributions in respect of Company Building Pool B, other than Tax Distributions and distributions of Core 1B Companies, shall be made as follows: (A) first, to the Limited Partners, in proportion to their respective capital contributions to Company Building Pool B, until they have received aggregate distributions pursuant to this sub-paragraph (A) equal to their aggregate capital contributions to Company Building Pool B; and (B) thereafter, (i) 87.50% to the Limited Partners in proportion to

their respective capital contributions to Company Building Pool B and (ii) 12.50% to the Limited Partners participating in the carried interest attributable to Company Building Pool B in proportion to their respective Pool B Carried Interest Percentages (as defined below); provided, however, that if the General Partner has granted in the aggregate less than a 12.50% interest to the Limited Partners participating in the Company Building Pool B carried interest, then they shall be distributed such lesser percentage pursuant to clause (ii) and the balance shall be distributed in accordance with clause (i). Distributions in respect of Company Building Pool C, other than Tax Distributions and distributions of Core 2 Companies, shall be made as follows: (C) first, to the Limited Partners, in proportion to their respective capital contributions to Company Building Pool C, until they have received aggregate distributions pursuant to this sub-paragraph (C) equal to their aggregate capital contributions to Company Building Pool C; and (D) thereafter, (i) 87.50% to the Limited Partners in proportion to their respective capital contributions to Company Building Pool C and (ii) 12.50% to the Limited Partners participating in the carried interest attributable to Company Building Pool C in proportion to their respective Pool C Carried Interest Percentages (as defined below); provided, however, that if the General Partner has granted in the aggregate less than a 12.50% interest to the Limited Partners participating in the Company Building Pool C carried interest, then they shall be distributed such lesser percentage pursuant to clause (ii) and the balance shall be distributed in accordance with clause (i). Distributions in respect of Core Holdings Pool 1, other than Tax Distributions, shall be made as follows: (E) first, to the Subject Limited Partner until it has received aggregate distributions pursuant to this sub-paragraph (E) equal to its aggregate capital contributions to Core Holdings Pool 1 (with each in-kind distribution to Core Holdings Pool 1 from Capital Building Pool A or Capital Building Pool B being deemed to have been contributed to Core Holdings Pool 1 by the Subject Limited Partner at the volume weighted average price per share for the thirty trading days preceding the date of such distribution multiplied by the number of shares distributed to Core Holdings Pool 1); and (F) thereafter, (i) 98% to the Subject Limited Partner and (ii) 2% in the aggregate to Dr. Harrison and Ms. Batarina, split between them as mutually agreed by Dr. Harrison and the Subject Limited Partner; provided, however, that if the Subject Limited Partner has agreed to the grant of up to an additional 0.5% aggregate interest to other Limited Partners providing services with respect to Core Holdings Pool 1, then they shall be distributed such greater percentage pursuant to clause (ii) and the distribution in accordance with clause (i) shall be reduced accordingly. Distributions in respect of Core Holdings Pool 2, other than Tax Distributions, shall be made as follows: (G) first, to the Subject Limited Partner until it has

received aggregate distributions pursuant to this sub-paragraph (G) equal to its aggregate capital contributions to Core Holdings Pool 2 (with each in-kind distribution to Core Holdings Pool 2 from Capital Building Pool C being deemed to have been contributed to Core Holdings Pool 2 by the Subject Limited Partner at the volume weighted average price per share for the thirty trading days preceding the date of such distribution multiplied by the number of shares distributed to Core Holdings Pool 2); and (H) thereafter, (i) 98% to the Subject Limited Partner and (ii) 2% in the aggregate to Dr. Harrison and Ms.Batarina, split between them as mutually agreed by Dr. Harrison and the Subject Limited Partner; provided, however, that if the Subject Limited Partner has agreed to the grant of up to an additional 0.5% aggregate interest to other Limited Partners providing services with respect to Core Holdings Pool 2, then they shall be distributed such greater percentage pursuant to clause (ii) and the distribution in accordance with clause (i) shall be reduced accordingly. Carried interest distributions in respect of Core Holdings Pool 1 or Core Holdings Pool 2 shall be made on the third anniversary of the date on which such Pool first had any assets and on each three-year anniversary thereafter; provided, however, that such carried interest distributions may be made earlier at the discretion of the Subject Limited Partner and shall be made upon the expiration of the term of such Pool and upon the completion of liquidation of such Pool; and provided further, however; that Tax Distributions shall also be made in respect of such Pool in accordance with Paragraph 8(a). For the avoidance of doubt, (W) Paragraph 8(d) captioned "Apportionment of Other Distributions" shall not be applicable to Company Building Pool B, Company Building Pool C, Core Holdings Pool 1 or Core Holdings Pool 2, (X) Paragraph 8(e) captioned "Limitations on Distributions" shall be interpreted and applied on a Pool-by-Pool basis, (Y) in the General Partner's sole discretion, Limited Partners with Pool B Carried Interest Percentages, Pool C Carried Interest Percentages, Core Holdings Pool 1 Carried Interest Percentages or Core Holdings Pool 2 Carried Interest Percentages may waive carried interest attributable to Company Building Pool B, Company Building Pool C, Core Holdings Pool 1 or Core Holdings Pool 2, as the case may be, in a manner consistent with the principles set forth in Paragraph 8(f) captioned "Distributions with Respect to Designated Profits", and (Z) distributions in respect of Company Building Pool A shall be unaffected by Amendment No. 18 to the Agreement, except that distributions of Core 1 Companies from Company Building Pool A shall be made as provided in sub-paragraph 8(d)(ii).

(h) Distribution Override. Notwithstanding any provision of the Agreement (including Amendment 18 thereto) to the contrary, except for Tax Distributions, distributions of Core 1 Companies and distributions of Core 2 Companies, no amounts otherwise distributable in

respect of Pool B Carried Interest Percentages or Pool C Carried Interest Percentages to Limited Partners holding a Pool B Carried Interest Percentage ***and/or*** a Pool C Carried Interest Percentage shall be made until the Subject Limited Partner has first been returned all of its capital contributions with respect to both Company Building Pool B ***and*** Company Building Pool C in the aggregate. In order to protect against an over-distribution to the Subject Limited Partner, once the Subject Limited Partner has received distributions from Company Building Pool B or Company Building Pool C in an amount equal to its aggregate capital contributions to such Pool, then any carried interest distributions with respect to such Pool otherwise distributable to Company Building Pool B carried interest participants or Company Building Pool C carried interest participants, as the case may be, shall be held in the Partnership and distributed to the Company Building Pool B carried interest participants or Company Building Pool C carried interest participants, as the case may be, only if and when the Subject Limited Partner has received from the Partnership (whether from Company Building Pool B and/or Company Building Pool C) an amount equal to its aggregate capital contributions with respect to both Company Building Pool B ***and*** Company Building Pool C. For the avoidance of doubt, if the Subject Limited Partner does not receive aggregate distributions at least equal to its aggregate capital contributions to both Company Building Pool B ***and*** Company Building Pool C, then any carried interest distributions retained by the Partnership pursuant to this Paragraph 20(h) shall be distributed upon the liquidation of the Partnership to the Subject Limited Partner until it has received aggregate distributions at least equal to its aggregate capital contributions to both Company Building Pool B ***and*** Company Building Pool C, and any remaining carried interest distributions retained by the Partnership shall then be distributed to the Company Building Pool B and Company Building C carried interest participants, as applicable and on a pro-rata basis.

(i) Pool Carried Interest and Vesting. The Limited Partners participating in the carried interest attributable to Company Building Pool B and their respective initial Company Building Pool B carried interest percentages ("Pool B Carried Interest Percentages") shall, subject to the provisions of this Paragraph 20(i), be as determined by the General Partner and set forth in a schedule maintained by the General Partner and provided from time to time by the General Partner to the Subject Limited Partner and Dr. Harrison. Such schedule shall provide that the initial aggregate Pool B Carried Interest Percentage for Dr. Harrison, Les Pommes and their respective affiliates shall be 7.50% (provided, however, that the Pool B Carried Interest Percentage for Dr. Harrison, Les Pommes and their respective affiliates shall be subject to a potential partial reduction (but in no event below 5.00%) following the Partnership's final liquidation, as set forth in Schedule F hereto) and that the initial Pool B Carried Interest Percentage for Anna Batarina shall be 2.00%. Each other Limited Partner participating in the Company Building Pool B carried interest shall be granted such Pool B Carried Interest Percentage as may be determined from time to time by the General Partner in its sole discretion; provided, however, that the aggregate Pool B Carried Interest Percentages do not exceed 12.50% at any time (subject to the aforesaid potential partial reduction). Dr. Harrison, Les Pommes and their respective affiliates and Ms. Batarina shall vest in their respective Pool B Carried Interest Percentages monthly on a straight-line basis over 120 months (except that, in the case of their death or disability, vesting shall instead be over 60 months)

commencing as of February 6, 2019, so long as such Limited Partner continues to provide services to the Partnership and in accordance with any other conditions set forth in any separate agreement granting such Limited Partner a Pool B Carried Interest Percentage. Any other Limited Partner receiving a Company Building Pool B Carried Interest Percentage shall vest therein monthly on a straight-line basis over the lesser of 120 months and the number of full calendar months remaining in the Initial Term and extensions which are at the option of the General Partner, commencing from the date such Limited Partner began providing services to the Partnership, so long as such Limited Partner continues to provide services to the Partnership and in accordance with any other conditions set forth in any separate agreement granting such Limited Partner a Pool B Carried Interest Percentage (including, but not limited to, provisions for acceleration of vesting in the event of their death or disability). The Limited Partners participating in the carried interest attributable to Company Building Pool C and their respective initial Company Building Pool C carried interest percentages ("Pool C Carried Interest Percentages") shall, subject to the provisions of this Paragraph 20(i), be determined by the Pool Committee and as set forth in a schedule maintained by the General Partner and provided from time to time by the General Partner to the Subject Limited Partner and Dr. Harrison. Such schedule shall provide that the initial aggregate Pool C Carried Interest Percentage for Dr. Harrison, Les Pommes and their respective affiliates shall be 7.50% (provided, however, that the Pool C Carried Interest Percentage for Dr. Harrison, Les Pommes and their respective affiliates shall be subject to a potential partial reduction (but in no event below 5.00%) following the Partnership's final liquidation, as set forth in Schedule F hereto) and that the initial Pool C Carried Interest Percentage for Anna Batarina shall be 2.00%. Each other Limited Partner participating in the Company Building Pool C carried interest shall be granted such Pool C Carried Interest Percentage as may be determined from time to time by the Pool Committee in its sole discretion; provided, however, that the aggregate Pool C Carried Interest Percentages do not exceed 12.50% at any time (subject to the aforesaid potential partial reduction). Dr. Harrison, Les Pommes and their respective affiliates and Ms. Batarina shall vest in their respective Pool C Carried Interest Percentages monthly on a straight-line basis over 120 months (except that, in the case of their death or disability, vesting shall instead be over 60 months) commencing as of February 6, 2019, so long as such Limited Partner continues to provide services to the Partnership and in accordance with any other conditions set forth in any separate agreement granting such Limited Partner a Pool C Carried Interest Percentage. Any other Limited Partner receiving a Pool C Carried Interest Percentage shall vest therein monthly on a straight-line basis over the lesser of 120 months and the number of full calendar months remaining in the Initial Term and extensions which are at the option of the General Partner, commencing from the date such Limited Partner began providing services to the Partnership, so long as such Limited Partner continues to provide services to the Partnership and in accordance with any other conditions set forth in any separate agreement granting such Limited Partner a Pool C Carried Interest Percentage (including, but not limited to, provisions for acceleration of vesting in the event of their death or disability). The Limited Partners participating in the carried interest attributable to Core Holdings Pool 1 and their respective Core Holdings Pool 1 carried interest percentages, which shall not exceed 2% (or 2.5% in certain circumstances as provided above) in the aggregate ("Pool 1 Carried Interest Percentages"), shall be as determined from time to time by the General Partner and agreed to by the Subject Limited

Partner. The Limited Partners participating in the carried interest attributable to Core Holdings Pool 2 and their respective Core Holdings Pool 2 carried interest percentages, which shall not exceed 2% (or 2.5% in certain circumstances as provided above) in the aggregate ("Pool 2 Carried Interest Percentages"), shall be as determined from time to time by the General Partner and agreed to by the Subject Limited Partner. The Core Holdings Pool 1 carried interest and the Core Holdings Pool 2 carried interest shall be calculated based upon the net increase in value of Core Holdings Pool 1 and Core Holdings Pool 2, respectively, with the initial cost basis of any Core 1 Company or Core 2 Company being the value determined according to Paragraph 20(g)(ii)(E) or (G), as the case may be, and after taking account of all applicable Core Holdings Pool 1 or Core Holdings Pool 2 expenses. Any Limited Partner receiving a Pool 1 Carried Interest Percentage or Pool 2 Carried Interest Percentage shall remain vested therein only so long as such Limited Partner continues to provide services to the Partnership, except for any such longer period as may otherwise be determined to from time to time by the Subject Limited Partner and the General Partner or the Pool Committee, as applicable, with respect to any such Limited Partner, and shall forfeit its Pool 1 Carried Interest Percentage or Pool 2 Carried Interest Percentage, as the case may be, immediately thereafter. The Subject Limited Partner and the General Partner may adopt such other rules and regulations regarding the determination and application of Pool 1 Carried Interest Percentages as they may jointly agree upon from time to time. The Subject Limited Partner and the Pool Committee may adopt such other rules and regulations regarding the determination and application of Pool 2 Carried Interest Percentages as they may jointly agree upon from time to time. For the avoidance of doubt, the "vesting" provisions described in this Paragraph 20(i) shall be construed as "divesting" provisions, and so long as a Limited Partner with a Pool B Carried Interest Percentage, Pool C Carried Interest Percentage, Pool 1 Carried Interest Percentage or Pool 2 Carried Interest Percentage continues to provide services to the Partnership, such Limited Partner shall be entitled to full allocations and distributions with respect to its Pool B Carried Interest Percentage, Pool C Carried Interest Percentage, Pool 1 Carried Interest Percentage or Pool 2 Carried Interest Percentage, as the case may be. For the avoidance of doubt, (i) vesting in respect of Company Building Pool A carried interest and (ii) Schedule F shall be unaffected by Amendment No. 18 to the Agreement.

(j) Management.

(i) Company Building Pools A and B and Core Holdings Pool 1. So long as ATP III GP, Ltd. continues as the General Partner, the management of Company Building Pool A, Company Building Pool B and Core Holdings Pool 1, including, without limitation, any investment decisions, capital calls and budget approval requests with respect to Company Building Pool A, Company Building Pool B or Core Holdings Pool 1, shall be the sole responsibility of the General Partner, subject to any consent or other approval rights of the holders of the Preferred Units, as provided for in this Agreement.

(ii) Company Building Pool C and Core Holdings Pool 2. So long as ATP III GP, Ltd. continues as the General Partner, the management of Company Building Pool C and Core Holdings Pool 2, including, without limitation, any investment decisions, capital

calls and budget approval requests with respect to Company Building Pool C or Core Holdings Pool 2, shall be delegated by the General Partner to, and shall be the sole responsibility of, a committee established with respect to Company Building Pool C and Core Holdings Pool 2 (the "Pool Committee"), subject to any consent or other approval rights of the holders of the Preferred Units, as provided for in this Agreement. The Pool Committee shall consist of Dr. Harrison (so long as he is providing services to the Partnership) and, initially, Ms. Batarina. All decisions of the Pool Committee shall be made by unanimous consent of the members of the Pool Committee. So long as Dr. Harrison is providing services to the Partnership, he may remove Ms. Batarina (or any of her successors) as a member of the Pool Committee and may replace her (or any of her successors) on the Pool Committee with such United States person who is nominated by him, subject to the reasonable acceptance of the Subject Limited Partner.

(iii) Sales of Core Holdings Securities. Notwithstanding the foregoing, upon the written request of the Subject Limited Partner, the General Partner, in the case of Core Holdings Pool 1, or the Pool Committee, in the case of Core Holdings Pool 2, shall, subject to compliance with all applicable laws, use commercially reasonable efforts to sell all or part of the Partnership's holdings of a Core 1 Company or Core 2 Company, as the case may be, as so requested by the Subject Limited Partner and in accordance with such restrictions (including, without limitation, the sales price, the sales volume, the type of sale transaction, and the applicable stock exchange) as may be specified by the Subject Limited Partner, and distribute the net proceeds from such sale to the Subject Limited Partner.

(k) Core Holding Pool Leverage. Core Holdings Pool 1 and/or Core Holdings Pool 2 may utilize such leverage as may be agreed upon from time to time by the Subject Limited Partner and the General Partner, in the case of Core Holdings Pool 1, or the Subject Limited Partner and the Pool Committee, in the case of Core Holdings Pool 2; provided that any such leverage and its associated liabilities shall only affect Core Holdings Pool 1 or Core Holdings Pool 2, as the case may be, and shall not affect any other Pool."

2. **Term**. Paragraph 10(a) of the Agreement is hereby amended and restated in its entirety to read as follows:

"(a) Term of Partnership. Subject to Paragraph 10(b) or operation of law, (i) the term of the Partnership, Company Building Pool B, Company Building Pool C and Core Holdings Pool 2 shall end on February 6, 2029 (the "Initial Term"); provided, however, that the Initial Term may be extended by the General Partner for up to two one-year periods, (ii) the term of Company Building Pool A shall end on December 31, 2022; provided, however, that such term may be extended by the General Partner for up to two one-year periods, and (iii) the term of Core Holdings Pool 1 shall end on December 31, 2022, solely with respect to securities distributed to such Pool from Company Building Pool A, and shall otherwise end on February 6, 2029 with respect to all other securities; provided, however, that such term may in each case be extended

preceding the date of such notice, except to fund any such liability or obligation (1) that the General Partner, the Partnership or an Indemnified Party was in the process of litigating, arbitrating or otherwise settling prior to the start of such 24-month period and (2) with respect to which the General Partner, the Partnership or an Indemnified Party delivered to the Partners written notice of such litigation, arbitration or settlement process prior to the start of such 24-month period; provided further that, for the avoidance of doubt, a Partner's obligation to make contributions to the Partnership under this Paragraph 15(e) shall be determined on an Pool-by-Pool basis."

This Amendment shall be governed in accordance with the laws of the Cayman Islands without regard to conflicts of laws principles. ATP LIFE SCIENCE VENTURES, L.P. - AMENDMENT NO. 20

AMENDMENT NO. 20 (this "Amendment"), dated June 21, 2021, to the First Amended and Restated Limited Partnership Agreement, as amended from time to time (the "Agreement"), of ATP Life Science Ventures, L.P. (the "Partnership"). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Agreement.

Whereas, the parties hereto desire to amend the Agreement as set forth herein.

Now, therefore, for good and valuable consideration, including but not limited to the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby agree that the Agreement is hereby amended (on behalf of all Partners) pursuant to Paragraph 17 thereof as follows:

1. **Additional Paragraph 21.** A new Paragraph 21 is hereby added to the Agreement to read in its entirety as follows:

"21. Braeburn Inc.

(a) Pool Braeburn. A sixth Pool is hereby added to the Partnership, entitled "Pool Braeburn". Pool Braeburn shall consist of the assets, liabilities, income, gains, losses and expenses associated with the Partnership's investment in Braeburn Inc. and its successors (collectively, "Braeburn"), including without limitation any successors arising pursuant to or in connection with a bankruptcy or reorganization in bankruptcy of Braeburn. Such assets and expenses shall include without limitation (i) all securities of Braeburn owned by the Partnership on the date of Amendment No. 20 to the Agreement ("Amendment 20"), including all equity and debt securities, which securities owned by the Partnership on such date are referred to as the "Existing BB Securities", (ii) all right, title and interest of the Partnership pursuant to a memorandum of understanding with Braeburn dated February 22, 2021, as amended, regarding royalty payments in exchange for commercialization capital (the "MOU"), (iii) the $10,000,000 deposit made by the Partnership to Braeburn pursuant to Section 3 of the MOU (the "Deposit"); (iv) any

JX-20

additional capital contributions made by the Subject Limited Partner to the Partnership after the date of Amendment 20 in respect of Pool Braeburn, including $189,900,000 in unfunded previously approved budgets; (iv) any additional securities of Braeburn acquired by the Partnership after the date of Amendment 20 ("Additional BB Securities"), and (v) certain expenses as set forth in Paragraph 20(e). All additional Partnership investments in assets of Braeburn shall be held in Pool Braeburn. No investments in non-Braeburn assets shall be made by the Partnership in Pool Braeburn. Except as otherwise expressly provided in the Agreement, the intent of the Partners is that the assets, liabilities, income, gains, losses and expenses associated with Pool Braeburn shall affect only Pool Braeburn and the Limited Partners participating therein, and not the Partnership generally, the other Pools or the Limited Partners participating in such other Pools. Accordingly, except as otherwise expressly provided in the Agreement or required by the ELP Law, separate and distinct records shall be maintained for Pool Braeburn, and capital contributions, distributions, income, gains, losses and expenses in respect of Pool Braeburn shall be accounted for separately.

(b) Capital Contributions. All capital invested in the Partnership in respect of Pool Braeburn or attributable to expenses or liabilities of Pool Braeburn (or liabilities or expenses otherwise apportioned to Pool Braeburn pursuant to Paragraph 20(e)) shall be called from and contributed by the Subject Limited Partner exclusively and shall be treated as contributed to Pool Braeburn. No other Partner shall be required to contribute capital to or in respect of Pool Braeburn. In addition, (i) the Subject Limited Partner shall be deemed to have made a capital contribution to the Partnership solely in respect of Pool Braeburn equal to the value of the Partnership's investment in Braeburn (including the Existing BB Securities, the Deposit and the MOU) as of the date of Amendment 20 (the "Existing Value"), which Existing Value is agreed by both the General Partner and the Subject Limited Partner to be $203,669,000, based on an independent third-party valuation, (ii) ATP IV shall be deemed to have transferred the Existing BB Securities, the Deposit and the MOU to Pool Braeburn on the date of Amendment 20 at a price equal to the Existing Value, and (iv) on the date of

Amendment 20, an amount equal to the Existing Value shall be deemed to have been distributed by the Partnership in respect of ATP IV to the Subject Limited Partner, Dr. Harrison and Les Pommes in respect of their Preferred Units, and on a pro rata basis thereto, as a return of capital and, accordingly, no funds will actually be transferred.

(c) Profits and Losses. The profits and losses of Pool Braeburn shall be calculated on a separate basis and shall be allocated exclusively to the Limited Partners participating in Pool Braeburn. For U.S. federal income tax purposes, all expenses attributable to Pool Braeburn shall be allocated solely to the Subject Limited Partner, with a priority allocation of subsequent net income or gains, if any, to the Subject Limited Partner in a corresponding amount.

(d) Distributions. Distributions in respect of Pool Braeburn, other than Tax Distributions, shall be made as follows: (A) first, to the Subject Limited Partner until it has received aggregate distributions pursuant to this clause (A) equal to its aggregate capital contributions (including its deemed capital contribution of $203,669,000) to Pool Braeburn; and (B) thereafter, 92.5% to the Subject Limited Partner, 4.5% to Dr. Harrison, and 3.0% to Ms. Batarina. Notwithstanding the foregoing, the Pool Committee shall, subject to receipt of prior written notice from the Subject Limited Partner at any time, cause the Partnership to distribute all of the net assets of Pool Braeburn in accordance with clause (B) of the preceding sentence, subject to compliance with the General Partner's duties under the ELP Law, all applicable securities laws and internal policies of Braeburn. The vesting schedules for Dr. Harrison's and Ms. Batarina's carried interests in Pool Braeburn shall be the same as they were in ATP IV.

(e) Management. So long as ATP III GP, Ltd. continues as the General Partner, the management of Pool Braeburn, including without limitation any investment decisions, capital calls and approval requests with respect to Pool Braeburn, shall be delegated by the General Partner to, and shall be the sole responsibility of, the Pool Committee, subject to any consent or other approval rights of the holders of the Preferred Units, as provided for in this Agreement."

2. **Additional Paragraph 22.** A new Paragraph 22 is hereby added to the Agreement to read in its entirety as follows:

"22. Pool ATP V-3.

(a) ATP V-3. A seventh Pool is hereby added to the Partnership, entitled "ATP V-3". ATP V-3 shall consist of the assets, liabilities, income, gains, losses and expenses associated with the Partnership's investments in Ascidian Therapeutics, Inc. ("Ascidian"), Gala Therapeutics, Inc. ("Gala"), Galary, Inc. ("Galary"), Galvanize Therapeutics, Inc. ("Galvanize"), Galaxy Medical, Inc. ("Galaxy"), Intergalactic Therapeutics, Inc. ("Intergalactic"), Marengo Therapeutics, Inc. ("Marengo") and their respective successors (collectively, the "ATP V-3 Companies"). Such assets and expenses shall include without limitation (i) all securities of the ATP V-3 Companies owned by the Partnership on the date of Amendment 20, including all equity and debt securities, which securities owned by the Partnership on such date are referred to as the "Existing ATP V-3 Securities", (ii) any additional capital contributions made by the Limited Partners to the Partnership after the date of Amendment 20 in respect of ATP V-3, including amounts payable by the Limited Partners to the Partnership to enable it to make follow-on investments in the ATP V-3 Companies, which follow-on investments were previously approved by the Subject Limited Partner (the "Prior Budgeted ATP V-3 Follow-on Investments); (iii) any additional securities of the ATP V-3 Companies acquired by the Partnership after the date of Amendment 20, other than the Prior Budgeted ATP V-3 Follow-on Investments ("Additional ATP V-3 Securities"), and (iv) certain expenses as set forth in Paragraph 20(e). All additional Partnership investments in assets of the ATP V-3 Companies shall be held in ATP V-3. No investments in non-ATP V-3 Companies shall be made by the Partnership in ATP V-3. Except as otherwise expressly provided in the Agreement, the intent of the Partners is that the assets, liabilities, income, gains, losses and expenses associated with ATP V-3 shall affect only ATP V-3 and the Limited Partners participating therein, and not the Partnership generally, the other Pools or the Limited Partners participating in such other Pools. Accordingly, except as otherwise expressly provided in the Agreement or required by the ELP

Law, separate and distinct records shall be maintained for ATP V-3, and capital contributions, distributions, income, gains, losses and expenses in respect of ATP V-3 shall be accounted for separately.

(b) Capital Commitments and Contributions. ATP V-3 shall have capital commitments of $500,000,000, including without limitation (i) the $189,500,000 of capital deemed to have been contributed as provided below, (ii) the $70,853,399 of capital comprising the Prior Budgeted ATP V-3 Follow-on Investments, and (iii) approximately $235,000,000 in investments anticipated to be made in new Portfolio Companies. All capital invested in the Partnership in respect of ATP V-3 or attributable to expenses or liabilities of ATP V-3 (or liabilities or expenses otherwise apportioned to ATP V-3 pursuant to Paragraph 20(e)) shall be called from and contributed by the Subject Limited Partner, Dr. Harrison and Les Pommes exclusively and shall be treated as contributed to ATP V-3. From and after the date of Amendment 20, the Ezbon, Blue Horizon, Dr. Harrison and Les Pommes shall contribute 50.7974%, 48.8054%, 0.1869% and 0.2103%, respectively, of such capital. No other Partner shall be required to contribute capital to or in respect of ATP V-3. In addition, (i) the Subject Limited Partner, Dr. Harrison and Les Pommes shall be deemed to have made capital contributions to the Partnership solely in respect of ATP V-3 equal in the aggregate to the value of the Partnership's investment in the ATP V-3 Companies (including the Existing ATP V-3 Securities) as of the date of Amendment 20 (the "Existing ATP V-3 Value"), which Existing ATP V-3 Value is agreed by the General Partner, the Subject Limited Partner, Dr. Harrison and Les Pommes to be $189,544,660, and such capital contributions shall be deemed to have been made by Ezbon, Blue Horizon, Dr. Harrison and Les Pommes in the respective amounts of $97,101,127.51, $89,392,036.25, $1,436,768.54 and $1,615,727.70, immediately prior to the date of Amendment 20, (ii) ATP IV shall be deemed to have transferred the Existing ATP V-3 Securities to ATP V-3 on the date of Amendment 20 at a price equal to the Existing ATP V-3 Value, and (iv) on the date of Amendment 20, an amount equal to the Existing ATP V-3 Value shall be deemed to have been distributed by the Partnership in respect of ATP IV to the Subject Limited Partner, Dr. Harrison and Les Pommes in respect of their Preferred Units, and on a pro rata basis

thereto, as a return of capital and, accordingly, no funds will actually be transferred.

(c) Profits and Losses. The profits and losses of ATP V-3 shall also be calculated on a separate basis and shall be allocated exclusively to the Limited Partners participating in ATP V-3. For U.S. federal income tax purposes, all expenses attributable to ATP V-3 shall be allocated solely to the Subject Limited Partner, Dr. Harrison and Les Pommes on a pro rata basis to their respective aggregate capital contributions to ATP V-3, with a priority allocation of subsequent net income or gains, if any, to them in a corresponding amount and on such pro rata basis.

(d) Distributions. Distributions in respect of ATP V-3, other than Tax Distributions, shall be made as follows: (i) first, to the Subject Limited Partner, Dr. Harrison and Les Pommes, pro rata to their respective unreturned capital contributions, until they have received aggregate distributions pursuant to this clause (i) equal to their aggregate capital contributions (including deemed capital contributions) to ATP V-3; and (ii) thereafter, (A) 44.5945% to Ezbon, (B) 40.8446% to Blue Horizon, and (C) 5.3757% to Dr. Harrison, 5.8391% to Les Pommes, 2.0561% to Ms. Batarina, 0.5000% to Paul Eisenberg and 0.7900% to Jonathan Waldstreicher. Notwithstanding the foregoing, the General Partner shall, subject to receipt of prior written notice from the Subject Limited Partner at any time, cause the Partnership to distribute all of the Freely Marketable securities of an ATP V-3 Portfolio Company in accordance with clause (ii) of the preceding sentence, subject to compliance with the General Partner's duties under the ELP Law, all applicable securities laws and internal policies of such Portfolio Company. The vesting schedules for Dr. Harrison's, Les Pommes's, Ms. Batarina's, Dr. Eisenberg's and Dr. Waldstreicher's carried interests in ATP V-3 shall be the same as they were in ATP IV.

(e) Management. So long as ATP III GP, Ltd. continues as the General Partner, the management of ATP V-3, including without limitation any investment decisions, capital calls and approval requests with respect to ATP V-3, shall be the sole responsibility of the General Partner, subject to

any consent or other approval rights of the Subject Limited Partner, as provided for in this Agreement.

(f) Right to Purchase. Dr. Harrison and/or Les Pommes shall have the right to purchase such portion of the Subject Limited Partner's capital interest in ATP V-3 as will be sufficient to give them an aggregate capital interest in ATP V-3 (including their capital interests in ATP V-3 owned prior to such purchase) of up to 2.5%, on the same terms and conditions as their right to purchase up to 2.5% of the Subject Limited Partner's capital interests in ATP V-1 and ATP V-2. In the event of such a purchase, the subsequent capital contribution obligations of the Subject Limited Partner, Dr. Harrison and Les Pommes in respect of ATP V-3 shall be appropriately adjusted."

3. **Additional Paragraph 23.** A new Paragraph 23 is hereby added to the Agreement to read in its entirety as follows:

"23. Stoke and Akero Distributions. As promptly as practicable following the date of Amendment 20, including compliance with all applicable securities laws and all internal policies of Stoke Therapeutics, Inc. ("Stoke") and Akero Therapeutics, Inc. ("Akero"), all of ATP IV's 17,161,713 shares of common stock of Stoke (the "Stoke Shares") and 5,830,203 shares of common stock of Akero (the "Akero Shares") shall be distributed to the Limited Partners in accordance with the following:

a) All of the Stoke Shares and Akero Shares shall be distributed by the Partnership on behalf of ATP IV in "carry mode", i.e., in accordance with the provisions of Paragraph 8(d)(ii) of the Agreement, as adjusted in accordance with this Paragraph 23.

b) Distributions of Stoke Shares and Akero Shares to Dr. Harrison, Les Pommes and Ms. Batarina in respect of their carried interest shall not be reduced to take account of prior tax distributions to them. Subsequent carried interest distributions to such Limited Partners in respect of ATP IV shall, however, take account of their prior tax distributions.

c) Distributions of Stoke Shares and Akero Shares to all other carried interest Limited Partners in ATP IV shall be reduced to take account of prior tax distributions to them, as provided for in the Agreement. Such reductions shall inure to the benefit of the Subject Limited Partner, Dr. Harrison and Les Pommes on a pro rata basis in respect of their Preferred Units, as provided for in the Agreement. Such reductions shall be made from the Stoke and Akero distributions on a pro rata basis in accordance with the respective values of such distributions.

d) For all purposes of the Agreement, each Stoke Share and Akero Share shall be deemed to have been distributed to the Limited Partners at the closing price thereof on The Nasdaq Global Select Market on the distribution date.

e) With the exception of the Stoke Shares and Akero Shares distributed to the Subject Limited Partner, Dr. Harrison and Les Pommes to make up for prior tax distributions, the distributions of the Stoke Shares and Akero Shares shall not be deemed to be a return of the preference amounts on the Preferred Units.

f) The General Partner shall have the discretion to specify which lots of stock are used for distributions to designated Limited Partners."

4. **Additional Paragraph 24.** A new Paragraph 24 is hereby added to the Agreement to read in its entirety as follows:

"24. Pool ATP IV. Following the transfers pursuant to Paragraphs 21 and 22 and the distributions pursuant to Paragraph 23, the only assets remaining in ATP IV in respect of prior investments by the Partnership will consist of contingency payments (escrows, milestone payments and the like, which are hereafter referred to collectively as "Contingency Payments") receivable as to the sales or mergers of Corvidia Therapeutics, Inc., Syntimmune, Inc., Tendyne Holdings, Inc. and Tusker Medical, Inc. ATP IV shall not make any new investments. ATP IV shall have unfunded capital commitments of $20,000,000 to pay its continuing expenses, which shall be contributed in accordance with the terms of the Agreement by the following Limited Partners: Ezbon – 50.7974%, Blue Horizon – 48.8054%, Dr. Harrison – 0.1869% and Les Pommes – 0.2103%."

5. **Term of Partnership and Pools**. Subject to Paragraph 10(b) or operation of law, (i) the term of ATP V-1, ATP V-2, ATP V-3, Pool Braeburn, Holding Pool 1 and Holding Pool 2 shall end on February 6, 2029 (the "Initial Term"); provided, however, that the Initial Term of each of those Pools may be extended by the General Partner for up to two one-year periods, (ii) the term of ATP IV shall end on the date the last Contingency Payment has been received or the right to receive any remaining Contingency Payment has been extinguished, and (iii) the term of the Partnership shall end when the term of the last Pool has expired. Notwithstanding the foregoing, the term of Holding Pool 1 and/or Holding Pool 2 may be shortened or further extended, in each case with the consent of the General Partner and the Subject Limited Partner."

6. **Expenses and Liabilities; ATLS Fee**. Paragraph 20(e) of the Agreement is hereby amended and restated in its entirety to read as follows:

"(e) Expenses and Liabilities; ATLS Fee.

(i) Expenses and Liabilities. Any fees and expenses directly attributable to a particular Pool shall be apportioned to such Pool. Any fees and expenses that are attributable to more than one Pool shall be apportioned among the applicable Pools in accordance with their respective overhead allocation percentages, which shall initially be as follows: ATP IV – 2.5%, ATP V-1 – 15.0%, ATP V-2 – 45.0%, ATP V- 3 – 30.0% and Pool Braeburn – 7.5%. By way of example only, (A) all of the Partnership's legal expenses attributable to new investments in ATP V-2, shall be borne solely by ATP V-2 and (B) the Management Fee and the ATLS Fee shall initially be allocated among ATP IV, ATP V-1, ATP V-2, ATP V-3 and Pool Braeburn in accordance with their respective overhead allocation percentages. From time to time, as they deem necessary, the Subject Limited Partner and the General Partner shall in good faith appropriately adjust the overhead allocation percentages for the Pools (including the Holding Pools) to reflect changes in the Partnership's circumstances.

(ii) ATLS Fee. The General Partner shall prepare, for each calendar year of the Partnership in advance of such year, a budget for the annual fee to be paid by the Partnership to ATLS (the "ATLS Fee").

Such budget shall be presented to the Subject Limited Partner for approval no later than December 1 of the prior year, and the Subject Limited Partner shall, within ten (10) business days of the budget being provided by the General Partner, either approve the budget or inform the General Partner that the Subject Limited Partner declines to provide such approval along with the reasons therefor. If the Subject Limited Partner fails to so respond within such ten (10) business day period, the budget shall be deemed to have been approved. If the Subject Limited Partner so informs the General Partner that it declines to approve the proposed budget, the Subject Limited Partner and the General Partner shall discuss in good faith any objections presented by the Subject Limited Partner to the initial proposed budget, and thereafter the General Partner shall have an opportunity to prepare a revised budget, which shall again be submitted for approval as set forth above. If a budget is not approved for a calendar year, then the approved budget for such year shall be deemed to be the most recently approved budget for a prior calendar year; provided, however, that if there were extraordinary, non-recurring expenses in such prior year's fee, such extraordinary, non-recurring expenses shall be excluded from the succeeding year's fee, and if there are extraordinary, non-recurring expenses anticipated in the succeeding year's fee, then the Subject Limited Partner and the General Partner shall mutually agree in good faith as to whether and to what extent such extraordinary, non-recurring expenses will be included in the succeeding year's fee. The ATLS Fee for 2021 shall be $17,812,087. The Limited Partners shall make capital contributions to the Partnership to fund the ATLS Fee semi-annually in advance and the Management Fee annually in advance, in each case, as required by the General Partner, from time to time, in accordance with the Agreement. The amount of the ATLS Fee may also be modified from time to time by mutual agreement of the General Partner and the Subject Limited Partner. For the avoidance of doubt, the ATLS Fee shall be in addition to the Management Fee."

7. **Distribution Override**. The distribution override provisions of Paragraph 20(h) are hereby deemed revised as to Dr. Harrison, Les Pommes and Ms.

Batarina to the extent necessary so that they apply to them as to ATP V-1, ATP V-2 and ATP V-3, rather than solely as to ATP V-1 and ATP V-2. For the avoidance of doubt, the distribution override provisions of Paragraph 20(h) remain unchanged as to all other carried interest Limited Partners. The distribution override provisions of Paragraph 20(h) shall not apply to distributions of Freely Marketable securities that are directed to be made by the Subject Limited Partner.

8. **Holding Pools**. Paragraph 20(b) of the Agreement is hereby amended and restated in its entirety to read as follows:

"(b) Holding Pools. Core Holdings Pool 1 and Core Holdings Pool 2 are hereby redesignated "Holding Pool 1" and "Holding Pool 2", respectively. The Subject Limited Partner and Dr. Harrison may, upon mutual agreement, elect to distribute all of a Portfolio Company's securities in ATP V-1 that are Freely Marketable (as defined below) in accordance with sub-paragraph 20(g)(ii)(B) and all of a Portfolio Company's securities in ATP V-3 that are Freely Marketable in accordance with sub-paragraph 22(d)(ii). The Subject Limited Partner and the Pool Committee may, upon mutual agreement, elect to distribute all of a Portfolio Company's securities in ATP V-2 that are Freely Marketable in accordance with sub-paragraph 20(g)(ii)(D). The portion of such securities to be distributed to the Subject Limited Partner shall be distributed to Holding Pool 1, in the case of ATP V-1 or ATP V-3 securities, and Holding Pool 2, in the case of ATP V-2 securities, and, in each case, outright to the other Limited Partners entitled to participate in such distribution (i.e., certain Limited Partners other than the Subject Limited Partner). "Freely Marketable" means any securities that satisfy the following conditions: (i) such securities can be immediately sold by the Partnership to the general public without the necessity of any federal, state or local government consent, approval or filing (other than any notice filings of the type required pursuant to Rule 144(h) under the Securities Act or Section 13 or 16 of the Securities Exchange Act of 1934, as amended), (ii) such securities are either listed on a national securities exchange or carried on a national securities or NASDAQ and market quotations are readily available for such securities, and (iii) any "underwriter's lock-up" with respect to such securities has expired."

9. **Additional Paragraph 25.** A new Paragraph 25 is hereby added to the Agreement to read in its entirety as follows:

"25. Non-binding Distributions Guidelines. The General Partner and the Pool Committee, as applicable, anticipate that for each new publicly-traded company held in the Partnership after the date of Amendment 20, 50% of the holdings will be distributed by 18 months afer the initial public offering and the remaining 50% will be distributed by 42 months after the initial public offering, in each case subject to compliance with all applicable securities laws and internal policies of the applicable company."

10. **Certain Mandatory Distributions**. Notwithstanding anything to the contrary set forth in this Agreement, the General Partner shall, subject to receipt of prior written notice from the Subject Limited Partner at any time, cause the Partnership to distribute all of the Freely Marketable securities of an ATP V-1 Portfolio Company in accordance with clause (B) of Paragraph 20(g)(ii), subject to compliance with the General Partner's duties under the ELP Law, all applicable securities laws and internal policies of such Portfolio Company. Notwithstanding anything to the contrary set forth in this Agreement, the Pool Committee shall, subject to receipt of prior written notice from the Subject Limited Partner at any time, cause the Partnership to distribute all of the Freely Marketable securities of an ATP V-2 Portfolio Company in accordance with clause (D) of Paragraph 20(g)(ii), subject to compliance with the General Partner's duties under the ELP Law, all applicable securities laws and internal policies of such Portfolio Company.

11. **Subsequent Adjustments.** Notwithstanding anything to the contrary set forth in this Amendment, the distribution percentages set forth above shall be appropriately adjusted by the General Partner in good faith to take account of any carried interest divestments, Default Charges, non-pro rata capital contributions or the like occurring after the date of this Amendment.

12. **Shifting of Investments from One Pool to Another Pool**. For the avoidance of doubt, the parties acknowledge that certain budgets for additional investments were previously approved as to Portfolio Companies whose securities are now being moved from one Pool to another Pool and that such prior approved budgets continue to apply as to the Pool to which such securities are now being moved, e.g. Pool Braeburn and ATP V-3.

13. **Schedules**. The Schedules supporting certain of the calculations contained in this Amendment and set forth in Annex A hereto are hereby incorporated by reference into this Amendment as if set forth herein at length. The parties acknowledge that certain of such Schedules or portions thereof are pro forma only, based on certain assumptions which may or may not occur.

14. **Miscellaneous**. The headings in this Amendment are for convenience of reference only and shall not limit or otherwise affect the meaning of provisions contained herein. This Amendment shall be governed in accordance with the laws of the Cayman Islands without regard to conflicts of laws principles. This Amendment may be executed in any number of counterparts, each of which shall be deemed an original and all of which taken together shall constitute one and the same instrument.

15. **Effectiveness**. In all other respects, the Agreement shall continue in full force and effect and be unaffected by this Amendment.

IN WITNESS WHEREOF, the undersigned have executed this Amendment as a deed on the day and year first above written.

EXECUTION VERSION

ATP LIFE SCIENCE VENTURES, L.P. - AMENDMENT NO. 22

AMENDMENT NO. 22 (this "Amendment"), dated December 20, 2024, to the First Amended and Restated Limited Partnership Agreement, as amended from time to time (the "Agreement"), of ATP Life Science Ventures, L.P. (the "Partnership"). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Agreement.

It is hereby acknowledged that, (i) on the date of this Amendment, the Partnership has distributed from Pool Braeburn all of its interest in ATP Life Science Sub LLC, a Delaware limited liability company ("ATP LLC"), to Rigmora Biotech Investor One LP ("Rigmora One"), Rigmora Biotech Investor Two LP ("Rigmora Two"), Dr. Harrison and Ms. Batarina pursuant to a certain Amended and Restated Limited Liability Company Agreement of ATP LLC of even date herewith, (ii) accordingly, ATP LLC is no longer an asset of Pool Braeburn or the Partnership, (iii) such distribution was not deemed to be a return of capital to Rigmora One and Rigmora Two, (iv) on the date of this Amendment, Rigmora One, Rigmora Two, Dr. Harrison and Ms. Batarina have entered into a certain Put Option Agreement whereby Rigmora One and Rigmora Two have granted certain put rights to Dr. Harrison and Ms. Batarina with respect to their respective interests in ATP LLC, (v) on the date of this Amendment, Rigmora One, Rigmora Two, Dr. Harrison and Ms. Batarina have entered into a certain Second Put Option Agreement (the "Second Put Option Agreement") whereby Rimora One and Rigmora Two have granted certain put rights to Dr. Harrison and Ms. Batarina with respect to their respective interests in the securities of Braeburn, (vi) on the date of this Amendment, Rigmora One, Rigmora Two and the General Partner have entered into a certain Settlement Agreement and (vii) Rigmora One and Rigmora Two now constitute the Subject Limited Partner.

Whereas, the parties hereto desire to amend the Agreement as set forth herein.

Now, therefore, for good and valuable consideration, including but not limited to the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby agree that the Agreement is hereby amended (on behalf of all Partners) pursuant to Paragraph 17 thereof as follows:

1. **Paragraph 21 of Agreement**.

   The following provisions of Paragraph 21 of the Agreement are hereby amended and restated in their entirety to read as follows:

   "(d) Distributions. Except as otherwise expressly provided in this Paragraph 21, distributions in respect of Pool Braeburn, other than Tax Distributions, shall be made as follows: (i) first, to the Subject Limited Partner until it has received aggregate distributions pursuant to this clause (i) equal to its aggregate capital contributions (including its deemed capital contribution of $203,669,000) to Pool Braeburn; and (ii) thereafter, 92.5% to the Subject Limited Partner, 4.5% to Dr. Harrison, and 3.0% to Ms. Batarina.

   (1) Notwithstanding anything in this Agreement, the Subject Limited Partner shall have the right, exercisable at any time from and after January 1, 2027, by the delivery of written notice to the General Partner (the "SLP Notice"), to require the General Partner to cause the Partnership to distribute all of the net assets of Pool Braeburn in accordance with clause (ii) of the first sentence of this Paragraph 21(d), i.e., in "carry mode"; provided, however, that the General Partner shall not be obligated to cause any such distribution if and to the extent that such distribution would not be permitted under the ELP Law or other applicable law or contractual obligation

JX-22

legally binding on the Partnership or the General Partner on behalf of the Partnership. The Subject Limited Partner shall also deliver a copy of the SLP Notice to Dr. Harrison and Ms. Batarina concurrently with its delivery of the SLP Notice to the General Partner.

(2) At any time or times after the Subject Limited Partner has received aggregate distributions pursuant to clause (i) of the first sentence of this Paragraph 21(d) equal to its aggregate capital contributions (including its deemed capital contribution of $203,669,000) to Pool Braeburn, Dr. Harrison shall have the right, exercisable by the delivery of written notice to the General Partner (a "Special LP Notice"), to require the General Partner to cause the Partnership to distribute all of the net assets of Pool Braeburn in accordance with clause (ii) of the first sentence of this Paragraph 21(d), i.e., in "carry mode"; provided, however, that the General Partner shall not be obligated to cause any such distribution if and to the extent that such distribution would not be permitted under the ELP Law or other applicable law or contractual obligation legally binding on the Partnership or the General Partner on behalf of the Partnership. Dr. Harrison shall also deliver a copy of the Special LP Notice to the Subject Limited Partner and Ms. Batarina concurrently with his delivery of the Special LP Notice to the General Partner. For the avoidance of doubt, Dr. Harrison may deliver a Special LP Notice without regard to any duties he may owe to the Partnership in his capacity as a director of the General Partner.

If, following the delivery of the SLP Notice by the Subject Limited Partner or the Special LP Notice by Dr. Harrison, no put right is exercised by either Dr. Harrison or Ms. Batarina pursuant to the Second Put Option Agreement within 15 days after receipt by each of them of the SLP Notice or the delivery of the Special LP Notice by Dr. Harrison, as the case may be, the distribution of the Pool Braeburn net assets shall occur as soon as practicable thereafter but not later than one month after the date the SLP Notice or Special LP Notice is delivered, as applicable.

If any put right is exercised by either Dr. Harrison or Ms. Batarina pursuant to the Second Put Option Agreement within 15 days after receipt by each of them of the SLP Notice or the delivery of the Special LP Notice by Dr. Harrison, as the case may be, the distribution of the Pool Braeburn net assets shall be conditioned upon, and shall occur concurrently with, the cash settlement of such put(s) in accordance with the terms of the Second Put Option Agreement (it being understood that, for the avoidance of doubt, the General Partner shall not be liable for any failure to effect the distribution of the Pool Braeburn net assets if the cash settlement of such put(s) shall not have occurred, or is not occurring concurrently, with such distribution, in accordance with the terms of the Second Put Option Agreement).

The following additional provisions are hereby added to Paragraph 21 of the Agreement, to read in their entirety as follows:

"(f) Cooperation Related to Distribution. The General Partner shall use commercially reasonable efforts to remove any contractual blocks and to remove or mitigate any economic costs to any distribution contemplated by Paragraph 21(d), including (i) to use any authority it has (including over its representatives or agents) with respect to Braeburn (A) to give effect to the obligations in this Paragraph 21(f); and (B) to cause the Braeburn board of directors to promptly adopt an express written policy that it will use commercially reasonable efforts to cooperate with any SLP Notice or Special LP

Notice and it is not opposed to ownership of Braeburn being transferred in accordance with any SLP Notice or Special LP Notice and (ii) to cause Braeburn to seek to (A) amend the terms of the Loan and Security Agreement, dated September 29, 2023 (the "LSA"), among Braeburn, Hercules Capital, Inc. ("Hercules"), and the other persons party thereto, to remove any change of control, pledge of shares in Braeburn or other limitations thereunder that are applicable to any such distribution and (B) remove any subordination of the Amended and Restated Royalty Purchase Agreement, dated September 29, 2023, as amended, between Braeburn Sub LLC and ATP LLC, to the loan made by Hercules to Braeburn pursuant to the LSA (the "Hercules Loan") as soon as practicable.

The General Partner represents and warrants that the specific contractual blocks referred to in this Paragraph 21(f) and Annex A to this Amendment are the only ones as at the date of the execution of this Amendment that would prohibit or materially delay any distribution contemplated by Paragraph 21(d). The General Partner agrees that the General Partner and the Partnership will not, at any time on or after the date of the execution of this Amendment, enter into any new contractual arrangements that would prohibit or materially delay any distribution contemplated by Paragraph 21(d) without the prior written consent of the Subject Limited Partner. Further, the General Partner agrees to use commercially reasonable efforts (including over its representatives or agents) with respect to Braeburn to procure that Braeburn not enter into any new contractual arrangements that would prohibit or materially delay any distribution contemplated by Paragraph 21(d). The General Partner shall notify the Subject Limited Partner promptly if it becomes aware of any new contractual arrangement after the date of the execution of this Amendment that would prohibit or materially delay any distribution contemplated by Paragraph 21(d).

If the agreements relating to the Hercules Loan, including the LSA, are not amended to remove such change in control, subordination provisions or other limitations to a distribution, as applicable, by January 21, 2025, the General Partner shall thereafter use commercially reasonable efforts, and shall cause its representatives and agents to use commercially reasonable efforts, to cause Braeburn to repay the Hercules Loan as soon as practicable and no later than as contemplated in the budget provided by the General Partner to the Subject Limited Partner on July 13, 2024 (the "Budget") (after taking into account expenditures contemplated by the Budget); and, if the Hercules Loan remains outstanding on December 31, 2026 and the Subject Limited Partner offers to provide alternative financing to replace the Hercules Loan on substantially similar terms to the then current terms of the Hercules Loan, to repay the Hercules Loan with such alternative financing.

Further, the General Partner shall use commercially reasonable efforts, and shall cause its representatives and agents to use commercially reasonable efforts, to cause Braeburn to cooperate reasonably with the Subject Limited Partner in connection with any Royalty Financing (as defined in that certain Amended and Restated Limited Liability Company Agreement of BBN Life Science Sub LLC (formerly known as ATP Life Science Sub LLC), dated as of December 20, 2024, by and among BBN Life Science Sub LLC, the Partnership, the Subject Limited Partner, Seth L. Harrison and Anna A. Batarina)."

2. **Additional Paragraphs of Agreement**. New Paragraphs 26, 27 and 28 are hereby added to the Agreement, to read in their entirety as follows:

"26. Budgets for Certain Other Portfolio Companies. From and after the date of this Amendment, the General Partner and the Subject Limited Partner shall discuss new budgets for the Partnership in accordance with the process set forth in this Agreement to allow it to invest in Ascidian Therapeutics, Inc., Aulos Bioscience, Inc., Nereid Therapeutics Incorporated, Nine Square Therapeutics Corporation and Replicate Bioscience, Inc. sufficient amounts to enable each of them to operate for a period of twelve months after the remaining unfunded amounts, if any, under their respective existing approved budgets are expected to have been fully utilized, i.e., January 2025, in the case of Aulos Bioscience, Inc.; February 2025, in the case of Replicate Bioscience, Inc.; April 2025, in the case of Nereid Therapeutics Incorporated; May 2025, in the case of Nine Square Therapeutics Corporation and the first quarter of 2026, in the case of Ascidian Therapuetics, Inc. (provided that the General Partner and the Subject Limited Partner shall discuss, in the near term, a new budget to fund a major clinical trial of Ascidian Therapeutics, Inc.). If any approval of a new budget is given by the Subject Limited Partner, such approval shall be contingent upon at least $300 million being realized (including through deemed distributions) by the Subject Limited Partner on a sale or financing of its interest in ATP LLC.

27. Braeburn Dividend and M&A Policies. So long as the General Partner controls Braeburn, the General Partner shall use reasonable best efforts to cause Braeburn (a) to adopt and comply with a dividend policy requiring all free cash of Braeburn to be paid out to its shareholders after (i) making or providing for payments to management under (x) a new market-appropriate long-term incentive plan for a private high growth pharmaceuticals company to be adopted by Braeburn after December 20, 2024 (the "New LTIP") and (y) so long as it is in effect, Braeburn's 2015 Equity Incentive Plan, (ii) taking into account expenditures contemplated by the Budget and any other budgets approved by the board of directors of Braeburn, (iii) making any payments required to be made under the Amended and Restated Royalty Purchase Agreement by and between Braeburn MSL, LLC and BBN Life Science Sub LLC, dated as of September 29, 2023, or any other contract that Braeburn or any of its subsidiaries are party to as of December 20, 2024 and (iv) maintaining a commercially reasonable level of cash reserves, including to use any authority the General Partner has (including over its representatives or agents) with respect to Braeburn to give effect to the foregoing obligation, and (b) not (i) to engage in any financing of the assets or business of Braeburn that are material to its overall business operations; provided that this clause (i) shall not restrict or prohibit an extension to the Hercules LSA as long as such extension includes (A) terms that, taken as a whole, are more commercially favorable than the current terms and conditions of the Hercules LSA and (B) the modified LSA no longer contains any change of control provision or other fee or cost that would be payable upon the distribution of Braeburn to the Subject Limited Partner; (ii) to enter into any material licensing or royalty agreements with respect to new products; or (iii) to acquire any businesses or similar assets (other than inventory) from a third party (including, without limitation, portfolio companies of the Partnership) pursuant to a merger, consolidation, stock purchase or asset purchase, in each case, without the consent of the Subject Limited Partner, including to use any authority the General Partner has (including over its representatives or agents) with respect to Braeburn to give effect to the foregoing obligation. The General Partner agrees that (A) the New LTIP shall not provide for any compensation to be paid to the General Partner, its affiliates (including any Person that controls, is controlled by or is under common control of the General Partner) or any of their respective partners, members,

employees or agents or representatives and (B) a distribution of the net assets of Pool Braeburn in accordance with Paragraph 21(d) shall not in and of itself be deemed a change of control, or otherwise result in accelerated vesting or similar acceleration, under the New LTIP.

28. Tax Optimization. From and after the date of this Amendment, the General Partner, the Subject Limited Partner, Dr. Harrison and Ms. Batarina agree to discuss in good faith certain initiatives with respect to the Partnership, including to enable the Partners to optimize from a tax perspective their investments in and distributions from the Partnership, including, by way of example only, (i) estate planning type transfers, (ii) implementing consulting agreements with Braeburn instead of employment agreements with the Partnership or its affiliates; (iii) a potential distribution by the Partnership to Dr. Harrison, Les Pommes and Ms. Batarina of their interests in the assets of the Partnership in carry mode, by way of an escrow arrangement preserving the economics they would have received if they continued to hold their interests in such assets through the Partnership, and (iv) the potential use of tax distributions by the Partnership; provided that no such action adversely affects the interests of the Subject Limited Partner. For the avoidance of doubt, any delays or reductions to the amount of cash or in-kind assets otherwise distributable to the Subject Limited Partner pursuant to this Agreement but for the provisions of this Paragraph 28 shall be deemed to cause an adverse effect to the interests of the Subject Limited Partner."

3. **Pool Committee**. The parties hereto agree that, as of the date of this Amendment, Anna A. Batarina shall be reappointed to to the Pool Committee, such that, as of the date of this Amendment, the Pool Committee shall consist of Dr. Harrison and Ms. Batarina.

Miscellaneous. The headings in this Amendment are for convenience of reference only and shall not limit or otherwise affect the meaning of provisions contained herein. This Amendment shall be governed in accordance with the laws of the Cayman Islands without regard to conflicts of laws principles. This Amendment may be executed in any number of counterparts, each of which shall be deemed an original and all of which taken together shall constitute one and the same instrument. NINE SQUARE THERAPEUTICS CORPORATION
SERIES A PREFERRED STOCK PURCHASE AGREEMENT

THIS SERIES A PREFERRED STOCK PURCHASE AGREEMENT (this "***Agreement***"), is made as of June 16, 2020 by and among Nine Square Therapeutics Corporation, a Delaware corporation (the "***Company***") and Apple Tree Partners IV, L.P. (the "***Purchaser***").

The parties hereby agree as follows:

1. Purchase and Sale of Preferred Stock.

1.1 Sale and Issuance of Preferred Stock.

(a) The Company shall adopt and file with the Secretary of State of the State of Delaware on or before the Initial Closing (as defined below) the Amended and Restated Certificate of Incorporation in the form of Exhibit B attached to this Agreement (the "***Restated Certificate***").

(b) Subject to the terms and conditions of this Agreement, the Purchaser agrees to purchase at the Closing and the Company agrees to sell and issue to the Purchaser at the Closing that number of shares of Series A Preferred Stock, $0.001 par value per share (the "***Series A Preferred Stock***"), set forth on Exhibit A, at a purchase price of $1.00 per share (the "***Purchase Price***"). The shares of Series A Preferred Stock issued to the Purchaser pursuant to this Agreement (including any shares issued at the Initial Closing and any Additional Shares, as defined below) shall be referred to in this Agreement as the "***Shares***."

1.2 Closing; Delivery.

(a) The initial purchase and sale of the Shares shall take place remotely via the exchange of documents and signatures at such other time and place as the Company and the Purchaser mutually agree upon, orally or in writing (which time and place are designated as the "***Initial Closing***"). In the event there is more than one closing, the term "***Closing***" shall apply to each such closing unless otherwise specified.

(b) At each Closing, the Company shall deliver to the Purchaser a certificate representing the Shares being purchased by the Purchaser at such Closing against payment of the Purchase Price therefor by check payable to the Company, by wire transfer to a bank account designated by the Company.

1.3 Sale of Additional Shares of Preferred Stock.

(a) After the Initial Closing, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement, up to an aggregate of 49,000,000 additional shares of Series A Preferred Stock (the "***Additional Shares***"). The date of the purchase and sale of any Additional Shares is referred to in this Agreement as an "***Additional Closing***." Exhibit A to this Agreement shall be updated to reflect the number of Additional Shares purchased at each such Additional Closing.

(b) After the Initial Closing, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement, up to an aggregate of 6,100,000 Additional Shares, upon certification by the board of directors of the Company (the "***Board***") that a Funding Event (as defined below) has occurred. For purposes of this Agreement, a "***Funding Event***" shall have occurred if, at any point prior to the second anniversary of the date hereof, the Board so determines, but only after receipt from the Company's chief executive officer (the "***CEO***") of written notice, along with reasonably detailed calculations and supporting documentation, that, based on the Company's then-effective annual operating budget as approved by the Board (provided, that the Company has not incurred any material expenditures not contemplated by such budget without the prior written consent of the Purchaser, such consent not to be unreasonably withheld or delayed), the Company is projected to have less than one (1) month's worth of cash and cash equivalents to fund its operations as reflected in such budget (such shortfall amount of cash or cash equivalents, the "***Cash Shortfall Amount***"). Upon the Purchaser's receipt of notice of a Funding Event (a "***Funding Notice***"), the Purchaser shall be required to purchase an amount of Additional Shares having an aggregate Purchase Price equal to the applicable Cash Shortfall Amount. The Funding Notice shall specify (i) the requested date of the Additional Closing of the purchase and sale of the applicable Additional Shares (which date shall be no earlier than fifteen (15) business days following the Purchaser's receipt of the Funding Notice) and (ii) the number of Additional Shares to be purchased and sold at such Additional Closing.

(c) After the Initial Closing, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement, up to an aggregate of 42,900,000 Additional Shares upon the Company's achievement of certain milestones to be negotiated in good faith by the Company and the Purchaser after the Initial Closing (each, a "***Milestone***"). Following the agreement by the Company and the Purchaser of the terms and conditions of a Milestone, including the number of Additional Shares to be so purchased upon the achievement of such Milestone, the Company and the Purchaser will amend this Agreement to reflect such terms and conditions of such agreed upon Milestone, including the number of Additional Shares to be so purchased upon the achievement of such Milestone.

(d) Notwithstanding the foregoing, the Purchaser shall have the option, at any time, and upon at least three (3) business days' notice to the Company, to accelerate its obligation to purchase all or a portion of the Additional Shares (at a per share price equal to the Purchase Price), notwithstanding that a Funding Event or Milestone has not occurred. The purchase of such Additional Shares shall take place on a business day determined by the Purchaser, and the date of such purchase shall be an Additional Closing and subject to the terms and conditions set forth in this Agreement. Any purchase of Additional Shares pursuant to this Section 1.3(d) shall correspondingly first reduce the Purchaser's obligations under Section 1.3(b) and second, to the extent applicable, Section 1.3(c).

(e) For the avoidance of doubt, the Purchaser's obligations to purchase Additional Shares hereunder shall be subject to the satisfaction or waiver of the conditions set forth in Section 5.

1.4 Use of Proceeds. In accordance with the directions of the Board, as it shall be constituted in accordance with the Voting Agreement, the Company will use the proceeds from the sale of the Shares for product development and other general corporate purposes.

2.2 Capitalization.

(a) The authorized capital of the Company consists, immediately prior to the Initial Closing, of:

(i) 54,000,000 shares of common stock, $0.001 par value per share (the "***Common Stock***"), 534,408 shares of which are issued and outstanding immediately prior to the Initial Closing. (ii) 50,000,000 shares of Preferred Stock, $0.001 par value per share, all of which have been designated Series A Preferred Stock, none of which are issued and outstanding immediately prior to the Initial Closing. The rights, privileges and preferences of the Preferred Stock are as

Except as set forth in the Restated Certificate, the Company has no obligation (contingent or otherwise) to purchase or redeem any of its capital stock.

(d) The Company has obtained valid waivers of any rights by other parties to purchase any of the Shares covered by this Agreement.

2.3 Subsidiaries. The Company does not currently own or control, directly or indirectly, any interest in any other corporation, partnership, trust, joint venture, limited liability company, association, or other business entity. The Company is not a participant in any joint venture, partnership or similar arrangement.

2.4 Authorization. All corporate action required to be taken by the Board and the Company's stockholders in order to authorize the Company to enter into the Transaction Agreements, and to issue the Shares at each Closing and the Common Stock issuable upon conversion of the Shares, has been taken or will be taken prior to the Initial Closing. All action on the part of the officers of the Company necessary for the execution and delivery of the Transaction Agreements, the performance of all obligations of the Company under the Transaction Agreements to be performed as of each Closing, and the issuance and delivery of the Shares has been taken or will be taken prior to the Initial Closing. The Common Stock issuable upon conversion of the Shares has been duly reserved for issuance, and upon issuance in accordance with the terms of the Restated Certificate, will be validly issued, fully paid and nonassessable and free of restrictions on transfer other than restrictions on transfer under the Transaction Agreements, applicable federal and state securities laws and liens or encumbrances created by or imposed by the Purchaser. Based in part upon the representations of the Purchaser in Section 3 of this Agreement and in the Voting Agreement, the Common Stock issuable upon conversion of the Shares will be issued in compliance with all applicable federal and state securities laws.

2.6 Governmental Consents and Filings. Assuming the accuracy of the representations made by the Purchaser in Section 3 of this Agreement, no consent, approval, order or authorization of, or registration, qualification, designation, declaration or filing with, any federal, state or local governmental authority is required on the part of the Company in connection with the consummation of the transactions contemplated by this Agreement, except for (a) the filing of the Restated Certificate, which will have been filed as of the Initial Closing, and (b) filings pursuant to Regulation D of the Securities Act, and applicable state securities laws, which have been made or will be made in a timely manner.

2.7 Litigation. Neither the Company nor, to the Company's knowledge, any of its officers, directors or Key Employees is a party or is named as subject to the provisions of any order, writ, injunction, judgment or decree of any court or government agency or instrumentality (in the case of officers, directors or Key Employees, such as would affect the Company). There is no action, suit, proceeding or investigation by the Company pending or which the Company intends to initiate. The foregoing includes, without limitation, actions, suits, proceedings or investigations pending or threatened in writing (or any basis therefor known to the Company) involving the prior employment of any of the Company's employees, their services provided in connection with the Company's business, any information or techniques allegedly proprietary to any of their former employers or their obligations under any agreements with prior employers.

2.8 Intellectual Property.

(a) *Ownership.* The Company owns or possesses or believes it can acquire on commercially reasonable terms sufficient legal rights to all Company Intellectual Property without any known conflict with, or infringement of, the rights of others, including prior employees or consultants.

(b) *Non-Infringement.* To the Company's knowledge, no product or service marketed or sold by the Company violates any license or infringes any Intellectual Property Rights of any other party.

(c) *Outbound Licenses.* Other than with respect to commercially available software products and cloud services under standard end-user license agreements and other non-exclusive licenses granted to third parties in the ordinary course of business and consistent with past practice, there are no outstanding options, licenses, agreements, claims, encumbrances or shared ownership interests of

any kind relating to the Intellectual Property Rights owned or purported to be owned by the Company ("***Company-Owned Intellectual Property***").

(d) *Inbound Licenses.* Other than (i) with respect to commercially available software products and cloud services licensed under standard terms, (ii) backup licenses from employees and contractors granted in connection with providing services to the Company; and (iii) open source licenses, the Company is not bound by or a party to any options, licenses or agreements of any kind with respect to Intellectual Property Rights of any other Person that are material to the business of the Company.

(e) *Third-Party Intellectual Property.* The Company has not received any communications alleging that the Company has violated, or by conducting its business, would violate any of the Intellectual Property Rights of any other Person. To the Company's knowledge, the Company has obtained and possesses valid licenses to use all of the software programs present on the computers and other software-enabled electronic devices that it owns or leases or that it has otherwise provided to its employees for their use in connection with the Company's business. To the Company's knowledge, to the extent it will be necessary to use any inventions of any of its employees or consultants (or Persons it currently intends to hire) made prior to their employment by the Company, including prior employees or consultants, the Company owns or possesses or believes it can acquire on commercially reasonable terms sufficient legal rights to all such inventions.

(f) *Employees and Consultants.* Each employee and consultant has assigned to the Company all Intellectual Property Rights he or she owns that are related to the Company's business as now conducted and as presently proposed to be conducted and all Intellectual Property Rights that he, she or it solely or jointly conceived, reduced to practice, developed or made during the period of his, her or its employment or consulting relationship with the Company that (a) relate, at the time of conception, reduction to practice, development, or making of such Intellectual Property Right, to the Company's business as then conducted or as then proposed to be conducted, (b) were developed on any amount of the Company's time or with the use of any of the Company's equipment, supplies, facilities or information or (c) resulted from the performance of services for the Company.

(g) *Registered Intellectual Property Rights.* Subsection 2.8 of the Disclosure Schedule lists all patents, patent applications, registered trademarks, trademark applications, registered service marks, service mark applications, and registered copyrights, in each case owned or purported to be owned by the Company.

(h) *Trade Secret Protection.* The Company has taken commercially reasonable measures to maintain and protect all confidential information and trade secrets of the Company that the Company intended to maintain as confidential or a trade secret.

(i) *Institutional Resources.* No government funding, facilities of a university, college, other educational institution or research center, or funding from third parties was used in the development of any Company-Owned Intellectual Property in a manner that has resulted in such entity retaining any claim of ownership or right to use any such Company-Owned Intellectual Property. To the Company's knowledge, no Person who was involved in, or who contributed to, the creation or development of any Company-Owned Intellectual Property, has performed services for the government, university, college, or other educational institution or research center in a manner that would affect Company's rights in the Company-Owned Intellectual Property.

2.9 Compliance with Other Instruments. The Company is not in violation or default (a) of any provisions of its Restated Certificate or Bylaws, (b) of any instrument, judgment, order, writ or decree, (c) under any note, indenture or mortgage, or (d) under any lease, agreement, contract or purchase

order to which it is a party or by which it is bound that is required to be listed on the Disclosure Schedule, or (e) to its knowledge, of any provision of federal or state statute, rule or regulation applicable to the Company, the violation of which would have a Material Adverse Effect. The execution, delivery and performance of the Transaction Agreements and the consummation of the transactions contemplated by the Transaction Agreements will not result in any such violation or be in conflict with or constitute, with or without the passage of time and giving of notice, either (i) a default under any such provision, instrument, judgment, order, writ, decree, contract or agreement; or (ii) an event which results in the creation of any lien, charge or encumbrance upon any assets of the Company or the suspension, revocation, forfeiture, or nonrenewal of any material permit or license applicable to the Company.

2.10 Agreements; Actions.

(a) Except for the Transaction Agreements, there are no agreements, understandings, instruments, contracts or proposed transactions to which the Company is a party or by which it is bound that involve (i) obligations (contingent or otherwise) of, or payments to, the Company in excess of $100,000, (ii) the license of any patent, copyright, trademark, trade secret or other proprietary right to or from the Company, (iii) the grant of rights to manufacture, produce, assemble, license, market, or sell its products to any other Person that limit the Company's exclusive right to develop, manufacture, assemble, distribute, market or sell its products, or (iv) indemnification by the Company with respect to infringements of proprietary rights.

(b) The Company has not (i) declared or paid any dividends, or authorized or made any distribution upon or with respect to any class or series of its capital stock, (ii) incurred any indebtedness for money borrowed or incurred any other liabilities individually in excess of $100,000 or in excess of $500,000 in the aggregate, (iii) made any loans or advances to any Person, other than ordinary advances for travel expenses, or (iv) sold, exchanged or otherwise disposed of any of its assets or rights, other than the sale of its inventory in the ordinary course of business. For the purposes of (a) and (b) of this Subsection 2.10, all indebtedness, liabilities, agreements, understandings, instruments, contracts and proposed transactions involving the same Person (including Persons the Company has reason to believe are affiliated with each other) shall be aggregated for the purpose of meeting the individual minimum dollar amounts of such subsection.

(c) The Company is not a guarantor or indemnitor of any indebtedness of any other Person.

2.11 Certain Transactions.

(a) Other than (i) standard employee benefits generally made available to all employees, (ii) standard director and officer indemnification agreements approved by the Board, and (iii) the purchase of shares of the Company's capital stock and the issuance of options to purchase shares of Common Stock, in each instance, approved in the written minutes of the Board (previously provided to the Purchaser or its counsel), there are no agreements, understandings or proposed transactions between the Company and any of its officers, directors, consultants or Key Employees, or any Affiliate thereof.

(b) The Company is not indebted, directly or indirectly, to any of its directors, officers or employees or to their respective spouses or children or to any Affiliate of any of the foregoing, other than in connection with expenses or advances of expenses incurred in the ordinary course of business or employee relocation expenses and for other customary employee benefits made generally available to all employees. None of the Company's directors, officers or Key Employees, or any members of their immediate families, or any Affiliate of the foregoing are, directly or indirectly, indebted to the Company.

2.12 Rights of Registration and Voting Rights. Except as provided in the Investors' Rights Agreement, the Company is not under any obligation to register under the Securities Act any of its currently outstanding securities or any securities issuable upon exercise or conversion of its currently outstanding securities. To the Company's knowledge, except as contemplated in the Voting Agreement, no stockholder of the Company has entered into any agreements with respect to the voting of capital shares of the Company.

2.13 Property. The property and assets that the Company owns are free and clear of all mortgages, deeds of trust, liens, loans and encumbrances, except for statutory liens for the payment of current taxes that are not yet delinquent and encumbrances and liens that arise in the ordinary course of business and do not materially impair the Company's ownership or use of such property or assets (including, with respect to Company-Owned Intellectual Property, non-exclusive licenses granted to third parties in the ordinary course of business). With respect to the property and assets it leases, the Company is in compliance with such leases and holds a valid leasehold interest free of any liens, claims or encumbrances other than those of the lessors of such property or assets. The Company does not own any real property.

2.14 Employee Matters.

(a) To the Company's knowledge, none of its employees is obligated under any contract (including licenses, covenants or commitments of any nature) or other agreement, or subject to any judgment, decree or order of any court or administrative agency, that would materially interfere with such employee's ability to promote the interest of the Company or that would conflict with the Company's business. Neither the execution or delivery of the Transaction Agreements, nor the carrying on of the Company's business by the employees of the Company, nor the conduct of the Company's business as now conducted and as presently proposed to be conducted, will, to the Company's knowledge, conflict with or result in a breach of the terms, conditions, or provisions of, or constitute a default under, any contract, covenant or instrument under which any such employee is now obligated.

(b) The Company is not delinquent in payments to any of its employees, consultants, or independent contractors for any wages, salaries, commissions, bonuses, or other direct compensation for any service performed for it to the date hereof or amounts required to be reimbursed to such employees, consultants or independent contractors. The Company has complied in all material respects with all applicable state and federal equal employment opportunity laws and with other laws related to employment, including those related to wages, hours, worker classification and collective bargaining. The Company has withheld and paid to the appropriate governmental entity or is holding for payment not yet due to such governmental entity all amounts required to be withheld from employees of the Company and is not liable for any arrears of wages, taxes, penalties or other sums for failure to comply with any of the foregoing.

(c) To the Company's knowledge, no Key Employee intends to terminate employment with the Company or is otherwise likely to become unavailable to continue as a Key Employee. The Company does not have a present intention to terminate the employment of any of the foregoing. The employment of each employee of the Company is terminable at the will of the Company. Except as set forth in Subsection 2.14(c) of the Disclosure Schedule or as required by law, upon termination of the employment of any such employees, no severance or other payments will become due. Except as set forth in Subsection 2.14(c) of the Disclosure Schedule, the Company has no policy, practice, plan or program of paying severance pay or any form of severance compensation in connection with the termination of employment services.

(d) The Company has not made any representations regarding equity incentives to any officer, employee, director or consultant that are inconsistent with the share amounts and terms set forth in the minutes of meetings of the Board.

(e) Each former Key Employee whose employment was terminated by the Company has entered into an agreement with the Company providing for the full release of any claims against the Company or any related party arising out of such employment.

(f) Subsection 2.14(f) of the Disclosure Schedule sets forth each employee benefit plan maintained, established or sponsored by the Company, or which the Company participates in or contributes to, which is subject to the Employee Retirement Income Security Act of 1974, as amended ("***ERISA***"). The Company has made all required contributions and has no liability to any such employee benefit plan, other than liability for health plan continuation coverage described in Part 6 of Title I(B) of ERISA, and has complied in all material respects with all applicable laws for any such employee benefit plan.

2.15 Tax Returns and Payments. There are no federal, state, county, local or foreign income or other material taxes due and payable by the Company which have not been timely paid. There are no accrued and unpaid federal, state, county, local or foreign income or other material taxes of the Company which are due, whether or not assessed or disputed, unless such taxes are being contested in good faith by appropriate proceedings and adequate reserves for any such taxes have been established in accordance with GAAP. There have been no examinations or audits of any income or other material tax returns or reports by any applicable federal, state, local or foreign governmental agency. The Company has duly and timely filed all federal, state, county, local and foreign income or other material tax returns required to have been filed by it and there are in effect no waivers of applicable statutes of limitations with respect to income or other material taxes for any year.

2.16 Insurance. The Company has in full force and effect insurance policies concerning such casualties as would be reasonable and customary for companies like the Company with extended coverage, sufficient in amount (subject to reasonable deductions) to allow it to replace any of its properties that might be damaged or destroyed.

2.17 Employee Agreements. Each current and former employee, consultant and officer of the Company has executed an agreement with the Company regarding confidentiality and proprietary information substantially in the form or forms delivered to the counsel for the Purchaser (the "***Confidential Information Agreements***"). No current or former Key Employee has excluded works or inventions from his or her assignment of inventions pursuant to such Key Employee's Confidential Information Agreement. Each current and former Key Employee has executed a non-solicitation agreement substantially in the form or forms delivered to counsel for the Purchaser. The Company is not aware that any of its Key Employees is in violation of any agreement covered by this Subsection 2.17.

2.18 Permits. The Company has all franchises, permits, licenses and any similar authority necessary for the conduct of its business, the lack of which could reasonably be expected to have a Material Adverse Effect. The Company is not in default in any material respect under any of such franchises, permits, licenses or other similar authority.

2.19 Corporate Documents. The Restated Certificate and Bylaws of the Company are in the form provided to the Purchaser. The copy of the minute books of the Company made available to the Purchaser contains minutes of all meetings of directors and stockholders and all actions by written consent without a meeting by the directors and stockholders since the date of incorporation and accurately reflects

in all material respects all actions by the directors (and any committee of directors) and stockholders with respect to all transactions referred to in such minutes.

2.20 83(b) Elections. To the Company's knowledge, all elections and notices under Section 83(b) of the Code have been or will be timely filed by all eligible individuals who have acquired unvested shares of Common Stock.

2.21 Qualified Small Business Stock. As of and immediately following the Initial Closing: (a) the Company will be an eligible corporation as defined in Section 1202(e)(4) of the Code, (b) the Company will not have made purchases of its own stock described in Code Section 1202(c)(3)(B) during the one (1) year period preceding the Initial Closing, except for purchases that are disregarded for such purposes under Treasury Regulation Section 1.1202-2, and (c) the Company's aggregate gross assets, as defined by Code Section 1202(d)(2), at no time between its incorporation and through the Initial Closing have exceeded $50 million, taking into account the assets of any corporations required to be aggregated with the Company in accordance with Code Section 1202(d)(3); provided, however, that in no event shall the Company be liable to the Purchaser or any other party for any damages arising from any subsequently proven or identified error in the Company's determination with respect to the applicability or interpretation of Code Section 1202, unless such determination shall have been given by the Company in a manner either grossly negligent or fraudulent.

2.22 Disclosure. The Company has made available to the Purchaser all the information reasonably available to the Company that the Purchaser has requested for deciding whether to acquire the Shares, including certain of the Company's projections describing its proposed business plan (the "***Business Plan***"). No representation or warranty of the Company contained in this Agreement, as qualified by the Disclosure Schedule, and no certificate furnished or to be furnished to the Purchaser at the Closing contains any untrue statement of a material fact or, to the Company's knowledge, omits to state a material fact necessary in order to make the statements contained herein or therein not misleading in light of the circumstances under which they were made. The Business Plan was prepared in good faith; however, the Company does not warrant that it will achieve any results projected in the Business Plan. It is understood that this representation is qualified by the fact that the Company has not delivered to the Purchaser, and has not been requested to deliver, a private placement or similar memorandum or any written disclosure of the types of information customarily furnished to purchasers of securities.

3. Representations and Warranties of the Purchaser. The Purchaser hereby represents and warrants to the Company that:

3.1 Authorization. The Purchaser has full power and authority to enter into the Transaction Agreements. The Transaction Agreements to which the Purchaser is a party, when executed and delivered by the Purchaser, will constitute valid and legally binding obligations of the Purchaser, enforceable in accordance with their terms, except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and any other laws of general application affecting enforcement of creditors' rights generally, and as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies, or (b) to the extent the indemnification provisions contained in the Investors' Rights Agreement may be limited by applicable federal or state securities laws.

3.2 Purchase Entirely for Own Account. This Agreement is made with the Purchaser in reliance upon the Purchaser's representation to the Company, which by the Purchaser's execution of this Agreement, the Purchaser hereby confirms, that the Shares to be acquired by the Purchaser will be acquired for investment for the Purchaser's own account, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof, and that the Purchaser has no present intention of selling, granting any

participation in, or otherwise distributing the same. By executing this Agreement, the Purchaser further represents that the Purchaser does not presently have any contract, undertaking, agreement or arrangement with any Person to sell, transfer or grant participations to such Person or to any third Person, with respect to any of the Shares. The Purchaser has not been formed for the specific purpose of acquiring the Shares.

3.3 Disclosure of Information. The Purchaser has had an opportunity to discuss the Company's business, management, financial affairs and the terms and conditions of the offering of the Shares with the Company's management and has had an opportunity to review the Company's facilities. The foregoing, however, does not limit or modify the representations and warranties of the Company in Section 2 of this Agreement or the right of the Purchaser to rely thereon.

3.4 Restricted Securities. The Purchaser understands that the Shares have not been, and will not be, registered under the Securities Act, by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Purchaser's representations as expressed herein. The Purchaser understands that the Shares are "restricted securities" under applicable U.S. federal and state securities laws and that, pursuant to these laws, the Purchaser must hold the Shares indefinitely unless they are registered with the Securities and Exchange Commission and qualified by state authorities, or an exemption from such registration and qualification requirements is available. The Purchaser acknowledges that the Company has no obligation to register or qualify the Shares, or the Common Stock into which it may be converted, for resale except as set forth in the Investors' Rights Agreement. The Purchaser further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the Shares, and on requirements relating to the Company which are outside of the Purchaser's control, and which the Company is under no obligation and may not be able to satisfy. The Purchaser understands that this offering is not intended to be part of the public offering, and that the Purchaser will not be able to rely on the protection of Section 11 of the Securities Act.

3.5 No Public Market. The Purchaser understands that no public market now exists for the Shares, and that the Company has made no assurances that a public market will ever exist for the Shares.

3.6 Legends. The Purchaser understands that the Shares and any securities issued in respect of or exchange for the Shares, may be notated with one or all of the following legends:

"THE SHARES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AND HAVE BEEN ACQUIRED FOR INVESTMENT AND NOT WITH A VIEW TO, OR IN CONNECTION WITH, THE SALE OR DISTRIBUTION THEREOF. NO SUCH TRANSFER MAY BE EFFECTED WITHOUT AN EFFECTIVE REGISTRATION STATEMENT RELATED THERETO OR AN OPINION OF COUNSEL IN A FORM SATISFACTORY TO THE COMPANY THAT SUCH REGISTRATION IS NOT REQUIRED UNDER THE SECURITIES ACT OF 1933."

(a) Any legend set forth in, or required by, the other Transaction Agreements.

(b) Any legend required by the securities laws of any state to the extent such laws are applicable to the Shares represented by the certificate, instrument, or book entry so legended.

3.7 Accredited Investor. The Purchaser is an accredited investor as defined in Rule 501(a) of Regulation D promulgated under the Securities Act.

3.8 No General Solicitation. Neither the Purchaser, nor any of its officers, directors, employees, agents, stockholders or partners has either directly or indirectly, including, through a broker or finder (a) engaged in any general solicitation, or (b) published any advertisement in connection with the offer and sale of the Shares.

3.9 Principal Place of Business. The office or offices of the Purchaser in which its principal place of business is identified in the address or addresses of the Purchaser set forth on Exhibit A.

4. Conditions to the Purchaser's Obligations at Closing. The obligations of the Purchaser to purchase Shares at the Initial Closing or any Additional Closing are subject to the fulfillment, on or before such Closing, of each of the following conditions, unless otherwise waived:

4.1 Representations and Warranties. The representations and warranties of the Company contained in Section 2 shall be true and correct in all material respects as of such Closing.

4.12 Consulting Agreements. Each of the Scientific Founders shall have entered into consulting agreements with the Company, in each case, in form and substance satisfactory to the Purchaser.

4.13 Proceedings and Documents. All corporate and other proceedings in connection with the transactions contemplated at the Closing and all documents incident thereto shall be reasonably satisfactory in form and substance to the Purchaser, and the Purchaser (or its counsel) shall have received all such counterpart original and certified or other copies of such documents as reasonably requested. Such documents may include good standing certificates.

4.14 Qualifications. With respect to any Additional Closing only, (a) all authorizations, approvals or permits, if any, of any governmental authority or regulatory body of the United States or of any state that are required in connection with the lawful issuance and sale of the Shares pursuant to this Agreement shall be obtained and effective as of such Additional Closing and (b) there shall not have occurred any material change, event, circumstances or development in the CFIUS Laws, and no mandatory declaration or other filing with CFIUS pursuant to 31 C.F.R. § 800.401 shall be required to consummate, and no notice to CFIUS shall be deemed advisable by the Purchaser in connection with such Additional Closing.

4.15 No Material Adverse Effect. With respect to any Additional Closing only, (a) since the Initial Closing, there shall not have occurred any change, event, circumstances or development that has had, or would, individually or in the aggregate, reasonably be likely to have, a Material Adverse Effect and (b) the consummation of such Additional Closing by the Company, including the issuance and delivery of any Additional Shares, would not be reasonably likely to result in any material violation of any laws, statutes, codes, executive orders, licensing requirements, ordinances and regulations of any governmental authority, including all orders having the effect of law.

OPAL BIOSCIENCES, INC.
SERIES A PREFERRED STOCK PURCHASE AGREEMENT

THIS SERIES A PREFERRED STOCK PURCHASE AGREEMENT (this "***Agreement***"), is made as of July 2, 2020 by and among Opal Biosciences, Inc., a Delaware corporation (the "***Company***") and Apple Tree Partners IV, L.P. (the "***Purchaser***").

The parties hereby agree as follows:

1. Purchase and Sale of Preferred Stock.

1.1 Sale and Issuance of Preferred Stock.

(a) The Company shall adopt and file with the Secretary of State of the State of Delaware on or before the Initial Closing (as defined below) the Amended and Restated Certificate of Incorporation in the form of Exhibit B attached to this Agreement (the "***Restated Certificate***").

(b) Subject to the terms and conditions of this Agreement, the Purchaser agrees to purchase at the Closing and the Company agrees to sell and issue to the Purchaser at the Closing that number of shares of Series A Preferred Stock, $0.001 par value per share (the "***Series A Preferred Stock***"), set forth on Exhibit A, at a purchase price of $1.00 per share (the "***Purchase Price***"). The shares of Series A Preferred Stock issued to the Purchaser pursuant to this Agreement (including any shares issued at the Initial Closing and any Additional Shares, as defined below) shall be referred to in this Agreement as the "***Shares***."

1.2 Closing; Delivery.

(a) The initial purchase and sale of the Shares shall take place remotely via the exchange of documents and signatures at such other time and place as the Company and the Purchaser mutually agree upon, orally or in writing (which time and place are designated as the "***Initial Closing***"). In the event there is more than one closing, the term "***Closing***" shall apply to each such closing unless otherwise specified.

(b) At each Closing, the Company shall deliver to the Purchaser a certificate representing the Shares being purchased by the Purchaser at such Closing against payment of the Purchase Price therefor by check payable to the Company, by wire transfer to a bank account designated by the Company.

1.3 Sale of Additional Shares of Preferred Stock.

(a) After the Initial Closing, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement, up to an aggregate of 74,000,000 additional shares of Series A Preferred Stock (the "***Additional Shares***"). The date of the purchase and sale of any Additional Shares is referred to in this Agreement as an "***Additional Closing***." Exhibit A to this Agreement shall be updated to reflect the number of Additional Shares purchased at each such Additional Closing.

(b) After the Initial Closing, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement, up to an aggregate of 5,500,000 Additional Shares, upon certification by the board of directors of the Company (the "***Board***") that a Funding Event (as defined below) has occurred. For purposes of this Agreement, a "***Funding Event***" shall have occurred if, at any point prior to the second anniversary of the date hereof, the Board so determines, but only after receipt from the Company's chief executive officer (the "***CEO***") of written notice, along with reasonably detailed calculations and supporting documentation, that, based on the Company's then-effective annual operating budget as approved by the Board (provided, that the Company has not incurred any material expenditures not contemplated by such budget without the prior written consent of the Purchaser, such consent not to be unreasonably withheld or delayed), the Company is projected to have less than one (1) month's worth of cash and cash equivalents to fund its operations as reflected in such budget (such shortfall amount of cash or cash equivalents, the "***Cash Shortfall Amount***"). Upon the Purchaser's receipt of notice of a Funding Event (a "***Funding Notice***"), the Purchaser shall be required to purchase an amount of Additional Shares having an aggregate Purchase Price equal to the applicable Cash Shortfall Amount. The Funding Notice shall specify (i) the requested date of the Additional Closing of the purchase and sale of the applicable Additional Shares (which date shall be no earlier than fifteen (15) business days following the Purchaser's receipt of the Funding Notice) and (ii) the number of Additional Shares to be purchased and sold at such Additional Closing.

(c) After the Initial Closing, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement, up to an aggregate of 68,500,000 Additional Shares upon the Company's achievement of certain milestones to be negotiated in good faith by the Company and the Purchaser after the Initial Closing (each, a "***Milestone***"). Following the agreement by the Company and the Purchaser of the terms and conditions of a Milestone, including the number of Additional Shares to be so purchased upon the achievement of such Milestone, the Company and the Purchaser will amend this Agreement to reflect such terms and conditions of such agreed upon Milestone, including the number of Additional Shares to be so purchased upon the achievement of such Milestone.

(d) Notwithstanding the foregoing, the Purchaser shall have the option, at any time, and upon at least three (3) business days' notice to the Company, to accelerate its obligation to purchase all or a portion of the Additional Shares (at a per share price equal to the Purchase Price), notwithstanding that a Funding Event or Milestone has not occurred. The purchase of such Additional Shares shall take place on a business day determined by the Purchaser, and the date of such purchase shall be an Additional Closing and subject to the terms and conditions set forth in this Agreement. Any purchase of Additional Shares pursuant to this Section 1.3(d) shall correspondingly first reduce the Purchaser's obligations under Section 1.3(b) and second, to the extent applicable, Section 1.3(c).

(e) For the avoidance of doubt, the Purchaser's obligations to purchase Additional Shares hereunder shall be subject to the satisfaction or waiver of the conditions set forth in Section 5.

1.4 Use of Proceeds. In accordance with the directions of the Board, as it shall be constituted in accordance with the Voting Agreement, the Company will use the proceeds from the sale of the Shares for product development and other general corporate purposes.

(b) *Non-Infringement.* To the Company's knowledge, no product or service marketed or sold by the Company violates any license or infringes any Intellectual Property Rights of any other party.

(c) *Outbound Licenses.* Other than with respect to commercially available software products and cloud services under standard end-user license agreements and other non-exclusive licenses granted to third parties in the ordinary course of business and consistent with past practice, there are no outstanding options, licenses, agreements, claims, encumbrances or shared ownership interests of any kind relating to the Intellectual Property Rights owned or purported to be owned by the Company ("***Company-Owned Intellectual Property***").

(d) *Inbound Licenses.* Other than (i) with respect to commercially available software products and cloud services licensed under standard terms, (ii) backup licenses from employees and contractors granted in connection with providing services to the Company; and (iii) open source licenses, the Company is not bound by or a party to any options, licenses or agreements of any kind with respect to Intellectual Property Rights of any other Person that are material to the business of the Company.

(e) *Third-Party Intellectual Property.* The Company has not received any communications alleging that the Company has violated, or by conducting its business, would violate any of the Intellectual Property Rights of any other Person. To the Company's knowledge, the Company has obtained and possesses valid licenses to use all of the software programs present on the computers and other software-enabled electronic devices that it owns or leases or that it has otherwise provided to its employees for their use in connection with the Company's business. To the Company's knowledge, to the extent it will be necessary to use any inventions of any of its employees or consultants (or Persons it currently intends to hire) made prior to their employment by the Company, including prior employees or consultants, the Company owns or possesses or believes it can acquire on commercially reasonable terms sufficient legal rights to all such inventions.

(f) *Employees and Consultants.* Each employee and consultant has assigned to the Company all Intellectual Property Rights he or she owns that are related to the Company's business as now conducted and as presently proposed to be conducted and all Intellectual Property Rights that he, she or it solely or jointly conceived, reduced to practice, developed or made during the period of his, her or its employment or consulting relationship with the Company that (a) relate, at the time of conception, reduction to practice, development, or making of such Intellectual Property Right, to the Company's business as then conducted or as then proposed to be conducted, (b) were developed on any amount of the Company's time or with the use of any of the Company's equipment, supplies, facilities or information or (c) resulted from the performance of services for the Company.

(g) *Registered Intellectual Property Rights.* Subsection 2.8 of the Disclosure Schedule lists all patents, patent applications, registered trademarks, trademark applications, registered service marks, service mark applications, and registered copyrights, in each case owned or purported to be owned by the Company.

(h) *Trade Secret Protection.* The Company has taken commercially reasonable measures to maintain and protect all confidential information and trade secrets of the Company that the Company intended to maintain as confidential or a trade secret.

(i) *Institutional Resources.* No government funding, facilities of a university, college, other educational institution or research center, or funding from third parties was used in the development of any Company-Owned Intellectual Property in a manner that has resulted in such entity retaining any claim of ownership or right to use any such Company-Owned Intellectual Property. To the Company's knowledge, no Person who was involved in, or who contributed to, the creation or development of any Company-Owned Intellectual Property, has performed services for the government, university, college, or other educational institution or research center in a manner that would affect Company's rights in the Company-Owned Intellectual Property.

2.9 Compliance with Other Instruments. The Company is not in violation or default (a) of any provisions of its Restated Certificate or Bylaws, (b) of any instrument, judgment, order, writ or decree, (c) under any note, indenture or mortgage, or (d) under any lease, agreement, contract or purchase order to which it is a party or by which it is bound that is required to be listed on the Disclosure Schedule, or (e) to its knowledge, of any provision of federal or state statute, rule or regulation applicable to the Company, the violation of which would have a Material Adverse Effect. The execution, delivery and performance of the Transaction Agreements and the consummation of the transactions contemplated by the Transaction Agreements will not result in any such violation or be in conflict with or constitute, with or without the passage of time and giving of notice, either (i) a default under any such provision, instrument, judgment, order, writ, decree, contract or agreement; or (ii) an event which results in the creation of any lien, charge or encumbrance upon any assets of the Company or the suspension, revocation, forfeiture, or nonrenewal of any material permit or license applicable to the Company.

2.10 Agreements; Actions.

(a) Except for the Transaction Agreements, there are no agreements, understandings, instruments, contracts or proposed transactions to which the Company is a party or by which it is bound that involve (i) obligations (contingent or otherwise) of, or payments to, the Company in excess of $100,000, (ii) the license of any patent, copyright, trademark, trade secret or other proprietary right to or from the Company, (iii) the grant of rights to manufacture, produce, assemble, license, market, or sell its products to any other Person that limit the Company's exclusive right to develop, manufacture, assemble, distribute, market or sell its products, or (iv) indemnification by the Company with respect to infringements of proprietary rights.

(b) The Company has not (i) declared or paid any dividends, or authorized or made any distribution upon or with respect to any class or series of its capital stock, (ii) incurred any indebtedness for money borrowed or incurred any other liabilities individually in excess of $100,000 or in excess of $500,000 in the aggregate, (iii) made any loans or advances to any Person, other than ordinary advances for travel expenses, or (iv) sold, exchanged or otherwise disposed of any of its assets or rights, other than the sale of its inventory in the ordinary course of business. For the purposes of (a) and (b) of this Subsection 2.10, all indebtedness, liabilities, agreements, understandings, instruments, contracts and proposed transactions involving the same Person (including Persons the Company has reason to believe are affiliated with each other) shall be aggregated for the purpose of meeting the individual minimum dollar amounts of such subsection.

(c) The Company is not a guarantor or indemnitor of any indebtedness of any other Person.

2.11 Certain Transactions.

(a) Other than (i) standard employee benefits generally made available to all employees, (ii) standard director and officer indemnification agreements approved by the Board, and (iii) the purchase of shares of the Company's capital stock and the issuance of options to purchase shares of Common Stock, in each instance, approved in the written minutes of the Board (previously provided to the Purchaser or its counsel), there are no agreements, understandings or proposed transactions between the Company and any of its officers, directors, consultants or Key Employees, or any Affiliate thereof.

(b) The Company is not indebted, directly or indirectly, to any of its directors, officers or employees or to their respective spouses or children or to any Affiliate of any of the foregoing, other than in connection with expenses or advances of expenses incurred in the ordinary course of business or employee relocation expenses and for other customary employee benefits made generally available to all employees. None of the Company's directors, officers or Key Employees, or any members of their immediate families, or any Affiliate of the foregoing are, directly or indirectly, indebted to the Company.

2.12 Rights of Registration and Voting Rights. Except as provided in the Investors' Rights Agreement, the Company is not under any obligation to register under the Securities Act any of its currently outstanding securities or any securities issuable upon exercise or conversion of its currently outstanding securities. To the Company's knowledge, except as contemplated in the Voting Agreement, no stockholder of the Company has entered into any agreements with respect to the voting of capital shares of the Company.

2.13 Property. The property and assets that the Company owns are free and clear of all mortgages, deeds of trust, liens, loans and encumbrances, except for statutory liens for the payment of current taxes that are not yet delinquent and encumbrances and liens that arise in the ordinary course of business and do not materially impair the Company's ownership or use of such property or assets (including, with respect to Company-Owned Intellectual Property, non-exclusive licenses granted to third parties in the ordinary course of business). With respect to the property and assets it leases, the Company is in compliance with such leases and holds a valid leasehold interest free of any liens, claims or encumbrances other than those of the lessors of such property or assets. The Company does not own any real property.

2.14 Employee Matters.

(a) To the Company's knowledge, none of its employees is obligated under any contract (including licenses, covenants or commitments of any nature) or other agreement, or subject to any judgment, decree or order of any court or administrative agency, that would materially interfere with such employee's ability to promote the interest of the Company or that would conflict with the Company's business. Neither the execution or delivery of the Transaction Agreements, nor the carrying on of the Company's business by the employees of the Company, nor the conduct of the Company's business as now conducted and as presently proposed to be conducted, will, to the Company's knowledge, conflict with or result in a breach of the terms, conditions, or provisions of, or constitute a default under, any contract, covenant or instrument under which any such employee is now obligated.

(b) The Company is not delinquent in payments to any of its employees, consultants, or independent contractors for any wages, salaries, commissions, bonuses, or other direct compensation for any service performed for it to the date hereof or amounts required to be reimbursed to such employees, consultants or independent contractors. The Company has complied in all material respects with all applicable state and federal equal employment opportunity laws and with other laws related to employment, including those related to wages, hours, worker classification and collective bargaining. The Company has withheld and paid to the appropriate governmental entity or is holding for payment not yet due to such governmental entity all amounts required to be withheld from employees of the Company and is not liable for any arrears of wages, taxes, penalties or other sums for failure to comply with any of the foregoing.

(c) To the Company's knowledge, no Key Employee intends to terminate employment with the Company or is otherwise likely to become unavailable to continue as a Key Employee. The Company does not have a present intention to terminate the employment of any of the foregoing. The employment of each employee of the Company is terminable at the will of the Company. Except as set forth in Subsection 2.14(c) of the Disclosure Schedule or as required by law, upon termination of the employment of any such employees, no severance or other payments will become due. Except as set forth in Subsection 2.14(c) of the Disclosure Schedule, the Company has no policy, practice, plan or program of paying severance pay or any form of severance compensation in connection with the termination of employment services.

(d) The Company has not made any representations regarding equity incentives to any officer, employee, director or consultant that are inconsistent with the share amounts and terms set forth in the minutes of meetings of the Board.

(e) Each former Key Employee whose employment was terminated by the Company has entered into an agreement with the Company providing for the full release of any claims against the Company or any related party arising out of such employment.

(f) Subsection 2.14(f) of the Disclosure Schedule sets forth each employee benefit plan maintained, established or sponsored by the Company, or which the Company participates in or contributes to, which is subject to the Employee Retirement Income Security Act of 1974, as amended ("***ERISA***"). The Company has made all required contributions and has no liability to any such employee benefit plan, other than liability for health plan continuation coverage described in Part 6 of Title I(B) of ERISA, and has complied in all material respects with all applicable laws for any such employee benefit plan.

2.15 Tax Returns and Payments. There are no federal, state, county, local or foreign income or other material taxes due and payable by the Company which have not been timely paid. There are no accrued and unpaid federal, state, county, local or foreign income or other material taxes of the Company which are due, whether or not assessed or disputed, unless such taxes are being contested in good faith by appropriate proceedings and adequate reserves for any such taxes have been established in accordance with GAAP. There have been no examinations or audits of any income or other material tax returns or reports by any applicable federal, state, local or foreign governmental agency. The Company has duly and timely filed all federal, state, county, local and foreign income or other material tax returns required to have been filed by it and there are in effect no waivers of applicable statutes of limitations with respect to income or other material taxes for any year.

2.16 Insurance. The Company has in full force and effect insurance policies concerning such casualties as would be reasonable and customary for companies like the Company with extended coverage, sufficient in amount (subject to reasonable deductions) to allow it to replace any of its properties that might be damaged or destroyed.

2.17 Employee Agreements. Each current and former employee, consultant and officer of the Company has executed an agreement with the Company regarding confidentiality and proprietary information substantially in the form or forms delivered to the counsel for the Purchaser (the "***Confidential Information Agreements***"). No current or former Key Employee has excluded works or inventions from his or her assignment of inventions pursuant to such Key Employee's Confidential Information Agreement. Each current and former Key Employee has executed a non-solicitation agreement substantially in the form or forms delivered to counsel for the Purchaser. The Company is not aware that any of its Key Employees is in violation of any agreement covered by this Subsection 2.17.

2.18 Permits. The Company has all franchises, permits, licenses and any similar authority necessary for the conduct of its business, the lack of which could reasonably be expected to have a Material Adverse Effect. The Company is not in default in any material respect under any of such franchises, permits, licenses or other similar authority.

2.19 Corporate Documents. The Restated Certificate and Bylaws of the Company are in the form provided to the Purchaser. The copy of the minute books of the Company made available to the Purchaser contains minutes of all meetings of directors and stockholders and all actions by written consent without a meeting by the directors and stockholders since the date of incorporation and accurately reflects in all material respects all actions by the directors (and any committee of directors) and stockholders with respect to all transactions referred to in such minutes.

2.20 83(b) Elections. To the Company's knowledge, all elections and notices under Section 83(b) of the Code have been or will be timely filed by all eligible individuals who have acquired unvested shares of Common Stock.

2.21 Qualified Small Business Stock. As of and immediately following the Initial Closing: (a) the Company will be an eligible corporation as defined in Section 1202(e)(4) of the Code, (b) the Company will not have made purchases of its own stock described in Code Section 1202(c)(3)(B) during the one (1) year period preceding the Initial Closing, except for purchases that are disregarded for such purposes under Treasury Regulation Section 1.1202-2, and (c) the Company's aggregate gross assets, as defined by Code Section 1202(d)(2), at no time between its incorporation and through the Initial Closing have exceeded $50 million, taking into account the assets of any corporations required to be aggregated with the Company in accordance with Code Section 1202(d)(3); provided, however, that in no event shall the Company be liable to the Purchaser or any other party for any damages arising from any subsequently proven or identified error in the Company's determination with respect to the applicability or interpretation of Code Section 1202, unless such determination shall have been given by the Company in a manner either grossly negligent or fraudulent.

2.22 Disclosure. The Company has made available to the Purchaser all the information reasonably available to the Company that the Purchaser has requested for deciding whether to acquire the Shares, including certain of the Company's projections describing its proposed business plan (the "***Business Plan***"). No representation or warranty of the Company contained in this Agreement, as qualified by the Disclosure Schedule, and no certificate furnished or to be furnished to the Purchaser at the Closing contains

any untrue statement of a material fact or, to the Company's knowledge, omits to state a material fact necessary in order to make the statements contained herein or therein not misleading in light of the circumstances under which they were made. The Business Plan was prepared in good faith; however, the Company does not warrant that it will achieve any results projected in the Business Plan. It is understood that this representation is qualified by the fact that the Company has not delivered to the Purchaser, and has not been requested to deliver, a private placement or similar memorandum or any written disclosure of the types of information customarily furnished to purchasers of securities.

3. Representations and Warranties of the Purchaser. The Purchaser hereby represents and warrants to the Company that:

3.1 Authorization. The Purchaser has full power and authority to enter into the Transaction Agreements. The Transaction Agreements to which the Purchaser is a party, when executed and delivered by the Purchaser, will constitute valid and legally binding obligations of the Purchaser, enforceable in accordance with their terms, except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and any other laws of general application affecting enforcement of creditors' rights generally, and as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies, or (b) to the extent the indemnification provisions contained in the Investors' Rights Agreement may be limited by applicable federal or state securities laws.

3.2 Purchase Entirely for Own Account. This Agreement is made with the Purchaser in reliance upon the Purchaser's representation to the Company, which by the Purchaser's execution of this Agreement, the Purchaser hereby confirms, that the Shares to be acquired by the Purchaser will be acquired for investment for the Purchaser's own account, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof, and that the Purchaser has no present intention of selling, granting any participation in, or otherwise distributing the same. By executing this Agreement, the Purchaser further represents that the Purchaser does not presently have any contract, undertaking, agreement or arrangement with any Person to sell, transfer or grant participations to such Person or to any third Person, with respect to any of the Shares. The Purchaser has not been formed for the specific purpose of acquiring the Shares.

3.3 Disclosure of Information. The Purchaser has had an opportunity to discuss the Company's business, management, financial affairs and the terms and conditions of the offering of the Shares with the Company's management and has had an opportunity to review the Company's facilities. The foregoing, however, does not limit or modify the representations and warranties of the Company in Section 2 of this Agreement or the right of the Purchaser to rely thereon.

3.4 Restricted Securities. The Purchaser understands that the Shares have not been, and will not be, registered under the Securities Act, by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Purchaser's representations as expressed herein. The Purchaser understands that the Shares are "restricted securities" under applicable U.S. federal and state securities laws and that, pursuant to these laws, the Purchaser must hold the Shares indefinitely unless they are registered with the Securities and Exchange Commission and qualified by state authorities, or an exemption from such registration and qualification requirements is available. The Purchaser acknowledges that the Company has no obligation to register or qualify the Shares, or the Common Stock into which it may be converted, for resale except as set forth in the Investors' Rights Agreement. The Purchaser further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements

including, but not limited to, the time and manner of sale, the holding period for the Shares, and on requirements relating to the Company which are outside of the Purchaser's control, and which the Company is under no obligation and may not be able to satisfy. The Purchaser understands that this offering is not intended to be part of the public offering, and that the Purchaser will not be able to rely on the protection of Section 11 of the Securities Act.

3.5 No Public Market. The Purchaser understands that no public market now exists for the Shares, and that the Company has made no assurances that a public market will ever exist for the Shares.

3.6 Legends. The Purchaser understands that the Shares and any securities issued in respect of or exchange for the Shares, may be notated with one or all of the following legends:

"THE SHARES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AND HAVE BEEN ACQUIRED FOR INVESTMENT AND NOT WITH A VIEW TO, OR IN CONNECTION WITH, THE SALE OR DISTRIBUTION THEREOF. NO SUCH TRANSFER MAY BE EFFECTED WITHOUT AN EFFECTIVE REGISTRATION STATEMENT RELATED THERETO OR AN OPINION OF COUNSEL IN A FORM SATISFACTORY TO THE COMPANY THAT SUCH REGISTRATION IS NOT REQUIRED UNDER THE SECURITIES ACT OF 1933."

(a) Any legend set forth in, or required by, the other Transaction Agreements.

(b) Any legend required by the securities laws of any state to the extent such laws are applicable to the Shares represented by the certificate, instrument, or book entry so legended.

3.7 Accredited Investor. The Purchaser is an accredited investor as defined in Rule 501(a) of Regulation D promulgated under the Securities Act.

3.8 No General Solicitation. Neither the Purchaser, nor any of its officers, directors, employees, agents, stockholders or partners has either directly or indirectly, including, through a broker or finder (a) engaged in any general solicitation, or (b) published any advertisement in connection with the offer and sale of the Shares.

3.9 Principal Place of Business. The office or offices of the Purchaser in which its principal place of business is identified in the address or addresses of the Purchaser set forth on Exhibit A.

4. Conditions to the Purchaser's Obligations at Closing. The obligations of the Purchaser to purchase Shares at the Initial Closing or any Additional Closing are subject to the fulfillment, on or before such Closing, of each of the following conditions, unless otherwise waived:

4.12 Consulting Agreements. Each of the Scientific Founders shall have entered into consulting agreements with the Company, in each case, in form and substance satisfactory to the Purchaser.

4.13 Proceedings and Documents. All corporate and other proceedings in connection with the transactions contemplated at the Closing and all documents incident thereto shall be reasonably satisfactory in form and substance to the Purchaser, and the Purchaser (or its counsel) shall have received all such counterpart original and certified or other copies of such documents as reasonably requested. Such documents may include good standing certificates.

4.14 Qualifications. With respect to any Additional Closing only, (a) all authorizations, approvals or permits, if any, of any governmental authority or regulatory body of the United States or of any state that are required in connection with the lawful issuance and sale of the Shares pursuant to this Agreement shall be obtained and effective as of such Additional Closing and (b) there shall not have occurred any material change, event, circumstances or development in the CFIUS Laws, and no mandatory

declaration or other filing with CFIUS pursuant to 31 C.F.R. § 800.401 shall be required to consummate, and no notice to CFIUS shall be deemed advisable by the Purchaser in connection with such Additional Closing.

4.15 No Material Adverse Effect. With respect to any Additional Closing only, (a) since the Initial Closing, there shall not have occurred any change, event, circumstances or development that has had, or would, individually or in the aggregate, reasonably be likely to have, a Material Adverse Effect and (b) the consummation of such Additional Closing by the Company, including the issuance and delivery of any Additional Shares, would not be reasonably likely to result in any material violation of any laws, statutes, codes, executive orders, licensing requirements, ordinances and regulations of any governmental authority, including all orders having the effect of law.

SERIES SEED PREFERRED STOCK PURCHASE AGREEMENT

THIS SERIES SEED PREFERRED STOCK PURCHASE AGREEMENT (this "**Agreement**"), is made as of this 13th day of October, 2020, by and among Nereid Therapeutics Incorporated, a Delaware corporation (the "**Company**"), Apple Tree Partners IV, L.P. (the "**Purchaser**") and Clifford P. Brangwynne (the "**Founder**").

The parties hereby agree as follows:

1. Purchase and Sale of Preferred Stock.

1.1 Sale and Issuance of Preferred Stock.

(a) The Company shall adopt and file with the Secretary of State of the State of Delaware on or before the Initial Closing (as defined below) the Amended and Restated Certificate of Incorporation in the form of Exhibit B attached to this Agreement (the "**Restated Certificate**").

(b) Subject to the terms and conditions of this Agreement, the Purchaser agrees to purchase at the Initial Closing and the Company agrees to sell and issue to the Purchaser at the Initial Closing 1,000,000 shares of Series Seed Preferred Stock, $0.001 par value per share (the "**Series Seed Preferred Stock**"), at a purchase price of $1.00 per share (the "**Per Share Purchase Price**"). The shares of Series Seed Preferred Stock issued to the Purchaser pursuant to this Agreement, including, for the avoidance of doubt, any Milestone Shares or Additional Shares (as defined below) shall be referred to in this Agreement as the "**Shares**."

1.2 Closing; Delivery.

(a) The initial purchase, sale and issuance of Shares shall take place remotely via the exchange of documents and signatures, at 1:00 p.m. Eastern Time, on the date hereof, or at such other time and place as the Company and the Purchaser mutually agree upon, orally or in writing (which time and place are designated as the "**Initial Closing**"). In the event there is more than one closing, the term "**Closing**" shall apply to each such closing unless otherwise specified.

(b) At each Closing, the Company shall deliver to Purchaser a certificate representing the Shares being purchased by such Purchaser at such Closing against payment of the purchase price therefor by check payable to the Company or by wire transfer to a bank account designated by the Company.

1.3 Sale of Additional Shares of Series Seed Preferred Stock.

(a) Funding Event. After the Initial Closing and from time to time, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement, up to an aggregate of 5,500,000 additional shares of Series Seed Preferred Stock (the "**Additional Shares**"), upon certification by the Board of Directors of the Company (the "**Board**") that a Funding Event (as defined below) has occurred. The date of the

purchase and sale of any Additional Shares is referred to in this Agreement as an "**Additional Closing**." For purposes of this Agreement, a "**Funding Event**" shall have occurred if, at any point prior to the second anniversary of the date hereof, the Board so determines, but only after receipt of written notice from the Company's Chief Executive Officer (the "**CEO**") along with reasonably detailed calculations and supporting documentation, that, based on the Company's then-effective annual operating budget as approved by the Board (provided, that the Company has not incurred any material expenditures not contemplated by such budget without the prior approval of the Board, including a majority of the Series Seed Directors (as defined in the Voting Agreement)), the Company does not have a sufficient amount in cash and cash equivalents to fund its operations as reflected in such budget (such shortfall amount of cash or cash equivalents, the "**Cash Shortfall Amount**"). Upon receipt of notice of a Funding Event (a "**Funding Notice**"), the Purchaser shall be required to purchase a number of Additional Shares having an aggregate Per Share Purchase Price equal to the applicable Cash Shortfall Amount, rounded up to the nearest whole number; provided, however, that the maximum number of Additional Shares to be purchased under this Agreement shall not exceed the number of Additional Shares authorized to be issued *minus* the number of Additional Shares issued in any previous Additional Closing. The Funding Notice shall specify (i) the date of the Additional Closing of the purchase and sale of the applicable Additional Shares (which date shall be no earlier than fifteen (15) business days following Purchaser's receipt of the Funding Notice) and (ii) the number of Additional Shares to be purchased and sold at such Additional Closing. Exhibit A to this Agreement shall be updated to reflect the number of Additional Shares purchased at each such Additional Closing, which update shall not constitute an amendment to this Agreement.

(b) Milestones. After the Initial Closing and from time to time, Purchaser and the Founder may agree to certain milestone events for the Company (each, a "**Milestone Event**"), the achievement of which shall trigger an obligation of Purchaser to purchase from the Company additional shares of Series Seed Preferred Stock at the Per Share Purchase Price (as adjusted for stock splits, stock dividends and similar events), the total aggregate number of such shares of Series Seed Preferred Stock to be equal to 43,500,000 (as adjusted for stock splits, stock dividends and similar events) (such shares, the "**Milestone Shares**"). At any time when Purchaser and the Founder agree to one or more Milestone Event(s) and an associated number of Milestone Shares, Exhibit I to this Agreement shall promptly be updated to provide for the terms and conditions of such Milestone Event(s) and the associated number of Milestone Shares, which update shall not constitute an amendment to this Agreement. Promptly, but in no event earlier than fifteen (15) business days following Purchaser's receipt of certification, along with reasonably detailed supporting documentation, by the Board that a Milestone Event has occurred (such certification, the "**Milestone Certification**"), the Company shall sell, and Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement, such number of Milestone Shares as is then set forth opposite the applicable Milestone Event on Exhibit I. Each date of the purchase and sale of Milestone Shares is referred to in this Agreement as a "**Milestone Closing**." Following each Milestone Closing, Exhibit I to this Agreement shall be updated to reflect that the applicable Milestone Event has been achieved and the associated Milestone Shares have been purchased and sold, which update shall not constitute an amendment to this Agreement.

(c) Acceleration. Notwithstanding the foregoing, Purchaser shall have the option, at any time, and upon at least three (3) business days' prior written notice to the Company, to accelerate Purchaser's obligation to purchase all or any portion of the Additional

Shares (at a per share price equal to the Per Share Purchase Price), notwithstanding that a Funding Event has not occurred. Purchaser shall also have the option, at any time, and upon at least three (3) business days' prior written notice to the Company, to purchase all or any portion of the Milestone Shares (at a per share price equal to the Per Share Purchase Price) notwithstanding that (i) Purchaser and the Founder have not agreed to any Milestone Events or (ii) if Purchaser and the Founder have agreed to one or more Milestone Events and Exhibit I has been updated in accordance with Subsection 1.3(b), such agreed-to Milestone Events have not been achieved. The purchase of such Additional Shares or Milestone Shares, as applicable, shall take place on a business day determined by Purchaser, and the date of such purchase shall be an Additional Closing or Milestone Closing, as applicable, and subject to the terms and conditions set forth in this Agreement. Any purchase of Additional Shares or Milestone Shares pursuant to this Subsection 1.3(c) shall correspondingly reduce the aggregate number of Additional Shares or Milestone Shares available to be purchased by Purchaser pursuant to Subsection 1.3(a) or Subsection 1.3(b), as applicable.

(d) For the avoidance of doubt, Purchaser's obligations to purchase Additional Shares or Milestone Shares, as applicable, hereunder shall be subject to the satisfaction or waiver of the applicable conditions set forth in Section 5.

The Company is not aware that any of its employees or consultants is in violation of any agreement covered by this Subsection 2.177.

2.18 Permits. The Company has all franchises, permits, licenses and any similar authority necessary for the conduct of its business, the lack of which could reasonably be expected to have a Material Adverse Effect. The Company is not in default in any material respect under any of such franchises, permits, licenses or other similar authority.

2.19 Corporate Documents. The Restated Certificate and Bylaws of the Company are in the form provided to the Purchaser. The copy of the minute books of the Company made available to the Purchaser contains minutes of all meetings of directors and stockholders and all actions by written consent without a meeting by the directors and stockholders since the date of incorporation and accurately reflects in all material respects all actions by the directors (and any committee of directors) and stockholders with respect to all transactions referred to in such minutes.

identified error in the Company's determination with respect to the applicability or interpretation of Code Section 1202, unless such determination shall have been given by the Company in a manner either grossly negligent or fraudulent.

2.23 No Assets or Liabilities; No Prior Business. As of the date of the Initial Closing, other than the fees and expenses owed to Troutman Pepper Hamilton Sanders LLP ("**TP**") in connection with legal services rendered to Phasis Biotech (the "**Outstanding Legal Fees**"), which amount has been provided to the Purchaser prior to the Initial Closing and of which an agreed-upon amount will be paid by the Company at the Initial Closing in full satisfaction of all claims by TP, the Company has no assets or liabilities, and, since its incorporation, the Company has not engaged in any business activities and has not conducted any operations (other than the transactions contemplated by the Transaction Agreements), in each case other than those incident to its formation.

3. Representations and Warranties of the Founder. Except as set forth on the Disclosure Schedule, the Founder represents and warrants to the Purchaser as of the date of the Initial Closing as follows:

The Founder is not, as a result of the nature of the business now conducted or presently proposed to be conducted by the Company or for any other reason, in violation of (i) any fiduciary or confidential relationship, (ii) any term of any contract or covenant (either with the Company or with another entity) relating to employment, Intellectual Property, assignment of inventions, confidentiality, proprietary information disclosure, non-competition or non-solicitation, or (iii) any other contract or agreement, or any judgment, decree or order of any court or administrative agency binding on the Founder and relating to or affecting the right of the Founder to be employed by or serve as a director or consultant to the Company. No such relationship, term, contact, agreement, judgment, decree or order conflict with the Founder's obligations to use his best efforts to promote the interests of the Company nor does the execution and delivery of this Agreement, nor the Founder's carrying on the Company's business as a director, officer, consultant or employee of the Company, conflict with any such relationship, term, contract, agreement, judgment, decree or order.

3.2 Litigation. There is no action, suit or proceeding, or governmental inquiry or investigation, pending or, to the Founder's knowledge, threatened against the Founder, and, to the Founder's knowledge, there is no basis for any such action, suit, proceeding, or governmental inquiry or investigation that would result in a Material Adverse Effect.

3.3 Stockholder Agreements. Except as contemplated by or disclosed in the Transaction Agreements, the Founder is not a party to and has no Knowledge of any agreements, written or oral, relating to the acquisition, disposition, registration under the Securities Act, or voting of the securities of the Company.

3.4 Representations and Warranties. To the Founder's knowledge, all of the representations and warranties of the Company set forth in Section 2 are true and complete as of the Initial Closing.

3.5 Prior Legal Matters. The Founder has not been (a) subject to voluntary or involuntary petition under the federal bankruptcy laws or any state insolvency law or the appointment of a receiver, fiscal agent or similar officer by a court for his business or property; (b) convicted in a criminal proceeding or named as a subject of a pending criminal proceeding (excluding traffic violations and other minor offenses); (c) subject to any order, judgment, or decree (not subsequently reversed, suspended, or vacated) of any court of competent jurisdiction permanently or temporarily enjoining him from engaging, or otherwise imposing limits or conditions on his engagement in any securities, investment advisory, banking, insurance, or other type of business or acting as an officer or director of a public company; or (d) found by a court of competent jurisdiction in a civil action or by the Securities and Exchange Commission or the Commodity Futures Trading Commission to have violated any federal or state securities, commodities or unfair trade practices law, which such judgment or finding has not been subsequently reversed, suspended, or vacated.

4. Representations and Warranties of the Purchaser. The Purchaser hereby represents and warrants to the Company that:

4.1 Authorization. The Purchaser has full power and authority to enter into the Transaction Agreements. The Transaction Agreements to which the Purchaser is a party, when executed and delivered by the Purchaser, will constitute valid and legally binding obligations of the Purchaser, enforceable in accordance with their terms, except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and any other laws of general application affecting enforcement of creditors' rights generally, and as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies, or (b) to the extent the indemnification provisions contained in the Investors' Rights Agreement may be limited by applicable federal or state securities laws.

4.2 Purchase Entirely for Own Account. This Agreement is made with the Purchaser in reliance upon the Purchaser's representation to the Company, which by the Purchaser's execution of this Agreement, the Purchaser hereby confirms, that the Shares to be acquired by the Purchaser will be acquired for investment for the Purchaser's own account, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof, and that the Purchaser has no present intention of selling, granting any participation in, or otherwise distributing the same. By executing this Agreement, the Purchaser further represents that the Purchaser does not presently have any contract, undertaking, agreement or arrangement with any Person to sell, transfer or grant participations to such Person or to any third Person, with respect to any of the Shares. The Purchaser has not been formed for the specific purpose of acquiring the Shares.

4.3 Disclosure of Information. The Purchaser has had an opportunity to discuss the Company's business, management, financial affairs and the terms and conditions of the offering of the Shares with the Company's management and has had an opportunity to review the Company's facilities. The foregoing, however, does not limit or modify the representations and warranties of the Company in Section 2 of this Agreement or the right of the Purchaser to rely thereon.

4.4 Restricted Securities. The Purchaser understands that the Shares have not been, and will not be, registered under the Securities Act, by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Purchaser's representations as expressed herein. The Purchaser understands that the Shares are "restricted securities" under applicable U.S. federal and state securities laws and that, pursuant to these laws, the Purchaser must hold the Shares indefinitely unless they are registered with the Securities and Exchange Commission and qualified by state authorities, or an exemption from such registration and qualification requirements is available. The Purchaser acknowledges that the Company has no obligation to register or qualify the Shares, or the Common Stock into which it may be converted, for resale except as set forth in the Investors' Rights Agreement. The Purchaser further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the Shares, and on requirements relating to the Company which are outside of the Purchaser's control, and which the Company is under no obligation and may not be able to satisfy.

4.5 No Public Market. The Purchaser understands that no public market now exists for the Shares, and that the Company has made no assurances that a public market will ever exist for the Shares.

4.6 Legends. The Purchaser understands that the Shares and any securities issued in respect of or exchange for the Shares, may be notated with one or all of the following legends:

> "THE SHARES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AND HAVE BEEN ACQUIRED FOR INVESTMENT AND NOT WITH A VIEW TO, OR IN CONNECTION WITH, THE SALE OR DISTRIBUTION THEREOF. NO SUCH TRANSFER MAY BE EFFECTED WITHOUT AN EFFECTIVE REGISTRATION STATEMENT RELATED THERETO, UNLESS THE COMPANY HAS RECEIVED AN OPINION OF COUNSEL OR OTHER EVIDENCE, REASONABLY SATISFACTORY TO THE COMPANY AND ITS COUNSEL, THAT SUCH REGISTRATION IS NOT REQUIRED UNDER THE SECURITIES ACT OF 1933."

(a) Any legend set forth in, or required by, the other Transaction Agreements.

(b) Any legend required by the securities laws of any state to the extent such laws are applicable to the Shares represented by the certificate, instrument, or book entry so legended.

4.7 Accredited Investor. The Purchaser is an accredited investor as defined in Rule 501(a) of Regulation D promulgated under the Securities Act.

4.8 No General Solicitation. Neither the Purchaser, nor any of its officers, directors, employees, agents, stockholders or partners has either directly or indirectly, including, through a broker or finder (a) engaged in any general solicitation, or (b) published any advertisement in connection with the offer and sale of the Shares.

4.9 Residence. If the Purchaser is an individual, then the Purchaser resides in the state or province identified in the address of the Purchaser set forth on Exhibit A; if the Purchaser is a partnership, corporation, limited liability company or other entity, then the office or offices of the Purchaser in which its principal place of business is identified in the address or addresses of the Purchaser set forth on Exhibit A.

7.10 Severability. The invalidity or unenforceability of any provision hereof shall in no way affect the validity or enforceability of any other provision.

7.11 Delays or Omissions. No delay or omission to exercise any right, power or remedy accruing to any party under this Agreement, upon any breach or default of any other party under this Agreement, shall impair any such right, power or remedy of such non-breaching or non-defaulting party nor shall it be construed to be a waiver of any such breach or default, or an acquiescence therein, or of or in any similar breach or default thereafter occurring; nor shall any waiver of any single breach or default be deemed a waiver of any other breach or default theretofore or thereafter occurring. Any waiver, permit, consent or approval of any kind or character on the part of any party of any breach or default under this Agreement, or any waiver on the part of any party of any provisions or conditions of this Agreement, must be in writing and shall be effective only to the extent specifically set forth in such writing. All remedies, either under this Agreement or by law or otherwise afforded to any party, shall be cumulative and not alternative.

7.12 Entire Agreement. This Agreement (including the Exhibits hereto), the Restated Certificate and the other Transaction Agreements constitute the full and entire understanding and agreement between the parties with respect to the subject matter hereof, and any other written or oral agreement relating to the subject matter hereof existing between the parties are expressly canceled.

7.13 Termination of Subsequent Closing Obligations. The Purchaser shall have the right to terminate its obligations to complete any Additional Closing or Milestone Closing, if prior to the occurrence thereof, any of the following occurs:

(a) the Company consummates a Deemed Liquidation Event (as defined in the Restated Certificate); or

(b) the Company (i) applies for or consents to the appointment of a receiver, trustee, custodian or liquidator of itself or substantially all of its property, (ii) becomes subject to the appointment of a receiver, trustee, custodian or liquidator of itself or substantially all of its property, (iii) makes an assignment for the benefit of creditors, (iv) institutes any proceedings under the United States Bankruptcy Code or any other federal or state bankruptcy, reorganization, receivership, insolvency or other similar law affecting the rights of creditors generally, or files a petition or answer seeking reorganization or an arrangement with creditors to take advantage of any insolvency law, or files an answer admitting the material allegations of a bankruptcy, reorganization or insolvency petition filed against it, or (v) becomes subject to any involuntary proceedings under the United States Bankruptcy Code or any other federal or state bankruptcy, reorganization, receivership, insolvency or other similar law affecting the rights of creditors generally, when proceeding is not dismissed within thirty (30) days of filing, or have an order for relief entered against it in any proceedings under the United States Bankruptcy Code.

7.14 Dispute Resolution. The parties (a) hereby irrevocably and unconditionally submit to the jurisdiction of the state courts of Delaware and to the jurisdiction of the United States District Court for the District of Delaware for the purpose of any suit, action or other proceeding arising out of or based upon this Agreement, (b) agree not to commence any suit, action or other proceeding arising out of or based upon this Agreement except in the state courts of Delaware or the United States District Court for the District of Delaware, and (c) hereby waive, and agree not to assert, by way of motion, as a defense, or otherwise, in any such suit, action or proceeding, any claim that it is not subject personally to the jurisdiction of the above-named courts, that its property is exempt or immune from attachment or execution, that the suit, action or proceeding is brought in an inconvenient forum, that the venue of the suit, action or proceeding is improper or that this Agreement or the subject matter hereof may not be enforced in or by such court.

WAIVER OF JURY TRIAL: EACH PARTY HEREBY WAIVES ITS RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF THIS AGREEMENT, THE OTHER TRANSACTION AGREEMENTS, THE SECURITIES OR THE SUBJECT MATTER HEREOF OR THEREOF. THE SCOPE OF THIS WAIVER IS INTENDED TO BE ALL-ENCOMPASSING OF ANY AND ALL DISPUTES THAT MAY BE FILED IN ANY COURT AND THAT RELATE TO THE SUBJECT MATTER OF THIS TRANSACTION, INCLUDING, WITHOUT LIMITATION, CONTRACT CLAIMS, TORT CLAIMS (INCLUDING NEGLIGENCE), BREACH OF DUTY CLAIMS, AND ALL OTHER COMMON LAW AND STATUTORY CLAIMS. THIS SECTION HAS BEEN FULLY DISCUSSED BY EACH OF THE PARTIES HERETO AND THESE PROVISIONS WILL NOT BE SUBJECT TO ANY EXCEPTIONS. EACH PARTY HERETO HEREBY FURTHER WARRANTS AND REPRESENTS THAT SUCH PARTY HAS REVIEWED THIS WAIVER WITH ITS LEGAL COUNSEL, AND THAT SUCH PARTY KNOWINGLY AND VOLUNTARILY WAIVES ITS JURY TRIAL RIGHTS FOLLOWING CONSULTATION WITH LEGAL COUNSEL.

7.15 No Commitment for Additional Financing. The Company acknowledges and agrees that the Purchaser has not made any representation, undertaking, commitment or

agreement to provide or assist the Company in obtaining any financing, investment or other assistance, other than the purchase of the Shares as set forth herein and subject to the conditions set forth herein. In addition, the Company acknowledges and agrees that (i) no statements, whether written or oral, made by the Purchaser or its representatives on or after the date of this Agreement shall create an obligation, commitment or agreement to provide or assist the Company in obtaining any financing or investment, (ii) the Company shall not rely on any such statement by any Purchaser or its representatives, and (iii) an obligation, commitment or agreement to provide or assist the Company in obtaining any financing or investment may only be created by a written agreement, signed by the Purchaser and the Company, setting forth the terms and conditions of such financing or investment and stating that the parties intend for such writing to be a binding obligation or agreement. The Purchaser shall have the right, in its sole and absolute discretion, to refuse or decline to participate in any other financing of or investment in the Company, and shall have no obligation to assist or cooperate with the Company in obtaining any financing, investment or other assistance.

AMENDED AND RESTATED CERTIFICATE OF INCORPORATION OF NEREID THERAPEUTICS INCORPORATED

(Pursuant to Sections 242 and 245 of the General Corporation Law of the State of Delaware)

Nereid Therapeutics Incorporated, a corporation organized and existing under and by virtue of the provisions of the General Corporation Law of the State of Delaware (the "**General Corporation Law**"),

DOES HEREBY CERTIFY:

1. That the name of this corporation is Nereid Therapeutics Incorporated, and that this corporation was originally incorporated pursuant to the General Corporation Law on October 6, 2020 under the name Nereid Therapeutics Incorporated.

2. That the Board of Directors duly adopted resolutions proposing to amend and restate the Certificate of Incorporation of this corporation, declaring said amendment and restatement to be advisable and in the best interests of this corporation and its stockholders, and authorizing the appropriate officers of this corporation to solicit the consent of the stockholders therefor, which resolution setting forth the proposed amendment and restatement is as follows:

RESOLVED, that the Certificate of Incorporation of this corporation be amended and restated in its entirety to read as follows:

FIRST: The name of this corporation is Nereid Therapeutics Incorporated (the "**Corporation**").

SECOND: The address of the registered office of the Corporation in the State of Delaware is Corporate Trust Center, 1209 Orange Street, in the City of Wilmington, County of New Castle, Delaware 19801. The name of its registered agent at such address is The Corporation Trust Company.

THIRD: The nature of the business or purposes to be conducted or promoted is to engage in any lawful act or activity for which corporations may be organized under the General Corporation Law.

FOURTH: The total number of shares of all classes of stock which the Corporation shall have authority to issue is (i) 62,850,000 shares of Common Stock, $0.001 par value per share ("**Common Stock**") and (ii) 50,000,000 shares of Preferred Stock, $0.001 par value per share ("**Preferred Stock**").

The following is a statement of the designations and the powers, privileges and rights, and the qualifications, limitations or restrictions thereof in respect of each class of capital stock of the Corporation.

A. COMMON STOCK

1. General. The voting, dividend and liquidation rights of the holders of the Common Stock are subject to and qualified by the rights, powers and preferences of the holders of the Preferred Stock set forth herein.

2. Voting. The holders of the Common Stock are entitled to one vote for each share of Common Stock held at all meetings of stockholders (and written actions in lieu of meetings); provided, however, that, except as otherwise required by law, holders of Common Stock, as such, shall not be entitled to vote on any amendment to this Amended and Restated Certificate of Incorporation that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series are entitled, either separately or together with the holders of one or more other such series, to vote thereon pursuant to this Amended and Restated Certificate of Incorporation or pursuant to the General Corporation Law. There shall be no cumulative voting. The number of authorized shares of Common Stock may be increased or decreased (but not below the number of shares thereof then outstanding) by (in addition to any vote of the holders of one or more series of Preferred Stock that may be required by the terms of this Amended and Restated Certificate of Incorporation) the affirmative vote of the holders of shares of capital stock of the Corporation representing a majority of the votes represented by all outstanding shares of capital stock of the Corporation entitled to vote, irrespective of the provisions of Section 242(b)(2) of the General Corporation Law.

3. Redemption. Shares of Common Stock are not redeemable at the option of the holder.

4. Liquidation Rights. Upon the liquidation, dissolution or winding up of the Corporation, the assets of this corporation shall be distributed as provided in Section 2 of Part B of this Article Fourth.

B. PREFERRED STOCK

50,000,000 shares of the authorized and unissued Preferred Stock of the Corporation are hereby designated "**Series Seed Preferred Stock**" with the following rights, preferences, powers, privileges and restrictions, qualifications and limitations. Unless otherwise indicated, references to "sections" or "subsections" in this Part B of this Article Fourth refer to sections and subsections of Part B of this Article Fourth.

1. Dividends.

The Corporation shall not declare, pay or set aside any dividends on shares of any other class or series of capital stock of the Corporation (other than dividends on shares of Common Stock payable in shares of Common Stock) unless (in addition to the obtaining of any consents required elsewhere in this Amended and Restated Certificate of Incorporation) the holders of the Series Seed Preferred Stock then outstanding shall first receive, or simultaneously receive, a dividend on each outstanding share of Series Seed Preferred Stock in an amount at least equal to 8.0% per annum of the Series Seed Original Purchase Price (as defined below). For the avoidance of doubt, dividends on shares of the Series Seed Preferred Stock shall not be cumulative and shall be payable when, as and if declared by the Board of Directors. The "**Series Seed Original Purchase Price**" shall mean $1.00 per share, subject to appropriate adjustment in the event of any

stock dividend, stock split, combination or other similar recapitalization with respect to the Series Seed Preferred Stock.

2. Liquidation, Dissolution or Winding Up; Certain Mergers, Consolidations and Asset Sales.

2.1 Preferential Payments to Holders of Series Seed Preferred Stock. In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Corporation, the holders of shares of Series Seed Preferred Stock then outstanding shall be entitled to be paid out of the assets of the Corporation available for distribution to its stockholders, and in the event of a Deemed Liquidation Event (as defined below), the holders of shares of Series Seed Preferred Stock then outstanding shall be entitled to be paid out of the consideration payable to stockholders in such Deemed Liquidation Event or out of the Available Proceeds (as defined below), as applicable, before any payment shall be made to the holders of Common Stock by reason of their ownership thereof, an amount per share equal to the greater of (i) the Series Seed Original Purchase Price, plus any dividends declared but unpaid thereon, or (ii) such amount per share as would have been payable had all shares of Series Seed Preferred Stock been converted into Common Stock pursuant to Section 4 immediately prior to such liquidation, dissolution, winding up or Deemed Liquidation Event (the amount payable pursuant to this sentence is hereinafter referred to as the "**Series Seed Liquidation Amount**"). If upon any such liquidation, dissolution or winding up of the Corporation or Deemed Liquidation Event, the assets of the Corporation available for distribution to its stockholders shall be insufficient to pay the holders of shares of Series Seed Preferred Stock the full amount to which they shall be entitled under this Subsection 2.1, the holders of shares of Series Seed Preferred Stock shall share ratably in any distribution of the assets available for distribution in proportion to the respective amounts which would otherwise be payable in respect of the shares held by them upon such distribution if all amounts payable on or with respect to such shares were paid in full.

2.2 Payments to Holders of Common Stock. In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Corporation, after the payment in full of all Series Seed Liquidation Amounts required to be paid to the holders of shares of Series Seed Preferred Stock, the remaining assets of the Corporation available for distribution to its stockholders or, in the case of a Deemed Liquidation Event, the consideration not payable to the holders of shares of Series Seed Preferred Stock pursuant to Subsection 2.1 or the remaining Available Proceeds, as the case may be, shall be distributed among the holders of shares of Common Stock, pro rata based on the number of shares held by each such holder.

2.3 Deemed Liquidation Events.

2.3.1 Definition. Each of the following events shall be considered a "**Deemed Liquidation Event**" unless the holders of at least a majority of the outstanding shares of Series Seed Preferred Stock (the "**Requisite Holders**") elect otherwise by written notice sent to the Corporation at least five (5) days prior to the effective date of any such event:

(a) a merger or consolidation in which

(i) the Corporation is a constituent party or

(ii) a subsidiary of the Corporation is a constituent party and the Corporation issues shares of its capital stock pursuant to such merger or consolidation,

except any such merger or consolidation involving the Corporation or a subsidiary in which the shares of capital stock of the Corporation outstanding immediately prior to such merger or consolidation continue to represent, or are converted into or exchanged for shares of capital stock that represent, immediately following such merger or consolidation, at least a majority, by voting power, of the capital stock of (1) the surviving or resulting corporation; or (2) if the surviving or resulting corporation is a wholly owned subsidiary of another corporation immediately following such merger or consolidation, the parent corporation of such surviving or resulting corporation; or

(b) (1) the sale, lease, transfer, exclusive license or other disposition, in a single transaction or series of related transactions, by the Corporation or any subsidiary of the Corporation of all or substantially all the assets of the Corporation and its subsidiaries taken as a whole (including, without limitation, the intellectual property owned by or exclusively licensed to the Corporation), or (2) the sale or disposition (whether by merger, consolidation or otherwise, and whether in a single transaction or a series of related transactions) of one or more subsidiaries of the Corporation if substantially all of the assets of the Corporation and its subsidiaries taken as a whole are held by such subsidiary or subsidiaries, except where such sale, lease, transfer, exclusive license or other disposition is to a wholly owned subsidiary of the Corporation.

For the avoidance of doubt, the transactions contemplated by the Series Seed Stock Purchase Agreement, entered or to be entered into by and among the Corporation, Apple Tree Partners IV, L.P. and Clifford Brangwynne (the "**Purchase Agreement**"), including the issuance of any Additional Shares (as defined in the Purchase Agreement), shall not constitute a Deemed Liquidation Event.

2.3.2 Effecting a Deemed Liquidation Event.

(a) The Corporation shall not have the power to effect a Deemed Liquidation Event referred to in Subsection 2.3.1(a)(i) unless the agreement or plan of merger or consolidation for such transaction (the "**Merger Agreement**") provides that the consideration payable to the stockholders of the Corporation in such Deemed Liquidation Event shall be paid to the holders of capital stock of the Corporation in accordance with Subsections 2.1 and 2.2.

(b) In the event of a Deemed Liquidation Event referred to in Subsection 2.3.1(a)(ii) or 2.3.1(b), if the Corporation does not effect a dissolution of the Corporation under the General Corporation Law within ninety (90) days after such Deemed Liquidation Event, then (i) the Corporation shall send a written notice (the "**Redemption Notice**") to each holder of Series Seed Preferred Stock no later than the ninetieth (90th) day after the Deemed Liquidation Event advising such holders of their right (and the requirements to be met to secure such right) pursuant to the terms of the following clause; (ii) to require the redemption of such shares of Series Seed Preferred Stock, and (iii) if the holders of at least a majority of the then outstanding shares of Series Seed Preferred Stock so request in a written instrument delivered to the Corporation not later than one hundred twenty (120) days after such Deemed Liquidation

Event, the Corporation shall use the consideration received by the Corporation for such Deemed Liquidation Event (net of any retained liabilities associated with the assets sold or technology licensed, as determined in good faith by the Board of Directors of the Corporation), together with any other assets of the Corporation available for distribution to its stockholders, all to the extent permitted by Delaware law governing distributions to stockholders (the "**Available Proceeds**"), on the one hundred fiftieth (150th) day after such Deemed Liquidation Event (the "**Redemption Date**"), to redeem all outstanding shares of Series Seed Preferred Stock at a price per share equal to the Series Seed Liquidation Amount. Notwithstanding the foregoing, in the event of a redemption pursuant to the preceding sentence, if the Available Proceeds are not sufficient to redeem all outstanding shares of Series Seed Preferred Stock, the Corporation shall redeem a pro rata portion of each holder's shares of Series Seed Preferred Stock to the fullest extent of such Available Proceeds, based on the respective amounts which would otherwise be payable in respect of the shares to be redeemed if the Available Proceeds were sufficient to redeem all such shares, and shall redeem the remaining shares as soon as it may lawfully do so under Delaware law governing distributions to stockholders. Prior to the distribution or redemption provided for in this Subsection 2.3.2(b), the Corporation shall not expend or dissipate the consideration received for such Deemed Liquidation Event, except to discharge expenses incurred in connection with such Deemed Liquidation Event or in the ordinary course of business. If the Redemption Notice shall have been duly given, and if on the Redemption Date the Series Seed Liquidation Amount payable upon redemption of the shares of Series Seed Preferred Stock to be redeemed on the Redemption Date is paid or tendered for payment or deposited with an independent payment agent so as to be available therefor in a timely manner, then notwithstanding that any certificates evidencing any of the shares of Series Seed Preferred Stock so called for redemption shall not have been surrendered, all rights with respect to such shares shall forthwith after the Redemption Date terminate, except only the right of the holders to receive the Series Seed Liquidation Amount upon surrender of any such certificate or certificates thereof.

2.3.3 Amount Deemed Paid or Distributed. The amount deemed paid or distributed to the holders of capital stock of the Corporation upon any such merger, consolidation, sale, transfer, exclusive license, other disposition or redemption shall be the cash or the value of the property, rights or securities to be paid or distributed to such holders pursuant to such Deemed Liquidation Event. The value of such property, rights or securities shall be determined in good faith by the Board of Directors of the Corporation, including the approval of a majority of the Series Seed Directors (as defined herein).

2.3.4 Allocation of Escrow and Contingent Consideration. In the event of a Deemed Liquidation Event pursuant to Subsection 2.3.1(a)(i), if any portion of the consideration payable to the stockholders of the Corporation is payable only upon satisfaction of contingencies (the "**Additional Consideration**"), the Merger Agreement shall provide that (a) the portion of such consideration that is not Additional Consideration (such portion, the "**Initial Consideration**") shall be allocated among the holders of capital stock of the Corporation in accordance with Subsections 2.1 and 2.2 as if the Initial Consideration were the only consideration payable in connection with such Deemed Liquidation Event; and (b) any Additional Consideration which becomes payable to the stockholders of the Corporation upon satisfaction of such contingencies shall be allocated among the holders of capital stock of the Corporation in accordance with Subsections 2.1 and 2.2 after taking into account the previous payment of the Initial Consideration as part of the same transaction. For the purposes of this Subsection 2.3.4, consideration placed into escrow or retained as a holdback to be available for satisfaction of

indemnification or similar obligations in connection with such Deemed Liquidation Event shall be deemed to be Additional Consideration.

3. Voting.

3.1 General. On any matter presented to the stockholders of the Corporation for their action or consideration at any meeting of stockholders of the Corporation (or by written consent of stockholders in lieu of meeting), each holder of outstanding shares of Series Seed Preferred Stock shall be entitled to cast the number of votes equal to the number of whole shares of Common Stock into which the shares of Series Seed Preferred Stock held by such holder are convertible as of the record date for determining stockholders entitled to vote on such matter. Except as provided by law or by the other provisions of this Amended and Restated Certificate of Incorporation, holders of Series Seed Preferred Stock shall vote together with the holders of Common Stock as a single class and on an as-converted to Common Stock basis.

3.2 Election of Directors. The holders of record of the shares of Series Seed Preferred Stock, exclusively and as a separate class, shall be entitled to elect three (3) directors of the Corporation, (the three directors designated pursuant to Section 1.2(a) of that certain Voting Agreement, by and among the Corporation and certain stockholders of the Corporation, dated as of the date hereof, the "**Series Seed Directors**") and the holders of record of the shares of Common Stock, exclusively and as a separate class, shall be entitled to elect one (1) directors of the Corporation. Any director elected as provided in the preceding sentence may be removed without cause by, and only by, the affirmative vote of the holders of the shares of the class or series of capital stock entitled to elect such director or directors, given either at a special meeting of such stockholders duly called for that purpose or pursuant to a written consent of stockholders. If the holders of shares of Series Seed Preferred Stock or Common Stock, as the case may be, fail to elect a sufficient number of directors to fill all directorships for which they are entitled to elect directors, voting exclusively and as a separate class, pursuant to the first sentence of this Subsection 3.2, then any directorship not so filled shall remain vacant until such time as the holders of the Series Seed Preferred Stock or Common Stock, as the case may be, elect a person to fill such directorship by vote or written consent in lieu of a meeting; and no such directorship may be filled by stockholders of the Corporation other than by the stockholders of the Corporation that are entitled to elect a person to fill such directorship, voting exclusively and as a separate class. The holders of record of the shares of Common Stock and of any other class or series of voting stock (including the Series Seed Preferred Stock), exclusively and voting together as a single class, shall be entitled to elect the balance of the total number of directors of the Corporation. At any meeting held for the purpose of electing a director, the presence in person or by proxy of the holders of a majority of the outstanding shares of the class or series entitled to elect such director shall constitute a quorum for the purpose of electing such director. Except as otherwise provided in this Subsection 3.2, a vacancy in any directorship filled by the holders of any class or series shall be filled only by vote or written consent in lieu of a meeting of the holders of such class or series or by any remaining director or directors elected by the holders of such class or series pursuant to this Subsection 3.2. Any director may be removed during his or her term of office, either with or without cause, by, and only by, the affirmative vote of the holders of the shares of the class or series of stock entitled to elect such director or directors, given either at a special meeting of such stockholders duly called for that purpose or pursuant to a written consent of stockholders, and any vacancy thereby created may be filled by the holders of that class or series of stock represented at the meeting or pursuant to written consent. The rights of the holders of the

Series Seed Preferred Stock and the rights of the holders of the Common Stock under the first sentence of this Subsection 3.2 shall terminate on the first date following the Series Seed Original Issue Date (as defined below) on which there are outstanding less than 25% of the shares of Series Seed Preferred Stock (subject to appropriate adjustment in the event of any stock dividend, stock split, combination, or other similar recapitalization with respect to the Series Seed Preferred Stock) issued under the Purchase Agreement.

3.3 Series Seed Preferred Stock Protective Provisions. At any time when at least 25% of the shares of Series Seed Preferred Stock (subject to appropriate adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to the Series Seed Preferred Stock) issued under the Purchase Agreement are outstanding, the Corporation shall not, either directly or indirectly by amendment, merger, consolidation or otherwise, do any of the following without (in addition to any other vote required by law, this Amended and Restated Certificate of Incorporation or the Bylaws of the Corporation) the written consent or affirmative vote of the Requisite Holders given in writing or by vote at a meeting, consenting or voting (as the case may be) separately as a class, and any such act or transaction entered into without such consent or vote shall be null and void *ab initio*, and of no force or effect.

3.3.1 liquidate, dissolve or wind-up the business and affairs of the Corporation, effect any merger or consolidation or any other Deemed Liquidation Event, or consent to any of the foregoing;

3.3.2 amend, alter or repeal any provision of this Amended and Restated Certificate of Incorporation or Bylaws of the Corporation in a manner that adversely affects the powers, preferences or rights of the Series Seed Preferred Stock;

3.3.3 create, or authorize the creation of, or issue or obligate itself to issue shares of, any additional class or series of capital stock, or any other security convertible into or exercisable for any equity security, unless the same ranks junior to the Series Seed Preferred Stock with respect to the distribution of assets on the liquidation, dissolution or winding up of the Corporation, the payment of dividends and rights of redemption, or increase the authorized number of shares of Series Seed Preferred Stock or increase the authorized number of shares of any additional class or series of capital stock of the Corporation unless the same ranks junior to the Series Seed Preferred Stock with respect to the distribution of assets on the liquidation, dissolution or winding up of the Corporation, the payment of dividends and rights of redemption;

3.3.4 (i) reclassify, alter or amend any existing security of the Corporation that is pari passu with the Series Seed Preferred Stock in respect of the distribution of assets on the liquidation, dissolution or winding up of the Corporation, the payment of dividends or rights of redemption, if such reclassification, alteration or amendment would render such other security senior to the Series Seed Preferred Stock in respect of any such right, preference, or privilege or (ii) reclassify, alter or amend any existing security of the Corporation that is junior to the Series Seed Preferred Stock in respect of the distribution of assets on the liquidation, dissolution or winding up of the Corporation, the payment of dividends or rights of redemption, if such reclassification, alteration or amendment would render such other security senior to or pari passu with the Series Seed Preferred Stock in respect of any such right, preference or privilege;

3.3.5 purchase or redeem (or permit any subsidiary to purchase or redeem) or pay or declare any dividend or make any distribution on, any shares of capital stock of

the Corporation other than (i) redemptions of or dividends or distributions on the Series Seed Preferred Stock as expressly authorized herein, (ii) dividends or other distributions payable on the Common Stock solely in the form of additional shares of Common Stock and (iii) repurchases of stock from former employees, officers, directors, consultants or other persons who performed services for the Corporation or any subsidiary in connection with the cessation of such employment or service at the lower of the original purchase price or the then-current fair market value thereof;

3.3.6 create, or authorize the creation of, or issue, or authorize the issuance of any debt security or create any lien or security interest (except for purchase money liens or statutory liens of landlords, mechanics, materialmen, workmen, warehousemen and other similar persons arising or incurred in the ordinary course of business) or incur other indebtedness for borrowed money, including but not limited to obligations and contingent obligations under guarantees, or permit any subsidiary to take any such action with respect to any debt security lien, security interest or other indebtedness for borrowed money, unless such debt security has received the prior approval of the Board of Directors, including the approval of a majority of the Series Seed Directors;

3.3.7 create, or hold capital stock in, any subsidiary that is not wholly owned (either directly or through one or more other subsidiaries) by the Corporation, or permit any subsidiary to create, or authorize the creation of, or issue or obligate itself to issue, any shares of any class or series of capital stock, or sell, transfer or otherwise dispose of any capital stock of any direct or indirect subsidiary of the Corporation, or permit any direct or indirect subsidiary to sell, lease, transfer, exclusively license or otherwise dispose (in a single transaction or series of related transactions) of all or substantially all of the assets of such subsidiary; or

3.3.8 increase or decrease the authorized number of directors constituting the Board of Directors.

4. Optional Conversion.

The holders of the Series Seed Preferred Stock shall have conversion rights as follows (the "**Conversion Rights**"):

4.1 Right to Convert.

4.1.1 Conversion Ratio. Each share of Series Seed Preferred Stock shall be convertible, at the option of the holder thereof, at any time and from time to time, and without the payment of additional consideration by the holder thereof, into such number of fully paid and non-assessable shares of Common Stock as is determined by dividing the Series Seed Original Purchase Price by the Series Seed Conversion Price (as defined below) in effect at the time of conversion. The "**Series Seed Conversion Price**" shall initially be equal to $1.00. Such initial Series Seed Conversion Price, and the rate at which shares of Series Seed Preferred Stock may be converted into shares of Common Stock, shall be subject to adjustment as provided below.

4.1.2 Termination of Conversion Rights. In the event that a Redemption Notice has been duly given and a Redemption Date has been properly fixed, in each case with respect to any shares of Series Seed Preferred Stock pursuant to Subsection 2.3.2(b), the conversion rights of the shares designated for redemption shall terminate at the close of business

on the last full day preceding such Redemption Date, unless the Series Seed Liquidation Amount payable with respect to such shares is not paid or tendered for payment or deposited with an independent payment agent in full on such Redemption Date. In the event of a liquidation, dissolution or winding up of the Corporation or a Deemed Liquidation Event, the Conversion Rights shall terminate at the close of business on the last full day preceding the date fixed for the payment of any such amounts distributable on such event to the holders of Series Seed Preferred Stock.

4.2 Fractional Shares. No fractional shares of Common Stock shall be issued upon conversion of the Series Seed Preferred Stock. In lieu of any fractional shares to which the holder would otherwise be entitled, the Corporation shall pay cash equal to such fraction multiplied by the fair market value of a share of Common Stock as determined in good faith by the Board of Directors of the Corporation. Whether or not fractional shares would be issuable upon such conversion shall be determined on the basis of the total number of shares of Series Seed Preferred Stock the holder is at the time converting into Common Stock and the aggregate number of shares of Common Stock issuable upon such conversion.

4.3 Mechanics of Conversion.

4.3.1 Notice of Conversion. In order for a holder of Series Seed Preferred Stock to voluntarily convert shares of Series Seed Preferred Stock into shares of Common Stock, such holder shall (a) provide written notice to the Corporation's transfer agent at the office of the transfer agent for the Series Seed Preferred Stock (or at the principal office of the Corporation if the Corporation serves as its own transfer agent) that such holder elects to convert all or any number of such holder's shares of Series Seed Preferred Stock and, if applicable, any event on which such conversion is contingent and (b), if such holder's shares are certificated, surrender the certificate or certificates for such shares of Series Seed Preferred Stock (or, if such registered holder alleges that such certificate has been lost, stolen or destroyed, a lost certificate affidavit and agreement reasonably acceptable to the Corporation to indemnify the Corporation against any claim that may be made against the Corporation on account of the alleged loss, theft or destruction of such certificate), at the office of the transfer agent for the Series Seed Preferred Stock (or at the principal office of the Corporation if the Corporation serves as its own transfer agent). Such notice shall state such holder's name or the names of the nominees in which such holder wishes the shares of Common Stock to be issued. If required by the Corporation, any certificates surrendered for conversion shall be endorsed or accompanied by a written instrument or instruments of transfer, in form reasonably satisfactory to the Corporation, duly executed by the registered holder or his, her or its attorney duly authorized in writing. The close of business on the date of receipt by the transfer agent (or by the Corporation if the Corporation serves as its own transfer agent) of such notice and, if applicable, certificates (or lost certificate affidavit and agreement) shall be the time of conversion (the "**Conversion Time**"), and the shares of Common Stock issuable upon conversion of the specified shares shall be deemed to be outstanding of record as of such date. The Corporation shall, as soon as practicable after the Conversion Time (i) issue and deliver to such holder of Series Seed Preferred Stock, or to his, her or its nominees, a certificate or certificates for the number of full shares of Common Stock issuable upon such conversion in accordance with the provisions hereof and a certificate for the number (if any) of the shares of Series Seed Preferred Stock represented by the surrendered certificate that were not converted into Common Stock, (ii) pay in cash such amount as provided in Subsection 4.2 in lieu of any fraction of a share of Common Stock otherwise issuable upon such conversion and (iii) pay all declared

but unpaid dividends on the shares of Series Seed Preferred Stock converted. If the conversion is in connection with an underwritten offering of securities registered pursuant to the Securities Act of 1933, as amended, the conversion may, at the option of any holder tendering Series Seed Preferred Stock for conversion, be conditioned upon the closing with the underwriters of the sale of securities pursuant to such offering, in which event the persons entitled to receive the Common Stock upon conversion of the Series Seed Preferred Stock shall not be deemed to have converted such Series Seed Preferred Stock until immediately prior to the closing of such sale of securities. If the conversion is in connection with the provisions of Subsection 5.1(b) below, such conversion shall be deemed to have been made on the conversion date described in the stockholder consent approving such conversion, and the persons entitled to receive shares of Common Stock issuable upon such conversion shall be treated for all purposes as the record holders of such shares of Common Stock as of such date.

4.3.2 Reservation of Shares. The Corporation shall at all times when the Series Seed Preferred Stock shall be outstanding, reserve and keep available out of its authorized but unissued capital stock, for the purpose of effecting the conversion of the Series Seed Preferred Stock, such number of its duly authorized shares of Common Stock as shall from time to time be sufficient to effect the conversion of all outstanding Series Seed Preferred Stock; and if at any time the number of authorized but unissued shares of Common Stock shall not be sufficient to effect the conversion of all then outstanding shares of the Series Seed Preferred Stock, the Corporation shall take such corporate action as may be necessary to increase its authorized but unissued shares of Common Stock to such number of shares as shall be sufficient for such purposes, including, without limitation, engaging in best efforts to obtain the requisite stockholder approval of any necessary amendment to this Amended and Restated Certificate of Incorporation. Before taking any action which would cause an adjustment reducing the Series Seed Conversion Price below the then par value of the shares of Common Stock issuable upon conversion of the Series Seed Preferred Stock, the Corporation will take any corporate action which may, in the opinion of its counsel, be necessary in order that the Corporation may validly and legally issue fully paid and non-assessable shares of Common Stock at such adjusted Series Seed Conversion Price.

4.3.3 Effect of Conversion. All shares of Series Seed Preferred Stock which shall have been surrendered for conversion as herein provided shall no longer be deemed to be outstanding and all rights with respect to such shares shall immediately cease and terminate at the Conversion Time, except only the right of the holders thereof to receive shares of Common Stock in exchange therefor, to receive payment in lieu of any fraction of a share otherwise issuable upon such conversion as provided in Subsection 4.2 and to receive payment of any dividends declared but unpaid thereon. Any shares of Series Seed Preferred Stock so converted shall be retired and cancelled and may not be reissued as shares of such series, and the Corporation may thereafter take such appropriate action (without the need for stockholder action) as may be necessary to reduce the authorized number of shares of Series Seed Preferred Stock accordingly.

4.3.4 No Further Adjustment. Upon any such conversion, no adjustment to the Series Seed Conversion Price shall be made for any declared but unpaid dividends on the Series Seed Preferred Stock surrendered for conversion or on the Common Stock delivered upon conversion.

4.3.5 Taxes. The Corporation shall pay any and all issue and other similar taxes that may be payable in respect of any issuance or delivery of shares of Common Stock upon conversion of shares of Series Seed Preferred Stock pursuant to this Section 4. The Corporation shall not, however, be required to pay any tax which may be payable in respect of any transfer involved in the issuance and delivery of shares of Common Stock in a name other than that in which the shares of Series Seed Preferred Stock so converted were registered, and no such issuance or delivery shall be made unless and until the person or entity requesting such issuance has paid to the Corporation the amount of any such tax or has established, to the satisfaction of the Corporation, that such tax has been paid.

4.4 Adjustments to Series Seed Conversion Price for Diluting Issues.

4.4.1 Special Definitions. For purposes of this Article Fourth, the following definitions shall apply:

(a) "**Option**" shall mean rights, options or warrants to subscribe for, purchase or otherwise acquire Common Stock or Convertible Securities.

(b) "**Series Seed Original Issue Date**" shall mean the date on which the first share of Series Seed Preferred Stock was issued.

(c) "**Convertible Securities**" shall mean any evidences of indebtedness, shares or other securities directly or indirectly convertible into or exchangeable for Common Stock, but excluding Options. Convertible Securities includes, for the avoidance of doubt, the Series Seed Preferred Stock.

(d) "**Additional Shares of Common Stock**" shall mean all shares of Common Stock issued (or, pursuant to Subsection 4.4.3 below, deemed to be issued) by the Corporation after the Series Seed Original Issue Date, other than (1) the following shares of Common Stock and (2) shares of Common Stock deemed issued pursuant to the following Options and Convertible Securities (clauses (1) and (2), collectively, "**Exempted Securities**"):

(i) shares of Common Stock, Options or Convertible Securities issued as a dividend or distribution on Series Seed Preferred Stock;

(ii) shares of Common Stock, Options or Convertible Securities issued by reason of a dividend, stock split, split-up or other distribution on shares of Common Stock that is covered by Subsection 4.5, 4.6, 4.7 or 4.8;

(iii) shares of Common Stock or Options issued to employees or directors of, or consultants or advisors to, the Corporation or any of its subsidiaries pursuant to a plan, agreement or arrangement approved by the Board of Directors of the Corporation, including a majority of the Series Seed Directors;

(iv) shares of Common Stock or Convertible Securities actually issued upon the exercise of Options or shares of Common Stock actually issued upon the conversion or exchange of Convertible Securities, in each case provided such issuance is pursuant to the terms of such Option or Convertible Security; or

(v) Additional Shares, as defined in the Purchase Agreement.

4.4.2 No Adjustment of Series Seed Conversion Price. No adjustment in the Series Seed Conversion Price shall be made as the result of the issuance or deemed issuance of Additional Shares of Common Stock if the Corporation receives written notice from the Requisite Holders agreeing that no such adjustment shall be made as the result of the issuance or deemed issuance of such Additional Shares of Common Stock.

4.4.3 Deemed Issue of Additional Shares of Common Stock.

(a) If the Corporation at any time or from time to time after the Series Seed Original Issue Date shall issue any Options or Convertible Securities (excluding Options or Convertible Securities which are themselves Exempted Securities) or shall fix a record date for the determination of holders of any class of securities entitled to receive any such Options or Convertible Securities, then the maximum number of shares of Common Stock (as set forth in the instrument relating thereto, assuming the satisfaction of any conditions to exercisability, convertibility or exchangeability but without regard to any provision contained therein for a subsequent adjustment of such number) issuable upon the exercise of such Options or, in the case of Convertible Securities and Options therefor, the conversion or exchange of such Convertible Securities, shall be deemed to be Additional Shares of Common Stock issued as of the time of such issue or, in case such a record date shall have been fixed, as of the close of business on such record date.

(b) If the terms of any Option or Convertible Security, the issuance of which resulted in an adjustment to the Series Seed Conversion Price pursuant to the terms of Subsection 4.4.4, are revised as a result of an amendment to such terms or any other adjustment pursuant to the provisions of such Option or Convertible Security (but excluding automatic adjustments to such terms pursuant to anti-dilution or similar provisions of such Option or Convertible Security) to provide for either (1) any increase or decrease in the number of shares of Common Stock issuable upon the exercise, conversion and/or exchange of any such Option or Convertible Security or (2) any increase or decrease in the consideration payable to the Corporation upon such exercise, conversion and/or exchange, then, effective upon such increase or decrease becoming effective, the Series Seed Conversion Price computed upon the original issue of such Option or Convertible Security (or upon the occurrence of a record date with respect thereto) shall be readjusted to such Series Seed Conversion Price as would have obtained had such revised terms been in effect upon the original date of issuance of such Option or Convertible Security. Notwithstanding the foregoing, no readjustment pursuant to this clause (b) shall have the effect of increasing the Series Seed Conversion Price to an amount which exceeds the lower of (i) the Series Seed Conversion Price in effect immediately prior to the original adjustment made as a result of

the issuance of such Option or Convertible Security, or (ii) the Series Seed Conversion Price that would have resulted from any issuances of Additional Shares of Common Stock (other than deemed issuances of Additional Shares of Common Stock as a result of the issuance of such Option or Convertible Security) between the original adjustment date and such readjustment date.

(c) If the terms of any Option or Convertible Security (excluding Options or Convertible Securities which are themselves Exempted Securities), the issuance of which did not result in an adjustment to the Series Seed Conversion Price pursuant to the terms of Subsection 4.4.4 (either because the consideration per share (determined pursuant to Subsection 4.4.5) of the Additional Shares of Common Stock subject thereto was equal to or greater than the Series Seed Conversion Price then in effect, or because such Option or Convertible Security was issued before the Series Seed Original Issue Date), are revised after the Series Seed Original Issue Date as a result of an amendment to such terms or any other adjustment pursuant to the provisions of such Option or Convertible Security (but excluding automatic adjustments to such terms pursuant to anti-dilution or similar provisions of such Option or Convertible Security) to provide for either (1) any increase in the number of shares of Common Stock issuable upon the exercise, conversion or exchange of any such Option or Convertible Security or (2) any decrease in the consideration payable to the Corporation upon such exercise, conversion or exchange, then such Option or Convertible Security, as so amended or adjusted, and the Additional Shares of Common Stock subject thereto (determined in the manner provided in Subsection 4.4.3(a) shall be deemed to have been issued effective upon such increase or decrease becoming effective.

(d) Upon the expiration or termination of any unexercised Option or unconverted or unexchanged Convertible Security (or portion thereof) which resulted (either upon its original issuance or upon a revision of its terms) in an adjustment to the Series Seed Conversion Price pursuant to the terms of Subsection 4.4.4, the Series Seed Conversion Price shall be readjusted to such Series Seed Conversion Price as would have been obtained had such Option or Convertible Security (or portion thereof) never been issued.

(e) If the number of shares of Common Stock issuable upon the exercise, conversion and/or exchange of any Option or Convertible Security, or the consideration payable to the Corporation upon such exercise, conversion and/or exchange, is calculable at the time such Option or Convertible Security is issued or amended but is subject to adjustment based upon subsequent events, any adjustment to the Series Seed Conversion Price provided for in this Subsection 4.4.3 shall be effected at the time of such issuance or amendment based on such number of shares or amount of consideration without regard to any provisions for subsequent adjustments (and any subsequent adjustments shall be treated as provided in clauses (b) and (c) of this Subsection 4.4.3). If the number of shares of Common Stock issuable upon the exercise, conversion and/or exchange of any Option or Convertible Security, or the consideration payable to the Corporation upon such exercise, conversion and/or exchange, cannot be calculated at all at the time such Option or Convertible Security is issued or amended, any adjustment to the Series Seed Conversion Price that would result under the terms of this Subsection 4.4.3 at the time of such issuance or amendment shall instead be effected at the time such number of shares and/or amount of consideration is first calculable (even if subject to subsequent adjustments), assuming for purposes of calculating such adjustment to the Series Seed Conversion Price that such issuance or amendment took place at the time such calculation can first be made.

4.4.4 Adjustment of Series Seed Conversion Price Upon Issuance of Additional Shares of Common Stock. In the event the Corporation shall at any time after the

Series Seed Original Issue Date issue Additional Shares of Common Stock (including Additional Shares of Common Stock deemed to be issued pursuant to Subsection 4.4.3), without consideration or for a consideration per share less than the Series Seed Conversion Price in effect immediately prior to such issuance or deemed issuance, then the Series Seed Conversion Price shall be reduced, concurrently with such issue, to a price (calculated to the nearest one-hundredth of a cent) determined in accordance with the following formula:

$$CP_2 = CP_1 * (A + B) \div (A + C).$$

For purposes of the foregoing formula, the following definitions shall apply:

(a) "CP_2" shall mean the Series Seed Conversion Price in effect immediately after such issuance or deemed issuance of Additional Shares of Common Stock;

(b) "CP_1" shall mean the Series Seed Conversion Price in effect immediately prior to such issuance or deemed issuance of Additional Shares of Common Stock;

(c) "A" shall mean the number of shares of Common Stock outstanding immediately prior to such issuance or deemed issuance of Additional Shares of Common Stock (treating for this purpose as outstanding all shares of Common Stock issuable upon exercise of Options outstanding immediately prior to such issuance or deemed issuance or upon conversion or exchange of Convertible Securities (including the Series Seed Preferred Stock) outstanding (assuming exercise of any outstanding Options therefor) immediately prior to such issue);

(d) "B" shall mean the number of shares of Common Stock that would have been issued if such Additional Shares of Common Stock had been issued or deemed issued at a price per share equal to CP_1 (determined by dividing the aggregate consideration received by the Corporation in respect of such issue by CP_1); and

(e) "C" shall mean the number of such Additional Shares of Common Stock issued in such transaction.

4.4.5 Determination of Consideration. For purposes of this Subsection 4.4, the consideration received by the Corporation for the issuance or deemed issuance of any Additional Shares of Common Stock shall be computed as follows:

(a) Cash and Property: Such consideration shall:

(i) insofar as it consists of cash, be computed at the aggregate amount of cash received by the Corporation, excluding amounts paid or payable for accrued interest;

(ii) insofar as it consists of property other than cash, be computed at the fair market value thereof at the time of such issue, as

determined in good faith by the Board of Directors of the Corporation; and

(iii) in the event Additional Shares of Common Stock are issued together with other shares or securities or other assets of the Corporation for consideration which covers both, be the proportion of such consideration so received, computed as provided in clauses (i) and (ii) above, as determined in good faith by the Board of Directors of the Corporation.

(b) Options and Convertible Securities. The consideration per share received by the Corporation for Additional Shares of Common Stock deemed to have been issued pursuant to Subsection 4.4.3, relating to Options and Convertible Securities, shall be determined by dividing:

(i) The total amount, if any, received or receivable by the Corporation as consideration for the issue of such Options or Convertible Securities, plus the minimum aggregate amount of additional consideration (as set forth in the instruments relating thereto, without regard to any provision contained therein for a subsequent adjustment of such consideration) payable to the Corporation upon the exercise of such Options or the conversion or exchange of such Convertible Securities, or in the case of Options for Convertible Securities, the exercise of such Options for Convertible Securities and the conversion or exchange of such Convertible Securities, by

(ii) the maximum number of shares of Common Stock (as set forth in the instruments relating thereto, without regard to any provision contained therein for a subsequent adjustment of such number) issuable upon the exercise of such Options or the conversion or exchange of such Convertible Securities, or in the case of Options for Convertible Securities, the exercise of such Options for Convertible Securities and the conversion or exchange of such Convertible Securities.

4.4.6 Multiple Closing Dates. In the event the Corporation shall issue on more than one date Additional Shares of Common Stock that are a part of one transaction

or a series of related transactions and that would result in an adjustment to the Series Seed Conversion Price pursuant to the terms of Subsection 4.4.4, and such issuance dates occur within a period of no more than ninety (90) days from the first such issuance to the final such issuance, then, upon the final such issuance, the Series Seed Conversion Price shall be readjusted to give effect to all such issuances as if they occurred on the date of the first such issuance (and without giving effect to any additional adjustments as a result of any such subsequent issuances within such period).

4.5 Adjustment for Stock Splits and Combinations. If the Corporation shall at any time or from time to time after the Series Seed Original Issue Date effect a subdivision of the outstanding Common Stock, the Series Seed Conversion Price in effect immediately before that subdivision shall be proportionately decreased so that the number of shares of Common Stock issuable on conversion of each share of such series shall be increased in proportion to such increase in the aggregate number of shares of Common Stock outstanding. If the Corporation shall at any time or from time to time after the Series Seed Original Issue Date combine the outstanding shares of Common Stock, the Series Seed Conversion Price in effect immediately before the combination shall be proportionately increased so that the number of shares of Common Stock issuable on conversion of each share of such series shall be decreased in proportion to such decrease in the aggregate number of shares of Common Stock outstanding. Any adjustment under this subsection shall become effective at the close of business on the date the subdivision or combination becomes effective.

4.6 Adjustment for Certain Dividends and Distributions. In the event the Corporation at any time or from time to time after the Series Seed Original Issue Date shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable on the Common Stock in additional shares of Common Stock, then and in each such event the Series Seed Conversion Price in effect immediately before such event shall be decreased as of the time of such issuance or, in the event such a record date shall have been fixed, as of the close of business on such record date, by multiplying the Series Seed Conversion Price then in effect by a fraction:

(1) the numerator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and

(2) the denominator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date plus the number of shares of Common Stock issuable in payment of such dividend or distribution.

Notwithstanding the foregoing (a) if such record date shall have been fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefor, the Series Seed Conversion Price shall be recomputed accordingly as of the close of business on such record date and thereafter the Series Seed Conversion Price shall be adjusted pursuant to this subsection as of the time of actual payment of such dividends or distributions; and (b) that no such adjustment shall be made if the holders of Series Seed Preferred Stock simultaneously receive a dividend or other distribution of shares of Common Stock in a number equal to the number of shares of Common Stock as they would have received if all outstanding shares of Series Seed Preferred Stock had been converted into Common Stock on the date of such event.

4.7 Adjustments for Other Dividends and Distributions. In the event the Corporation at any time or from time to time after the Series Seed Original Issue Date shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable in securities of the Corporation (other than a distribution of shares of Common Stock in respect of outstanding shares of Common Stock) or in other property and the provisions of Section 1 do not apply to such dividend or distribution, then and in each such event the holders of Series Seed Preferred Stock shall receive, simultaneously with the distribution to the holders of Common Stock, a dividend or other distribution of such securities or other property in an amount equal to the amount of such securities or other property as they would have received if all outstanding shares of Series Seed Preferred Stock had been converted into Common Stock on the date of such event.

4.8 Adjustment for Merger or Reorganization, etc. Subject to the provisions of Subsection 2.3, if there shall occur any reorganization, recapitalization, reclassification, consolidation or merger involving the Corporation in which the Common Stock (but not the Series Seed Preferred Stock) is converted into or exchanged for securities, cash or other property (other than a transaction covered by Subsections 4.4, 4.6 or 4.7), then, following any such reorganization, recapitalization, reclassification, consolidation or merger, each share of Series Seed Preferred Stock shall thereafter be convertible in lieu of the Common Stock into which it was convertible prior to such event into the kind and amount of securities, cash or other property which a holder of the number of shares of Common Stock of the Corporation issuable upon conversion of one share of Series Seed Preferred Stock immediately prior to such reorganization, recapitalization, reclassification, consolidation or merger would have been entitled to receive pursuant to such transaction; and, in such case, appropriate adjustment (as determined in good faith by the Board of Directors of the Corporation) shall be made in the application of the provisions in this Section 4 with respect to the rights and interests thereafter of the holders of the Series Seed Preferred Stock, to the end that the provisions set forth in this Section 4 (including provisions with respect to changes in and other adjustments of the Series Seed Conversion Price) shall thereafter be applicable, as nearly as reasonably may be, in relation to any securities or other property thereafter deliverable upon the conversion of the Series Seed Preferred Stock.

4.9 Certificate as to Adjustments. Upon the occurrence of each adjustment or readjustment of the Series Seed Conversion Price pursuant to this Section 4, the Corporation at its expense shall, as promptly as reasonably practicable but in any event not later than ten (10) days thereafter, compute such adjustment or readjustment in accordance with the terms hereof and furnish to each holder of Series Seed Preferred Stock a certificate setting forth such adjustment or readjustment (including the kind and amount of securities, cash or other property into which the Series Seed Preferred Stock is convertible) and showing in detail the facts upon which such adjustment or readjustment is based. The Corporation shall, as promptly as reasonably practicable after the written request at any time of any holder of Series Seed Preferred Stock (but in any event not later than ten (10) days thereafter), furnish or cause to be furnished to such holder a certificate setting forth (i) the Series Seed Conversion Price then in effect, and (ii) the number of shares of Common Stock and the amount, if any, of other securities, cash or property which then would be received upon the conversion of Series Seed Preferred Stock.

4.10 Notice of Record Date. In the event:

(a) the Corporation shall take a record of the holders of its Common Stock (or other capital stock or securities at the time issuable upon conversion of the

Series Seed Preferred Stock) for the purpose of entitling or enabling them to receive any dividend or other distribution, or to receive any right to subscribe for or purchase any shares of capital stock of any class or any other securities, or to receive any other security; or

(b) of any capital reorganization of the Corporation, any reclassification of the Common Stock of the Corporation, or any Deemed Liquidation Event; or

(c) of the voluntary or involuntary dissolution, liquidation or winding-up of the Corporation,

then, and in each such case, the Corporation will send or cause to be sent to the holders of the Series Seed Preferred Stock a notice specifying, as the case may be, (i) the record date for such dividend, distribution or right, and the amount and character of such dividend, distribution or right, or (ii) the effective date on which such reorganization, reclassification, consolidation, merger, transfer, dissolution, liquidation or winding-up is proposed to take place, and the time, if any is to be fixed, as of which the holders of record of Common Stock (or such other capital stock or securities at the time issuable upon the conversion of the Series Seed Preferred Stock) shall be entitled to exchange their shares of Common Stock (or such other capital stock or securities) for securities or other property deliverable upon such reorganization, reclassification, consolidation, merger, transfer, dissolution, liquidation or winding-up, and the amount per share and character of such exchange applicable to the Series Seed Preferred Stock and the Common Stock. Such notice shall be sent at least ten (10) days prior to the record date or effective date for the event specified in such notice.

5. Mandatory Conversion.

5.1 Trigger Events. Upon any of (a) the closing of the sale of shares of Common Stock to the public at a price of at least $4.00 per share (subject to appropriate adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to the Common Stock), in a firm-commitment underwritten public offering pursuant to an effective registration statement under the Securities Act of 1933, as amended, resulting in at least $65,000,000 of gross proceeds to the Corporation or (b) the date and time, or the occurrence of an event, specified by vote or written consent of the Requisite Holders (the time of such closing or the date and time specified or the time of the event specified in such vote or written consent is referred to herein as the "**Mandatory Conversion Time**"), then (i) all outstanding shares of Series Seed Preferred Stock shall automatically be converted into shares of Common Stock, at the then effective conversion rate as calculated pursuant to Subsection 4.1.1 and (ii) such shares may not be reissued by the Corporation.

5.2 Procedural Requirements. All holders of record of shares of Series Seed Preferred Stock shall be sent written notice of the Mandatory Conversion Time and the place designated for mandatory conversion of all such shares of Series Seed Preferred Stock pursuant to this Section 5. Such notice need not be sent in advance of the occurrence of the Mandatory Conversion Time. Upon receipt of such notice, each holder of shares of Series Seed Preferred Stock in certificated form shall surrender his, her or its certificate or certificates for all such shares (or, if such holder alleges that such certificate has been lost, stolen or destroyed, a lost certificate affidavit and agreement reasonably acceptable to the Corporation to indemnify the Corporation against any claim that may be made against the Corporation on account of the alleged loss, theft or destruction of such certificate) to the Corporation at the place designated in such notice. If so

required by the Corporation, any certificates surrendered for conversion shall be endorsed or accompanied by written instrument or instruments of transfer, in form satisfactory to the Corporation, duly executed by the registered holder or by his, her or its attorney duly authorized in writing. All rights with respect to the Series Seed Preferred Stock converted pursuant to Subsection 5.1, including the rights, if any, to receive notices and vote (other than as a holder of Common Stock), will terminate at the Mandatory Conversion Time (notwithstanding the failure of the holder or holders thereof to surrender any certificates at or prior to such time), except only the rights of the holders thereof, upon surrender of any certificate or certificates of such holders (or lost certificate affidavit and agreement) therefor, to receive the items provided for in the next sentence of this Subsection 5.2. As soon as practicable after the Mandatory Conversion Time and, if applicable, the surrender of any certificate or certificates (or lost certificate affidavit and agreement) for Series Seed Preferred Stock, the Corporation shall (a) issue and deliver to such holder, or to his, her or its nominees, a certificate or certificates for the number of full shares of Common Stock issuable on such conversion in accordance with the provisions hereof and (b) pay cash as provided in Subsection 4.2 in lieu of any fraction of a share of Common Stock otherwise issuable upon such conversion and the payment of any declared but unpaid dividends on the shares of Series Seed Preferred Stock converted. Such converted Series Seed Preferred Stock shall be retired and cancelled and may not be reissued as shares of such series, and the Corporation may thereafter take such appropriate action (without the need for stockholder action) as may be necessary to reduce the authorized number of shares of Series Seed Preferred Stock accordingly.

6. Redemption. Except as provided in Subsection 2.3.2, shares of the Series Seed Preferred Stock are not redeemable at the option of the holder.

7. Redeemed or Otherwise Acquired Shares. Any shares of Series Seed Preferred Stock that are redeemed or otherwise acquired by the Corporation or any of its subsidiaries shall be automatically and immediately cancelled and retired and shall not be reissued, sold or transferred. Neither the Corporation nor any of its subsidiaries may exercise any voting or other rights granted to the holders of Series Seed Preferred Stock following redemption.

8. Waiver. Any of the rights, powers, preferences and other terms of the Series Seed Preferred Stock set forth herein may be waived on behalf of all holders of Series Seed Preferred Stock by the affirmative written consent or vote of the holders of at least a majority of the shares of Series Seed Preferred Stock then outstanding.

9. Notices. Any notice required or permitted by the provisions of this Article Fourth to be given to a holder of shares of Series Seed Preferred Stock shall be mailed, postage prepaid, to the post office address last shown on the records of the Corporation, or given by electronic communication in compliance with the provisions of the General Corporation Law, and shall be deemed sent upon such mailing or electronic transmission.

FIFTH: Subject to any additional vote required by this Amended and Restated Certificate of Incorporation or Bylaws, in furtherance and not in limitation of the powers conferred by statute, the Board of Directors is expressly authorized to make, repeal, alter, amend and rescind any or all of the Bylaws of the Corporation.

SIXTH: Subject to any additional vote required by this Amended and Restated Certificate of Incorporation, the number of directors of the Corporation shall be determined in the manner set forth in the Bylaws of the Corporation. Each director shall be entitled to one vote on

each matter presented to the Board of Directors; provided, however, that, so long as the holders of Series Seed Preferred Stock are entitled to elect a Series Seed Director, the affirmative vote of a majority of the Series Seed Directors shall be required for the authorization by the Board of Directors of any of the matters set forth in Section 5.5 of the Investors' Rights Agreement, dated as of the date hereof, by and among the Corporation and the other parties thereto, as such agreement may be amended from time to time.

SEVENTH: Elections of directors need not be by written ballot unless the Bylaws of the Corporation shall so provide.

EIGHTH: Meetings of stockholders may be held within or without the State of Delaware, as the Bylaws of the Corporation may provide. The books of the Corporation may be kept outside the State of Delaware at such place or places as may be designated from time to time by the Board of Directors or in the Bylaws of the Corporation.

NINTH: To the fullest extent permitted by law, a director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director. If the General Corporation Law or any other law of the State of Delaware is amended after approval by the stockholders of this Article Ninth to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director of the Corporation shall be eliminated or limited to the fullest extent permitted by the General Corporation Law as so amended.

Any repeal or modification of the foregoing provisions of this Article Ninth by the stockholders of the Corporation shall not adversely affect any right or protection of a director of the Corporation existing at the time of, or increase the liability of any director of the Corporation with respect to any acts or omissions of such director occurring prior to, such repeal or modification.

TENTH: To the fullest extent permitted by applicable law, the Corporation is authorized to provide indemnification of (and advancement of expenses to) directors, officers and agents of the Corporation (and any other persons to which General Corporation Law permits the Corporation to provide indemnification) through Bylaw provisions, agreements with such agents or other persons, vote of stockholders or disinterested directors or otherwise, in excess of the indemnification and advancement otherwise permitted by Section 145 of the General Corporation Law.

Any amendment, repeal or modification of the foregoing provisions of this Article Tenth shall not (a) adversely affect any right or protection of any director, officer or other agent of the Corporation existing at the time of such amendment, repeal or modification or (b) increase the liability of any director of the Corporation with respect to any acts or omissions of such director, officer or agent occurring prior to, such amendment, repeal or modification.

ELEVENTH: The Corporation renounces, to the fullest extent permitted by law, any interest or expectancy of the Corporation in, or in being offered an opportunity to participate in, any Excluded Opportunity. An "**Excluded Opportunity**" is any matter, transaction or interest that is presented to, or acquired, created or developed by, or which otherwise comes into the possession of (i) any director of the Corporation who is not an employee of the Corporation or any of its subsidiaries, or (ii) any holder of Series Seed Preferred Stock or any partner, member,

director, stockholder, employee, affiliate or agent of any such holder, other than someone who is an employee of the Corporation or any of its subsidiaries (collectively, the persons referred to in clauses (i) and (ii) are "**Covered Persons**"), unless such matter, transaction or interest is presented to, or acquired, created or developed by, or otherwise comes into the possession of, a Covered Person expressly and solely in such Covered Person's capacity as a director of the Corporation while such Covered Person is performing services in such capacity. Any repeal or modification of this Article Eleventh will only be prospective and will not affect the rights under this Article Eleventh in effect at the time of the occurrence of any actions or omissions to act giving rise to liability. Notwithstanding anything to the contrary contained elsewhere in this Amended and Restated Certificate of Incorporation, the affirmative vote of the holders of a majority of the shares of Series Seed Preferred Stock the outstanding, will be required to amend or repeal, or to adopt any provisions inconsistent with this Article Eleventh.

TWELFTH: Unless the Corporation consents in writing to the selection of an alternative forum, the Court of Chancery in the State of Delaware shall be the sole and exclusive forum for any stockholder (including a beneficial owner) to bring (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim of breach of fiduciary duty owed by any director, officer or other employee of the Corporation to the Corporation or the Corporation's stockholders, (iii) any action asserting a claim against the Corporation, its directors, officers or employees arising pursuant to any provision of the Delaware General Corporation Law or the Corporation's certificate of incorporation or bylaws or (iv) any action asserting a claim against the Corporation, its directors, officers or employees governed by the internal affairs doctrine, except for, as to each of (i) through (iv) above, any claim as to which the Court of Chancery determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, or for which the Court of Chancery does not have subject matter jurisdiction. If any provision or provisions of this Article Twelfth shall be held to be invalid, illegal or unenforceable as applied to any person or entity or circumstance for any reason whatsoever, then, to the fullest extent permitted by law, the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of this Article Twelfth (including, without limitation, each portion of any sentence of this Article Twelfth containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) and the application of such provision to other persons or entities and circumstances shall not in any way be affected or impaired thereby.

FORM OF INDEMNIFICATION AGREEMENT

Execution Version

INDEMNIFICATION AGREEMENT

THIS INDEMNIFICATION AGREEMENT (the "***Agreement***") is made and entered into as of _____, 2020 between Nereid Therapeutics Incorporated, a Delaware corporation (the "***Company***"), and [*Name*]("***Indemnitee***").

WITNESSETH THAT:

WHEREAS, highly competent persons have become more reluctant to serve corporations as directors, officers or in other capacities unless they are provided with adequate protection through insurance or adequate indemnification against inordinate risks of claims and actions against them arising out of their service to and activities on behalf of the corporation;

WHEREAS, the Board of Directors of the Company (the "***Board***") has determined that, in order to attract and retain qualified individuals, the Company will attempt to maintain on an ongoing basis, at its sole expense, liability insurance to protect persons serving the Company and its subsidiaries from certain liabilities. Although the furnishing of such insurance has been a customary and widespread practice among United States-based corporations and other business enterprises, the Company believes that, given current market conditions and trends, such insurance may be available to it in the future only at higher premiums and with more exclusions. At the same time, directors, officers, and other persons in service to corporations or business enterprises are being increasingly subjected to expensive and time-consuming litigation relating to, among other things, matters that traditionally would have been brought only against the Company or business enterprise itself. The Bylaws of the Company require indemnification of the officers and directors of the Company. Indemnitee may also be entitled to indemnification pursuant to the General Corporation Law of the State of Delaware ("***DGCL***"). The Bylaws and the DGCL expressly provide that the indemnification provisions set forth therein are not exclusive, and thereby contemplate that contracts may be entered into between the Company and members of the Board, officers and other persons with respect to indemnification;

WHEREAS, the uncertainties relating to such insurance and to indemnification have increased the difficulty of attracting and retaining such persons;

WHEREAS, the Board has determined that the increased difficulty in attracting and retaining such persons is detrimental to the best interests of the Company's stockholders and that the Company should act to assure such persons that there will be increased certainty of such protection in the future;

WHEREAS, it is reasonable, prudent and necessary for the Company contractually to obligate itself to indemnify, and to advance expenses on behalf of, such persons to the fullest extent permitted by applicable law so that they will serve or continue to serve the Company free from undue concern that they will not be so indemnified;

WHEREAS, this Agreement is a supplement to and in furtherance of the Bylaws of the Company and any resolutions adopted pursuant thereto, and shall not be deemed a substitute therefor, nor to diminish or abrogate any rights of Indemnitee thereunder; and

WHEREAS, Indemnitee does not regard the protection available under the Company's Bylaws and insurance as adequate in the present circumstances, and may not be willing to serve

as an officer or director without adequate protection, and the Company desires Indemnitee to serve in such capacity. Indemnitee is willing to serve, continue to serve and to take on additional service for or on behalf of the Company on the condition that he be so indemnified; and

WHEREAS, Indemnitee has certain rights to indemnification and/or insurance provided by Apple Tree Partners, which Indemnitee and Apple Tree Partners intend to be secondary to the primary obligation of the Company to indemnify Indemnitee as provided herein, with the Company's acknowledgement and agreement to the foregoing being a material condition to Indemnitee's willingness to serve on the Board.

NOW, THEREFORE, in consideration of Indemnitee's agreement to serve as an officer and/or director from and after the date hereof, the parties hereto agree as follows:

1. Indemnity of Indemnitee. The Company hereby agrees to hold harmless and indemnify Indemnitee to the fullest extent permitted by law, as such may be amended from time to time. In furtherance of the foregoing indemnification, and without limiting the generality thereof:

(a) Proceedings Other Than Proceedings by or in the Right of the Company. Indemnitee shall be entitled to the rights of indemnification provided in this Section 1(a) if, by reason of his Corporate Status (as hereinafter defined), the Indemnitee is, or is threatened to be made, a party to or participant in any Proceeding (as hereinafter defined) other than a Proceeding by or in the right of the Company. Pursuant to this Section 1(a), Indemnitee shall be indemnified against all Expenses (as hereinafter defined), judgments, damages, deficiencies, liabilities, losses, penalties, fines, assessments and amounts paid in settlement actually and reasonably incurred by him, or on his behalf, in connection with such Proceeding or any claim, issue or matter therein, if the Indemnitee acted in good faith and in a manner the Indemnitee reasonably believed to be in or not opposed to the best interests of the Company, and with respect to any criminal Proceeding, had no reasonable cause to believe the Indemnitee's conduct was unlawful. The Company's obligation to indemnify to the "fullest extent permitted by applicable law" shall parallel future amendments to applicable law, but only to the extent that any future amendment entitles Indemnitee to broader indemnification rights than applicable law permitted prior to adoption of that amendment.

(b) Proceedings by or in the Right of the Company. Indemnitee shall be entitled to the rights of indemnification provided in this Section 1(b) if, by reason of his Corporate Status, the Indemnitee is, or is threatened to be made, a party to or participant in any Proceeding brought by or in the right of the Company. Pursuant to this Section 1(b), Indemnitee shall be indemnified against all Expenses actually and reasonably incurred by the Indemnitee, or on the Indemnitee's behalf, in connection with such Proceeding if the Indemnitee acted in good faith and in a manner the Indemnitee reasonably believed to be in or not opposed to the best interests of the Company; provided, however, if applicable law so provides, no indemnification against such Expenses shall be made in respect of any claim, issue or matter in such Proceeding as to which Indemnitee shall have been adjudged to be liable to the Company unless and to the extent that the Court of Chancery of the State of Delaware shall determine that such indemnification may be made. The Company's obligation to indemnify to the "fullest extent permitted by applicable law" shall parallel future amendments to applicable law, but only to the extent that any future amendment entitles Indemnitee to broader indemnification rights than applicable law permitted prior to adoption of that amendment.

CONFIDENTIAL ATP_00001308

(c) Indemnification for Expenses of a Party Who is Wholly or Partly Successful. Notwithstanding any other provision of this Agreement, to the extent that Indemnitee is, by reason of his Corporate Status, a party to and is successful, on the merits or otherwise, in any Proceeding, he shall be indemnified to the maximum extent permitted by law, as such may be amended from time to time, against all Expenses actually and reasonably incurred by him or on his behalf in connection therewith. If Indemnitee is not wholly successful in such Proceeding but is successful, on the merits or otherwise, as to one or more but less than all claims, issues or matters in such Proceeding, the Company shall indemnify Indemnitee against all Expenses actually and reasonably incurred by him or on his behalf in connection with each successfully resolved claim, issue or matter. For purposes of this Section and without limitation, the termination of any claim, issue or matter in such a Proceeding by dismissal, with or without prejudice, or through settlement (with or without court approval, but only to the extent that the Company has provided its prior written consent with respect to Indemnitee entering into such settlement), or upon a plea of no contest or its equivalent, shall be deemed to be a successful result as to such claim, issue or matter.

(d) Indemnification of Appointing Stockholder. If (i) Indemnitee is or was affiliated with one or more venture capital funds that has invested in the Company (an "***Appointing Stockholder***"), (ii) the Appointing Stockholder is, or is threatened to be made, a party to or a participant in any Proceeding, and (iii) the Appointing Stockholder's involvement in the Proceeding results from any claim based on the Indemnitee's service to the Company as a director or other fiduciary of the Company, the Appointing Stockholder will be entitled to indemnification hereunder for Expenses to the same extent as Indemnitee, and the terms of this Agreement as they relate to procedures for indemnification of Indemnitee and advancement of Expenses shall apply to any such indemnification of Appointing Stockholder.

The rights provided to the Appointing Stockholder under this Section (d) shall (i) be suspended during any period during which the Appointing Stockholder does not have a representative on the Company's Board, and (ii) terminate on an initial public offering of the Company's Common Stock; provided, however, that in the event of any such suspension or termination, the Appointing Stockholder's rights to indemnification will not be suspended or terminated with respect to any Proceeding based in whole or in part on facts and circumstances occurring at any time prior to such suspension or termination regardless of whether the Proceeding arises before or after such suspension or termination. The Company and Indemnitee agree that the Appointing Stockholder is an express third party beneficiary of the terms of this Section 1(d).

2. Additional Indemnity. In addition to, and without regard to any limitations on, the indemnification provided for in Section 1 of this Agreement, the Company shall and hereby does indemnify and hold harmless, to the fullest extent permitted by applicable law, Indemnitee against all Expenses, judgments, damages, deficiencies, liabilities, losses, penalties, fines, assessments and amounts paid in settlement actually and reasonably incurred by him or on his behalf if, by reason of his Corporate Status, he is, or is threatened to be made, a party to or participant in any Proceeding (including a Proceeding by or in the right of the Company), including, without limitation, all liability arising out of the negligence or active or passive wrongdoing of Indemnitee. The only limitation that shall exist upon the Company's obligations pursuant to this Agreement shall be that the Company shall not be obligated to make any payment to Indemnitee that is finally determined (under the procedures, and subject to the presumptions, set forth in Sections 6 and 7 hereof) to be unlawful. The Company's obligation to indemnify to the "fullest extent permitted by applicable law" shall parallel future amendments to applicable law, but only to the extent that any

CONFIDENTIAL ATP_00001309

future amendment entitles Indemnitee to broader indemnification rights than applicable law permitted prior to adoption of that amendment.

3. Contribution.

(a) Whether or not the indemnification provided in Sections 1 and 0 hereof is available, in respect of any threatened, pending or completed action, suit or proceeding in which the Company is jointly liable with Indemnitee (or would be if joined in such action, suit or proceeding), the Company shall pay, in the first instance, the entire amount of any judgment or settlement of such action, suit or proceeding without requiring Indemnitee to contribute to such payment and the Company hereby waives and relinquishes any right of contribution it may have against Indemnitee. The Company shall not enter into any settlement of any action, suit or proceeding in which the Company is jointly liable with Indemnitee (or would be if joined in such action, suit or proceeding) unless such settlement provides for a full and final release of all claims asserted against Indemnitee.

(b) Without diminishing or impairing the obligations of the Company set forth in the preceding subparagraph, if, for any reason, Indemnitee shall elect or be required to pay all or any portion of any judgment or settlement in any threatened, pending or completed action, suit or proceeding in which the Company is jointly liable with Indemnitee (or would be if joined in such action, suit or proceeding), the Company shall contribute to the amount of Expenses, judgments, damages, deficiencies, liabilities, losses, penalties, fines, assessments and amounts paid in settlement actually and reasonably incurred and paid or payable by Indemnitee in proportion to the relative benefits received by the Company and all officers, directors or employees of the Company, other than Indemnitee, who are jointly liable with Indemnitee (or would be if joined in such action, suit or proceeding), on the one hand, and Indemnitee, on the other hand, from the transaction or events from which such action, suit or proceeding arose; provided, however, that the proportion determined on the basis of relative benefit may, to the extent necessary to conform to law, be further adjusted by reference to the relative fault of the Company and all officers, directors or employees of the Company other than Indemnitee who are jointly liable with Indemnitee (or would be if joined in such action, suit or proceeding), on the one hand, and Indemnitee, on the other hand, in connection with the transaction or events that resulted in such Expenses, judgments, damages, deficiencies, liabilities, losses, penalties, fines, assessments or settlement amounts, as well as any other equitable considerations which applicable law may require to be considered. The relative fault of the Company and all officers, directors or employees of the Company, other than Indemnitee, who are jointly liable with Indemnitee (or would be if joined in such action, suit or proceeding), on the one hand, and Indemnitee, on the other hand, shall be determined by reference to, among other things, the degree to which their actions were motivated by intent to gain personal profit or advantage, the degree to which their liability is primary or secondary and the degree to which their conduct is active or passive.

(c) The Company hereby agrees to fully indemnify and hold Indemnitee harmless from any claims of contribution which may be brought by officers, directors, or employees of the Company, other than Indemnitee, who may be jointly liable with Indemnitee.

(d) To the fullest extent permissible under applicable law, if the indemnification provided for in this Agreement is unavailable to Indemnitee for any reason whatsoever, the Company, in lieu of indemnifying Indemnitee, shall contribute to the amount incurred by Indemnitee, whether for judgments, fines, penalties, excise taxes, amounts paid or to

be paid in settlement and/or for Expenses, in connection with any claim relating to an indemnifiable event under this Agreement, in such proportion as is deemed fair and reasonable in light of all of the circumstances of such Proceeding in order to reflect (i) the relative benefits received by the Company and Indemnitee as a result of the event(s) and/or transaction(s) giving cause to such Proceeding and/or (ii) the relative fault of the Company (and its directors, officers, employees and agents) and Indemnitee in connection with such event(s) and/or transaction(s).

4. Indemnification for Expenses of a Witness. Notwithstanding any other provision of this Agreement, to the extent that Indemnitee is, by reason of his Corporate Status, a witness, or is made (or asked) to respond to discovery requests, in any Proceeding to which Indemnitee is not a party, he shall be indemnified, to the fullest extent permitted by applicable law, against all Expenses actually and reasonably incurred by him or on his behalf in connection therewith. The Company's obligation to indemnify to the "fullest extent permitted by applicable law" shall parallel future amendments to applicable law, but only to the extent that any future amendment entitles Indemnitee to broader indemnification rights than applicable law permitted prior to adoption of that amendment.

5. Advancement of Expenses. Notwithstanding any other provision of this Agreement, the Company shall advance all Expenses incurred by or on behalf of Indemnitee in connection with any Proceeding by reason of Indemnitee's Corporate Status within thirty (30) days after the receipt by the Company of a statement or statements from Indemnitee requesting such advance or advances from time to time, whether prior to or after final disposition of such Proceeding. Such statement or statements shall reasonably evidence the Expenses incurred by Indemnitee and shall include or be preceded or accompanied by a written undertaking by or on behalf of Indemnitee to repay any Expenses advanced if it shall ultimately be determined that Indemnitee is not entitled to be indemnified against such Expenses. Any advances and undertakings to repay pursuant to this Section 5 shall be unsecured and interest free.

6. Procedures and Presumptions for Determination of Entitlement to Indemnification. It is the intent of this Agreement to secure for Indemnitee rights of indemnity that are as favorable as may be permitted under the DGCL and public policy of the State of Delaware. Accordingly, the parties agree that the following procedures and presumptions shall apply in the event of any question as to whether Indemnitee is entitled to indemnification under this Agreement:

(a) To obtain indemnification under this Agreement, Indemnitee shall submit to the Company a written request, including therein or therewith such documentation and information as is reasonably available to Indemnitee and is reasonably necessary to determine whether and to what extent Indemnitee is entitled to indemnification. The Secretary of the Company shall, promptly upon receipt of such a request for indemnification, advise the Board in writing that Indemnitee has requested indemnification. Notwithstanding the foregoing, any failure of Indemnitee to provide such a request to the Company, or to provide such a request in a timely fashion, shall not relieve the Company of any liability that it may have to Indemnitee unless, and to the extent that, such failure actually and materially prejudices the interests of the Company.

(b) Upon written request by Indemnitee for indemnification pursuant to the first sentence of Section 6(a) hereof, a determination with respect to Indemnitee's entitlement thereto shall be made in the specific case by one of the following four methods, which shall be at the election of the Board (1) by a majority vote of the disinterested directors, even though less than a quorum, (2) by a committee of disinterested directors designated by a majority vote of the

disinterested directors, even though less than a quorum, (3) if there are no disinterested directors or if the disinterested directors so direct, by independent legal counsel in a written opinion to the Board, a copy of which shall be delivered to the Indemnitee, or (4) if so directed by the Board, by the stockholders of the Company. For purposes hereof, disinterested directors are those members of the Board who are not parties to the action, suit or proceeding in respect of which indemnification is sought by Indemnitee.

(c) If the determination of entitlement to indemnification is to be made by Independent Counsel pursuant to Section 6(b) hereof, the Independent Counsel shall be selected as provided in this Section 6(c). The Independent Counsel shall be selected by the Board. Indemnitee may, within ten (10) days after such written notice of selection shall have been given, deliver to the Company a written objection to such selection; provided, however, that such objection may be asserted only on the ground that the Independent Counsel so selected does not meet the requirements of "***Independent Counsel***" as defined in Section 13 of this Agreement, and the objection shall set forth with particularity the factual basis of such assertion. Absent a proper and timely objection, the person so selected shall act as Independent Counsel. If a written objection is made and substantiated, the Independent Counsel selected may not serve as Independent Counsel unless and until such objection is withdrawn or a court has determined that such objection is without merit. If, within twenty (20) days after submission by Indemnitee of a written request for indemnification pursuant to Section 6(a) hereof, no Independent Counsel shall have been selected and not objected to, either the Company or Indemnitee may petition the Court of Chancery of the State of Delaware or other court of competent jurisdiction for resolution of any objection which shall have been made by the Indemnitee to the Company's selection of Independent Counsel and/or for the appointment as Independent Counsel of a person selected by the court or by such other person as the court shall designate, and the person with respect to whom all objections are so resolved or the person so appointed shall act as Independent Counsel under Section 6(b) hereof. The Company shall pay any and all reasonable fees and expenses of Independent Counsel incurred by such Independent Counsel in connection with acting pursuant to Section 6(b) hereof, and the Company shall pay all reasonable fees and expenses incident to the procedures of this Section 6(c), regardless of the manner in which such Independent Counsel was selected or appointed.

(d) In making a determination with respect to entitlement to indemnification hereunder, the person or persons or entity making such determination shall presume that Indemnitee is entitled to indemnification under this Agreement. Anyone seeking to overcome this presumption shall have the burden of proof and the burden of persuasion by clear and convincing evidence. Neither the failure of the Company (including by its directors or independent legal counsel) to have made a determination prior to the commencement of any action pursuant to this Agreement that indemnification is proper in the circumstances because Indemnitee has met the applicable standard of conduct, nor an actual determination by the Company (including by its directors or independent legal counsel) that Indemnitee has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that Indemnitee has not met the applicable standard of conduct.

(e) Indemnitee shall be deemed to have acted in good faith if Indemnitee's action is based on the records or books of account of the Enterprise (as hereinafter defined), including financial statements, or on information supplied to Indemnitee by the officers of the Enterprise in the course of their duties, or on the advice of legal counsel for the Enterprise or on information or records given or reports made to the Enterprise by an independent certified public accountant or by an appraiser or other expert selected with reasonable care by the Enterprise. In

addition, the knowledge and/or actions, or failure to act, of any director, officer, agent or employee of the Enterprise shall not be imputed to Indemnitee for purposes of determining the right to indemnification under this Agreement. Whether or not the foregoing provisions of this Section 6(e) are satisfied, it shall in any event be presumed that Indemnitee has at all times acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company. Anyone seeking to overcome this presumption shall have the burden of proof and the burden of persuasion by clear and convincing evidence.

(f) If the person, persons or entity empowered or selected under Section 6 to determine whether Indemnitee is entitled to indemnification shall not have made a determination within sixty (60) days after receipt by the Company of the request therefor, the requisite determination of entitlement to indemnification shall be deemed to have been made and Indemnitee shall be entitled to such indemnification absent (i) a misstatement by Indemnitee of a material fact, or an omission of a material fact necessary to make Indemnitee's statement not materially misleading, in connection with the request for indemnification, or (ii) a prohibition of such indemnification under applicable law; provided, however, that such sixty (60) day period may be extended for a reasonable time, not to exceed an additional thirty (30) days, if the person, persons or entity making such determination with respect to entitlement to indemnification in good faith requires such additional time to obtain or evaluate documentation and/or information relating thereto; and provided further, that the foregoing provisions of this Section 6(f) shall not apply if the determination of entitlement to indemnification is to be made by the stockholders pursuant to Section 6(b) of this Agreement and if (A) within fifteen (15) days after receipt by the Company of the request for such determination, the Board or the Disinterested Directors, if appropriate, resolve to submit such determination to the stockholders for their consideration at an annual meeting thereof to be held within seventy five (75) days after such receipt and such determination is made thereat, or (B) a special meeting of stockholders is called within fifteen (15) days after such receipt for the purpose of making such determination, such meeting is held for such purpose within sixty (60) days after having been so called and such determination is made thereat.

(g) Indemnitee shall cooperate with the person, persons or entity making such determination with respect to Indemnitee's entitlement to indemnification, including providing to such person, persons or entity upon reasonable advance request any documentation or information which is not privileged or otherwise protected from disclosure and which is reasonably available to Indemnitee and reasonably necessary to such determination. Any Independent Counsel, member of the Board or stockholder of the Company shall act reasonably and in good faith in making a determination regarding the Indemnitee's entitlement to indemnification under this Agreement. Any costs or expenses (including attorneys' fees and disbursements) incurred by Indemnitee in so cooperating with the person, persons or entity making such determination shall be borne by the Company (irrespective of the determination as to Indemnitee's entitlement to indemnification) and the Company hereby indemnifies and agrees to hold Indemnitee harmless therefrom.

(h) The Company acknowledges that a settlement or other disposition short of final judgment may be successful if it permits a party to avoid expense, delay, distraction, disruption and uncertainty. In the event that any action, claim or proceeding to which Indemnitee is a party is resolved in any manner other than by adverse judgment against Indemnitee (including, without limitation, settlement of such action, claim or proceeding with or without payment of money or other consideration) it shall be presumed that Indemnitee has been successful on the merits or otherwise in such action, suit or proceeding. Anyone seeking to overcome this

presumption shall have the burden of proof and the burden of persuasion by clear and convincing evidence.

(i) The termination of any Proceeding or of any claim, issue or matter therein, by judgment, order, settlement or conviction, or upon a plea of nolo contendere or its equivalent, shall not (except as otherwise expressly provided in this Agreement) of itself adversely affect the right of Indemnitee to indemnification or create a presumption that Indemnitee did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Company or, with respect to any criminal Proceeding, that Indemnitee had reasonable cause to believe that his conduct was unlawful.

7. Remedies of Indemnitee.

(a) In the event that (i) a determination is made pursuant to Section 6 of this Agreement that Indemnitee is not entitled to indemnification under this Agreement, (ii) advancement of Expenses is not timely made pursuant to Section 5 of this Agreement, (iii) no determination of entitlement to indemnification is made pursuant to Section 6(b) of this Agreement within ninety (90) days after receipt by the Company of the request for indemnification, (iv) payment of indemnification is not made pursuant to this Agreement within ten (10) days after receipt by the Company of a written request therefor, or (v) payment of indemnification is not made within ten (10) days after a determination has been made that Indemnitee is entitled to indemnification or such determination is deemed to have been made pursuant to Section 6 of this Agreement, Indemnitee shall be entitled to an adjudication in an appropriate court of the State of Delaware, or in any other court of competent jurisdiction, of Indemnitee's entitlement to such indemnification. Indemnitee shall commence such proceeding seeking an adjudication within one hundred eighty (180) days following the date on which Indemnitee first has the right to commence such proceeding pursuant to this Section 7(a). The Company shall not oppose Indemnitee's right to seek any such adjudication.

(b) In the event that a determination shall have been made pursuant to Section 6(b) of this Agreement that Indemnitee is not entitled to indemnification, any judicial proceeding commenced pursuant to this Section 7 shall be conducted in all respects as a de novo trial on the merits, and Indemnitee shall not be prejudiced by reason of the adverse determination under Section 6(b).

(c) If a determination shall have been made pursuant to Section 6(b) of this Agreement that Indemnitee is entitled to indemnification, the Company shall be bound by such determination in any judicial proceeding commenced pursuant to this Section 7, absent (i) a misstatement by Indemnitee of a material fact, or an omission of a material fact necessary to make Indemnitee's misstatement not materially misleading in connection with the application for indemnification, or (ii) a prohibition of such indemnification under applicable law.

(d) In the event that Indemnitee, pursuant to this Section 7, seeks a judicial adjudication of his rights under, or to recover damages for breach of, this Agreement, or to recover under any directors' and officers' liability insurance policies maintained by the Company, the Company shall pay on his behalf, in advance, any and all expenses (of the types described in the definition of Expenses in Section 13 of this Agreement) actually and reasonably incurred by him in such judicial adjudication, regardless of whether Indemnitee ultimately is determined to be entitled to such indemnification, advancement of expenses or insurance recovery.

(e) The Company shall be precluded from asserting in any judicial proceeding commenced pursuant to this Section 7 that the procedures and presumptions of this Agreement are not valid, binding and enforceable and shall stipulate in any such court that the Company is bound by all the provisions of this Agreement. The Company shall indemnify Indemnitee against any and all Expenses and, if requested by Indemnitee, shall (within ten (10) days after receipt by the Company of a written request therefore) advance, to the extent not prohibited by law, such expenses to Indemnitee, which are incurred by Indemnitee in connection with any action brought by Indemnitee for indemnification or advance of Expenses from the Company under this Agreement or under any directors' and officers' liability insurance policies maintained by the Company, regardless of whether Indemnitee ultimately is determined to be entitled to such indemnification, advancement of Expenses or insurance recovery, as the case may be.

(f) Notwithstanding anything in this Agreement to the contrary, no determination as to entitlement to indemnification under this Agreement shall be required to be made prior to the final disposition of the Proceeding.

8. Non-Exclusivity; Survival of Rights; Insurance; Primacy of Indemnification; Subrogation.

(a) The rights of indemnification as provided by this Agreement shall not be deemed exclusive of any other rights to which Indemnitee may at any time be entitled under applicable law, the Certificate of Incorporation, the Bylaws, in each case, as amended from time to time, any agreement, a vote of stockholders, a resolution of directors of the Company, or otherwise. No amendment, alteration or repeal of this Agreement or of any provision hereof shall limit or restrict any right of Indemnitee under this Agreement in respect of any action taken or omitted by such Indemnitee in his Corporate Status prior to such amendment, alteration or repeal. To the extent that a change in the DGCL, whether by statute or judicial decision, permits greater indemnification than would be afforded currently under the Certificate of Incorporation, Bylaws and this Agreement, it is the intent of the parties hereto that Indemnitee shall enjoy by this Agreement the greater benefits so afforded by such change. No right or remedy herein conferred is intended to be exclusive of any other right or remedy, and every other right and remedy shall be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other right or remedy.

(b) The Company shall use its best efforts to obtain and maintain in full force and effect an insurance policy or policies providing liability insurance for directors, officers, employees, or agents or fiduciaries of the Company or of any other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise that such person serves at the request of the Company. Indemnitee shall be covered by such policy or policies in accordance with its or their terms to the maximum extent of the coverage available for any director, officer, employee, agent or fiduciary under such policy or policies. If, at the time of the receipt of a notice of a claim pursuant to the terms hereof, the Company has directors' and officers' liability insurance in effect, the Company shall give prompt notice of the commencement of such proceeding to the insurers in accordance with the procedures set forth in the respective policies. The Company shall thereafter take all necessary or desirable action to cause such insurers to pay, on behalf of the Indemnitee, all amounts payable as a result of such proceeding in accordance with the terms of such policies.

(c) The Company hereby acknowledges that Indemnitee has certain rights to indemnification, advancement of expenses and/or insurance provided by Apple Tree Partners and certain of its affiliates (collectively, the "***Fund Indemnitors***"). The Company hereby agrees (i) that it is the indemnitor of first resort (*i.e.*, its obligations to Indemnitee are primary and any obligation of the Fund Indemnitors to advance expenses or to provide indemnification for the same expenses or liabilities incurred by Indemnitee are secondary), (ii) that it shall be required to advance the full amount of expenses incurred by Indemnitee and shall be liable for the full amount of all Expenses, judgments, damages, deficiencies, liabilities, losses, penalties, fines, assessments and amounts paid in settlement to the extent legally permitted and as required by the terms of this Agreement and the Certificate of Incorporation or Bylaws of the Company (or any other agreement between the Company and Indemnitee), without regard to any rights Indemnitee may have against the Fund Indemnitors, and (iii) that it irrevocably waives, relinquishes and releases the Fund Indemnitors from any and all claims against the Fund Indemnitors for contribution, subrogation or any other recovery of any kind in respect thereof. The Company further agrees that no advancement or payment by the Fund Indemnitors on behalf of Indemnitee with respect to any claim for which Indemnitee has sought indemnification from the Company shall affect the foregoing and the Fund Indemnitors shall have a right of contribution and/or be subrogated to the extent of such advancement or payment to all of the rights of recovery of Indemnitee against the Company. The Company and Indemnitee agree that the Fund Indemnitors are express third party beneficiaries of the terms of this Section 8(c).

(d) Except as provided in paragraph (c) above, in the event of any payment under this Agreement, the Company shall be subrogated to the extent of such payment to all of the rights of recovery of Indemnitee (other than against the Fund Indemnitors), who shall execute all papers required and take all action necessary to secure such rights, including execution of such documents as are necessary to enable the Company to bring suit to enforce such rights.

(e) Except as provided in paragraph (c) above, the Company shall not be liable under this Agreement to make any payment of amounts otherwise indemnifiable hereunder if and to the extent that Indemnitee has otherwise actually received such payment under any insurance policy, contract, agreement or otherwise.

(f) Except as provided in paragraph (c) above, the Company's obligation to indemnify or advance Expenses hereunder to Indemnitee who is or was serving at the request of the Company as a director, officer, employee or agent of any other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise shall be reduced by any amount Indemnitee has actually received as indemnification or advancement of expenses from such other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise.

9. Exception to Right of Indemnification. Notwithstanding any provision in this Agreement, the Company shall not be obligated under this Agreement to make any indemnity in connection with any claim made against Indemnitee:

(a) for which payment has actually been made to or on behalf of Indemnitee under any insurance policy or other indemnity provision, except with respect to any excess beyond the amount paid under any insurance policy or other indemnity provision, provided, that the foregoing shall not affect the rights of Indemnitee or the Fund Indemnitors set forth in Section 8(c) above; or

CONFIDENTIAL ATP_00001316

(b) for an accounting of profits made from the purchase and sale (or sale and purchase) by Indemnitee of securities of the Company within the meaning of Section 16(b) of the Securities Exchange Act of 1934, as amended, or similar provisions of state statutory law or common law; or

(c) in connection with any Proceeding (or any part of any Proceeding) initiated by Indemnitee, including any Proceeding (or any part of any Proceeding) initiated by Indemnitee against the Company or its directors, officers, employees or other indemnitees, unless (i) the Board authorized the Proceeding (or any part of any Proceeding) prior to its initiation, or (ii) the Company provides the indemnification, in its sole discretion, pursuant to the powers vested in the Company under applicable law.

10. Duration of Agreement. All agreements and obligations of the Company contained herein shall continue during the period Indemnitee is an officer or director of the Company (or is or was serving at the request of the Company as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise) and shall continue thereafter so long as Indemnitee shall be subject to any Proceeding (or any proceeding commenced under Section 7 hereof) by reason of his Corporate Status, whether or not he is acting or serving in any such capacity at the time any liability or expense is incurred for which indemnification can be provided under this Agreement. This Agreement shall be binding upon and inure to the benefit of and be enforceable by the parties hereto and their respective successors (including any direct or indirect successor by purchase, merger, consolidation or otherwise to all or substantially all of the business or assets of the Company), assigns, spouses, heirs, executors and personal and legal representatives.

11. Security. To the extent requested by Indemnitee and approved by the Board, the Company may at any time and from time to time provide security to Indemnitee for the Company's obligations hereunder through an irrevocable bank line of credit, funded trust or other collateral. Any such security, once provided to Indemnitee, may not be revoked or released without the prior written consent of the Indemnitee.

12. Enforcement.

(a) The Company expressly confirms and agrees that it has entered into this Agreement and assumes the obligations imposed on it hereby in order to induce Indemnitee to serve as an officer or director of the Company, and the Company acknowledges that Indemnitee is relying upon this Agreement in serving as an officer or director of the Company.

(b) This Agreement constitutes the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes all prior agreements and understandings, oral, written and implied, between the parties hereto with respect to the subject matter hereof.

(c) The Company shall not seek from a court, or agree to, a "bar order" which would have the effect of prohibiting or limiting the Indemnitee's rights to receive advancement of expenses under this Agreement.

13. Definitions. For purposes of this Agreement:

(a) "***Corporate Status***" describes the status of a person who is or was a director, officer, employee, agent or fiduciary of the Company or of any other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise that such person is or was serving at the express written request of the Company.

(c) "***Enterprise***" shall mean the Company and any other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise that Indemnitee is or was serving at the express written request of the Company as a director, officer, employee, agent or fiduciary.

(d) "***Expenses***" shall include all reasonable attorneys' fees, retainers, court costs, transcript costs, fees of experts, witness fees, travel expenses, duplicating costs, printing and binding costs, telephone charges, postage, delivery service fees and all other disbursements or expenses of the types customarily incurred in connection with prosecuting, defending, preparing to prosecute or defend, investigating, participating, or being or preparing to be a witness in a Proceeding, or responding to, or objecting to, a request to provide discovery in any Proceeding. Expenses also shall include Expenses incurred in connection with any appeal resulting from any Proceeding and any federal, state, local or foreign taxes imposed on the Indemnitee as a result of the actual or deemed receipt of any payments under this Agreement, including without limitation the premium, security for, and other costs relating to any cost bond, supersede as bond, or other appeal bond or its equivalent. (e) "***Independent Counsel***" means a law firm, or a member of a law firm, that is experienced in matters of corporation law and neither presently is, nor in the past five years has been, retained to represent (i) the Company or Indemnitee in any matter material to either such party (other than with respect to matters concerning Indemnitee under this Agreement, or of other indemnitees under similar indemnification agreements), or (ii) any other party to the Proceeding giving rise to a claim for indemnification hereunder. Notwithstanding the foregoing, the term "Independent Counsel" shall not include any person who, under the applicable standards of professional conduct then prevailing, would have a conflict of interest in representing either the Company or Indemnitee in an action to determine Indemnitee's rights under this Agreement. The Company agrees to pay the reasonable fees of the Independent Counsel referred to above and to fully indemnify such counsel against any and all Expenses, claims, liabilities and damages arising out of or relating to this Agreement or its engagement pursuant hereto.

(f) "***Proceeding***" includes any threatened, pending or completed action, suit, arbitration, alternate dispute resolution mechanism, investigation, inquiry, administrative hearing or any other actual, threatened or completed proceeding, whether brought by or in the right of the Company or otherwise and whether civil, criminal, administrative or investigative, in which Indemnitee was, is or will be involved as a party or otherwise, by reason of his or her Corporate Status, by reason of any action taken by him or of any inaction on his part while acting in his or her Corporate Status; in each case whether or not he is acting or serving in any such capacity at the time any liability or expense is incurred for which indemnification can be provided under this

Agreement; including one pending on or before the date of this Agreement, but excluding one initiated by an Indemnitee pursuant to Section 7 of this Agreement to enforce his rights under this Agreement.

14. Severability. The invalidity or unenforceability of any provision hereof shall in no way affect the validity or enforceability of any other provision. Further, the invalidity or unenforceability of any provision hereof as to either Indemnitee or Appointing Stockholder shall in no way affect the validity or enforceability of any provision hereof as to the other. Without limiting the generality of the foregoing, this Agreement is intended to confer upon Indemnitee and Appointing Stockholder indemnification rights to the fullest extent permitted by applicable laws. In the event any provision hereof conflicts with any applicable law, such provision shall be deemed modified, consistent with the aforementioned intent, to the extent necessary to resolve such conflict.

15. Modification and Waiver. No supplement, modification, termination or amendment of this Agreement shall be binding unless executed in writing by both of the parties hereto. No waiver of any of the provisions of this Agreement shall be deemed or shall constitute a waiver of any other provisions hereof (whether or not similar) nor shall such waiver constitute a continuing waiver.

16. Notice By Indemnitee. Indemnitee agrees promptly to notify the Company in writing upon being served with or otherwise receiving any summons, citation, subpoena, complaint, indictment, information or other document relating to any Proceeding or matter which may be subject to indemnification covered hereunder. The failure to so notify the Company shall not relieve the Company of any obligation which it may have to Indemnitee under this Agreement or otherwise unless and only to the extent that such failure or delay materially prejudices the Company.

17. Notices. All notices and other communications given or made pursuant to this Agreement shall be in writing and shall be deemed effectively given (a) upon personal delivery to the party to be notified, (b) when sent by confirmed electronic mail or facsimile if sent during normal business hours of the recipient, and if not so confirmed, then on the next business day, (c) five (5) days after having been sent by registered or certified mail, return receipt requested, postage prepaid, or (d) one (1) day after deposit with a nationally recognized overnight courier, specifying next day delivery, with written verification of receipt. (a) Form S-1 Demand. If at any time after the earlier of (i) five (5) years after the date of this Agreement or (ii) one hundred eighty (180) days after the effective date of the registration statement for the IPO, the Company receives a request from Holders of at least a maority of the Registrable Securities then outstanding that the Company file a Form S-1 registration statement with respect to the then outstanding Registrable Securities of such Holders having an anticipated aggregate offering price, net of Selling Expenses, of at least $20 million, then the Company shall (x) within ten (10) days after the date such request is given, give notice thereof (the "**Demand Notice**") to all Holders other than the Initiating Holders; and (y) as soon as practicable file a Form S-1 registration statement under the Securities Act covering all Registrable Securities that the Initiating Holders requested to be registered and any additional Registrable Securities requested to be included in such registration by any other Holders, as specified by notice given by each such Holder to the Company within twenty (20) days of the date the Demand Notice is given, and use its commercially reasonable efforts to effect such registration under the Securities Act, as soon as practicable, and in each case, subject to the limitations of Subsections 2.1(c) and 2.3.

(b) Form S-3 Demand. After its Initial Public Offering, the Company shall use commercially reasonable efforts to qualify for registration on Form S-3. If at any time

when it is eligible to use a Form S-3 registration statement, the Company receives a request (which request shall state the number of Registrable Securities to be disposed of and the intended methods of disposition of such shares by such Holder or Holders) from Holders of at least twenty percent (20%) of the Registrable Securities then outstanding that the Company file a Form S-3 registration statement with respect to outstanding Registrable Securities of such Holders having an anticipated aggregate offering price, net of Selling Expenses, of at least $3 million, then the Company shall (i) within ten (10) days after the date such request is given, give a Demand Notice to all Holders other than the Initiating Holders; and (ii) as soon as practicable, and in any event within forty-five (45) days after the date such request is given by the Initiating Holders, file a Form S-3 registration statement under the Securities Act covering all Registrable Securities requested to be included in such registration by any other Holders, as specified by notice given by each such Holder to the Company within twenty (20) days of the date the Demand Notice is given, and in each case, subject to the limitations of Subsections 2.1(c) and 2.3.

(c) Notwithstanding the foregoing obligations, if the Company furnishes to Holders requesting a registration pursuant to this Subsection 2.1 a certificate signed by the Company's chief executive officer stating that in the good faith judgment of the Board of Directors it would be materially detrimental to the Company and its stockholders for such registration statement to either become effective or remain effective for as long as such registration statement otherwise would be required to remain effective, because such action would (i) materially interfere with a significant acquisition, corporate reorganization, or other similar transaction involving the Company; (ii) require premature disclosure of material information that the Company has a bona fide business purpose for preserving as confidential; or (iii) render the Company unable to comply with requirements under the Securities Act or Exchange Act, then the Company shall have the right to defer taking action with respect to such filing, and any time periods with respect to filing or effectiveness thereof shall be tolled correspondingly, for a period of not more than sixty (60) days after the request of the Initiating Holders is given; provided, however, that the Company may not invoke this right more than once in any twelve (12) month period; and provided further that the Company shall not register any securities for its own account or that of any other stockholder during such sixty (60) day period other than an Excluded Registration.

(d) The Company shall not be obligated to effect, or to take any action to effect, any registration pursuant to Subsection 2.1(a) (i) during the period that is sixty (60) days before the Company's good faith estimate of the date of filing of, and ending on a date that is one hundred eighty (180) days after the effective date of, a Company-initiated registration, provided that the Company is actively employing in good faith commercially reasonable efforts to cause such registration statement to become effective; (ii) after the Company has effected two registrations pursuant to Subsection 2.1(a); or (iii) if the Initiating Holders propose to dispose of shares of Registrable Securities that may be immediately registered on Form S-3 pursuant to a request made pursuant to Subsection 2.1(b). The Company shall not be obligated to effect, or to take any action to effect, any registration pursuant to Subsection 2.1(b) (i) during the period that is thirty (30) days before the Company's good faith estimate of the date of filing of, and ending on a date that is ninety (90) days after the effective date of, a Company-initiated registration, provided that the Company is actively employing in good faith commercially reasonable efforts to cause such registration statement to become effective or (ii) if the Company has effected two registrations pursuant to Subsection 2.1(b) within the twelve (12) month period immediately preceding the date of such request. A registration shall not be counted as "effected" for purposes of this Subsection

2.1(d) until such time as the applicable registration statement has been declared effective by the SEC, unless the Initiating Holders withdraw their request for such registration, elect not to pay the registration expenses therefor, and forfeit their right to one demand registration statement pursuant to Subsection 2.6, in which case such withdrawn registration statement shall be counted as "effected" for purposes of this Subsection 2.1(d); provided, that if such withdrawal is during a period the Company has deferred taking action pursuant to Subsection 2.1(c), then the Initiating Holders may withdraw their request for registration and such registration will not be counted as "effected" for purposes of this Subsection 2.1(d).

2.2 Company Registration. If the Company proposes to register (including, for this purpose, a registration effected by the Company for stockholders other than the Holders) any of its securities under the Securities Act in connection with the public offering of such securities solely for cash (other than in an Excluded Registration), the Company shall, at such time, promptly give each Holder notice of such registration. Upon the request of each Holder given within twenty (20) days after such notice is given by the Company, the Company shall, subject to the provisions of Subsection 2.3, cause to be registered all of the Registrable Securities that each such Holder has requested to be included in such registration. The Company shall have the right to terminate or withdraw any registration initiated by it under this Subsection 2.2 before the effective date of such registration, whether or not any Holder has elected to include Registrable Securities in such registration. The expenses (other than Selling Expenses) of such withdrawn registration shall be borne by the Company in accordance with Subsection 2.6.

2.3 Underwriting Requirements.

(a) If, pursuant to Subsection 2.1, the Initiating Holders intend to distribute the Registrable Securities covered by their request by means of an underwriting, they shall so advise the Company as a part of their request made pursuant to Subsection 2.1, and the Company shall include such information in the Demand Notice. The underwriter(s) will be selected by the Company and shall be reasonably acceptable to a majority in interest of the Initiating Holders. In such event, the right of any Holder to include such Holder's Registrable Securities in such registration shall be conditioned upon such Holder's participation in such underwriting and the inclusion of such Holder's Registrable Securities in the underwriting to the extent provided herein. All Holders proposing to distribute their securities through such underwriting shall (together with the Company as provided in Subsection 2.4(e)) enter into an underwriting agreement in customary form with the underwriter(s) selected for such underwriting. Notwithstanding any other provision of this Subsection 2.3, if the managing underwriter(s) advise(s) the Initiating Holders in writing that marketing factors require a limitation on the number of shares to be underwritten, then the Initiating Holders shall so advise all Holders of Registrable Securities that otherwise would be underwritten pursuant hereto, and the number of Registrable Securities that may be included in the underwriting shall be allocated among such Holders of Registrable Securities, including the Initiating Holders, in proportion (as nearly as practicable) to the number of Registrable Securities owned by each Holder or in such other proportion as shall mutually be agreed to by all such selling Holders; provided, however, that the number of Registrable Securities held by the Holders to be included in such underwriting shall not be reduced unless all other securities are first entirely excluded from the underwriting.

(b) In connection with any offering involving an underwriting of shares of the Company's capital stock pursuant to Subsection 2.2, the Company shall not be required to include any of the Holders' Registrable Securities in such underwriting unless the Holders accept the terms of the underwriting as agreed upon between the Company and its underwriters, and then only in such quantity as the underwriters in their sole discretion determine will not jeopardize the success of the offering by the Company. If the total number of securities, including Registrable Securities, requested by stockholders to be included in such offering exceeds the number of securities to be sold (other than by the Company) that the underwriters in their reasonable discretion determine is compatible with the success of the offering, then the Company shall be required to include in the offering only that number of such securities, including Registrable Securities, which the underwriters and the Company in their sole discretion determine will not jeopardize the success of the offering. If the underwriters determine that less than all of the Registrable Securities requested to be registered can be included in such offering, then the Registrable Securities that are included in such offering shall be allocated among the selling Holders in proportion (as nearly as practicable to) the number of Registrable Securities owned by each selling Holder or in such other proportions as shall mutually be agreed to by all such selling Holders. Notwithstanding the foregoing, in no event shall (i) the number of Registrable Securities included in the offering be reduced unless all other securities (other than securities to be sold by the Company) are first entirely excluded from the offering, or (ii) the number of Registrable Securities included in the offering be reduced below thirty percent (30%) of the total number of securities included in such offering, unless such offering is the IPO, in which case the selling Holders may be excluded further if the underwriters make the determination described above and no other stockholder's securities are included in such offering. For purposes of the provision in this Subsection 2.3(b) concerning apportionment, for any selling Holder that is a partnership, limited liability company, or corporation, the partners, members, retired partners, retired members, stockholders, and Affiliates of such Holder, or the estates and Immediate Family Members of any such partners, retired partners, members, and retired members and any trusts for the benefit of any of the foregoing Persons, shall be deemed to be a single "selling Holder," and any pro rata reduction with respect to such "selling Holder" shall be based upon the aggregate number of Registrable Securities owned by all Persons included in such "selling Holder," as defined in this sentence.

(c) For purposes of Subsection 2.1, a registration shall not be counted as "effected" if, as a result of an exercise of the underwriter's cutback provisions in Subsection 2.3(a), fewer than fifty percent (50%) of the total number of Registrable Securities that Holders have requested to be included in such registration statement are actually included.

2.4 Obligations of the Company. Whenever required under this Section 2 to effect the registration of any Registrable Securities, the Company shall, as expeditiously as reasonably possible:

(a) prepare and file with the SEC a registration statement with respect to such Registrable Securities and use its commercially reasonable efforts to cause such registration statement to become effective and, upon the request of the Holders of a majority of the Registrable Securities registered thereunder, keep such registration statement effective for a period of up to one hundred twenty (120) days or, if earlier, until the distribution contemplated in the registration statement has been completed; provided, however, that (i) such one hundred twenty

(120) day period shall be extended for a period of time equal to the period the Holder refrains, at the request of an underwriter of Common Stock (or other securities) of the Company, from selling any securities included in such registration, and (ii) in the case of any registration of Registrable Securities on Form S-3 that are intended to be offered on a continuous or delayed basis, subject to compliance with applicable SEC rules, such one hundred twenty (120) day period shall be extended for up to an additional sixty (60) days, if necessary, to keep the registration statement effective until all such Registrable Securities are sold;

(b) prepare and file with the SEC such amendments and supplements to such registration statement, and the prospectus used in connection with such registration statement, as may be necessary to comply with the Securities Act in order to enable the disposition of all securities covered by such registration statement;

(c) furnish to the selling Holders such numbers of copies of a prospectus, including a preliminary prospectus and any Free Writing Prospectus, as required by the Securities Act, and such other documents as the Holders may reasonably request in order to facilitate their disposition of their Registrable Securities;

(d) use its commercially reasonable efforts to register and qualify the securities covered by such registration statement under such other securities or blue-sky laws of such jurisdictions as shall be reasonably requested by the selling Holders; provided that the Company shall not be required to qualify to do business or to file a general consent to service of process in any such states or jurisdictions, unless the Company is already subject to service in such jurisdiction and except as may be required by the Securities Act;

(e) in the event of any underwritten public offering, enter into and perform its obligations under an underwriting agreement, in usual and customary form, with the underwriter(s) of such offering; provided that each Holder participating in such underwriting shall also enter into and perform its obligations under such an agreement;

(f) notify each Holder of Registrable Securities covered by such registration statement at any time when a prospectus or Free Writing Prospectus (to the extent prepared by or on behalf of the Company) relating thereto is required to be delivered under the Act upon the occurrence of any event as a result of which the prospectus included in such registration statement, as then in effect, includes an untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein not misleading in the light of the circumstances then existing, and, at the request of any such Holder, the Company will, as soon as reasonably practicable, file and furnish to all such Holders a supplement or amendment to such prospectus or Free Writing Prospectus (to the extent prepared by or on behalf of the Company) so that, as thereafter delivered to the purchasers of such Registrable Securities, such prospectus will not contain an untrue statement of a material fact or omit to state any fact necessary to make the statements therein not misleading in light of the circumstances under which they were made;

(g) make available to its security holders, as soon as reasonably practicable, an earnings statement covering the period of at least twelve months, but not more than eighteen months, beginning with the first month after the effective date of the Registration

Statement, which earnings statement shall satisfy the provisions of Section 11(a) of the Securities Act;

(h) use its commercially reasonable efforts to cause all such Registrable Securities covered by such registration statement to be listed on a national securities exchange or trading system and each securities exchange and trading system (if any) on which similar securities issued by the Company are then listed;

(i) provide a transfer agent and registrar for all Registrable Securities registered pursuant to this Agreement and provide a CUSIP number for all such Registrable Securities, in each case not later than the effective date of such registration;

(j) promptly make available for inspection by the selling Holders, any managing underwriter(s) participating in any disposition pursuant to such registration statement, and any attorney or accountant or other agent retained by any such underwriter or selected by the selling Holders, all financial and other records, pertinent corporate documents, and properties of the Company, and cause the Company's officers, directors, employees, and independent accountants to supply all information reasonably requested by any such seller, underwriter, attorney, accountant, or agent, in each case, as necessary or advisable to verify the accuracy of the information in such registration statement and to conduct appropriate due diligence in connection therewith;

(k) notify each selling Holder, promptly after the Company receives notice thereof, of the time when such registration statement has been declared effective or a supplement to any prospectus forming a part of such registration statement has been filed; and

(l) after such registration statement becomes effective, notify each selling Holder of any request by the SEC that the Company amend or supplement such registration statement or prospectus.

2.5 Furnish Information. It shall be a condition precedent to the obligations of the Company to take any action pursuant to this Section 2 with respect to the Registrable Securities of any selling Holder that such Holder shall furnish to the Company such information regarding itself, the Registrable Securities held by it, and the intended method of disposition of such securities as is reasonably required to effect the registration of such Holder's Registrable Securities.

2.6 Expenses of Registration. All expenses (other than Selling Expenses) incurred in connection with registrations, filings, or qualifications pursuant to Section 2, including all registration, filing, and qualification fees; printers' and accounting fees; fees and disbursements of counsel for the Company; and the reasonable fees and disbursements of one counsel for the selling Holders ("**Selling Holder Counsel**"), shall be borne and paid by the Company; provided, however, that the Company shall not be required to pay for any expenses of any registration proceeding begun pursuant to Subsection 2.1 if the registration request is subsequently withdrawn at the request of the Holders of a majority of the Registrable Securities to be registered (in which case all selling Holders shall bear such expenses pro rata based upon the number of Registrable Securities that were to be included in the withdrawn registration), unless

the Holders of a majority of the Registrable Securities agree to forfeit their right to one registration pursuant to Subsections 2.1(a) or 2.1(b), as the case may be; provided further that if, at the time of such withdrawal, the Holders shall have learned of a material adverse change in the condition, business, or prospects of the Company from that known to the Holders at the time of their request and have withdrawn the request with reasonable promptness after learning of such information then the Holders shall not be required to pay any of such expenses and shall not forfeit their right to one registration pursuant to Subsections 2.1(a) or 2.1(b). All Selling Expenses relating to Registrable Securities registered pursuant to this Section 2 shall be borne and paid by the Holders pro rata on the basis of the number of Registrable Securities registered on their behalf.

2.7 Delay of Registration. No Holder shall have any right to obtain or seek an injunction restraining or otherwise delaying any registration pursuant to this Agreement as the result of any controversy that might arise with respect to the interpretation or implementation of this Section 2.

2.8 Indemnification If any Registrable Securities are included in a registration statement under this Section 2:

(a) To the extent permitted by law, the Company will indemnify and hold harmless each selling Holder, and the partners, members, officers, directors, and stockholders of each such Holder; legal counsel and accountants for each such Holder; any underwriter (as defined in the Securities Act) for each such Holder; and each Person, if any, who controls such Holder or underwriter within the meaning of the Securities Act or the Exchange Act, against any Damages, and the Company will pay to each such Holder, underwriter, controlling Person, or other aforementioned Person any legal or other expenses reasonably incurred thereby in connection with investigating or defending any claim or proceeding from which Damages may result, as such expenses are incurred; provided, however, that the indemnity agreement contained in this Subsection 2.8(a) shall not apply to amounts paid in settlement of any such claim or proceeding if such settlement is effected without the consent of the Company, which consent shall not be unreasonably withheld, conditioned or delayed, nor shall the Company be liable for any Damages to the extent that they arise out of or are based upon actions or omissions made in reliance upon and in conformity with written information furnished by or on behalf of any such Holder, underwriter, controlling Person, or other aforementioned Person expressly for use in connection with such registration.

(b) To the extent permitted by law, each selling Holder, severally and not jointly, will indemnify and hold harmless the Company, and each of its directors, each of its officers who has signed the registration statement, each Person (if any), who controls the Company within the meaning of the Securities Act, legal counsel and accountants for the Company, any underwriter (as defined in the Securities Act), any other Holder selling securities in such registration statement, and any controlling Person of any such underwriter or other Holder, against any Damages, in each case only to the extent that such Damages arise out of or are based upon actions or omissions made in reliance upon and in conformity with written information furnished by or on behalf of such selling Holder expressly for use in connection with such registration; and each such selling Holder will pay to the Company and each other aforementioned Person any legal or other expenses reasonably incurred thereby in connection with investigating or defending any claim or proceeding from which Damages may result, as such expenses are incurred; provided,

however, that the indemnity agreement contained in this Subsection 2.8(b) shall not apply to amounts paid in settlement of any such claim or proceeding if such settlement is effected without the consent of the Holder, which consent shall not be unreasonably withheld, conditioned or delayed; and provided further that in no event shall the aggregate amounts payable by any Holder by way of indemnity or contribution under Subsections 2.8(b) and 2.8(d) exceed the proceeds from the offering received by such Holder (net of any Selling Expenses paid by such Holder), except in the case of fraud or willful misconduct by such Holder.

(c) Promptly after receipt by an indemnified party under this Subsection 2.8 of notice of the commencement of any action (including any governmental action) for which a party may be entitled to indemnification hereunder, such indemnified party will, if a claim in respect thereof is to be made against any indemnifying party under this Subsection 2.8, give the indemnifying party notice of the commencement thereof. The indemnifying party shall have the right to participate in such action and, to the extent the indemnifying party so desires, participate jointly with any other indemnifying party to which notice has been given, and to assume the defense thereof with counsel mutually satisfactory to the parties; provided, however, that an indemnified party (together with all other indemnified parties that may be represented without conflict by one counsel) shall have the right to retain one separate counsel, with the fees and expenses to be paid by the indemnifying party, if representation of such indemnified party by the counsel retained by the indemnifying party would be inappropriate due to actual or potential differing interests between such indemnified party and any other party represented by such counsel in such action. The failure to give notice to the indemnifying party within a reasonable time of the commencement of any such action shall relieve such indemnifying party of any liability to the indemnified party under this Subsection 2.8, to the extent that such failure materially prejudices the indemnifying party's ability to defend such action. The failure to give notice to the indemnifying party will not relieve it of any liability that it may have to any indemnified party otherwise than under this Subsection 2.8.

(d) To provide for just and equitable contribution to joint liability under the Securities Act in any case in which either: (i) any party otherwise entitled to indemnification hereunder makes a claim for indemnification pursuant to this Subsection 2.8 but it is judicially determined (by the entry of a final judgment or decree by a court of competent jurisdiction and the expiration of time to appeal or the denial of the last right of appeal) that such indemnification may not be enforced in such case, notwithstanding the fact that this Subsection 2.8 provides for indemnification in such case, or (ii) contribution under the Securities Act may be required on the part of any party hereto for which indemnification is provided under this Subsection 2.8, then, and in each such case, such parties will contribute to the aggregate losses, claims, damages, liabilities, or expenses to which they may be subject (after contribution from others) in such proportion as is appropriate to reflect the relative fault of each of the indemnifying party and the indemnified party in connection with the statements, omissions, or other actions that resulted in such loss, claim, damage, liability, or expense, as well as to reflect any other relevant equitable considerations. The relative fault of the indemnifying party and of the indemnified party shall be determined by reference to, among other things, whether the untrue or allegedly untrue statement of a material fact, or the omission or alleged omission of a material fact, relates to information supplied by the indemnifying party or by the indemnified party and the parties' relative intent, knowledge, access to information, and opportunity to correct or prevent such statement or omission; provided, however, that, in any such case (x) no Holder will be required to contribute any amount in excess

of the public offering price of all such Registrable Securities offered and sold by such Holder pursuant to such registration statement, and (y) no Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) will be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation; and provided further that in no event shall a Holder's liability pursuant to this Subsection 2.8(d), when combined with the amounts paid or payable by such Holder pursuant to Subsection 2.8(b), exceed the proceeds from the offering received by such Holder (net of any Selling Expenses paid by such Holder), except in the case of willful misconduct or fraud by such Holder.

(e) Notwithstanding the foregoing, to the extent that the provisions on indemnification and contribution contained in the underwriting agreement entered into in connection with the underwritten public offering are in conflict with the foregoing provisions, the provisions in the underwriting agreement shall control.

(f) Unless otherwise superseded by an underwriting agreement entered into in connection with the underwritten public offering, the obligations of the Company and Holders under this Subsection 2.8 shall survive the completion of any offering of Registrable Securities in a registration under this Section 2, and otherwise shall survive the termination of this Agreement.

2.9 Reports Under Exchange Act. With a view to making available to the Holders the benefits of SEC Rule 144 and any other rule or regulation of the SEC that may at any time permit a Holder to sell securities of the Company to the public without registration or pursuant to a registration on Form S-3, the Company shall:

(a) use commercially reasonable efforts to make and keep available adequate current public information, as those terms are understood and defined in SEC Rule 144, at all times after the effective date of the registration statement filed by the Company for the IPO;

(b) use commercially reasonable efforts to file with the SEC in a timely manner all reports and other documents required of the Company under the Securities Act and the Exchange Act (at any time after the Company has become subject to such reporting requirements); and

(c) furnish to any Holder, so long as the Holder owns any Registrable Securities, forthwith upon request (i) to the extent accurate, a written statement by the Company that it has complied with the reporting requirements of SEC Rule 144 (at any time after ninety (90) days after the effective date of the registration statement filed by the Company for the IPO), the Securities Act, and the Exchange Act (at any time after the Company has become subject to such reporting requirements), or that it qualifies as a registrant whose securities may be resold pursuant to Form S-3 (at any time after the Company so qualifies) and (ii) such other information as may be reasonably requested in availing any Holder of any rule or regulation of the SEC that permits the selling of any such securities without registration (at any time after the Company has become subject to the reporting requirements under the Exchange Act) or pursuant to Form S-3 (at any time after the Company so qualifies to use such form).

2.10 Limitations on Subsequent Registration Rights. From and after the date of this Agreement, the Company shall not, without the prior written consent of the Holders of a majority of the Registrable Securities then outstanding, enter into any agreement with any holder or prospective holder of any securities of the Company that would (i) allow such holder or prospective holder to include such securities in any registration unless, under the terms of such agreement, such holder or prospective holder may include such securities in any such registration only to the extent that the inclusion of such securities will not reduce the number of the Registrable Securities of the Holders that are included or (ii) allow such holder or prospective holder to initiate a demand for registration of any securities held by such holder or prospective holder; provided that this limitation shall not apply to Registrable Securities acquired by any additional Investor that becomes a party to this Agreement in accordance with Subsection 6.9.

2.11 "Market Stand-off" Agreement. If requested by the Company and an underwriter of Common Stock or other equity securities of the Company, each Holder hereby agrees that it will not, without the prior written consent of the managing underwriter, during the period commencing on the date of the final prospectus relating to the registration by the Company for its own behalf of shares of its Common Stock or any other equity securities under the Securities Act on a registration statement on Form S-1 or Form S-3, and ending on the date specified by the Company and the managing underwriter (such period not to exceed one hundred eighty (180) days in the case of the IPO, or such other period as may be requested by the Company or an underwriter to accommodate regulatory restrictions on (1) the publication or other distribution of research reports, and (2) analyst recommendations and opinions, including, but not limited to, the restrictions contained in applicable FINRA rules, or any successor provisions or amendments thereto), (i) lend; offer; pledge; sell; contract to sell; sell any option or contract to purchase; purchase any option or contract to sell; grant any option, right, or warrant to purchase; or otherwise transfer or dispose of, directly or indirectly, any shares of Common Stock or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Common Stock held immediately before the effective date of the registration statement for such offering or (ii) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of such securities, whether any such transaction described in clause (i) or (ii) above is to be settled by delivery of Common Stock or other securities, in cash, or otherwise. The foregoing provisions of this Subsection 2.11 shall apply only to the IPO, shall not apply to the sale of any shares to an underwriter pursuant to an underwriting agreement, and shall be applicable to the Holders only if all officers, directors and holders of at least one (1) percent of the Company's outstanding Common Stock (after giving effect to conversion into Common Stock of all outstanding Preferred Stock) are bound by and subject to the same restrictions. The underwriters in connection with such registration are intended third-party beneficiaries of this Subsection 2.11 and shall have the right, power and authority to enforce the provisions hereof as though they were a party hereto. Each Holder further agrees to execute such agreements as may be reasonably requested by the underwriters in connection with such registration that are consistent with this Subsection 2.11 or that are necessary to give further effect thereto. The obligations described in this Subsection 2.11 shall not apply to a registration relating solely to employee benefit plans on Form S-1 or Form S-8 or similar forms that may be promulgated in the future, or a registration relating solely to a transaction on Form S-4 or similar forms that may be promulgated in the future.

2.12 Restrictions on Transfer.

(a) The Preferred Stock and the Registrable Securities shall not be sold, pledged, or otherwise transferred, and the Company shall not recognize and shall issue stop-transfer instructions to its transfer agent with respect to any such sale, pledge, or transfer, except upon the conditions specified in this Agreement, which conditions are intended to ensure compliance with the provisions of the Securities Act. A transferring Holder will cause any proposed purchaser, pledgee, or transferee of the Preferred Stock and the Registrable Securities held by such Holder to agree to take and hold such securities subject to the provisions and upon the conditions specified in this Agreement.

(b) Each certificate, instrument, or book entry representing (i) the Preferred Stock, (ii) the Registrable Securities, and (iii) any other securities issued in respect of the securities referenced in clauses (i) and (ii), upon any stock split, stock dividend, recapitalization, merger, consolidation, or similar event, shall (unless otherwise permitted by the provisions of Subsection 2.12(c)) be notated with a legend substantially in the following form:

> THE SECURITIES REPRESENTED HEREBY HAVE BEEN ACQUIRED FOR INVESTMENT AND HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933. SUCH SHARES MAY NOT BE SOLD, PLEDGED, OR TRANSFERRED IN THE ABSENCE OF SUCH REGISTRATION OR A VALID EXEMPTION FROM THE REGISTRATION AND PROSPECTUS DELIVERY REQUIREMENTS OF SAID ACT.
>
> THE SECURITIES REPRESENTED HEREBY MAY BE TRANSFERRED ONLY IN ACCORDANCE WITH THE TERMS OF AN AGREEMENT BETWEEN THE COMPANY AND THE STOCKHOLDER, A COPY OF WHICH IS ON FILE WITH THE SECRETARY OF THE COMPANY.
>
> THE SECURITIES REPRESENTED HEREBY ARE SUBJECT TO RESTRICTIONS ON TRANSFERABILITY AND RESALE, INCLUDING A LOCK-UP PERIOD IN THE EVENT OF A PUBLIC OFFERING, AS SET FORTH IN THE INVESTORS' RIGHTS AGREEMENT, A COPY OF WHICH MAY BE OBTAINED AT THE PRINCIPAL OFFICE OF THE COMPANY. SUCH LOCK-UP PERIOD IS BINDING ON TRANSFEREES OF THESE SHARES.

The Holders consent to the Company making a notation in its records and giving instructions to any transfer agent of the Restricted Securities in order to implement the restrictions on transfer set forth in this Subsection 2.12.

(c) The holder of such Restricted Securities, by acceptance of ownership thereof, agrees to comply in all respects with the provisions of this Section 2. Before any proposed sale, pledge, or transfer of any Restricted Securities, unless there is in effect a registration statement under the Securities Act covering the proposed transaction, the Holder thereof shall give notice to the Company of such Holder's intention to effect such sale, pledge, or transfer. Each such notice shall describe the manner and circumstances of the proposed sale,

pledge, or transfer in sufficient detail and, if reasonably requested by the Company, shall be accompanied at such Holder's expense by either (i) a written opinion of legal counsel who shall, and whose legal opinion shall, be reasonably satisfactory to the Company, addressed to the Company, to the effect that the proposed transaction may be effected without registration under the Securities Act; (ii) a "no action" letter from the SEC to the effect that the proposed sale, pledge, or transfer of such Restricted Securities without registration will not result in a recommendation by the staff of the SEC that action be taken with respect thereto; or (iii) any other evidence reasonably satisfactory to counsel to the Company to the effect that the proposed sale, pledge, or transfer of the Restricted Securities may be effected without registration under the Securities Act, whereupon the Holder of such Restricted Securities shall be entitled to sell, pledge, or transfer such Restricted Securities in accordance with the terms of the notice given by the Holder to the Company. The Company will not require such a legal opinion or "no action" letter (x) in any transaction in compliance with SEC Rule 144; or (y) in any transaction in which such Holder transfers Restricted Securities to an Affiliate; provided that each transferee agrees in writing to be subject to the terms of this Subsection 2.12. Each certificate, instrument, or book entry representing the Restricted Securities transferred as above provided shall be notated with, except if such transfer is made pursuant to SEC Rule 144, the appropriate restrictive legend set forth in Subsection 2.12(b), except that such certificate instrument, or book entry shall not be notated with such restrictive legend if, in the opinion of counsel for such Holder and the Company, such legend is not required in order to establish compliance with any provisions of the Securities Act.

2.13 Termination of Registration Rights. The right of any Holder to request registration or inclusion of Registrable Securities in any registration pursuant to Subsections 2.1 or 2.2 shall terminate upon the earliest to occur of:

(a) the closing of a Deemed Liquidation Event, as such term is defined in the Certificate of Incorporation; or

(b) the fifth (5th) anniversary of the IPO.

3. Information and Observer Rights.

3.1 Delivery of Financial Statements. The Company shall deliver to each Major Investor, *provided* that the Board of Directors of the Company has not reasonably determined that such Major Investor is a competitor of the Company:

(a) as soon as practicable, but in any event within one hundred twenty (120) days after the end of each fiscal year of the Company (i) a balance sheet as of the end of such year, (ii) statements of income and of cash flows for such year, and a comparison between (x) the actual amounts as of and for such fiscal year and (y) the comparable amounts for the prior year and as included in the Budget (as defined in Subsection 3.1(e)) for such year, with an explanation of any material differences between such amounts and a schedule as to the sources and applications of funds for such year, and (iii) a statement of stockholders' equity as of the end of such year, all such financial statements prepared in accordance with GAAP and audited and certified by independent public accountants of nationally recognized standing selected by the Company;

(b) as soon as practicable, but in any event within forty-five (45) days after the end of each of the first three (3) quarters of each fiscal year of the Company, unaudited statements of income and cash flows for such fiscal quarter, and an unaudited balance sheet and a statement of stockholders' equity as of the end of such fiscal quarter, all prepared in accordance with GAAP and in a form which shall be reasonably acceptable to the Major Investors (except that such financial statements may (i) be subject to normal year-end audit adjustments; and (ii) not contain all notes thereto that may be required in accordance with GAAP);

(c) as soon as practicable, but in any event within forty-five (45) days after the end of each of the first three (3) quarters of each fiscal year of the Company, a statement showing the number of shares of each class and series of capital stock and securities convertible into or exercisable for shares of capital stock outstanding at the end of the period, the Common Stock issuable upon conversion or exercise of any outstanding securities convertible or exercisable for Common Stock and the exchange ratio or exercise price applicable thereto, and the number of shares of issued stock options and stock options not yet issued but reserved for issuance, if any, all in sufficient detail as to permit the Major Investors to calculate their respective percentage equity ownership in the Company, and certified by the chief financial officer or chief executive officer of the Company as being true, complete, and correct;

(d) as soon as practicable, but in any event within thirty (30) days of the end of each month, an unaudited income statement and statement of cash flows for such month, and an unaudited balance sheet and statement of stockholders' equity as of the end of such month, all prepared in accordance with GAAP and in a form which shall be reasonably acceptable to the Major Investors (except that such financial statements may (i) be subject to normal year-end audit adjustments and (ii) not contain all notes thereto that may be required in accordance with GAAP);

(e) as soon as practicable, but in any event thirty (30) days before the end of each fiscal year, a budget and business plan for the next fiscal year (collectively, the "**Budget**"), approved by the Board of Directors (including a majority of the Series Seed Directors) and prepared on a monthly basis, including balance sheets, income statements, and statements of cash flow for such months and, promptly after prepared, any other budgets or revised budgets prepared by the Company;

(f) such other information relating to the financial condition, business, prospects, or corporate affairs of the Company as any Major Investor may from time to time reasonably request; provided, however, that the Company shall not be obligated under this Subsection 3.1 to provide information (i) that the Company reasonably determines in good faith to be a trade secret or confidential information (unless covered by an enforceable confidentiality agreement, in a form acceptable to the Company); or (ii) the disclosure of which the Company reasonably determines in good faith and upon the advice of counsel would adversely affect the attorney-client privilege between the Company and its counsel; and

(g) with respect to the financial statements called for in Subsection 3.1(a), Subsection 3.1(b) and Subsection 3.1(d), an instrument executed by the chief financial officer and chief executive officer of the Company certifying that such financial statements were prepared in accordance with GAAP consistently applied with prior practice for earlier periods

(except as otherwise set forth in Subsection 3.1(b) and Subsection 3.1(d)) and fairly present the financial condition of the Company and its results of operation for the periods specified therein.

If, for any period, the Company has any subsidiary whose accounts are consolidated with those of the Company, then in respect of such period the financial statements delivered pursuant to the foregoing sections shall be the consolidated and consolidating financial statements of the Company and all such consolidated subsidiaries.

Notwithstanding anything else in this Subsection 3.1 to the contrary, the Company may cease providing the information set forth in this Subsection 3.1 during the period starting with the date thirty (30) days before the Company's good-faith estimate of the date of filing of a registration statement if it reasonably concludes it must do so to comply with the SEC rules applicable to such registration statement and related offering; provided that the Company's covenants under this Subsection 3.1 shall be reinstated at such time as the Company is no longer actively employing its commercially reasonable efforts to cause such registration statement to become effective.

3.2 Inspection. The Company shall permit each Major Investor, *provided* that the Board of Directors has not reasonably determined that such Major Investor is a competitor of the Company, at such Major Investor's expense, to visit and inspect the Company's properties; examine its books of account and records; and discuss the Company's affairs, finances, and accounts with its officers, during normal business hours of the Company as may be reasonably requested by the Major Investor; provided, however, that the Company shall not be obligated pursuant to this Subsection 3.2 to provide access to any information that it reasonably and in good faith considers to be a trade secret or confidential information (unless covered by an enforceable confidentiality agreement, in form acceptable to the Company) or the disclosure of which the Company reasonably determines in good faith and upon the advice of counsel would adversely affect the attorney-client privilege between the Company and its counsel.

3.3 Termination of Information Rights. The covenants set forth in Subsection 3.1 and Subsection 3.2 shall terminate and be of no further force or effect (i) immediately before the consummation of the IPO, (ii) when the Company first becomes subject to the periodic reporting requirements of Section 12(g) or 15(d) of the Exchange Act, or (iii) upon the closing of a Deemed Liquidation Event, as such term is defined in the Certificate of Incorporation, whichever event occurs first.

3.4 Confidentiality. Each Investor agrees that such Investor will keep confidential and will not disclose, divulge, or use for any purpose (other than to monitor its investment in the Company) any confidential information obtained from the Company pursuant to the terms of this Agreement (including notice of the Company's intention to file a registration statement), unless such confidential information (a) is known or becomes known to the public in general (other than as a result of a breach of this Subsection 3.4 by such Investor), (b) is or has been independently developed or conceived by such Investor without use of the Company's confidential information, or (c) is or has been made known or disclosed to such Investor by a third party without a breach of any obligation of confidentiality such third party may have to the Company; provided, however, that an Investor may disclose confidential information (i) to its attorneys, accountants, consultants, and other professionals to the extent necessary to obtain their

services in connection with monitoring its investment in the Company; (ii) to any prospective purchaser of any Registrable Securities from such Investor, if such prospective purchaser agrees to be bound by the provisions of this Subsection 3.4; (iii) to any existing or prospective Affiliate, partner, member, stockholder, or wholly owned subsidiary of such Investor in the ordinary course of business, provided that such Investor informs such Person that such information is confidential and directs such Person to maintain the confidentiality of such information; or (iv) as may otherwise be required by law, regulation, rule, court order or subpoena, provided that in the case of clause (iv), to the extent permitted by applicable law, such Investor promptly notifies the Company of such disclosure and takes reasonable steps to minimize the extent of any such required disclosure.

3.5 "Bad Actor" Notice. Each party to this Agreement will promptly notify each other party to this Agreement in writing if it or, to its knowledge, any person specified in Rule 506(d)(1) under the Securities Act becomes subject to any Bad Actor Disqualification.

4. Rights to Future Stock Issuances.

4.1 Right of First Offer. Subject to the terms and conditions of this Subsection 4.1 and applicable securities laws, if the Company proposes to offer or sell any New Securities, the Company shall first offer such New Securities to each Major Investor. A Major Investor shall be entitled to apportion the right of first offer hereby granted to it in such proportions as it deems appropriate among itself and its Affiliates.

(a) The Company shall give notice (the "**Offer Notice**") to each Major Investor, stating (i) its bona fide intention to offer such New Securities, (ii) the number of such New Securities to be offered, and (iii) the price and terms, if any, upon which it proposes to offer such New Securities.

(b) By written notification to the Company within twenty (20) days after the Offer Notice is given, each Major Investor may elect to purchase or otherwise acquire, at the price and on the terms specified in the Offer Notice, up to that portion of such New Securities which equals the proportion that the Common Stock then held by such Major Investor (including all shares of Common Stock then issuable (directly or indirectly) upon conversion and/or exercise, as applicable, of the Preferred Stock and any other Derivative Securities then held by such Major Investor) bears to the total Common Stock of the Company then outstanding (assuming full conversion and/or exercise, as applicable, of all Preferred Stock and any other Derivative Securities then outstanding). At the expiration of such twenty (20) day period, the Company shall promptly notify each Major Investor that elects to purchase or acquire all the shares available to it (each, a "**Fully Exercising Investor**") of any other Major Investor's failure to do likewise. During the ten (10) day period commencing after the Company has given such notice, each Fully Exercising Investor may, by giving notice to the Company, elect to purchase or acquire, in addition to the number of shares specified above, up to that portion of the New Securities for which Major Investors were entitled to subscribe but that were not subscribed for by the Major Investors which is equal to the proportion that the Common Stock issued and held, or issuable (directly or indirectly) upon conversion and/or exercise, as applicable, of Preferred Stock and any other Derivative Securities then held, by such Fully Exercising Investor bears to the Common Stock issued and held, or issuable (directly or indirectly) upon conversion and/or exercise, as applicable,

of the Preferred Stock and any other Derivative Securities then held, by all Fully Exercising Investors who wish to purchase such unsubscribed shares. The closing of any sale pursuant to this Subsection 4.1(b) shall occur within the later of ninety (90) days of the date that the Offer Notice is given and the date of initial sale of New Securities pursuant to Subsection 4.1(c).

(c) If all New Securities referred to in the Offer Notice are not elected to be purchased or acquired as provided in Subsection 4.1(b), the Company may, during the ninety (90) day period following the expiration of the periods provided in Subsection 4.1(b), offer and sell the remaining unsubscribed portion of such New Securities to any Person or Persons at a price not less than, and upon terms no more favorable to the offeree than, those specified in the Offer Notice. If the Company does not enter into an agreement for the sale of the New Securities within such period, or if such agreement is not consummated within thirty (30) days of the execution thereof, the right provided hereunder shall be deemed to be revived and such New Securities shall not be offered unless first reoffered to the Major Investors in accordance with this Subsection 4.1.

(d) The right of first offer in this Subsection 4.1 shall not be applicable to (i) Exempted Securities (as defined in the Certificate of Incorporation); and (ii) shares of Common Stock issued in the IPO.

4.2 Termination. The covenants set forth in Subsection 4.1 shall terminate and be of no further force or effect (i) immediately before the consummation of the IPO, (ii) when the Company first becomes subject to the periodic reporting requirements of Section 12(g) or 15(d) of the Exchange Act, or (iii) upon the closing of a Deemed Liquidation Event, as such term is defined in the Certificate of Incorporation, whichever event occurs first.

5. Additional Covenants.

5.1 Insurance. The Company shall obtain, within ninety (90) days of the date hereof, from a financially sound and reputable insurer Directors and Officers liability insurance, each in an amount and on terms and conditions satisfactory to the Board of Directors, including at least a majority of the Series Seed Preferred Directors, and will use commercially reasonable efforts to cause such insurance policy to be maintained until such time as the Board of Directors determines that such insurance should be discontinued. The policy shall not be cancelable by the Company without prior approval by the Board of Directors, including a majority of the Series Seed Directors. Notwithstanding any other provision of this Section 5.1 to the contrary, for so long as a Series Seed Director is serving on the Board of Directors, the Company shall not cease to maintain a Directors and Officers liability insurance policy in an amount satisfactory to the Board of Directors unless approved by a majority of the Series Seed Directors.

5.2 Employee Agreements. The Company will cause (i) each Person now or hereafter employed by it or by any subsidiary (or engaged by the Company or any subsidiary as a consultant/independent contractor) with access to confidential information and/or trade secrets to enter into a nondisclosure and proprietary rights assignment agreement; and (ii) each employee to enter into an employment agreement that includes one (1) year noncompetition and nonsolicitation covenants on the part of such employee, in each case as approved by the Board of Directors, including a majority of the Series Seed Directors. In addition, the Company shall not amend, modify, terminate, waive, or otherwise alter, in whole or in part, any of the above-

referenced agreements or any restricted stock agreement between the Company and any employee, without the consent of a majority of the Series Seed Directors.

5.3 Employee Stock. Unless otherwise approved by the Board of Directors, including a majority of the Series Seed Directors, all future employees and consultants of the Company who purchase, receive options to purchase, or receive awards of shares of the Company's capital stock after the date hereof shall be required to execute restricted stock or option agreements, as applicable, providing for (i) vesting of shares over a four (4) year period, with the first twenty-five percent (25%) of such shares vesting following twelve (12) months of continued employment or service, and the remaining shares vesting in equal monthly installments over the following thirty-six (36) months, and (ii) a market stand-off provision substantially similar to that in Subsection 2.11. Without the prior approval by the Board of Directors, including a majority of the Series Seed Directors, the Company shall not amend, modify, terminate, waive or otherwise alter, in whole or in part, any stock purchase, stock restriction or option agreement with any existing employee or service provider if such amendment would cause it to be inconsistent with this Subsection 5.3. In addition, unless otherwise approved by the Board of Directors, including a majority of the Series Seed Directors, the Company shall retain (and not waive) a "right of first refusal" on employee transfers until the Company's IPO and shall have the right to repurchase unvested shares at cost upon termination of employment of a holder of restricted stock.

5.4 Qualified Small Business Stock. The Company shall use commercially reasonable efforts to cause the shares of Series Seed Preferred Stock issued pursuant to the Purchase Agreement, as well as any shares into which such shares are converted, within the meaning of Section 1202(f) of the Internal Revenue Code (the "**Code**"), to constitute "qualified small business stock" as defined in Section 1202(c) of the Code; provided, however, that such requirement shall not be applicable if the Board of Directors of the Company determines, in its good-faith business judgment, that such qualification is inconsistent with the best interests of the Company. The Company shall submit to its stockholders (including the Investors) and to the Internal Revenue Service any reports that may be required under Section 1202(d)(1)(C) of the Code and the regulations promulgated thereunder. In addition, within twenty (20) business days after any Investor's written request therefor, the Company shall, at its option, either (i) deliver to such Investor a written statement indicating whether (and what portion of) such Investor's interest in the Company constitutes "qualified small business stock" as defined in Section 1202(c) of the Code or (ii) deliver to such Investor such factual information in the Company's possession as is reasonably necessary to enable such Investor to determine whether (and what portion of) such Investor's interest in the Company constitutes "qualified small business stock" as defined in Section 1202(c) of the Code.

5.5 Matters Requiring Investor Director Approval. So long as the holders of Series Seed Preferred Stock are entitled to elect a Series Seed Director, the Company hereby covenants and agrees with each of the Investors that it shall not, without approval of the Board of Directors, which approval must include the affirmative vote of a majority of the Series Seed Directors:

(a) make, or permit any subsidiary to make, any loan or advance to, or own any stock or other securities of, any subsidiary or other corporation, partnership, or other entity unless it is wholly owned by the Company;

(b) make, or permit any subsidiary to make, any loan or advance to any Person, including, without limitation, any employee or director of the Company or any subsidiary, except advances and similar expenditures in the ordinary course of business or under the terms of an employee stock or option plan approved by the Board of Directors;

(c) guarantee, directly or indirectly, or permit any subsidiary to guarantee, directly or indirectly, any indebtedness except for trade accounts of the Company or any subsidiary arising in the ordinary course of business;

(d) make any investment inconsistent with any investment policy approved by the Board of Directors;

(e) otherwise enter into or be a party to any transaction with any director, officer, or employee of the Company or any "associate" (as defined in Rule 12b-2 promulgated under the Exchange Act) of any such Person, including without limitation any "management bonus" or similar plan providing payments to employees in connection with a Deemed Liquidation Event, as such term is defined in the Certificate of Incorporation, except for transactions contemplated by this Agreement and the Purchase Agreement or transactions made in the ordinary course of business and pursuant to reasonable requirements of the Company's business and upon fair and reasonable terms that are approved by a majority of the Board of Directors;

(f) hire, terminate, or change the compensation of the executive officers, including approving any option grants or stock awards to executive officers;

(g) change the principal business of the Company, enter new lines of business, or exit the current line of business;

(h) sell, assign, license, pledge, or encumber material technology or intellectual property, other than licenses granted in the ordinary course of business; or

(i) enter into any corporate strategic relationship.

5.6 Board Matters. Unless otherwise determined by the vote of a majority of the directors then in office, the Board of Directors shall meet in person or via video or conference call at least quarterly in accordance with an agreed-upon schedule. The Company shall reimburse the directors for all reasonable out-of-pocket travel expenses incurred (consistent with the Company's travel policy) in connection with attending meetings of the Board of Directors. Each of the Series Seed Directors shall be entitled in such person's discretion to be a member of any committee of the Board of Directors

5.7 Successor Indemnification. If the Company or any of its successors or assignees consolidates with or merges into any other Person and is not the continuing or surviving corporation or entity of such consolidation or merger, then to the extent necessary, proper provision shall be made so that the successors and assignees of the Company assume the obligations of the Company with respect to indemnification of members of the Board of Directors as in effect immediately before such transaction, whether such obligations are contained in the Company's Bylaws, the Certificate of Incorporation, or elsewhere, as the case may be.

5.8 Right to Conduct Activities. The Company hereby agrees and acknowledges that Apple Tree Partners IV, L.P. ("**Apple Tree**") (together with its Affiliates) is a professional investment organization, and as such reviews the business plans and related proprietary information of many enterprises, some of which may compete directly or indirectly with the Company's business (as currently conducted or as currently propose to be conducted). Nothing in this Agreement shall preclude or in any way restrict Apple Tree or its Affiliates from investing or participating in any particular enterprise whether or not such enterprise has products or services which compete with those of the Company. The Company hereby agrees that, to the extent permitted under applicable law, Apple Tree (and its Affiliates) shall not be liable to the Company for any claim arising out of, or based upon, (i) the investment by Apple Tree (or its Affiliates) in any entity competitive with the Company, or (ii) actions taken by any partner, officer, employee or other representative of Apple Tree (or its Affiliates) to assist any such competitive company, whether or not such action was taken as a member of the board of directors of such competitive company or otherwise, and whether or not such action has a detrimental effect on the Company; provided, however, that the foregoing shall not relieve (x) any of the Investors from liability associated with the unauthorized disclosure of the Company's confidential information obtained pursuant to this Agreement, or (y) any director or officer of the Company from any liability associated with his or her fiduciary duties to the Company.

5.9 Termination of Covenants. The covenants set forth in this Section 5, except for Subsection 5.7, shall terminate and be of no further force or effect (i) immediately before the consummation of the IPO, (ii) when the Company first becomes subject to the periodic reporting requirements of Section 12(g) or 15(d) of the Exchange Act, or (iii) upon a Deemed Liquidation Event, as such term is defined in the Certificate of Incorporation, whichever event occurs first.

6. Miscellaneous.

6.1 Successors and Assigns. The rights under this Agreement may be assigned (but only with all related obligations) by a Holder to a transferee of Registrable Securities that (i) is an Affiliate of a Holder; (ii) is a Holder's Immediate Family Member or trust for the benefit of an individual Holder or one or more of such Holder's Immediate Family Members; or (iii) after such transfer, holds at least 100,000 shares of Registrable Securities (subject to appropriate adjustment for stock splits, stock dividends, combinations, and other recapitalizations); provided, however, that (x) the Company is, within a reasonable time after such transfer, furnished with written notice of the name and address of such transferee and the Registrable Securities with respect to which such rights are being transferred; and (y) such transferee agrees in a written instrument delivered to the Company to be bound by and subject to the terms and conditions of this Agreement, including the provisions of Subsection 2.11. For the purposes of determining the number of shares of Registrable Securities held by a transferee, the holdings of a transferee (1) that is an Affiliate or stockholder of a Holder; (2) who is a Holder's Immediate Family Member; or (3) that is a trust for the benefit of an individual Holder or such Holder's Immediate Family Member shall be aggregated together and with those of the transferring Holder; provided further that all transferees who would not qualify individually for assignment of rights shall, as a condition to the applicable transfer, establish a single attorney-in-fact for the purpose of exercising any rights, receiving notices, or taking any action under this Agreement. The terms and conditions of this Agreement inure to the benefit of and are binding upon the

respective successors and permitted assignees of the parties. Nothing in this Agreement, express or implied, is intended to confer upon any party other than the parties hereto or their respective successors and permitted assignees any rights, remedies, obligations or liabilities under or by reason of this Agreement, except as expressly provided herein.

6.2 Governing Law. This Agreement shall be governed by the internal law of the State of Delaware, without regard to conflict of law principles that would result in the application of any law other than the law of the State of Delaware.

6.3 Counterparts. This Agreement may be executed in two (2) or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Counterparts may be delivered via facsimile, electronic mail (including pdf) or other transmission method and any counterpart so delivered shall be deemed to have been duly and validly delivered and be valid and effective for all purposes.

6.4 Titles and Subtitles. The titles and subtitles used in this Agreement are for convenience only and are not to be considered in construing or interpreting this Agreement.

6.5 Notices.

(a) All notices and other communications given or made pursuant to this Agreement shall be in writing and shall be deemed effectively given upon the earlier of actual receipt or (i) personal delivery to the party to be notified; (ii) when sent, if sent by electronic mail or facsimile during the recipient's normal business hours, and if not sent during normal business hours, then on the recipient's next business day; (iii) five (5) days after having been sent by registered or certified mail, return receipt requested, postage prepaid; or (iv) one (1) business day after the business day of deposit with a nationally recognized overnight courier, freight prepaid, specifying next-day delivery, with written verification of receipt. All communications shall be sent to the respective parties at their addresses as set forth on Schedule A hereto, or to the principal office of the Company and to the attention of the Chief Executive Officer, in the case of the Company, or to such email address, facsimile number, or address as subsequently modified by written notice given in accordance with this Subsection 6.5. If notice is given to Stockholders, a copy (which shall not constitute notice) shall also be given to Sullivan & Cromwell LLP, 1870 Embarcadero Rd, Palo Alto, CA 94303, Attn: Sarah Payne.

(b) Consent to Electronic Notice. Each Investor consents to the delivery of any stockholder notice pursuant to the Delaware General Corporation Law (the "DGCL"), as amended or superseded from time to time, by electronic transmission pursuant to Section 232 of the DGCL (or any successor thereto) at the electronic mail address or the facsimile number as on the books of the Company. To the extent that any notice given by means of electronic transmission is returned or undeliverable for any reason, the foregoing consent shall be deemed to have been revoked until a new or corrected electronic mail address has been provided, and such attempted Electronic Notice shall be ineffective and deemed to not have been given. Each Investor agrees to promptly notify the Company of any change in such stockholder's electronic mail address, and that failure to do so shall not affect the foregoing.

6.6 Amendments and Waivers. Any term of this Agreement may be amended, modified or terminated and the observance of any term of this Agreement may be waived (either generally or in a particular instance, and either retroactively or prospectively) only with the written consent of the Company and the holders of at least a majority of the Registrable Securities then outstanding; provided that the Company may in its sole discretion waive compliance with Subsection 2.12(c) (and the Company's failure to object promptly in writing after notification of a proposed assignment allegedly in violation of Subsection 2.12(c) shall be deemed to be a waiver); and provided further that any provision hereof may be waived by any waiving party on such party's own behalf, without the consent of any other party. Notwithstanding the foregoing, (a) this Agreement may not be amended, modified or terminated and the observance of any term hereof may not be waived with respect to any Investor without the written consent of such Investor, unless such amendment, modification, termination, or waiver applies to all Investors in the same fashion (it being agreed that a waiver of the provisions of Section 4 with respect to a particular transaction shall be deemed to apply to all Investors in the same fashion if such waiver does so by its terms, notwithstanding the fact that certain Investors may nonetheless, by agreement with the Company, purchase securities in such transaction) and (b) Subsections 3.1 and 3.2, Section 4 and any other section of this Agreement applicable to the Major Investors (including this clause (b) of this Subsection 6.6) may not be amended, modified, terminated or waived without the written consent of the holders of at least a majority of the Registrable Securities then outstanding and held by the Major Investors. Notwithstanding the foregoing, Schedule A hereto may be amended by the Company from time to time to add transferees of any Registrable Securities in compliance with the terms of this Agreement without the consent of the other parties; and Schedule A hereto may also be amended by the Company after the date of this Agreement without the consent of the other parties to add information regarding any additional Investor who becomes a party to this Agreement in accordance with Subsection 6.9. The Company shall give prompt notice of any amendment, modification or termination hereof or waiver hereunder to any party hereto that did not consent in writing to such amendment, modification, termination, or waiver. Any amendment, modification, termination, or waiver effected in accordance with this Subsection 6.6 shall be binding on all parties hereto, regardless of whether any such party has consented thereto. No waivers of or exceptions to any term, condition, or provision of this Agreement, in any one or more instances, shall be deemed to be or construed as a further or continuing waiver of any such term, condition, or provision.

6.7 Severability. In case any one or more of the provisions contained in this Agreement is for any reason held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision of this Agreement, and such invalid, illegal, or unenforceable provision shall be reformed and construed so that it will be valid, legal, and enforceable to the maximum extent permitted by law.

6.8 Aggregation of Stock. All shares of Registrable Securities held or acquired by Affiliates shall be aggregated together for the purpose of determining the availability of any rights under this Agreement and such Affiliated persons may apportion such rights as among themselves in any manner they deem appropriate.

6.9 Additional Investors. Notwithstanding anything to the contrary contained herein, if the Company issues additional shares of the Company's Series Seed Preferred Stock after the date hereof, any acquirer of such shares of Series Seed Preferred Stock become a

party to this Agreement by executing and delivering an additional counterpart signature page to this Agreement, and thereafter shall be deemed an "Investor" for all purposes hereunder. No action or consent by the Investors shall be required for such joinder to this Agreement by such additional Investor, so long as such additional Investor has agreed in writing to be bound by all of the obligations as an "Investor" hereunder.

6.10 Entire Agreement. This Agreement (including any Schedules and Exhibits hereto) constitutes the full and entire understanding and agreement among the parties with respect to the subject matter hereof, and any other written or oral agreement relating to the subject matter hereof existing between the parties is expressly canceled.

6.11 Dispute Resolution. The parties (a) hereby irrevocably and unconditionally submit to the jurisdiction of the state courts of Delaware and to the jurisdiction of the United States District Court for the District of Delaware for the purpose of any suit, action or other proceeding arising out of or based upon this Agreement, (b) agree not to commence any suit, action or other proceeding arising out of or based upon this Agreement except in the state courts of Delaware or the United States District Court for the District of Delaware, and (c) hereby waive, and agree not to assert, by way of motion, as a defense, or otherwise, in any such suit, action or proceeding, any claim that it is not subject personally to the jurisdiction of the above-named courts, that its property is exempt or immune from attachment or execution, that the suit, action or proceeding is brought in an inconvenient forum, that the venue of the suit, action or proceeding is improper or that this Agreement or the subject matter hereof may not be enforced in or by such court.

WAIVER OF JURY TRIAL: EACH PARTY HEREBY WAIVES ITS RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF THIS AGREEMENT, THE OTHER TRANSACTION DOCUMENTS, THE SECURITIES OR THE SUBJECT MATTER HEREOF OR THEREOF. THE SCOPE OF THIS WAIVER IS INTENDED TO BE ALL-ENCOMPASSING OF ANY AND ALL DISPUTES THAT MAY BE FILED IN ANY COURT AND THAT RELATE TO THE SUBJECT MATTER OF THIS TRANSACTION, INCLUDING, WITHOUT LIMITATION, CONTRACT CLAIMS, TORT CLAIMS (INCLUDING NEGLIGENCE), BREACH OF DUTY CLAIMS, AND ALL OTHER COMMON LAW AND STATUTORY CLAIMS. THIS SECTION HAS BEEN FULLY DISCUSSED BY EACH OF THE PARTIES HERETO AND THESE PROVISIONS WILL NOT BE SUBJECT TO ANY EXCEPTIONS. EACH PARTY HERETO HEREBY FURTHER WARRANTS AND REPRESENTS THAT SUCH PARTY HAS REVIEWED THIS WAIVER WITH ITS LEGAL COUNSEL, AND THAT SUCH PARTY KNOWINGLY AND VOLUNTARILY WAIVES ITS JURY TRIAL RIGHTS FOLLOWING CONSULTATION WITH LEGAL COUNSEL.

6.12 Delays or Omissions. No delay or omission to exercise any right, power, or remedy accruing to any party under this Agreement, upon any breach or default of any other party under this Agreement, shall impair any such right, power, or remedy of such nonbreaching or nondefaulting party, nor shall it be construed to be a waiver of or acquiescence to any such breach or default, or to any similar breach or default thereafter occurring, nor shall any waiver of any single breach or default be deemed a waiver of any other breach or default

theretofore or thereafter occurring. All remedies, whether under this Agreement or by law or otherwise afforded to any party, shall be cumulative and not alternative.

1.22 "**Undersubscription Notice**" means written notice from an Investor notifying the Company and the selling Key Holder that such Investor intends to exercise its option to purchase all or any portion of the Transfer Stock not purchased pursuant to the Right of First Refusal or the Secondary Refusal Right.

2. Agreement Among the Company, the Investors and the Key Holders.

2.1 Right of First Refusal.

(a) Grant. Subject to the terms of Section 3 below, each Key Holder hereby unconditionally and irrevocably grants to the Company a Right of First Refusal to purchase all or any portion of Transfer Stock that such Key Holder may propose to transfer in a Proposed Key Holder Transfer, at the same price and on the same terms and conditions as those offered to the Prospective Transferee.

(b) Notice. Each Key Holder proposing to make a Proposed Key Holder Transfer must deliver a Proposed Transfer Notice to the Company and each Investor not later than forty-five (45) days prior to the consummation of such Proposed Key Holder Transfer. Such Proposed Transfer Notice shall contain the material terms and conditions (including price and form of consideration) of the Proposed Key Holder Transfer, the identity of the Prospective Transferee and the intended date of the Proposed Key Holder Transfer. The Proposed Transfer Notice shall certify that the selling Key Holder has received a firm offer from the prospective transferee(s) and in good faith believes a binding agreement for the Proposed Key Holder Transfer is obtainable on the terms set forth in the Proposed Transfer Notice. To exercise its Right of First Refusal under this Section 2, the Company must deliver a Company Notice to the selling Key Holder and the Investors within fifteen (15) days after delivery of the Proposed Transfer Notice specifying the number of shares of Transfer Stock to be purchased by the Company. In the event of a conflict

between this Agreement and any other agreement that may have been entered into by a Key Holder with the Company that contains a preexisting right of first refusal, the Company and the Key Holder acknowledge and agree that the terms of this Agreement shall control and the preexisting right of first refusal shall be deemed satisfied by compliance with Subsection 2.1(a) and this Subsection 2.1(b).

(c) Grant of Secondary Refusal Right to the Investors. Subject to the terms of Section 3 below, each Key Holder hereby unconditionally and irrevocably grants to the Investors a Secondary Refusal Right to purchase all or any portion of the Transfer Stock not purchased by the Company pursuant to the Right of First Refusal, as provided in this Subsection 2.1(c). If the Company does not provide the Company Notice exercising its Right of First Refusal with respect to all Transfer Stock subject to a Proposed Key Holder Transfer, the Company must deliver a Secondary Notice to the selling Key Holder and to each Investor to that effect no later than fifteen (15) days after the selling Key Holder delivers the Proposed Transfer Notice to the Company. To exercise its Secondary Refusal Right, an Investor must deliver an Investor Notice to the selling Key Holder and the Company within ten (10) days after the Company's deadline for its delivery of the Secondary Notice as provided in the preceding sentence.

(d) Undersubscription of Transfer Stock. If options to purchase have been exercised by the Company and the Investors pursuant to Subsections 2.1(b) and (c) with respect to some but not all of the Transfer Stock by the end of the ten (10) day period specified in the last sentence of Subsection 2.1(c) (the "**Investor Notice Period**"), then the Company shall, within five (5) days after the expiration of the Investor Notice Period, send written notice (the "**Company Undersubscription Notice**") to those Investors who fully exercised their Secondary Refusal Right within the Investor Notice Period (the "**Exercising Investors**"). Each Exercising Investor shall, subject to the provisions of this Subsection 2.1(d), have an additional option to purchase all or any part of the balance of any such remaining unsubscribed shares of Transfer Stock on the terms and conditions set forth in the Proposed Transfer Notice. To exercise such option, an Exercising Investor must deliver an Undersubscription Notice to the selling Key Holder and the Company within ten (10) days after the expiration of the Investor Notice Period. In the event there are two (2) or more such Exercising Investors that choose to exercise the last-mentioned option for a total number of remaining shares in excess of the number available, the remaining shares available for purchase under this Subsection 2.1(d) shall be allocated to such Exercising Investors pro rata based on the number of shares of Transfer Stock such Exercising Investors have elected to purchase pursuant to the Secondary Refusal Right (without giving effect to any shares of Transfer Stock that any such Exercising Investor has elected to purchase pursuant to the Company Undersubscription Notice). If the options to purchase the remaining shares are exercised in full by the Exercising Investors, the Company shall immediately notify all of the Exercising Investors and the selling Key Holder of that fact.

(e) Consideration; Closing. If the consideration proposed to be paid for the Transfer Stock is in property, services or other non-cash consideration, the fair market value of the consideration shall be as determined in good faith by the Board of Directors and as set forth in the Company Notice. If the Company or any Investor cannot for any reason pay for the Transfer Stock in the same form of non-cash consideration, the Company or such Investor may pay the cash value equivalent thereof, as determined in good faith by the Board of Directors and as set forth in the Company Notice. The closing of the purchase of Transfer Stock by the Company and the

Investors shall take place, and all payments from the Company and the Investors shall have been delivered to the selling Key Holder, by the later of (i) the date specified in the Proposed Transfer Notice as the intended date of the Proposed Key Holder Transfer; and (ii) forty-five (45) days after delivery of the Proposed Transfer Notice.

2.2 Right of Co-Sale.

(a) Exercise of Right. If any Transfer Stock subject to a Proposed Key Holder Transfer is not purchased pursuant to Subsection 2.1 above and thereafter is to be sold to a Prospective Transferee, each respective Investor may elect to exercise its Right of Co-Sale and participate on a pro rata basis in the Proposed Key Holder Transfer as set forth in Subsection 2.2(b) below and, subject to Subsection 2.2(d), otherwise on the same terms and conditions specified in the Proposed Transfer Notice. Each Investor who desires to exercise its Right of Co-Sale (each, a "**Participating Investor**") must give the selling Key Holder written notice to that effect within fifteen (15) days after the deadline for delivery of the Secondary Notice described above, and upon giving such notice such Participating Investor shall be deemed to have effectively exercised the Right of Co-Sale.

(b) Shares Includable. Each Participating Investor may include in the Proposed Key Holder Transfer all or any part of such Participating Investor's Capital Stock equal to the product obtained by multiplying (i) the aggregate number of shares of Transfer Stock subject to the Proposed Key Holder Transfer (excluding shares purchased by the Company or the Participating Investors pursuant to the Right of First Refusal or the Secondary Refusal Right) by (ii) a fraction, the numerator of which is the number of shares of Capital Stock owned by such Participating Investor immediately before consummation of the Proposed Key Holder Transfer (including any shares that such Participating Investor has agreed to purchase pursuant to the Secondary Refusal Right) and the denominator of which is the total number of shares of Capital Stock owned, in the aggregate, by all Participating Investors immediately prior to the consummation of the Proposed Key Holder Transfer (including any shares that all Participating Investors have collectively agreed to purchase pursuant to the Secondary Refusal Right), plus the number of shares of Transfer Stock held by the selling Key Holder (including shares previously transferred by such Key Holder to permitted transferees in accordance with this Agreement).

(c) Each Participating Investor shall effect its participation in the sale by promptly delivering to the selling Key Holder for transfer to the Prospective Transferee one or more certificates, properly endorsed for transfer, which represent:

(i) the number of shares of Common Stock that such Participating Investor elects to sell; or

(ii) that number of shares of capital stock of the Company that are at such time convertible into the number of shares of Common Stock that such Participating Investor elects to sell; *provided*, *however*, that if the Prospective Transferee objects to the delivery of shares of Capital Stock of the Company other than Common Stock, such Selling Holder shall convert such shares of Capital Stock of the Company into shares of Common Stock and deliver such shares of Common Stock as provided in this Subsection 2.2. The Company agrees to make

any such conversion concurrent with the actual transfer of such shares to the purchaser and contingent on such transfer.

(d) Allocation of Consideration.

(i) Subject to Subsection 2.2(d)(ii), the aggregate consideration payable to the Participating Investors and the selling Key Holder shall be allocated based on the number of shares of Capital Stock sold to the Prospective Transferee by each Participating Investor and the selling Key Holder as provided in Subsection 2.2(b), provided that if a Participating Investor wishes to sell Preferred Stock, the price set forth in the Proposed Transfer Notice shall be appropriately adjusted based on the conversion ratio of the Preferred Stock into Common Stock.

(ii) In the event that the Proposed Key Holder Transfer constitutes a Change of Control, the terms of the Purchase and Sale Agreement shall provide that the aggregate consideration from such transfer shall be allocated to the Participating Investors and the selling Key Holder in accordance with Subsections 2.1 and 2.2 of Article IV(B) of the Restated Certificate and, if applicable, the next sentence as if (A) such transfer were a Deemed Liquidation Event (as defined in the Restated Certificate), and (B) the Capital Stock sold in accordance with the Purchase and Sale Agreement were the only Capital Stock outstanding. In the event that a portion of the aggregate consideration payable to the Participating Investor(s) and selling Key Holder is placed into escrow and/or is payable only upon satisfaction of contingencies, the Purchase and Sale Agreement shall provide that (x) the portion of such consideration that is not placed in escrow and is not subject to contingencies (the "**Initial Consideration**") shall be allocated in accordance with Subsections 2.1 and 2.2 of Article IV(B) of the Restated Certificate as if the Initial Consideration were the only consideration payable in connection with such transfer, and (y) any additional consideration which becomes payable to the Participating Investor(s) and selling Key Holder upon release from escrow or satisfaction of such contingencies shall be allocated in accordance with Subsections 2.1 and 2.2 of Article IV(B) of the Restated Certificate after taking into account the previous payment of the Initial Consideration as part of the same transfer.

(e) Purchase by Selling Key Holder; Deliveries. Notwithstanding Subsection 2.2(c) above, if any Prospective Transferee or Transferees refuse(s) to purchase securities subject to the Right of Co-Sale from any Participating Investor or Investors, no Key Holder may sell any Transfer Stock to such Prospective Transferee or Transferees unless and until, simultaneously with such sale, such Key Holder purchases all securities subject to the Right of Co-Sale from such Participating Investor or Investors on the same terms and conditions (including the proposed purchase price) as set forth in the Proposed Transfer Notice and as provided in Subsection 2.2(d)(i); provided, however, if such sale constitutes a Change of Control, the portion of the aggregate consideration paid by the selling Key Holder to such Participating Investor or Investors shall be made in accordance with the first sentence of Subsection 2.2(d)(ii). In connection with such purchase by the selling Key Holder, such Participating Investor or Investors shall deliver to the selling Key Holder any stock certificate or certificates, properly endorsed for transfer, representing the Capital Stock being purchased by the selling Key Holder (or request that the Company effect such transfer in the name of the selling Key Holder). Any such shares transferred to the selling Key Holder will be transferred to the Prospective Transferee against payment therefor in consummation of the sale of the Transfer Stock pursuant to the terms and

conditions specified in the Proposed Transfer Notice, and the selling Key Holder shall concurrently therewith remit or direct payment to each such Participating Investor the portion of the aggregate consideration to which each such Participating Investor is entitled by reason of its participation in such sale as provided in this Subsection 2.2(e).

(f) Additional Compliance. If any Proposed Key Holder Transfer is not consummated within forty-five (45) days after receipt of the Proposed Transfer Notice by the Company, the Key Holders proposing the Proposed Key Holder Transfer may not sell any Transfer Stock unless they first comply in full with each provision of this Section 2. The exercise or election not to exercise any right by any Investor hereunder shall not adversely affect its right to participate in any other sales of Transfer Stock subject to this Subsection 2.2. The Company's first rights and the Investors' secondary right of refusal and co-sale rights shall continue to be applicable to any subsequent disposition of the Transfer Stock acquired by the Prospective Transferee(s) until such rights lapse in accordance with the terms of this Agreement.

2.3 Effect of Failure to Comply.

(a) Transfer Void; Equitable Relief. Any Proposed Key Holder Transfer not made in compliance with the requirements of this Agreement shall be null and void ab initio, shall not be recorded on the books of the Company or its transfer agent and shall not be recognized by the Company. Each party hereto acknowledges and agrees that any breach of this Agreement would result in substantial harm to the other parties hereto for which monetary damages alone could not adequately compensate. Therefore, the parties hereto unconditionally and irrevocably agree that any non-breaching party hereto shall be entitled to seek protective orders, injunctive relief and other remedies available at law or in equity (including, without limitation, seeking specific performance or the rescission of purchases, sales and other transfers of Transfer Stock not made in strict compliance with this Agreement).

(b) Violation of First Refusal Right. If any Key Holder becomes obligated to sell any Transfer Stock to the Company or any Investor under this Agreement and fails to deliver such Transfer Stock in accordance with the terms of this Agreement, the Company and/or such Investor may, at its option, in addition to all other remedies it may have, send to such Key Holder the purchase price for such Transfer Stock as is herein specified and transfer to the name of the Company or such Investor (or request that the Company effect such transfer in the name of an Investor) on the Company's books any certificates, instruments, or book entry representing the Transfer Stock to be sold.

(c) Violation of Co-Sale Right. If any Key Holder purports to sell any Transfer Stock in contravention of the Right of Co-Sale (a "**Prohibited Transfer**"), each Participating Investor who desires to exercise its Right of Co-Sale under Subsection 2.2 may, in addition to such remedies as may be available by law, in equity or hereunder, require such Key Holder to purchase from such Participating Investor the type and number of shares of Capital Stock that such Participating Investor would have been entitled to sell to the Prospective Transferee had the Prohibited Transfer been effected in compliance with the terms of Subsection 2.2. The sale will be made on the same terms, including, without limitation, as provided in Subsection 2.2(d)(i) and the first sentence of Subsection 2.2(d)(ii), as applicable, and subject to the same conditions as would have applied had the Key Holder not made the Prohibited Transfer, except that the sale

(including, without limitation, the delivery of the purchase price) must be made within ninety (90) days after the Participating Investor learns of the Prohibited Transfer, as opposed to the timeframe proscribed in Subsection 2.2. Such Key Holder shall also reimburse each Participating Investor for any and all reasonable and documented out-of-pocket fees and expenses, including reasonable legal fees and expenses, incurred pursuant to the exercise or the attempted exercise of the Participating Investor's rights under Subsection 2.2.

3. Exempt Transfers.

3.1 Exempted Transfers. Notwithstanding the foregoing or anything to the contrary herein, the provisions of Subsections 2.1 and 2.2 shall not apply (a) to a repurchase of Transfer Stock from a Key Holder by the Company at a price no greater than that originally paid by such Key Holder for such Transfer Stock and pursuant to an agreement containing vesting and/or repurchase provisions approved by a majority of the Board of Directors, (b) upon a transfer of Transfer Stock by such Key Holder made for bona fide estate planning purposes, either during his or her lifetime or on death by will or intestacy to his or her spouse, child (natural or adopted), or any other direct lineal descendant of such Key Holder (or his or her spouse) (all of the foregoing collectively referred to as "family members"), or any custodian or trustee of any trust, partnership or limited liability company for the benefit of, or the ownership interests of which are owned wholly by such Key Holder or any such family members or (c) to the sale by the Key Holder of up to 5% of the Transfer Stock held by such Key Holder as of the date that such Key Holder first became party to this Agreement; provided that the Board of Directors of the Company has not reasonably determined that the transferee of such Transfer Stock is a competitor of the Company; provided further that in the case of clause(s) (a), (b) or (c), the Key Holder shall deliver prior written notice to the Investors of such transfer and such shares of Transfer Stock shall at all times remain subject to the terms and restrictions set forth in this Agreement and such transferee shall, as a condition to such transfer, deliver a counterpart signature page to this Agreement as confirmation that such transferee shall be bound by all the terms and conditions of this Agreement as a Key Holder (but only with respect to the securities so transferred to the transferee), including the obligations of a Key Holder with respect to Proposed Key Holder Transfers of such Transfer Stock pursuant to Section 2; and provided further in the case of any transfer pursuant to clause (a) or (b) above, that such transfer is made pursuant to a transaction in which there is no consideration actually paid for such transfer.

3.2 Exempted Offerings. Notwithstanding the foregoing or anything to the contrary herein, the provisions of Section 2 shall not apply to the sale of any Transfer Stock (a) to the public in an offering pursuant to an effective registration statement under the Securities Act of 1933, as amended (a "**Public Offering**"); or (b) pursuant to a Deemed Liquidation Event (as defined in the Restated Certificate).

3.3 Prohibited Transferees. Notwithstanding the foregoing, no Key Holder shall transfer any Transfer Stock to (a) any entity which, in the determination of the Board of Directors, directly or indirectly competes with the Company; or (b) any development partner, distributor or supplier of the Company, if the Board of Directors should determine that such transfer would result in such development partner, distributor or supplier receiving information that would place the Company at a competitive disadvantage with respect to such customer, distributor or supplier.

4. Legend. Each certificate, instrument, or book entry representing shares of Transfer Stock held by the Key Holders or issued to any permitted transferee in connection with a transfer permitted by Subsection 3.1 hereof shall be notated with the following legend:

> THE SALE, PLEDGE, HYPOTHECATION, OR TRANSFER OF THE SECURITIES REPRESENTED HEREBY IS SUBJECT TO, AND IN CERTAIN CASES PROHIBITED BY, THE TERMS AND CONDITIONS OF A CERTAIN RIGHT OF FIRST REFUSAL AND CO-SALE AGREEMENT BY AND AMONG THE STOCKHOLDER, THE CORPORATION AND CERTAIN OTHER HOLDERS OF STOCK OF THE CORPORATION. COPIES OF SUCH AGREEMENT MAY BE OBTAINED UPON WRITTEN REQUEST TO THE SECRETARY OF THE CORPORATION.

Each Key Holder agrees that the Company may instruct its transfer agent to impose transfer restrictions on the shares notated with the legend referred to in this Section 4 above to enforce the provisions of this Agreement, and the Company agrees to promptly do so. The legend shall be removed upon termination of this Agreement at the request of the holder.

5. Lock-Up.

5.1 Agreement to Lock-Up. Each Key Holder hereby agrees that it will not, without the prior written consent of the managing underwriter, during the period commencing on the date of the final prospectus relating to the Company's initial public offering (the "**IPO**") and ending on the date specified by the Company and the managing underwriter (such period not to exceed one hundred eighty (l80) days), or such other period as may be requested by the Company or an underwriter to accommodate regulatory restrictions on (1) the publication or other distribution of research reports; and (2) analyst recommendations and opinions, including, but not limited to, the restrictions contained in applicable FINRA rules, or any successor provisions or amendments thereto), (a) lend, offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, or otherwise transfer or dispose of, directly or indirectly, any shares of Capital Stock held immediately prior to the effectiveness of the registration statement for the IPO; or (b) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of the Capital Stock, whether any such transaction described in clause (a) or (b) above is to be settled by delivery of Capital Stock or other securities, in cash or otherwise. The foregoing provisions of this Section 5 shall not apply to the sale of any shares to an underwriter pursuant to an underwriting agreement, and shall only be applicable to the Key Holders if all officers, directors and holders of more than one percent (1%) of the outstanding Common Stock (after giving effect to the conversion into Common Stock of all outstanding Series Seed Preferred Stock) enter into similar agreements. The underwriters in connection with the IPO are intended third-party beneficiaries of this Section 5 and shall have the right, power and authority to enforce the provisions hereof as though they were a party hereto. Each Key Holder further agrees to execute such agreements as may be reasonably requested by the underwriters in the IPO that are consistent with this Section 5 or that are necessary to give further effect thereto.

5.2 Stop Transfer Instructions. In order to enforce the foregoing covenant, the Company may impose stop-transfer instructions with respect to the shares of Capital Stock of each Key Holder (and transferees and assignees thereof) until the end of such restricted period.

6. Miscellaneous.

6.1 Term. This Agreement shall automatically terminate upon the earlier of (a) immediately prior to the consummation of the Company's IPO; and (b) the consummation of a Deemed Liquidation Event (as defined in the Restated Certificate).

6.2 Stock Split. All references to numbers of shares in this Agreement shall be appropriately adjusted to reflect any stock dividend, split, combination or other recapitalization affecting the Capital Stock occurring after the date of this Agreement.

6.3 Ownership. Each Key Holder represents and warrants that such Key Holder is the sole legal and beneficial owner of the shares of Transfer Stock subject to this Agreement and that no other person or entity has any interest in such shares (other than a community property interest as to which the holder thereof has acknowledged and agreed in writing to the restrictions and obligations hereunder).

6.4 Dispute Resolution. The parties (a) hereby irrevocably and unconditionally submit to the jurisdiction of the state courts of Delaware and to the jurisdiction of the United States District Court for the District of Delaware for the purpose of any suit, action or other proceeding arising out of or based upon this Agreement, (b) agree not to commence any suit, action or other proceeding arising out of or based upon this Agreement except in the state courts of Delaware or the United States District Court for the District of Delaware, and (c) hereby waive, and agree not to assert, by way of motion, as a defense, or otherwise, in any such suit, action or proceeding, any claim that it is not subject personally to the jurisdiction of the above-named courts, that its property is exempt or immune from attachment or execution, that the suit, action or proceeding is brought in an inconvenient forum, that the venue of the suit, action or proceeding is improper or that this Agreement or the subject matter hereof may not be enforced in or by such court.

WAIVER OF JURY TRIAL: EACH PARTY HEREBY WAIVES ITS RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF THIS AGREEMENT, THE OTHER TRANSACTION DOCUMENTS, THE SECURITIES OR THE SUBJECT MATTER HEREOF OR THEREOF. THE SCOPE OF THIS WAIVER IS INTENDED TO BE ALL-ENCOMPASSING OF ANY AND ALL DISPUTES THAT MAY BE FILED IN ANY COURT AND THAT RELATE TO THE SUBJECT MATTER OF THIS TRANSACTION, INCLUDING, WITHOUT LIMITATION, CONTRACT CLAIMS, TORT CLAIMS (INCLUDING NEGLIGENCE), BREACH OF DUTY CLAIMS, AND ALL OTHER COMMON LAW AND STATUTORY CLAIMS. THIS SECTION HAS BEEN FULLY DISCUSSED BY EACH OF THE PARTIES HERETO AND THESE PROVISIONS WILL NOT BE SUBJECT TO ANY EXCEPTIONS. EACH PARTY HERETO HEREBY FURTHER WARRANTS AND REPRESENTS THAT SUCH PARTY HAS REVIEWED THIS WAIVER WITH ITS LEGAL COUNSEL, AND THAT SUCH PARTY KNOWINGLY AND VOLUNTARILY WAIVES ITS JURY TRIAL RIGHTS FOLLOWING CONSULTATION WITH LEGAL COUNSEL.

6.5 Notices.

(a) All notices and other communications given or made pursuant to this Agreement shall be in writing and shall be deemed effectively given upon the earlier of actual receipt or (a) personal delivery to the party to be notified, (b) when sent, if sent by electronic mail or facsimile during normal business hours of the recipient, and if not sent during normal business hours, then on the recipient's next business day, (c) five (5) days after having been sent by registered or certified mail, return receipt requested, postage prepaid, or (d) one (1) business day after deposit with a nationally recognized overnight courier, freight prepaid, specifying next business day delivery, with written verification of receipt. All communications shall be sent to the respective parties at their address as set forth on Schedule A or Schedule B hereof, as the case may be, or to such email address, facsimile number or address as subsequently modified by written notice given in accordance with this Subsection 6.5. If notice is given to the Company, it shall be sent to Nereid Therapeutics Incorporated, c/o Apple Tree Partners, 230 Park Avenue, 28th Floor, New York, NY 10169, Attn. Dr. Spiros Liras; and if notice is given to the Investors, a copy (which shall not constitute notice) shall also be given to Sullivan & Cromwell LLP, 1870 Embarcadero Rd, Palo Alto, CA 94303, Attn. Sarah Payne.

(b) Consent to Electronic Notice. Each Investor and Key Holder consents to the delivery of any stockholder notice pursuant to the Delaware General Corporation Law (the "DGCL"), as amended or superseded from time to time, by electronic transmission pursuant to Section 232 of the DGCL (or any successor thereto) at the electronic mail address or the facsimile number as on the books of the Company. To the extent that any notice given by means of electronic transmission is returned or undeliverable for any reason, the foregoing consent shall be deemed to have been revoked until a new or corrected electronic mail address has been provided, and such attempted Electronic Notice shall be ineffective and deemed to not have been given. Each Investor and Key Holder agrees to promptly notify the Company of any change in its electronic mail address, and that failure to do so shall not affect the foregoing.

6.6 Entire Agreement. This Agreement (including, the Exhibits and Schedules hereto) constitutes the full and entire understanding and agreement between the parties with respect to the subject matter hereof, and any other written or oral agreement relating to the subject matter hereof existing between the parties are expressly canceled.

6.7 Delays or Omissions. No delay or omission to exercise any right, power or remedy accruing to any party under this Agreement, upon any breach or default of any other party under this Agreement, shall impair any such right, power or remedy of such non-breaching or non-defaulting party nor shall it be construed to be a waiver of any such breach or default, or an acquiescence therein, or of or in any similar breach or default thereafter occurring; nor shall any waiver of any single breach or default be deemed a waiver of any other breach or default theretofore or thereafter occurring. Any waiver, permit, consent or approval of any kind or character on the part of any party of any breach or default under this Agreement, or any waiver on the part of any party of any provisions or conditions of this Agreement, must be in writing and shall be effective only to the extent specifically set forth in such writing. All remedies, either under this Agreement or by law or otherwise afforded to any party, shall be cumulative and not alternative.

6.8 Amendment; Waiver and Termination. This Agreement may be amended, modified or terminated (other than pursuant to Subsection 6.1 above) and the observance of any term hereof may be waived (either generally or in a particular instance and either retroactively or prospectively) only by a written instrument executed by (a) the Company, (b) the Key Holders holding at least 50% of the shares of Transfer Stock then held by all of the Key Holders, and (c) the holders of at least 50% of the shares of Common Stock issued or issuable upon conversion of the then outstanding shares of Preferred Stock held by the Investors (voting as a single separate class and on an as-converted basis). Any amendment, modification, termination or waiver so effected shall be binding upon the Company, the Investors, the Key Holders and all of their respective successors and permitted assigns whether or not such party, assignee or other shareholder entered into or approved such amendment, modification, termination or waiver. Notwithstanding the foregoing, the consent of the Key Holders shall not be required for any amendment, modification, termination or waiver if such amendment, modification, termination or waiver does not apply to the Key Holders. The Company shall give prompt written notice of any amendment, modification or termination hereof or waiver hereunder to any party hereto that did not consent in writing to such amendment, modification, termination or waiver. No waivers of or exceptions to any term, condition or provision of this Agreement, in any one or more instances, shall be deemed to be, or construed as, a further or continuing waiver of any such term, condition or provision.

6.9 Assignment of Rights.

(a) The terms and conditions of this Agreement shall inure to the benefit of and be binding upon the respective successors and permitted assigns of the parties. Nothing in this Agreement, express or implied, is intended to confer upon any party other than the parties hereto or their respective successors and permitted assigns any rights, remedies, obligations, or liabilities under or by reason of this Agreement, except as expressly provided in this Agreement.

(b) Any successor or permitted assignee of any Key Holder, including any Prospective Transferee who purchases shares of Transfer Stock in accordance with the terms hereof, shall deliver to the Company and the Investors, as a condition to any transfer or assignment, a counterpart signature page hereto pursuant to which such successor or permitted assignee shall confirm their agreement to be subject to and bound by all of the provisions set forth in this Agreement that were applicable to the predecessor or assignor of such successor or permitted assignee.

(c) The rights of the Investors hereunder are not assignable without the Company's written consent (which shall not be unreasonably withheld, delayed or conditioned), except (i) by an Investor to any Affiliate, or (ii) to an assignee or transferee who acquires at least 100,000 shares of Capital Stock (as adjusted for any stock combination, stock split, stock dividend, recapitalization or other similar transaction) (or if less, all of such Investor's shares of Capital Stock), it being acknowledged and agreed that any such assignment, including an assignment contemplated by the preceding clauses (i) or (ii) shall be subject to and conditioned upon any such assignee's delivery to the Company and the other Investors of a counterpart signature page hereto pursuant to which such assignee shall confirm their agreement to be subject to and bound by all of the provisions set forth in this Agreement that were applicable to the assignor of such assignee.

(d) Except in connection with an assignment by the Company by operation of law to the acquirer of the Company, the rights and obligations of the Company hereunder may not be assigned under any circumstances.

6.10 Severability. The invalidity or unenforceability of any provision hereof shall in no way affect the validity or enforceability of any other provision.

6.11 Additional Investors. Notwithstanding anything to the contrary contained herein, if the Company issues additional shares of the Company's Series Seed Preferred Stock after the date hereof, any purchaser of such shares of Series Seed Preferred Stock may become a party to this Agreement by executing and delivering an additional counterpart signature page to this Agreement and thereafter shall be deemed an "Investor" for all purposes hereunder.

6.12 Governing Law. This Agreement shall be governed by the internal law of the State of Delaware, without regard to conflict of law principles that would result in the application of any law other than the law of the State of Delaware.

6.13 Titles and Subtitles. The titles and subtitles used in this Agreement are used for convenience only and are not to be considered in construing or interpreting this Agreement.

6.14 Counterparts. This Agreement may be executed in two (2) or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Counterparts may be delivered via facsimile, electronic mail (including pdf or any electronic signature complying with the U.S. federal ESIGN Act of 2000, *e.g.*, www.docusign.com) or other transmission method and any counterpart so delivered shall be deemed to have been duly and validly delivered and be valid and effective for all purposes.

6.15 Aggregation of Stock. All shares of Capital Stock held or acquired by Affiliated entities or persons shall be aggregated together for the purpose of determining the availability of any rights under this Agreement and such Affiliated persons may apportion such rights as among themselves in any manner they deem appropriate.

6.16 Specific Performance. In addition to any and all other remedies that may be available at law in the event of any breach of this Agreement, each Investor shall be entitled to specific performance of the agreements and obligations of the Company and the Key Holders hereunder and to such other injunction or other equitable relief as may be granted by a court of competent jurisdiction.

6.17 Additional Key Holders. In the event that after the date of this Agreement, the Company issues shares of Common Stock, or options to purchase Common Stock, to any employee or consultant, which shares or options would collectively constitute with respect to such employee or consultant (taking into account all shares of Common Stock, options and other purchase rights held by such employee or consultant) one percent (1%) or more of the Company's then outstanding Common Stock (treating for this purpose all shares of Common Stock issuable upon exercise of or conversion of outstanding options, warrants or convertible securities, as if exercised or converted), the Company shall, as a condition to such issuance, cause such employee or consultant to execute a counterpart signature page hereto as a Key Holder, and such person shall

VOTING AGREEMENT

THIS VOTING AGREEMENT (this "**Agreement**"), is made and entered into as of this __ day of _____ 2020, by and among Nereid Therapeutics Incorporated, a Delaware corporation (the "**Company**"), each holder of the Series Seed Preferred Stock, $0.001 par value per share, of the Company ("**Series Seed Preferred Stock**", also referred to herein as the "**Preferred Stock**") listed on Schedule A (together with any subsequent investors, or transferees, who become parties hereto as "Investors" pursuant to Subsections 6.1(a) or 6.2 below, the "**Investors**"), and those certain stockholders of the Company and holders of options to acquire shares of the capital stock of the Company listed on Schedule B (together with any subsequent stockholders or option holders, or any transferees, who become parties hereto as "Key Holders" pursuant to Subsections 6.1(b) or 6.2 below, the "**Key Holders**," and together collectively with the Investors, the "**Stockholders**").

RECITALS

A. Concurrently with the execution of this Agreement, the Company, the Investors and Clifford Brangwynne (the "**Founder**") are entering into a Series Seed Preferred Stock Purchase Agreement (the "**Purchase Agreement**") providing for the sale of shares of the Series Seed Preferred Stock, and in connection with that agreement the parties desire to provide the Investors with the right, among other rights, to designate the election of certain members of the board of directors of the Company (the "**Board**") in accordance with the terms of this Agreement.

B. The Amended and Restated Certificate of Incorporation of the Company (the "**Restated Certificate**") provides that (a) the holders of record of the shares of the Series Seed Preferred Stock, exclusively and as a separate class, shall be entitled to elect three (3) directors of the Company; (b) the holders of record of the shares of common stock, $0.001 par value per share, of the Company ("**Common Stock**"), exclusively and as a separate class, shall be entitled to elect one (1) director of the Company; and (c) the holders of record of the shares of Common Stock and the Preferred Stock, voting together as a single class on an as-converted basis, shall be entitled to elect the balance of the total number of directors of the Company.

C. The parties also desire to enter into this Agreement to set forth their agreements and understandings with respect to how shares of the capital stock of the Company held by them will be voted on, or tendered in connection with, an acquisition of the Company and on an increase in the number of shares of Common Stock required to provide for the conversion of the Preferred Stock.

NOW, THEREFORE, the parties agree as follows:

1. Voting Provisions Regarding the Board.

1.1 Size of the Board. Each Stockholder agrees to vote, or cause to be voted, all Shares (as defined below) owned by such Stockholder, or over which such Stockholder has voting control, from time to time and at all times, in whatever manner as shall be necessary to ensure that the size of the Board shall be set and remain at five (5) directors and may be increased only with the written consent of Investors holding Preferred Stock representing at least a majority of the shares of Common Stock issuable upon conversion of the then outstanding shares of

Preferred Stock (voting as a single separate class and on an as-converted to Common Stock basis). For purposes of this Agreement, the term "**Shares**" shall mean and include any securities of the Company that the holders of which are entitled to vote for members of the Board, including without limitation, all shares of Common Stock and Series Seed Preferred Stock, by whatever name called, now owned or subsequently acquired by a Stockholder, however acquired, whether through stock splits, stock dividends, reclassifications, recapitalizations, similar events or otherwise.

1.2 Board Composition. Each Stockholder agrees to vote, or cause to be voted, all Shares owned by such Stockholder, or over which such Stockholder has voting control, from time to time and at all times, in whatever manner as shall be necessary to ensure that at each annual or special meeting of stockholders at which an election of directors is held or pursuant to any written consent of the stockholders, subject to Section 5, the following individuals shall be elected to the Board:

(a) Three (3) persons designated from time to time by Apple Tree Partners IV, L.P. ("**Apple Tree**") (such persons, the "**Series Seed Directors**"), for so long as such Stockholder and its Affiliates (as defined below) continue to own beneficially at least 20% of the shares of Common Stock (including shares of Common Stock issued or issuable upon conversion of the Preferred Stock) issued to it pursuant to the Purchase Agreement, and such persons shall initially be Dr. Spiros Liras, Dr. Seth Harrison and Dr. Michael Ehlers;

(b) One (1) person designated from time to time by the holders of a majority of the outstanding shares of Common Stock, which individual shall initially be the Founder, provided, that the Founder is permitted by Princeton University and the Howard Hughes Medical Institute to serve as a director of the Company, provided, further that if Founder is not so permitted to serve as a director of the Company, such designee shall be mutually acceptable to the Founder and Apple Tree ; and

(c) One (1) person not otherwise an Affiliate of the Company or of any Stockholder who is designated by Apple Tree, for so long as Apple Tree holds at least 20% of the shares of Common Stock (including shares of Common Stock issued or issuable upon conversion of the Preferred Stock) issued to it pursuant to the Purchase Agreement.

To the extent that any of clauses (a) through (c) above shall not be applicable, any member of the Board who would otherwise have been designated in accordance with the terms thereof shall instead be voted upon by all the stockholders of the Company entitled to vote thereon in accordance with, and pursuant to, the Restated Certificate (for the avoidance of doubt, by holders of the Preferred Stock in the case of clause (a), by holders of the Common Stock in the case of clause (b), and by all holders of the Preferred Stock and the Common Stock, voting together as a single class on an as-converted basis, in the case of clause (c)).

For purposes of this Agreement, an individual, firm, corporation, partnership, association, limited liability company, trust or any other entity (collectively, a "**Person**") shall be deemed an "**Affiliate**" of another Person who, directly or indirectly, controls, is controlled by or is under common control with such Person, including, without limitation, any general partner, managing member, officer, director or trustee of such Person, or any venture capital fund or registered investment company now or hereafter existing that is controlled by one

or more general partners, managing members or investment advisers of, or shares the same management company or investment adviser with, such Person.

Each Series Seed Director shall be entitled, in such person's discretion, to be a member of any committee of the Board of Directors.

1.3 Failure to Designate a Board Member. In the absence of any designation from the Persons or groups with the right to designate a director as specified above, the director previously designated by them and then serving shall be reelected if still eligible and willing to serve as provided herein and otherwise, such Board seat shall remain vacant.

1.4 Removal of Board Members. Each Stockholder also agrees to vote, or cause to be voted, all Shares owned by such Stockholder, or over which such Stockholder has voting control, from time to time and at all times, in whatever manner as shall be necessary to ensure that:

(a) no director elected pursuant to Subsections 1.2 or 1.3 of this Agreement may be removed from office unless (i) such removal is directed or approved by the affirmative vote of the Person(s), or of the Stockholders, entitled under Subsection 1.2 to designate that director; or (ii) the Person(s) originally entitled to designate or approve such director or occupy such Board seat pursuant to Subsection 1.2 is no longer so entitled to designate or approve such director or occupy such Board seat;

(b) any vacancies created by the resignation, removal or death of a director elected pursuant to Subsections 1.2 or 1.3 shall be filled pursuant to the provisions of this Section 1; and

(c) upon the request of any party entitled to designate a director as provided in Subsection 1.2(a) or 1.2(b) to remove such director, such director shall be removed.

All Stockholders agree to execute any written consents required to perform the obligations of this Section 1, and the Company agrees at the request of any Person or group entitled to designate directors to call a special meeting of stockholders for the purpose of electing directors.

1.5 No Liability for Election of Recommended Directors. No Stockholder, nor any Affiliate of any Stockholder, shall have any liability as a result of designating an individual for election as a director for any act or omission by such designated individual in his or her capacity as a director of the Company, nor shall any Stockholder have any liability as a result of voting for any such designee in accordance with the provisions of this Agreement.

1.6 No "Bad Actor" Designees. Each Person with the right to designate or participate in the designation of a director as specified above hereby represents and warrants to the Company that, to such Person's knowledge, none of the "bad actor" disqualifying events described in Rule 506(d)(1)(i)-(viii) under the Securities Act of 1933, as amended (the "**Securities Act**") (each, a "**Disqualification Event**"), is applicable to such Person's initial designee named above except, if applicable, for a Disqualification Event as to which Rule 506(d)(2)(ii) or (iii) or (d)(3) is applicable. Any director designee to whom any Disqualification Event is applicable, except for a Disqualification Event to which Rule 506(d)(2)(ii) or (iii) or (d)(3) is applicable, is hereinafter referred to as a "**Disqualified Designee**". Each Person with the right to designate or participate in

the designation of a director as specified above hereby covenants and agrees (A) not to designate or participate in the designation of any director designee who, to such Person's knowledge, is a Disqualified Designee and (B) that in the event such Person becomes aware that any individual previously designated by any such Person is or has become a Disqualified Designee, such Person shall as promptly as practicable take such actions as are necessary to remove such Disqualified Designee from the Board and designate a replacement designee who is not a Disqualified Designee.

1.7 Founder Observer Right. If Founder is not permitted by Princeton University and the Howard Hughes Medical Institute to serve as a director of the Company, for as long as Founder (i) is providing services to the Company substantially similar to those as set forth in Paragraph 1 of that certain Consulting Agreement, dated as of the date hereof, between the Company and Founder, and (ii) holds shares of capital stock of the Company equal to, on an as-converted basis, at least five percent (5%) of the outstanding Common Stock (treating for this purpose all shares of Common Stock issuable upon exercise of or conversion of outstanding options, warrants or convertible securities, as if exercised or converted), the Company shall invite Founder to attend all meetings of the Board of Directors in a non-voting observer capacity and, in this respect, shall give Founder copies of all notices, minutes, consents, and other materials that it provides to its directors at the same time and in the same manner as provided to such directors; provided, however, that Founder shall agree to hold in confidence and trust and to act in a fiduciary manner with respect to all information so provided. Notwithstanding anything to the contrary in this Agreement, the Company reserves the right to withhold any information and to exclude the Founder from any meeting or portion thereof if access to such information or attendance at such meeting could adversely affect the attorney-client privilege between the Company and its counsel or result in disclosure of trade secrets or a conflict of interests, or if Founder or any of his Affiliates is a competitor of the Company.

1.8 Vote to Increase Authorized Common Stock. Each Stockholder agrees to vote or cause to be voted all Shares owned by such Stockholder, or over which such Stockholder has voting control, from time to time and at all times, in whatever manner as shall be necessary to increase the number of authorized shares of Common Stock from time to time to ensure that there will be sufficient shares of Common Stock available for conversion of all of the shares of Preferred Stock outstanding at any given time.Drag-Along Right.

2.1 Definitions. A "**Sale of the Company**" shall mean either: (a) a transaction or series of transactions in which a Person, or a group of related Persons acquires from the Stockholders shares representing more than a majority of the outstanding voting power of the Company (a "**Stock Sale**"); or (b) a transaction that qualifies as a "**Deemed Liquidation Event**" as defined in the Restated Certificate.

2.2 Actions to be Taken. In the event that (i) the holders of at least a majority of the shares of Common Stock then issued or issuable upon conversion of the shares of Series Seed Preferred Stock (the "**Selling Investors**"); (ii) the Board; and (iii) the Founder (until such time as the Equity Threshold (as defined below) has been reached, or, if earlier, Founder ceases to own at least 367,059 shares of Common Stock (adjusted for any stock splits, combinations, stock dividends and the like) (collectively, the "**Electing Holders**") approve a Sale of the Company in writing, specifying that this Section 2 shall apply to such transaction, then, subject to satisfaction

of each of the conditions set forth in Subsection 2.3 below, each Stockholder and the Company hereby agree:

(a) if such transaction requires stockholder approval, with respect to all Shares that such Stockholder owns or over which such Stockholder otherwise exercises voting power, to vote (in person, by proxy or by action by written consent, as applicable) all Shares in favor of, and adopt, such Sale of the Company (together with any related amendment or restatement to the Restated Certificate required to implement such Sale of the Company) and to vote in opposition to any and all other proposals that could reasonably be expected to delay or impair the ability of the Company to consummate such Sale of the Company;

(b) if such transaction is a Stock Sale, to sell the same proportion of shares of capital stock of the Company beneficially held by such Stockholder as is being sold by the Selling Investors to the Person to whom the Selling Investors propose to sell their Shares, and, except as permitted in Subsection 2.3 below, on the same terms and conditions as the other stockholders of the Company;

(c) to execute and deliver all related documentation and take such other action in support of the Sale of the Company as shall reasonably be requested by the Company or the Selling Investors in order to carry out the terms and provision of this Section 2, including, without limitation, executing and delivering instruments of conveyance and transfer, and any purchase agreement, merger agreement, any associated indemnity agreement, or escrow agreement, any associated voting, support, or joinder agreement, consent, waiver, governmental filing, share certificates duly endorsed for transfer (free and clear of impermissible liens, claims and encumbrances), and any similar or related documents;

(d) not to deposit, and to cause their Affiliates not to deposit, except as provided in this Agreement, any Shares of the Company owned by such party or Affiliate in a voting trust or subject any Shares to any arrangement or agreement with respect to the voting of such Shares, unless specifically requested to do so by the acquirer in connection with the Sale of the Company;

(e) to refrain from (i) exercising any dissenters' rights or rights of appraisal under applicable law at any time with respect to such Sale of the Company, or (ii) asserting any claim or commencing any suit (x) challenging the Sale of the Company or this Agreement, or (y) alleging a breach of any fiduciary duty of the Selling Investors or any Affiliate or associate thereof (including, without limitation, aiding and abetting breach of fiduciary duty) in connection with the evaluation, negotiation or entry into the Sale of the Company, or the consummation of the transactions contemplated thereby;

(f) if the consideration to be paid in exchange for the Shares pursuant to this Section 2 includes any securities and due receipt thereof by any Stockholder would require under applicable law (x) the registration or qualification of such securities or of any Person as a broker or dealer or agent with respect to such securities; or (y) the provision to any Stockholder of any information other than such information as a prudent issuer would generally furnish in an offering made solely to "accredited investors" as defined in Regulation D promulgated under the Securities Act of 1933, as amended (the "**Securities Act**"), the Company may cause to be paid to any such Stockholder in lieu thereof, against surrender of the Shares which would have otherwise

been sold by such Stockholder, an amount in cash equal to the fair value (as determined in good faith by the Board) of the securities which such Stockholder would otherwise receive as of the date of the issuance of such securities in exchange for the Shares; and

(g) in the event that the Selling Investors, in connection with such Sale of the Company, appoint a stockholder representative (the "**Stockholder Representative**") with respect to matters affecting the Stockholders under the applicable definitive transaction agreements following consummation of such Sale of the Company, (x) to consent to (i) the appointment of such Stockholder Representative, (ii) the establishment of any applicable escrow, expense or similar fund in connection with any indemnification or similar obligations, and (iii) the payment of such Stockholder's pro rata portion (from the applicable escrow or expense fund or otherwise) of any and all reasonable fees and expenses to such Stockholder Representative in connection with such Stockholder Representative's services and duties in connection with such Sale of the Company and its related service as the representative of the Stockholders, and (y) not to assert any claim or commence any suit against the Stockholder Representative or any other Stockholder with respect to any action or inaction taken or failed to be taken by the Stockholder Representative, within the scope of the Stockholder Representative's authority, in connection with its service as the Stockholder Representative, absent fraud, bad faith, gross negligence or willful misconduct.

"**Equity Threshold**" means an aggregate total investment of fifty million U.S. dollars ($50,000,000) in the Company, in one or a series of related or unrelated Equity Transactions; provided, that (i) all investment proceeds received by the Company from convertible securities that are converted into shares of capital stock of the Company issued by the Company in an Equity Transaction and (ii) the fair market value of any non-cash consideration received by the Company (including the fair market value of any business or assets received by the Company) in any Equity Transaction shall each expressly count towards the Equity Threshold, with such fair market value to be determined in good faith by the Company's Board of Directors.

"**Equity Transaction**" means a transaction in which the Company issues shares of capital stock of the Company for financing purposes of the Company, if any, or as consideration for the acquisition or licensing of assets of another person (including through a merger, stock purchase, research and development collaboration or partnership, licensing arrangement or other similar transaction), and, for the avoidance of doubt, does not include issuances of shares of capital stock (i) as an anti-dilution adjustment pursuant to the Company's Certificate of Incorporation; or (ii) in connection with an underwritten public offering.

2.3 Conditions. Notwithstanding anything to the contrary set forth herein, a Stockholder will not be required to comply with Subsection 2.2 above in connection with any proposed Sale of the Company (the "**Proposed Sale**"), unless:

(a) any representations and warranties to be made by such Stockholder in connection with the Proposed Sale are limited to representations and warranties related to authority, ownership and the ability to convey title to such Shares, including, but not limited to, representations and warranties that (i) the Stockholder holds all right, title and interest in and to the Shares such Stockholder purports to hold, free and clear of all liens and encumbrances, (ii) the obligations of the Stockholder in connection with the transaction have been duly authorized, if applicable, (iii) the documents to be entered into by the Stockholder have been duly executed by the Stockholder and delivered to the acquirer and are enforceable (subject to customary limitations)

against the Stockholder in accordance with their respective terms; and (iv) neither the execution and delivery of documents to be entered into by the Stockholder in connection with the transaction, nor the performance of the Stockholder's obligations thereunder, will cause a breach or violation of the terms of any agreement to which the Stockholder is a party, or any law or judgment, order or decree of any court or governmental agency that applies to the Stockholder;

(b) such Stockholder is not required to agree (unless such Stockholder is a Company officer, employee or consultant) to any restrictive covenant in connection with the Proposed Sale (including without limitation any covenant not to compete or covenant not to solicit customers, employees or suppliers of any party to the Proposed Sale);

(c) such Stockholder and its Affiliates are not required to amend, extend or terminate any contractual or other relationship with the Company, the acquirer or their respective Affiliates, except that the Stockholder may be required to agree to terminate the investment-related documents between or among such Stockholder, the Company and/or other stockholders of the Company;

(d) the Stockholder is not liable for the breach of any representation, warranty or covenant made by any other Person in connection with the Proposed Sale, other than the Company (except to the extent that funds may be paid out of an escrow established to cover breach of representations, warranties and covenants of the Company as well as breach by any stockholder of any of identical representations, warranties and covenants provided by all stockholders);

(e) the liability for indemnification, if any, of such Stockholder in the Proposed Sale and for the breach of any representations and warranties made by the Company in connection with such Proposed Sale, is several and not joint with any other Person (except to the extent that funds may be paid out of an escrow established to cover breach of representations, warranties and covenants of the Company as well as breach by any Stockholder of any identical representations, warranties and covenants provided by all Stockholders), and is pro rata in proportion to the amount of consideration paid to such Stockholder in connection with such Proposed Sale;

(f) liability shall be limited to such Stockholder's applicable share (determined based on the respective proceeds payable to each Stockholder in connection with such Proposed Sale in accordance with the provisions of the Restated Certificate) of a negotiated aggregate indemnification amount that applies equally to all Stockholders but that in no event exceeds the amount of consideration otherwise payable to such Stockholder in connection with such Proposed Sale, except with respect to claims related to fraud by such Stockholder, the liability for which need not be limited as to such Stockholder;

(g) upon the consummation of the Proposed Sale (i) each holder of each class or series of the capital stock of the Company will receive the same form of consideration for their shares of such class or series as is received by other holders in respect of their shares of such same class or series of stock, (ii) each holder of a series of Preferred Stock will receive the same amount of consideration per share of such series of Preferred Stock as is received by other holders in respect of their shares of such same series, (iii) each holder of Common Stock will receive the same amount of consideration per share of Common Stock as is received by other holders in respect

of their shares of Common Stock, and (iv) unless waived pursuant to the terms of the Restated Certificate and as may be required by law, the aggregate consideration receivable by all holders of the Preferred Stock and Common Stock shall be allocated among the holders of Preferred Stock and Common Stock on the basis of the relative liquidation preferences to which the holders of each respective series of Preferred Stock and the holders of Common Stock are entitled in a Deemed Liquidation Event (assuming for this purpose that the Proposed Sale is a Deemed Liquidation Event) in accordance with the Company's Certificate of Incorporation in effect immediately prior to the Proposed Sale; provided, however, that, notwithstanding the foregoing provisions of this Subsection 2.3(g), if the consideration to be paid in exchange for the Key Holder Shares or Investor Shares, as applicable, pursuant to this Subsection 2.3(g) includes any securities and due receipt thereof by any Key Holder or Investor would require under applicable law (x) the registration or qualification of such securities or of any Person as a broker or dealer or agent with respect to such securities; or (y) the provision to any Key Holder or Investor of any information other than such information as a prudent issuer would generally furnish in an offering made solely to "accredited investors" as defined in Regulation D promulgated under the Securities Act, the Company may cause to be paid to any such Key Holder or Investor in lieu thereof, against surrender of the Key Holder Shares or Investor Shares, as applicable, which would have otherwise been sold by such Key Holder or Investor, an amount in cash equal to the fair value (as determined in good faith by the Board) of the securities which such Key Holder or Investor would otherwise receive as of the date of the issuance of such securities in exchange for the Key Holder Shares or Investor Shares, as applicable;

(h) subject to clause (e) above, requiring the same form of consideration to be available to the holders of any single class or series of capital stock, if any holders of any capital stock of the Company are given an option as to the form and amount of consideration to be received as a result of the Proposed Sale, all holders of such capital stock will be given the same option; provided, however, that nothing in this Subsection 2.3(h) shall entitle any holder to receive any form of consideration that such holder would be ineligible to receive as a result of such holder's failure to satisfy any condition, requirement or limitation that is generally applicable to the Company's stockholders.

2.4 Restrictions on Sales of Control of the Company. No Stockholder shall be a party to any Stock Sale unless (a) all holders of Preferred Stock are allowed to participate in such transaction(s) and (b) the consideration received pursuant to such transaction is allocated among the parties thereto in the manner specified in the Company's Certificate of Incorporation in effect immediately prior to the Stock Sale (as if such transaction(s) were a Deemed Liquidation Event), unless the holders of at least the requisite percentage required to waive treatment of the transaction(s) as a Deemed Liquidation Event pursuant to the terms of the Restated Certificate, elect to allocate the consideration differently by written notice given to the Company at least 10 days prior to the effective date of any such transaction or series of related transactions.

3. Remedies.

3.1 Covenants of the Company. The Company agrees to use its best efforts, within the requirements of applicable law, to ensure that the rights granted under this Agreement are effective and that the parties enjoy the benefits of this Agreement. Such actions include, without limitation, the use of the Company's best efforts to cause the nomination and election of the directors as provided in this Agreement.

3.2 Irrevocable Proxy and Power of Attorney. Each party to this Agreement hereby constitutes and appoints as the proxies of the party and hereby grants a power of attorney to the Chief Executive Officer of the Company, and a designee of the Selling Investors, and each of them, with full power of substitution, with respect to the matters set forth herein, including, without limitation, votes to increase authorized shares pursuant to Section 1.7(a) hereof and votes regarding any Sale of the Company pursuant to Section 2 hereof, and hereby authorizes each of them to represent and vote, if and only if the party (i) fails to vote, or (ii) attempts to vote (whether by proxy, in person or by written consent), in a manner which is inconsistent with the terms of this Agreement, all of such party's Shares in favor of the election of persons as members of the Board determined pursuant to and in accordance with the terms and provisions of this Agreement or the increase of authorized shares or approval of any Sale of the Company pursuant to and in accordance with the terms and provisions of Sections 1.7(a) and 2, respectively, of this Agreement or to take any action reasonably necessary to effect Sections 1.7(a) and 2, respectively, of this Agreement. The power of attorney granted hereunder shall authorize the Chief Executive Officer of the Company to execute and deliver the documentation referred to in Section 3.2 on behalf of any party failing to do so within five (5) business days of a request by the Company. Each of the proxy and power of attorney granted pursuant to this Subsection 3.2 is given in consideration of the agreements and covenants of the Company and the parties in connection with the transactions contemplated by this Agreement and, as such, each is coupled with an interest and shall be irrevocable unless and until this Agreement terminates or expires pursuant to Section 6 hereof or this Section 3 is amended to remove such grant of proxy and power of attorney in accordance with Subsection 6.8 hereof. Each party hereto hereby revokes any and all previous proxies or powers of attorney with respect to the Shares and shall not hereafter, unless and until this Agreement terminates or expires pursuant to Subsection 6 hereof or this Section 3 is amended to remove this provision in accordance with Subsection 6.8 hereof, grant, or purport to grant, any other proxy or power of attorney with respect to any of the Shares, deposit any of the Shares into a voting trust or enter into any agreement (other than this Agreement), arrangement or understanding with any person, directly or indirectly, to vote, grant any proxy or give instructions with respect to the voting of any of the Shares, in each case, with respect to any of the matters set forth herein.

3.3 Specific Enforcement. Each party acknowledges and agrees that each party hereto will be irreparably damaged in the event any of the provisions of this Agreement are not performed by the parties in accordance with their specific terms or are otherwise breached. Accordingly, it is agreed that each of the Company and the Stockholders shall be entitled to an injunction to prevent breaches of this Agreement, and to specific enforcement of this Agreement and its terms and provisions in any action instituted in any court of the United States or any state having subject matter jurisdiction.

3.4 Remedies Cumulative. All remedies, either under this Agreement or by law or otherwise afforded to any party, shall be cumulative and not alternative.

4. "Bad Actor" Matters.

4.1 Definitions. For purposes of this Agreement:

(a) "**Company Covered Person**" means, with respect to the Company as an "issuer" for purposes of Rule 506 promulgated under the Securities Act, any Person listed in the first paragraph of Rule 506(d)(1).

(b) "**Disqualified Designee**" means any director designee to whom any Disqualification Event is applicable, except for a Disqualification Event as to which Rule 506(d)(2)(ii) or (iii) or (d)(3) is applicable.

(c) "**Disqualification Event**" means a "bad actor" disqualifying event described in Rule 506(d)(1)(i)-(viii) promulgated under the Securities Act.

(d) "**Rule 506(d) Related Party**" means, with respect to any Person, any other Person that is a beneficial owner of such first Person's securities for purposes of Rule 506(d) under the Securities Act.

4.2 Representations and Covenants. Each Person with the right to designate or participate in the designation of a director as specified above hereby represents and warrants to the Company that, to such Person's knowledge (following such Person's reasonable inquiry), none of the "bad actor" disqualifying events described in Rule 506(d)(1)(i)-(viii) promulgated under the Securities Act of 1933, as amended (the "**Securities Act**") (each, a "**Disqualification Event**"), is applicable to such Person's initial designee named above except, if applicable, for a Disqualification Event as to which Rule 506(d)(2)(ii) or (iii) or (d)(3) is applicable. Any director designee to whom any Disqualification Event is applicable, except for a Disqualification Event as to which Rule 506(d)(2)(ii) or (iii) or (d)(3) is applicable, is hereinafter referred to as a "**Disqualified Designee**". Each Person with the right to designate or participate in the designation of a director as specified above hereby covenants and agrees (A) not to designate or participate in the designation of any director designee who, to such Person's knowledge, is a Disqualified Designee, (B) to exercise reasonable care to determine whether any director designee designated by such Person is a Disqualified Designee, (C) that in the event such Person becomes aware that any individual previously designated by any such Person is or has become a Disqualified Designee, such Person shall as promptly as practicable take such actions as are necessary to remove such Disqualified Designee from the Board and designate a replacement designee who is not a Disqualified Designee and (D) to notify the Company promptly in writing in the event a Disqualificiation Event becomes applicable to such person or any of its Rule 506(d) Related Parties, or, to such Person's knowledge, to such Person's initial designee named in Section 1, except, if applicable, for a Disqualification Event as to which Rule 506(d)(2)(ii) or (iii) or (d)(3) is appliacable.

5. Term. This Agreement shall be effective as of the date hereof and shall continue in effect until and shall terminate upon the earliest to occur of (a) the consummation of the Company's first underwritten public offering of its Common Stock (other than a registration statement relating either to the sale of securities to employees of the Company pursuant to its stock option, stock purchase or similar plan or an SEC Rule 145 transaction); (b) the consummation of a Sale of the Company and distribution of proceeds to or escrow for the benefit of the Stockholders in accordance with the Restated Certificate, provided that the provisions of Section 2 hereof will continue after the closing of any Sale of the Company to the extent necessary to enforce the provisions of Section 2 with respect to such Sale of the Company; and (c) termination of this Agreement in accordance with Subsection 6.8 below.

6. Miscellaneous.

6.1 Additional Parties.

(a) Notwithstanding anything to the contrary contained herein, if the Company issues additional shares of Series Seed Preferred Stock after the date hereof, as a condition to the issuance of such shares the Company shall require that any purchaser of such shares become a party to this Agreement by executing and delivering (i) the Adoption Agreement attached to this Agreement as Exhibit A, or (ii) a counterpart signature page hereto agreeing to be bound by and subject to the terms of this Agreement as an Investor and Stockholder hereunder. In either event, each such person shall thereafter be deemed an Investor and Stockholder for all purposes under this Agreement.

(b) In the event that after the date of this Agreement, the Company enters into an agreement with any Person to issue shares of capital stock to such Person (other than to a purchaser of Preferred Stock described in Subsection 6.1(a) above), following which such Person shall hold Shares constituting one percent (1%) or more of the then outstanding capital stock of the Company (treating for this purpose all shares of Common Stock issuable upon exercise of or conversion of outstanding options, warrants or convertible securities, as if exercised and/or converted or exchanged), then, the Company shall cause such Person, as a condition precedent to entering into such agreement, to become a party to this Agreement by executing an Adoption Agreement in the form attached hereto as Exhibit A, agreeing to be bound by and subject to the terms of this Agreement as a Stockholder and thereafter such person shall be deemed a Stockholder for all purposes under this Agreement.

6.2 Transfers. Each transferee or assignee of any Shares subject to this Agreement shall continue to be subject to the terms hereof, and, as a condition precedent to the Company's recognition of such transfer, each transferee or assignee shall agree in writing to be subject to each of the terms of this Agreement by executing and delivering an Adoption Agreement substantially in the form attached hereto as Exhibit A. Upon the execution and delivery of an Adoption Agreement by any transferee, such transferee shall be deemed to be a party hereto as if such transferee were the transferor and such transferee's signature appeared on the signature pages of this Agreement and shall be deemed to be an Investor and Stockholder, or Key Holder and Stockholder, as applicable. The Company shall not permit the transfer of the Shares subject to this Agreement on its books or issue a new certificate representing any such Shares unless and until such transferee shall have complied with the terms of this Subsection 6.2. Each certificate instrument, or book entry representing the Shares subject to this Agreement if issued on or after the date of this Agreement shall be notated by the Company with the legend set forth in Subsection 6.12.

6.3 Successors and Assigns. The terms and conditions of this Agreement shall inure to the benefit of and be binding upon the respective successors and assigns of the parties. Nothing in this Agreement, express or implied, is intended to confer upon any party other than the parties hereto or their respective successors and assigns any rights, remedies, obligations, or liabilities under or by reason of this Agreement, except as expressly provided in this Agreement.

6.4 Governing Law. This Agreement shall be governed by the internal law of the State of Delaware, without regard to conflict of law principles that would result in the application of any law other than the law of the State of Delaware.

6.5 Counterparts. This Agreement may be executed in two (2) or more counterparts, each of which shall be deemed an original, but all of which together shall constitute

one and the same instrument. Counterparts may be delivered via facsimile, electronic mail (including pdf) or other transmission method and any counterpart so delivered shall be deemed to have been duly and validly delivered and be valid and effective for all purposes.

6.6 Titles and Subtitles. The titles and subtitles used in this Agreement are used for convenience only and are not to be considered in construing or interpreting this Agreement.

6.7 Notices.

(a) All notices and other communications given or made pursuant to this Agreement shall be in writing and shall be deemed effectively given upon the earlier of actual receipt or (a) personal delivery to the party to be notified, (b) when sent, if sent by electronic mail or facsimile during normal business hours of the recipient, and if not sent during normal business hours, then on the recipient's next business day, (c) five (5) days after having been sent by registered or certified mail, return receipt requested, postage prepaid, or (d) one (1) business day after the business day of deposit with a nationally recognized overnight courier, freight prepaid, specifying next business day delivery, with written verification of receipt. All communications shall be sent to the respective parties at their address as set forth on Schedule A or Schedule B hereto, or to the principal office of the Company and to the attention of the Chief Executive Officer, in the case of the Company, or to such email address, facsimile number or address as subsequently modified by written notice given in accordance with this Subsection 6.7. If notice is given to Stockholders, a copy (which shall not constitute notice) shall also be given to Sullivan & Cromwell LLP, 1870 Embarcadero Rd, Palo Alto, CA 94303, Attn: Sarah Payne.

(b) Consent to Electronic Notice. Each Investor and Key Holder consents to the delivery of any stockholder notice pursuant to the Delaware General Corporation Law (the "DGCL"), as amended or superseded from time to time, by electronic transmission pursuant to Section 232 of the DGCL (or any successor thereto) at the electronic mail address or the facsimile number as on the books of the Company. To the extent that any notice given by means of electronic transmission is returned or undeliverable for any reason, the foregoing consent shall be deemed to have been revoked until a new or corrected electronic mail address has been provided, and such attempted Electronic Notice shall be ineffective and deemed to not have been given. Each Investor and Key Holder agrees to promptly notify the Company of any change in its electronic mail address, and that failure to do so shall not affect the foregoing.

6.8 Consent Required to Amend, Modify, Terminate or Waive. This Agreement may be amended, modified or terminated (other than pursuant to Subsection 4.1) and the observance of any term hereof may be waived (either generally or in a particular instance and either retroactively or prospectively) only by a written instrument executed by (a) the Company; (b) the Key Holders holding a majority of the Shares then held by the Key Holders; and (c) the holders of a majority of the shares of Common Stock issued or issuable upon conversion of the shares of Preferred Stock held by the Investors (voting together as a single class). Notwithstanding the foregoing:

(a) The provisions of Subsection 1.2(a), (b) and (c) and this Subsection 7.8(a) may not be amended, modified, terminated or waived without the written consent of Apple Tree;

(b) The provisions of Subsection 1.2(b) and this Subsection 7.8(b) may not be amended, modified, terminated or waived without the written consent of the Founder;

(c) the consent of the Key Holders shall not be required for any amendment, modification, termination or waiver if such amendment, modification, termination, or waiver either (A) is not directly applicable to the rights of the Key Holders hereunder; or (B) does not adversely affect the rights of the Key Holders in a manner that is different than the effect on the rights of the other parties hereto; and

(d) any provision hereof may be waived by the waiving party on such party's own behalf, without the consent of any other party.

The Company shall give prompt written notice of any amendment, modification, termination, or waiver hereunder to any party that did not consent in writing thereto. Any amendment, modification, termination, or waiver effected in accordance with this Subsection 6.8 shall be binding on each party and all of such party's successors and permitted assigns, whether or not any such party, successor or assignee entered into or approved such amendment, modification, termination or waiver. For purposes of this Subsection 6.8, the requirement of a written instrument may be satisfied in the form of an action by written consent of the Stockholders circulated by the Company and executed by the Stockholder parties specified, whether or not such action by written consent makes explicit reference to the terms of this Agreement.

6.9 Delays or Omissions. No delay or omission to exercise any right, power or remedy accruing to any party under this Agreement, upon any breach or default of any other party under this Agreement, shall impair any such right, power or remedy of such non-breaching or non-defaulting party nor shall it be construed to be a waiver of any such breach or default, or an acquiescence therein, or of or in any similar breach or default thereafter occurring; nor shall any waiver of any single breach or default be deemed a waiver of any other breach or default previously or thereafter occurring. Any waiver, permit, consent or approval of any kind or character on the part of any party of any breach or default under this Agreement, or any waiver on the part of any party of any provisions or conditions of this Agreement, must be in writing and shall be effective only to the extent specifically set forth in such writing. All remedies, either under this Agreement or by law or otherwise afforded to any party, shall be cumulative and not alternative.

6.10 Severability. The invalidity or unenforceability of any provision hereof shall in no way affect the validity or enforceability of any other provision.

6.11 Entire Agreement. This Agreement (including the Exhibits hereto), the Restated Certificate and the other Transaction Agreements (as defined in the Purchase Agreement) constitute the full and entire understanding and agreement between the parties with respect to the subject matter hereof, and any other written or oral agreement relating to the subject matter hereof existing between the parties is expressly canceled.

6.12 Share Certificate Legend. Each certificate, instrument, or book entry representing any Shares issued after the date hereof shall be notated by the Company with a legend reading substantially as follows:

"THE SHARES REPRESENTED HEREBY ARE SUBJECT TO A VOTING AGREEMENT, AS MAY BE AMENDED FROM TIME TO TIME, (A COPY OF WHICH MAY BE OBTAINED UPON WRITTEN REQUEST FROM THE COMPANY), AND BY ACCEPTING ANY INTEREST IN SUCH SHARES THE PERSON ACCEPTING SUCH INTEREST SHALL BE DEEMED TO AGREE TO AND SHALL BECOME BOUND BY ALL THE PROVISIONS OF THAT VOTING AGREEMENT, INCLUDING CERTAIN RESTRICTIONS ON TRANSFER AND OWNERSHIP SET FORTH THEREIN."

The Company, by its execution of this Agreement, agrees that it will cause the certificates instruments, or book entry evidencing the Shares issued after the date hereof to be notated with the legend required by this Subsection 6.12 of this Agreement, and it shall supply, free of charge, a copy of this Agreement to any holder of such Shares upon written request from such holder to the Company at its principal office. The parties to this Agreement do hereby agree that the failure to cause the certificates, instruments, or book entry evidencing the Shares to be notated with the legend required by this Subsection 6.12 herein and/or the failure of the Company to supply, free of charge, a copy of this Agreement as provided hereunder shall not affect the validity or enforcement of this Agreement.

6.13 Stock Splits, Stock Dividends, etc. In the event of any issuance of Shares or the voting securities of the Company hereafter to any of the Stockholders (including, without limitation, in connection with any stock split, stock dividend, recapitalization, reorganization, or the like), such Shares shall become subject to this Agreement and shall be notated with the legend set forth in Subsection 6.12.

6.14 Manner of Voting. The voting of Shares pursuant to this Agreement may be effected in person, by proxy, by written consent or in any other manner permitted by applicable law. For the avoidance of doubt, voting of the Shares pursuant to the Agreement need not make explicit reference to the terms of this Agreement.

6.15 Further Assurances. At any time or from time to time after the date hereof, the parties agree to cooperate with each other, and at the request of any other party, to execute and deliver any further instruments or documents and to take all such further action as the other party may reasonably request in order to carry out the intent of the parties hereunder.

6.16 Dispute Resolution. The parties (a) hereby irrevocably and unconditionally submit to the jurisdiction of the state courts of Delaware and to the jurisdiction of the United States District Court for the District of Delaware for the purpose of any suit, action or other proceeding arising out of or based upon this Agreement, (b) agree not to commence any suit, action or other proceeding arising out of or based upon this Agreement except in the state courts of Delaware or the United States District Court for the District of Delaware, and (c) hereby waive, and agree not to assert, by way of motion, as a defense, or otherwise, in any such suit, action or proceeding, any claim that it is not subject personally to the jurisdiction of the above-named courts, that its property is exempt or immune from attachment or execution, that the suit, action or proceeding is brought in an inconvenient forum, that the venue of the suit, action or proceeding is improper or that this Agreement or the subject matter hereof may not be enforced in or by such court.

6.17 WAIVER OF JURY TRIAL: EACH PARTY HEREBY WAIVES ITS

RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF THIS AGREEMENT, THE OTHER TRANSACTION DOCUMENTS, THE SECURITIES OR THE SUBJECT MATTER HEREOF OR THEREOF. THE SCOPE OF THIS WAIVER IS INTENDED TO BE ALL-ENCOMPASSING OF ANY AND ALL DISPUTES THAT MAY BE FILED IN ANY COURT AND THAT RELATE TO THE SUBJECT MATTER OF THIS TRANSACTION, INCLUDING, WITHOUT LIMITATION, CONTRACT CLAIMS, TORT CLAIMS (INCLUDING NEGLIGENCE), BREACH OF DUTY CLAIMS, AND ALL OTHER COMMON LAW AND STATUTORY CLAIMS. THIS SECTION HAS BEEN FULLY DISCUSSED BY EACH OF THE PARTIES HERETO AND THESE PROVISIONS WILL NOT BE SUBJECT TO ANY EXCEPTIONS. EACH PARTY HERETO HEREBY FURTHER WARRANTS AND REPRESENTS THAT SUCH PARTY HAS REVIEWED THIS WAIVER WITH ITS LEGAL COUNSEL, AND THAT SUCH PARTY KNOWINGLY AND VOLUNTARILY WAIVES ITS JURY TRIAL RIGHTS FOLLOWING CONSULTATION WITH LEGAL COUNSEL.

6.18 Costs of Enforcement. If any party to this Agreement seeks to enforce its rights under this Agreement by legal proceedings, the non-prevailing party shall pay all costs and expenses incurred by the prevailing party, including, without limitation, all reasonable attorneys' fees.

6.19 Aggregation of Stock. All Shares held or acquired by a Stockholder and/or its Affiliates shall be aggregated together for the purpose of determining the availability of any rights under this Agreement, and such Affiliated persons may apportion such rights as among themselves in any manner they deem appropriate.

FORM OF FOUNDER CONSULTING AGREEMENT

Execution Version

CONSULTING AGREEMENT

This Agreement is made as of , 2020 between Nereid Therapeutics Incorporated, a Delaware corporation (the "Company"), and Dr. Clifford P. Brangwynne (the "Consultant"), an employee of the Howard Hughes Medical Institute ("HHMI") at HHMI's laboratory at Princeton University (the "University"). The Company is engaged in scientific research, development and commercialization activities related to modulating the function of biomolecular condensates in human cells with various modalities to identify novel biological targets and deliver human therapeutics for various disease areas including oncology, neurodegeneration, cardiometabolic diseases, inflammation, immunology and rare diseases (the "Field"). The Consultant has extensive experience in the Field, and the Company seeks to benefit from the Consultant's expertise by retaining the Consultant as a consultant. The Consultant wishes to perform consulting services in the Field for the Company. Accordingly, the Company and the Consultant agree as follows:

1. Services.

(a) The Consultant shall provide consulting services to the Company with respect to matters related to the Field. The Consultant's services for the Company shall consist only of the discussion of ideas and provision of advice; the Consultant shall not direct or conduct research for or on behalf of the Company. The Consultant's services shall include (i) serving as the Chairperson of the Company's scientific advisory board (the "SAB"); (ii) providing general scientific advice regarding the Company's products or services, the general direction of its research program, recruitment of Company personnel and the techniques used in research in the Field; and (iii) advising on the Company's efforts to produce, develop and market various commercial products and/or services. The Consultant shall perform services for the Company at such times and on such days as mutually determined from time to time by the Company and the Consultant, but in no event shall the Consultant be required to provide services to the Company for more than one (1) day in any single week and in no event shall the Consultant be required to provide services to the Company for more than thirty-six (36) days in any single calendar year.

(b) The Company acknowledges that the Consultant is an HHMI employee and is subject to HHMI's policies, including policies concerning consulting, conflicts of interest, and intellectual property. The Company acknowledges and agrees that nothing in this Agreement shall affect the Consultant's obligations to HHMI or the University, the Consultant's research on behalf of HHMI or the University, the Consultant's ability to submit and publish the results of HHMI or University research, or research collaborations in which the Consultant is a participant, and that this Agreement shall have no effect upon transfers (by way of license or otherwise) to third parties of materials or intellectual property developed in whole or in part by the Consultant as an HHMI employee or University faculty member, and in the case of any inconsistency between the terms of this Agreement and any HHMI policy, such HHMI policy shall control.

2. Compensation.

(a) The consideration described below in this Paragraph 2 constitutes the full consideration for the consulting services to be provided by the Consultant to the Company.

(b) The Company shall pay the Consultant consulting fees at a rate of three hundred and fifty U.S. dollars ($350.00) per hour, payable monthly in arrears. In addition to the foregoing, the Company shall promptly reimburse the Consultant for all reasonable out of pocket expenses incurred by the Consultant in providing consulting services under this Agreement, subject to the Company's expense reimbursement policy as in effect from time to time, and provided that the Consultant shall not incur any single expense exceeding $500 without the Company's prior consent. The Consultant shall not be entitled to any benefits, coverages or privileges, including health insurance, social security, unemployment, medical or pension payments, if any, as may be made available to employees of the Company.

(c) If (i) the Equity Threshold has not been reached, (ii) the Company issues Equity Securities (as defined below) that would cause the Consultant's equity ownership percentage in the Company to represent less than nine and six tenths percent (9.6%) of the capital stock of the Company on a Fully Diluted Outstanding Basis (as defined

below), (iii) the Consultant either (A) is serving as chairperson of the SAB and is providing services to the Company substantially similar to those described in Paragraph 1 (in each case unless such position or services have been terminated by the Company other than for Cause (as defined below) and in the event of such termination other than for Cause, the rights in this Paragraph 2(c) shall continue to be applicable until the Equity Threshold has been reached) at the time of the closing of the applicable Equity Transaction (as defined below) or (B) has maintained his Continuous Service Status (as defined below) serving as chairperson of the SAB and providing services to the Company substantially similar to those described in Paragraph 1 for a period of at least four (4) years following the date of this Agreement, and (iv) no options to purchase shares of Common Stock (as defined below) awarded to the Consultant pursuant to that certain Option Award Agreement, dated as of [•], 2020, by and between the Company and the Consultant, remain available for vesting pursuant to the terms and conditions of such Option Award Agreement, then promptly following the issuance of such Equity Securities, the Company shall grant an option (an "Option") to the Consultant to purchase a number of shares of common stock of the Company, par value $0.001 per share (the "Common Stock"), at a price per share of Common Stock equal to the fair market value per share of Common Stock on the date of grant, as reasonably determined in good faith by the Company's Board of Directors (the "Board") in a manner sufficient to satisfy the requirements of Section 409A of the Internal Revenue Code of 1986, such that the Consultant's equity ownership percentage in the Company then represents nine and six tenths percent (9.6%) of the capital stock of the Company on a Fully Diluted Outstanding Basis (giving effect to such issuance of such Equity Securities and the shares of Common Stock underlying such Option grant and any other Options or other equity held by Consultant). Each Option shall be (i) granted within a reasonable time following each applicable Equity Transaction (but in no case more than thirty (30) days following the date of each such Equity Transaction); (ii) fully vested on the date of issuance; (iii) subject to the Company's Repurchase Option (as defined in that certain Stock Restriction Agreement, dated as of [•], 2020, by and between the Consultant and the Company (the "Stock Restriction Agreement")) as if it were a Company Share (as defined in the Stock Restriction Agreement), provided that the Repurchase Option (as defined in the Stock

Restriction Agreement) remains in effect on the date of such applicable Option grant pursuant to the terms of the Stock Restriction Agreement and; and (iv) subject to the terms of the equity plan and award agreement governing the Option grant (which shall include provisions for net exercise). For purposes of calculating the Consultant's equity ownership percentage in the Company, any securities of the Company that have been sold, gifted, transferred or otherwise disposed of by the Consultant shall be deemed to be owned by the Consultant. Notwithstanding anything to the contrary herein, this Paragraph 2(c) shall automatically terminate and be of no further force and effect upon the first to occur of (i) the Consultant's service as chairperson of the SAB or consultancy services to the Company being terminated by the Company for Cause; (ii) the Consultant no longer serving as chairperson of the SAB or otherwise no longer providing services to the Company substantially similar to those described in Paragraph 1 prior to the fourth (4th) anniversary of the date of this Agreement (in each case unless such position or services are terminated by the Company other than for Cause); (iii) a Deemed Liquidation Event (as defined in the Company's Amended and Restated Certificate of Incorporation, as amended from time to time (the "Certificate of Incorporation")), whether or not the treatment of such event as a Deemed Liquidation Event has been waived pursuant to the Certificate of Incorporation; or (iv) such time that is immediately prior to the closing of the Company's first underwritten public offering of its Common Stock under the Securities Act of 1933, as amended.

"Cause" means the Consultant's (i) commission of to a felony or of a misdemeanor punishable by incarceration; (ii) misconduct or breach of fiduciary duty, if applicable, pertaining the Company that Consultant fails to remedy to the reasonable satisfaction of the Company within fifteen (15) days after written notice thereof is delivered by the Company to the Consultant; (iii) failure to substantially perform his duties hereunder (other than failure resulting from Consultant's incapacity due to physical or mental illness) that the Consultant fails to remedy to the reasonable satisfaction of the Company within fifteen (15) days after written notice thereof is delivered by the Company to the Consultant; or (iv) a material breach of Paragraph 3.

"Continuous Service Status" means, following the date of this Agreement, the absence of any continued and sustained interruption or termination of Consultant's service as chairperson of the SAB and consultancy services to the Company substantially similar to those described in Paragraph 1. An interruption or termination of Consultant's service as chairperson of the SAB and consultancy services to the Company shall be deemed to be continued and sustained as reasonably determined by the Board in its sole discretion and in accordance with the terms of this Agreement. Continuous Service Status shall not be considered interrupted or terminated in the case of: (i) Company approved sick leave; (ii) military leave; or (iii) any other bona fide leave of absence approved by the Company, provided that such leave is for a period of not more than ninety (90) days, unless reemployment or reengagement upon the expiration of such leave is guaranteed by contract or statute, or unless provided otherwise pursuant to a written Company policy. Also, Continuous Service Status shall not be considered interrupted or terminated in the case of a transfer between locations of the Company or between the Company or its affiliates, or their respective successors, or a change in status from a consultant to an employee of the Company. For the avoidance of doubt, except as specifically set forth in Paragraph 1, "Continuous Service Status" does not require Consultant to perform services for the Company or its affiliates for any minimum number of hours per week or days per year.

"Equity Securities" means shares of capital stock of the Company issued by the Company in an Equity Transaction.

"Equity Threshold" means an aggregate total investment of fifty million U.S. dollars ($50,000,000) in the Company, in one or a series of related or unrelated Equity Transactions; provided, that (i) all investment proceeds received by the Company from Convertible Securities that are converted into Equity Securities in an Equity Transaction, (ii) the fair market value of any non-cash consideration received by the Company (including the fair market value of any business or assets received by the Company in an Acquisition Transaction) in any Equity Transaction and (iii) consideration received by the Company in connection with the Initial Closing and any Additional Closing (as such terms are defined in that certain Series Seed Preferred Stock Purchase Agreement, dated

on or about the date hereof, by and between the Company, Apple Tree Partners IV, L.P. and the Consultant), notwithstanding the fact that such Initial Closing or any such Additional Closings shall not be considered Equity Transactions, shall each expressly count towards the Equity Threshold, with such fair market value to be determined in good faith by the Company's Board of Directors. For the avoidance of doubt, if there is an Equity Transaction in which, taken together with prior Equity Transactions, the amount of total investment proceeds from Equity Transactions exceeds the Equity Threshold, then only the Equity Securities that are issued in respect of such Equity Transaction that, taken together with prior Equity Transactions, equals exactly the Equity Threshold shall apply for determining the Consultant's anti-dilution protection set forth in this Paragraph 2(c), and any additional Equity Securities issued in respect of such Equity Transaction shall expressly not be included in determining the Consultant's anti-dilution protection set forth in this Paragraph 2(c).

"Equity Transaction" means a transaction in which the Company issues shares of capital stock of the Company for financing purposes of the Company, if any, or as consideration for the acquisition or licensing of assets of another person (including through a merger, stock purchase, research and development collaboration or partnership, licensing arrangement or other similar transaction (such acquisition or licensing, an "Acquisition Transaction")), and, for the avoidance of doubt, does not include issuances of shares of capital stock (i) in connection with the Initial Closing or any Additional Closing, (ii) as an anti-dilution adjustment pursuant to the Certificate of Incorporation; or (iii) in connection with an underwritten public offering (the shares of capital stock referred to in clauses (ii) and (iii) being hereafter referred to as the "Excluded Equity").

"Fully Diluted Outstanding Basis" means, as of a specified date, the sum of (i) outstanding shares of Common Stock, including restricted shares; (ii) shares of Common Stock issuable upon conversion or exchange of outstanding shares of preferred stock of the Company; and (iii) shares of Common Stock underlying outstanding options or warrants to purchase capital stock of the Company (including shares of Common Stock underlying options or warrants to purchase capital stock of the Company issued to any directors, officers, employees, consultants or advisors of the Company pursuant to any

anti-dilution adjustments in connection with each applicable Equity Transaction); provided, however, that "Fully Diluted Outstanding Basis" shall expressly exclude (x) shares of Common Stock and options to purchase Common Stock reserved, but not issued or granted, under an equity incentive plan or similar plan of the Company, (y) convertible debt, simple agreements for future equity (SAFEs), and other similar convertible securities of the Company (collectively, "Convertible Securities"), with the understanding that if such Convertible Securities convert into shares of capital stock of the Company in connection with an applicable Equity Transaction, they will then constitute equity securities of the Company that count towards the Fully Diluted Outstanding Basis and (z) any Excluded Equity.

(d) The Company and the Consultant each acknowledge that they have reviewed HHMI Policy SC-500, Consulting for Companies – General Policy, and HHMI's policy on Consulting for and Equity Ownership in Start-Up and Other Private Companies. The Consultant agrees that he will, and the Company agrees that the Consultant will be permitted to, reduce his equity ownership in the Company as necessary in order to remain in compliance with HHMI's Consulting for Companies - General Policy and HHMI's policy on Consulting for and Equity Ownership in Start-Up and other Private Companies at all times. In addition, the Company and the Consultant agree to provide information to HHMI upon request that will allow HHMI to confirm compliance with HHMI's policies.

3. Confidentiality; Non-Competition; Non-Solicitation.

(a) "Confidential Information" means any and all data and information (including tangible embodiment thereof) in any form that relates to the Company's business, was provided to or learned by Consultant in the course of providing consulting services to the Company and is not generally known or available outside the Company. Examples of "Confidential Information" includes (a) trade secrets and know-how included in the Company Intellectual Property (as defined below); (b) information regarding products, plans for research and development, marketing, selling, market research and analysis, business, business plans, strategies, technology, technical plans, financial information, budgets, unpublished financial statements, contracts, licenses, prices, costs, suppliers,

developers, distributors, vendors, users, and customers; (c) information regarding the skills, responsibilities and compensation of the Company's employees, contractors and other service providers; and (d) the existence and content of any business, technical, strategic and/or financial discussions, negotiations, or agreements between the Company and any other party. Notwithstanding the foregoing, "Confidential Information" does not include information generated by the Consultant (whether alone or with others) unless the Consultant generated the information (x) during the course of performing consulting services for the Company under this Agreement and (y) outside the course of the Consultant's activities as an HHMI employee or University faculty member.

(b) At all times during the Term (as defined below) and thereafter, the Consultant will hold in strict confidence and will not disclose, discuss, disseminate, use, lecture upon or publish any Confidential Information, except as such disclosure is required in connection with the Consultant's work for the Company or unless expressly authorized in writing by an officer of the Company. The Consultant acknowledges that, as between the Consultant and the Company, the Company solely and exclusively owns all Confidential Information.

(c) Except as set forth in this Paragraph 3(c), nothing in this Agreement shall affect the Consultant's right to use, disseminate, or publish any information that (i) is or later becomes available to the public through no breach of this Agreement by the Consultant; (ii) is obtained by the Consultant from a third party who had the legal right to disclose the information to the Consultant; or (iii) is already in the possession of the Consultant on the date this Agreement becomes effective. Nothing in this Agreement shall prevent the Consultant from disclosing the Confidential Information to the extent the Consultant is required to disclose such Confidential Information by law, legal process, government regulation or court order, provided that the Consultant takes reasonable steps (to the extent legally permitted) to provide the Company with sufficient prior notice to allow the Company to consent to the disclosure or seek a protective order.

(d) The Consultant recognizes that the Company has received and in the future will receive from third parties their confidential or proprietary information subject to a

duty on the Company's part to maintain the confidentiality of such information and to use it only for certain limited purposes. During the term of the consultancy for the Company and thereafter, the Consultant agrees to hold all such confidential or proprietary information in strict confidence, not to disclose such third party confidential or proprietary information to any person or entity, and not to use it except in connection with the Consultant's work for the Company consistent with the Company's agreement with such third party.

(e) During the Term, the Consultant will not (i) use or disclose any confidential or proprietary information (including trade secrets or any non-public material) that belongs to any of the Consultant's former employers or other third parties to whom the Consultant has an obligation of confidentiality, or (ii) bring onto the premises of the Company any tangible embodiment of any of the foregoing in (i), in each case, unless consented to in writing by such former employer or other third party. The Consultant shall not disclose to the Company information that (x) is proprietary to HHMI or the University and (y) is not generally available to the public, except through formal technology transfer procedures. Subject to the terms of this Agreement, the Consultant may disclose to the Company any information that the Consultant would normally freely disclose to other members of the scientific community at large, whether by publication, by presentation at seminars, or in informal scientific discussions.

(f) The Consultant hereby grants consent to notification by the Company to the Consultant's current and future employers about the Consultant's obligations pursuant to Paragraphs 1, 3 and 4 of this Agreement.

(g) Federal trade secret law provides protections to individuals who disclose a trade secret to their attorney, a court, a government agency or government official in certain circumstances. Specifically, federal law provides that an individual shall not be held criminally or civilly liable under any federal or state trade secret law for the disclosure of a trade secret under either of the following conditions:

(i) where the disclosure is made (A) in confidence to a federal, state or local government official, either directly or indirectly, or to an attorney; and (B) solely for the purpose of reporting or investigating a suspected violation of law; or

(ii) where the disclosure is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal. See 18 U.S.C. Sect. 1833(b)(1).

Federal trade secret law also provides that an individual who files a lawsuit for retaliation by an employer for reporting a suspected violation of law may disclose the trade secret to the attorney of the individual and use the trade secret information in the court proceedings, if the individual files any document containing the trade secret under seal and does not disclose the trade secret, except pursuant to a court order. See 18 U.S.C. Sect. 1833(b)(2). Nothing in this Agreement is intended to limit the Consultant's rights to discuss the terms, wages and working conditions of the Consultant's employment as protected by applicable law or to file a charge or complaint, or otherwise disclose relevant information to or communicate with any state, federal or other governmental agency.

(h) The Consultant may not remove from the Company's premises, without the prior written consent of the Company, any devices (including laptops, external storage devices, PDAs and cell phones), records, data, notes, reports, proposals, lists, correspondence, specifications, drawings, blueprints, sketches, materials, equipment, other documents or property not belonging to the Consultant (including any records prepared by Consultant in accordance with Paragraph 4(g)), any files containing Confidential Information (or confidential or proprietary information of third parties pursuant to Paragraph 4(d)) and reproductions of any aforementioned items developed by the Consultant pursuant to the consultancy for the Company or otherwise belonging to the Company, its predecessors, successors or assigns (collectively, the "Company Property"), unless such removal is in the furtherance of the Company's business or is in connection with the Consultant's carrying out his duties under this Agreement. The Consultant agrees that, promptly following the Term, the Consultant will deliver to the

Company (and will not keep in his possession, recreate or deliver to anyone else) any Company Property the Consultant has in his possession. In addition, the Consultant agrees to delete permanently any and all Confidential Information electronically stored on any and all devices owned by the Consultant, or within the Consultant's control, prior to the time the Consultant terminates the consultancy for the Company.

(i) The Consultant acknowledges and agrees that the Consultant has no reasonable expectation of privacy in any Company Property, Company-owned equipment, Company-owned facility or Company-owned systems used to conduct the Company's business. The Company may audit and search any such Company Property, equipment, facility or systems in the Company's reasonable discretion in accordance with applicable law. The Consultant agrees to comply with any Company policies regarding the use of Company Property.

(j) During the Term, and for a one (1) year period after the date this Agreement expires or is terminated by the Company or by the Consultant for any reason, the Consultant will not directly or indirectly (without the prior written consent of the Company):

- hold a 0.25% or greater equity (including stock options whether or not exercisable), voting or profit participation interest in a Competitive Enterprise;
- receive any royalties, milestone payments or similar compensation from a Competitive Enterprise; or
- except in the course of Consultant's activities as an HHMI employee or University faculty member, associate (including as a director, officer, employee, partner, consultant, agent or advisor) with a Competitive Enterprise and in connection with the Consultant's association engage or, directly or indirectly, manage or supervise personnel engaged, in any activity:
    - that is related to any activity in which the Consultant was engaged with the Company during the twelve (12) months prior to the date of expiration or termination of this Agreement, as applicable; or

- that calls for the application of specialized knowledge or skills related to those used by the Consultant in his activities with the Company during the twelve (12) months prior to the date of expiration or termination of this Agreement, as applicable.

For purposes of this Agreement, "Competitive Enterprise" means any for-profit business enterprise that either (A) engages in any activity that competes anywhere with any activity (including research and development) in the Field, (B) has received a license, covenant not to sue or similar right with respect to any Intellectual Property related to the Field that is developed, in whole or in part, by Consultant, or (C) holds a 5% or greater equity, voting or profit participation interest in any enterprise that satisfies clause (A) or (B).

(k) During the Term, and for twelve (12) months immediately thereafter, the Consultant shall not, directly or indirectly, on behalf of himself or any other person or entity, solicit, induce, recruit or encourage, or attempt to solicit, induce, recruit or encourage, any of the Company's employees or consultants to terminate or reduce their relationship with the Company, and the Consultant shall not otherwise directly or indirectly interfere or attempt to interfere with the Company's relationship with its employees and consultants; provided, that nothing in this Paragraph 3(k) shall prevent the Consultant from soliciting or recruiting, or attempting to solicit or recruit, any former employee or consultant of the Company who previously terminated their employment or services with the Company through no breach of this Agreement by the Consultant.

(l) The Consultant agrees that during the Term, and for twelve (12) months immediately thereafter, the Consultant shall not (i) encourage or attempt to encourage any of the Company's clients or customers to terminate or reduce their business relationship with the Company; (ii) discourage or attempt to discourage such clients or customers, or any prospective Company clients or customers, from purchasing any Company products or services; or (iii) otherwise interfere with or negatively impact the business relationship the Company has with any of its clients or customers. Nothing in this Agreement shall limit the Consultant's rights under applicable law to provide truthful

information to any governmental entity or to file a charge with or participate in an investigation conducted by any governmental entity.

(m) During the Term and thereafter, the Consultant will not, in any manner, directly or indirectly make or publish any statement (orally or in writing) that would libel, slander, disparage, denigrate, ridicule or criticize the Company, any of its affiliates or any of their employees, officers or directors. During the Term and thereafter, the Company's officers, members of senior management and directors will not, in any manner, directly or indirectly make or publish any statement (orally or in writing) that would libel, slander, disparage, denigrate, ridicule or criticize the Consultant. Nothing in this Agreement is intended to or shall prevent either party from providing, or limiting testimony in any judicial, administrative or legal process or otherwise as required by law.

(n) The terms and provisions of this Paragraph 3 are intended to be separate and divisible provisions, and, if, for any reason, any one or more of them is held to be invalid or unenforceable, neither the validity nor the enforceability of any other provision of this Agreement will thereby be affected. The parties acknowledge that the potential restrictions on the Consultant's future employment imposed by this Paragraph 3 are reasonable in both duration and geographic scope and in all other respects. If for any reason any court of competent jurisdiction will find any provisions of this Paragraph 3 unreasonable in duration or geographic scope or otherwise, the Consultant and the Company agree that the restrictions and prohibitions contained herein will be effective to the fullest extent allowed under applicable law in such jurisdiction.

(o) In the event of a breach or threatened breach of this Paragraph 3, the Consultant agrees that the Company will be entitled to injunctive relief in a court of appropriate jurisdiction to remedy any such breach or threatened breach, and the Consultant acknowledges that damages would be inadequate and insufficient.

(p) In the event that the Consultant materially breaches any provision of Paragraphs 3(a) through (m) (as determined by a final judgment, order or decree of an arbiter or court of competent jurisdiction), the Company's obligation to make or provide payments or benefits under this Agreement (including Paragraph 2(c)) shall cease.

(q) Except as specifically provided in this Paragraph 3, the expiration or termination of the Consultant's consultancy for the Company or of this Agreement will have no effect on the continuing operation of this Paragraph 3.

4. Intellectual Property.

(a) "Intellectual Property" means inventions (whether patentable or not), trade secrets, know-how, ideas, discoveries, developments, improvements, concepts, methods, protocols, processes, systems, formulae, processes, and techniques; products, services, biological material, chemical material, compounds, compositions of matter, and configurations of any kind; copyrights, mask works and designs, and, in each case, all moral rights associated therewith; trademarks, service marks, brand names, trade dress and, in each case, all goodwill associated therewith; patents and patent applications; internet domain names and social media accounts; data, databases, programs, software, firmware, middleware, applications, interfaces, and application programming interfaces, in each case, in any form; and any other intellectual property and/or proprietary information; and all common law and other rights throughout the world in and to all of the foregoing.

(b) Reserved.

(c) Subject to Paragraph 4(d), the Consultant hereby assigns, and agrees to assign, to the Company any and all right, title, and interest the Consultant may have in any Intellectual Property which the Consultant (whether alone or with others) develops (i) in the course of performing consulting services for the Company under this Agreement and (ii) outside the course of the Consultant's activities as an HHMI employee or University faculty member. Any Intellectual Property assignable to the Company pursuant to the preceding sentence is hereinafter referred to as "Company Intellectual Property"; Company Intellectual Property includes any advice that the Consultant may provide in the course of providing consulting services to the Company, and outside the course of the Consultant's activities as an HHMI employee or University faculty member, and that is related in a material manner to research pursued by the Company. Upon the request of the Company, the Consultant shall execute such further assignments,

documents, and other instruments as may be necessary to assign Company Intellectual Property to the Company and to assist the Company in applying for, obtaining and enforcing patents or other rights in the United States and in any foreign country with respect to any Company Intellectual Property. If, using commercially reasonable efforts, the Company is unable within a reasonable time to secure the Consultant's signature on any document reasonably necessary in connection with the foregoing for any reason, then the Consultant hereby irrevocably designates and appoints the Company and its duly authorized officers and agents as the Consultant's agent and attorney-in-fact, which appointment is coupled with an interest, to act on the Consultant's behalf to execute and file any such documents and to do all other lawfully permitted acts to further such purposes with the same legal force and effect as if executed by the Consultant. The Company will bear the cost of preparation of all patent or other applications and assignments, and the cost of obtaining and enforcing all patents and other rights to Company Intellectual Property.

(d) The Company shall have no rights by reason of this Agreement in any publication, invention, discovery, improvement, or other intellectual property whatsoever, whether or not publishable, patentable, or copyrightable, which is developed as a result of a program of research financed, in whole or in part, by funds provided by or under the control of HHMI or the University ("HHMI IP"). The Company also acknowledges and agrees that it will enjoy no priority or advantage as a result of the consultancy created by this Agreement in gaining access, whether by license or otherwise, to any proprietary information or intellectual property that arises from any research undertaken by the Consultant in the Consultant's capacity as an HHMI employee or a member of the University's faculty.

(e) Notwithstanding Paragraph 4(c), to the extent the automatic assignment of Company Intellectual Property is prohibited under the applicable law (including the California Labor Code Section 2870 (as described in Exhibit A)) (such Intellectual Property, the "Non-Assignable IP"), the Consultant hereby grants to the Company an exclusive, freely sublicensable through multiple tiers, freely transferable, royalty-free, fully paid-up, irrevocable, perpetual and worldwide license to reproduce, make derivative

works of, distribute, publicly perform, and publicly display in any form or medium, make, have made, modify, use, sell, import, export, offer for sale, and otherwise exploit, and exercise any and all present or future rights in any Non-Assignable IP.

(f) The Consultant agrees and acknowledges that (i) all original works of authorship that the Consultant solely or jointly creates (x) in the course of performing consulting services for the Company under this Agreement and (y) outside the course of the Consultant's activities as an HHMI employee or University faculty member, are "works made for hire," as that term is defined in the United States Copyright Act, and (ii) any assignment of Intellectual Property by the Consultant to the Company hereunder includes an assignment of all paternity, integrity, disclosure, withdrawal, special, moral and any other similar rights recognized by the laws of any jurisdiction or country (the "Moral Rights") and that, to the extent such Moral Rights cannot be assigned to the Company, the Consultant hereby irrevocably waives the enforcement of such Moral Rights, and all claims and causes of action of any kind, against the Company or related to Company's customers with respect to such rights.

(g) During the Term, the Consultant will periodically (or promptly upon the Company's request) and fully disclose to the Company in writing all Company Intellectual Property. For one (1) year immediately after the Term, the Consultant will keep and maintain adequate, sufficient and current written records, in the form of notes, sketches, drawings and in any other form required by the Company, of all Company Intellectual Property.

5. Defense and Indemnification.

(a) The Company agrees, at its sole expense, to defend HHMI against, and to indemnify and hold HHMI harmless from, any liability, claim, judgment, cost, expense, damage, deficiency, loss, or obligation, of any kind or nature (including reasonable attorneys' fees and other costs and expenses of defense) relating to a claim or suit by a third party against HHMI, either arising from this Agreement, the Consultant's performance of services for the Company under this Agreement, or any Company

products or services which result from the Consultant's performance of services under this Agreement.

(b) The Company agrees, at its sole expense, to defend the Consultant against, and to indemnify and hold the Consultant harmless from, any liability, claim, judgment, cost, expense, damage, deficiency, loss, or obligation, of any kind or nature (including reasonable attorneys' fees and other costs and expenses of defense) relating to a claim or suit by a third party against the Consultant, either arising from this Agreement, the Consultant's performance of services for the Company under this Agreement, or any Company products or services which result from the Consultant's performance of services under this Agreement; provided, however, such indemnification with respect to the Consultant shall not apply to any such liability, claim, judgment, cost, expense, damage, deficiency, loss, or obligation finally adjudicated by a court of competent jurisdiction to have been directly caused by the willful misconduct, bad faith or gross negligence of the Consultant.

6. Term and Termination.

(a) Unless terminated earlier under paragraph 6(b), below, this Agreement shall be for a term of four (4) years (the "Term").

(b) Without limiting any rights which either party to this Agreement may have by reason of any default by the other party, each party reserves the right to terminate this Agreement, with or without Cause, at its convenience by written notice given to the other party. Such termination shall be effective upon the date not earlier than thirty (30) days following the date of such notice as shall be specified in said notice, unless such termination is by the Company for Cause, in which case such termination shall be effective as of the date of such notice.

(c) Paragraphs 2(c), 3, 4, 5, 6(c), 7(c) and 7(g)-(j) hereof shall survive expiration or termination of this Agreement. In addition, expiration or termination of this Agreement shall not affect either (i) the Company's obligation to pay for services previously performed by the Consultant or expenses reasonably incurred by the

Consultant for which the Consultant is entitled to reimbursement under Paragraph 2, above, or (ii) the Consultant's continuing obligations to the Company under Paragraphs 3 and 4(c) above.

7. Miscellaneous.

(a) This Agreement shall inure to the benefit of and be binding upon the respective heirs, executors, successors, representatives, and assigns of the parties, as the case may be; provided, however, the obligations hereunder of each party to the other are personal and may not be assigned without the express written consent of such other party.

(b) The relationship created by this Agreement shall be that of independent contractor, and the Consultant shall have no authority in such capacity to bind or act as agent for the Company or its employees for any purpose.

(c) The Company may use the Consultant's name, and in doing so may cite the Consultant's relationship with HHMI, so long as any such usage (i) is limited to reporting factual events or occurrences only, and (ii) is made in a manner that could not reasonably constitute an endorsement of the Company or of any Company program, product or service. However, the Company shall not use the Consultant's name or HHMI's name in any press release, or quote the Consultant in any company materials, or otherwise use the Consultant's name or HHMI's name in a manner not specifically permitted by the preceding sentence, unless in each case the Company obtains in advance HHMI's written consent, and, in the case of the use of the Consultant's name, the Consultant's consent as well.

(d) Notice given by one party to the other hereunder shall be in writing and deemed to have been properly given or paid if delivered in person or by courier or

deposited with the United States Postal Service, registered or certified mail, addressed as follows:

(e) This Agreement supersedes all prior or contemporaneous agreements and discussions relating to the subject matters hereof and constitutes the entire agreement between the Company and the Consultant with respect to the subject matters of this Agreement. The Company and the Consultant agree that any amendment of this Agreement (including any extension of its term or any change in the consideration set forth above to be provided to the Consultant hereunder) or any other departure from the terms or conditions hereof must be signed by the Consultant and an authorized representative of the Company, and also is subject to HHMI's prior written approval. In the event anything in this Agreement is inconsistent with the terms of any other agreement that the Consultant executes in connection with his provision of consulting services to the Company, the terms of this Agreement shall govern.

(f) If any provision of this Agreement affecting the rights or property of HHMI is adjudicated to be invalid, unenforceable, contrary to, or prohibited under applicable laws or regulations of any jurisdiction, this Agreement shall terminate as of the date such adjudication is effective. If any other provision of this Agreement is adjudicated to be invalid, unenforceable, contrary to, or prohibited under applicable laws or regulations of

any jurisdiction, such provision shall be severed and the remaining provisions shall continue in full force and effect.

(g) The Consultant and the Company acknowledge that (i) the Consultant is entering into this Agreement in the Consultant's individual capacity and not as an employee or agent of HHMI, (ii) HHMI is not a party to this Agreement and has no liability or obligation hereunder, and (iii) HHMI is an intended third-party beneficiary of this Agreement and certain provisions of this Agreement are for HHMI's benefit and are enforceable by HHMI in its own name. The Consultant also acknowledges and agrees that the Consultant is responsible for the payment of all applicable taxes and other governmental charges that may be levied on any payments provided pursuant to this Agreement.

(h) The validity, interpretation, construction and performance of this Agreement will be governed by the laws of the State of New Jersey without regard to its conflicts of law principles.

(i) To the extent permitted by law, Consultant and the Company waive any and all rights to a jury trial with respect to any controversy or claim between Consultant and the Company arising out of or relating to or concerning this Agreement.

(j) Unless the express context otherwise requires: (i) the words "hereof," "herein" and "hereunder" and words of similar import, when used in this Agreement, shall refer to this Agreement as a whole and not to any particular provision of this Agreement; (ii) wherever the word "include," "includes" or "including" is used in this Agreement, it shall be deemed to be followed by the words "without limitation; (iii) the terms defined in this Agreement in the singular shall have a comparable meaning when used in the plural, and vice versa; (iv) any singular term in this Agreement shall be deemed to include the plural, and any plural term the singular; (v) any reference to laws, regulations and rules herein shall mean such laws, regulations and rules as from time to time amended or otherwise modified; and (vi) references herein to a specific Paragraph, Section or Exhibit shall refer, respectively, to an Paragraph, Section or Exhibit of this Agreement

(k) This Agreement may be executed in any number of counterparts, each of which will be deemed an original, and all of which together will constitute one and the same instrument. This Agreement will become binding when one or more counterparts hereof, individually or taken together, will bear the signatures of all of the parties reflected hereon as the signatories. AULOS BIOSCIENCE, INC.
SERIES A PREFERRED STOCK PURCHASE AGREEMENT

THIS SERIES A PREFERRED STOCK PURCHASE AGREEMENT (this "***Agreement***"), is made as of October 30, 2020 by and between Aulos Bioscience, Inc., a Delaware corporation (the "***Company***") and Apple Tree Partners IV, L.P. (the "***Purchaser***").

The parties hereby agree as follows:

1. Purchase and Sale of Preferred Stock.

1.1 Sale and Issuance of Preferred Stock.

(a) The Company shall adopt and file with the Secretary of State of the State of Delaware on or before the Initial Closing (as defined below) the Amended and Restated Certificate of Incorporation in the form of Exhibit B attached to this Agreement (the "***Restated Certificate***").

(b) Subject to the terms and conditions of this Agreement, the Purchaser agrees to purchase at the applicable Closing and the Company agrees to sell and issue to the Purchaser at the applicable Closing that number of shares of Series A Preferred Stock, $0.001 par value per share (the "***Series A Preferred Stock***"), set forth on Exhibit A, at a purchase price of $1.00 per share (the "***Purchase Price***"). The shares of Series A Preferred Stock issued to the Purchaser pursuant to this Agreement (including any shares issued at the Initial Closing and any Additional Shares, as defined below) shall be referred to in this Agreement as the "***Shares***."

1.2 Closing; Delivery.

(a) *Initial Closing*. The initial purchase and sale of the Shares shall take place remotely via the exchange of documents and signatures on the date hereof or at such other time and place as the Company and the Purchaser mutually agree upon, orally or in writing (which time and place are designated as the "***Initial Closing***"). The term "***Closing***" shall apply to each of the Initial Closing, the Second Tranche Closing and the Third Tranche Closing.

(b) *Second Tranche Closing*. If the board of directors of the Company (the "***Board***") reasonably determines in good faith that the Company has successfully achieved the IND Milestone (as defined below), then the Company shall send a written notice of such determination to the Purchaser along with evidence of the achievement of the IND Milestone ("***IND Milestone Notice***") as promptly as practicable, and in any event no more than five (5) business days, following such determination by the Board. Within fifteen (15) business days following the Purchaser's receipt of the IND Milestone Notice (the "***Second Tranche Closing***"), the Company shall issue and the Purchaser shall purchase, on the terms and conditions set forth in this Agreement, an additional 15,000,000 shares of Series A Preferred Stock ("***Second Tranche Shares***") at a per share price equal to the Purchase Price. For the avoidance of doubt, if the IND Milestone has not been achieved or if the IND Milestone Notice has not been received by the Purchaser on or prior to the IND Milestone Outside Date, the Purchaser shall have no obligation whatsoever to purchase the Second Tranche Shares and consummate the Second Tranche Closing.

(c) *Third Tranche Closing*. If the Board reasonably determines in good faith that the Company has successfully achieved the Clinical Milestone (as defined below), then the Company shall send a written notice of such determination to the Purchaser, reasonably detailing the Board's

rationale for its determination and including the relevant clinical data available to the Company ("***Clinical Milestone Notice***") as promptly as practicable, and in any event no more than five (5) business days, following such determination by the Board. If the Purchaser reasonably believes that the Clinical Milestone has been achieved, it shall so notify in writing the Company ("***Purchaser Notice***") within five (5) business days following the Purchaser's receipt of the Clinical Milestone Notice, and within a further fifteen (15) business days after the date of the Purchaser Notice (if given) (the "***Third Tranche Closing***"), the Company shall issue and the Purchaser shall purchase, on the terms and conditions set forth in this Agreement, an additional 10,000,000 shares of Series A Preferred Stock (the "***Third Tranche Shares***" and together with the Second Tranche Shares, collectively, the "***Additional Shares***") at a per share price equal to the Purchase Price. For the avoidance of doubt, if the Clinical Milestone has not been achieved or if the Clinical Milestone Notice has not been received by the Purchaser on or prior to the Clinical Milestone Outside Date, the Purchaser shall have no obligation whatsoever to purchase the Third Tranche Shares and consummate the Third Tranche Closing.

(d) The date of the purchase and sale of the Additional Shares pursuant to each of the Second Tranche Closing and Third Tranche Closing is referred to in this Agreement as an "***Additional Closing***." Exhibit A to this Agreement shall be updated to reflect the number of Additional Shares purchased at each such Additional Closing.

(e) Promptly following each Closing, the Company shall deliver to the Purchaser a certificate representing the Shares being purchased by the Purchaser at such Closing against payment of the Purchase Price therefor by check payable to the Company or by wire transfer to a bank account designated by the Company.

(f) Notwithstanding the foregoing, the Purchaser shall have the option, at any time, and upon at least three (3) business days' notice to the Company, to accelerate its obligation to purchase all or a portion of the Additional Shares (at a per share price equal to the Purchase Price), notwithstanding that a Milestone has not occurred. The purchase of such Additional Shares shall take place on a business day determined by the Purchaser and the Company, acting reasonably and in good faith, and the date of such purchase shall be a Closing and subject to the terms and conditions set forth in this Agreement. Any purchase of Additional Shares pursuant to this Section 1.2(e) shall correspondingly first reduce the Purchaser's obligations under Section 1.2(b) and second, to the extent applicable, Section 1.2(c).

(g) The following defined terms used in this Section 1.2 that are not otherwise defined herein shall have the following meanings:

(i) "***Anti-IL2 Immunotherapy***" means any Immunotherapy that alters binding of interleukin-2 ("IL2") or modulates signaling by IL2 through an IL2 receptor.

If, as of the last day of the Cure Period with respect to Purchaser's failure to purchase the Second Tranche Shares at the Second Tranche Closing or the Third Tranche Shares at the Third Tranche Closing, as applicable, the Purchaser has not cured such failure to purchase the Second Tranche Shares at the Second Tranche Closing or the Third Tranche Shares at the Third Tranche Closing, as applicable, a "Tranche Default" shall be deemed to have occurred and the right to acquire Shares pursuant to this Agreement shall be suspended so long as such Tranche Default continues and such right shall irrevocably terminate upon the consummation of a Biolojic Financing (as such term is defined in the Voting Agreement).

2.6 Governmental Consents and Filings. Assuming the accuracy of the representations made by the Purchaser in Section 3 of this Agreement, no consent, approval, order or authorization of, or registration, qualification, designation, declaration or filing with, any federal, state or local governmental authority is required on the part of the Company in connection with the consummation of the transactions contemplated by this Agreement, except for (a) the filing of the Restated Certificate, which will have been filed as of the Initial Closing, and (b) filings pursuant to Regulation D of the Securities Act, and applicable state securities laws, which have been made or will be made in a timely manner.

2.7 Litigation. There is no claim, action, suit, proceeding, arbitration, complaint, charge or investigation pending or to the Company's knowledge, currently threatened in writing (a) against the Company or any officer, director or Key Service Provider of the Company arising out of their employment or board relationship with the Company; (b) to the Company's knowledge, that questions the validity of the Transaction Agreements or the right of the Company to enter into them, or to consummate the transactions contemplated by the Transaction Agreements; or (c) to the Company's knowledge, that would reasonably be expected to have, either individually or in the aggregate, a Material Adverse Effect. Neither the Company nor, to the Company's knowledge, any of its officers, directors or Key Service Providers is a party or is named as subject to the provisions of any order, writ, injunction, judgment or decree of any court or government agency or instrumentality (in the case of officers, directors or Key Service Providers, such as would affect the Company). There is no action, suit, proceeding or investigation by the Company pending or which the Company intends to initiate. The foregoing includes, without limitation, actions, suits, proceedings or investigations pending or threatened in writing (or any basis therefor known to the Company) involving the prior employment of any of the Company's employees, their services provided in connection with the Company's business, any information or techniques allegedly proprietary to any of their former employers or their obligations under any agreements with prior employers.

2.8 Intellectual Property.

(a) *Ownership.* The Company owns or possesses or believes it can acquire on commercially reasonable terms sufficient legal rights to all Company Intellectual Property without any known conflict with, or infringement of, the rights of others, including prior employees or consultants.

(b) *Non-Infringement.* To the Company's knowledge, no product or service marketed or sold by the Company violates any license or infringes any Intellectual Property Rights of any other party.

(c) *Outbound Licenses.* Other than with respect to commercially available software products and cloud services under standard end-user license agreements and other non-exclusive licenses granted to third parties in the ordinary course of business and consistent with past practice, there are no outstanding options, licenses, agreements, claims, encumbrances or shared ownership interests of any kind relating to the Intellectual Property Rights owned by the Company ("***Company-Owned Intellectual Property***").

(d) *Inbound Licenses.* Other than (i) with respect to commercially available software products and cloud services licensed under standard terms, (ii) backup licenses from employees and contractors granted in connection with providing services to the Company; and (iii) open source licenses, the Company is not bound by or a party to any options, licenses or agreements of any kind with respect to Intellectual Property Rights of any other Person that are material to the business of the Company.

(e) *Third-Party Intellectual Property.* The Company has not received any communications alleging that the Company has violated, or by conducting its business, would violate any of the Intellectual Property Rights of any other Person. To the Company's knowledge, the Company has obtained and possesses valid licenses to use all of the software programs present on the computers and other software-enabled electronic devices that it owns or leases or that it has otherwise provided to its employees for their use in connection with the Company's business. To the Company's knowledge, to the extent it will be necessary to use any inventions of any of its employees or consultants (or Persons it currently intends to hire) made prior to their employment by the Company, including prior employees or consultants, the Company owns or possesses or believes it can acquire on commercially reasonable terms sufficient legal rights to all such inventions.

(f) *Employees and Consultants.* Each employee and consultant has assigned to the Company all Intellectual Property Rights he or she owns that are related to the Company's business as now conducted and as presently proposed to be conducted and all Intellectual Property Rights that he, she or it solely or jointly conceived, reduced to practice, developed or made during the period of his, her or its employment or consulting relationship with the Company that (a) relate, at the time of conception, reduction to practice, development, or making of such Intellectual Property Right, to the Company's business as then conducted or as then proposed to be conducted, (b) were developed on any amount of the Company's time or with the use of any of the Company's equipment, supplies, facilities or information or (c) resulted from the performance of services for the Company.

(g) *Registered Intellectual Property Rights.* Subsection 2.8 of the Disclosure Schedule lists all patents, patent applications, registered trademarks, trademark applications, registered service marks, service mark applications, and registered copyrights, in each case owned or purported to be owned by the Company.

(h) *Trade Secret Protection.* The Company has taken commercially reasonable measures to maintain and protect all confidential information and trade secrets of the Company that the Company intended to maintain as confidential or a trade secret.

(i) *Institutional Resources.* No government funding, facilities of a university, college, other educational institution or research center, or funding from third parties was used in the development of any Company-Owned Intellectual Property in a manner that has resulted in such

entity retaining any claim of ownership or right to use any such Company-Owned Intellectual Property. To the Company's knowledge, no Person who was involved in, or who contributed to, the creation or development of any Company-Owned Intellectual Property, has performed services for the government, university, college, or other educational institution or research center in a manner that would affect Company's rights in the Company-Owned Intellectual Property.

2.9 Compliance with Other Instruments. The Company is not in violation or default (a) of any provisions of its Restated Certificate or Bylaws, (b) of any instrument, judgment, order, writ or decree, (c) under any note, indenture or mortgage, or (d) under any lease, agreement, contract or purchase order to which it is a party or by which it is bound that is required to be listed on the Disclosure Schedule, or (e) to its knowledge, of any provision of federal or state statute, rule or regulation applicable to the Company, the violation of which would have a Material Adverse Effect. The execution, delivery and performance of the Transaction Agreements and the consummation of the transactions contemplated by the Transaction Agreements will not result in any such violation or be in conflict with or constitute, with or without the passage of time and giving of notice, either (i) a default under any such provision, instrument, judgment, order, writ, decree, contract or agreement; or (ii) an event which results in the creation of any lien, charge or encumbrance upon any assets of the Company or the suspension, revocation, forfeiture, or nonrenewal of any material permit or license applicable to the Company.

2.10 Agreements; Actions.

(a) Except for the Transaction Agreements, there are no agreements, understandings, instruments, contracts or proposed transactions to which the Company is a party or by which it is bound that involve (i) obligations (contingent or otherwise) of, or payments to, the Company in excess of $100,000, (ii) the license of any patent, copyright, trademark, trade secret or other proprietary right to or from the Company, (iii) the grant of rights to manufacture, produce, assemble, license, market, or sell its products to any other Person that limit the Company's exclusive right to develop, manufacture, assemble, distribute, market or sell its products, or (iv) indemnification by the Company with respect to infringements of proprietary rights.

(b) The Company has not (i) declared or paid any dividends, or authorized or made any distribution upon or with respect to any class or series of its capital stock, (ii) incurred any indebtedness for money borrowed or incurred any other liabilities individually in excess of $100,000 or in excess of $500,000 in the aggregate, (iii) made any loans or advances to any Person, other than ordinary advances for travel expenses, or (iv) sold, exchanged or otherwise disposed of any of its assets or rights, other than the sale of its inventory in the ordinary course of business. For the purposes of (a) and (b) of this Subsection 2.10, all indebtedness, liabilities, agreements, understandings, instruments, contracts and proposed transactions involving the same Person (including Persons the Company has reason to believe are affiliated with each other) shall be aggregated for the purpose of meeting the individual minimum dollar amounts of such subsection.

(c) The Company is not a guarantor or indemnitor of any indebtedness of any other Person.

2.11 Certain Transactions.

(a) Other than (i) standard employee benefits generally made available to all employees, (ii) standard director and officer indemnification agreements approved by the Board, and (iii) the purchase of shares of the Company's capital stock and the issuance of options to purchase shares of Common Stock, in each instance, approved in the written minutes of the Board (previously provided to the Purchaser or its counsel), there are no agreements, understandings or proposed transactions between

the Company and any of its officers, directors, consultants or Key Service Providers, or any Affiliate thereof.

(b) The Company is not indebted, directly or indirectly, to any of its directors, officers or employees or to their respective spouses or children or to any Affiliate of any of the foregoing, other than in connection with expenses or advances of expenses incurred in the ordinary course of business or employee relocation expenses and for other customary employee benefits made generally available to all employees. None of the Company's directors, officers or Key Service Providers, or any members of their immediate families, or any Affiliate of the foregoing are, directly or indirectly, indebted to the Company.

2.12 Rights of Registration and Voting Rights. Except as provided in the Investors' Rights Agreement, the Company is not under any obligation to register under the Securities Act any of its currently outstanding securities or any securities issuable upon exercise or conversion of its currently outstanding securities. To the Company's knowledge, except as contemplated in the Voting Agreement, no stockholder of the Company has entered into any agreements with respect to the voting of capital shares of the Company.

2.13 Property. The property and assets that the Company owns are free and clear of all mortgages, deeds of trust, liens, loans and encumbrances, except for statutory liens for the payment of current taxes that are not yet delinquent and encumbrances and liens that arise in the ordinary course of business and do not materially impair the Company's ownership or use of such property or assets. With respect to the property and assets it leases, the Company is in compliance with such leases and holds a valid leasehold interest free of any liens, claims or encumbrances other than those of the lessors of such property or assets. The Company does not own any real property.

2.14 Employee and Service Provider Matters.

(a) Subsection 2.14(f) of the Disclosure Schedule sets forth each employee benefit plan maintained, established or sponsored by the Company, or which the Company participates in or contributes to, which is subject to the Employee Retirement Income Security Act of 1974, as amended ("***ERISA***"). The Company has made all required contributions and has no liability to any such employee benefit plan, other than liability for health plan continuation coverage described in Part 6 of Title I(B) of ERISA, and has complied in all material respects with all applicable laws for any such employee benefit plan.

2.15 Tax Returns and Payments. There are no federal, state, county, local or foreign income or other material taxes due and payable by the Company which have not been timely paid. There are no accrued and unpaid federal, state, county, local or foreign income or other material taxes of the Company which are due, whether or not assessed or disputed, unless such taxes are being contested in good faith by appropriate proceedings. There have been no examinations or audits of any income or other material tax returns or reports by any applicable federal, state, local or foreign governmental agency. The Company has duly and timely filed all federal, state, county, local and foreign income or other material tax returns required to have been filed by it and there are in effect no waivers of applicable statutes of limitations with respect to income or other material taxes for any year.

2.16 Employee and Service Provider Agreements. Each current and former employee, consultant and officer of the Company has executed an agreement with the Company regarding confidentiality and proprietary information substantially in the form or forms delivered to the counsel for the Purchaser (the "***Confidential Information Agreements***"). No current or former Key Service Provider has excluded works or inventions from his or her assignment of inventions pursuant to such Key Service

Provider's Confidential Information Agreement. Each current and former Key Service Provider has executed a non-solicitation agreement substantially in the form or forms delivered to counsel for the Purchaser. The Company is not aware that any of its Key Service Providers is in violation of any agreement covered by this Subsection 2.16.

2.17 Corporate Documents. The Restated Certificate and Bylaws of the Company are in the form provided to the Purchaser. The copy of the minute books of the Company made available to the Purchaser contains minutes of all meetings of directors and stockholders and all actions by written consent without a meeting by the directors and stockholders since the date of incorporation and accurately reflects in all material respects all actions by the directors (and any committee of directors) and stockholders with respect to all transactions referred to in such minutes.

2.18 83(b) Elections. To the Company's knowledge, all elections and notices under Section 83(b) of the Code have been or will be timely filed by all eligible individuals who have acquired unvested shares of Common Stock.

2.19 Qualified Small Business Stock. As of and immediately following the Initial Closing: (a) the Company will be an eligible corporation as defined in Section 1202(e)(4) of the Code, (b) the Company will not have made purchases of its own stock described in Code Section 1202(c)(3)(B) during the one (1) year period preceding the Initial Closing, except for purchases that are disregarded for such purposes under Treasury Regulation Section 1.1202-2, and (c) the Company's aggregate gross assets, as defined by Code Section 1202(d)(2), at no time between its incorporation and through the Initial Closing have exceeded $50 million, taking into account the assets of any corporations required to be aggregated with the Company in accordance with Code Section 1202(d)(3); provided, however, that in no event shall the Company be liable to the Purchaser or any other party for any damages arising from any subsequently proven or identified error in the Company's determination with respect to the applicability or interpretation of Code Section 1202, unless such determination shall have been given by the Company in a manner either grossly negligent or fraudulent.

2.20 Disclosure. The Company has made available to the Purchaser all the information reasonably available to the Company that the Purchaser has requested for deciding whether to acquire the Shares, including certain of the Company's projections describing its proposed business plan (the "***Business Plan***"). No representation or warranty of the Company contained in this Agreement, as qualified by the Disclosure Schedule, and no certificate furnished or to be furnished to the Purchaser at the applicable Closing contains any untrue statement of a material fact or, to the Company's knowledge, omits to state a material fact necessary in order to make the statements contained herein or therein not misleading in light of the circumstances under which they were made. The Business Plan was prepared in good faith; however, the Company does not warrant that it will achieve any results projected in the Business Plan. It is understood that this representation is qualified by the fact that the Company has not delivered to the Purchaser, and has not been requested to deliver, a private placement or similar memorandum or any written disclosure of the types of information customarily furnished to purchasers of securities.

2.21 CFIUS. The Company does not engage in (a) the design, fabrication, development, testing, production or manufacture of one (1) or more "critical technologies" within the meaning of the Defense Production Act of 1950, as amended, including all implementing regulations thereof (the "DPA"); (b) the ownership, operation, maintenance, supply, manufacture, or servicing of "covered investment critical infrastructure" within the meaning of the DPA (where such activities are covered by column 2 of Appendix A to 31 C.F.R. Part 800); or (c) the maintenance or collection, directly or indirectly, of "sensitive personal data" of U.S. citizens within the meaning of the DPA. The Company has no current intention of engaging in such activities in the future.

3. Representations and Warranties of the Purchaser. The Purchaser hereby represents and warrants to the Company that:

3.1 Authorization. The Purchaser has full power and authority to enter into the Transaction Agreements. The Transaction Agreements to which the Purchaser is a party, when executed and delivered by the Purchaser, will constitute valid and legally binding obligations of the Purchaser, enforceable in accordance with their terms, except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and any other laws of general application affecting enforcement of creditors' rights generally, and as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies, or (b) to the extent the indemnification provisions contained in the Investors' Rights Agreement may be limited by applicable federal or state securities laws.

3.2 Purchase Entirely for Own Account. This Agreement is made with the Purchaser in reliance upon the Purchaser's representation to the Company, which by the Purchaser's execution of this Agreement, the Purchaser hereby confirms, that the Shares to be acquired by the Purchaser will be acquired for investment for the Purchaser's own account, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof, and that the Purchaser has no present intention of selling, granting any participation in, or otherwise distributing the same. By executing this Agreement, the Purchaser further represents that the Purchaser does not presently have any contract, undertaking, agreement or arrangement with any Person to sell, transfer or grant participations to such Person or to any third Person, with respect to any of the Shares. The Purchaser has not been formed for the specific purpose of acquiring the Shares.

3.3 Disclosure of Information. The Purchaser has had an opportunity to discuss the Company's business, management, financial affairs and the terms and conditions of the offering of the Shares with the Company's management and has had an opportunity to review the Company's facilities. The foregoing, however, does not limit or modify the representations and warranties of the Company in Section 2 of this Agreement or the right of the Purchaser to rely thereon.

3.4 Restricted Securities. The Purchaser understands that the Shares have not been, and will not be, registered under the Securities Act, by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Purchaser's representations as expressed herein. The Purchaser understands that the Shares are "restricted securities" under applicable U.S. federal and state securities laws and that, pursuant to these laws, the Purchaser must hold the Shares indefinitely unless they are registered with the Securities and Exchange Commission and qualified by state authorities, or an exemption from such registration and qualification requirements is available. The Purchaser acknowledges that the Company has no obligation to register or qualify the Shares, or the Common Stock into which it may be converted, for resale except as set forth in the Investors' Rights Agreement. The Purchaser further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the Shares, and on requirements relating to the Company which are outside of the Purchaser's control, and which the Company is under no obligation and may not be able to satisfy. The Purchaser understands that this offering is not intended to be part of the public offering, and that the Purchaser will not be able to rely on the protection of Section 11 of the Securities Act.

3.5 No Public Market. The Purchaser understands that no public market now exists for the Shares, and that the Company has made no assurances that a public market will ever exist for the Shares.

3.6 Legends. The Purchaser understands that the Shares and any securities issued in respect of or exchange for the Shares, may be notated with one or all of the following legends:

"THE SHARES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AND HAVE BEEN ACQUIRED FOR INVESTMENT AND NOT WITH A VIEW TO, OR IN CONNECTION WITH, THE SALE OR DISTRIBUTION THEREOF. NO SUCH TRANSFER MAY BE EFFECTED WITHOUT AN EFFECTIVE REGISTRATION STATEMENT RELATED THERETO OR AN OPINION OF COUNSEL IN A FORM SATISFACTORY TO THE COMPANY THAT SUCH REGISTRATION IS NOT REQUIRED UNDER THE SECURITIES ACT OF 1933."

(b) Any legend required by the securities laws of any state to the extent such laws are applicable to the Shares represented by the certificate, instrument, or book entry so legended.

3.7 Accredited Investor. The Purchaser is an accredited investor as defined in Rule 501(a) of Regulation D promulgated under the Securities Act.

3.8 No General Solicitation. Neither the Purchaser, nor any of its officers, directors, employees, agents, stockholders or partners has either directly or indirectly, including, through a broker or finder (a) engaged in any general solicitation, or (b) published any advertisement in connection with the offer and sale of the Shares.

APERTOR PHARMACEUTICALS, INC.
SERIES A PREFERRED STOCK PURCHASE AGREEMENT

THIS SERIES A PREFERRED STOCK PURCHASE AGREEMENT (this "***Agreement***"), is made as of November 5, 2020 by and among Apertor Pharmaceuticals, Inc., a Delaware corporation (the "***Company***") and Apple Tree Partners IV, L.P. (the "***Purchaser***").

The parties hereby agree as follows:

1. Purchase and Sale of Preferred Stock.

1.1 Sale and Issuance of Preferred Stock.

(a) The Company shall adopt and file with the Secretary of State of the State of Delaware on or before the Initial Closing (as defined below) the Amended and Restated Certificate of Incorporation in the form of Exhibit B attached to this Agreement (the "***Restated Certificate***").

(b) Subject to the terms and conditions of this Agreement, the Purchaser agrees to purchase at the Closing and the Company agrees to sell and issue to the Purchaser at the Closing that number of shares of Series A Preferred Stock, $0.001 par value per share (the "***Series A Preferred Stock***"), set forth on Exhibit A, at a purchase price of $1.00 per share (the "***Purchase Price***"). The shares of Series A Preferred Stock issued to the Purchaser pursuant to this Agreement (including any shares issued at the Initial Closing and any Additional Shares, as defined below) shall be referred to in this Agreement as the "***Shares***."

1.2 Closing; Delivery.

(a) The initial purchase and sale of the Shares shall take place remotely via the exchange of documents and signatures at such time and place as the Company and the Purchaser mutually agree upon, orally or in writing (which time and place are designated as the "***Initial Closing***"). In the event there is more than one closing, the term "***Closing***" shall apply to each such closing unless otherwise specified.

(b) At each Closing, the Company shall deliver to the Purchaser a certificate representing the Shares being purchased by the Purchaser at such Closing against payment of the Purchase Price therefor by check payable to the Company, by wire transfer to a bank account designated by the Company.

1.3 Sale of Additional Shares of Preferred Stock.

(a) After the Initial Closing, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement, up to an aggregate of 47,000,000 additional shares of Series A Preferred Stock (the "***Additional Shares***"). The date of the purchase and sale of any Additional Shares is referred to in this Agreement as an "***Additional Closing***." Exhibit A to this Agreement shall be updated to reflect the number of Additional Shares purchased at each such Additional Closing.

(b) After the Initial Closing, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement as part of one or more Additional Closings, up to an aggregate of 3,500,000 Additional Shares at the request of the board of directors of the Company (the "***Board***").

(c) After the Initial Closing, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement as part of Additional Closings, up to an aggregate of 43,500,000 Additional Shares, at the request of the Board and upon the Company's achievement of certain milestones to be negotiated in good faith by the Company and the Purchaser after the Initial Closing (each, a "***Milestone***"). Following the agreement by the Company and the Purchaser of the terms and conditions of a Milestone, including the number of Additional Shares to be so purchased upon the achievement of such Milestone, the Company and the Purchaser will amend this Agreement to reflect such terms and conditions of such agreed upon Milestone, including the number of Additional Shares to be so purchased upon the achievement of such Milestone.

(d) Notwithstanding the foregoing, the Purchaser shall have the option, at any time, and upon at least three (3) business days' notice to the Company, to accelerate its obligation to purchase all or a portion of the Additional Shares (at a per share price equal to the Purchase Price), notwithstanding that a Milestone has not occurred. The purchase of such Additional Shares shall take place on a business day determined by the Purchaser, and the date of such purchase shall be an Additional Closing and subject to the terms and conditions set forth in this Agreement. Any purchase of Additional Shares pursuant to this Section 1.3(d) shall correspondingly reduce the Purchaser's obligations under Section 1.3(c).

(e) For the avoidance of doubt, the Purchaser's obligations to purchase Additional Shares hereunder shall be subject to the satisfaction or waiver of the conditions set forth in Section 5.

1.4 Use of Proceeds. In accordance with the directions of the Board, as it shall be constituted in accordance with the Voting Agreement, the Company will use the proceeds from the sale of the Shares for product development, repayment of certain expenses incurred by the Founders and other general corporate purposes.

2.2 Capitalization.

(a) The authorized capital of the Company consists, immediately prior to the Initial Closing, of:

(i) 55,000,000 shares of common stock, $0.001 par value per share (the "***Common Stock***"), 655,462 shares of which are issued and outstanding immediately prior to the Initial Closing. is not assumed in an acquisition. Except as set forth in the Restated Certificate, the Company has no obligation (contingent or otherwise) to purchase or redeem any of its capital stock.

(d) The Company has obtained valid waivers of any rights by other parties to purchase any of the Shares covered by this Agreement.

2.3 Subsidiaries. The Company does not currently own or control, directly or indirectly, any interest in any other corporation, partnership, trust, joint venture, limited liability company, association, or other business entity. The Company is not a participant in any joint venture, partnership or similar arrangement.

2.4 Authorization. All corporate action required to be taken by the Board and the Company's stockholders in order to authorize the Company to enter into the Transaction Agreements, and to issue the Shares at each Closing and the Common Stock issuable upon conversion of the Shares, has been taken or will be taken prior to the Initial Closing. All action on the part of the officers of the Company necessary for the execution and delivery of the Transaction Agreements, the performance of all obligations of the Company under the Transaction Agreements to be performed as of each Closing, and the issuance and delivery of the Shares has been taken or will be taken prior to the Initial Closing. The Transaction Agreements, when executed and delivered by the Company, shall constitute valid and legally binding obligations of the Company, enforceable against the Company in accordance with their respective terms except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, or other laws of general application relating to or affecting the enforcement of creditors' rights generally, (b) as limited by laws relating to the availability of specific performance, injunctive relief, or other equitable remedies, or (c) to the extent the indemnification provisions contained in the Investors' Rights Agreement and the Indemnification Agreement may be limited by applicable federal or state securities laws.

2.5 Valid Issuance of Shares. Assuming the accuracy of the representations of the Purchaser in Section 3 of this Agreement and subject to the filings described in Section 2.6(b), the Shares will be issued in compliance with all applicable federal and state securities laws. The Common Stock issuable upon conversion of the Shares has been duly reserved for issuance, and upon issuance in accordance with the terms of the Restated Certificate, will be validly issued, fully paid and nonassessable and free of restrictions on transfer other than restrictions on transfer under the Transaction Agreements, applicable federal and state securities laws and liens or encumbrances created by or imposed by the Purchaser. Based in part upon the representations of the Purchaser in Section 3 of this Agreement and in the Voting Agreement, the Common Stock issuable upon conversion of the Shares will be issued in compliance with all applicable federal and state securities laws.

2.6 Governmental Consents and Filings. Assuming the accuracy of the representations made by the Purchaser in Section 3 of this Agreement, no consent, approval, order or authorization of, or registration, qualification, designation, declaration or filing with, any federal, state or local governmental authority is required on the part of the Company in connection with the consummation of the transactions contemplated by this Agreement, except for (a) the filing of the Restated Certificate, which will have been filed as of the Initial Closing, and (b) filings pursuant to Regulation D of the Securities Act, and applicable state securities laws, which have been made or will be made in a timely manner.

2.7 Litigation. There is no claim, action, suit, proceeding, arbitration, complaint, charge or investigation pending or to the Company's knowledge, currently threatened in writing (a) against the Company or any officer, director or the Key Employee of the Company arising out of their employment or board relationship with the Company; (b) to the Company's knowledge, that questions the validity of the Transaction Agreements or the right of the Company to enter into them, or to consummate the transactions contemplated by the Transaction Agreements; or (c) to the Company's knowledge, that would reasonably be expected to have, either individually or in the aggregate, a Material Adverse Effect. Neither the Company nor, to the Company's knowledge, any of its officers, directors or the Key Employee is a party or is named as subject to the provisions of any order, writ, injunction, judgment or decree of any court or government agency or instrumentality (in the case of officers, directors or the Key Employee, such as would affect the Company). There is no action, suit, proceeding or investigation by the Company pending or which the Company intends to initiate. The foregoing includes, without limitation, actions, suits, proceedings or investigations pending or threatened in writing (or any basis therefor known to the Company) involving the prior employment of any of the Company's employees, their services provided in connection with the Company's business, any information or techniques allegedly proprietary to any of their former employers or their obligations under any agreements with prior employers.

2.8 Intellectual Property.

(a) *Ownership.* The Company owns or possesses or believes it can acquire on commercially reasonable terms sufficient legal rights to all Company Intellectual Property without any known conflict with, or infringement of, the rights of others, including prior employees or consultants.

(b) *Non-Infringement.* To the Company's knowledge, no product or service marketed or sold by the Company violates any license or infringes any Intellectual Property Rights of any other party.

(c) *Outbound Licenses.* Other than with respect to commercially available software products and cloud services under standard end-user license agreements and other non-exclusive licenses granted to third parties in the ordinary course of business and consistent with past practice, there are no outstanding options, licenses, agreements, claims, encumbrances or shared ownership interests of any kind relating to the Intellectual Property Rights owned or purported to be owned by the Company ("***Company-Owned Intellectual Property***").

(d) *Inbound Licenses.* Other than (i) with respect to commercially available software products and cloud services licensed under standard terms, (ii) backup licenses from employees and contractors granted in connection with providing services to the Company; and (iii) open source licenses, the Company is not bound by or a party to any options, licenses or agreements of any kind with respect to Intellectual Property Rights of any other Person that are material to the business of the Company.

(e) *Third-Party Intellectual Property.* The Company has not received any communications alleging that the Company has violated, or by conducting its business, would violate any of the Intellectual Property Rights of any other Person. To the Company's knowledge, the Company has obtained and possesses valid licenses to use all of the software programs present on the computers and other software-enabled electronic devices that it owns or leases or that it has otherwise provided to its employees for their use in connection with the Company's business. To the Company's knowledge, to the extent it will be necessary to use any inventions of any of its employees or consultants (or Persons it currently intends to hire) made prior to their employment by the Company, including prior employees or consultants, the Company owns or possesses or believes it can acquire on commercially reasonable terms sufficient legal rights to all such inventions.

(f) *Employees and Consultants.* Each employee and consultant has assigned to the Company all Intellectual Property Rights he or she owns that are related to the Company's business as now conducted and as presently proposed to be conducted and all Intellectual Property Rights that he, she or it solely or jointly conceived, reduced to practice, developed or made during the period of his, her or its employment or consulting relationship with the Company that (a) relate, at the time of conception, reduction to practice, development, or making of such Intellectual Property Right, to the Company's business as then conducted or as then proposed to be conducted, (b) were developed on any amount of the Company's time or with the use of any of the Company's equipment, supplies, facilities or information or (c) resulted from the performance of services for the Company.

(g) *Registered Intellectual Property Rights.* Subsection 2.8 of the Disclosure Schedule lists all patents, patent applications, registered trademarks, trademark applications, registered service marks, service mark applications, and registered copyrights, in each case owned or purported to be owned by the Company.

(h) *Trade Secret Protection.* The Company has taken commercially reasonable measures to maintain and protect all confidential information and trade secrets of the Company that the Company intended to maintain as confidential or a trade secret.

(i) *Institutional Resources.* No government funding, facilities of a university, college, other educational institution or research center, or funding from third parties was used in the development of any Company-Owned Intellectual Property in a manner that has resulted in such entity retaining any claim of ownership or right to use any such Company-Owned Intellectual Property. To the Company's knowledge, no Person who was involved in, or who contributed to, the creation or development of any Company-Owned Intellectual Property, has performed services for the government, university, college, or other educational institution or research center in a manner that would affect Company's rights in the Company-Owned Intellectual Property.

2.9 Compliance with Other Instruments. The Company is not in violation or default (a) of any provisions of its Restated Certificate or Bylaws, (b) of any instrument, judgment, order, writ or decree, (c) under any note, indenture or mortgage, or (d) under any lease, agreement, contract or purchase order to which it is a party or by which it is bound that is required to be listed on the Disclosure Schedule, or (e) to its knowledge, of any provision of federal or state statute, rule or regulation applicable to the Company, the violation of which would have a Material Adverse Effect. The execution, delivery and performance of the Transaction Agreements and the consummation of the transactions contemplated by the Transaction Agreements will not result in any such violation or be in conflict with or constitute, with or without the passage of time and giving of notice, either (i) a default under any such provision, instrument, judgment, order, writ, decree, contract or agreement; or (ii) an event which results in the creation of any lien, charge or encumbrance upon any assets of the Company or the suspension, revocation, forfeiture, or nonrenewal of any material permit or license applicable to the Company.

2.10 Agreements; Actions.

(a) Except for the Transaction Agreements, there are no agreements, understandings, instruments, contracts or proposed transactions to which the Company is a party or by which it is bound that involve (i) obligations (contingent or otherwise) of, or payments to, the Company in excess of $100,000, (ii) the license of any patent, copyright, trademark, trade secret or other proprietary right to or from the Company, (iii) the grant of rights to manufacture, produce, assemble, license, market, or sell its products to any other Person that limit the Company's exclusive right to develop, manufacture, assemble, distribute, market or sell its products, or (iv) indemnification by the Company with respect to infringements of proprietary rights.

(b) The Company has not (i) declared or paid any dividends, or authorized or made any distribution upon or with respect to any class or series of its capital stock, (ii) incurred any indebtedness for money borrowed or incurred any other liabilities individually in excess of $100,000 or in excess of $500,000 in the aggregate, (iii) made any loans or advances to any Person, other than ordinary advances for travel expenses, or (iv) sold, exchanged or otherwise disposed of any of its assets or rights, other than the sale of its inventory in the ordinary course of business. For the purposes of (a) and (b) of this Subsection 2.10, all indebtedness, liabilities, agreements, understandings, instruments, contracts and proposed transactions involving the same Person (including Persons the Company has reason to believe are affiliated with each other) shall be aggregated for the purpose of meeting the individual minimum dollar amounts of such subsection.

(c) The Company is not a guarantor or indemnitor of any indebtedness of any other Person.

2.11 Certain Transactions.

(a) Other than (i) standard employee benefits generally made available to all employees, (ii) standard director and officer indemnification agreements approved by the Board, and (iii) the purchase of shares of the Company's capital stock and the issuance of options to purchase shares of Common Stock, in each instance, approved in the written minutes of the Board (previously provided to the Purchaser or its counsel), there are no agreements, understandings or proposed transactions between the Company and any of its officers, directors, consultants or the Key Employee, or any Affiliate thereof.

(b) The Company is not indebted, directly or indirectly, to any of its directors, officers or employees or to their respective spouses or children or to any Affiliate of any of the foregoing, other than in connection with expenses or advances of expenses incurred in the ordinary course of business or employee relocation expenses and for other customary employee benefits made generally available to all employees. None of the Company's directors, officers or the Key Employee, or any members of their immediate families, or any Affiliate of the foregoing are, directly or indirectly, indebted to the Company.

2.12 Rights of Registration and Voting Rights. Except as provided in the Investors' Rights Agreement, the Company is not under any obligation to register under the Securities Act any of its currently outstanding securities or any securities issuable upon exercise or conversion of its currently outstanding securities. To the Company's knowledge, except as contemplated in the Voting Agreement, no stockholder of the Company has entered into any agreements with respect to the voting of capital shares of the Company.

2.13 Property. The property and assets that the Company owns are free and clear of all mortgages, deeds of trust, liens, loans and encumbrances, except for statutory liens for the payment of current taxes that are not yet delinquent and encumbrances and liens that arise in the ordinary course of business and do not materially impair the Company's ownership or use of such property or assets (including, with respect to Company-Owned Intellectual Property, non-exclusive licenses granted to third parties in the ordinary course of business). With respect to the property and assets it leases, the Company is in compliance with such leases and holds a valid leasehold interest free of any liens, claims or encumbrances other than those of the lessors of such property or assets. The Company does not own any real property.

2.14 Employee Matters.

(a) To the Company's knowledge, none of its employees is obligated under any contract (including licenses, covenants or commitments of any nature) or other agreement, or subject

to any judgment, decree or order of any court or administrative agency, that would materially interfere with such employee's ability to promote the interest of the Company or that would conflict with the Company's business. Neither the execution or delivery of the Transaction Agreements, nor the carrying on of the Company's business by the employees of the Company, nor the conduct of the Company's business as now conducted and as presently proposed to be conducted, will, to the Company's knowledge, conflict with or result in a breach of the terms, conditions, or provisions of, or constitute a default under, any contract, covenant or instrument under which any such employee is now obligated.

(b) The Company is not delinquent in payments to any of its employees, consultants, or independent contractors for any wages, salaries, commissions, bonuses, or other direct compensation for any service performed for it to the date hereof or amounts required to be reimbursed to such employees, consultants or independent contractors. The Company has complied in all material respects with all applicable state and federal equal employment opportunity laws and with other laws related to employment, including those related to wages, hours, worker classification and collective bargaining. The Company has withheld and paid to the appropriate governmental entity or is holding for payment not yet due to such governmental entity all amounts required to be withheld from employees of the Company and is not liable for any arrears of wages, taxes, penalties or other sums for failure to comply with any of the foregoing.

(c) To the Company's knowledge, the Key Employee does not intend to terminate his or her employment with the Company and is not otherwise likely to become unavailable to continue as the Key Employee. The Company does not have a present intention to terminate the employment of any of the foregoing. The employment of each employee of the Company is terminable at the will of the Company. Except as set forth in Subsection 2.14(c) of the Disclosure Schedule or as required by law, upon termination of the employment of any such employees, no severance or other payments will become due. Except as set forth in Subsection 2.14(c) of the Disclosure Schedule, the Company has no policy, practice, plan or program of paying severance pay or any form of severance compensation in connection with the termination of employment services.

(d) The Company has not made any representations regarding equity incentives to any officer, employee, director or consultant that are inconsistent with the share amounts and terms set forth in the minutes of meetings of the Board.

(e) Each former Key Employee whose employment was terminated by the Company has entered into an agreement with the Company providing for the full release of any claims against the Company or any related party arising out of such employment.

(f) Subsection 2.14(f) of the Disclosure Schedule sets forth each employee benefit plan maintained, established or sponsored by the Company, or which the Company participates in or contributes to, which is subject to the Employee Retirement Income Security Act of 1974, as amended ("***ERISA***"). The Company has made all required contributions and has no liability to any such employee benefit plan, other than liability for health plan continuation coverage described in Part 6 of Title I(B) of ERISA, and has complied in all material respects with all applicable laws for any such employee benefit plan.

2.15 Tax Returns and Payments. There are no federal, state, county, local or foreign income or other material taxes due and payable by the Company which have not been timely paid. There are no accrued and unpaid federal, state, county, local or foreign income or other material taxes of the Company which are due, whether or not assessed or disputed, unless such taxes are being contested in good faith by appropriate proceedings and adequate reserves for any such taxes have been established in accordance with GAAP. There have been no examinations or audits of any income or other material tax

returns or reports by any applicable federal, state, local or foreign governmental agency. The Company has duly and timely filed all federal, state, county, local and foreign income or other material tax returns required to have been filed by it and there are in effect no waivers of applicable statutes of limitations with respect to income or other material taxes for any year.

2.16 Insurance. The Company has in full force and effect insurance policies concerning such casualties as would be reasonable and customary for companies like the Company with extended coverage, sufficient in amount (subject to reasonable deductions) to allow it to replace any of its properties that might be damaged or destroyed.

2.17 Employee Agreements. Each current and former employee, consultant and officer of the Company has executed an agreement with the Company regarding confidentiality and proprietary information substantially in the form or forms delivered to the counsel for the Purchaser (the "***Confidential Information Agreements***"). No current or former Key Employee has excluded works or inventions from his or her assignment of inventions pursuant to such Key Employee's Confidential Information Agreement. Each current and former Key Employee has executed a non-solicitation agreement substantially in the form or forms delivered to counsel for the Purchaser. The Company is not aware that its Key Employee is in violation of any agreement covered by this Subsection 2.17.

2.18 Permits. The Company has all franchises, permits, licenses and any similar authority necessary for the conduct of its business, the lack of which could reasonably be expected to have a Material Adverse Effect. The Company is not in default in any material respect under any of such franchises, permits, licenses or other similar authority.

2.19 Corporate Documents. The Restated Certificate and Bylaws of the Company are in the form provided to the Purchaser. The copy of the minute books of the Company made available to the Purchaser contains minutes of all meetings of directors and stockholders and all actions by written consent without a meeting by the directors and stockholders since the date of incorporation and accurately reflects in all material respects all actions by the directors (and any committee of directors) and stockholders with respect to all transactions referred to in such minutes.

2.20 83(b) Elections. To the Company's knowledge, all elections and notices under Section 83(b) of the Code have been or will be timely filed by all eligible individuals who have acquired unvested shares of Common Stock.

2.21 Qualified Small Business Stock. As of and immediately following the Initial Closing: (a) the Company will be an eligible corporation as defined in Section 1202(e)(4) of the Code, (b) the Company will not have made purchases of its own stock described in Code Section 1202(c)(3)(B) during the one (1) year period preceding the Initial Closing, except for purchases that are disregarded for such purposes under Treasury Regulation Section 1.1202-2, and (c) the Company's aggregate gross assets, as defined by Code Section 1202(d)(2), at no time between its incorporation and through the Initial Closing have exceeded $50 million, taking into account the assets of any corporations required to be aggregated with the Company in accordance with Code Section 1202(d)(3); provided, however, that in no event shall the Company be liable to the Purchaser or any other party for any damages arising from any subsequently proven or identified error in the Company's determination with respect to the applicability or interpretation of Code Section 1202, unless such determination shall have been given by the Company in a manner either grossly negligent or fraudulent.

2.22 Disclosure. The Company has made available to the Purchaser all the information reasonably available to the Company that the Purchaser has requested for deciding whether to acquire the Shares, including certain of the Company's projections describing its proposed business plan (the "***Business***

Plan"). No representation or warranty of the Company contained in this Agreement, as qualified by the Disclosure Schedule, and no certificate furnished or to be furnished to the Purchaser at the Closing contains any untrue statement of a material fact or, to the Company's knowledge, omits to state a material fact necessary in order to make the statements contained herein or therein not misleading in light of the circumstances under which they were made. The Business Plan was prepared in good faith; however, the Company does not warrant that it will achieve any results projected in the Business Plan. It is understood that this representation is qualified by the fact that the Company has not delivered to the Purchaser, and has not been requested to deliver, a private placement or similar memorandum or any written disclosure of the types of information customarily furnished to purchasers of securities.

3. Representations and Warranties of the Purchaser. The Purchaser hereby represents and warrants to the Company that:

3.1 Authorization. The Purchaser has full power and authority to enter into the Transaction Agreements. The Transaction Agreements to which the Purchaser is a party, when executed and delivered by the Purchaser, will constitute valid and legally binding obligations of the Purchaser, enforceable in accordance with their terms, except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and any other laws of general application affecting enforcement of creditors' rights generally, and as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies, or (b) to the extent the indemnification provisions contained in the Investors' Rights Agreement may be limited by applicable federal or state securities laws.

3.2 Purchase Entirely for Own Account. This Agreement is made with the Purchaser in reliance upon the Purchaser's representation to the Company, which by the Purchaser's execution of this Agreement, the Purchaser hereby confirms, that the Shares to be acquired by the Purchaser will be acquired for investment for the Purchaser's own account, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof, and that the Purchaser has no present intention of selling, granting any participation in, or otherwise distributing the same. By executing this Agreement, the Purchaser further represents that the Purchaser does not presently have any contract, undertaking, agreement or arrangement with any Person to sell, transfer or grant participations to such Person or to any third Person, with respect to any of the Shares. The Purchaser has not been formed for the specific purpose of acquiring the Shares.

3.3 Disclosure of Information. The Purchaser has had an opportunity to discuss the Company's business, management, financial affairs and the terms and conditions of the offering of the Shares with the Company's management and has had an opportunity to review the Company's facilities. The foregoing, however, does not limit or modify the representations and warranties of the Company in Section 2 of this Agreement or the right of the Purchaser to rely thereon.

3.4 Restricted Securities. The Purchaser understands that the Shares have not been, and will not be, registered under the Securities Act, by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Purchaser's representations as expressed herein. The Purchaser understands that the Shares are "restricted securities" under applicable U.S. federal and state securities laws and that, pursuant to these laws, the Purchaser must hold the Shares indefinitely unless they are registered with the Securities and Exchange Commission and qualified by state authorities, or an exemption from such registration and qualification requirements is available. The Purchaser acknowledges that the Company has no obligation to register or qualify the Shares, or the Common Stock into which it may be converted, for resale except as set forth in the Investors' Rights Agreement. The Purchaser further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the Shares, and on

requirements relating to the Company which are outside of the Purchaser's control, and which the Company is under no obligation and may not be able to satisfy. The Purchaser understands that this offering is not intended to be part of the public offering, and that the Purchaser will not be able to rely on the protection of Section 11 of the Securities Act.

3.5 No Public Market. The Purchaser understands that no public market now exists for the Shares, and that the Company has made no assurances that a public market will ever exist for the Shares.

3.6 Legends. The Purchaser understands that the Shares and any securities issued in respect of or exchange for the Shares, may be notated with one or all of the following legends:

"THE SHARES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AND HAVE BEEN ACQUIRED FOR INVESTMENT AND NOT WITH A VIEW TO, OR IN CONNECTION WITH, THE SALE OR DISTRIBUTION THEREOF. NO SUCH TRANSFER MAY BE EFFECTED WITHOUT AN EFFECTIVE REGISTRATION STATEMENT RELATED THERETO OR AN OPINION OF COUNSEL IN A FORM SATISFACTORY TO THE COMPANY THAT SUCH REGISTRATION IS NOT REQUIRED UNDER THE SECURITIES ACT OF 1933."

(a) Any legend set forth in, or required by, the other Transaction Agreements.

(b) Any legend required by the securities laws of any state to the extent such laws are applicable to the Shares represented by the certificate, instrument, or book entry so legended.

3.7 Accredited Investor. The Purchaser is an accredited investor as defined in Rule 501(a) of Regulation D promulgated under the Securities Act.

3.8 No General Solicitation. Neither the Purchaser, nor any of its officers, directors, employees, agents, stockholders or partners has either directly or indirectly, including, through a broker or finder (a) engaged in any general solicitation, or (b) published any advertisement in connection with the offer and sale of the Shares.

3.9 Principal Place of Business. The office or offices of the Purchaser in which its principal place of business is identified in the address or addresses of the Purchaser set forth on Exhibit A.

4. Conditions to the Purchaser's Obligations at Closing. The obligations of the Purchaser to purchase Shares at the Initial Closing or any Additional Closing are subject to the fulfillment, on or before such Closing, of each of the following conditions, unless otherwise waived:

As of the Initial Closing, (a) the Company and Edmund Graziani shall have entered into an employment agreement (and confidentiality and invention assignment agreement) with the Company and (b) the Company and Jay Keasling shall have entered into a consulting agreement (and confidentiality and invention assignment agreement) with the Company, in each case, in form and substance satisfactory to the Purchaser.

4.13 Option to License Agreement. As of the Initial Closing, the Company shall have entered into an option to license agreement (or similar agreement) with The Regents of the University of California, in form and substance satisfactory to the Purchaser.

4.14 Proceedings and Documents. Such documents may include good standing certificates.

4.15 Qualifications. With respect to any Additional Closing only, (a) all authorizations, approvals or permits, if any, of any governmental authority or regulatory body of the United States or of any state that are required in connection with the lawful issuance and sale of the Shares pursuant to this

5. Conditions of the Company's Obligations at Closing. The obligations of the Company to sell Shares to the Purchaser at the Initial Closing or any Additional Closing are subject to the fulfillment, on or before such Closing, of each of the following conditions, unless otherwise waived:

WAIVER OF JURY TRIAL: EACH PARTY HEREBY WAIVES ITS RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF THIS AGREEMENT, THE OTHER TRANSACTION AGREEMENTS, THE SECURITIES OR THE SUBJECT MATTER HEREOF OR THEREOF. THE SCOPE OF THIS WAIVER IS INTENDED TO BE ALL-ENCOMPASSING OF ANY AND ALL DISPUTES THAT MAY BE FILED IN ANY COURT AND THAT RELATE TO THE SUBJECT MATTER OF THIS TRANSACTION, INCLUDING, WITHOUT LIMITATION, CONTRACT CLAIMS, TORT CLAIMS (INCLUDING NEGLIGENCE), BREACH OF DUTY CLAIMS, AND ALL OTHER COMMON LAW AND STATUTORY CLAIMS. The Purchaser shall have the right, in its sole and absolute discretion, to refuse or decline to participate in any other financing of or investment in the Company, and shall have no obligation to assist or cooperate with the Company in obtaining any financing, investment or other assistance.

Each current and former employee, consultant and officer of the Company has executed an agreement with the Company regarding confidentiality and proprietary information substantially in the form or forms delivered to the counsel for the Purchaser (the "***Confidential Information Agreements***"). The Company is not aware that any key service provider is in violation of any agreement covered by this Subsection 2.17.

The Company is not in default in any material respect under any of such franchises, permits, licenses or other similar authority.

2.19 Corporate Documents. The Restated Certificate and Bylaws of the Company are in the form provided to the Purchaser. The copy of the minute books of the Company made available to the Purchaser contains minutes of all meetings of directors and stockholders and all actions by written consent without a meeting by the directors and stockholders since the date of incorporation and accurately reflects in all material respects all actions by the directors (and any committee of directors) and stockholders with respect to all transactions referred to in such minutes.

2.22 Disclosure. The Company has made available to the Purchaser all the information reasonably available to the Company that the Purchaser has requested for deciding whether to acquire the Shares, including certain of the Company's projections describing its proposed business plan (the "***Business Plan***"). No representation or warranty of the Company contained in this Agreement, as qualified by the Disclosure Schedule, and no certificate furnished or to be furnished to the Purchaser at the Closing contains any untrue statement of a material fact or, to the Company's knowledge, omits to state a material fact necessary in order to make the statements contained herein or therein not misleading in light of the circumstances under which they were made. The Business Plan was prepared in good faith; however, the Company does not warrant that it will achieve any results projected in the Business Plan. It is understood that this representation is qualified by the fact that the Company has not delivered to the Purchaser, and has not been requested to deliver, a private placement or similar memorandum or any written disclosure of the types of information customarily furnished to purchasers of securities.

3. Representations and Warranties of the Purchaser. The Purchaser hereby represents and warrants to the Company that the following representations are true and complete as of the date of the applicable Closing, except as otherwise indicated:

3.1 Authorization. The Purchaser has full power and authority to enter into the Transaction Agreements. The Transaction Agreements to which the Purchaser is a party, when executed and delivered by the Purchaser, will constitute valid and legally binding obligations of the Purchaser, enforceable in accordance with their terms, except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and any other laws of general application affecting enforcement of creditors' rights generally, and as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies, or (b) to the extent the indemnification provisions contained in the Investors' Rights Agreement may be limited by applicable federal or state securities laws.

3.2 Purchase Entirely for Own Account. This Agreement is made with the Purchaser in reliance upon the Purchaser's representation to the Company, which by the Purchaser's execution of this Agreement, the Purchaser hereby confirms, that the Shares to be acquired by the Purchaser will be acquired for investment for the Purchaser's own account, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof, and that the Purchaser has no present intention of selling, granting any participation in, or otherwise distributing the same. By executing this Agreement, the Purchaser further represents that the Purchaser does not presently have any contract, undertaking, agreement or arrangement with any Person to sell, transfer or grant participations to such Person or to any third Person, with respect to any of the Shares. The Purchaser has not been formed for the specific purpose of acquiring the Shares.

3.3 Disclosure of Information. The Purchaser has had an opportunity to discuss the Company's business, management, financial affairs and the terms and conditions of the offering of the Shares with the Company's management and has had an opportunity to review the Company's facilities. The foregoing, however, does not limit or modify the representations and warranties of the Company in Section 2 of this Agreement or the right of the Purchaser to rely thereon.

3.4 Restricted Securities. The Purchaser understands that the Shares have not been, and will not be, registered under the Securities Act, by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Purchaser's representations as expressed herein. The Purchaser understands that the Shares are "restricted securities" under applicable U.S. federal and state securities laws and that, pursuant to these laws, the Purchaser must hold the Shares indefinitely unless they are registered with the Securities and Exchange Commission and qualified by state authorities, or an exemption from such registration and qualification requirements is available. The Purchaser acknowledges that the Company has no obligation to register or qualify the Shares, or the Common Stock into which it may be converted, for resale except as set forth in the Investors' Rights Agreement. The Purchaser further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the Shares, and on requirements relating to the Company which are outside of the Purchaser's control, and which the Company is under no obligation and may not be able to satisfy. The Purchaser understands that this offering is not intended to be part of the public offering, and that the Purchaser will not be able to rely on the protection of Section 11 of the Securities Act.

3.5 No Public Market. The Purchaser understands that no public market now exists for the Shares, and that the Company has made no assurances that a public market will ever exist for the Shares.

3.6 Legends. The Purchaser understands that the Shares and any securities issued in respect of or exchange for the Shares, may be notated with one or all of the following legends:

"THE SHARES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AND HAVE BEEN ACQUIRED FOR INVESTMENT AND NOT WITH

A VIEW TO, OR IN CONNECTION WITH, THE SALE OR DISTRIBUTION THEREOF. NO SUCH TRANSFER MAY BE EFFECTED WITHOUT AN EFFECTIVE REGISTRATION STATEMENT RELATED THERETO OR AN OPINION OF COUNSEL IN A FORM SATISFACTORY TO THE COMPANY THAT SUCH REGISTRATION IS NOT REQUIRED UNDER THE SECURITIES ACT OF 1933."

(a) Any legend set forth in, or required by, the other Transaction Agreements.

(b) Any legend required by the securities laws of any state to the extent such laws are applicable to the Shares represented by the certificate, instrument, or book entry so legended.

3.7 Accredited Investor. The Purchaser is an accredited investor as defined in Rule 501(a) of Regulation D promulgated under the Securities Act.

3.8 No General Solicitation. Neither the Purchaser, nor any of its officers, directors, employees, agents, stockholders or partners has either directly or indirectly, including, through a broker or finder (a) engaged in any general solicitation, or (b) published any advertisement in connection with the offer and sale of the Shares.

EVERCRISP BIOSCIENCES, INC.
SERIES A PREFERRED STOCK PURCHASE AGREEMENT

THIS SERIES A PREFERRED STOCK PURCHASE AGREEMENT (this "***Agreement***"), is made as of August 11, 2021 by and between Evercrisp Biosciences, Inc., a Delaware corporation (the "***Company***") and ATP Life Science Ventures, L.P. (the "***Purchaser***").

The parties hereby agree as follows:

1. Purchase and Sale of Preferred Stock.

1.1 Sale and Issuance of Preferred Stock.

(a) The Company shall adopt and file with the Secretary of State of the State of Delaware on or before the Initial Closing (as defined below) the Amended and Restated Certificate of Incorporation in the form of Exhibit B attached to this Agreement (the "***Restated Certificate***").

(b) Subject to the terms and conditions of this Agreement, the Purchaser agrees to purchase at the applicable Closing and the Company agrees to sell and issue to the Purchaser at the applicable Closing that number of shares of Series A Preferred Stock, $0.001 par value per share (the "***Series A Preferred Stock***"), set forth on Exhibit A, at a purchase price of $1.00 per share (the "***Purchase Price***"). The shares of Series A Preferred Stock issued to the Purchaser pursuant to this Agreement (including any shares issued at the Initial Closing and any Additional Shares, as defined below) shall be referred to in this Agreement as the "***Shares***."

1.2 Closing; Delivery.

(a) The initial purchase and sale of the Shares shall take place remotely via the exchange of documents and signatures at such time and place as the Company and the Purchaser mutually agree upon, orally or in writing (which time and place are designated as the "***Initial Closing***"). In the event there is more than one closing, the term "***Closing***" shall apply to each such closing unless otherwise specified.

(b) At each Closing (or promptly thereafter), the Company shall deliver to the Purchaser a certificate representing the Shares being purchased by the Purchaser at such Closing against payment of the Purchase Price therefor by check payable to the Company or by wire transfer to a bank account designated by the Company.

1.3 Sale of Additional Shares of Preferred Stock.

(a) After the Initial Closing, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement, up to an aggregate of 71,500,000 additional shares of Series A Preferred Stock (the "***Additional Shares***"). The date of the purchase and sale of any Additional Shares is referred to in this Agreement as an "***Additional Closing***." Exhibit A to this Agreement shall be updated to reflect the number of Additional Shares purchased at each such Additional Closing.

(b) After the Initial Closing, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement as part of one or more Additional Closings, up to an aggregate of 6,500,000 Additional Shares at the request of the board of directors of the Company (the "***Board***").

(c) After the Initial Closing, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement as part of Additional Closings, up to an aggregate of 65,000,000 Additional Shares, at the request of the Board and upon the Company's achievement of certain milestones to be negotiated in good faith by the Company and the Purchaser after the Initial Closing (each, a "***Milestone***"). Following the agreement by the Company and the Purchaser of the terms and conditions of a Milestone, including the number of Additional Shares to be so purchased upon the achievement of such Milestone, the Company and the Purchaser will amend this Agreement to reflect such terms and conditions of such agreed upon Milestone, including the number of Additional Shares to be so purchased upon the achievement of such Milestone.

(d) Notwithstanding the foregoing, the Purchaser shall have the option, at any time, and upon at least three (3) business days' notice to the Company, to accelerate its obligation to purchase all or a portion of the Additional Shares (at a per share price equal to the Purchase Price), notwithstanding that a Milestone has not occurred. The purchase of such Additional Shares shall take place on a business day determined by the Purchaser, and the date of such purchase shall be an Additional Closing and subject to the terms and conditions set forth in this Agreement. Any purchase of Additional Shares pursuant to this Section 1.3(d) shall correspondingly reduce the Purchaser's obligations under Section 1.3(c).

(e) For the avoidance of doubt, the Purchaser's obligations to purchase Additional Shares hereunder shall be subject to the satisfaction or waiver of the conditions set forth in Section 5.

The Company is not a participant in any joint venture, partnership or similar arrangement.

2.4 Authorization. All corporate action required to be taken by the Board and the Company's stockholders in order to authorize the Company to enter into the Transaction Agreements, and to issue the Shares at each Closing and the Common Stock issuable upon conversion of the Shares, has been taken or will be taken prior to the Initial Closing. All action on the part of the officers of the Company necessary for the execution and delivery of the Transaction Agreements, the performance of all obligations of the Company under the Transaction Agreements to be performed as of each Closing, and the issuance and delivery of the Shares has been taken or will be taken prior to the Initial Closing. The Common Stock issuable upon conversion of the Shares has been duly reserved for issuance, and upon issuance in accordance with the terms of the Restated Certificate, will be validly issued, fully paid and nonassessable and free of restrictions on transfer other than restrictions on transfer under the Transaction Agreements, applicable federal and state securities laws and liens or encumbrances created by or imposed by the Purchaser. Based in part upon the representations of the Purchaser in Section 3 of this Agreement and in the Voting Agreement, the Common Stock issuable upon conversion of the Shares will be issued in compliance with all applicable federal and state securities laws.

2.6 Governmental Consents and Filings. Assuming the accuracy of the representations made by the Purchaser in Section 3 of this Agreement, no consent, approval, order or authorization of, or registration, qualification, designation, declaration or filing with, any federal, state or local governmental authority is required on the part of the Company in connection with the consummation of the transactions contemplated by this Agreement, except for (a) the filing of the Restated Certificate, which will have been filed as of the Initial Closing, and (b) filings pursuant to Regulation D of the Securities Act, and applicable state securities laws, which have been made or will be made in a timely manner.

2.7 Litigation. There is no claim, action, suit, proceeding, arbitration, complaint, charge or investigation pending or to the Company's knowledge, currently threatened in writing (a) against the Company or any officer, director or the Key Service Providers of the Company arising out of their employment, board relationship, or service relationship with the Company; (b) to the Company's knowledge, that questions the validity of the Transaction Agreements or the right of the Company to enter into them, or to consummate the transactions contemplated by the Transaction Agreements; or (c) to the Company's knowledge, that would reasonably be expected to have, either individually or in the aggregate, a Material Adverse Effect. Neither the Company nor, to the Company's knowledge, any of its officers, directors or Key Service Providers is a party or is named as subject to the provisions of any order, writ, injunction, judgment or decree of any court or government agency or instrumentality (in the case of officers, directors or Key Service Providers, such as would affect the Company). There is no action, suit, proceeding or investigation by the Company pending or which the Company intends to initiate. The foregoing includes, without limitation, actions, suits, proceedings or investigations pending or threatened in writing (or any basis therefor known to the Company) involving the prior employment of any of the Company's employees, their services provided in connection with the Company's business, any information or techniques allegedly proprietary to any of their former employers or their obligations under any agreements with prior employers.

2.8 Intellectual Property.

(a) *Ownership.* The Company owns or possesses or believes it can acquire on commercially reasonable terms sufficient legal rights to all Company Intellectual Property without any known conflict with, or infringement of, the rights of others, including prior employees or consultants.

(b) *Non-Infringement.* To the Company's knowledge, no product or service marketed or sold by the Company violates any license or infringes any Intellectual Property Rights of any other party.

(c) *Outbound Licenses.* Other than with respect to commercially available software products and cloud services under standard end-user license agreements and other non-exclusive licenses granted to third parties in the ordinary course of business and consistent with past practice, there are no outstanding options, licenses, agreements, claims, encumbrances or shared ownership interests of any kind relating to the Intellectual Property Rights owned or purported to be owned by the Company ("***Company-Owned Intellectual Property***").

(d) *Inbound Licenses.* Other than (i) with respect to commercially available software products and cloud services licensed under standard terms, (ii) backup licenses from employees and contractors granted in connection with providing services to the Company; and (iii) open source licenses, the Company is not bound by or a party to any options, licenses or agreements of any kind with respect to Intellectual Property Rights of any other Person that are material to the business of the Company.

(e) *Third-Party Intellectual Property.* The Company has not received any communications alleging that the Company has violated, or by conducting its business, would violate any

of the Intellectual Property Rights of any other Person. To the Company's knowledge, the Company has obtained and possesses valid licenses to use all of the software programs present on the computers and other software-enabled electronic devices that it owns or leases or that it has otherwise provided to its employees for their use in connection with the Company's business. To the Company's knowledge, to the extent it will be necessary to use any inventions of any of its employees or consultants (or Persons it currently intends to hire) made prior to their employment by the Company, including prior employees or consultants, the Company owns or possesses or believes it can acquire on commercially reasonable terms sufficient legal rights to all such inventions.

(f) *Employees and Consultants.* Each employee and consultant has assigned to the Company all Intellectual Property Rights he or she owns that are related to the Company's business as now conducted and as presently proposed to be conducted and all Intellectual Property Rights that he, she or it solely or jointly conceived, reduced to practice, developed or made during the period of his, her or its employment or consulting relationship with the Company that (a) relate, at the time of conception, reduction to practice, development, or making of such Intellectual Property Right, to the Company's business as then conducted or as then proposed to be conducted, (b) were developed on any amount of the Company's time or with the use of any of the Company's equipment, supplies, facilities or information or (c) resulted from the performance of services for the Company.

(g) *Registered Intellectual Property Rights.* Subsection 2.8(g) of the Disclosure Schedule lists all patents, patent applications, registered trademarks, trademark applications, registered service marks, service mark applications, and registered copyrights, in each case owned or purported to be owned by the Company.

(h) *Trade Secret Protection.* The Company has taken commercially reasonable measures to maintain and protect all confidential information and trade secrets of the Company that the Company intended to maintain as confidential or a trade secret.

(i) *Institutional Resources.* No government funding, facilities of a university, college, other educational institution or research center, or funding from third parties was used in the development of any Company-Owned Intellectual Property in a manner that has resulted in such entity retaining any claim of ownership or right to use any such Company-Owned Intellectual Property. To the Company's knowledge, no Person who was involved in, or who contributed to, the creation or development of any Company-Owned Intellectual Property, has performed services for the government, university, college, or other educational institution or research center in a manner that would affect Company's rights in the Company-Owned Intellectual Property.

2.9 Compliance with Other Instruments. The Company is not in violation or default (a) of any provisions of its Restated Certificate or Bylaws, (b) of any instrument, judgment, order, writ or decree, (c) under any note, indenture or mortgage, or (d) under any lease, agreement, contract or purchase order to which it is a party or by which it is bound that is required to be listed on the Disclosure Schedule, or (e) to its knowledge, of any provision of federal or state statute, rule or regulation applicable to the Company, the violation of which would have a Material Adverse Effect. The execution, delivery and performance of the Transaction Agreements and the consummation of the transactions contemplated by the Transaction Agreements will not result in any such violation or be in conflict with or constitute, with or without the passage of time and giving of notice, either (i) a default under any such provision, instrument, judgment, order, writ, decree, contract or agreement; or (ii) an event which results in the creation of any lien, charge or encumbrance upon any assets of the Company or the suspension, revocation, forfeiture, or nonrenewal of any material permit or license applicable to the Company.

2.10 Agreements; Actions.

(a) Except for the Transaction Agreements, there are no agreements, understandings, instruments, contracts or proposed transactions to which the Company is a party or by which it is bound that involve (i) obligations (contingent or otherwise) of, or payments to, the Company in excess of $100,000, (ii) the license of any patent, copyright, trademark, trade secret or other proprietary right to or from the Company, (iii) the grant of rights to manufacture, produce, assemble, license, market, or sell its products to any other Person that limit the Company's exclusive right to develop, manufacture, assemble, distribute, market or sell its products, or (iv) indemnification by the Company with respect to infringements of proprietary rights.

(b) The Company has not (i) declared or paid any dividends, or authorized or made any distribution upon or with respect to any class or series of its capital stock, (ii) incurred any indebtedness for money borrowed or incurred any other liabilities individually in excess of $100,000 or in excess of $500,000 in the aggregate, (iii) made any loans or advances to any Person, other than ordinary advances for travel expenses, or (iv) sold, exchanged or otherwise disposed of any of its assets or rights, other than the sale of its inventory in the ordinary course of business. For the purposes of (a) and (b) of this Subsection 2.10, all indebtedness, liabilities, agreements, understandings, instruments, contracts and proposed transactions involving the same Person (including Persons the Company has reason to believe are affiliated with each other) shall be aggregated for the purpose of meeting the individual minimum dollar amounts of such subsection.

(c) The Company is not a guarantor or indemnitor of any indebtedness of any other Person.

2.11 Certain Transactions.

(a) Other than (i) standard employee benefits generally made available to all employees, (ii) standard director and officer indemnification agreements approved by the Board, and (iii) the purchase of shares of the Company's capital stock and the issuance of options to purchase shares of Common Stock, in each instance, approved in the written minutes of the Board (previously provided to the Purchaser or its counsel), there are no agreements, understandings or proposed transactions between the Company and any of its officers, directors, consultants or Key Service Providers, or any Affiliate thereof.

(b) The Company is not indebted, directly or indirectly, to any of its directors, officers or employees or to their respective spouses or children or to any Affiliate of any of the foregoing, other than in connection with expenses or advances of expenses incurred in the ordinary course of business or employee relocation expenses and for other customary employee benefits made generally available to all employees. None of the Company's directors, officers or Key Service Providers, or any members of their immediate families, or any Affiliate of the foregoing are, directly or indirectly, indebted to the Company.

2.12 Rights of Registration and Voting Rights. Except as provided in the Investors' Rights Agreement, the Company is not under any obligation to register under the Securities Act any of its currently outstanding securities or any securities issuable upon exercise or conversion of its currently outstanding securities. Neither the execution or delivery of the Transaction Agreements, nor the carrying on of the Company's business by the employees of the Company, nor the conduct of the Company's business as now conducted and as presently proposed to be conducted, will, to the Company's knowledge, conflict with or result in a breach of the terms, conditions, or provisions of, or constitute a default under, any contract, covenant or instrument under which any such employee is now obligated.

(b) The Company is not delinquent in payments to any of its employees, consultants, or independent contractors for any wages, salaries, commissions, bonuses, or other direct compensation for any service performed for it to the date hereof or amounts required to be reimbursed to such employees, consultants or independent contractors. The Company has complied in all material respects with all applicable state and federal equal employment opportunity laws and with other laws related to employment, including those related to wages, hours, worker classification and collective bargaining. The Company has withheld and paid to the appropriate governmental entity or is holding for payment not yet due to such governmental entity all amounts required to be withheld from employees of the Company and is not liable for any arrears of wages, taxes, penalties or other sums for failure to comply with any of the foregoing.

Except as set forth in Subsection 2.14(c) of the Disclosure Schedule or as required by law, upon termination of the employment of any such employees, no severance or other payments will become due. Except as set forth in Subsection 2.14(c) of the Disclosure Schedule, the Company has no policy, practice, plan or program of paying severance pay or any form of severance compensation in connection with the termination of employment services.

(d) The Company has not made any representations regarding equity incentives to any officer, employee, director or consultant that are inconsistent with the share amounts and terms set forth in the minutes of meetings of the Board.

The Company has made all required contributions and has no liability to any such employee benefit plan, other than liability for health plan continuation coverage described in Part 6 of Title I(B) of ERISA, and has complied in all material respects with all applicable laws for any such employee benefit plan.

2.15 Tax Returns and Payments. There are no federal, state, county, local or foreign income or other material taxes due and payable by the Company which have not been timely paid. There are no accrued and unpaid federal, state, county, local or foreign income or other material taxes of the Company which are due, whether or not assessed or disputed, unless such taxes are being contested in good faith by appropriate proceedings and adequate reserves for any such taxes have been established in accordance with GAAP. There have been no examinations or audits of any income or other material tax returns or reports by any applicable federal, state, local or foreign governmental agency. The Company has duly and timely filed all federal, state, county, local and foreign income or other material tax returns required to have been filed by it and there are in effect no waivers of applicable statutes of limitations with respect to income or other material taxes for any year.

2.16 Insurance. The Company has in full force and effect insurance policies concerning such casualties as would be reasonable and customary for companies like the Company with extended coverage, sufficient in amount (subject to reasonable deductions) to allow it to replace any of its properties that might be damaged or destroyed.

2.17 Employee Agreements. Each current and former employee, consultant and officer of the Company has executed an agreement with the Company regarding confidentiality and proprietary information substantially in the form or forms delivered to the counsel for the Purchaser (the "***Confidential Information Agreements***"). None of the Key Service Providers have excluded works or inventions from his or her assignment of inventions pursuant to such Key Service Provider's Confidential Information Agreement. The Company is not aware that any Key Service Provider is in violation of any agreement covered by this Subsection 2.17.

2.18 Permits. The Company has all franchises, permits, licenses and any similar authority necessary for the conduct of its business, the lack of which could reasonably be expected to have a Material Adverse Effect. The Company is not in default in any material respect under any of such franchises, permits, licenses or other similar authority.

2.19 Corporate Documents. The Restated Certificate and Bylaws of the Company are in the form provided to the Purchaser. The copy of the minute books of the Company made available to the Purchaser contains minutes of all meetings of directors and stockholders and all actions by written consent without a meeting by the directors and stockholders since the date of incorporation and accurately reflects in all material respects all actions by the directors (and any committee of directors) and stockholders with respect to all transactions referred to in such minutes.

2.20 83(b) Elections. To the Company's knowledge, all elections and notices under Section 83(b) of the Code have been or will be timely filed by all eligible individuals who have acquired unvested shares of Common Stock.

2.21 Qualified Small Business Stock. As of and immediately following the Initial Closing: (a) the Company will be an eligible corporation as defined in Section 1202(e)(4) of the Code, (b) the Company will not have made purchases of its own stock described in Code Section 1202(c)(3)(B) during the one (1) year period preceding the Initial Closing, except for purchases that are disregarded for such purposes under Treasury Regulation Section 1.1202-2, and (c) the Company's aggregate gross assets, as defined by Code Section 1202(d)(2), at no time between its incorporation and through the Initial Closing have exceeded $50 million, taking into account the assets of any corporations required to be aggregated with the Company in accordance with Code Section 1202(d)(3); provided, however, that in no event shall the Company be liable to the Purchaser or any other party for any damages arising from any subsequently proven or identified error in the Company's determination with respect to the applicability or interpretation

of Code Section 1202, unless such determination shall have been given by the Company in a manner either grossly negligent or fraudulent.

2.22 Disclosure. The Company has made available to the Purchaser all the information reasonably available to the Company that the Purchaser has requested for deciding whether to acquire the Shares, including certain of the Company's projections describing its proposed business plan (the "***Business Plan***"). No representation or warranty of the Company contained in this Agreement, as qualified by the Disclosure Schedule, and no certificate furnished or to be furnished to the Purchaser at the Closing contains any untrue statement of a material fact or, to the Company's knowledge, omits to state a material fact necessary in order to make the statements contained herein or therein not misleading in light of the circumstances under which they were made. The Business Plan was prepared in good faith; however, the Company does not warrant that it will achieve any results projected in the Business Plan. It is understood that this representation is qualified by the fact that the Company has not delivered to the Purchaser, and has not been requested to deliver, a private placement or similar memorandum or any written disclosure of the types of information customarily furnished to purchasers of securities.

3. Representations and Warranties of the Purchaser. The Purchaser hereby represents and warrants to the Company that:

3.1 Authorization. The Purchaser has full power and authority to enter into the Transaction Agreements. The Transaction Agreements to which the Purchaser is a party, when executed and delivered by the Purchaser, will constitute valid and legally binding obligations of the Purchaser, enforceable in accordance with their terms, except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and any other laws of general application affecting enforcement of creditors' rights generally, and as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies, or (b) to the extent the indemnification provisions contained in the Investors' Rights Agreement may be limited by applicable federal or state securities laws.

3.2 Purchase Entirely for Own Account. This Agreement is made with the Purchaser in reliance upon the Purchaser's representation to the Company, which by the Purchaser's execution of this Agreement, the Purchaser hereby confirms, that the Shares to be acquired by the Purchaser will be acquired for investment for the Purchaser's own account, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof, and that the Purchaser has no present intention of selling, granting any participation in, or otherwise distributing the same. By executing this Agreement, the Purchaser further represents that the Purchaser does not presently have any contract, undertaking, agreement or arrangement with any Person to sell, transfer or grant participations to such Person or to any third Person, with respect to any of the Shares. The Purchaser has not been formed for the specific purpose of acquiring the Shares.

3.3 Disclosure of Information. The Purchaser has had an opportunity to discuss the Company's business, management, financial affairs and the terms and conditions of the offering of the Shares with the Company's management and has had an opportunity to review the Company's facilities. The foregoing, however, does not limit or modify the representations and warranties of the Company in Section 2 of this Agreement or the right of the Purchaser to rely thereon.

3.4 Restricted Securities. The Purchaser understands that the Shares have not been, and will not be, registered under the Securities Act, by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Purchaser's representations as expressed herein. The Purchaser understands that the Shares are "restricted securities" under applicable U.S. federal and state securities laws and that, pursuant to these laws, the Purchaser must hold the Shares indefinitely unless they are registered

with the Securities and Exchange Commission and qualified by state authorities, or an exemption from such registration and qualification requirements is available. The Purchaser acknowledges that the Company has no obligation to register or qualify the Shares, or the Common Stock into which it may be converted, for resale except as set forth in the Investors' Rights Agreement. The Purchaser further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the Shares, and on requirements relating to the Company which are outside of the Purchaser's control, and which the Company is under no obligation and may not be able to satisfy. The Purchaser understands that this offering is not intended to be part of the public offering, and that the Purchaser will not be able to rely on the protection of Section 11 of the Securities Act.

3.5 No Public Market. The Purchaser understands that no public market now exists for the Shares, and that the Company has made no assurances that a public market will ever exist for the Shares.

3.6 Legends. The Purchaser understands that the Shares and any securities issued in respect of or exchange for the Shares, may be notated with one or all of the following legends:

"THE SHARES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AND HAVE BEEN ACQUIRED FOR INVESTMENT AND NOT WITH A VIEW TO, OR IN CONNECTION WITH, THE SALE OR DISTRIBUTION THEREOF. NO SUCH TRANSFER MAY BE EFFECTED WITHOUT AN EFFECTIVE REGISTRATION STATEMENT RELATED THERETO OR AN OPINION OF COUNSEL IN A FORM SATISFACTORY TO THE COMPANY THAT SUCH REGISTRATION IS NOT REQUIRED UNDER THE SECURITIES ACT OF 1933."

(a) Any legend set forth in, or required by, the other Transaction Agreements.

(b) Any legend required by the securities laws of any state to the extent such laws are applicable to the Shares represented by the certificate, instrument, or book entry so legended.

3.7 Accredited Investor. The Purchaser is an accredited investor as defined in Rule 501(a) of Regulation D promulgated under the Securities Act.

3.8 No General Solicitation. Neither the Purchaser, nor any of its officers, directors, employees, agents, stockholders or partners has either directly or indirectly, including, through a broker or finder (a) engaged in any general solicitation, or (b) published any advertisement in connection with the offer and sale of the Shares.

3.9 Principal Place of Business. The office or offices of the Purchaser in which its principal place of business is identified in the address or addresses of the Purchaser set forth on Exhibit A.

4. Conditions to the Purchaser's Obligations at Closing. The obligations of the Purchaser to purchase Shares at the Initial Closing or any Additional Closing are subject to the fulfillment, on or before such Closing, of each of the following conditions, unless otherwise waived:

RED QUEEN THERAPEUTICS, INC.
SERIES A PREFERRED STOCK PURCHASE AGREEMENT

THIS SERIES A PREFERRED STOCK PURCHASE AGREEMENT (this "***Agreement***"), is made as of October 13, 2021 by and between Red Queen Therapeutics, Inc., a Delaware corporation (the "***Company***") and ATP Life Science Ventures, L.P. (the "***Purchaser***").

The parties hereby agree as follows:

1. Purchase and Sale of Preferred Stock.

1.1 Sale and Issuance of Preferred Stock.

(a) The Company shall adopt and file with the Secretary of State of the State of Delaware on or before the Initial Closing (as defined below) the Amended and Restated Certificate of Incorporation in the form of Exhibit B attached to this Agreement (the "***Restated Certificate***").

(b) Subject to the terms and conditions of this Agreement, the Purchaser agrees to purchase at the applicable Closing and the Company agrees to sell and issue to the Purchaser at the applicable Closing that number of shares of Series A Preferred Stock, $0.001 par value per share (the "***Series A Preferred Stock***"), set forth on Exhibit A, at a purchase price of $1.00 per share (the "***Purchase Price***"). The shares of Series A Preferred Stock issued to the Purchaser pursuant to this Agreement (including any shares issued at the Initial Closing and any Additional Shares, as defined below) shall be referred to in this Agreement as the "***Shares***."

1.2 Closing; Delivery.

(a) The initial purchase and sale of the Shares shall take place remotely via the exchange of documents and signatures at such time and place as the Company and the Purchaser mutually agree upon, orally or in writing (which time and place are designated as the "***Initial Closing***"). In the event there is more than one closing, the term "***Closing***" shall apply to each such closing unless otherwise specified.

(b) At each Closing (or promptly thereafter), the Company shall deliver to the Purchaser a certificate representing the Shares being purchased by the Purchaser at such Closing against payment of the Purchase Price therefor by check payable to the Company or by wire transfer to a bank account designated by the Company.

1.3 Sale of Additional Shares of Preferred Stock.

(a) After the Initial Closing, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement, up to an aggregate of 50,000,000 additional shares of Series A Preferred Stock (the "***Additional Shares***"), at the request of the board of directors of the Company (the "***Board***") and upon the Company's achievement of certain milestones to be negotiated in good faith by the Company and the Purchaser after the Initial Closing (each, a "***Milestone***"). Following the agreement by the Company and the Purchaser of the terms and conditions of a Milestone, including the number of Additional Shares to be so purchased upon the achievement of such Milestone, the Company and the Purchaser will amend this Agreement to reflect such terms and conditions

of such agreed upon Milestone, including the number of Additional Shares to be so purchased upon the achievement of such Milestone. The date of the purchase and sale of any Additional Shares is referred to in this Agreement as an "***Additional Closing***." Exhibit A to this Agreement shall be updated to reflect the number of Additional Shares purchased at each such Additional Closing.

(b) Notwithstanding the foregoing, the Purchaser shall have the option, at any time, and upon at least three (3) business days' notice to the Company, to accelerate its obligation to purchase all or a portion of the Additional Shares (at a per share price equal to the Purchase Price), notwithstanding that a Milestone has not occurred. The purchase of such Additional Shares shall take place on a business day determined by the Purchaser, and the date of such purchase shall be an Additional Closing and subject to the terms and conditions set forth in this Agreement. Any purchase of Additional Shares pursuant to this Section 1.3(b) shall correspondingly reduce the Purchaser's obligations under Section 1.3(a).

(c) For the avoidance of doubt, the Purchaser's obligations to purchase Additional Shares hereunder shall be subject to the satisfaction or waiver of the conditions set forth in Section 5.

1.4 Use of Proceeds. The Company will use the proceeds from the sale of the Shares for general corporate purposes of the Company.

The Company is duly qualified to transact business and is in good standing in each jurisdiction in which the failure to so qualify would have a Material Adverse Effect.

2.2 Capitalization.

(a) The authorized capital of the Company consists, immediately prior to the Initial Closing, of:

(i) 60,000,000 shares of common stock, $0.001 par value per share (the "***Common Stock***"), 886,879 shares of which are issued and outstanding immediately prior to the Initial Closing. All of the outstanding shares of Common Stock have been duly authorized, are fully paid and nonassessable and were issued in compliance with all applicable federal and state securities laws. The Company holds no Common Stock in its treasury.

(ii) 55,000,000 shares of preferred stock, $0.001 par value per share (the "***Preferred Stock***"), all of which have been designated Series A Preferred Stock, none of which are issued and outstanding immediately prior to the Initial Closing. The rights, privileges and preferences of the Preferred Stock are as stated in the Restated Certificate and as provided by the Delaware General Corporation Law. All outstanding shares of the Company's Common Stock and all shares of the Company's Common Stock underlying outstanding options are subject to (i) a right of first refusal in favor of the Company upon any proposed transfer (other than transfers for estate planning purposes); and (ii) a lock-up or market standoff agreement of not less than one hundred eighty (180) days following the Company's initial public offering pursuant to a registration statement filed with the Securities and Exchange Commission under the Securities Act, a Direct Listing or a SPAC Transaction.

(c) None of the Company's stock purchase agreements or stock option documents contains a provision for acceleration of vesting (or lapse of a repurchase right) or other changes in the vesting provisions or other terms of such agreement or understanding upon the occurrence of any event or combination of events, including without limitation in the case where the Company's Equity Incentive Plan is not assumed in an acquisition. Except as set forth in the Restated Certificate, the Company has no obligation (contingent or otherwise) to purchase or redeem any of its capital stock.

(d) The Company has obtained valid waivers of any rights by other parties to purchase any of the Shares covered by this Agreement.

2.3 Subsidiaries. The Company does not currently own or control, directly or indirectly, any interest in any other corporation, partnership, trust, joint venture, limited liability company, association, or other business entity. The Company is not a participant in any joint venture, partnership or similar arrangement.

2.4 Authorization. All corporate action required to be taken by the Board and the Company's stockholders in order to authorize the Company to enter into the Transaction Agreements, and to issue the Shares at each Closing and the Common Stock issuable upon conversion of the Shares, has been taken or will be taken prior to the Initial Closing. All action on the part of the officers of the Company necessary for the execution and delivery of the Transaction Agreements, the performance of all obligations of the Company under the Transaction Agreements to be performed as of each Closing, and the issuance and delivery of the Shares has been taken or will be taken prior to the Initial Closing. The Transaction Agreements, when executed and delivered by the Company, shall constitute valid and legally binding obligations of the Company, enforceable against the Company in accordance with their respective terms except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, or other laws of general application relating to or affecting the enforcement of creditors' rights generally, (b) as limited by laws relating to the availability of specific performance, injunctive relief, or other equitable remedies, or (c) to the extent the indemnification provisions contained in the Investors' Rights Agreement and the Indemnification Agreement may be limited by applicable federal or state securities laws.

The Shares, when issued, sold and delivered in accordance with the terms and for the consideration set forth in this Agreement, will be validly issued, fully paid and nonassessable and free of restrictions on transfer other than restrictions on transfer under the Transaction Agreements, applicable state and federal securities laws and liens or encumbrances created by or imposed by the Purchaser. Assuming the accuracy of the representations of the Purchaser in Section 3 of this Agreement and subject to the filings described in Section 2.6(b), the Shares will be issued in compliance with all applicable federal and state securities laws. The Common Stock issuable upon conversion of the Shares has been duly reserved for issuance, and upon issuance in accordance with the terms of the Restated Certificate, will be validly issued, fully paid and nonassessable and free of restrictions on transfer other than restrictions on transfer under the Transaction Agreements, applicable federal and state securities laws and liens or encumbrances created by or imposed by the Purchaser. Based in part upon the representations of the Purchaser in Section 3 of this Agreement and in the Voting Agreement, the Common Stock issuable upon conversion of the Shares will be issued in compliance with all applicable federal and state securities laws.

2.6 Governmental Consents and Filings. Assuming the accuracy of the representations made by the Purchaser in Section 3 of this Agreement, no consent, approval, order or authorization of, or registration, qualification, designation, declaration or filing with, any federal, state or local governmental authority is required on the part of the Company in connection with the consummation of the transactions contemplated by this Agreement, except for (a) the filing of the Restated Certificate, which will have been filed as of the Initial Closing, and (b) filings pursuant to Regulation D of the Securities Act, and applicable state securities laws, which have been made or will be made in a timely manner.

2.7 Litigation. There is no claim, action, suit, proceeding, arbitration, complaint, charge or investigation pending or to the Company's knowledge, currently threatened in writing (a) against the Company or any officer or director of the Company arising out of their employment, board relationship, or service relationship with the Company; (b) to the Company's knowledge, that questions the validity of

the Transaction Agreements or the right of the Company to enter into them, or to consummate the transactions contemplated by the Transaction Agreements; or (c) to the Company's knowledge, that would reasonably be expected to have, either individually or in the aggregate, a Material Adverse Effect. Neither the Company nor, to the Company's knowledge, any of its officers or directors is a party or is named as subject to the provisions of any order, writ, injunction, judgment or decree of any court or government agency or instrumentality (in the case of officers or directors, such as would affect the Company). There is no action, suit, proceeding or investigation by the Company pending or which the Company intends to initiate. The foregoing includes, without limitation, actions, suits, proceedings or investigations pending or threatened in writing (or any basis therefor known to the Company) involving the prior employment of any of the Company's employees, their services provided in connection with the Company's business, any information or techniques allegedly proprietary to any of their former employers or their obligations under any agreements with prior employers.

2.8 Intellectual Property.

(a) *Ownership.* The Company owns or possesses or believes it can acquire on commercially reasonable terms sufficient legal rights to all Company Intellectual Property without any known conflict with, or infringement of, the rights of others, including prior employees or consultants.

(b) *Non-Infringement.* To the Company's knowledge, no product or service marketed or sold by the Company violates any license or infringes any Intellectual Property Rights of any other party.

(c) *Outbound Licenses.* Other than with respect to commercially available software products and cloud services under standard end-user license agreements and other non-exclusive licenses granted to third parties in the ordinary course of business and consistent with past practice, there are no outstanding options, licenses, agreements, claims, encumbrances or shared ownership interests of any kind relating to the Intellectual Property Rights owned or purported to be owned by the Company ("***Company-Owned Intellectual Property***").

(d) *Inbound Licenses.* Other than (i) with respect to commercially available software products and cloud services licensed under standard terms, (ii) backup licenses from employees and contractors granted in connection with providing services to the Company; and (iii) open source licenses, the Company is not bound by or a party to any options, licenses or agreements of any kind with respect to Intellectual Property Rights of any other Person that are material to the business of the Company.

(e) *Third-Party Intellectual Property.* The Company has not received any communications alleging that the Company has violated, or by conducting its business, would violate any of the Intellectual Property Rights of any other Person. To the Company's knowledge, the Company has obtained and possesses valid licenses to use all of the software programs present on the computers and other software-enabled electronic devices that it owns or leases or that it has otherwise provided to its employees for their use in connection with the Company's business. To the Company's knowledge, to the extent it will be necessary to use any inventions of any of its employees or consultants (or Persons it currently intends to hire) made prior to their employment by the Company, including prior employees or consultants, the Company owns or possesses or believes it can acquire on commercially reasonable terms sufficient legal rights to all such inventions.

(f) *Employees and Consultants.* Each employee and consultant has assigned to the Company all Intellectual Property Rights he or she owns that are related to the Company's business as now conducted and as presently proposed to be conducted and all Intellectual Property Rights that he, she or it solely or jointly conceived, reduced to practice, developed or made during the period of his, her or

its employment or consulting relationship with the Company that (a) relate, at the time of conception, reduction to practice, development, or making of such Intellectual Property Right, to the Company's business as then conducted or as then proposed to be conducted, (b) were developed on any amount of the Company's time or with the use of any of the Company's equipment, supplies, facilities or information or (c) resulted from the performance of services for the Company.

(g) *Registered Intellectual Property Rights.* Subsection 2.8(g) of the Disclosure Schedule lists all patents, patent applications, registered trademarks, trademark applications, registered service marks, service mark applications, and registered copyrights, in each case owned or purported to be owned by the Company.

(h) *Trade Secret Protection.* The Company has taken commercially reasonable measures to maintain and protect all confidential information and trade secrets of the Company that the Company intended to maintain as confidential or a trade secret.

(i) *Institutional Resources.* No government funding, facilities of a university, college, other educational institution or research center, or funding from third parties was used in the development of any Company-Owned Intellectual Property in a manner that has resulted in such entity retaining any claim of ownership or right to use any such Company-Owned Intellectual Property. To the Company's knowledge, no Person who was involved in, or who contributed to, the creation or development of any Company-Owned Intellectual Property, has performed services for the government, university, college, or other educational institution or research center in a manner that would affect Company's rights in the Company-Owned Intellectual Property.

2.9 Compliance with Other Instruments. The Company is not in violation or default (a) of any provisions of its Restated Certificate or Bylaws, (b) of any instrument, judgment, order, writ or decree, (c) under any note, indenture or mortgage, or (d) under any lease, agreement, contract or purchase order to which it is a party or by which it is bound that is required to be listed on the Disclosure Schedule, or (e) to its knowledge, of any provision of federal or state statute, rule or regulation applicable to the Company, the violation of which would have a Material Adverse Effect. The execution, delivery and performance of the Transaction Agreements and the consummation of the transactions contemplated by the Transaction Agreements will not result in any such violation or be in conflict with or constitute, with or without the passage of time and giving of notice, either (i) a default under any such provision, instrument, judgment, order, writ, decree, contract or agreement; or (ii) an event which results in the creation of any lien, charge or encumbrance upon any assets of the Company or the suspension, revocation, forfeiture, or nonrenewal of any material permit or license applicable to the Company.

2.10 Agreements; Actions.

(a) Except for the Transaction Agreements, there are no agreements, understandings, instruments, contracts or proposed transactions to which the Company is a party or by which it is bound that involve (i) obligations (contingent or otherwise) of, or payments to, the Company in excess of $100,000, (ii) the license of any patent, copyright, trademark, trade secret or other proprietary right to or from the Company, (iii) the grant of rights to manufacture, produce, assemble, license, market, or sell its products to any other Person that limit the Company's exclusive right to develop, manufacture, assemble, distribute, market or sell its products, or (iv) indemnification by the Company with respect to infringements of proprietary rights.

(b) The Company has not (i) declared or paid any dividends, or authorized or made any distribution upon or with respect to any class or series of its capital stock, (ii) incurred any indebtedness for money borrowed or incurred any other liabilities individually in excess of $100,000 or in

excess of $500,000 in the aggregate, (iii) made any loans or advances to any Person, other than ordinary advances for travel expenses, or (iv) sold, exchanged or otherwise disposed of any of its assets or rights, other than the sale of its inventory in the ordinary course of business. For the purposes of (a) and (b) of this Subsection 2.10, all indebtedness, liabilities, agreements, understandings, instruments, contracts and proposed transactions involving the same Person (including Persons the Company has reason to believe are affiliated with each other) shall be aggregated for the purpose of meeting the individual minimum dollar amounts of such subsection.

(c) The Company is not a guarantor or indemnitor of any indebtedness of any other Person.

2.11 Certain Transactions.

(a) Other than (i) standard employee benefits generally made available to all employees, (ii) standard director and officer indemnification agreements approved by the Board, and (iii) the purchase of shares of the Company's capital stock and the issuance of options to purchase shares of Common Stock, in each instance, approved in the written minutes of the Board (previously provided to the Purchaser or its counsel), there are no agreements, understandings or proposed transactions between the Company and any of its officers, directors, or consultants, or any Affiliate thereof.

(b) The Company is not indebted, directly or indirectly, to any of its directors, officers or employees or to their respective spouses or children or to any Affiliate of any of the foregoing, other than in connection with expenses or advances of expenses incurred in the ordinary course of business or employee relocation expenses and for other customary employee benefits made generally available to all employees. None of the Company's directors or officers, or any members of their immediate families, or any Affiliate of the foregoing are, directly or indirectly, indebted to the Company.

2.12 Rights of Registration and Voting Rights. Except as provided in the Investors' Rights Agreement, the Company is not under any obligation to register under the Securities Act any of its currently outstanding securities or any securities issuable upon exercise or conversion of its currently outstanding securities. To the Company's knowledge, except as contemplated in the Voting Agreement, no stockholder of the Company has entered into any agreements with respect to the voting of capital shares of the Company.

2.13 Property. The property and assets that the Company owns are free and clear of all mortgages, deeds of trust, liens, loans and encumbrances, except for statutory liens for the payment of current taxes that are not yet delinquent and encumbrances and liens that arise in the ordinary course of business and do not materially impair the Company's ownership or use of such property or assets (including, with respect to Company-Owned Intellectual Property, non-exclusive licenses granted to third parties in the ordinary course of business). With respect to the property and assets it leases, the Company is in compliance with such leases and holds a valid leasehold interest free of any liens, claims or encumbrances other than those of the lessors of such property or assets. The Company does not own any real property.

2.14 Employee Matters.

(a) To the Company's knowledge, none of its employees is obligated under any contract (including licenses, covenants or commitments of any nature) or other agreement, or subject to any judgment, decree or order of any court or administrative agency, that would materially interfere with such employee's ability to promote the interest of the Company or that would conflict with the Company's business. Neither the execution or delivery of the Transaction Agreements, nor the carrying on of the

Company's business by the employees of the Company, nor the conduct of the Company's business as now conducted and as presently proposed to be conducted, will, to the Company's knowledge, conflict with or result in a breach of the terms, conditions, or provisions of, or constitute a default under, any contract, covenant or instrument under which any such employee is now obligated.

(b) The Company is not delinquent in payments to any of its employees, consultants, or independent contractors for any wages, salaries, commissions, bonuses, or other direct compensation for any service performed for it to the date hereof or amounts required to be reimbursed to such employees, consultants or independent contractors. The Company has complied in all material respects with all applicable state and federal equal employment opportunity laws and with other laws related to employment, including those related to wages, hours, worker classification and collective bargaining. 2.17 Employee Agreements. Each current and former employee, consultant and officer of the Company has executed an agreement with the Company regarding confidentiality and proprietary information substantially in the form or forms delivered to the counsel for the Purchaser (the "***Confidential Information Agreements***"). The Company is not aware that any key service provider is in violation of any agreement covered by this Subsection 2.17.

2.18 Permits. The Company has all franchises, permits, licenses and any similar authority necessary for the conduct of its business, the lack of which could reasonably be expected to have a Material Adverse Effect. The Company is not in default in any material respect under any of such franchises, permits, licenses or other similar authority.

2.19 Corporate Documents. The Restated Certificate and Bylaws of the Company are in the form provided to the Purchaser. The copy of the minute books of the Company made available to the Purchaser contains minutes of all meetings of directors and stockholders and all actions by written consent without a meeting by the directors and stockholders since the date of incorporation and accurately reflects in all material respects all actions by the directors (and any committee of directors) and stockholders with respect to all transactions referred to in such minutes.

2.20 83(b) Elections. To the Company's knowledge, all elections and notices under Section 83(b) of the Code have been or will be timely filed by all eligible individuals who have acquired unvested shares of Common Stock.

2.22 Disclosure. The Company has made available to the Purchaser all the information reasonably available to the Company that the Purchaser has requested for deciding whether to acquire the Shares, including certain of the Company's projections describing its proposed business plan (the "***Business Plan***"). No representation or warranty of the Company contained in this Agreement, as qualified by the Disclosure Schedule, and no certificate furnished or to be furnished to the Purchaser at the Closing contains any untrue statement of a material fact or, to the Company's knowledge, omits to state a material fact necessary in order to make the statements contained herein or therein not misleading in light of the circumstances under which they were made. The Business Plan was prepared in good faith; however, the Company does not warrant that it will achieve any results projected in the Business Plan. It is understood that this representation is qualified by the fact that the Company has not delivered to the Purchaser, and has not been requested to deliver, a private placement or similar memorandum or any written disclosure of the types of information customarily furnished to purchasers of securities.

3. Representations and Warranties of the Purchaser. The Purchaser hereby represents and warrants to the Company that:

3.1 Authorization. The Purchaser has full power and authority to enter into the Transaction Agreements. The Transaction Agreements to which the Purchaser is a party, when executed and delivered by the Purchaser, will constitute valid and legally binding obligations of the Purchaser, enforceable in accordance with their terms, except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and any other laws of general application affecting enforcement of creditors' rights generally, and as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies, or (b) to the extent the indemnification provisions contained in the Investors' Rights Agreement may be limited by applicable federal or state securities laws.

3.2 Purchase Entirely for Own Account. This Agreement is made with the Purchaser in reliance upon the Purchaser's representation to the Company, which by the Purchaser's execution of this Agreement, the Purchaser hereby confirms, that the Shares to be acquired by the Purchaser will be acquired for investment for the Purchaser's own account, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof, and that the Purchaser has no present intention of selling, granting any participation in, or otherwise distributing the same. By executing this Agreement, the Purchaser further represents that the Purchaser does not presently have any contract, undertaking, agreement or arrangement with any Person to sell, transfer or grant participations to such Person or to any third Person, with respect to any of the Shares. The Purchaser has not been formed for the specific purpose of acquiring the Shares.

3.3 Disclosure of Information. The Purchaser has had an opportunity to discuss the Company's business, management, financial affairs and the terms and conditions of the offering of the Shares with the Company's management and has had an opportunity to review the Company's facilities. The foregoing, however, does not limit or modify the representations and warranties of the Company in Section 2 of this Agreement or the right of the Purchaser to rely thereon.

3.4 Restricted Securities. The Purchaser understands that the Shares have not been, and will not be, registered under the Securities Act, by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Purchaser's representations as expressed herein. The Purchaser understands that the Shares are "restricted securities" under applicable U.S. federal and state securities laws and that, pursuant to these laws, the Purchaser must hold the Shares indefinitely unless they are registered with the Securities and Exchange Commission and qualified by state authorities, or an exemption from such registration and qualification requirements is available. The Purchaser acknowledges that the Company has no obligation to register or qualify the Shares, or the Common Stock into which it may be converted, for resale except as set forth in the Investors' Rights Agreement. The Purchaser further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the Shares, and on requirements relating to the Company which are outside of the Purchaser's control, and which the Company is under no obligation and may not be able to satisfy. The Purchaser understands that this offering is not intended to be part of the public offering, and that the Purchaser will not be able to rely on the protection of Section 11 of the Securities Act.

3.5 No Public Market. The Purchaser understands that no public market now exists for the Shares, and that the Company has made no assurances that a public market will ever exist for the Shares.

3.6 Legends. The Purchaser understands that the Shares and any securities issued in respect of or exchange for the Shares, may be notated with one or all of the following legends:

"THE SHARES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AND HAVE BEEN ACQUIRED FOR INVESTMENT AND NOT WITH A VIEW TO, OR IN CONNECTION WITH, THE SALE OR DISTRIBUTION THEREOF. NO SUCH TRANSFER MAY BE EFFECTED WITHOUT AN EFFECTIVE REGISTRATION STATEMENT RELATED THERETO OR AN OPINION OF COUNSEL IN A FORM SATISFACTORY TO THE COMPANY THAT SUCH REGISTRATION IS NOT REQUIRED UNDER THE SECURITIES ACT OF 1933."

(a) Any legend set forth in, or required by, the other Transaction Agreements.

(b) Any legend required by the securities laws of any state to the extent such laws are applicable to the Shares represented by the certificate, instrument, or book entry so legended.

3.7 Accredited Investor. The Purchaser is an accredited investor as defined in Rule 501(a) of Regulation D promulgated under the Securities Act.

3.8 No General Solicitation. Neither the Purchaser, nor any of its officers, directors, employees, agents, stockholders or partners has either directly or indirectly, including, through a broker or finder (a) engaged in any general solicitation, or (b) published any advertisement in connection with the offer and sale of the Shares.

SERIES A PREFERRED STOCK PURCHASE AGREEMENT

THIS SERIES A PREFERRED STOCK PURCHASE AGREEMENT (this "***Agreement***"), is made as of December 16, 2022 by and among Aethon Therapeutics, Inc., a Delaware corporation (the "***Company***") and the investors listed on Exhibit A attached to this Agreement (each a "***Purchaser***" and together the "***Purchasers***").

The parties hereby agree as follows:

1. Purchase and Sale of Preferred Stock.

1.1 Sale and Issuance of Preferred Stock.

(a) The Company shall adopt and file with the Secretary of State of the State of Delaware on or before the Initial Closing (as defined below) the Amended and Restated Certificate of Incorporation in the form of Exhibit B attached to this Agreement (the "***Restated Certificate***").

(b) Subject to the terms and conditions of this Agreement, each Purchaser agrees to purchase at the applicable Closing and the Company agrees to sell and issue to each Purchaser at the applicable Closing that number of shares of Series A Preferred Stock, $0.001 par value per share (the "***Series A Preferred Stock***"), set forth on Exhibit A, at a purchase price of $1.00 per share (the "***Purchase Price***"). The shares of Series A Preferred Stock issued to the Purchasers pursuant to this Agreement (including any shares of Series A Preferred Stock issued at the Initial Closing and any Additional Shares, as defined below) shall be referred to in this Agreement as the "***Shares.***"

1.2 Closing; Delivery.

(a) *Initial Closing.* The initial purchase and sale of the Shares shall take place remotely via the exchange of documents and signatures at such time and place as the Company and ATP Life Science Ventures, L.P. ("***ATP***") mutually agree upon, orally or in writing (which time and place are designated as the "***Initial Closing***"). After the date of this Agreement, the Company may sell, on the same terms and conditions as those contained in this Agreement, up to 700,000 additional Shares (subject to appropriate adjustment in the event of any stock dividend, stock split, combination or similar recapitalization affecting such shares) of Series A Preferred Stock (the "***Other Initial Closing Shares***"), to one (1) or more Other Purchasers (as defined below) so determined by the Company, provided that (i) any such purchase and sale of such Other Initial Closing Shares to Other Purchasers is consummated on or prior to the date that is one hundred eighty (180) days after the date of this Agreement, and (ii) each Other Purchaser becomes a party to the Transaction Agreements (as defined below) by executing and delivering a counterpart signature page to each of the Transaction Agreements; provided further, that the closing(s) of the purchase and sale of the Other Initial Closing Shares to the Other Purchasers shall be deemed to constitute part of the Initial Closing. Exhibit A to this Agreement shall be updated to reflect the name and address of each Other Purchaser (who shall, for purposes of clarity, constitute a "Purchaser"), the number of Other Initial Closing Shares so purchased by each such Other Purchaser, and the number of Additional Shares (as defined below) to be purchased at each subsequent Closing by each such Other Purchaser. The term "***Closing***" shall apply to each of the Initial Closing, the Second Tranche Closing (as defined below),

the Third Tranche Closing (as defined below), the Fourth Tranche Closing (as defined below), and the Fifth Tranche Closing (as defined below).

(b) *Second Tranche Closing.* If the Board determines that the Company has successfully achieved the Second Tranche Milestone (as defined below), then the Company shall send a written notice of such determination ("***Second Tranche Milestone Notice***") to the Purchasers as promptly as practicable, and in any event no more than five (5) business days, following such determination by the Board. Within twenty (20) business days following the Purchasers' receipt of the Second Tranche Milestone Notice (the "***Second Tranche Closing***"), the Company shall issue and the Purchasers shall purchase, on the terms and conditions set forth in this Agreement, the number of shares of Series A Preferred Stock set forth opposite each such Purchaser's name on Exhibit A under the heading "Second Tranche Closing" at a per share price equal to the Purchase Price ("***Second Tranche Shares***") (subject to adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to the Series A Preferred Stock).

(c) *Third Tranche Closing.* If the Board determines that the Company has successfully achieved the Third Tranche Milestone (as defined below), then the Company shall send a written notice of such determination ("***Third Tranche Milestone Notice***") to the Purchasers as promptly as practicable, and in any event no more than five (5) business days, following such determination by the Board. Within twenty (20) business days following the Purchasers' receipt of the Third Tranche Milestone Notice (the "***Third Tranche Closing***"), the Company shall issue and the Purchasers shall purchase, on the terms and conditions set forth in this Agreement, the number of shares of Series A Preferred Stock, set forth opposite each such Purchaser's name on Exhibit A under the heading "Third Tranche Closing" at a per share price equal to the Purchase Price ("***Third Tranche Shares***") (subject to adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to the Series A Preferred Stock).

(d) *Fourth Tranche Closing.* If the Board determines that the Company has successfully achieved the Fourth Tranche Milestone (as defined below), then the Company shall send a written notice of such determination ("***Fourth Tranche Milestone Notice***") to the Purchasers as promptly as practicable, and in any event no more than five (5) business days, following such determination by the Board. Within twenty (20) business days following the Purchasers' receipt of the Fourth Tranche Milestone Notice (the "***Fourth Tranche Closing***"), the Company shall issue and the Purchasers shall purchase, on the terms and conditions set forth in this Agreement, the number of shares of Series A Preferred Stock, set forth opposite each such Purchaser's name on Exhibit A under the heading "Fourth Tranche Closing" at a per share price equal to the Purchase Price ("***Fourth Tranche Shares***") (subject to adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to the Series A Preferred Stock).

(e) *Fifth Tranche Closing.* If the Board determines that the Company has successfully achieved the Fifth Tranche Milestone (as defined below), then the Company shall send a written notice of such determination ("***Fifth Tranche Milestone Notice***") to the Purchasers as promptly as practicable, and in any event no more than five (5) business days, following such determination by the Board. Within twenty (20) business days following the Purchasers' receipt of the Fifth Tranche Milestone Notice (the "***Fifth Tranche Closing***"), the Company shall issue and the Purchasers shall purchase, on the terms and conditions set forth in this Agreement, the number of shares of Series A Preferred Stock, set forth opposite each such Purchaser's name on Exhibit A under the heading "Fifth Tranche Closing" at a per share price equal to the Purchase Price ("***Fifth Tranche Shares***") (subject to adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to the Series A Preferred Stock). The Fifth Tranche Shares, together with the Second Tranche Shares, Third Tranche Shares, and Fourth Tranche Shares, shall be known collectively as the "***Additional Shares***".

(f) The specific date that the Second Tranche Closing, Third Tranche Closing, Fourth Tranche Closing, and Fifth Tranche Closing, as applicable, will occur will be determined by the Company and ATP. The Company will provide written notification of each such specific closing date to NYU and the Other Purchasers and if such applicable closing date occurs prior to the date that is twenty (20) business days from the date that NYU and the Other Purchasers receives the Second Tranche Milestone Notice (with respect to the Second Tranche Closing), Third Tranche Milestone Notice (with respect to the Third Tranche Closing), Fourth Tranche Milestone Notice (with respect to the Fourth Tranche Closing), or Fifth Tranche Milestone Notice (with respect to the Fifth Tranche Closing), as applicable, then the closing of the purchase and sale of the Additional Shares to NYU (either through NYU or the NYU Assignee) and the Other Purchasers will occur on the date that is twenty (20) business days (or such other date as may be agreed between the Company and NYU or with respect to any Other Purchaser, such Other Purchaser) from the date that NYU and the Other Purchasers receives the applicable notification as referenced above. For purposes of clarity, (1) ATP and the Company shall expressly have the right to close the purchase and sale of the Additional Shares to be so purchased by ATP with respect to an Additional Closing as and when so determined by the Company and ATP and prior to such twentieth (20^{th}) business day referenced above, (2) each Other Purchaser and the Company shall expressly have the right to close the purchase and sale of the Additional Shares to be so purchased by each Other Purchaser with respect to an Additional Closing as and when so determined by the Company and each Other Purchaser and prior to such twentieth (20^{th}) business day referenced above, and (3) if the date of the closing of Additional Shares purchased and issued to ATP is different from the date of the closing of Additional Shares purchased and sold to NYU (either directly or through an NYU Assignee) or the Other Purchasers, such closings shall still be deemed to constitute the same Additional Closing (i.e., the Second Tranche Closing, the Third Tranche Closing, the Fourth Tranche Closing, and/or the Fifth Tranche Closing, as applicable).

(g) The date of the purchase and sale of the Additional Shares pursuant to each of the Second Tranche Closing, Third Tranche Closing, Fourth Tranche Closing, and Fifth Tranche Closing is referred to in this Agreement as an "***Additional Closing***."

(h) At each Closing (or promptly thereafter), the Company shall deliver to each Purchaser a certificate (or book entry) representing the Shares being purchased by such Purchaser at such Closing against payment of the Purchase Price therefor by check payable to the Company or by wire transfer to a bank account designated by the Company.

(i) Notwithstanding anything contained herein, with respect to each Additional Closing, New York University ("***NYU***") shall be obligated (either through NYU or the NYU Assignee) to purchase the number of Additional Shares set forth opposite NYU's name on Exhibit A with respect to each such Additional Closing in accordance with the terms of this Agreement; provided that, with respect to any Additional Closing, if NYU (either through NYU or the NYU Assignee) does not purchase the applicable number of Additional Shares in such Additional Closing in accordance with the terms of this Agreement, then (x) neither NYU nor any NYU Assignee shall have any right to purchase (and the Company shall not have any obligation to issue to NYU or any NYU Assignee) any Additional Shares in such Additional Closing or any subsequent Additional Closing and (y) NYU will no longer hold any notification rights under this Section 1.02 or any right to consent to any amendments to this Section 1.02 as set forth below in Section 6.9. For purposes of clarity, the maximum number of Shares that will be purchased by NYU and/or any NYU Assignee will be an aggregate of 1,5000,000 Shares, which represents an aggregate Purchase Price of $1,500,000 in respect of such Shares.

(j) Notwithstanding anything contained herein, with respect to each Additional Closing, each Other Purchaser shall be obligated to purchase the number of Additional Shares set forth opposite such Other Purchaser's name on Exhibit A with respect to each such Additional Closing in accordance with the terms of this Agreement; provided that, with respect to any Additional Closing, if

such Other Purchaser does not purchase the applicable number of Additional Shares in such Additional Closing in accordance with the terms of this Agreement, then (x) such Other Purchaser shall not have any right to purchase (and the Company shall not have any obligation to issue to such Other Purchaser) any Additional Shares in such Additional Closing or any subsequent Additional Closing and (y) such Other Purchaser will no longer hold any notification rights under this Section 1.02.

(k) Notwithstanding the foregoing, ATP shall have the option, at any time, and (i) upon at least five (5) business days' notice to the Company to accelerate its obligation to purchase all or a portion of the Additional Shares and (ii) only if and to the extent that ATP has accelerated its option pursuant to the foregoing subsection (i), (A) upon at least twenty (20) business days' notice to NYU to accelerate NYU's obligation (either through NYU or the NYU Assignee) to purchase its applicable Additional Shares (in accordance with Section 1.2(i)) and (B) upon at least twenty (20) business days' notice to each Other Purchaser to accelerate each Other Purchaser's obligation to purchase its applicable Additional Shares (in accordance with Section 1.2(j)), notwithstanding that one or more Milestones has not occurred; *provided that*, such notice shall contain the total number of Additional Shares to be purchased at the Additional Closing, the anticipated date of such Additional Closing, the relevant investment amounts of each of ATP, NYU and each Other Purchaser, and the number of Additional Shares to be purchased by each of ATP, NYU and each Other Purchaser at such Additional Closing. The purchase of such Additional Shares shall take place on a business day determined by ATP, and the date of such purchase shall be an Additional Closing and subject to the terms and conditions set forth in this Agreement. Any purchase of Additional Shares pursuant to this Section 1.2(k) shall correspondingly first reduce ATP's, NYU's and each Other Purchaser's obligations under Section 1.2(b), second, to the extent applicable, Section 1.2(c), then third, to the extent applicable, Section 1.2(d), then fourth, to the extent applicable, Section 1.2(e).

(l) For the avoidance of doubt, the Purchasers' obligations to purchase Additional Shares hereunder shall be subject to the satisfaction or waiver (as determined by ATP on behalf of the Purchasers) of the conditions set forth in Section 5.

The Common Stock issuable upon conversion of the Shares has been duly reserved for issuance, and upon issuance in accordance with the terms of the Restated Certificate, will be validly issued, fully paid and nonassessable and free of restrictions on transfer other than restrictions on transfer under the Transaction Agreements, applicable federal and state securities laws and liens or encumbrances created by or imposed by the Purchasers. To the Company's knowledge, no Person who was involved in, or who contributed to, the creation or development of any Company-Owned Intellectual Property, has performed services for the government, university, college, or other educational institution or research center in a manner that would affect Company's rights in the Company-Owned Intellectual Property.

6.9 Amendments and Waivers. Any term of this Agreement may be amended, terminated or waived only with the written consent of the Company and the holders of a majority of the

then outstanding Shares; *provided that*, any amendment which would adversely affect NYU in a manner disproportionate to any adverse effect such amendment would have on any other Purchaser hereunder shall require the written consent of NYU; *provided further*, that this Agreement, including any exhibits, shall not be amended to increase or decrease the aggregate amount to be invested in the Company under this Agreement by NYU or the NYU Assignee, as applicable, without the written consent of NYU; *provided further*, that, subject to the terms of Section 1.2(i), none of Sections 1.2(b) – (f) and Section 1.2(m) of this Agreement shall be amended without the written consent of NYU. Any amendment or waiver effected in accordance with this Section 6.9 shall be binding upon the Purchasers and each transferee of the Shares (or the Common Stock issuable upon conversion thereof), each future holder of all such securities, and the Company.

6.10 Severability. The invalidity or unenforceability of any provision hereof shall in no way affect the validity or enforceability of any other provision.

No delay or omission to exercise any right, power or remedy accruing to any party under this Agreement, upon any breach or default of any other party under this Agreement, shall impair any such right, power or remedy of such non-breaching or non-defaulting party nor shall it be construed to be a waiver of any such breach or default, or an acquiescence therein, or of or in any similar breach or default thereafter occurring; nor shall any waiver of any single breach or default be deemed a waiver of any other breach or default theretofore or thereafter occurring. Any waiver, permit, consent or approval of any kind or character on the part of any party of any breach or default under this Agreement, or any waiver on the part of any party of any provisions or conditions of this Agreement, must be in writing and shall be effective only to the extent specifically set forth in such writing. All remedies, either under this Agreement or by law or otherwise afforded to any party, shall be cumulative and not alternative.

WAIVER OF JURY TRIAL: EACH PARTY HEREBY WAIVES ITS RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF THIS AGREEMENT, THE OTHER TRANSACTION AGREEMENTS, THE SECURITIES OR THE SUBJECT MATTER HEREOF OR THEREOF. 6.15 No Commitment for Additional Financing. The Company acknowledges and agrees that the Purchasers have not made any representation, undertaking, commitment or agreement to provide or assist the Company in obtaining any financing, investment or other assistance, other than the purchase of the Shares as set forth herein and subject to the conditions set forth herein. In addition, the Company acknowledges and agrees that (a) no statements, whether written or oral, made by any Purchaser or its representatives on or after the date of this Agreement shall create an obligation, commitment or agreement to provide or assist the Company in obtaining any other financing or investment, (b) the Company shall not rely on any such statement by any Purchaser or its representatives, and (c) an obligation, commitment or agreement to provide or assist the Company in obtaining any other financing or investment may only be created by a written agreement, signed by such Purchaser and the Company, setting forth the terms and conditions of such financing or investment and stating that the parties intend for such writing to be a binding obligation or agreement. Each Purchaser shall have the right, in its sole and absolute discretion, to refuse or decline to participate in any other financing of or investment in the Company, and shall have no obligation to assist or cooperate with the Company in obtaining any other financing, investment or other assistance.

6.16 Waiver of Conflicts. Each party to this Agreement acknowledges that Wilson Sonsini Goodrich & Rosati, P.C., counsel for the Company, has in the past performed and may continue to perform legal services for certain of the Purchasers in matters unrelated to the transactions described in this Agreement, including the representation of such Purchaser in venture capital financings and other matters. DEEP APPLE THERAPEUTICS, INC.
SERIES A PREFERRED STOCK PURCHASE AGREEMENT

THIS SERIES A PREFERRED STOCK PURCHASE AGREEMENT (this "***Agreement***"), is made as of December 6, 2021 by and between Deep Apple Therapeutics, Inc., a Delaware corporation (the "***Company***") and ATP Life Science Ventures, L.P. (the "***Purchaser***").

The parties hereby agree as follows:

1. Purchase and Sale of Preferred Stock.

1.1 Sale and Issuance of Preferred Stock.

(a) The Company shall adopt and file with the Secretary of State of the State of Delaware on or before the Initial Closing (as defined below) the Amended and Restated Certificate of Incorporation in the form of Exhibit B attached to this Agreement (the "***Restated Certificate***").

(b) Subject to the terms and conditions of this Agreement, the Purchaser agrees to purchase at the applicable Closing and the Company agrees to sell and issue to the Purchaser at the applicable Closing that number of shares of Series A Preferred Stock, $0.001 par value per share (the "***Series A Preferred Stock***"), set forth on Exhibit A, at a purchase price of $1.00 per share (the "***Purchase Price***"). The shares of Series A Preferred Stock issued to the Purchaser pursuant to this Agreement (including any shares issued at the Initial Closing and any Additional Shares, as defined below) shall be referred to in this Agreement as the "***Shares***."

1.2 Closing; Delivery.

(a) The initial purchase and sale of the Shares shall take place remotely via the exchange of documents and signatures at such time and place as the Company and the Purchaser mutually agree upon, orally or in writing (which time and place are designated as the "***Initial Closing***"). In the event there is more than one closing, the term "***Closing***" shall apply to each such closing unless otherwise specified.

(b) At each Closing (or promptly thereafter), the Company shall deliver to the Purchaser a certificate representing the Shares being purchased by the Purchaser at such Closing against payment of the Purchase Price therefor by check payable to the Company or by wire transfer to a bank account designated by the Company.

1.3 Sale of Additional Shares of Preferred Stock.

(a) After the Initial Closing, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement, up to an aggregate of 47,000,000 additional shares of Series A Preferred Stock (the "***Additional Shares***"). The date of the purchase and sale of any Additional Shares is referred to in this Agreement as an "***Additional Closing***." Exhibit A to this Agreement shall be updated to reflect the number of Additional Shares purchased at each such Additional Closing.

(b) After the Initial Closing, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement as part of one or more Additional Closings, up to an aggregate of 5,000,000 Additional Shares at the request of the board of directors of the Company (the "***Board***").

(c) After the Initial Closing, the Company shall sell, and the Purchaser shall purchase, on the same terms and conditions as those contained in this Agreement as part of Additional Closings, up to an aggregate of 42,000,000 Additional Shares, at the request of the Board and upon the Company's achievement of certain milestones to be negotiated in good faith by the Company and the Purchaser after the Initial Closing (each, a "***Milestone***"). Following the agreement by the Company and the Purchaser of the terms and conditions of a Milestone, including the number of Additional Shares to be so purchased upon the achievement of such Milestone, the Company and the Purchaser will amend this Agreement to reflect such terms and conditions of such agreed upon Milestone, including the number of Additional Shares to be so purchased upon the achievement of such Milestone.

(d) Notwithstanding the foregoing, the Purchaser shall have the option, at any time, and upon at least three (3) business days' notice to the Company, to accelerate its obligation to purchase all or a portion of the Additional Shares (at a per share price equal to the Purchase Price), notwithstanding that a Milestone has not occurred. The purchase of such Additional Shares shall take place on a business day determined by the Purchaser, and the date of such purchase shall be an Additional Closing and subject to the terms and conditions set forth in this Agreement. Any purchase of Additional Shares pursuant to this Section 1.3(d) shall correspondingly reduce the Purchaser's obligations under Section 1.3(c).

(e) For the avoidance of doubt, the Purchaser's obligations to purchase Additional Shares hereunder shall be subject to the satisfaction or waiver of the conditions set forth in Section 5.

To the Company's knowledge, no Person who was involved in, or who contributed to, the creation or development of any Company-Owned Intellectual Property, has performed services for the government, university, college, or other educational institution or research center in a manner that would affect Company's rights in the Company-Owned Intellectual Property.

The Business Plan was prepared in good faith; however, the Company does not warrant that it will achieve any results projected in the Business Plan. It is understood that this representation is qualified by the fact that the Company has not delivered to the Purchaser, and has not been requested to deliver, a private placement or similar memorandum or any written disclosure of the types of information customarily furnished to purchasers of securities.

The Purchaser acknowledges that the Company has no obligation to register or qualify the Shares, or the Common Stock into which it may be converted, for resale except as set forth in the Investors' Rights Agreement. The Purchaser further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the Shares, and on requirements relating to the Company which are outside of the Purchaser's control, and which the Company is under no obligation and may not be able to satisfy. The Purchaser understands that this offering is not intended to be part of the public offering, and that the Purchaser will not be able to rely on the protection of Section 11 of the Securities Act.

3.5 No Public Market. The Purchaser understands that no public market now exists for the Shares, and that the Company has made no assurances that a public market will ever exist for the Shares.

The Company has never adjusted or amended the exercise price of any stock options previously awarded, whether through amendment, cancellation, replacement grant, repricing, or any other means. Except as set forth in the Restated Certificate, the Company has no obligation (contingent or otherwise) to purchase or redeem any of its capital stock.

(e) 409A. The Company believes in good faith that any "nonqualified deferred compensation plan" (as such term is defined under Section 409A(d)(1) of the Code and the guidance thereunder) under which the Company makes, is obligated to make or promises to make, payments (each, a "**409A Plan**") complies in all material respects, in both form and operation, with the requirements of Section 409A of the Code and the guidance thereunder. To the knowledge of the Company, no payment to be made under any 409A Plan is, or will be, subject to the penalties of Section 409A(a)(1) of the Code.

(f) The Company has obtained valid waivers of any rights by other parties to purchase any of the Shares covered by this Agreement.

2.3 Subsidiaries. The Company is not a participant in any joint venture, partnership or similar arrangement.

All corporate action required to be taken by the Company's Board of Directors and stockholders in order to authorize the Company to enter into the Transaction Agreements, and to issue the Shares at the applicable Closing and the Common Stock issuable upon conversion of the Shares, has been taken or will be taken prior to the applicable Closing. All action on the part of the officers of the Company necessary for the execution and delivery of the Transaction Agreements, the performance of all obligations of the Company under the Transaction Agreements to be performed as of the applicable Closing, and the issuance and delivery of the Shares has been taken or will be taken prior to the applicable Closing. The Transaction Agreements, when executed and delivered by the Company, shall constitute valid and legally binding obligations of the Company, enforceable against the Company in accordance with their respective terms except (i) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, or other laws of general application relating to or affecting the enforcement of creditors' rights generally, (ii) as limited by laws relating to the availability of specific performance, injunctive relief, or other equitable remedies, or (iii) to the extent the

indemnification provisions contained in the Investors' Rights Agreement and the Indemnification Agreement may be limited by applicable federal or state securities laws.

2.5 Valid Issuance of Shares. The Shares, when issued, sold and delivered in accordance with the terms and for the consideration set forth in this Agreement, will be validly issued, fully paid and nonassessable and free of restrictions on transfer other than restrictions on transfer under the Transaction Agreements, applicable state and federal securities laws and liens or encumbrances created by or imposed by the Purchaser. Assuming the accuracy of the representations of the Purchaser in Section 3 of this Agreement and subject to the filings described in the Voting Agreement, the Shares will be issued in compliance with all applicable federal and state securities laws. The Common Stock issuable upon conversion of the Shares has been duly reserved for issuance, and upon issuance in accordance with the terms of the Restated Certificate, as amended by the Certificate of Amendment, will be validly issued, fully paid and nonassessable and free of restrictions on transfer other than restrictions on transfer under the Transaction Agreements, applicable federal and state securities laws and liens or encumbrances created by or imposed by the Purchaser. 2.6 Governmental Consents and Filings. Assuming the accuracy of the representations made by the Purchaser in Section 3 of this Agreement, no consent, approval, order or authorization of, or registration, qualification, designation, declaration or filing with, any federal, state or local governmental authority is required on the part of the Company in connection with the consummation of the transactions contemplated by this Agreement, except for (i) the filing of the Certificate of Amendment, which will have been filed as of the Initial Closing, and (ii) filings pursuant to Regulation D of the Securities Act, and applicable state securities laws, which have been made or will be made in a timely manner.

2.7 Litigation. There is no claim, action, suit, proceeding, arbitration, complaint, charge or investigation pending or to the Company's knowledge, currently threatened in writing (i) against the Company or any officer, director or Key Employee of the Company arising out of their employment or board relationship with the Company; or (ii) to the Company's knowledge, that questions the validity of the Transaction Agreements or the right of the Company to enter into them, or to consummate the transactions contemplated by the Transaction Agreements; or (iii) to the Company's knowledge, that would reasonably be expected to have, either individually or in the aggregate, a Material Adverse Effect. Neither the Company nor, to the Company's knowledge, any of its officers, directors or Key Employees is a party or is named as subject to the provisions of any order, writ, injunction, judgment or decree of any court or government agency or instrumentality (in the case of officers, directors or Key Employees, such as would affect the Company). There is no action, suit, proceeding or investigation by the Company pending or which the Company intends to initiate. The foregoing includes, without limitation, actions, suits, proceedings or investigations pending or threatened in writing (or any basis therefor known to the Company) involving the prior employment of any of the Company's employees, their services provided in connection with the Company's business, any information or techniques allegedly proprietary to any of their former employers or their obligations under any agreements with prior employers.

2.8 Intellectual Property. The Company owns or possesses or believes it can acquire on commercially reasonable terms sufficient legal rights to all Company Intellectual Property without any known conflict with, or infringement of, the rights of others. To the Company's knowledge, no product or service marketed or sold (or proposed to be marketed or sold) by the Company violates or will violate any license or infringes or will infringe any intellectual property rights of any other party. Other than with

respect to commercially available software products under standard end-user object code license agreements, there are no outstanding options, licenses, agreements, claims, encumbrances or shared ownership interests of any kind relating to the Company Intellectual Property, nor is the Company bound by or a party to any options, licenses or agreements of any kind with respect to the patents, trademarks, service marks, trade names, copyrights, trade secrets, licenses, information, proprietary rights and processes of any other Person. The Company has not received any communications alleging that the Company has violated, or by conducting its business, would violate any of the patents, trademarks, service marks, tradenames, copyrights, trade secrets, mask works or other proprietary rights or processes of any other Person. To the Company's knowledge, it will not be necessary to use any inventions of any of its employees made prior to their employment by the Company. Each employee has assigned to the Company all intellectual property rights he or she owns that are related to the Company's business as now conducted and as presently proposed to be conducted. Subsection 2.8 of the Disclosure Schedule lists all patents, patent applications, registered trademarks, trademark applications, service marks, service mark applications, tradenames, registered copyrights, and licenses to and under any of the foregoing, in each case owned by the Company. No government funding, facilities of a university, college, other educational institution or research center, or funding from third parties was used in the development of any Company Intellectual Property. To the Company's knowledge, no Person who was involved in, or who contributed to, the creation or development of any Company Intellectual Property, has performed services for the government, university, college, or other educational institution or research center in a manner that would affect Company's rights in the Company Intellectual Property.

The execution, delivery and performance of the Transaction Agreements and the consummation of the transactions contemplated by the Transaction Agreements will not result in any such violation or be in conflict with or constitute, with or without the passage of time and giving of notice, either (i) a default under any such provision, instrument, judgment, order, writ, decree, contract or agreement; or (ii) an event which results in the creation of any lien, charge or encumbrance upon any assets of the Company or the suspension, revocation, forfeiture, or nonrenewal of any material permit or license applicable to the Company.

2.10 Agreements; Actions.

(a) Except for the Transaction Agreements, there are no agreements, understandings, instruments, contracts or proposed transactions to which the Company is a party or by which it is bound that involve (i) obligations (contingent or otherwise) of, or payments to, the Company in excess of $50,000, (ii) the license of any patent, copyright, trademark, trade secret or other proprietary right to or from the Company, (iii) the grant of rights to manufacture, produce, assemble, license, market, or sell its products to any other Person that limit the Company's exclusive right to develop, manufacture, assemble, distribute, market or sell its products, or (iv) indemnification by the Company with respect to infringements of proprietary rights.

For the purposes of (a) and (b) of this Subsection 2.10, all indebtedness, liabilities, agreements, understandings, instruments, contracts and proposed transactions involving the same Person (including Persons the Company has reason to believe are affiliated with each other) shall be aggregated for the purpose of meeting the individual minimum dollar amounts of such subsection.

(c) The Company is not a guarantor or indemnitor of any indebtedness of any other Person.

To the Company's knowledge, except as contemplated in the Voting Agreement, no stockholder of the Company has entered into any agreements with respect to the voting of capital shares of the Company.

2.13 Property. The property and assets that the Company owns are free and clear of all mortgages, deeds of trust, liens, loans and encumbrances, except for statutory liens for the payment of current taxes that are not yet delinquent and encumbrances and liens that arise in the ordinary course of business and do not materially impair the Company's ownership or use of such property or assets. With respect to the property and assets it leases, the Company is in compliance in all material respects with such leases and holds a valid leasehold interest free of any liens, claims or encumbrances other than those

of the lessors of such property or assets. The Company does not own any real property.

2.14 Material Liabilities. 2.15 Changes. Since March 13, 2020, in the case of the Initial Closing, and the date of the most recent balance sheet provided to the Purchaser in the case of all other Closings, there has not been:

Neither the execution or delivery of the Transaction Agreements, nor the carrying on of the Company's business by the employees of the Company, nor the conduct of the Company's business as now conducted and as presently proposed to be conducted, will, to the Company's knowledge, conflict with or result in a breach of the terms, conditions, or provisions of, or constitute a default under, any contract, covenant or instrument under which any such employee is now obligated.

All filings, declarations, listings, registrations, authorizations, notifications, certifications, reports, documents, submissions, claims and notices filed, provided or made by the Company or any of its officers, employees or, to the Company's knowledge, any of its contractors or agents with a governmental body in the name of or on behalf of the Company were (i) complete and accurate in all material respects on the date filed, provided or made (or were corrected in or supplemented if so required by legal requirement) and (ii) in compliance with applicable legal requirement and guidance when filed, except where such failure to be correct or to be in compliance with legal requirements would not reasonably be expected to have a Material Adverse Effect, and no deficiencies have been asserted by any applicable governmental body with respect to any such clearances, authorizations, licenses, approvals, waivers, accreditations, registrations, authorizations, filings, declarations, listing, registrations, notifications, certifications, reports, documents, submissions, claims and notices or other matters that have had a Material Adverse Effect. Neither the Company nor any of its officers, employees or, to the Company's knowledge, any of its contractors or agents has committed any act, made any statement or failed to make any statement in the performance of services for the Company that would reasonably be expected to provide a basis for FDA to invoke its "Fraud, Untrue Statements of Material Facts, Bribery, and Illegal Gratuities" policy as stated at 56 Fed. Reg. 46191 (September 10, 1991) or for any similar governmental entity to invoke a similar policy. Neither the Company nor any of its officers, employees, or to the Company's knowledge, any of its contractors or agents has made any materially false statements on, or material omissions from, any notifications, applications, approvals, reports and other submissions to FDA or any similar governmental entity in the performance of services for the Company.

(b) All studies, tests, and preclinical and clinical trials of company products being conducted by or on behalf of the Company have been and are being conducted in compliance with experimental protocols, procedures, and controls pursuant to applicable legal requirements and guidance, including, as applicable, current good laboratory practices, current good manufacturing practices and/or current good clinical practices requirements, privacy laws and human subject protections. The Company has not received any notices or other correspondence from the FDA or any other governmental body, institutional review board, independent ethics committee, data safety monitoring board, or other oversight body with respect to any ongoing or planned clinical or preclinical trials, studies or tests requiring the termination, suspension or material modification of any ongoing or planned clinical or preclinical trials, studies or tests and, to the Company's knowledge, the FDA or any other governmental body is not considering such action.

3. Representations and Warranties of the Purchaser. The Purchaser hereby represents and warrants to the Company that:

3.1 Authorization. The Purchaser has full power and authority to enter into the Transaction Agreements. The Transaction Agreements to which the Purchaser is a party, including this Agreement when executed and delivered by the Purchaser, constitute valid and legally binding obligations of the Purchaser, enforceable in accordance with their terms, except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and any other laws of general application affecting enforcement of creditors' rights generally, and as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies, or (b) to the extent the indemnification provisions contained in the Investors' Rights Agreement may be limited by applicable federal or state securities laws.

3.2 Purchase Entirely for Own Account. This Agreement is made with the Purchaser in reliance upon the Purchaser's representation to the Company, which by the Purchaser's execution of this Agreement, the Purchaser hereby confirms, that the Shares to be acquired by the Purchaser will be acquired for investment for the Purchaser's own account, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof, and that the Purchaser has no present intention of selling, granting any participation in, or otherwise distributing the same. By executing this Agreement, the Purchaser further represents that the Purchaser does not presently have any contract, undertaking, agreement or arrangement with any Person to sell, transfer or grant participations to such Person or to any third Person, with respect to any of the Shares. The Purchaser has not been formed for the specific purpose of acquiring the Shares.

3.3 Disclosure of Information. The Purchaser has had an opportunity to discuss the Company's business, management, financial affairs and the terms and conditions of the offering of the Shares with the Company's management and has had an opportunity to review the Company's facilities. The foregoing, however, does not limit or modify the representations and warranties of the Company in Section 2 of this Agreement or the right of the Purchaser to rely thereon.

3.4 Restricted Securities. The Purchaser understands that the Shares have not been, and will not be, registered under the Securities Act, by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Purchaser's representations as expressed herein. The Purchaser understands that the Shares are "restricted securities" under applicable U.S. federal and state securities laws and that, pursuant to these laws, the Purchaser must hold the Shares indefinitely unless they are registered with the Securities and Exchange Commission and qualified by state authorities, or an exemption from such registration and qualification requirements is available. The Purchaser acknowledges that the Company has no obligation to register or qualify the Shares, or the Common Stock into which it may be converted, for resale except as set forth in the Investors' Rights Agreement. The Purchaser further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the Shares, and on requirements relating to the Company which are outside of the Purchaser's control, and which the Company is under no obligation and may not be able to satisfy.

3.5 No Public Market. The Purchaser understands that no public market now exists for the Shares, and that the Company has made no assurances that a public market will ever exist for the Shares.

3.6 Legends. The Purchaser understands that the Shares and any securities issued in respect of or exchange for the Shares, may be notated with one or all of the following legends:

"THE SHARES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AND HAVE BEEN ACQUIRED FOR INVESTMENT AND NOT WITH A VIEW TO, OR IN CONNECTION WITH, THE SALE OR DISTRIBUTION THEREOF. NO SUCH TRANSFER MAY BE EFFECTED WITHOUT AN EFFECTIVE REGISTRATION STATEMENT RELATED THERETO OR AN OPINION OF COUNSEL IN A FORM SATISFACTORY TO THE COMPANY THAT SUCH REGISTRATION IS NOT REQUIRED UNDER THE SECURITIES ACT OF 1933."

(a) Any legend set forth in, or required by, the other Transaction Agreements.

(b) Any legend required by the securities laws of any state to the extent such laws are applicable to the Shares represented by the certificate, instrument, or book entry so legended.

3.7 Accredited Investor. The Purchaser is an accredited investor as defined in Rule 501(a) of Regulation D promulgated under the Securities Act.

3.8 Foreign Investors. If the Purchaser is not a United States person (as defined by Section 7701(a)(30) of the Code), the Purchaser hereby represents that it has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation to subscribe for the Shares or any use of this Agreement, including (i) the legal requirements within its jurisdiction for the purchase of the Shares, (ii) any foreign exchange restrictions applicable to such purchase, (iii) any governmental or other consents that may need to be obtained, and (iv) the income tax and other tax consequences, if any, that may be relevant to the purchase, holding, redemption, sale, or transfer of the Shares. The Purchaser's subscription and payment for and continued beneficial ownership of the Shares will not violate any applicable securities or other laws of the Purchaser's jurisdiction.

3.9 No General Solicitation. Neither the Purchaser, nor any of its officers, directors, employees, agents, stockholders or partners has either directly or indirectly, including, through a broker or finder (a) engaged in any general solicitation, or (b) published any advertisement in connection with the offer and sale of the Shares.

3.10 Residence. The office or offices of the Purchaser in which its principal place of business is identified in the address or addresses of the Purchaser is set forth on the signature page hereto.

4. Conditions to the Purchaser's Obligations at each Closing. The obligations of the Purchaser to purchase Shares at each Closing are subject to the fulfillment, on or before such Closing, of each of the following conditions, unless otherwise waived:

4.1 Representations and Warranties. The representations and warranties of the Company contained in Section 2 shall be true and correct in all respects as of such Closing.

4.2 Performance. The Company shall have performed and complied with all covenants, agreements, obligations and conditions contained in this Agreement that are required to be performed or complied with by the Company on or before such Closing.

4.3 Compliance Certificate. The President of the Company shall deliver to the Purchaser at such Closing a certificate certifying that the conditions specified in Subsections 4.1 and 4.2 have been fulfilled.

4.4 Qualifications. All authorizations, approvals or permits, if any, of any governmental authority or regulatory body of the United States or of any state that are required in connection with the lawful issuance and sale of the Shares pursuant to this Agreement shall be obtained and effective as of such Closing.

4.5 Restated Certificate. The Company shall have filed the Certificate of Amendment with the Secretary of State of Delaware on or prior to the Initial Closing, which shall continue to be in full force and effect as of each Closing.

4.6 Secretary's Certificate. The Secretary of the Company shall have delivered to the Purchaser at such Closing a certificate certifying (i) the Bylaws of the Company, (ii) resolutions of the Board of Directors of the Company approving the Transaction Agreements and the transactions contemplated under the Transaction Agreements, and (iii) resolutions of the stockholders of the Company approving the Certificate of Amendment.

4.7 Proceedings and Documents. All corporate and other proceedings in connection with the transactions contemplated at such Closing and all documents incident thereto shall be reasonably satisfactory in form and substance to the Purchaser, and the Purchaser (or its counsel) shall have received all such counterpart original and certified or other copies of such documents as reasonably requested. Such documents may include good standing certificates.

5. Conditions of the Company's Obligations at each Closing. The obligations of the Company to sell Shares to the Purchaser at each Closing are subject to the fulfillment, on or before such Closing, of each of the following conditions, unless otherwise waived:

5.1 Representations and Warranties. The representations and warranties of the Purchaser contained in Section 3 shall be true and correct in all respects as of such Closing.

5.2 Performance. The Purchaser shall have performed and complied with all covenants, agreements, obligations and conditions contained in this Agreement that are required to be performed or complied with by them on or before such Closing.

5.3 Qualifications. All authorizations, approvals or permits, if any, of any governmental authority or regulatory body of the United States or of any state that are required in connection with the lawful issuance and sale of the Shares pursuant to this Agreement shall be obtained and effective as of such Closing.

6. Miscellaneous.

6.1 Survival of Warranties. Unless otherwise set forth in this Agreement, the representations and warranties of the Company and the Purchaser contained in or made pursuant to this Agreement shall survive the execution and delivery of this Agreement and each Closing and shall in no way be affected by any investigation or knowledge of the subject matter thereof made by or on behalf of the Purchaser or the Company.

6.2 Successors and Assigns. The terms and conditions of this Agreement shall inure to the benefit of and be binding upon the respective successors and assigns of the parties. Nothing in this Agreement, express or implied, is intended to confer upon any party other than the parties hereto or their respective successors and assigns any rights, remedies, obligations or liabilities under or by reason of this Agreement, except as expressly provided in this Agreement.

AGREEMENT

NOW, THEREFORE, the Parties hereby agree as follows:

1. Amendments to Section 1.1 of the Purchase Agreement. Section 1.1 of the Purchase Agreement shall be amended by deleting Sections 1.1(e) and (f) in their entirety and inserting in lieu thereof the following:

For purposes hereof, the "**Fifth Tranche Milestone**" shall be deemed to have been achieved upon determination by the Board of Directors, including a majority of the Series A Directors, no later than October 31, 2022, that the Company has demonstrated proof of concept in an *in vitro* study through the generation of an RTM that exhibits Efficiency and Selectivity at a second designated target; provided, further, that the time period for achieving the Fifth Tranche Milestone may be extended up to 90 days after October 31, 2022 by the Company with the approval in writing of the Purchaser. There is no action, suit, proceeding or investigation by the Company pending or which the Company intends to initiate. The foregoing includes, without limitation, actions, suits, proceedings or investigations pending or threatened in writing (or any basis therefor known to the Company) involving the prior employment of any of the Company's employees, their services provided in connection with the Company's business, or any information or techniques allegedly proprietary to any of their former employers, or their obligations under any agreements with prior employers.

2.8 Intellectual Property. The Company owns or possesses or believes it can acquire on commercially reasonable terms sufficient legal rights to all Company Intellectual Property without any known conflict with, or infringement of, the rights of others. To the Company's knowledge, no product or service marketed or sold (or proposed to be marketed or sold) by the Company violates or will violate any license or infringes or will infringe any intellectual property rights of any other Person. Other than with respect to commercially available software products under standard end-user object code license agreements, there are no outstanding options, licenses, agreements, claims, encumbrances or shared ownership interests of any kind relating to the Company Intellectual Property, nor is the Company bound by or a party to any options, licenses or agreements of any kind with respect to the patents, trademarks, service marks, trade names, copyrights, trade secrets, licenses, information, proprietary rights and processes of any other Person. The Company has obtained and possesses valid licenses to use all of the software programs present on the computers and other software-enabled electronic devices that it owns or leases or that it has otherwise provided to its employees for their use in connection with the Company's business. To the Company's knowledge, it will not be necessary to use any inventions of any of its employees or consultants (or Persons it currently intends to hire) made prior to their employment by the Company. Except as set forth on Section 2.8 of the Disclosure Schedules, each employee and consultant has assigned to the Company all intellectual property rights he or she owns that are related to the Company's business as now conducted and as presently proposed to be conducted, solely with respect to consultants, that are created or developed within the scope of such consultant's engagement with the Company. The Company has not received any written communications alleging that the Company has violated or, by conducting its business, would violate any of the patents, trademarks, service marks, tradenames, copyrights, trade secrets, mask works or other proprietary rights or processes of any other Person. The Company has taken reasonable security measures to protect the secrecy, confidentiality and value of all trade secrets, know-how and other confidential and proprietary information owned by the Company or used by the Company in the Company's business as now conducted. For purposes of this Section 2.8, the Company shall be deemed to have knowledge of a patent right if the Company has actual knowledge of the patent right or would be found to be on notice of such patent right as determined by reference to United States patent laws.

2.9 Compliance with Other Instruments. The Company is not in violation or default (i) of any provisions of the Amended Charter, or Bylaws, (ii) of any instrument, judgment, order,

writ or decree, (iii) under any note, indenture or mortgage, or (iv) under any lease, agreement, contract or purchase order to which it is a party or by which it is bound that is required to be listed on the Disclosure Schedule, or, (v) of any provision of federal or state statute, rule or regulation applicable to the Company, the violation of which would have a Material Adverse Effect. The execution, delivery and performance of the Transaction Agreements and the consummation of the transactions contemplated by the Transaction Agreements will not result in any such violation or be in conflict with or constitute, with or without the passage of time and giving of notice, either (i) a default under any such provision, instrument, judgment, order, writ, decree, contract or agreement or (ii) an event which results in the creation of any lien, charge or encumbrance upon any assets of the Company or the suspension, revocation, forfeiture, or nonrenewal of any material permit or license applicable to the Company.

2.10 Agreements; Actions.

(a) Except for the Transaction Agreements, there are no agreements, understandings, instruments, contracts or proposed transactions to which the Company is a party or by which it is bound that involve (i) obligations (contingent or otherwise) of, or payments to, the Company in excess of $150,000, (ii) the license of any patent, copyright, trademark, trade secret or other proprietary right to or from the Company, or (iii) the grant of rights to manufacture, produce, assemble, license, market, or sell its products to any other Person that limit the Company's exclusive right to develop, manufacture, assemble, distribute, market or sell its products.

(b) The Company has not (i) declared or paid any dividends, or authorized or made any distribution upon or with respect to any class or series of its capital stock, (ii) incurred any indebtedness for money borrowed or incurred any other liabilities individually in excess of $150,000 or in excess of $200,000 in the aggregate, (iii) made any loans or advances to any Person, other than ordinary advances for travel expenses, or (iv) sold, exchanged or otherwise disposed of any of its assets or rights, other than the sale of its inventory in the ordinary course of business. For the purposes of subsections (a) and (b) of this Section 2.10, all indebtedness, liabilities, agreements, understandings, instruments, contracts and proposed transactions involving the same Person (including Persons the Company has reason to believe are affiliated with each other) shall be aggregated for the purpose of meeting the individual minimum dollar amounts of such subsection.

(c) The Company is not a guarantor or indemnitor of any indebtedness of any other Person.

2.11 Certain Transactions.

(a) Other than (i) standard employee benefits generally made available to all employees, (ii) standard director and officer indemnification agreements approved by the Board of Directors, (iii) the purchase of shares of the Company's capital stock and the issuance of options to purchase shares of the Company's Common Stock, in each instance, approved in the written minutes of the Board of Directors (previously made available to the Purchasers or their counsel), and (iv) promissory notes, pledge agreements and other related documents concerning the purchase of shares of the Company's capital stock, there are no agreements, understandings

or proposed transactions between the Company and any of its officers, directors, consultants or Key Employees, or any Affiliate thereof.

(b) The Company is not indebted, directly or indirectly, to any of its directors, officers or employees or to their respective spouses or children or to any Affiliate of any of the foregoing, other than in connection with expenses or advances of expenses incurred in the ordinary course of business or employee relocation expenses and for other customary employee benefits made generally available to all employees. None of the Company's directors, officers or employees, or any members of their immediate families, or any Affiliate of the foregoing are, directly or indirectly, indebted to the Company, other than promissory notes extended to officers or employees for the purchase of shares of the Company's capital stock.

2.12 Rights of Registration and Voting Rights. Except as provided in the Investors' Rights Agreement, the Company is not under any obligation to register under the Securities Act any of its currently outstanding securities or any securities issuable upon exercise or conversion of its currently outstanding securities. To the Company's knowledge, no stockholder of the Company has entered into any agreements with respect to the voting of capital stock of the Company.

2.13 Absence of Liens. The property and assets that the Company owns are free and clear of all mortgages, deeds of trust, liens, loans and encumbrances, except for statutory liens for the payment of current taxes that are not yet delinquent and encumbrances and liens that arise in the ordinary course of business and do not materially impair the Company's ownership or use of such property or assets. With respect to the property and assets it leases, the Company is in compliance with such leases and, to its knowledge, holds a valid leasehold interest free of any liens, claims or encumbrances other than those of the lessors of such property or assets. The Company does not own any real property.

2.14 Tax Returns and Payments. The Company has timely paid all federal, state, county, local, foreign and other taxes required to be paid by it, whether or not assessed or disputed. The Company has set aside adequate reserves for all taxes that have accrued but are not yet due and payable. There have been no examinations or audits of any tax returns or reports by any applicable federal, state, local or foreign governmental agency and no such examinations or audits are currently pending. The Company has duly and timely filed all federal, state, county, local, foreign and other tax returns, reports, information statements or other documents, required to have been filed by it and there are in effect no waivers of applicable statutes of limitations with respect to taxes for any year. The Company has properly withheld and paid all taxes required to have been withheld and paid in connection with any amounts paid or credited to any employee, independent contractor, creditor, stockholder or other third party.

2.15 Permits. The Company has all franchises, permits, licenses and any similar authority necessary for the conduct of its business, the lack of which could reasonably be expected to have a Material Adverse Effect. The Company is not in default in any material respect under any of such franchises, permits, licenses or other similar authority.

2.16 Corporate Documents. The Amended Charter and Bylaws of the Company are in the forms made available to the Purchasers. The copy of the minute books of the Company made

available to the Purchasers contains minutes of all meetings of directors and stockholders and all actions by written consent without a meeting by the directors and stockholders since the date of incorporation and accurately reflects in all material respects all actions by the directors (and any committee of directors) and stockholders with respect to all transactions referred to in such minutes or written consents.

2.17 83(b) Elections. To the Company's knowledge, all elections and notices under Section 83(b) of the Code have been or will be timely filed by all individuals who have acquired unvested shares of the Common Stock.

2.18 Real Property Holding Corporation. The Company is not now and has never been a "United States real property holding corporation" as defined in the Code and any applicable regulations promulgated thereunder. The Company has filed with the Internal Revenue Service all statements, if any, with its United States income tax returns which are required under such regulations.

3. Representations and Warranties of the Purchasers. Each Purchaser hereby represents and warrants to the Company, severally and not jointly, that:

3.1 Authorization. The Purchaser has full power and authority to enter into the Transaction Agreements to which the Purchaser is a party. The Transaction Agreements to which the Purchaser is a party, when executed and delivered by the Purchaser, will constitute valid and legally binding obligations of the Purchaser, enforceable in accordance with their terms, except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, and any other laws of general application affecting enforcement of creditors' rights generally, and as limited by laws relating to the availability of specific performance, injunctive relief, or other equitable remedies, or (b) to the extent the indemnification provisions contained in the Investors' Rights Agreement may be limited by applicable federal or state securities laws.

3.2 Purchase Entirely for Own Account. This Agreement is made with the Purchaser in reliance upon the Purchaser's representation to the Company, which by the Purchaser's execution of this Agreement, the Purchaser hereby confirms, that the Shares to be acquired by the Purchaser will be acquired for investment for the Purchaser's own account, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof, and that the Purchaser has no present intention of selling, granting any participation in, or otherwise distributing the same. By executing this Agreement, the Purchaser further represents that the Purchaser does not presently have any contract, undertaking, agreement or arrangement with any Person to sell, transfer or grant participations to such Person or to any third Person, with respect to any of the Shares. The Purchaser has not been formed for the specific purpose of acquiring the Shares.

3.3 Disclosure of Information. The Purchaser has had an opportunity to discuss the Company's business, management, financial affairs and the terms and conditions of the offering of the Shares with the Company's management and has had an opportunity to review the Company's facilities. The foregoing, however, does not limit or modify the representations and

warranties of the Company in Section 2 of this Agreement or the right of the Purchasers to rely thereon.

3.4 Restricted Securities. The Purchaser understands that the Shares have not been, and will not be, registered under the Securities Act, by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Purchaser's representations as expressed herein. The Purchaser understands that the Shares are "restricted securities" under applicable U.S. federal and state securities laws and that, pursuant to these laws, the Purchaser must hold the Shares indefinitely unless they are registered with the Securities and Exchange Commission and qualified by state authorities, or an exemption from such registration and qualification requirements is available. The Purchaser acknowledges that the Company has no obligation to register or qualify the Shares, or the Conversion Shares, for resale except as set forth in the Investors' Rights Agreement. The Purchaser further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the Shares, and on requirements relating to the Company which are outside of the Purchaser's control, and which the Company is under no obligation and may not be able to satisfy.

3.5 No Public Market. The Purchaser understands that no public market now exists for the Shares, and that the Company has made no assurances that a public market will ever exist for the Shares.

3.6 Legends. The Purchaser understands that the Shares and any securities issued in respect of or exchange for the Shares, may bear one or more of the following legends:

(a) "THE SHARES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, AND HAVE BEEN ACQUIRED FOR INVESTMENT AND NOT WITH A VIEW TO, OR IN CONNECTION WITH, THE SALE OR DISTRIBUTION THEREOF. NO SUCH TRANSFER MAY BE EFFECTED WITHOUT AN EFFECTIVE REGISTRATION STATEMENT RELATED THERETO OR AN OPINION OF COUNSEL IN A FORM SATISFACTORY TO THE COMPANY THAT SUCH REGISTRATION IS NOT REQUIRED UNDER SUCH ACT."

(b) Any legend set forth in, or required by, the other Transaction Agreements.

(c) Any legend required by the securities laws of any state to the extent such laws are applicable to the Shares represented by the certificate so legended.

3.7 Accredited Investor; Bad Actor. The Purchaser is an accredited investor as defined in Rule 501(a) of Regulation D promulgated under the Securities Act. Each Purchaser hereby represents that no Disqualification Event is applicable to such Purchaser or any of its Rule 506(d) Related Parties (as defined below), except, if applicable, for a Disqualification Event as to which Rule 506(d)(2)(ii) or (iii) or (d)(3) is applicable. For purposes of this Agreement, "**Rule 506(d) Related Parties**" shall mean persons or entities that are beneficial owners of such Purchaser's securities for purposes of Rule 506(d) of the Securities Act.

3.8 Foreign Investors. If the Purchaser is not a United States person (as defined by Section 7701(a)(30) of the Code), the Purchaser hereby represents that it has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation to subscribe for the Shares or any use of this Agreement, including (i) the legal requirements within its jurisdiction for the purchase of the Shares, (ii) any foreign exchange restrictions applicable to such purchase, (iii) any governmental or other consents that may need to be obtained, and (iv) the income tax and other tax consequences, if any, that may be relevant to the purchase, holding, redemption, sale, or transfer of the Shares. The Purchaser's subscription and payment for and continued beneficial ownership of the Shares will not violate any applicable securities or other laws of the Purchaser's jurisdiction.

3.9 No General Solicitation. Neither the Purchaser, nor any of its officers, directors, employees, agents, stockholders or partners has either directly or indirectly, including through a broker or finder (a) engaged in any general solicitation, or (b) published any advertisement in connection with the offer and sale of the Shares.

3.10 Exculpation Among Purchasers. The Purchaser acknowledges that it is not relying upon any Person, other than the Company and its officers and directors, in making its investment or decision to invest in the Company. The Purchaser agrees that neither any Purchaser nor the respective controlling Persons, officers, directors, partners, agents, or employees of any Purchaser shall be liable to any other Purchaser for any action heretofore or hereafter taken or omitted to be taken by any of them in connection with the purchase of the Shares.

3.11 Residence. If the Purchaser is an individual, then the Purchaser resides in the state or province identified in the address of the Purchaser set forth on Exhibit A; if the Purchaser is a partnership, corporation, limited liability company or other entity, then the office or offices of the Purchaser in which its principal place of business is identified in the address or addresses of the Purchaser set forth on Exhibit A.

3.12 Consent to Promissory Note Conversion and Termination. Each Purchaser, to the extent that such Purchaser, as set forth on the Schedule of Purchasers, is a holder (a "Noteholder") of any promissory note of the Company (each, a "Note") being converted in consideration of the issuance hereunder of Shares to such Noteholder, hereby agrees that the entire amount owed to such Noteholder under such Note is being tendered to the Company in exchange for the applicable Shares set forth on the Schedule of Purchasers, and effective upon the Company's and such Noteholder's execution and delivery of this Agreement, without any further action required by the Company or such Noteholder, such note and all obligations set forth therein shall be immediately deemed repaid in full and terminated in their entirety, including, but not limited to, any security interest effected therein. Each Noteholder further agrees that, notwithstanding the definition of a Qualified Financing (as defined in each Note) and the amount of gross proceeds the Company may receive at the Initial Closing, each Note shall convert automatically upon the Initial Closing as if such Initial Closing is a Qualified Financing.

4. Conditions to the Purchasers' Obligations at Closings. The obligations of each Purchaser to purchase Shares at each Closing are subject to the fulfillment, on or before such Closing, of each of the following conditions, unless otherwise waived:

4.1 Representations and Warranties. The representations and warranties of the Company contained in Section 2 shall be true and correct in all respects as of such Closing.

4.2 Performance. The Company shall have performed and complied with all covenants, agreements, obligations and conditions contained in this Agreement that are required to be performed or complied with by the Company on or before such Closing.

4.3 Compliance Certificate. The President of the Company shall deliver to the Purchasers at such Closing a certificate certifying that the conditions specified in Sections 4.1 and 4.2 have been fulfilled.

4.4 Opinion of Company Counsel. The Purchasers shall have received from Goodwin Procter LLP, counsel for the Company, an opinion, dated as of the Initial Closing, in substantially the form of Exhibit F attached to this Agreement.

4.5 Qualifications. All authorizations, approvals or permits, if any, of any governmental authority or regulatory body of the United States or of any state that are required in connection with the lawful issuance and sale of the Shares pursuant to this Agreement shall be obtained and effective as of such Closing.

4.6 Board of Directors. Immediately following the Initial Closing, the authorized size of the Board of Directors shall be set at six (6) members, and the Board of Directors shall initially be comprised of Joseph Yanchik, Seth Harrison, Anna Batarina, John Hastewell, Raj Chopra and Andy Bayliffe.

4.7 Investors' Rights Agreement. The Company and each Purchaser (other than the Purchaser relying upon this condition to excuse such Purchaser's performance hereunder) shall have executed and delivered the Investors' Rights Agreement.

4.8 Amended Charter. The Company shall have filed the Amended Charter with the Secretary of State of Delaware on or prior to the Initial Closing, which shall continue to be in full force and effect as of such Closing.

4.9 Secretary's Certificate. The Secretary or another corporate officer of the Company shall have delivered to the Purchasers at the Initial Closing a certificate certifying (i) the Bylaws of the Company, (ii) resolutions of the Board of Directors of the Company approving the Transaction Agreements and the transactions contemplated under the Transaction Agreements, and (iii) resolutions of the stockholders of the Company approving the Amended Charter.

4.10 Proceedings and Documents. All corporate and other proceedings in connection with the transactions contemplated at such Closing and all documents incident thereto shall be reasonably satisfactory in form and substance to each Purchaser, and each Purchaser (or its

counsel) shall have received all such counterpart original and certified or other copies of such documents as reasonably requested.

4.11 No Material Adverse Effect. In the case of each Additional Closing, there shall not have occurred and be continuing a Material Adverse Effect since the date of the prior Closing.

5. Conditions of the Company's Obligations at Closings. The obligations of the Company to sell Shares to the Purchasers at each Closing are subject to the fulfillment, on or before such Closing, of each of the following conditions, unless otherwise waived:

5.1 Representations and Warranties. The representations and warranties of each Purchaser contained in Section 3 shall be true and correct in all respects as of such Closing.

5.2 Performance. The Purchasers shall have performed and complied with all covenants, agreements, obligations and conditions contained in this Agreement that are required to be performed or complied with by them on or before such Closing.

5.3 Qualifications. All authorizations, approvals or permits, if any, of any governmental authority or regulatory body of the United States or of any state that are required in connection with the lawful issuance and sale of the Shares pursuant to this Agreement shall be obtained and effective as of such Closing.

5.4 Investors' Rights Agreement. Each Purchaser shall have executed and delivered the Investors' Rights Agreement.

6. Miscellaneous.

6.1 Survival of Warranties. Unless otherwise set forth in this Agreement, the representations and warranties of the Company and the Purchasers contained in or made pursuant to this Agreement, as qualified by the applicable Disclosure Schedule, shall survive the execution and delivery of this Agreement and each Closing and shall in no way be affected by any investigation or knowledge of the subject matter thereof made by or on behalf of the Purchasers or the Company.

6.2 Successors and Assigns. The terms and conditions of this Agreement shall inure to the benefit of and be binding upon the respective successors and assigns of the parties. Nothing in this Agreement, express or implied, is intended to confer upon any party other than the parties hereto or their respective successors and assigns any rights, remedies, obligations or liabilities under or by reason of this Agreement, except as expressly provided in this Agreement.

6.3 Governing Law. This Agreement shall be governed by and construed in accordance with the internal law of the State of Delaware, without regard to conflict of law principles that would result in the application of any law other than the law of the State of Delaware.

6.4 Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Counterparts may be delivered via facsimile, electronic mail (including pdf or any electronic signature complying with the U.S. federal ESIGN Act of 2000, *e.g.*, www.docusign.com) or other transmission method and any counterpart so delivered shall be deemed to have been duly and validly delivered and be valid and effective for all purposes.

6.5 Titles and Subtitles. The titles and subtitles used in this Agreement are used for convenience only and are not to be considered in construing or interpreting this Agreement.

6.6 Notices. All notices and other communications given or made pursuant to this Agreement shall be in writing and shall be deemed effectively given upon the earlier of actual receipt, or (a) personal delivery to the party to be notified, (b) when sent, if sent by electronic mail or facsimile during normal business hours of the recipient, and if not sent during normal business hours, then on the recipient's next business day, (c) five days after having been sent by registered or certified mail, return receipt requested, postage prepaid, or (d) one business day after deposit with a nationally recognized overnight courier, freight prepaid, specifying next business day delivery, with written verification of receipt. All communications shall be sent to the respective parties at their address as set forth on the signature page or Exhibit A, or to such e-mail address, facsimile number or address as subsequently modified by written notice given in accordance with this Section 6.6. If notice is given to the Company, a copy, which shall not constitute notice, shall also be sent to Mitchell S. Bloom and Richard A. Hoffman at Goodwin Procter LLP, 100 Northern Avenue, Boston, MA 02210.

6.7 No Finder's Fees. Each party represents that it neither is nor will be obligated for any finder's fee or commission in connection with this transaction. Each Purchaser agrees to indemnify and to hold harmless the Company from any liability for any commission or compensation in the nature of a finder's or broker's fee arising out of this transaction (and the costs and expenses of defending against such liability or asserted liability) for which such Purchaser or any of its officers, employees, or representatives is responsible. The Company agrees to indemnify and hold harmless each Purchaser from any liability for any commission or compensation in the nature of a finder's or broker's fee arising out of this transaction (and the costs and expenses of defending against such liability or asserted liability) for which the Company or any of its officers, employees or representatives is responsible.

6.8 Fees and Expenses. At the Closing, the Company shall pay the reasonable fees and expenses of counsel for Apple Tree Partners IV, L.P., in an amount not to exceed, in the aggregate, $35,000.

6.9 Amendments and Waivers. Any term of this Agreement may be amended, terminated or waived only with the written consent of the Company and the holders of a majority of the then outstanding shares of Series A Preferred Stock, voting as a separate class. Any amendment or waiver effected in accordance with this Section 6.8 shall be binding upon the Purchasers and each transferee of the Shares (or the Conversion Shares), each future holder of all such securities, and the Company.

6.10 Severability. The invalidity or unenforceability of any provision hereof shall in no way affect the validity or enforceability of any other provision.

6.11 Delays or Omissions. No delay or omission to exercise any right, power or remedy accruing to any party under this Agreement, upon any breach or default of any other party under this Agreement, shall impair any such right, power or remedy of such non-breaching or non-defaulting party nor shall it be construed to be a waiver of any such breach or default, or an acquiescence therein, or of or in any similar breach or default thereafter occurring; nor shall any waiver of any single breach or default be deemed a waiver of any other breach or default theretofore or thereafter occurring. Any waiver, permit, consent or approval of any kind or character on the part of any party of any breach or default under this Agreement, or any waiver on the part of any party of any provisions or conditions of this Agreement, must be in writing and shall be effective only to the extent specifically set forth in such writing. All remedies, either under this Agreement or by law or otherwise afforded to any party, shall be cumulative and not alternative.

6.12 Entire Agreement. This Agreement (including the Exhibits hereto), the Amended Charter and the other Transaction Agreements constitute the full and entire understanding and agreement between the parties with respect to the subject matter hereof, and any other written or oral agreement relating to the subject matter hereof existing between the parties are expressly canceled.

6.13 No Commitment for Additional Financing. The Company acknowledges and agrees that no Purchaser has made any representation, undertaking, commitment or agreement to provide or assist the Company in obtaining any financing, investment or other assistance, other than the purchase of the Shares as set forth herein and subject to the conditions set forth herein. In addition, the Company acknowledges and agrees that (i) no statements, whether written or oral, made by any Purchaser or its representatives on or after the date of this Agreement shall create an obligation, commitment or agreement to provide or assist the Company in obtaining any financing or investment, (ii) the Company shall not rely on any such statement by any Purchaser or its representatives and (iii) an obligation, commitment or agreement to provide or assist the Company in obtaining any financing or investment may only be created by a written agreement, signed by such Purchaser and the Company, setting forth the terms and conditions of such financing or investment and stating that the parties intend for such writing to be a binding obligation or agreement. Each Purchaser shall have the right, in its sole and absolute discretion, to refuse or decline to participate in any other financing of or investment in the Company, and shall have no obligation to assist or cooperate with the Company in obtaining any financing, investment or other assistance.

6.14 Submission to Jurisdiction. The parties hereto submit to the exclusive jurisdiction of any federal or state court located within the State of Delaware over any dispute arising out of or relating to the Agreement or any of the transactions contemplated hereby and each party hereby agree that all claims in respect of such dispute or any suit, action or proceeding related thereto may be heard and determined in such courts. The parties waive, to the fullest extent permitted by applicable law, any objection which they may not or hereafter have to the laying of venue of any such dispute brought in such court or any defense of inconvenient forum for the maintenance of such dispute. Each of the parties hereto agrees that a judgment in any such

dispute may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

6.15 Waiver of Conflicts. Each party to this Agreement acknowledges that Goodwin Procter LLP, counsel for the Company, has in the past performed and may continue to perform legal services for certain of the Purchasers in matters unrelated to the transactions described in this Agreement, including the representation of such Purchasers in venture capital financings and other matters. Accordingly, each party to this Agreement hereby (a) acknowledges that they have had an opportunity to ask for information relevant to this disclosure; and (b) gives its informed consent to Goodwin Procter LLP's representation of certain of the Purchasers in such unrelated matters and to Goodwin Procter LLP's representation of the Company in connection with this Agreement and the transactions contemplated hereby.

6.16 Termination of Closing Obligations. The Purchasers' obligation to complete a Closing shall terminate:

(a) if the Company consummates a Deemed Liquidation Event (as defined in the Amended Charter);

(b) immediately prior to, and contingent upon, the closing of an initial public offering of the Common Stock of the Company;

(c) if the Company (i) becomes subject to the appointment of a receiver, trustee, custodian or liquidator for itself or substantially all of its property, (ii) makes an assignment for the benefit of creditors, (iii) institutes any proceedings under the United States Bankruptcy Code or any other federal or state bankruptcy, reorganization, receivership, insolvency or other similar law affecting the rights of creditors generally, or files a petition or answer seeking reorganization or an arrangement with creditors to take advantage of any insolvency law, or files an answer admitting the material allegations of a bankruptcy, reorganization or insolvency petition filed against it, or (iv) becomes subject to any involuntary proceedings under the United States Bankruptcy Code or any other federal or state bankruptcy, reorganization, receivership, insolvency or other similar law affecting the rights of creditors generally, which proceeding is not dismissed within thirty (30) days of filing, or has an order for relief entered against it in any proceeding under the United States Bankruptcy Code; or

(d) upon the occurrence and continuance of a Material Adverse Effect, as provided in Section 4.13.

The parties hereby agree as follows:

1. Purchase and Sale of Preferred Stock.

1.1 Sale and Issuance of Preferred Stock.

(a) The Company shall adopt and file with the Secretary of State of the State of Delaware on or before the Initial Closing (as defined below) the Amended and Restated Certificate of Incorporation in the form of Exhibit B attached to this Agreement (the "***Restated Certificate***").

(b) Subject to the terms and conditions of this Agreement, the Purchaser agrees to purchase at the applicable Closing and the Company agrees to sell and issue to the Purchaser at the applicable Closing that number of shares of Series A Preferred Stock, $0.001 par value per share (the "***Series A Preferred Stock***"), set forth on Exhibit A, at a purchase price of $1.00 per share (the "***Purchase Price***"). The shares of Series A Preferred Stock issued to the Purchaser pursuant to this Agreement (including any shares issued at the Initial Closing and any Additional Shares, as defined below) shall be referred to in this Agreement as the "***Shares***."

1.2 Closing; Delivery.

(a) *Initial Closing*. The initial purchase and sale of the Shares shall take place remotely via the exchange of documents and signatures on the date hereof or at such other time and place as the Company and the Purchaser mutually agree upon, orally or in writing (which time and place are designated as the "***Initial Closing***"). The term "***Closing***" shall apply to each of the Initial Closing, the Second Tranche Closing, the Third Tranche Closing, the Fourth Tranche Closing, the Fifth Tranche Closing and the Sixth Tranche Closing.

(b) *Second Tranche Closing*. If the Purchaser determines, in its discretion, that the Company has successfully achieved the In Vitro Milestone (as defined below), then the Purchaser shall send a written notice of such determination to the Company ("***In Vitro Milestone Notice***") as promptly as practicable, and in any event no more than five (5) business days, following such determination by the Purchaser. Within fifteen (15) business days following the Company's receipt of the In Vitro Milestone Notice (the "***Second Tranche Closing***"), the Company shall sell, and the Purchaser shall purchase, on the terms and conditions set forth in this Agreement, an additional 4,000,000 shares of Series A Preferred Stock (the "***Second Tranche Shares***") at a price per Share equal to the Purchase Price. For the avoidance of doubt, if the In Vitro Milestone has not been achieved, or if the In Vitro Milestone Notice has not been received by the Company, on or prior to the In Vitro Milestone Outside Date, the Purchaser shall have no obligation whatsoever to purchase the Second Tranche Shares and consummate the Second Tranche Closing.

(c) *Third Tranche Closing*. If the Purchaser determines, in its discretion, that the Company has successfully achieved the First In Vivo Proof of Concept Milestone (as defined below), then the Purchaser shall send a written notice of such determination to the Company ("***First In Vivo Proof of Concept Milestone Notice***") as promptly as practicable, and in any event no more than five (5) business days, following such determination by the Purchaser. Within fifteen (15) business days following the Company's receipt of the First In Vivo Proof of Concept Milestone Notice (the "***Third Tranche Closing***"), the Company shall sell, and the Purchaser shall purchase, on the terms and conditions set forth in this Agreement, an additional 10,000,000 shares of Series A Preferred Stock (the "***Third Tranche Shares***") at a price per Share equal to the Purchase Price. For the avoidance of doubt, if the First In Vivo Proof of Concept Milestone has not been achieved, or if the First In Vivo Proof of Concept Milestone Notice has not been received by the Company, on or prior to the First In Vivo Proof of Concept Milestone Outside Date, the Purchaser shall have no obligation whatsoever to purchase the Third Tranche Shares and consummate the Third Tranche Closing.

(d) *Fourth Tranche Closing*. If the Purchaser determines, in its discretion, that the Company has successfully achieved the Second In Vivo Proof of Concept Milestone (as defined below), then the Purchaser shall send a written notice of such determination to the Company ("***Second In Vivo Proof of Concept Milestone Notice***") as promptly as practicable, and in any event no more than five (5) business days, following such determination by the Purchaser. Within fifteen (15) business days following the Company's receipt of the Second In Vivo Proof of Concept Milestone Notice (the "***Fourth Tranche Closing***"), the Company shall sell, and the Purchaser shall purchase, on the terms and conditions set forth in this Agreement, an additional 5,000,000 shares of Series A Preferred Stock (the "***Fourth Tranche Shares***") at a price per Share equal to the Purchase Price. For the avoidance of doubt, if the Second In Vivo Proof of Concept Milestone has not been achieved, or if the Second In Vivo Proof of Concept Milestone Notice has not been received by the Company, on or prior to the Second In Vivo Proof of Concept Milestone Outside Date, the Purchaser shall have no obligation whatsoever to purchase the Fourth Tranche Shares and consummate the Fourth Tranche Closing.

(e) *Fifth Tranche Closing*. If the Purchaser determines, in its discretion, that the Company has successfully achieved the Third In Vivo Proof of Concept Milestone (as defined below), then the Purchaser shall send a written notice of such determination to the Company ("***Third In Vivo Proof of Concept Milestone Notice***") as promptly as practicable, and in any event no more than five (5) business days, following such determination by the Purchaser. Within fifteen (15) business days following the Company's receipt of the Third In Vivo Proof of Concept Milestone Notice (the "***Fifth Tranche Closing***"), the Company shall sell, and the Purchaser shall purchase, on the terms and conditions set forth in this Agreement, an additional 5,000,000 shares of Series A Preferred Stock (the "***Fifth Tranche Shares***") at a price per Share equal to the Purchase Price. (f) *Sixth Tranche Closing*. If the Purchaser determines, in its discretion, that the Company has successfully achieved the Development Candidate Milestone (as defined below), then the Purchaser shall send a written notice of such determination to the Company ("***Development Candidate Milestone Notice***") as promptly as practicable, and in any event no more than five (5) business days, following such determination by the Purchaser. For the avoidance of doubt, if the Development Candidate Milestone has not been achieved, or if the Development Candidate Milestone Notice has not been received by the Company, on or prior to the Development Candidate Milestone Outside Date, the Purchaser shall have no obligation whatsoever to purchase the Sixth Tranche Shares and consummate the Sixth Tranche Closing.

(g) The date of the purchase and sale of the Additional Shares pursuant to the Second Tranche Closing, Third Tranche Closing, Fourth Tranche Closing, Fifth Tranche Closing and Sixth Tranche Closing is referred to in this Agreement as an "***Additional Closing***." Exhibit A to this Agreement shall be updated to reflect the number of Additional Shares purchased at each such Additional Closing.

(h) Promptly following each Closing, the Company shall deliver to the Purchaser a certificate representing the Shares being purchased by the Purchaser at such Closing against payment of the Purchase Price therefor by check payable to the Company or by wire transfer to a bank account designated by the Company.

(i) Notwithstanding the foregoing, the Purchaser shall have the option, at any time, and upon at least three (3) business days' notice to the Company, to accelerate its obligation to purchase all or a portion of the Additional Shares (at a per share price equal to the Purchase Price), notwithstanding that one or more Milestones has not occurred. The purchase of such Additional Shares shall take place on a business day determined by the Purchaser, and the date of such purchase shall be an Additional Closing and subject to the terms and conditions set forth in this Agreement. Any purchase of Additional Shares pursuant to this Section 1.2(i) shall correspondingly first reduce the Purchaser's obligations under Section 1.2(b), second, to the extent applicable, Section 1.2(c), then third, to the extent applicable, Section 1.2(d), then fourth, to the extent applicable, Section 1.2(e), and then fifth, to the extent applicable, Section 1.2(f).

Neither the Company nor, to the Company's knowledge, any of its officers, directors or Key Employees is a party or is named as subject to the provisions of any order, writ, injunction, judgment or decree of any court or government agency or instrumentality (in the case of officers, directors or Key Employees, such as would affect the Company). (b) *Non-Infringement.* To the Company's knowledge, neither the Product Candidate nor any other product or service developed, marketed or sold by the Company violates any license or infringes any Intellectual Property Rights of any other party.

(c) *Outbound Licenses.* Other than with respect to commercially available software products and cloud services under standard end-user license agreements and other non-exclusive licenses granted to third parties in the ordinary course of business and consistent with past practice, there are no outstanding options, licenses, agreements, claims, encumbrances or shared ownership interests of any kind relating to the Intellectual Property Rights owned or purported to be owned by the Company ("***Company-Owned Intellectual Property***").

(d) *Inbound Licenses.* Other than (i) with respect to commercially available software products and cloud services licensed under standard terms, and (ii) backup licenses from employees and contractors granted in connection with providing services to the Company, the Company is not bound by or a party to any options, licenses or agreements of any kind with respect to Intellectual Property Rights of any other Person that are material to the business of the Company.

(e) *Third-Party Intellectual Property.* The Company has not received any communications alleging that the Company has violated, or by conducting its business, would violate any of the Intellectual Property Rights of any other Person. To the Company's knowledge, the Company has obtained and possesses valid licenses to use all of the software programs present on the computers and other software-enabled electronic devices that it owns or leases or that it has otherwise provided to its employees

for their use in connection with the Company's business. To the Company's knowledge, to the extent it will be necessary to use any inventions of any of its employees or consultants (or Persons it currently intends to hire) made prior to their employment by the Company, including prior employees or consultants, the Company owns or possesses or believes it can acquire on commercially reasonable terms sufficient legal rights to all such inventions.

(f) *Employees and Consultants.* Each employee and consultant has assigned to the Company all Intellectual Property Rights he or she owns that are related to the Company's business as now conducted and as presently proposed to be conducted and all Intellectual Property Rights that he, she or it solely or jointly conceived, reduced to practice, developed or made during the period of his, her or its employment or consulting relationship with the Company that (a) relate, at the time of conception, reduction to practice, development, or making of such Intellectual Property Right, to the Company's business as then conducted or as then proposed to be conducted, (b) were developed on any amount of the Company's time or with the use of any of the Company's equipment, supplies, facilities or information or (c) resulted from the performance of services for the Company.

(g) *Registered Intellectual Property Rights.* Subsection 2.8 of the Disclosure Schedule lists all patents, patent applications, registered trademarks, trademark applications, registered service marks, service mark applications, and registered copyrights, in each case owned or purported to be owned by the Company.

(h) *Trade Secret Protection.* The Company has taken commercially reasonable measures to maintain and protect all confidential information and trade secrets of the Company that the Company intended to maintain as confidential or a trade secret.

(i) *Institutional Resources.* No government funding, facilities of a university, college, other educational institution or research center, or funding from third parties was used in the development of any Company-Owned Intellectual Property in a manner that has resulted in such entity retaining any claim of ownership or right to use any such Company-Owned Intellectual Property. To the Company's knowledge, no Person who was involved in, or who contributed to, the creation or development of any Company-Owned Intellectual Property, has performed services for the government, university, college, or other educational institution or research center in a manner that would affect Company's rights in the Company-Owned Intellectual Property.

2.9 Compliance with Other Instruments. The Company is not in violation or default (a) of any provisions of its Restated Certificate or Bylaws, (b) of any instrument, judgment, order, writ or decree, (c) under any note, indenture or mortgage, or (d) under any lease, agreement, contract or purchase order to which it is a party or by which it is bound that is required to be listed on the Disclosure Schedule, or (e) to its knowledge, of any provision of federal or state statute, rule or regulation applicable to the Company, the violation of which would have a Material Adverse Effect. The execution, delivery and performance of the Transaction Agreements and the consummation of the transactions contemplated by the Transaction Agreements will not result in any such violation or be in conflict with or constitute, with or without the passage of time and giving of notice, either (i) a default under any such provision, instrument, judgment, order, writ, decree, contract or agreement; or (ii) an event which results in the creation of any lien, charge or encumbrance upon any assets of the Company or the suspension, revocation, forfeiture, or nonrenewal of any material permit or license applicable to the Company.

2.10 Agreements; Actions.

(a) Except for the Transaction Agreements, there are no agreements, understandings, instruments, contracts or proposed transactions to which the Company is a party or by which it is bound that involve (i) obligations (contingent or otherwise) of, or payments to, the Company in excess of $100,000, (ii) the license of any patent, copyright, trademark, trade secret or other proprietary right to or from the Company, (iii) the grant of rights to manufacture, produce, assemble, license, market, or sell its products to any other Person that limit the Company's exclusive right to develop, manufacture, assemble, distribute, market or sell its products, or (iv) indemnification by the Company with respect to infringements of proprietary rights.

(b) The Company has not (i) declared or paid any dividends, or authorized or made any distribution upon or with respect to any class or series of its capital stock, (ii) incurred any indebtedness for money borrowed or incurred any other liabilities individually in excess of $100,000 or in excess of $500,000 in the aggregate, (iii) made any loans or advances to any Person, other than ordinary advances for travel expenses, or (iv) sold, exchanged or otherwise disposed of any of its assets or rights, other than the sale of its inventory in the ordinary course of business. For the purposes of (a) and (b) of this Subsection 2.10, all indebtedness, liabilities, agreements, understandings, instruments, contracts and proposed transactions involving the same Person (including Persons the Company has reason to believe are affiliated with each other) shall be aggregated for the purpose of meeting the individual minimum dollar amounts of such subsection.

(c) The Company is not a guarantor or indemnitor of any indebtedness of any other Person.

2.11 Certain Transactions.

(a) Other than (i) standard employee benefits generally made available to all employees, (ii) standard director and officer indemnification agreements approved by the Board, and (iii) the purchase of shares of the Company's capital stock and the issuance of options to purchase shares of Common Stock, in each instance, approved in the written minutes of the Board (previously provided to the Purchaser or its counsel), there are no agreements, understandings or proposed transactions between the Company and any of its officers, directors, consultants or Key Employees, or any Affiliate thereof.

(b) The Company is not indebted, directly or indirectly, to any of its directors, officers or employees or to their respective spouses or children or to any Affiliate of any of the foregoing, other than in connection with expenses or advances of expenses incurred in the ordinary course of business or employee relocation expenses and for other customary employee benefits made generally available to all employees. None of the Company's directors, officers or Key Employees, or any members of their immediate families, or any Affiliate of the foregoing are, directly or indirectly, indebted to the Company.

2.12 Rights of Registration and Voting Rights. Except as provided in the Investors' Rights Agreement, the Company is not under any obligation to register under the Securities Act any of its currently outstanding securities or any securities issuable upon exercise or conversion of its currently outstanding securities. To the Company's knowledge, except as contemplated in the Voting Agreement, no stockholder of the Company has entered into any agreements with respect to the voting of capital shares of the Company.

2.13 Property. The property and assets that the Company owns are free and clear of all mortgages, deeds of trust, liens, loans and encumbrances, except for statutory liens for the payment of current taxes that are not yet delinquent and encumbrances and liens that arise in the ordinary course of business and do not materially impair the Company's ownership or use of such property or assets (including, with respect to Company-Owned Intellectual Property, non-exclusive licenses granted to third parties in the ordinary course of business). With respect to the property and assets it leases, the Company is in compliance with such leases and holds a valid leasehold interest free of any liens, claims or encumbrances other than those of the lessors of such property or assets. The Company does not own any real property.

2.14 Employee Matters.

(a) To the Company's knowledge, none of its employees is obligated under any contract (including licenses, covenants or commitments of any nature) or other agreement, or subject to any judgment, decree or order of any court or administrative agency, that would materially interfere with such employee's ability to promote the interest of the Company or that would conflict with the Company's business. Neither the execution or delivery of the Transaction Agreements, nor the carrying on of the Company's business by the employees of the Company, nor the conduct of the Company's business as now conducted and as presently proposed to be conducted, will, to the Company's knowledge, conflict with or result in a breach of the terms, conditions, or provisions of, or constitute a default under, any contract, covenant or instrument under which any such employee is now obligated.

(b) The Company is not delinquent in payments to any of its employees, consultants, or independent contractors for any wages, salaries, commissions, bonuses, or other direct compensation for any service performed for it to the date hereof or amounts required to be reimbursed to such employees, consultants or independent contractors. The Company has complied in all material respects with all applicable state and federal equal employment opportunity laws and with other laws related to employment, including those related to wages, hours, worker classification and collective bargaining. The Company has withheld and paid to the appropriate governmental entity or is holding for payment not yet due to such governmental entity all amounts required to be withheld from employees of the Company and is not liable for any arrears of wages, taxes, penalties or other sums for failure to comply with any of the foregoing.

(c) To the Company's knowledge, no Key Employee intends to terminate his or her employment with the Company and is not otherwise likely to become unavailable to continue as a Key Employee. The Company does not have a present intention to terminate the employment of any of the foregoing. The employment of each employee of the Company is terminable at the will of the Company. Except as set forth in Subsection 2.14(c) of the Disclosure Schedule or as required by law, upon termination of the employment of any such employees, no severance or other payments will become due. Except as set forth in Subsection 2.14(c) of the Disclosure Schedule, the Company has no policy, practice, plan or program of paying severance pay or any form of severance compensation in connection with the termination of employment services.

(d) The Company has not made any representations regarding equity incentives to any officer, employee, director or consultant that are inconsistent with the share amounts and terms set forth in the minutes of meetings of the Board.

(e) Each former Key Employee whose employment was terminated by the Company has entered into an agreement with the Company providing for the full release of any claims against the Company or any related party arising out of such employment.

(f) Subsection 2.14(f) of the Disclosure Schedule sets forth each employee benefit plan maintained, established or sponsored by the Company, or which the Company participates in or contributes to, which is subject to the Employee Retirement Income Security Act of 1974, as amended ("***ERISA***"). The Company has made all required contributions and has no liability to any such employee benefit plan, other than liability for health plan continuation coverage described in Part 6 of Title I(B) of ERISA, and has complied in all material respects with all applicable laws for any such employee benefit plan.

2.15 Tax Returns and Payments. There are no federal, state, county, local or foreign income or other material taxes due and payable by the Company which have not been timely paid. There are no accrued and unpaid federal, state, county, local or foreign income or other material taxes of the Company which are due, whether or not assessed or disputed, unless such taxes are being contested in good faith by appropriate proceedings and adequate reserves for any such taxes have been established in accordance with GAAP. There have been no examinations or audits of any income or other material tax returns or reports by any applicable federal, state, local or foreign governmental agency. The Company has duly and timely filed all federal, state, county, local and foreign income or other material tax returns required to have been filed by it and there are in effect no waivers of applicable statutes of limitations with respect to income or other material taxes for any year.

2.16 Insurance. The Company has in full force and effect insurance policies concerning such casualties as would be reasonable and customary for companies like the Company with extended coverage, sufficient in amount (subject to reasonable deductions) to allow it to replace any of its properties that might be damaged or destroyed.

2.17 Employee Agreements. Each current and former employee, consultant and officer of the Company has executed an agreement with the Company regarding confidentiality and proprietary information substantially in the form or forms delivered to the counsel for the Purchaser (the "***Confidential Information Agreements***"). No current or former Key Employee has excluded works or inventions from his or her assignment of inventions pursuant to such Key Employee's Confidential Information Agreement. Each current and former Key Employee has executed a non-solicitation agreement substantially in the form or forms delivered to counsel for the Purchaser. The Company is not aware that any Key Employee is in violation of any agreement covered by this Subsection 2.17.

2.18 Permits. The Company has all franchises, permits, licenses and any similar authority necessary for the conduct of its business, the lack of which could reasonably be expected to have a Material Adverse Effect. The Company is not in default in any material respect under any of such franchises, permits, licenses or other similar authority.

2.19 Corporate Documents. The Restated Certificate and Bylaws of the Company are in the form provided to the Purchaser. The copy of the minute books of the Company made available to the Purchaser contains minutes of all meetings of directors and stockholders and all actions by written consent without a meeting by the directors and stockholders since the date of incorporation and accurately reflects in all material respects all actions by the directors (and any committee of directors) and stockholders with respect to all transactions referred to in such minutes.

2.20 83(b) Elections. To the Company's knowledge, all elections and notices under Section 83(b) of the Code have been or will be timely filed by all eligible individuals who have acquired unvested shares of Common Stock.

2.21 Qualified Small Business Stock. As of and immediately following the Initial Closing: (a) the Company will be an eligible corporation as defined in Section 1202(e)(4) of the Code, (b) the Company will not have made purchases of its own stock described in Code Section 1202(c)(3)(B) during the one (1) year period preceding the Initial Closing, except for purchases that are disregarded for such purposes under Treasury Regulation Section 1.1202-2, and (c) the Company's aggregate gross assets, as defined by Code Section 1202(d)(2), at no time between its incorporation and through the Initial Closing have exceeded $50 million, taking into account the assets of any corporations required to be aggregated with the Company in accordance with Code Section 1202(d)(3); provided, however, that in no event shall the Company be liable to the Purchaser or any other party for any damages arising from any subsequently proven or identified error in the Company's determination with respect to the applicability or interpretation of Code Section 1202, unless such determination shall have been given by the Company in a manner either grossly negligent or fraudulent.

2.22 Disclosure. The Company has made available to the Purchaser all the information reasonably available to the Company that the Purchaser has requested for deciding whether to acquire the Shares, including certain of the Company's projections describing its proposed business plan (the "***Business Plan***"). No representation or warranty of the Company contained in this Agreement, as qualified by the Disclosure Schedule, and no certificate furnished or to be furnished to the Purchaser at the Closing contains any untrue statement of a material fact or, to the Company's knowledge, omits to state a material fact necessary in order to make the statements contained herein or therein not misleading in light of the circumstances under which they were made. The Business Plan was prepared in good faith; however, the Company does not warrant that it will achieve any results projected in the Business Plan. It is understood that this representation is qualified by the fact that the Company has not delivered to the Purchaser, and has not been requested to deliver, a private placement or similar memorandum or any written disclosure of the types of information customarily furnished to purchasers of securities.

3. Representations and Warranties of the Purchaser. The Purchaser hereby represents and warrants to the Company that:

3.1 Authorization. The Purchaser has full power and authority to enter into the Transaction Agreements. The Transaction Agreements to which the Purchaser is a party, when executed and delivered by the Purchaser, will constitute valid and legally binding obligations of the Purchaser, enforceable in accordance with their terms, except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and any other laws of general application affecting enforcement of creditors' rights generally, and as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies, or (b) to the extent the indemnification provisions contained in the Investors' Rights Agreement may be limited by applicable federal or state securities laws.

3.2 Purchase Entirely for Own Account. This Agreement is made with the Purchaser in reliance upon the Purchaser's representation to the Company, which by the Purchaser's execution of this Agreement, the Purchaser hereby confirms, that the Shares to be acquired by the Purchaser will be acquired for investment for the Purchaser's own account, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof, and that the Purchaser has no present intention of selling, granting any

participation in, or otherwise distributing the same. By executing this Agreement, the Purchaser further represents that the Purchaser does not presently have any contract, undertaking, agreement or arrangement with any Person to sell, transfer or grant participations to such Person or to any third Person, with respect to any of the Shares. The Purchaser has not been formed for the specific purpose of acquiring the Shares.

3.3 Disclosure of Information. The Purchaser has had an opportunity to discuss the Company's business, management, financial affairs and the terms and conditions of the offering of the Shares with the Company's management and has had an opportunity to review the Company's facilities. The foregoing, however, does not limit or modify the representations and warranties of the Company in Section 2 of this Agreement or the right of the Purchaser to rely thereon.

3.4 Restricted Securities. The Purchaser understands that the Shares have not been, and will not be, registered under the Securities Act, by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Purchaser's representations as expressed herein. The Purchaser understands that the Shares are "restricted securities" under applicable U.S. federal and state securities laws and that, pursuant to these laws, the Purchaser must hold the Shares indefinitely unless they are registered with the Securities and Exchange Commission and qualified by state authorities, or an exemption from such registration and qualification requirements is available. The Purchaser acknowledges that the Company has no obligation to register or qualify the Shares, or the Common Stock into which it may be converted, for resale except as set forth in the Investors' Rights Agreement. The Purchaser further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the Shares, and on requirements relating to the Company which are outside of the Purchaser's control, and which the Company is under no obligation and may not be able to satisfy. The Purchaser understands that this offering is not intended to be part of the public offering, and that the Purchaser will not be able to rely on the protection of Section 11 of the Securities Act.

3.5 No Public Market. The Purchaser understands that no public market now exists for the Shares, and that the Company has made no assurances that a public market will ever exist for the Shares.

3.6 Legends. The Purchaser understands that the Shares and any securities issued in respect of or exchange for the Shares, may be notated with one or all of the following legends:

"THE SHARES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AND HAVE BEEN ACQUIRED FOR INVESTMENT AND NOT WITH A VIEW TO, OR IN CONNECTION WITH, THE SALE OR DISTRIBUTION THEREOF. NO SUCH TRANSFER MAY BE EFFECTED WITHOUT AN EFFECTIVE REGISTRATION STATEMENT RELATED THERETO OR AN OPINION OF COUNSEL IN A FORM SATISFACTORY TO THE COMPANY THAT SUCH REGISTRATION IS NOT REQUIRED UNDER THE SECURITIES ACT OF 1933."

(a) Any legend set forth in, or required by, the other Transaction Agreements.

(b) Any legend required by the securities laws of any state to the extent such laws are applicable to the Shares represented by the certificate, instrument, or book entry so legended.

3.7 Accredited Investor. The Purchaser is an accredited investor as defined in Rule 501(a) of Regulation D promulgated under the Securities Act.

3.8 No General Solicitation. Neither the Purchaser, nor any of its officers, directors, employees, agents, stockholders or partners has either directly or indirectly, including, through a broker or finder (a) engaged in any general solicitation, or (b) published any advertisement in connection with the offer and sale of the Shares.

3.9 Principal Place of Business. The office or offices of the Purchaser in which its principal place of business is identified in the address or addresses of the Purchaser set forth on Exhibit A.

4. Conditions to the Purchaser's Obligations at Closing. The obligations of the Purchaser to purchase Shares at the Initial Closing or any Additional Closing are subject to the fulfillment, on or before such Closing, of each of the following conditions, unless otherwise waived:

FORM OF AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

AMENDED AND RESTATED CERTIFICATE OF INCORPORATION OF REPLICATE BIOSCIENCE, INC.

AMENDED AND RESTATED
CERTIFICATE OF INCORPORATION
OF
REPLICATE BIOSCIENCE, INC.

(Pursuant to Sections 242 and 245 of the
General Corporation Law of the State of Delaware)

Replicate Bioscience, Inc., a corporation organized and existing under and by virtue of the provisions of the General Corporation Law of the State of Delaware (the "***General Corporation Law***"),

DOES HEREBY CERTIFY:

1. That the name of this corporation is Replicate Bioscience, Inc., and that this corporation was originally incorporated pursuant to the General Corporation Law on January 15, 2021 under the name RepNuCo, Inc.

2. That the Board of Directors duly adopted resolutions proposing to amend and restate the Certificate of Incorporation of this corporation, declaring said amendment and restatement to be advisable and in the best interests of this corporation and its stockholders, and authorizing the appropriate officers of this corporation to solicit the consent of the stockholders therefor, which resolution setting forth the proposed amendment and restatement is as follows:

RESOLVED, that the Certificate of Incorporation of this corporation be amended and restated in its entirety to read as follows:

FIRST: The name of this corporation is Replicate Bioscience, Inc. (the "***Corporation***").

SECOND: The address of the registered office of the Corporation in the State of Delaware is 1209 Orange Street, in the City of Wilmington, County of New Castle, Delaware 19801. The name of its registered agent at such address is The Corporation Trust Company.

THIRD: The nature of the business or purposes to be conducted or promoted is to engage in any lawful act or activity for which corporations may be organized under the General Corporation Law.

FOURTH: The total number of shares of all classes of stock which the Corporation shall have authority to issue is (i) 44,619,867 shares of Common Stock, $0.001 par value per share ("***Common Stock***") and (ii) 40,000,000 shares of Preferred Stock, $0.001 par value per share ("***Preferred Stock***").

The following is a statement of the designations and the powers, preferences and special rights, and the qualifications, limitations or restrictions thereof in respect of each class of capital stock of the Corporation.

A. COMMON STOCK

1. General. The voting, dividend and liquidation rights of the holders of the Common Stock are subject to and qualified by the rights, powers and preferences of the holders of the Preferred Stock set forth herein.

2. Voting. The holders of the Common Stock are entitled to one vote for each share of Common Stock held at all meetings of stockholders (and written actions in lieu of meetings); provided, however, that, except as otherwise required by law, holders of Common Stock, as such, shall not be entitled to vote on any amendment to this Amended and Restated Certificate of Incorporation that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series are entitled, either separately or together with the holders of one or more other such series, to vote thereon pursuant to this Amended and Restated Certificate of Incorporation or pursuant to the General Corporation Law. There shall be no cumulative voting. The number of authorized shares of Common Stock may be increased or decreased (but not below the number of shares thereof then outstanding) by (in addition to any vote of the holders of one or more series of Preferred Stock that may be required by the terms of this Amended and Restated Certificate of Incorporation) the affirmative vote of the holders of shares of capital stock of the Corporation representing a majority of the votes represented by all outstanding shares of capital stock of the Corporation entitled to vote, irrespective of the provisions of Section 242(b)(2) of the General Corporation Law.

B. PREFERRED STOCK

40,000,000 shares of the authorized and unissued Preferred Stock of the Corporation are hereby designated "***Series A Preferred Stock***", with the following rights, preferences, powers and restrictions, qualifications and limitations. Unless otherwise indicated, references to "sections" or "subsections" in this Part B of this Article Fourth refer to sections and subsections of Part B of this Article Fourth.

The "***Original Issue Price***" shall mean $1.00 per share for the Series A Preferred Stock, subject to appropriate adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to the Preferred Stock.

1. Dividends. The Corporation shall not declare, pay or set aside any dividends on shares of any other class or series of capital stock of the Corporation (other than dividends on shares of Common Stock payable in shares of Common Stock) unless (in addition to the obtaining of any consents required elsewhere in this Amended and Restated Certificate of Incorporation) the holders of the Series A Preferred Stock then outstanding shall first receive, or simultaneously receive, a dividend on each outstanding share of Series A Preferred Stock in an amount at least equal to 8.0% per annum of the Original Issue Price. For the avoidance of doubt, dividends on shares of the Series A Preferred Stock shall not be cumulative and shall be payable when, as and if declared by the Board of Directors.

2. Liquidation, Dissolution or Winding Up; Certain Mergers, Consolidations and Asset Sales.

2.1 Preferential Payments to Holders of Preferred Stock. In the event of (a) any voluntary or involuntary liquidation, dissolution or winding up of the Corporation, the holders of shares of each series of Preferred Stock then outstanding shall be entitled to be paid out of the assets of the Corporation available for distribution to its stockholders, and (b) a Deemed Liquidation Event (as defined

below), the holders of shares of each series of Preferred Stock then outstanding shall be entitled to be paid out of the consideration payable to stockholders in such Deemed Liquidation Event or out of the Available Proceeds (as defined below), as applicable, on a pari passu basis among each other, an amount per share equal to one (1) times the applicable Original Issue Price, plus any dividends declared but unpaid thereon, payable before any payment shall be made to the holders of Common Stock by reason of their ownership thereof (the amounts payable pursuant to this Subsection 2.1 are hereinafter referred to as the "***Preferred Liquidation Amounts***"). If, upon any such liquidation, dissolution or winding up of the Corporation or Deemed Liquidation Event, the assets of the Corporation available for distribution to its stockholders shall be insufficient to pay the holders of shares of Preferred Stock the full amount to which they shall be entitled under this Subsection 2.1, the holders of shares of Preferred Stock shall share ratably in any distribution of the assets available for distribution in proportion to the respective amounts which would otherwise be payable in respect of the shares held by them upon such distribution if all amounts payable on or with respect to such shares were paid in full.

2.2 Distribution of Remaining Assets. In the event of (a) any voluntary or involuntary liquidation, dissolution or winding up of the Corporation, after the payment in full of all Preferred Liquidation Amounts required to be paid to the holders of shares of Preferred Stock, as applicable, the assets of the Corporation available for distribution to its stockholders and not payable to the holders of shares of Preferred Stock pursuant to Subsection 2.1, and (b) a Deemed Liquidation Event, after the payment in full of all Preferred Liquidation Amounts required to be paid to the holders of shares of Preferred Stock, as applicable, the consideration available for distribution to the stockholders of the Corporation and not payable to the holders of shares of Preferred Stock pursuant to Subsection 2.1 or the Available Proceeds not payable to the holders of shares of Preferred Stock pursuant to Subsection 2.1, as the case may be, shall be distributed among the holders of shares of Series A Preferred Stock and Common Stock, pro rata based on the number of shares held by each such holder, treating for this purpose all shares of Series A Preferred Stock as if they had been converted to Common Stock pursuant to the terms of this Amended and Restated Certificate of Incorporation immediately prior to such liquidation, dissolution or winding up of the Corporation or such Deemed Liquidation Event.

2.3 Deemed Liquidation Events.

2.3.1 Definition. Each of the following events shall be considered a "***Deemed Liquidation Event***" unless the holders of at least a majority of the outstanding shares of Preferred Stock voting together as a single class on an as-converted to Common Stock basis (the "***Requisite Holders***") elect otherwise by written notice sent to the Corporation at least ten (10) days prior to the effective date of any such event:

(a) a merger or consolidation in which

(i) the Corporation is a constituent party or

(ii) a subsidiary of the Corporation is a constituent party and the Corporation issues shares of its capital stock pursuant to such merger or consolidation,

except any such merger or consolidation involving the Corporation or a subsidiary in which the shares of capital stock of the Corporation outstanding immediately prior to such merger or consolidation continue to

represent, or are converted into or exchanged for shares of capital stock that represent, immediately following such merger or consolidation, at least a majority, by voting power, of the capital stock of (1) the surviving or resulting corporation; or (2) if the surviving or resulting corporation is a wholly owned subsidiary of another corporation immediately following such merger or consolidation, the parent corporation of such surviving or resulting corporation; or

(b) (1) the sale, lease, transfer, exclusive license or other disposition, in a single transaction or series of related transactions, by the Corporation or any subsidiary of the Corporation of all or substantially all the assets of the Corporation and its subsidiaries taken as a whole, or (2) the sale or disposition (whether by merger, consolidation or otherwise, and whether in a single transaction or a series of related transactions) of one or more subsidiaries of the Corporation if substantially all of the assets of the Corporation and its subsidiaries taken as a whole are held by such subsidiary or subsidiaries, except where such sale, lease, transfer, exclusive license or other disposition is to a wholly owned subsidiary of the Corporation.

2.3.2 Effecting a Deemed Liquidation Event.

(a) The Corporation shall not have the power to effect a Deemed Liquidation Event referred to in Subsection 2.3.1(a)(i) unless the agreement or plan of merger or consolidation for such transaction (the "***Merger Agreement***") provides that the consideration payable to the stockholders of the Corporation in such Deemed Liquidation Event shall be paid to the holders of capital stock of the Corporation in accordance with Subsections 2.1 and 2.2.

(b) In the event of a Deemed Liquidation Event referred to in Subsection 2.3.1(a)(ii) or 2.3.1(b), if the Corporation does not effect a dissolution of the Corporation under the General Corporation Law within ninety (90) days after such Deemed Liquidation Event, then (i) the Corporation shall send a written notice to each holder of Preferred Stock no later than the ninetieth (90th) day after the Deemed Liquidation Event advising such holders of their right (and the requirements to be met to secure such right) pursuant to the terms of the following clause; (ii) to require the redemption of such shares of Preferred Stock, and (iii) if the holders of at least a majority of the then outstanding shares of Preferred Stock (voting together as a single class on an as-converted to Common Stock basis) so request in a written instrument delivered to the Corporation not later than one hundred twenty (120) days after such Deemed Liquidation Event, the Corporation shall use the consideration received by the Corporation for such Deemed Liquidation Event (net of any retained liabilities associated with the assets sold or technology licensed, as determined in good faith by the Board of Directors of the Corporation), together with any other assets of the Corporation available for distribution to its stockholders, all to the extent permitted by Delaware law governing distributions to stockholders (the "***Available Proceeds***"), on the one hundred fiftieth (150th) day after such Deemed Liquidation Event, to redeem all outstanding shares of Preferred Stock at a price per share equal to the applicable amount per share that the holders of each series of Preferred Stock are entitled to receive under Subsections 2.1 and 2.2. Notwithstanding the foregoing, in the event of a redemption pursuant to the preceding sentence, if the Available Proceeds are not sufficient to redeem all outstanding shares of Preferred Stock, the Corporation shall redeem a pro rata portion of each holder's shares of Preferred Stock to the fullest extent of such Available Proceeds, based on the respective amounts which would otherwise be payable in respect of the shares to be redeemed if the Available Proceeds were sufficient to redeem all such shares, and shall redeem the remaining shares as soon as it may lawfully do so under Delaware law governing distributions to stockholders. Prior to the distribution or redemption provided for in this Subsection 2.3.2(b), the Corporation shall not expend or dissipate the consideration

received for such Deemed Liquidation Event, except to discharge expenses incurred in connection with such Deemed Liquidation Event or in the ordinary course of business.

2.3.3 Amount Deemed Paid or Distributed. The amount deemed paid or distributed to the holders of capital stock of the Corporation upon any such merger, consolidation, sale, transfer, exclusive license, other disposition or redemption shall be the cash or the value of the property, rights or securities to be paid or distributed to such holders pursuant to such Deemed Liquidation Event. The value of such property, rights or securities shall be determined in good faith by the Board of Directors of the Corporation.

2.3.4 Allocation of Escrow and Contingent Consideration. In the event of a Deemed Liquidation Event pursuant to Subsection 2.3.1(a)(i), if any portion of the consideration payable to the stockholders of the Corporation is payable only upon satisfaction of contingencies (the "***Additional Consideration***"), the Merger Agreement shall provide that (a) the portion of such consideration that is not Additional Consideration (such portion, the "***Initial Consideration***") shall be allocated among the holders of capital stock of the Corporation in accordance with Subsections 2.1 and 2.2 as if the Initial Consideration were the only consideration payable in connection with such Deemed Liquidation Event; and (b) any Additional Consideration which becomes payable to the stockholders of the Corporation upon satisfaction of such contingencies shall be allocated among the holders of capital stock of the Corporation in accordance with Subsections 2.1 and 2.2 after taking into account the previous payment of the Initial Consideration as part of the same transaction. For the purposes of this Subsection 2.3.4, consideration placed into escrow or retained as a holdback to be available for satisfaction of indemnification or similar obligations in connection with such Deemed Liquidation Event shall be deemed to be Additional Consideration.

3. Voting.

3.1 General. On any matter presented to the stockholders of the Corporation for their action or consideration at any meeting of stockholders of the Corporation (or by written consent of stockholders in lieu of a meeting), each holder of outstanding shares of Preferred Stock shall be entitled to cast the number of votes equal to the number of whole shares of Common Stock into which the shares of Preferred Stock held by such holder are convertible as of the record date for determining stockholders entitled to vote on such matter. Except as provided by law or by the other provisions of this Amended and Restated Certificate of Incorporation, holders of Preferred Stock shall vote together with the holders of Common Stock as a single class and on an as-converted to Common Stock basis.

3.2 Election of Directors. For so long as any shares of Series A Preferred Stock are outstanding, the holders of record of the shares of Series A Preferred Stock, exclusively and as a separate class, shall be entitled to elect three directors of the Corporation (the "***Series A Directors***"). The holders of record of the shares of Common Stock, exclusively and as a separate class (excluding Common Stock issued or issuable upon conversion of Preferred Stock), shall be entitled to elect one director of the Corporation (the "***Common Director***"). Any director elected as provided in the preceding sentences may be removed without cause by, and only by, the affirmative vote of the holders of the shares of the class or series of capital stock entitled to elect such director or directors, given either at a special meeting of such stockholders duly called for that purpose or pursuant to a written consent of stockholders. If the holders of shares of Series A Preferred Stock or Common Stock, as the case may be, fail to elect a sufficient number of directors to fill all directorships for which they are entitled to elect directors, voting exclusively and as a separate class, pursuant to the first two sentences of this Subsection 3.2, then any directorship not so filled shall

remain vacant until such time as the holders of the Series A Preferred Stock or Common Stock, as the case may be, elect a person to fill such directorship by vote or written consent in lieu of a meeting; and no such directorship may be filled by stockholders of the Corporation other than by the stockholders of the Corporation that are entitled to elect a person to fill such directorship, voting exclusively and as a separate class. The holders of record of the shares of Common Stock and of any other class or series of voting stock (including the Preferred Stock), exclusively and voting together as a single class, shall be entitled to elect the balance of the total number of directors of the Corporation. At any meeting held for the purpose of electing a director, the presence in person or by proxy of the holders of a majority of the outstanding shares of the class or series entitled to elect such director shall constitute a quorum for the purpose of electing such director. Except as otherwise provided in this Subsection 3.2, a vacancy in any directorship filled by the holders of any class or series shall be filled only by vote or written consent in lieu of a meeting of the holders of such class or series or by any remaining director or directors elected by the holders of such class or series pursuant to this Subsection 3.2. Any director may be removed during his or her term of office, either with or without cause, by, and only by, the affirmative vote of the holders of the shares of the class or series of stock entitled to elect such director or directors, given either at a special meeting of such stockholders duly called for that purpose or pursuant to a written consent of stockholders, and any vacancy thereby created may be filled by the holders of that class or series of stock represented at the meeting or pursuant to written consent.

3.3 Preferred Stock Protective Provisions. At any time when any shares of Series A Preferred Stock (subject to appropriate adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to the Preferred Stock) are outstanding, the Corporation shall not, either directly or indirectly by amendment, merger, consolidation or otherwise, do any of the following without (in addition to any other vote required by law or this Amended and Restated Certificate of Incorporation) the written consent or affirmative vote of the Requisite Holders given in writing or by vote at a meeting, consenting or voting (as the case may be) separately as a class.

3.3.1 liquidate, dissolve or wind-up the business and affairs of the Corporation, effect any merger or consolidation or any other Deemed Liquidation Event, or consent to any of the foregoing;

3.3.2 amend, alter or repeal any provision of this Amended and Restated Certificate of Incorporation or Bylaws of the Corporation;

3.3.3 create, or authorize the creation of, or issue or obligate itself to issue shares of, any additional class or series of capital stock unless the same ranks junior to the Preferred Stock with respect to the distribution of assets on the liquidation, dissolution or winding up of the Corporation, the payment of dividends and rights of redemption, or increase the authorized number of shares of Preferred Stock or increase the authorized number of shares of any additional class or series of capital stock of the Corporation unless the same ranks junior to the Preferred Stock with respect to the distribution of assets on the liquidation, dissolution or winding up of the Corporation, the payment of dividends and rights of redemption;

3.3.4 purchase or redeem (or permit any subsidiary to purchase or redeem) or pay or declare any dividend or make any distribution on, any shares of capital stock of the Corporation other than (i) redemptions of or dividends or distributions on the Preferred Stock as expressly authorized herein, (ii) dividends or other distributions payable on the Common Stock solely in the form of additional shares of Common Stock, (iii) repurchases of stock from former employees, officers, directors,

consultants or other persons who performed services for the Corporation or any subsidiary in connection with the cessation of such employment or service at the lower of the original issue price or the then current fair market value thereof or (iv) as approved by the Board of Directors, including the approval of the Series A Directors;

3.3.5 create, or authorize the creation of, or issue, or authorize the issuance of any debt security or create any lien or security interest (except for purchase money liens or statutory liens of landlords, mechanics, materialmen, workmen, warehousemen and other similar persons arising or incurred in the ordinary course of business) or incur other indebtedness for borrowed money, including but not limited to obligations and contingent obligations under guarantees, or permit any subsidiary to take any such action with respect to any debt security lien, security interest or other indebtedness for borrowed money, unless such debt security or creation of such lien or security interest has received the prior approval of the Board of Directors, including the approval of the Series A Directors;

3.3.6 create, or hold capital stock in, any subsidiary that is not wholly owned (either directly or through one or more other subsidiaries) by the Corporation, or permit any subsidiary to create, or authorize the creation of, or issue or obligate itself to issue, any shares of any class or series of capital stock, or sell, transfer or otherwise dispose of any capital stock of any direct or indirect subsidiary of the Corporation, or permit any direct or indirect subsidiary to sell, lease, transfer, exclusively license or otherwise dispose (in a single transaction or series of related transactions) of all or substantially all of the assets of such subsidiary; or

3.3.7 increase or decrease the authorized number of directors constituting the Board of Directors.

4. Optional Conversion.

The holders of the Preferred Stock shall have conversion rights as follows (the "***Conversion Rights***"):

4.1 Right to Convert.

4.1.1 Conversion Ratio. Each share of Preferred Stock shall be convertible, at the option of the holder thereof, at any time and from time to time, and without the payment of additional consideration by the holder thereof, into such number of fully paid and non-assessable shares of Common Stock as is determined by dividing the applicable Original Issue Price by the applicable Conversion Price (as defined below) in effect at the time of conversion. The "***Conversion Price***" shall initially be equal to $1.00 for the Series A Preferred Stock. Such initial Conversion Price, and the rate at which shares of Preferred Stock may be converted into shares of Common Stock, shall be subject to adjustment as provided below.

4.1.2 Termination of Conversion Rights. In the event of a liquidation, dissolution or winding up of the Corporation or a Deemed Liquidation Event, the Conversion Rights shall terminate at the close of business on the last full day preceding the date fixed for the payment of any such amounts distributable on such event to the holders of Preferred Stock.

4.2 Fractional Shares. No fractional shares of Common Stock shall be issued upon conversion of the Preferred Stock. In lieu of any fractional shares to which the holder would otherwise

be entitled, the Corporation shall pay cash equal to such fraction multiplied by the fair market value of a share of Common Stock as determined in good faith by the Board of Directors of the Corporation. Whether or not fractional shares would be issuable upon such conversion shall be determined on the basis of the total number of shares of Preferred Stock the holder is at the time converting into Common Stock and the aggregate number of shares of Common Stock issuable upon such conversion.

4.3 Mechanics of Conversion.

4.3.1 Notice of Conversion. In order for a holder of Preferred Stock to voluntarily convert shares of Preferred Stock into shares of Common Stock, such holder shall (a) provide written notice to the Corporation's transfer agent at the office of the transfer agent for the Preferred Stock (or at the principal office of the Corporation if the Corporation serves as its own transfer agent) that such holder elects to convert all or any number of such holder's shares of Preferred Stock and, if applicable, any event on which such conversion is contingent and (b) if such holder's shares are certificated, surrender the certificate or certificates for such shares of Preferred Stock (or, if such registered holder alleges that such certificate has been lost, stolen or destroyed, a lost certificate affidavit and agreement reasonably acceptable to the Corporation to indemnify the Corporation against any claim that may be made against the Corporation on account of the alleged loss, theft or destruction of such certificate), at the office of the transfer agent for the Preferred Stock (or at the principal office of the Corporation if the Corporation serves as its own transfer agent). Such notice shall state such holder's name or the names of the nominees in which such holder wishes the shares of Common Stock to be issued. If required by the Corporation, any certificates surrendered for conversion shall be endorsed or accompanied by a written instrument or instruments of transfer, in form satisfactory to the Corporation, duly executed by the registered holder or his, her or its attorney duly authorized in writing. The close of business on the date of receipt by the transfer agent (or by the Corporation if the Corporation serves as its own transfer agent) of such notice and, if applicable, certificates (or lost certificate affidavit and agreement) shall be the time of conversion (the "***Conversion Time***"), and the shares of Common Stock issuable upon conversion of the specified shares shall be deemed to be outstanding of record as of such date. The Corporation shall, as soon as practicable after the Conversion Time (i) issue and deliver to such holder of Preferred Stock, or to his, her or its nominees, a notice of issuance of uncertificated shares or a certificate or certificates for the number of full shares of Common Stock issuable upon such conversion in accordance with the provisions hereof and may, if applicable, issue and deliver a certificate for the number (if any) of the shares of Preferred Stock represented by any surrendered certificate that were not converted into Common Stock, (ii) pay in cash such amount as provided in Subsection 4.2 in lieu of any fraction of a share of Common Stock otherwise issuable upon such conversion and (iii) pay all declared but unpaid dividends on the shares of Preferred Stock converted.

4.3.2 Reservation of Shares. The Corporation shall at all times when the Preferred Stock shall be outstanding, reserve and keep available out of its authorized but unissued capital stock, for the purpose of effecting the conversion of the Preferred Stock, such number of its duly authorized shares of Common Stock as shall from time to time be sufficient to effect the conversion of all outstanding Preferred Stock; and if at any time the number of authorized but unissued shares of Common Stock shall not be sufficient to effect the conversion of all then outstanding shares of the Preferred Stock, the Corporation shall take such corporate action as may be necessary to increase its authorized but unissued shares of Common Stock to such number of shares as shall be sufficient for such purposes, including, without limitation, engaging in reasonable best efforts to obtain the requisite stockholder approval of any necessary amendment to this Amended and Restated Certificate of Incorporation. Before taking any action that would cause an adjustment reducing the applicable Conversion Price below the then par value of the shares of Common Stock issuable upon conversion of the Preferred Stock, the Corporation will take any

corporate action which may, in the opinion of its counsel, be necessary in order that the Corporation may validly and legally issue fully paid and non-assessable shares of Common Stock at such adjusted Conversion Price.

4.3.3 Effect of Conversion. All shares of Preferred Stock which shall have been surrendered for conversion as herein provided shall no longer be deemed to be outstanding and all rights with respect to such shares shall immediately cease and terminate at the Conversion Time, except only the right of the holders thereof to receive shares of Common Stock in exchange therefor, to receive payment in lieu of any fraction of a share otherwise issuable upon such conversion as provided in Subsection 4.2 and to receive payment of any dividends declared but unpaid thereon. Any shares of Preferred Stock so converted shall be retired and cancelled and may not be reissued as shares of such series, and the Corporation may thereafter take such appropriate action (without the need for stockholder action) as may be necessary to reduce the authorized number of shares of such series of Preferred Stock accordingly.

4.3.4 No Further Adjustment. Upon any such conversion, no adjustment to the applicable Conversion Price shall be made for any declared but unpaid dividends on the Preferred Stock surrendered for conversion or on the Common Stock delivered upon conversion.

4.3.5 Taxes. The Corporation shall pay any and all issue and other similar taxes that may be payable in respect of any issuance or delivery of shares of Common Stock upon conversion of shares of Preferred Stock pursuant to this Section 4. The Corporation shall not, however, be required to pay any tax which may be payable in respect of any transfer involved in the issuance and delivery of shares of Common Stock in a name other than that in which the shares of Preferred Stock so converted were registered, and no such issuance or delivery shall be made unless and until the person or entity requesting such issuance has paid to the Corporation the amount of any such tax or has established, to the satisfaction of the Corporation, that such tax has been paid.

4.4 Adjustments to Preferred Stock Conversion Price for Diluting Issues.

4.4.1 Special Definitions. For purposes of this Article Fourth, the following definitions shall apply:

(a) "***Option***" shall mean rights, options or warrants to subscribe for, purchase or otherwise acquire Common Stock or Convertible Securities.

(b) "***Series A Original Issue Date***" shall mean the date on which the first share of Series A Preferred Stock was issued.

(c) "***Convertible Securities***" shall mean any evidences of indebtedness, shares or other securities directly or indirectly convertible into or exchangeable for Common Stock, but excluding Options.

(d) "***Additional Shares of Common Stock***" shall mean all shares of Common Stock issued (or, pursuant to Subsection 4.4.3 below, deemed to be issued) by the Corporation after the Series A Original Issue Date, other than (1) the following shares of Common Stock and (2) shares of Common Stock deemed issued pursuant to the following Options and Convertible Securities (clauses (1) and (2), collectively, "***Exempted Securities***"):

(i) shares of Common Stock, Options or Convertible Securities issued as a dividend or distribution on Preferred Stock;

(ii) shares of Common Stock, Options or Convertible Securities issued by reason of a dividend, stock split, split-up or other distribution on shares of Common Stock that is covered by Subsection 4.5, 4.6, 4.7 or 4.8;

(iii) shares of Common Stock or Options issued to employees or directors of, or consultants or advisors to, the Corporation or any of its subsidiaries pursuant to a plan, agreement or arrangement approved by the Board of Directors of the Corporation, including the approval of the Series A Directors; or

(iv) shares of Common Stock or Convertible Securities actually issued upon the exercise of Options or shares of Common Stock actually issued upon the conversion or exchange of Convertible Securities, in each case provided such issuance is pursuant to the terms of such Option or Convertible Security.

4.4.2 No Adjustment of Preferred Stock Conversion Price. No adjustment in the Conversion Price of the Series A Preferred Stock shall be made as the result of the issuance or deemed issuance of Additional Shares of Common Stock if the Corporation receives written notice from the holders of a majority of the then outstanding shares of Series A Preferred Stock agreeing that no such adjustment shall be made as the result of the issuance or deemed issuance of such Additional Shares of Common Stock.

4.4.3 Deemed Issue of Additional Shares of Common Stock.

(a) If the Corporation at any time or from time to time after the Series A Original Issue Date shall issue any Options or Convertible Securities (excluding Options or Convertible Securities which are themselves Exempted Securities) or shall fix a record date for the determination of holders of any class of securities entitled to receive any such Options or Convertible Securities, then the maximum number of shares of Common Stock (as set forth in the instrument relating thereto, assuming the satisfaction of any conditions to exercisability, convertibility or exchangeability but without regard to any provision contained therein for a subsequent adjustment of such number) issuable upon the exercise of such Options or, in the case of Convertible Securities and Options therefor, the conversion or exchange of such Convertible Securities, shall be deemed to be Additional Shares of Common Stock issued as of the time of such issue or, in case such a record date shall have been fixed, as of the close of business on such record date.

(b) If the terms of any Option or Convertible Security, the issuance of which resulted in an adjustment to the Conversion Price of any series of Preferred Stock pursuant to the terms of Subsection 4.4.4, are revised as a result of an amendment to such terms or any other adjustment pursuant to the provisions of such Option or Convertible Security (but excluding automatic adjustments to such terms pursuant to anti-dilution or similar provisions of such Option or Convertible Security) to provide for either (1) any increase or decrease in the number of shares of Common Stock issuable upon the exercise, conversion and/or exchange of any such Option or Convertible Security or (2) any increase or decrease in the consideration payable to the Corporation upon such exercise, conversion and/or exchange, then, effective upon such increase or decrease becoming effective, the Conversion Price of such series of Preferred Stock computed upon the original issue of such Option or Convertible Security (or upon the occurrence of a record date with respect thereto) shall be readjusted to such Conversion Price for such series of Preferred Stock as would have obtained had such revised terms been in effect upon the original date of issuance of such Option or Convertible Security. Notwithstanding the foregoing, no readjustment pursuant to this clause (b) shall have the effect of increasing the Conversion Price applicable to a series of Preferred Stock to an amount which exceeds the lower of (i) the Conversion Price for such series of Preferred Stock in effect immediately prior to the original adjustment made as a result of the issuance of such Option or Convertible Security, or (ii) the Conversion Price for such series of Preferred Stock that would have resulted from any issuances of Additional Shares of Common Stock (other than deemed issuances of Additional Shares of Common Stock as a result of the issuance of such Option or Convertible Security) between the original adjustment date and such readjustment date.

(c) If the terms of any Option or Convertible Security (excluding Options or Convertible Securities which are themselves Exempted Securities), the issuance of which did not result in an adjustment to the Conversion Price of a series of Preferred Stock pursuant to the terms of Subsection 4.4.4 (either because the consideration per share (determined pursuant to Subsection 4.4.5) of the Additional Shares of Common Stock subject thereto was equal to or greater than the applicable Conversion Price then in effect, or because such Option or Convertible Security was issued before the Series A Original Issue Date), are revised after the Series A Original Issue Date as a result of an amendment to such terms or any other adjustment pursuant to the provisions of such Option or Convertible Security (but excluding automatic adjustments to such terms pursuant to anti-dilution or similar provisions of such Option or Convertible Security) to provide for either (1) any increase in the number of shares of Common Stock issuable upon the exercise, conversion or exchange of any such Option or Convertible Security or (2) any decrease in the consideration payable to the Corporation upon such exercise, conversion or exchange, then such Option or Convertible Security, as so amended or adjusted, and the Additional Shares of Common Stock subject thereto determined in the manner provided in Subsection 4.4.3(a) shall be deemed to have been issued effective upon such increase or decrease becoming effective.

(d) Upon the expiration or termination of any unexercised Option or unconverted or unexchanged Convertible Security (or portion thereof) which resulted (either upon its original issuance or upon a revision of its terms) in an adjustment to the Conversion Price of any series of Preferred Stock pursuant to the terms of Subsection 4.4.4, the Conversion Price of such series of Preferred Stock shall be readjusted to such Conversion Price for such series of Preferred Stock as would have obtained had such Option or Convertible Security (or portion thereof) never been issued.

(e) If the number of shares of Common Stock issuable upon the exercise, conversion and/or exchange of any Option or Convertible Security, or the consideration payable to the Corporation upon such exercise, conversion and/or exchange, is calculable at the time such Option or Convertible Security is issued or amended but is subject to adjustment based upon subsequent

events, any adjustment to the Conversion Price of a series of Preferred Stock provided for in this Subsection 4.4.3 shall be effected at the time of such issuance or amendment based on such number of shares or amount of consideration without regard to any provisions for subsequent adjustments (and any subsequent adjustments shall be treated as provided in clauses (b) and (c) of this Subsection 4.4.3). If the number of shares of Common Stock issuable upon the exercise, conversion and/or exchange of any Option or Convertible Security, or the consideration payable to the Corporation upon such exercise, conversion and/or exchange, cannot be calculated at all at the time such Option or Convertible Security is issued or amended, any adjustment to the Conversion Price of a series of Preferred Stock that would result under the terms of this Subsection 4.4.3 at the time of such issuance or amendment shall instead be effected at the time such number of shares and/or amount of consideration is first calculable (even if subject to subsequent adjustments), assuming for purposes of calculating such adjustment to the Conversion Price for such series of Preferred Stock that such issuance or amendment took place at the time such calculation can first be made.

4.4.4 Adjustment of Conversion Price Upon Issuance of Additional Shares of Common Stock. In the event the Corporation shall at any time after the Series A Original Issue Date issue Additional Shares of Common Stock (including Additional Shares of Common Stock deemed to be issued pursuant to Subsection 4.4.3), without consideration or for a consideration per share less than the Conversion Price of a series of Preferred Stock in effect immediately prior to such issuance or deemed issuance, then the Conversion Price for such series of Preferred Stock shall be reduced, concurrently with such issue, to a price (calculated to the nearest one-hundredth of a cent) determined in accordance with the following formula:

$$CP_2 = CP_1 * (A + B) \div (A + C).$$

For purposes of the foregoing formula, the following definitions shall apply:

(a) "***CP_2***" shall mean the Conversion Price of such series of Preferred Stock in effect immediately after such issuance or deemed issuance of Additional Shares of Common Stock

(b) "***CP_1***" shall mean the Conversion Price of such series of Preferred Stock in effect immediately prior to such issuance or deemed issuance of Additional Shares of Common Stock;

(c) "***A***" shall mean the number of shares of Common Stock outstanding immediately prior to such issuance or deemed issuance of Additional Shares of Common Stock (treating for this purpose as outstanding all shares of Common Stock issuable upon exercise of Options outstanding immediately prior to such issuance or deemed issuance or upon conversion or exchange of Convertible Securities (including the Preferred Stock) outstanding (assuming exercise of any outstanding Options therefor) immediately prior to such issue);

(d) "***B***" shall mean the number of shares of Common Stock that would have been issued if such Additional Shares of Common Stock had been issued or deemed issued at a price per share equal to CP_1 (determined by dividing the aggregate consideration received by the Corporation in respect of such issue by CP_1); and

(e) "***C***" shall mean the number of such Additional Shares of Common Stock issued in such transaction.

4.4.5 Determination of Consideration. For purposes of this Subsection 4.4, the consideration received by the Corporation for the issuance or deemed issuance of any Additional Shares of Common Stock shall be computed as follows:

(a) Cash and Property: Such consideration shall:

(i) insofar as it consists of cash, be computed at the aggregate amount of cash received by the Corporation, excluding amounts paid or payable for accrued interest;

(ii) insofar as it consists of property other than cash, be computed at the fair market value thereof at the time of such issue, as determined in good faith by the Board of Directors of the Corporation; and

(iii) in the event Additional Shares of Common Stock are issued together with other shares or securities or other assets of the Corporation for consideration which covers both, be the proportion of such consideration so received, computed as provided in clauses (i) and (ii) above, as determined in good faith by the Board of Directors of the Corporation.

(b) Options and Convertible Securities. The consideration per share received by the Corporation for Additional Shares of Common Stock deemed to have been issued pursuant to Subsection 4.4.3, relating to Options and Convertible Securities, shall be determined by dividing:

(i) The total amount, if any, received or receivable by the Corporation as consideration for the issue of such Options or Convertible Securities, plus the minimum aggregate amount of additional consideration (as set forth in the instruments relating thereto, without regard to any provision contained therein for a subsequent adjustment of such consideration) payable to the Corporation upon the exercise of such Options or the conversion or exchange of such Convertible Securities, or in the case of Options for Convertible Securities, the exercise of such Options for Convertible Securities and the conversion or exchange of such Convertible Securities, by

(ii) the maximum number of shares of Common Stock (as set forth in the instruments relating thereto, without regard to any provision contained therein for a subsequent adjustment of such number) issuable upon the exercise of such Options or the conversion or exchange of such Convertible Securities, or in the case of Options for Convertible Securities, the exercise of such Options for Convertible Securities and the conversion or exchange of such Convertible Securities.

4.4.6 Multiple Closing Dates. In the event the Corporation shall issue on more than one date Additional Shares of Common Stock that are a part of one transaction or a series of related transactions and that would result in an adjustment to the Conversion Price of a series of Preferred Stock pursuant to the terms of Subsection 4.4.4 then, upon the final such issuance, the Conversion Price for such series of Preferred Stock shall be readjusted to give effect to all such issuances as if they occurred on the date of the first such issuance (and without giving effect to any additional adjustments as a result of any such subsequent issuances).

4.5 Adjustment for Stock Splits and Combinations. If the Corporation shall at any time or from time to time after the Series A Original Issue Date effect a subdivision of the outstanding Common Stock, the Conversion Price of each series of Preferred Stock in effect immediately before that subdivision shall be proportionately decreased so that the number of shares of Common Stock issuable on conversion of each share of such series shall be increased in proportion to such increase in the aggregate number of shares of Common Stock outstanding. If the Corporation shall at any time or from time to time after the Series A Original Issue Date combine the outstanding shares of Common Stock, the Conversion Price of each series of Preferred Stock in effect immediately before the combination shall be proportionately increased so that the number of shares of Common Stock issuable on conversion of each share of such series shall be decreased in proportion to such decrease in the aggregate number of shares of Common Stock outstanding. Any adjustment under this subsection shall become effective at the close of business on the date the subdivision or combination becomes effective.

4.6 Adjustment for Certain Dividends and Distributions. In the event the Corporation at any time or from time to time after the Series A Original Issue Date shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable on the Common Stock in additional shares of Common Stock, then and in each such event the Conversion Price of each series of Preferred Stock in effect immediately before such event shall be decreased as of the time of such issuance or, in the event such a record date shall have been fixed, as of the close of business on such record date, by multiplying the Conversion Price of each such series of Preferred Stock then in effect by a fraction:

(1) the numerator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and

(2) the denominator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of

business on such record date plus the number of shares of Common Stock issuable in payment of such dividend or distribution.

Notwithstanding the foregoing (a) if such record date shall have been fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefor, the Conversion Price of each series of Preferred Stock shall be recomputed accordingly as of the close of business on such record date and thereafter the Conversion Price of each series of Preferred Stock shall be adjusted pursuant to this subsection as of the time of actual payment of such dividends or distributions; and (b) that no such adjustment shall be made if the holders of such series of Preferred Stock simultaneously receive a dividend or other distribution of shares of Common Stock in a number equal to the number of shares of Common Stock as they would have received if all outstanding shares of such series of Preferred Stock had been converted into Common Stock on the date of such event.

4.7 Adjustments for Other Dividends and Distributions. In the event the Corporation at any time or from time to time after the Series A Original Issue Date shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable in securities of the Corporation (other than a distribution of shares of Common Stock in respect of outstanding shares of Common Stock) or in other property and the provisions of Section 1 do not apply to such dividend or distribution, then and in each such event the holders of Preferred Stock shall receive, simultaneously with the distribution to the holders of Common Stock, a dividend or other distribution of such securities or other property in an amount equal to the amount of such securities or other property as they would have received if all outstanding shares of Preferred Stock had been converted into Common Stock on the date of such event.

4.8 Adjustment for Merger or Reorganization, etc. Subject to the provisions of Subsection 2.3, if there shall occur any reorganization, recapitalization, reclassification, consolidation or merger involving the Corporation in which the Common Stock (but not the Preferred Stock) is converted into or exchanged for securities, cash or other property (other than a transaction covered by Subsections 4.4, 4.6 or 4.7), then, following any such reorganization, recapitalization, reclassification, consolidation or merger, each share of Preferred Stock shall thereafter be convertible in lieu of the Common Stock into which it was convertible prior to such event into the kind and amount of securities, cash or other property which a holder of the number of shares of Common Stock of the Corporation issuable upon conversion of one share of such Preferred Stock immediately prior to such reorganization, recapitalization, reclassification, consolidation or merger would have been entitled to receive pursuant to such transaction; and, in such case, appropriate adjustment (as determined in good faith by the Board of Directors of the Corporation) shall be made in the application of the provisions in this Section 4 with respect to the rights and interests thereafter of the holders of the Preferred Stock, to the end that the provisions set forth in this Section 4 (including provisions with respect to changes in and other adjustments of the Conversion Price of each series of Preferred Stock) shall thereafter be applicable, as nearly as reasonably may be, in relation to any securities or other property thereafter deliverable upon the conversion of the Preferred Stock.

4.9 Certificate as to Adjustments. Upon the occurrence of each adjustment or readjustment of the Conversion Price of a series of Preferred Stock pursuant to this Section 4, the Corporation at its expense shall, as promptly as reasonably practicable but in any event not later than ten (10) days thereafter, compute such adjustment or readjustment in accordance with the terms hereof and furnish to each holder of such series of Preferred Stock a certificate setting forth such adjustment or readjustment (including the kind and amount of securities, cash or other property into which such series of Preferred Stock is convertible) and showing in detail the facts upon which such adjustment or readjustment

is based. The Corporation shall, as promptly as reasonably practicable after the written request at any time of any holder of Preferred Stock, furnish or cause to be furnished to such holder a certificate setting forth (i) the Conversion Price then in effect for each series of Preferred Stock held by such holder, and (ii) the number of shares of Common Stock and the amount, if any, of other securities, cash or property which then would be received upon the conversion of each such series of Preferred Stock.

4.10 Notice of Record Date. In the event:

(a) the Corporation shall take a record of the holders of its Common Stock (or other capital stock or securities at the time issuable upon conversion of the Preferred Stock) for the purpose of entitling or enabling them to receive any dividend or other distribution, or to receive any right to subscribe for or purchase any shares of capital stock of any class or any other securities, or to receive any other security; or

(b) of any capital reorganization of the Corporation, any reclassification of the Common Stock of the Corporation, or any Deemed Liquidation Event; or

(c) of the voluntary or involuntary dissolution, liquidation or winding-up of the Corporation,

then, and in each such case, the Corporation will send or cause to be sent to the holders of the Preferred Stock a notice specifying, as the case may be, (i) the record date for such dividend, distribution or right, and the amount and character of such dividend, distribution or right, or (ii) the effective date on which such reorganization, reclassification, consolidation, merger, transfer, dissolution, liquidation or winding-up is proposed to take place, and the time, if any is to be fixed, as of which the holders of record of Common Stock (or such other capital stock or securities at the time issuable upon the conversion of the Preferred Stock) shall be entitled to exchange their shares of Common Stock (or such other capital stock or securities) for securities or other property deliverable upon such reorganization, reclassification, consolidation, merger, transfer, dissolution, liquidation or winding-up, and the amount per share and character of such exchange applicable to the Preferred Stock and the Common Stock. Such notice shall be sent at least ten (10) days prior to the record date or effective date for the event specified in such notice.

5. Mandatory Conversion.

5.1 Trigger Events. Upon either (a) the closing of the sale of shares of Common Stock to the public at a price of at least five (5) times the Original Issue Price (subject to appropriate adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to the Common Stock), in a firm-commitment underwritten public offering pursuant to an effective registration statement under the Securities Act of 1933, as amended, resulting in at least $75,000,000 of gross proceeds to the Corporation and in connection with such offering the Common Stock is listed for trading on the Nasdaq Stock Market's National Market, the New York Stock Exchange or another exchange or marketplace approved the Board of Directors or (b) the date and time, or the occurrence of an event, specified by vote or written consent of the Requisite Holders (the time of such closing or the date and time specified or the time of the event specified in such vote or written consent is referred to herein as the "***Mandatory Conversion Time***"), then (i) all outstanding shares of Preferred Stock shall automatically be converted into shares of Common Stock, at the then effective conversion rate as calculated pursuant to Subsection 4.1.1 and (ii) such shares may not be reissued by the Corporation.

5.2 Procedural Requirements. All holders of record of shares of Preferred Stock shall be sent written notice of the Mandatory Conversion Time and the place designated for mandatory conversion of all such shares of Preferred Stock pursuant to this Section 5. Such notice need not be sent in advance of the occurrence of the Mandatory Conversion Time. Upon receipt of such notice, each holder of shares of Preferred Stock in certificated form shall surrender his, her or its certificate or certificates for all such shares (or, if such holder alleges that such certificate has been lost, stolen or destroyed, a lost certificate affidavit and agreement reasonably acceptable to the Corporation to indemnify the Corporation against any claim that may be made against the Corporation on account of the alleged loss, theft or destruction of such certificate) to the Corporation at the place designated in such notice. If so required by the Corporation, any certificates surrendered for conversion shall be endorsed or accompanied by written instrument or instruments of transfer, in form satisfactory to the Corporation, duly executed by the registered holder or by his, her or its attorney duly authorized in writing. All rights with respect to the Preferred Stock converted pursuant to Subsection 5.1, including the rights, if any, to receive notices and vote (other than as a holder of Common Stock), will terminate at the Mandatory Conversion Time (notwithstanding the failure of the holder or holders thereof to surrender any certificates at or prior to such time), except only the rights of the holders thereof, upon surrender of any certificate or certificates of such holders (or lost certificate affidavit and agreement) therefor, to receive the items provided for in the next sentence of this Subsection 5.2. As soon as practicable after the Mandatory Conversion Time and, if applicable, the surrender of any certificate or certificates (or lost certificate affidavit and agreement) for Preferred Stock, the Corporation shall (a) issue and deliver to such holder, or to his, her or its nominees, a certificate or certificates for the number of full shares of Common Stock issuable on such conversion in accordance with the provisions hereof or issue and deliver to such holder, or to his, her or its nominees, a notice of issuance of uncertificated shares and may, upon written request, issue and deliver a certificate for the number of full shares of Common Stock issuable upon such conversion in accordance with the provisions hereof and (b) pay cash as provided in Subsection 4.2 in lieu of any fraction of a share of Common Stock otherwise issuable upon such conversion and the payment of any declared but unpaid dividends on the shares of Preferred Stock converted. Such converted Preferred Stock shall be retired and cancelled and may not be reissued as shares of such series, and the Corporation may thereafter take such appropriate action (without the need for stockholder action) as may be necessary to reduce the authorized number of shares of Preferred Stock accordingly.

6. Redemption. The shares of Preferred Stock shall not be redeemable by any holder thereof, except as may be otherwise provided herein.

7. Redeemed or Otherwise Acquired Shares. Any shares of Preferred Stock that are redeemed or otherwise acquired by the Corporation or any of its subsidiaries shall be automatically and immediately cancelled and retired and shall not be reissued, sold or transferred. Neither the Corporation nor any of its subsidiaries may exercise any voting or other rights granted to the holders of Preferred Stock following redemption.

8. Waiver. Any of the rights, powers, preferences and other terms of the Series A Preferred Stock set forth herein may be waived on behalf of all holders of Series A Preferred Stock by the affirmative written consent or vote of the holders of at least a majority of the shares of Series A Preferred Stock then outstanding.

9. Notices. Any notice required or permitted by the provisions of this Article Fourth to be given to a holder of shares of Preferred Stock shall be mailed, postage prepaid, to the post office address last shown on the records of the Corporation, or given by electronic communication in compliance

with the provisions of the General Corporation Law, and shall be deemed sent upon such mailing or electronic transmission.

FIFTH: Subject to any additional vote required by this Amended and Restated Certificate of Incorporation or Bylaws, in furtherance and not in limitation of the powers conferred by statute, the Board of Directors is expressly authorized to make, repeal, alter, amend and rescind any or all of the Bylaws of the Corporation.

SIXTH: Subject to any additional vote required by this Amended and Restated Certificate of Incorporation, the number of directors of the Corporation shall be determined in the manner set forth in the Bylaws of the Corporation. Each director shall be entitled to one vote on each matter presented to the Board of Directors.

SEVENTH: Elections of directors need not be by written ballot unless the Bylaws of the Corporation shall so provide.

EIGHTH: Meetings of stockholders may be held within or without the State of Delaware, as the Bylaws of the Corporation may provide. The books of the Corporation may be kept outside the State of Delaware at such place or places as may be designated from time to time by the Board of Directors or in the Bylaws of the Corporation.

NINTH: To the fullest extent permitted by law, a director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director. If the General Corporation Law or any other law of the State of Delaware is amended after approval by the stockholders of this Article Ninth to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director of the Corporation shall be eliminated or limited to the fullest extent permitted by the General Corporation Law as so amended.

Any repeal or modification of the foregoing provisions of this Article Ninth by the stockholders of the Corporation shall not adversely affect any right or protection of a director of the Corporation existing at the time of, or increase the liability of any director of the Corporation with respect to any acts or omissions of such director occurring prior to, such repeal or modification.

TENTH: To the fullest extent permitted by applicable law, the Corporation is authorized to provide indemnification of (and advancement of expenses to) directors, officers and agents of the Corporation (and any other persons to which General Corporation Law permits the Corporation to provide indemnification) through Bylaw provisions, agreements with such agents or other persons, vote of stockholders or disinterested directors or otherwise, in excess of the indemnification and advancement otherwise permitted by Section 145 of the General Corporation Law.

Any amendment, repeal or modification of the foregoing provisions of this Article Tenth shall not (a) adversely affect any right or protection of any director, officer or other agent of the Corporation existing at the time of such amendment, repeal or modification or (b) increase the liability of any director of the Corporation with respect to any acts or omissions of such director, officer or agent occurring prior to, such amendment, repeal or modification.

ELEVENTH: The Corporation renounces, to the fullest extent permitted by law, any interest or expectancy of the Corporation in, or in being offered an opportunity to participate in, any

Excluded Opportunity. An "***Excluded Opportunity***" is any matter, transaction or interest that is presented to, or acquired, created or developed by, or which otherwise comes into the possession of (i) any director of the Corporation who is not an employee of the Corporation or any of its subsidiaries, or (ii) any holder of Series A Preferred Stock or any partner, member, director, stockholder, employee, affiliate or agent of any such holder, other than someone who is an officer or employee of the Corporation or any of its subsidiaries (collectively, the persons referred to in clauses (i) and (ii) are "***Covered Persons***"), unless such matter, transaction or interest is presented to, or acquired, created or developed by, or otherwise comes into the possession of, a Covered Person expressly and solely in such Covered Person's capacity as a director of the Corporation. Any repeal or modification of this Article Eleventh will only be prospective and will not affect the rights under this Article Eleventh in effect at the time of the occurrence of any actions or omissions to act giving rise to liability. Notwithstanding anything to the contrary contained elsewhere in this Amended and Restated Certificate of Incorporation, the affirmative vote of the holders of at least a majority of the shares of Series A Preferred Stock then outstanding will be required to amend or repeal, or to adopt any provisions inconsistent with this Article Eleventh.

TWELFTH: Unless the Corporation consents in writing to the selection of an alternative forum, the Court of Chancery in the State of Delaware shall be the sole and exclusive forum for any stockholder (including a beneficial owner) to bring (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim of breach of fiduciary duty owed by any director, officer or other employee of the Corporation to the Corporation or the Corporation's stockholders, (iii) any action asserting a claim against the Corporation, its directors, officers or employees arising pursuant to any provision of the Delaware General Corporation Law or the Corporation's certificate of incorporation or bylaws or (iv) any action asserting a claim against the Corporation, its directors, officers or employees governed by the internal affairs doctrine, except for, as to each of (i) through (iv) above, any claim as to which the Court of Chancery determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, or for which the Court of Chancery does not have subject matter jurisdiction. If any provision or provisions of this Article Twelfth shall be held to be invalid, illegal or unenforceable as applied to any person or entity or circumstance for any reason whatsoever, then, to the fullest extent permitted by law, the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of this Article Twelfth (including, without limitation, each portion of any sentence of this Article Twelfth containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) and the application of such provision to other persons or entities and circumstances shall not in any way be affected or impaired thereby.

THIRTEENTH: For purposes of Section 500 of the California Corporations Code (to the extent applicable), in connection with any repurchase of shares of Common Stock permitted under this Amended and Restated Certificate of Incorporation from employees, officers, directors or consultants of the Corporation in connection with a termination of employment or services pursuant to agreements or arrangements approved by the Board of Directors (in addition to any other consent required under this Amended and Restated Certificate of Incorporation), such repurchase may be made without regard to any "preferential dividends arrears amount" or "preferential rights amount" (as those terms are defined in Section 500 of the California Corporations Code). Accordingly, for purposes of making any calculation under California Corporations Code Section 500 in connection with such repurchase, the amount of any "preferential dividends arrears amount" or "preferential rights amount" (as those terms are defined therein) shall be deemed to be zero (0).

EXHIBIT D

FORM OF INDEMNIFICATION AGREEMENT

INDEMNIFICATION AGREEMENT

THIS INDEMNIFICATION AGREEMENT (the "**Agreement**") is made and entered into as of _____, 2021 between RepNuCo, Inc., a Delaware corporation (the "**Company**") and _____ ("**Indemnitee**").

WHEREAS, highly competent persons have become more reluctant to serve corporations as directors, officers and/or in other capacities unless they are provided with adequate protection through insurance or adequate indemnification against inordinate risks of claims and actions against them arising out of their service to and activities on behalf of the corporation;

WHEREAS, the Board of Directors of the Company (the "**Board**") has determined that, in order to attract and retain qualified individuals, the Company will attempt to maintain on an ongoing basis, at its sole expense, liability insurance to protect persons serving the Company and its subsidiaries from certain liabilities. Although the furnishing of such insurance has been a customary and widespread practice among United States-based corporations and other business enterprises, the Company believes that, given current market conditions and trends, such insurance may be available to it in the future only at higher premiums and with more exclusions. At the same time, directors, officers, and other persons in service to corporations or business enterprises are being increasingly subjected to expensive and time-consuming litigation relating to, among other things, matters that traditionally would have been brought only against the Company or business enterprise itself. The Bylaws and Certificate of Incorporation of the Company require indemnification of the officers and directors of the Company. Indemnitee may also be entitled to indemnification pursuant to the General Corporation Law of the State of Delaware ("**DGCL**"). The Bylaws and Certificate of Incorporation and the DGCL expressly provide that the indemnification provisions set forth therein are not exclusive, and thereby contemplate that contracts may be entered into between the Company and members of the Board, officers and other persons with respect to indemnification;

WHEREAS, the uncertainties relating to such insurance and to indemnification have increased the difficulty of attracting and retaining such persons;

WHEREAS, the Board has determined that the increased difficulty in attracting and retaining such persons is detrimental to the best interests of the Company's stockholders and that the Company should act to assure such persons that there will be increased certainty of such protection in the future;

WHEREAS, it is reasonable, prudent and necessary for the Company contractually to obligate itself to indemnify, and to advance expenses on behalf of, such persons to the fullest extent permitted by applicable law so that they will serve or continue to serve the Company free from undue concern that they will not be so indemnified;

WHEREAS, this Agreement is a supplement to and in furtherance of the Bylaws and Certificate of Incorporation of the Company and any resolutions adopted pursuant thereto, and shall not be deemed a substitute therefor, nor to diminish or abrogate any rights of Indemnitee thereunder;

WHEREAS, Indemnitee does not regard the protection available under the Company's Bylaws and Certificate of Incorporation and insurance as adequate in the present circumstances, and may not be willing to serve as an officer and/or a director without adequate protection, and the Company desires Indemnitee to serve in such capacity. Indemnitee is willing to serve, continue to serve and to take on additional service for or on behalf of the Company on the condition that he or she be so indemnified; and

[WHEREAS, Indemnitee has certain rights to indemnification and/or insurance provided by [ATP Life Science Ventures, L.P.] or its affiliates ("**Investor**"), which Indemnitee and Investor intend to be secondary to the primary obligation of the Company to indemnify Indemnitee as provided herein, with the Company's acknowledgement and agreement to the foregoing being a material condition to Indemnitee's

willingness to serve on the Board.]

NOW, THEREFORE, in consideration of Indemnitee's agreement to serve as an officer and/or director from and after the date hereof, the parties hereto agree as follows:

1. Indemnity of Indemnitee. The Company hereby agrees to hold harmless and indemnify Indemnitee to the fullest extent permitted by law, as such may be amended from time to time. In furtherance of the foregoing indemnification, and without limiting the generality thereof:

(a) Proceedings Other Than Proceedings by or in the Right of the Company. Indemnitee shall be entitled to the rights of indemnification provided in this Section 1(a) if, by reason of his or her Corporate Status (as hereinafter defined), the Indemnitee is, or is threatened to be made, a party to or participant in any Proceeding (as hereinafter defined) other than a Proceeding by or in the right of the Company. Pursuant to this Section 1(a), Indemnitee shall be indemnified against all Expenses (as hereinafter defined), judgments, penalties, fines and amounts paid in settlement actually and reasonably incurred by him or her, or on his or her behalf, in connection with such Proceeding or any claim, issue or matter therein, if the Indemnitee acted in good faith and in a manner the Indemnitee reasonably believed to be in or not opposed to the best interests of the Company, and with respect to any criminal Proceeding, had no reasonable cause to believe the Indemnitee's conduct was unlawful.

(b) Proceedings by or in the Right of the Company. Indemnitee shall be entitled to the rights of indemnification provided in this Section 1(b) if, by reason of his or her Corporate Status, the Indemnitee is, or is threatened to be made, a party to or participant in any Proceeding brought by or in the right of the Company. Pursuant to this Section 1(b), Indemnitee shall be indemnified against all Expenses actually and reasonably incurred by the Indemnitee, or on the Indemnitee's behalf, in connection with such Proceeding if the Indemnitee acted in good faith and in a manner the Indemnitee reasonably believed to be in or not opposed to the best interests of the Company; provided, however, if applicable law so provides, no indemnification against such Expenses shall be made in respect of any claim, issue or matter in such Proceeding as to which Indemnitee shall have been adjudged to be liable to the Company unless and to the extent that the Court of Chancery of the State of Delaware shall determine that such indemnification may be made.

(c) Indemnification for Expenses of a Party Who is Wholly or Partly Successful. Notwithstanding any other provision of this Agreement, to the extent that Indemnitee is, by reason of his or her Corporate Status, a party to (or participant in) and is successful, on the merits or otherwise, in any Proceeding, he or she shall be indemnified to the maximum extent permitted by law, as such may be amended from time to time, against all Expenses actually and reasonably incurred by him or her, or on his or her behalf, in connection therewith. If Indemnitee is not wholly successful in such Proceeding but is successful, on the merits or otherwise, as to one or more but less than all claims, issues or matters in such Proceeding, the Company shall indemnify Indemnitee against all Expenses actually and reasonably incurred by him or her, or on his or her behalf, in connection with each successfully resolved claim, issue or matter. For purposes of this Section and without limitation, the termination of any claim, issue or matter in such a Proceeding by dismissal, with or without prejudice, shall be deemed to be a successful result as to such claim, issue or matter.

(d) Indemnification of Appointing Stockholder. If (i) Indemnitee is or was affiliated with one or more entities that has invested in the Company (an "**Appointing Stockholder**"), and (ii) the Appointing Stockholder is, or is threatened to be made, a party to or a participant in any Proceeding relating to or arising by reason of Appointing Stockholder's position as a stockholder of, or lender to, the Company, or Appointing Stockholder's appointment of or affiliation with Indemnitee or any other director, including, without limitation, any alleged misappropriation of a Company asset or corporate opportunity, any claim of misappropriation or infringement of intellectual property relating to the Company, any alleged false or misleading statement or omission made by the Company (or on its behalf) or its employees or

agents, or any allegation of inappropriate control or influence over the Company or its Board members, officers, equity holders or debt holders, then the Appointing Stockholder will be entitled to indemnification hereunder for Expenses to the same extent as Indemnitee, and the terms of this Agreement as they relate to procedures for indemnification of Indemnitee and advancement of Expenses shall apply to any such indemnification of Appointing Stockholder.

(e) Partial Indemnification. If Indemnitee is entitled under any provision of this Agreement to indemnification by the Company for some or a portion of Expenses, but not, however, for the total amount thereof, the Company shall nevertheless indemnify Indemnitee for the portion thereof to which Indemnitee is entitled.

2. Additional Indemnity. In addition to, and without regard to any limitations on, the indemnification provided for in Section 1 of this Agreement, the Company shall and hereby does indemnify and hold harmless Indemnitee against all Expenses, judgments, penalties, fines and amounts paid in settlement actually and reasonably incurred by him or her, or on his or her behalf, if, by reason of his or her Corporate Status, he or she is, or is threatened to be made, a party to or participant in any Proceeding (including a Proceeding by or in the right of the Company), including, without limitation, all liability arising out of the negligence or active or passive wrongdoing of Indemnitee. The only limitation that shall exist upon the Company's obligations pursuant to this Agreement shall be that the Company shall not be obligated to make any payment to Indemnitee that is finally determined (under the procedures, and subject to the presumptions, set forth in Sections 6 and 7 hereof) to be unlawful.

3. Contribution.

(a) Whether or not the indemnification provided in Sections 1 and 2 hereof is available, in respect of any threatened, pending or completed action, suit or proceeding in which the Company is jointly liable with Indemnitee (or would be if joined in such action, suit or proceeding), the Company shall pay, in the first instance, the entire amount of any judgment or settlement of such action, suit or proceeding without requiring Indemnitee to contribute to such payment and the Company hereby waives and relinquishes any right of contribution it may have against Indemnitee. The Company shall not enter into any settlement of any action, suit or proceeding in which the Company is jointly liable with Indemnitee (or would be if joined in such action, suit or proceeding) unless such settlement provides for a full and final release of all claims asserted against Indemnitee.

(b) Without diminishing or impairing the obligations of the Company set forth in the preceding subparagraph, if, for any reason, Indemnitee shall elect or be required to pay all or any portion of any judgment or settlement in any threatened, pending or completed action, suit or proceeding in which the Company is jointly liable with Indemnitee (or would be if joined in such action, suit or proceeding), the Company shall contribute to the amount of Expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by Indemnitee in proportion to the relative benefits received by the Company and all officers, directors or employees of the Company, other than Indemnitee, who are jointly liable with Indemnitee (or would be if joined in such action, suit or proceeding), on the one hand, and Indemnitee, on the other hand, from the transaction or events from which such action, suit or proceeding arose; provided, however, that the proportion determined on the basis of relative benefit may, to the extent necessary to conform to law, be further adjusted by reference to the relative fault of the Company and all officers, directors or employees of the Company other than Indemnitee who are jointly liable with Indemnitee (or would be if joined in such action, suit or proceeding), on the one hand, and Indemnitee, on the other hand, in connection with the transaction or events that resulted in such expenses, judgments, fines or settlement amounts, as well as any other equitable considerations which applicable law may require to be considered. The relative fault of the Company and all officers, directors or employees of the Company, other than Indemnitee, who are jointly liable with Indemnitee (or would be if joined in such action, suit or proceeding), on the one hand, and Indemnitee, on the other hand, shall be determined by reference to, among other things, the degree to which their actions were motivated by intent

to gain personal profit or advantage, the degree to which their liability is primary or secondary and the degree to which their conduct is active or passive.

(c) The Company hereby agrees to fully indemnify and hold Indemnitee harmless from any claims of contribution which may be brought by officers, directors or employees of the Company, other than Indemnitee, who may be jointly liable with Indemnitee.

(d) To the fullest extent permissible under applicable law, if the indemnification provided for in this Agreement is unavailable to Indemnitee for any reason whatsoever, the Company, in lieu of indemnifying Indemnitee, shall contribute to the amount incurred by Indemnitee, whether for judgments, fines, penalties, excise taxes, amounts paid or to be paid in settlement and/or for Expenses, in connection with any claim relating to an indemnifiable event under this Agreement, in such proportion as is deemed fair and reasonable in light of all of the circumstances of such Proceeding in order to reflect (i) the relative benefits received by the Company and Indemnitee as a result of the event(s) and/or transaction(s) giving cause to such Proceeding; and/or (ii) the relative fault of the Company (and its directors, officers, employees and agents) and Indemnitee in connection with such event(s) and/or transaction(s).

4. Indemnification for Expenses of a Witness. Notwithstanding any other provision of this Agreement, to the extent that Indemnitee is, by reason of his or her Corporate Status, a witness, or is made (or asked) to respond to discovery requests, in any Proceeding to which Indemnitee is not a party, he shall be indemnified against all Expenses actually and reasonably incurred by him or her, or on his or her behalf, in connection therewith.

5. Advancement of Expenses. Notwithstanding any other provision of this Agreement, the Company shall advance all Expenses incurred by or on behalf of Indemnitee in connection with any Proceeding by reason of Indemnitee's Corporate Status within thirty (30) days after the receipt by the Company of a statement or statements from Indemnitee requesting such advance or advances from time to time, whether prior to or after final disposition of such Proceeding. Such statement or statements shall reasonably evidence the Expenses incurred by Indemnitee and shall include or be preceded or accompanied by a written undertaking by or on behalf of Indemnitee to repay any Expenses advanced if it shall ultimately be determined that Indemnitee is not entitled to be indemnified against such Expenses. Any advances and undertakings to repay pursuant to this Section 5 shall be unsecured and interest free.

6. Procedures and Presumptions for Determination of Entitlement to Indemnification. It is the intent of this Agreement to secure for Indemnitee rights of indemnity that are as favorable as may be permitted under the DGCL and public policy of the State of Delaware. Accordingly, the parties agree that the following procedures and presumptions shall apply in the event of any question as to whether Indemnitee is entitled to indemnification under this Agreement:

(a) To obtain indemnification under this Agreement, Indemnitee shall submit to the Company a written request, including therein or therewith such documentation and information as is reasonably available to Indemnitee and is reasonably necessary to determine whether and to what extent Indemnitee is entitled to indemnification. The Secretary of the Company shall, promptly upon receipt of such a request for indemnification, advise the Board in writing that Indemnitee has requested indemnification. Notwithstanding the foregoing, any failure of Indemnitee to provide such a request to the Company, or to provide such a request in a timely fashion, shall not relieve the Company of any liability that it may have to Indemnitee unless, and to the extent that, such failure actually and materially prejudices the interests of the Company.

(b) Upon written request by Indemnitee for indemnification pursuant to the first sentence of Section 6(a) hereof, a determination with respect to Indemnitee's entitlement thereto shall be made in the specific case by one of the following four methods, which shall be at the election of the

Board: (1) by a majority vote of the disinterested directors, even though less than a quorum, (2) by a committee of disinterested directors designated by a majority vote of the disinterested directors, even though less than a quorum, (3) if there are no disinterested directors or if the disinterested directors so direct, by independent legal counsel in a written opinion to the Board, a copy of which shall be delivered to the Indemnitee, or (4) if so directed by the Board, by the stockholders of the Company. For purposes hereof, disinterested directors are those members of the Board who are not parties to the action, suit or proceeding in respect of which indemnification is sought by Indemnitee.

(c) If the determination of entitlement to indemnification is to be made by Independent Counsel pursuant to Section 6(b) hereof, the Independent Counsel shall be selected as provided in this Section 6(c). The Independent Counsel shall be selected by the Board. Indemnitee may, within ten (10) days after such written notice of selection shall have been given, deliver to the Company a written objection to such selection; provided, however, that such objection may be asserted only on the ground that the Independent Counsel so selected does not meet the requirements of "**Independent Counsel**" as defined in Section 13 of this Agreement, and the objection shall set forth with particularity the factual basis of such assertion. Absent a proper and timely objection, the person so selected shall act as Independent Counsel. If a written objection is made and substantiated, the Independent Counsel selected may not serve as Independent Counsel unless and until such objection is withdrawn or a court has determined that such objection is without merit. If, within twenty (20) days after submission by Indemnitee of a written request for indemnification pursuant to Section 6(a) hereof, no Independent Counsel shall have been selected and not objected to, either the Company or Indemnitee may petition the Court of Chancery of the State of Delaware or other court of competent jurisdiction for resolution of any objection which shall have been made by the Indemnitee to the Company's selection of Independent Counsel and/or for the appointment as Independent Counsel of a person selected by the court or by such other person as the court shall designate, and the person with respect to whom all objections are so resolved or the person so appointed shall act as Independent Counsel under Section 6(b) hereof. The Company shall pay any and all reasonable fees and expenses of Independent Counsel incurred by such Independent Counsel in connection with acting pursuant to Section 6(b) hereof, and the Company shall pay all reasonable fees and expenses incident to the procedures of this Section 6(c), regardless of the manner in which such Independent Counsel was selected or appointed.

(d) In making a determination with respect to entitlement to indemnification hereunder, the person or persons or entity making such determination shall presume that Indemnitee is entitled to indemnification under this Agreement. Anyone seeking to overcome this presumption shall have the burden of proof and the burden of persuasion by clear and convincing evidence. Neither the failure of the Company (including by its directors or independent legal counsel) to have made a determination prior to the commencement of any action pursuant to this Agreement that indemnification is proper in the circumstances because Indemnitee has met the applicable standard of conduct, nor an actual determination by the Company (including by its directors or independent legal counsel) that Indemnitee has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that Indemnitee has not met the applicable standard of conduct.

(e) Indemnitee shall be deemed to have acted in good faith if Indemnitee's action is based on the records or books of account of the Enterprise (as hereinafter defined), including financial statements, or on information supplied to Indemnitee by the officers of the Enterprise in the course of their duties, or on the advice of legal counsel for the Enterprise or on information or records given or reports made to the Enterprise by an independent certified public accountant or by an appraiser or other expert selected with reasonable care by the Enterprise. In addition, the knowledge and/or actions, or failure to act, of any director, officer, agent or employee of the Enterprise shall not be imputed to Indemnitee for purposes of determining the right to indemnification under this Agreement. Whether or not the foregoing provisions of this Section 6(e) are satisfied, it shall in any event be presumed that Indemnitee has at all times acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best

interests of the Company. Anyone seeking to overcome this presumption shall have the burden of proof and the burden of persuasion by clear and convincing evidence.

(f) If the person, persons or entity empowered or selected under Section 6 to determine whether Indemnitee is entitled to indemnification shall not have made a determination within sixty (60) days after receipt by the Company of the request therefor, the requisite determination of entitlement to indemnification shall be deemed to have been made and Indemnitee shall be entitled to such indemnification absent (i) a misstatement by Indemnitee of a material fact, or an omission of a material fact necessary to make Indemnitee's statement not materially misleading, in connection with the request for indemnification, or (ii) a prohibition of such indemnification under applicable law; provided, however, that such sixty (60)-day period may be extended for a reasonable time, not to exceed an additional thirty (30) days, if the person, persons or entity making such determination with respect to entitlement to indemnification in good faith requires such additional time to obtain or evaluate documentation and/or information relating thereto; and provided, further, that the foregoing provisions of this Section 6(f) shall not apply if the determination of entitlement to indemnification is to be made by the stockholders pursuant to Section 6(b) of this Agreement and if (A) within fifteen (15) days after receipt by the Company of the request for such determination, the Board or the Disinterested Directors, if appropriate, resolve to submit such determination to the stockholders for their consideration at an annual meeting thereof to be held within seventy-five (75) days after such receipt and such determination is made thereat, or (B) a special meeting of stockholders is called within fifteen (15) days after such receipt for the purpose of making such determination, such meeting is held for such purpose within sixty (60) days after having been so called and such determination is made thereat.

(g) Indemnitee shall cooperate with the person, persons or entity making such determination with respect to Indemnitee's entitlement to indemnification, including providing to such person, persons or entity upon reasonable advance request any documentation or information which is not privileged or otherwise protected from disclosure and which is reasonably available to Indemnitee and reasonably necessary to such determination. Any Independent Counsel, member of the Board or stockholder of the Company shall act reasonably and in good faith in making a determination regarding the Indemnitee's entitlement to indemnification under this Agreement. Any costs or expenses (including attorneys' fees and disbursements) incurred by Indemnitee in so cooperating with the person, persons or entity making such determination shall be borne by the Company (irrespective of the determination as to Indemnitee's entitlement to indemnification) and the Company hereby indemnifies and agrees to hold Indemnitee harmless therefrom.

(h) The Company acknowledges that a settlement or other disposition short of final judgment may be successful if it permits a party to avoid expense, delay, distraction, disruption and uncertainty. In the event that any action, suit or proceeding to which Indemnitee is a party is resolved in any manner other than by adverse judgment against Indemnitee (including, without limitation, settlement of such action, suit or proceeding with or without payment of money or other consideration) it shall be presumed that Indemnitee has been successful on the merits or otherwise in such action, suit or proceeding. Anyone seeking to overcome this presumption shall have the burden of proof and the burden of persuasion by clear and convincing evidence.

(i) The termination of any Proceeding or of any claim, issue or matter therein, by judgment, order, settlement or conviction, or upon a plea of nolo contendere or its equivalent, shall not (except as otherwise expressly provided in this Agreement) of itself adversely affect the right of Indemnitee to indemnification or create a presumption that Indemnitee did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the Company or, with respect to any criminal Proceeding, that Indemnitee had reasonable cause to believe that his or her conduct was unlawful.

7. Remedies of Indemnitee.

(a) In the event that (i) a determination is made pursuant to Section 6 of this Agreement that Indemnitee is not entitled to indemnification under this Agreement, (ii) advancement of Expenses is not timely made pursuant to Section 5 of this Agreement, (iii) no determination of entitlement to indemnification is made pursuant to Section 6(b) of this Agreement within ninety (90) days after receipt by the Company of the request for indemnification, (iv) payment of indemnification is not made pursuant to this Agreement within ten (10) days after receipt by the Company of a written request therefor or (v) payment of indemnification is not made within ten (10) days after a determination has been made that Indemnitee is entitled to indemnification or such determination is deemed to have been made pursuant to Section 6 of this Agreement, Indemnitee shall be entitled to an adjudication in an appropriate court of the State of Delaware, or in any other court of competent jurisdiction, of Indemnitee's entitlement to such indemnification. Indemnitee shall commence such proceeding seeking an adjudication within one hundred eighty (180) days following the date on which Indemnitee first has the right to commence such proceeding pursuant to this Section 7(a). The Company shall not oppose Indemnitee's right to seek any such adjudication.

(b) In the event that a determination shall have been made pursuant to Section 6(b) of this Agreement that Indemnitee is not entitled to indemnification, any judicial proceeding commenced pursuant to this Section 7 shall be conducted in all respects as a de novo trial on the merits, and Indemnitee shall not be prejudiced by reason of the adverse determination under Section 6(b).

(c) If a determination shall have been made pursuant to Section 6(b) of this Agreement that Indemnitee is entitled to indemnification, the Company shall be bound by such determination in any judicial proceeding commenced pursuant to this Section 7, absent (i) a misstatement by Indemnitee of a material fact, or an omission of a material fact necessary to make Indemnitee's misstatement not materially misleading in connection with the application for indemnification, or (ii) a prohibition of such indemnification under applicable law.

(d) In the event that Indemnitee, pursuant to this Section 7, seeks a judicial adjudication of his or her rights under, or to recover damages for breach of, this Agreement, or to recover under any directors' and officers' liability insurance policies maintained by the Company, the Company shall pay on his or her behalf, in advance, any and all expenses (of the types described in the definition of Expenses in Section 13 of this Agreement) actually and reasonably incurred by him or her in such judicial adjudication, regardless of whether Indemnitee ultimately is determined to be entitled to such indemnification, advancement of expenses or insurance recovery.

(e) The Company shall be precluded from asserting in any judicial proceeding commenced pursuant to this Section 7 that the procedures and presumptions of this Agreement are not valid, binding and enforceable and shall stipulate in any such court that the Company is bound by all the provisions of this Agreement. The Company shall indemnify Indemnitee against any and all Expenses and, if requested by Indemnitee, shall (within ten (10) days after receipt by the Company of a written request therefor) advance, to the extent not prohibited by law, such expenses to Indemnitee, which are incurred by Indemnitee in connection with any action brought by Indemnitee for indemnification or advance of Expenses from the Company under this Agreement or under any directors' and officers' liability insurance policies maintained by the Company, regardless of whether Indemnitee ultimately is determined to be entitled to such indemnification, advancement of Expenses or insurance recovery, as the case may be.

(f) Notwithstanding anything in this Agreement to the contrary, no determination as to entitlement to indemnification under this Agreement shall be required to be made prior to the final disposition of the Proceeding.

8. Non-Exclusivity; Survival of Rights; Insurance; Primacy of Indemnification; Subrogation.

(a) The rights of indemnification as provided by this Agreement shall not be deemed exclusive of any other rights to which Indemnitee may at any time be entitled under applicable law, the Certificate of Incorporation, the By-laws, any agreement, a vote of stockholders, a resolution of directors of the Company, or otherwise. No amendment, alteration or repeal of this Agreement or of any provision hereof shall limit or restrict any right of Indemnitee under this Agreement in respect of any action taken or omitted by such Indemnitee in his or her Corporate Status prior to such amendment, alteration or repeal. To the extent that a change in the DGCL, whether by statute or judicial decision, permits greater indemnification than would be afforded currently under the Certificate of Incorporation, By-laws and this Agreement, it is the intent of the parties hereto that Indemnitee shall enjoy by this Agreement the greater benefits so afforded by such change. No right or remedy herein conferred is intended to be exclusive of any other right or remedy, and every other right and remedy shall be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other right or remedy.

(b) To the extent that the Company maintains an insurance policy or policies providing liability insurance for directors, officers, employees, or agents or fiduciaries of the Company or of any other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise that such person serves at the request of the Company, Indemnitee shall be covered by such policy or policies in accordance with its or their terms to the maximum extent of the coverage available for any director, officer, employee, agent or fiduciary under such policy or policies. If, at the time of the receipt of a notice of a claim pursuant to the terms hereof, the Company has directors' and officers' liability insurance in effect, the Company shall give prompt notice of the commencement of such proceeding to the insurers in accordance with the procedures set forth in the respective policies. The Company shall thereafter take all necessary or desirable action to cause such insurers to pay, on behalf of the Indemnitee, all amounts payable as a result of such proceeding in accordance with the terms of such policies.

(c) [The Company hereby acknowledges that Indemnitee has certain rights to indemnification, advancement of expenses and/or insurance provided by Investor and certain of its affiliates (collectively, the "**Investor Indemnitors**"). The Company hereby agrees (i) that it is the indemnitor of first resort (i.e., its obligations to Indemnitee are primary and any obligation of the Investor Indemnitors to advance expenses or to provide indemnification for the same expenses or liabilities incurred by Indemnitee are secondary), (ii) that it shall be required to advance the full amount of expenses incurred by Indemnitee and shall be liable for the full amount of all Expenses, judgments, penalties, fines and amounts paid in settlement to the extent legally permitted and as required by the terms of this Agreement and the Certificate of Incorporation or Bylaws of the Company (or any other agreement between the Company and Indemnitee), without regard to any rights Indemnitee may have against the Investor Indemnitors, and, (iii) that it irrevocably waives, relinquishes and releases the Investor Indemnitors from any and all claims against the Investor Indemnitors for contribution, subrogation or any other recovery of any kind in respect thereof. The Company further agrees that no advancement or payment by the Investor Indemnitors on behalf of Indemnitee with respect to any claim for which Indemnitee has sought indemnification from the Company shall affect the foregoing and the Investor Indemnitors shall have a right of contribution and/or be subrogated to the extent of such advancement or payment to all of the rights of recovery of Indemnitee against the Company. The Company and Indemnitee agree that the Investor Indemnitors are express third party beneficiaries of the terms of this Section 8(c).]

(d) Except as provided in paragraph (c) above, in the event of any payment under this Agreement, the Company shall be subrogated to the extent of such payment to all of the rights of recovery of Indemnitee [(other than against the Investor Indemnitors)], who shall execute all papers required and take all action necessary to secure such rights, including execution of such documents as are necessary to enable the Company to bring suit to enforce such rights.

(e) Except as provided in paragraph (c) above, the Company shall not be liable under this Agreement to make any payment of amounts otherwise indemnifiable hereunder if and to the extent that Indemnitee has otherwise actually received such payment under any insurance policy, contract, agreement or otherwise.

(f) Except as provided in paragraph (c) above, the Company's obligation to indemnify or advance Expenses hereunder to Indemnitee who is or was serving at the request of the Company as a director, officer, employee or agent of any other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise shall be reduced by any amount Indemnitee has actually received as indemnification or advancement of expenses from such other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise.

9. Exception to Right of Indemnification. Notwithstanding any provision in this Agreement, the Company shall not be obligated under this Agreement to make any indemnity in connection with any claim made against Indemnitee:
