If SDSURF approves the proposed Derivative Works, LICENSEE shall have the right to market, sell, lease, or otherwise purvey such Derivative Works pursuant to the terms of this License Agreement. If SDSURF does not notify LICENSEE of SDSRUF's disapproval of any submissions by LICENSEE, and the reasons for any such disapproval, within thirty (30) days of such submission to the individual identified in Section 12.5, SDSURF shall be deemed to have approved the materials in the submission.

Any and all sublicenses shall be made at arm's length and on commercially reasonable terms consistent with the mutual intent of LICENSEE and SDSURF to commercialize the Licensed Material in a profitable manner. SDSURF may in its sole and absolute discretion agree to reduce the twenty two percent (22%) royalty due on sublicenses in order to commercialize the Licensed Material in a profitable manner; however, any such agreement must be in writing signed by an authorized representative of SDSURF.

2.6 SDSURF shall not grant any license to any other entity to make any use of Licensed Material without first obtaining LICENSEE's written consent.

3. Trademark

3.1 SDSURF owns the SPARK trademark for use in connection with the Licensed Material, as well as any and all other rights conferred now or in the future with respect to the SPARK trademark.

3.2 LICENSEE acknowledges that the nature and quality of the Licensed Material and the SPARK trademark has a material influence on the reputation of SDSURF and SDSU.

3.3 LICENSEE agrees to allow SDSURF to inspect samples of the Licensed Material and all Derivative Work upon request by SDSURF. SDSURF shall bear the reasonable cost, if any, of such inspections. Unreasonable refusal to honor a request by SDSURF to inspect any of the Licensed Material or Derivative Work shall constitute a material breach of this License Agreement.

3.4 SDSURF agrees to obtain and maintain U.S. trademark registrations on the SPARK marks used by LICENSEE with the consent of SDSURF.

4. Reporting and Payment

4.1 LICENSEE agrees to pay SDSURF a royalty equal to eleven percent (11%) of all Revenue derived from the sale by LICENSEE, or by any sublicensee affiliated with LICENSEE, of the Licensed Material. If LICENSEE has or otherwise acquires any ownership interest, whether actual or beneficial, in a sublicensee, such sublicensee shall be deemed affiliated with LICENSEE for purposes of calculating the eleven percent (11%) royalties due SDSURF. If LICENSEE sublicenses the Licensed Material to any entity not an affiliate of LICENSEE, LICENSEE will pay SDSURF twenty-two percent (22%) of the Revenues received by LICENSEE from a sublicensee. No royalty shall be paid on revenues for training, provided that LICENSEE'S charges and prices for training are reasonable and provided for the purpose of supporting the sales of the curriculum products.

a. In any case where the Licensed Materials are included in a package with other products of LICENSEE for a single price ("Bundled Sales"), the Revenues attributable to the Licensed Materials shall be determined by prorating the receipts from the package based upon LICENSEE'S list prices for the separate products contained in such package. The Royalty shall then be applied to the amounts so allocated to the Licensed Material. If one or more of the products contained in such package does not have a list price assigned to it by LICENSEE for any reason, including that the particular product is not sold separately, LICENSEE shall allocate the net amount received in light of the relative cost of the products contained in such package. LICENSEE warrants that the Bundled Sales of the Products will not have a material adverse effect on the payment of Royalties by LICENSEE to SDSURF.

b. All payments shall be made in United States Dollars to SDSURF at the address set forth for notices or to a bank which may be designated by SDSURF from time to time. In the event that any currency conversion is required in connection with any fees payable under this Agreement, such conversion shall be made by using the exchange rate prevailing at the Chase Manhattan Bank (N.A.) on the last business day of the calendar quarter reporting period to which said payment relates. All payments shall be due no later than forty-five (45) calendar days from the end of the quarter for which such payments are due. Failure to timely pay royalties due hereunder shall constitute a material breach of this License Agreement.

4.2 LICENSEE shall maintain full, clear and accurate books of account with respect to all Licensed Material sold by LICENSEE or Sublicensees. The books of account shall be prepared in accordance with generally accepted accounting principles ("GAAP") for the United States. The books of account shall be kept at the principal place of business of LICENSEE. Such books and the supporting data shall be open at all reasonable times for four (4) years following the end of the fiscal year to which they pertain, to the inspection of representatives of SDSURF for the purpose of verifying LICENSEE's royalty statement or compliance in other respects with this Agreement. SDSURF shall have the right to cause an independent, certified public accountant reasonably acceptable to the LICENSEE to audit such records to confirm royalty payments for up to the past four (4) preceding fiscal years. SDSURF shall bear the full cost of such audit unless such audit discloses an underpayment by more than 5% or $10,000, whichever is more, of the amount due under this Agreement. In such case, the LICENSEE shall bear the full cost of such audit and pay for such shortcomings immediately upon such findings being delivered to the LICENSEE. Any non-payment of such amounts will constitute a breach hereunder. Failure to maintain accurate books of account and provide accurate accounts to SDSURF on a timely basis shall constitute a material breach of this License Agreement.

4.3 LICENSEE shall make and deliver each quarter a written accounting to SDSURF of all copies of the Licensed Material sold by LICENSEE and Sublicensees for the respective three-month periods. All such written accountings shall be made no later than forty-five (45) calendar days from the end of each quarter and shall include the following:

(1) Total number of sales and gross revenues received on a product by product basis, so as to reasonably apprise SDSURF of each product sold, the revenue received from such sales, and the royalties due thereon; and

(2) Total fees due SDSURF.

4.4 With each such report submitted, LICENSEE shall pay to SDSURF the royalties due under this License Agreement. If no fees shall be due, LICENSEE shall so report. Failure of LICENSEE to account for and/or remit payment to SDSURF as provided herein shall constitute a material breach of this Agreement.

5. Confidentiality

5.1 LICENSEE shall not sell, assign, lease, license, disclose, give, or otherwise transfer said Licensed Material or any copy thereof to any other person except in strict accordance with this License Agreement.

5.2 In the course of this License Agreement, each party may learn confidential information of the other party. Each party agrees that it will release confidential information, software, or material only to an employee or subcontractor of that party who has need for such information, software or material. Each party shall safeguard any and all copies of confidential information, against any unauthorized disclosure, and shall take all reasonable steps to ensure that the provisions of this License Agreement are not violated by Sublicensees or any person under its control or in its services.

5.3 For avoidance of doubt, the general existence of this Agreement, and the identification of the properties licensed under this Agreement, shall not constitute confidential information under this provision, whereas the specific financial terms of this Agreement shall be treated as confidential information under this Agreement.

5.4 These obligations of confidentiality shall survive the termination of this License Agreement.

6. Reproduction and Copyrights

6.1 LICENSEE acknowledges that the Licensed Material and documentation are entitled to protection under the Copyright Laws of the countries within the Territory. Except as expressly permitted by the terms of this Agreement, LICENSEE may not copy or otherwise reproduce any part of the Licensed Material without the prior written consent of SDSURF.

6.2 SDSURF maintains the copyright to Licensed Material and all Derivative Works.

6.3 Any copies of the Licensed Material or portions thereof shall have affixed thereto a copyright notice in such a manner as to give reasonable notice of SDSURF's claim of copyright.

6.4 SDSURF may use the Licensed Material for noncommercial, noncompetitive internal research and educational purposes. SDSURF will notify LICENSEE prior to each such activity.

7. Due Diligence

7.1 LICENSEE shall use diligent commercial efforts to promote, market, and sell the Licensed Material in the Territory through a diligent program to obtain maximum commercialization of Licensed Material. Maximum commercialization of the Licensed Material shall include adequate funding for marketing, research, development, and sales of the Licensed Material, as measured by market standards for similar business enterprises in the physical education marketplace. SDSURF reserves the right to reasonably determine whether LICENSEE is using diligent commercial efforts to promote, market, and sell the Licensed Material in a diligent manner, which may be measured by, *inter alia*, historic sales, market share, and/or market visibility. The failure to use diligent commercial efforts to promote, market, and sell the

Licensed Material in order to obtain maximum commercialization of the Licensed Material shall constitute a material breach of this License Agreement.

7.2 LICENSEE shall hold quarterly meetings each year of this License Agreement for the purpose of reviewing, reporting and discussing the financial activities related to the Licensed Material, as well as discussing and making strategic decisions concerning the future promotion, marketing, and sale of the Licensed Material. LICENSEE agrees that SDSURF has the right to designate up to three (3) individuals to attend and participate in such quarterly meetings for purposes of ensuring performance of this License Agreement and acting as liaisons between LICENSEE and SDSURF. LICENSEE covenants to exercise good faith and due diligence in the appointment of the Executive Director or other executive, howsoever denominated (collectively "Executive Director"), controlling performance of this License Agreement in order to ensure that such Executive Director is qualified and administers the License Agreement in a manner consistent with the good name and reputation of SDSURF.

7.3 LICENSEE shall conduct all promotional, marketing, and sales efforts in a manner consistent with the good reputation of SDSU, SDSURF and the Licensed Material, as well as refrain from any activities that might diminish, tarnish, or otherwise damage the good reputation of SDSU, SDSURF, and the Licensed Material.

7.4 As a material inducement to SDSURF consenting to this License Agreement, LICENSEE agrees not to, and shall not, promote, market, and/or sell any products competitive to the Licensed Material, that is, curriculum products directed to children from pre-school through high school. This provision does not prohibit LICENSEE from selling equipment under different trademarks even though the equipment is comparable to any equipment licensed to use the SPARK trademark.

8. Infringement

8.1 In the event of any infringement upon the Intellectual Property Rights, SDSURF expressly reserves the right to pursue civil action in its own name to obtain injunction, damages or any other form of redress for such infringement. Such right is without exclusion to LICENSEE's right to also seek injunction, damages or any other form of redress for such infringement. SDSURF and LICENSEE agree to cooperate with one another, each at its own expense, in pursuing any remedies for any infringement of the Intellectual Property Rights. If LICENSEE sues an infringer and receives any award for such infringement, LICENSEE shall pay to SDSURF, after deduction for all litigation expenses incurred by LICENSEE in the course of the litigation, royalties on the balance received as follows: (a) to the extent any such balance is received as sales lost by LICENSEE, the royalty defined in Section 4.1 as to that portion; (b) to the extent that any such balance is received as lost profits by LICENSEE, twenty-two percent (22%) of that portion of the balance; and (c) to the extent that any such balance is received as reasonable royalties by LICENSEE, fifty percent (50%) of that portion of the balance.

8.2 Each party shall inform the other promptly in writing of any alleged infringement of the Intellectual Property Rights by a third party and of any available evidence thereof. Notwithstanding the foregoing, SDSURF and LICENSEE may agree in writing on a case by case basis to modify the rights as defined herein for the pursuit of any injunctions, damages, or other form of redress for infringement upon the Intellectual Property Rights.

9. Export Controls

9.1 LICENSEE hereby agrees that it shall not sell, transfer, export or re-export any Licensed Material or related information in any form, or any direct products of such information, except in compliance with all applicable laws, including the export laws of any U.S. government agency and any regulations thereunder, and will not sell, transfer, export or re-export any such Licensed Material or information to any persons with regard to which there exist grounds to reasonably suspect or believe that they are violating such laws. LICENSEE shall be solely responsible for obtaining all licenses, permits, or authorizations required from the U.S. and any other government for any such export or re-export.

10. Representations and Warranties

10.1 SDSURF represents and warrants that:

(1) SDSURF has the right to enter into this License Agreement, as well as all necessary approvals and rights have been secured from third parties as necessary to enable the formation of this Agreement;

(2) The Authors are the sole Authors of the Licensed Material;

(3) The Licensed Material does not infringe upon any statutory copyright or upon any common law right, privacy right, publicity right, proprietary right or any other whatsoever, or contain any obscene, indecent, scandalous, libelous, defamatory, or unlawful matter; and

(4) All statements contained in the Licensed Material purporting to be facts are true.

10.2 LICENSEE represents and warrants that:

(1) LICENSEE is duly incorporated in the state of Delaware and has the legal capacity to enter into this Agreement;

(2) LICENSEE has the right to enter into this License Agreement and all necessary approvals and rights have been secured from third parties as necessary to enable the formation of this Agreement; and

(3) LICENSEE has the capacity, sophistication, and knowhow to perform the License Agreement;

(4) LICENSEE has read, understands, and agrees to perform the terms of this License Agreement in good faith.

10.3 All warranties and representations contained in Article 10 are made by the party making the warranty or representation for the benefit of the other party and are acknowledged as being material to this Agreement.

11. Term and Termination

11.1 This Agreement shall terminate thirty (30) days after written notice of termination by one party or the other for any material breach of any obligation of this License Agreement, unless such breaching party remedies or otherwise cures such breach before the end of such thirty (30) day period, or, if the breach is of a type that cannot be cured within thirty (30) days, then unless such breaching party begins in earnest to remedy or otherwise cure the breach. Additionally, unreasonably repetitive violations of this License Agreement and/or any misuse of the Licensed

Material shall constitute a "material breach" justifying termination of this License Agreement, even if cured. For the avoidance of doubt, the right to cure does not extend to fraud, deceit, or other repetitive violations of this License Agreement; it is only a right to cure inadvertent, material breaches of this License Agreement.

11.2 SDSUF and LICENSEE agree that protecting the reputation of SDSU, SDSUF, and the Licensed Material is a material inducement to this License Agreement, and the declaration of insolvency, appointment of a receiver, or any other assignment for the benefit of creditors would be detrimental to the reputation of SDSU, SDSUF, and the Licensed Material. Thus, it is contractually agreed that this License Agreement shall terminate immediately if an assignment is made of LICENSEE's business for the benefit of creditors, if a receiver, trustee in bankruptcy or like official is appointed to take all or part of LICENSEE's property, or if LICENSEE ceases doing business in the ordinary course.

11.3 The termination of this License Agreement shall automatically terminate all sublicense agreements entered by LICENSEE. Consequently, any sublicense agreement must contain an enforceable clause making the termination of the sublicense agreement coterminous with the termination of this License Agreement.

11.4 Upon termination, LICENSEE shall:

(1) Discontinue use of Licensed Material, except that if LICENSEE is itself a purchaser of copies of the Licensed Material, LICENSEE may continue to use such Licensed Material, but only in accordance with the terms governing all End Users at the time of the purchase;

(2) Remove the Licensed Material from LICENSEE's possession or control that incorporates or uses the Licensed Material in whole or in part;

(3) Be entitled to sell on a non-exclusive basis the remaining Licensed Material in its inventory and to complete and deliver any sales that originated prior to the date of termination including contract obligations; and

(4) Notify all Sublicensees that their sublicense agreement is terminated, as well as ensure that all Sublicensees abide by the provisions of Section 11.4, subdivision (1) through (3).

12. General Terms

12.1 This License Agreement, the licenses granted hereunder, and any of the terms and conditions as set forth in this License Agreement, may not be assigned or otherwise transferred in whole or part by the LICENSEE without the prior written consent of the SDSURF, which consent shall not be unreasonably withheld or delayed. Any attempt to transfer such rights except as specifically set forth in this License Agreement or without the prior written consent of the other Party shall be void.

12.2 This License Agreement, including its Exhibit A, sets forth the entire agreement and understandings between the Parties as to the subject matter hereof and merges all prior discussions between them, such that no Parties shall be bound by any conditions, definitions, warranties, understandings or representations with respect to such subject matter other than as expressly provided herein.

12.3 This License Agreement, and any dispute arising hereunder, shall be construed and enforced in accordance with, and be governed by, California law. The Parties hereto agree that

proper jurisdiction and venue for any suit brought to interpret or enforce any term or provision of this License Agreement shall be in San Diego County, California, or in federal court located in San Diego, California.

12.4 The Parties acknowledge that this License Agreement, in its final form, is the result of the combined efforts of the Parties hereto and that should any provision of this License Agreement be found to be ambiguous in any way, such ambiguity shall not be resolved by construing this License Agreement in favor of or against any Party herein, but rather by construing the terms of this License Agreement fairly and reasonably in accordance with their generally accepted meaning and the purposes for which this License Agreement is made.

12.5 Any payment, notice or other communication pursuant to this License Agreement shall be sufficiently made or given on the date of receipt of mailing if sent to such party by certified first class mail, postage prepaid, addressed to it as its address below or as it shall designate by written notice given to the other Party, return receipt requested:

12.8 Failure of SDSURF or LICENSEE to seek a remedy for the breach of any portion of this Agreement shall not constitute a waiver of its rights with respect to the same or any subsequent breach. No waiver shall be effective unless transmitted in writing and in accordance with the provisions herein for notice requirements.

12.9 This License Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument. This License Agreement may also be executed and a copy of such executed License Agreement transmitted by facsimile or e-mail, which when received can be used as an original of the License Agreement for all purposes.
