Maureen,

Our firm represents the Distribution Trustee in the Proterra bankruptcy cases (Bankr. D. Del. Case No. 23-11120). The Distribution Trustee is in the process of reconciling certain remaining claims in order to make distributions and wind down the Trust promptly. We reviewed the claim filed by Santa Clara Valley Transportation Authority and note that Santa Clara asserted that the final amount was still under investigation. Can you please provide the final liquidated amount of the claim and documentation supporting this amount so we can liquidate Santa Clara's claim for distributions?

The Distribution Trustee reserves all rights with respect to the filed claim and any amended proof of claim and amended claim amount filed by Santa Clara.

Thank you.

Thank you clarifying Jordana. VTA has been patiently working with interested parties to complete this testing. Madeline and fcafire have also spent considerable time trying to coordinate and schedule testing. At this point I am not aware of any legal reason why the testing should not proceed on April 2nd. As such, VTA expects testing will take place on the 2nd at the time and location designated by fcafire.

Thank you.

Just for clarification, Lowenstein Sandler is counsel for the distribution trust. The distribution trust has not asked to reschedule or hold up the process. Please proceed as the various parties see fit and the distribution trust can determine whether it is appropriate for it to attend.
