**Notes to the MOR:**

On March 15th, 2026 (the "Petition Date"), each of the Debtors filed a voluntary petition for relief under chapter 11 of the Bankruptcy Code.

The Debtors are filing their Monthly Operating Report solely for the purposes of complying with the monthly operating reporting requirements applicable in the Debtors' chapter 11 cases. The financial and supplemental information contained herein is presented on a preliminary and unaudited basis, remains subject to future adjustments and may not comply in all material respects with generally accepted accounting principles in the United States of America ("U.S. GAAP"). This Monthly Operating Report should not be relied on by any persons for information relating to future financial conditions, events, or performance of any of the Debtors or their affiliates.

The financial information has been derived from the books and records of the Debtors. This information, however, has not been subject to certain procedures that would typically be applied to financial information in accordance with U.S. GAAP, and upon application of such procedures, the Debtors believe that the financial information could be subject to changes, which could be material. The information furnished in this report includes primarily normal recurring adjustments, but does not include all adjustments that would typically be made for financial statements prepared in accordance with U.S. GAAP. The preparation of the Financial Statements and MOR required the Debtors to make commercially reasonable estimates and assumptions with respect to the reported amounts of assets and liabilities, the amount of contingent assets and contingent liabilities at month end, and the reported amounts of revenues and expenses during the applicable reporting periods. Actual results could differ from such estimates.

The Debtors reserve all rights to amend or supplement this Monthly Operating Report in all respects, as may be necessary or appropriate. Nothing contained in this Monthly Operating Report shall constitute a waiver of any of the Debtors' rights or an admission with respect to their chapter 11 cases.

**Notes to MOR Part 1**

Cash receipts related to the sale of Crypto Assets are recorded once USD has been transferred to the Debtor's bank account.

Cash receipts & disbursements related to intercompany transfers among the debtors are included within total cash receipts on Part 1 of the U.S. Trustee form. Disbursements to non-debtor entities are included within total disbursements on Part 1 of the U.S. Trustee form. Cash activity is recorded on a bank basis.

Cash receipts and disbursements reflect receipts in the Sale Escrow of $2,150,945.79, which is presented as restricted cash on the balance sheet. This amount includes a $300,000 good faith deposit made by the buyer in May, but included as Debtor cash upon the closure of the purchase and the filing of the APA. Good faith deposits received by the Debtors and returned to unsuccessful bidders are not included as Debtor cash, cash receipts or cash disbursements in any period.

**Notes to MOR Part 2 & MOR Part 4**

The information presented in MOR Part 2 and MOR Part 4 is provided to satisfy the reporting requirements of the Office of the United States Trustee. All information contained therein is unaudited and subject to future adjustment.

The company does not maintain an AR aging for accrued interest receivable, and as such this amount is left blank in the report. Accrued interest receivable aged over 90 days is estimated to be ~$210,000.

Various assets include the value of spot and derivative cryptocurrencies and reflect values as of June 30, 2026.

Pre-petition claims include the value of cryptocurrency payable to customers and reflect values as of March 15, 2026.

Cash and cash equivalents are presented on a book basis and may differ from cash reported in MOR Part 1.

Post-petition payables include adjustments related to foreign currency revaluation and intercompany netting adjustments. Intercompany netting adjustments may relate to pre-petition liabilities that were recorded post-petition. The netting of these adjustments into row f (post-petition payables) may result in negative post-petition liabilities.

In the sale process, the buyer assumed contracts with a total cure cost of $945.79 which were removed from pre-petition unsecured debt in the June MOR.

During the month, the company declined to satisfy a margin call on a loan with a secured lender. As a result the lender foreclosed on the company's bitcoin collateral and extinguished all amounts owed by the company. This resulted in a reduction of assets for the amount foreclosed upon and a reduction of pre-petition liabilities related to the loan principal and accrued interest.

**Notes to MOR Part 3**

Assets sold or transferred outside the ordinary course of business are recognized upon receipt of USD into the Debtors' bank accounts.

**Notes to MOR Part 5**

During the current reporting period, the Debtors' have paid fees related to the claims and noticing agent work. These fees were not submitted via fee app.

**Notes to MOR Part 6**

The Debtors are current on post-petition payables, taking into consideration pending credits and adjustments and disputes that arise in the ordinary course of business.
