Docket #0119 Date Filed: 07/14/2026

THE UNITED STATES BANKRUPTCY COURT
FOR THE DISTRICT OF DELAWARE

In re SANGAMO THERAPEUTICS, INC.,[1] Debtor.	Chapter 11 Case No. 26-10989 (CTG)

LIMITED OBJECTION AND RESERVATION OF RIGHTS TO THE ENTRY OF A FINAL ORDER AUTHORIZING DEBTOR IN POSSESSION FINANCING

Fisher Scientific Company, LLC ("Fisher Scientific"), by its undersigned attorneys, files this Limited Objection and Reservation of Rights with respect to the entry of a final order granting the *Debtor's Motion for entry of interim and final orders, (a) authorizing the Debtor to obtain postpetition financing pursuant to a superpriority, senior secured, debtor-in-possession credit facility in an aggregate principal amount not to exceed $30 million; (b) granting liens and providing superpriority administrative expense status; (c) modifying the automatic stay; (d) scheduling a final hearing on this DIP Motion; and (e) granting related relief. Emergency Motion for Entry of Interim and Final Orders (I) Authorizing the Debtor to (A) Obtain Senior Secured Superpriority Postpetition Financing and (B) Use Cash Collateral, (II) Granting Liens and Providing Claims with Superpriority Administrative Expense Status, (III) Modifying the Automatic Stay, (IV) Scheduling a Final Hearing, and (VI) Granting Related Relief* ("Motion") (Doc. 10) and states as follows:

[1] The last four digits of the Debtor's federal tax identification number are 9556. The Debtor's principal office is located at 501 Canal Boulevard, Suite A100, Richmond, CA 94084.

1. Sangamo Therapeutics, Inc. ("Debtor") filed its chapter 11 petition on June 26, 2026 (the "Petition Date").

2. On June 26, 2026, Debtor also filed the Motion requesting, *inter alia,* Court approval of a superpriority senior secured debtor-in-possession delayed draw term loan facility in the aggregate principal amount of $30 million as well as super-priority administrative expenses.

3. The Debtor is indebted to Fisher Scientific in connection with the provision of goods by Fisher Scientific both pre-petition and post-petition.

4. On June 29, 2026, Fisher Scientific made a timely formal reclamation demand upon the Debtor for goods received by the Debtor from May 8, 2026, through June 22, 2026 in the total amount of $41,327.44 of which $13,425.72 was delivered to Debtor within the 20 days of the Petition Date.

5. Due to the proposed superpriority status of the DIP lender, if approved, the DIP lender may have a lien on the goods subject to reclamation.

6. Fisher Scientific has communicated with the Debtor concerning the Reclamation Demand and is waiting for Debtor to provide verified information regarding the extent and amount of goods not used as of the Petition Date. As of this date, counsel for Fisher Scientific has not received the verified statement. Once provided and verified, Fisher Scientific may modify or withdraw this Limited Objection.

7. As of the Petition Date, Debtor had no liens on their assets, thus to the extent valid, Fisher Scientific's reclamation rights remain intact and enforceable and should not be primed by the DIP Liens. Additionally, no matter what the status of the DIP

liens, Fisher Scientific should have a right to an administrative claim for goods provided to Debtor within twenty (20) days of the Petition Date.

8. The Debtor has arranged for sales of significant (but not all) assets for amounts in excess of what the DIP Lender will be owed. Thus maintaining Fisher Scientific's rightful first priority in what is a relatively nominal amount compared to the DIP Facility itself would be appropriate.

9. Accordingly, Fisher Scientific files its limited objection to entry of a final order granting the Motion to the extent it proposes to displace Fisher's first priority reclamation rights and administrative claim rights.

10. Fisher Scientific reserves all of its rights with respect to all goods supplied pre-petition, and their ongoing rights with respect to goods being supplied post-petition and with respect to any contractual rights against Debtor or related to the supply of goods by Fisher Scientific to the Debtor.

11. Fisher Scientific reserves the right to amend or supplement the foregoing objections, to join in other objections filed and to further revise and/or amend the foregoing, or to seek to prohibit the Debtor' use of cash collateral, and/or to seek further adequate protection or relief from stay, an administrative expense claim, or to enforce other rights and remedies under applicable law, or otherwise authorized by the Court.

WHEREFORE, the Fisher Scientific Company, LLC respectfully requests this Honorable Court condition the entry of any DIP finance order on the preservation and reservation of the rights and claims of Fisher Scientific Company, LLC (i) for goods supplied to the Debtor both pre-petition and post-petition, (ii) with respect to any rights to

an administrative claim and, (iii) with respect to any executory contract rights that may be applicable, and for such other relief as the Court deems just and proper.

Dated: July 14, 2026
Wilmington, Delaware

Respectfully submitted,
