ADDENDUM TO PROOF OF CLAIM OF
AUTOMOTIVE RENTALS, INC., ON ITS OWN BEHALF
AND AS SERVICER FOR ARI FLEET LT, A DELAWARE BUSINESS TRUST

This proof of claim is filed by Automotive Rentals, Inc., a New Jersey corporation, on its own behalf, and ARI Fleet LT, a Delaware business trust, appearing herein through its servicer Automotive Rentals, Inc. (collectively, "**ARI**").

The obligations of Superior Energy Services, Inc., to ARI are evidenced by that certain Guarantee dated August 22, 2011 (the "**Guarantee**," a copy of which is attached hereto as **Exhibit "3"**), whereby Superior Energy Services, Inc. irrevocably and unconditionally guaranteed the prompt and faithful performance of Superior Energy Services, L.L.C.'s obligations to ARI arising out of, and/or under, the Lease Agreement [as defined therein and below]. The terms and conditions of the Guarantee are incorporated herein by this reference.

Superior Energy Services, L.L.C., a Louisiana limited liability company, and ARI are parties to, among other things, that certain Lease and Fleet Management Services Agreement entered into as of the 22nd day of August 2011, as amended from time to time (including, without limitation, by the First Amendment to Lease and Fleet Management Services Agreement Dated: January 29, 2016), and other agreements, including, without limitation, the Motor Vehicle Lease Agreements related thereto (collectively, the "**Lease Agreement**"), which Lease Agreement evidences the obligations of Superior Energy Services, L.L.C. to ARI.

[1] The Debtors in these cases, along with the last four digits of each Debtor's federal tax identification number, are: Superior Energy Services, Inc. (9388), SESI, L.L.C. (4124), Superior Energy Services-North America Services, Inc. (5131), Complete Energy Services, Inc. (9295), Warrior Energy Services Corporation (9424), SPN Well Services, Inc. (2682), Pumpco Energy Services, Inc. (7310), 1105 Peters Road, L.L.C. (4198), Connection Technology, L.L.C. (4128), CSI Technologies, LLC (6936), H.B. Rentals, L.C. (7291), International Snubbing Services, L.L.C. (4134), Stabil Drill Specialties, L.L.C. (4138), Superior Energy Services, L.L.C. (4196), Superior Inspection Services, L.L.C. (4991), Wild Well Control, Inc. (3477), and Workstrings International, L.L.C. (0390). The Debtors' address is 1001 Louisiana Street, Suite 2900, Houston, Texas 77002.

A copy of the Lease Agreement is attached hereto as **Exhibit "1**," the terms and conditions of which are incorporated herein by this reference. A sample of the Motor Vehicle Lease Agreements referred to in the Lease Agreement is attached to the Lease Agreement as Exhibit I and a schedule showing the vehicles that are the subject of such Motor Vehicle Lease Agreements is attached hereto as **Exhibit "2**." Copies of the Motor Vehicle Lease Agreements are in Superior Energy Services, L.L.C.'s possession and have not been attached because of their volume, but are available upon request from ARI.

The Lease Agreement is both an executory contract and an unexpired lease of personal property as those terms are used in § 365(d)(5) and other provisions of the Bankruptcy Code. Approximately 315 vehicles that are owned by ARI are leased by ARI to Superior Energy Services, L.L.C., pursuant to the Lease Agreement as of the Petition Date and ARI also provides fleet management services pursuant to the Lease Agreement.

The total amount owed to ARI under the Lease Agreement as of December 7, 2020 (the "**Petition Date**"), the date that the Chapter 11 cases were filed by Superior Energy Services, L.L.C. and Superior Energy Services, Inc., was at least **$14,911.67** in connection with the Lease Agreement, as evidenced by the invoices listed on the attached **Exhibit "4,"** plus any and all applicable fees, costs, expenses, charges and other amounts described below, and less any amounts due by ARI to Superior Energy Services, L.L.C. under the Lease Agreement or otherwise as of the Petition Date, which amounts totaled **$21,689.87** as of the Petition Date, per Exhibit 4.

In addition, ARI is owed: (a) amounts related to the indemnity obligations owed by Superior Energy Services, L.L.C. and, in turn, Superior Energy Services, Inc., to ARI that arise under the Lease Agreement and/or applicable law, which amounts are unliquidated as of the time of the filing of this proof of claim (the "**Superior Indemnity Obligations**"), and (b) **$797.51** as of December 18, 2020, for lease payments, goods and services provided by ARI to Superior Energy Services, L.L.C. pursuant to the Lease Agreement after the Petition Date in connection with the continued utilization by Superior Energy Services, L.L.C. of the goods and services provided by ARI, and the continued accrual of amounts owed to ARI, under the Lease Agreement, which amounts remain unpaid and are due in connection with the invoices listed on attached Exhibit 4, plus any and all applicable fees, costs, expenses, charges and other amounts that may come due after December 18, 2020, and less any amounts due by ARI to Superior Energy Services, L.L.C. under the Lease Agreement or otherwise that have come due after the Petition Date.

Copies of the invoices identified on Exhibit 4 are in Superior Energy Services, L.L.C.'s possession and have not been attached because of their volume, but are available upon request from ARI.

Additional amounts may become due to ARI under the Lease Agreement and Guarantee in connection with the failure of Superior Energy Services, L.L.C. or Superior Energy Services, Inc. to satisfy their obligations owed to ARI thereunder. For example, under the terms and conditions of the Lease Agreement that operate in favor of ARI and that are more particularly set forth therein, Superior Energy Services, L.L.C.'s, and, in turn, Superior Energy Services, Inc.'s, obligations to ARI include, without limitation, the following:

1. To pay ARI (i) fleet management program fees, pass through costs, and monthly rental payments due thereunder, (ii) a late payment penalty in the amount of the then-current prime rate of interest applied to the amount due on any unpaid invoice, and (iii) interim charges and financing amounts due thereunder (*See* Lease Agreement, Art. 14, Sections A, C);

2. To reimburse ARI for the cost of state and local inspections, license tags, plates and any certificates of title, notary fees, lien recording fees, clerk fees, registrations and similar compliances required by law, and all federal, state, and local taxes not included in the cost of the vehicle (*See* Lease Agreement, Art. 6; *see also* First Amendment to Lease and Fleet Management Services Agreement);

3. Upon replacement or retirement of any vehicle leased, to surrender possession of such vehicle at the point same was originally delivered to Superior Energy Services, L.L.C. or at such other point agreeable to ARI (*See* Lease Agreement, Art. 9);

4. With regard to vehicles leased thereunder after possession thereof has been surrendered by the Lessee, to pay ARI the costs and fees associated with the sale of such vehicles as set forth in the Lease Agreement (*See* Lease Agreement, Art. 10);

5. That after possession of any vehicle has been surrendered by the Lessee to ARI, to pay ARI the deficiency due if the net resale proceeds generated by the resale of any of the vehicles are less than the depreciated value of the sold vehicle (*See* Lease Agreement, Art. 10);

6. To maintain, service and keep in good repair each vehicle at its own expense (*See* Lease Agreement, Art. 13);

7. To pay all fees, costs, expenses and other amount related to the Maintenance Management Program, Licensing Management Program, Roadside Assistance, Service Savings Program, Preventative Maintenance Program, Vehicle Titling and Licensing, Warranty Recovery Program, Wright Express Card Program, and other goods and services provided by

ARI (*See* Lease Agreement and First Amendment to Lease and Fleet Management Services Agreement, generally);

8. To repair the vehicles in the event the vehicles are damaged (*See* Lease Agreement, Art. 15);

9. To insure the vehicles and to bear all risk of loss or damage to each leased vehicle and the contents thereof (*See* Lease Agreement, Art. 16);

10. To indemnify and hold harmless ARI and ARI's agents and employees against all loss or liability (including costs and reasonable attorney's fees) arising out of or connected with the delay in delivery of any vehicle, and/or the use, condition, operation, maintenance and possession of any vehicle during Superior Energy Services, L.L.C.'s possession thereof or any loss or liability resulting from any repair, maintenance or service work performed on any vehicle; and to take upon itself the settlement of all such claims and the defense of any suit or suits, or legal proceedings of any kind brought to enforce any such claim or claims, the payment of all judgments entered in any such suit or suits, whether or not ARI is a party-defendant thereto (*See* Lease Agreement, Art. 17.a);

11. EXHIBIT 1

LEASE AND FLEET MANAGEMENT SERVICES AGREEMENT

Parties

The Lease and Fleet Management Services Agreement ("Agreement") entered into as of the 22nd day of August, 2011, by and among ARI Fleet LT, a Delaware business trust, hereinafter called "ARI Fleet" and Automotive Rentals, Inc., a New Jersey corporation, located at 4001 Leadenhall Road, PO Box 5039, Mt. Laurel, New Jersey 08054, hereinafter called "ARI"; and Superior Energy Services, L.L.C., a Louisiana limited liability company, with its principal place of business at 1105 Peters Road, Harvey, Louisiana 70058, hereinafter called "Lessee". ARI and ARI Fleet are at times referred to herein, individually or collectively as the context may require, as the "Lessor".

WITNESSETH THAT

The parties hereto intending to be legally bound hereby agree as follows:

Lease of Vehicles

ARTICLE 1. The Lessee shall lease new vehicles hereunder as may be from time to time ordered by it in accordance with the provisions hereof. The Lessor of each vehicle leased hereunder will be either ARI or ARI Fleet, as indicated on the individual Motor Vehicle Lease Agreement in the form attached hereto and marked Exhibit I ("MVLA"), pertaining to such vehicle. All vehicles leased hereunder shall be owned by, and titled and/or registered in the name of the Lessor. Should ARI Fleet be named as Lessor, ARI shall act as servicer in providing all duties under this Agreement. Each MVLA (including the portions of this Agreement incorporated therein by reference) issued hereunder is and will be an agreement of lease only and Lessee has no right or option to purchase the related vehicle at any time. Notwithstanding the fact that the parties to this Agreement intend to create a true lease and not a security agreement, to the extent that any court may determine that this Agreement or any MVLA is intended as security, Lessee hereby grants to Lessor a security interest in all of Lessee's right, title and interest in and to the vehicle leased pursuant to each MVLA issued hereunder and in all proceeds, products and substitutes or replacements thereof.

Ordering, Delivery and Acceptance of Vehicles

ARTICLE 2. a. Lessee shall furnish written orders for vehicles to be leased hereunder, specifying make, model, equipment, and delivery point within the United States of America, excluding the States of Alaska, Hawaii and the Commonwealth of Puerto Rico. For vehicle deliveries in Alaska, Hawaii or Puerto Rico, Lessor shall advise the cost of such vehicles for Lessee's acceptance. Purchases from dealer inventory (stock purchases) will be priced as indicated on Exhibit A.

b. Lessor agrees to deliver such vehicles to Lessee, subject to Lessor's ability to obtain sufficient vehicles of the type ordered in the time specified by Lessee, and subject to any other contingency beyond the control of Lessor. Lessor shall not be obligated to purchase and deliver any vehicles unless Lessor has accepted Lessee's request for such delivery.

c. Lessee agrees to accept delivery of each vehicle ordered immediately upon notice of availability from Lessor's delivering agent.

DW

Vehicle Lease Term

d. The term over which each vehicle leased hereunder will be depreciated shall be for the period as specified in Exhibit A ("Depreciation Period"), or such other period mutually agreed upon. The initial lease term, commencing on the date that such vehicle is delivered by Lessor to Lessee, shall be for a minimum of 367 days for passenger and light duty vehicles and a minimum of 24 months for commercial vehicles. After the initial lease term, an extension of the lease on a month to month basis shall be presumed until the Depreciation Period specified in Exhibit A shall expire, unless termination with respect to the subject vehicle occurs as otherwise provided hereunder.

With the Lessor's consent, at the expiration of the Depreciation Period as specified in Exhibit A, the lease shall be extended on a month to month basis as provided for in Article 4e herein until terminated by written notification from Lessee to Lessor.

Receipt Forms

ARTICLE 3.a. Lessee shall deliver to Lessor a Courtesy Delivery/License and Title Instruction form, in the form attached hereto and marked Exhibit II, executed by the individual authorized by Lessee.

Individual Motor Vehicle Lease Agreement

b. Upon delivery of each vehicle, Lessor shall deliver to Lessee an MVLA identifying the vehicle, setting forth the monthly rental payments to be made with respect thereto, as determined under Article 4, the date delivered and other appropriate information as provided for in said form. The MVLA for each vehicle will also indicate whether the Lessor for that vehicle is ARI or ARI Fleet. The placing by Lessee of the order to lease a vehicle shall, subject to review and audit of the MVLA relating to the vehicle for plain error, legally bind the Lessee to all the terms, provisions and obligations set forth in such MVLA, to the same extent as though Lessee had physically executed such MVLA.

c. For convenience, this Agreement provides certain standard terms and conditions that shall govern the terms of the lease of each vehicle under each MVLA. The terms of this Agreement will therefore be incorporated by reference into each MVLA. For purposes of this incorporation by reference, all references herein to Lessor, unless the context otherwise requires, shall be deemed to refer to whichever of ARI or ARI Fleet is designated as the Lessor under the MVLA.

d. Each MVLA will be a separate, independent lease agreement relating solely to the vehicle or vehicles named therein. Each MVLA will therefore be separate and distinct from each other MVLA and any other agreement between Lessee and ARI and/or ARI Fleet. Lessee, ARI and ARI Fleet each agree to treat each MVLA for all purposes in such manner.

Payments

ARTICLE 4.a. Lessee agrees to pay Lessor, at Mt. Laurel, New Jersey, or its Assignee as described in Article 7 and Exhibit C, or as otherwise specified in writing by Lessor, monthly rental payments for the use of each vehicle hereunder during the term of the lease and such other amounts due in conjunction with the Fleet Management Services described in Article 14.

b. All payments shall be due and payable on or before the fifteenth (15th) day of each month during the term of the lease, WHICH TIME SHALL BE OF THE ESSENCE. Lessee shall pay Lessor a late payment penalty in the amount of one and a half percent (1 1/2%) or the highest legal interest rate, whichever is less, per month or fraction thereof of any invoice the payment of which is not in the possession of Lessor, or Assignee, by the due date.

DW

A full monthly rental payment shall be charged for each vehicle delivered on or before the fifteenth (15th) day of any month, but no charge shall be made for the month if the vehicle is delivered on or after the sixteenth (16th) day of any month. If a vehicle is removed from service on or before the fifteenth (15th) day of a month, the rental term for such vehicle shall terminate on the last day of the preceding calendar month, and, if a vehicle is removed from service on or after the sixteenth (16th) day of a month, the rental term shall terminate on the last day of the calendar month in which such vehicle is removed from service. In addition, Lessee agrees to pay to Lessor interim financing from the date Lessor is invoiced by the manufacturer, or the applicable vehicle source of supply, for each vehicle to the date preceding the first monthly rental billing. The interest rate charged for such interim financing shall be then current prime rate of interest.

c. For each leased vehicle during the Depreciation Period, the monthly rental shall be computed as set forth in Exhibit B herein.

d. Should Lessee request Lessor to have a vehicle upfitted after production by the vehicle manufacturer, and it shall become necessary or desirable for Lessor to pay for such vehicle, Lessor, in such event, may charge Lessee an interim financing amount, and the cost of such interim financing is to be the then current prime rate of interest as set forth in the "Money Rates" section of The Wall Street Journal. All incomplete units thus acquired shall, with the exception of the payment of rentals, be subject to the terms and conditions of this Agreement; including but not limited to, the indemnity provisions of Article 17 hereof.

e. For each leased vehicle remaining in service on a month-to-month basis after the completion of the Depreciation Period, the monthly rental shall be the administrative fee portion of the monthly rental factor for the last month of the Depreciation Period as indicated in the MVLA.

Capitalized Value

ARTICLE 5. The Capitalized Value for each leased vehicle listed on Exhibit A shall consist of the sum of the following amounts:

a. The vehicle manufacturer's invoice price to its dealers plus a Procurement & Handling amount for each vehicle as indicated on Exhibit A. For vehicle makes other than those listed on Exhibit A, Lessor shall advise the cost of such vehicles for Lessee's acceptance.

b. The amount of the cost of vehicle upfitting requested by Lessee plus the Procurement & Handling amount of 2%.

c. Lessor's cost of any optional equipment and/or accessories requested by Lessee which are not furnished or included by the vehicle manufacturer and additional transportation charges incurred by reason of a change of delivery point requested by Lessee prior to delivery.

Costs Paid by Lessee

ARTICLE 6. Lessee shall be responsible for the cost of state and local inspections, license tags, plates, and any certificates of title, notary fees, lien recording fees, clerk fees, registrations and any other compliances or regulations required by law whether local, state or federal, and all federal, state and local taxes (including personal property taxes) not included in the cost of the vehicle as defined in Article 5. The above shall include, but not be limited to, California Air Resources Board Regulations with regards to vehicle emissions.

DW

Assignment of Rentals

ARTICLE 7. Lessor may assign all rights, title and interest of Lessor in and to each MVLA and all monies due and to become due to Lessor thereunder to a financing institution (hereinafter called "Assignee") and in the event of such assignment, Lessee will pay direct to such Assignee, if so directed by Assignee, all payments due and to become due with respect to all matters under such MVLA; such Assignee's right to payment of all sums due thereunder shall not be subject to any defense by Lessee, except payment to the Assignee. Lessee will make all payments promptly.

In the event of any such assignment, the liability of Lessee to pay rental to the Assignee shall not be terminated, notwithstanding anything herein contained to the contrary, unless the Assignee shall have been paid the full depreciated value for such vehicle as set forth in the MVLA.

Vehicle Replacement

ARTICLE 8. a. Lessee may at any time, after the minimum lease terms described in Article 2d, require Lessor to replace any vehicle pursuant to this Agreement by giving to Lessor written notice of intent, which notice shall contain the same information as is required for a delivery order by Article 2a of this Agreement, and shall state, in addition, that the vehicle to be delivered is in replacement of a specifically identified vehicle presently leased, which will be surrendered to Lessor upon delivery of the replacement vehicle. The lease as to such replaced vehicle shall terminate upon surrender to Lessor of the replaced vehicle.

Vehicles Not Replaced

b. Lessee may at any time, after the minimum terms described in Article 2d, retire from service any vehicle leased pursuant to this Agreement without replacement by giving to Lessor advance written notice stating when said vehicle will be surrendered to Lessor, in accordance with Article 9 herein. The lease as to such vehicle shall terminate upon the date Lessor takes possession of said vehicle, or in the event Lessor agrees a vehicle is not to be surrendered to Lessor, the lease as to such vehicle shall terminate upon the date of Lessor's receipt of all necessary sale paperwork from Lessee.

Surrender Upon Replacement or Retirement

ARTICLE 9. Upon replacement or retirement of any vehicle leased hereunder, Lessee shall surrender possession of such vehicle to Lessor at the point where same was originally delivered to Lessee or at such other point agreeable to Lessor.

Disposition After Surrender of Leased Vehicles

ARTICLE 10. a. Lessor shall sell every vehicle leased hereunder after possession thereof shall have been surrendered by Lessee as provided in Article 8. Upon sale of a leased vehicle, Lessor shall retain out of the sale price any costs which it may have incurred in transportation and marketing of the vehicle, fees paid (including auction fees), a used vehicle termination fee of $100.00, and repairs or replacements necessary to merchandise the vehicle, to arrive at the net resale proceeds for calculation of rental adjustments.

b. Lessor shall pay to Lessee as a rental adjustment on automobiles and light trucks (under 11,000# GVW), 100% of any excess of the net resale proceeds over the depreciated value of the vehicle. If the net resale proceeds are less than the depreciated value of the vehicle, Lessee shall pay to Lessor as rental adjustment the amount of such deficiency, provided that Lessor shall guarantee to Lessee minimum net resale proceeds equal to 20% of the Capitalized Value at the beginning of the initial lease term. If Lessee elects to extend beyond the initial lease term, Lessor shall guarantee 25% of the fair value of the vehicle at the inception of the concluding month's

DW

extension period. "Fair Value" shall be defined as 85% of the resale value for automobiles and 70% of the resale value on light trucks (under 11,000# GVW) as reported by Black Book Official Used Vehicle Market Guide as published by National Auto Research Division, Hearst Business Media Corporation or its successor publications or publishers as of the publication date immediately preceding the last day of the month which immediately precedes the month in which termination as to the particular vehicle occurs. Such guarantee(s) by Lessor will be limited solely to vehicles which have not been driven an excessive number of miles (excessive mileage being defined as more than an average of 1,667 miles per month).

Depreciated Value

c. The depreciated value of each vehicle shall be the Capitalized Value less the "total depreciation reserve" paid by Lessee. The "total depreciation reserve" shall be a sum derived by multiplying (1) the number of months a vehicle was in billed service and paid by Lessee, times (2) the Capitalized Value, times (3) the monthly depreciation percentage shown on Exhibit B applicable to the Depreciation Period fixed for such vehicle.

Use of Leased Vehicles

ARTICLE 11. Lessee may use the vehicles leased hereunder at any and all times for any and all legal purposes. Title to each vehicle leased hereunder shall remain in Lessor, but Lessor shall have no control or supervision of the operation of any vehicle leased hereunder. Nothing herein contained shall authorize Lessee or any person to operate or otherwise use any vehicle contrary to law or to incur any liability or obligation on behalf of Lessor. Lessor reserves the right to charge Lessee a reasonable processing fee for any violation, summons or citation issued against any Lessor leased vehicle and/or for any new titles which must be obtained due to driver state changes, providing Lessee is not on an administrative program which administers such changes.

Lessee agrees that it shall not modify, add or alter all or part of any vehicle leased hereunder without the prior written permission of Lessor. Lessee shall not cause any lien to be attached to any equipment installed on a leased vehicle without the prior written consent of Lessor.

Registration

ARTICLE 12. For those vehicles not enrolled in the Licensing Management Program, Lessor will deliver to Lessee, not later than fifteen (15) days prior to the expiration of the first and any subsequent license period, documents which may be necessary for Lessee to obtain state license tags, certificates of title and similar permits for the authorized operation of the vehicle, which certificates and permits shall indicate that ownership of said vehicle is in Lessor. When obtained, such certificates and permits, unless required to be carried in the vehicle, shall be sent by Lessee to Lessor. Lessee shall notify Lessor if documents to obtain state license tags, certificates of title and similar permits for the authorized operation of the vehicle are not received by Lessee or Lessee's representative ten (10) days prior to the expiration of same.

Responsibility for Maintenance

ARTICLE 13. Except for the maintenance administrative responsibilities defined in this Agreement (specifically Article 14), neither ARI nor ARI Fleet shall have responsibility for the maintenance and upkeep of any vehicle leased hereunder after it is delivered to and accepted by Lessee and until such time as Lessor thereafter accepts possession of the vehicle as provided in Article 9 herein; during such time, Lessee shall maintain, service and keep in good repair each vehicle at its own expense.

b. Federal law and any applicable state law require that Lessee disclose the mileage of each vehicle returned to Lessor in connection with the transfer of ownership of each vehicle. The regulations provide that failure to make this disclosure (or the making of a false statement) may result in fines and/or imprisonment. Lessee warrants to Lessor that the mileage indicated on the odometer of any vehicle returned to Lessor is the true and actual reading and that no tampering with said odometer has taken place while such vehicle was operated by Lessee or any other agent of Lessee. Lessee shall indemnify and save ARI and ARI Fleet harmless from any and all liability, loss, damage, expense, causes of action, suits, claims, or judgments arising from breach of the warranty hereinbefore stated in this Article and shall, at its own cost and expense, defend any and all suits which may be brought against ARI and/or ARI Fleet, either alone or in conjunction with others, upon any such liability or claim or claims and shall satisfy, pay, and discharge any and all judgments and fines that may be levied against either thereof; provided however, that ARI or ARI Fleet shall give Lessee written notice of any such claim or demand within thirty (30) days from receipt thereof.

DW

No Warranties by Lessor

ARTICLE 18. As to any vehicle leased or service provided hereunder, except as provided in Article 21, ARI and ARI Fleet each hereby disclaims all warranties, either expressed or implied, including any implied warranties of merchantability or fitness for a particular purpose, and neither ARI nor ARI Fleet assumes nor authorizes any other person to assume for it any liability in connection with the use, condition, operation and possession of any vehicle. Neither party shall be entitled to recover from the other party any consequential damages, damages for loss of use, loss of profits or income, or any other incidental damages.

Default

ARTICLE 19. Any default by Lessee of this Agreement, any MVLA hereunder, or any other instrument between Lessee and ARI and/or ARI Fleet (collectively "Agreements") shall be deemed a default under all such Agreements. In the event Lessee shall default in any payments due Lessor, or in performance of any covenant or condition under this Agreement, any MVLA hereunder, or any other Agreement, and Lessor notifies Lessee of such default and it thereafter remains uncorrected for ten (10) days, Lessor may pursue any remedies it may have under all such Agreements, including taking possession of any or all vehicles leased hereunder, canceling any credit cards issued, the demand for payment of all sums due Lessor and the immediate payment of any remaining unpaid charges for the balance of the terms of the MVLAs or other Agreements between Lessor and Lessee. Lessee shall pay any and all reasonable attorney's fees incurred in the collection thereof. ARI and ARI Fleet shall each have the right to offset any sums owing or to be owing to Lessee by it against any sums owing or to be owing to ARI or ARI Fleet, whether under an MVLA or otherwise. No remedy pursued under this section shall be deemed an act of termination of the Agreements.

Bankruptcy

ARTICLE 20. Upon notice to Lessee, Lessor may terminate this Agreement, if in either a state or federal court, a receiver is appointed for the Lessee, or if a petition in bankruptcy or for reorganization shall be filed by or against the Lessee, or if Lessee shall fail to give immediate notice to Lessor of any distress or levy or execution purported to be made or laid against the property hereby leased or any part of it. Lessor may take possession of any or all vehicles leased hereunder and may cancel any unfilled vehicle orders and credit cards.

Lessor's Warranty

ARTICLE 21. As to each vehicle leased by it hereunder, Lessor warrants that it is the sole and absolute owner thereof, that it has the right to lease the vehicle to Lessee, that the vehicle is free of all encumbrances at time of delivery to Lessee (other than the interest of an Assignee pursuant to Article 7), that Lessor will not cause the vehicle to become subject to any lien or encumbrance, that it will not sell, assign, lease or otherwise dispose of the vehicle except as provided for in Article 7 and 10 hereof, and that it will do nothing to disturb Lessee's full right of possession and enjoyment of the vehicle and the exercise of all Lessee's rights with respect thereto as provided by this Agreement.

Assignment/Related Entities

ARTICLE 22.a. This Agreement shall be binding on the respective parties, their successors, legal representatives and assigns but neither party hereto shall, except as permitted herein, assign or sublease any rights under this Agreement without the prior written consent of the other party.

DW

b. In the event that Lessee permits any vehicles subject to this Agreement to be used or operated by any present or future subsidiary, parent or affiliate of Lessee (each a "Related Entity"), Lessee agrees that notwithstanding: (a) use or operation by a Related Entity; (b) any direction by Lessee to Lessor to invoice a Related Entity; and (c) any payment made by a Related Entity with respect to any vehicle, all such vehicles shall at all times remain subject to the terms and conditions of this Agreement and Lessee shall at all times remain liable for all of the duties and obligations (for payment or otherwise) under this Agreement. Any use or operation by a Related Entity of any vehicle shall not, in any way, constitute a sale, assignment or transfer, sublease or other disposition of such vehicle, or any interest therein, or of any rights granted to or obligations of Lessee under this Agreement.

Cancellation

ARTICLE 23. This Agreement and any service or program described herein shall remain in effect until canceled by any party upon thirty (30) days written notice to the other party. The termination of this Agreement shall not affect any vehicles under lease pursuant hereto at the time of such termination; all such vehicles shall remain subject to the terms hereof and Lessor and Lessee shall have the mutual rights and obligations provided for herein as to such vehicles.

Financial Statements/Ownership

ARTICLE 24. a. Lessee agrees to provide Lessor each year a copy of Lessee's complete year end financial statements promptly upon expiration of each fiscal year and any such other financial information as may be requested by Lessor. Lessor retains the right to limit vehicle orders, deliveries and fleet management services based upon Lessor's credit evaluation of Lessee.

b. Lessee shall notify Lessor, in writing, of any change in name, address, ownership or control of Lessee. Such notification to be supplied to Lessor within fifteen (15) days of such change.

Agreement Binding

ARTICLE 25. This Agreement, together with Exhibits attached hereto and any MVLA which may be hereafter issued hereunder, constitute and will constitute the full, complete, absolute and entire agreement and understanding between the parties with respect to the subject matter hereof. There are no oral agreements or understandings affecting this instrument. Any future agreements, understandings or waivers to be binding upon the parties hereto must be reduced to writing and attached hereto and Lessor's or Lessee's failure to enforce any provision of this Agreement shall not be construed as a waiver thereof or as excusing Lessee or Lessor respectively from future performance. Neither the failure of either party to insist upon the performance of any term or condition of this Agreement or to exercise any right or privilege conferred by this Agreement nor the waiver by either party of any such term or condition shall be construed as thereafter waiving any such term, or condition, right or privilege.

State Law

ARTICLE 26. This Agreement shall be governed by and shall be construed according to the laws of the State of New Jersey. Should any part, term or provision of this Agreement be by the courts decided to be illegal or in conflict with any law of the state where made, the validity of the remaining portions or provisions shall not be affected thereby.

Authority to Sign

ARTICLE 27. Any person who signs as an officer or agent for a corporation, partnership or other entity warrants that he has authority from such corporation, partnership or other entity to enter into this Agreement on its behalf.

DW

Daily Rental Vehicles

ARTICLE 28. Lessee may request that Lessor arrange temporary short term rentals ("Daily Rentals"). Lessor shall use its best efforts to arrange for such Daily Rentals. Lessee agrees to reimburse Lessor for all amounts for which Lessor has been invoiced by such Daily Rental supplier. Any such Daily Rental shall be subject to the applicable terms and conditions of this Agreement, including, without limitation, the insurance and indemnity provisions herein.

Payment Guarantee

ARTICLE 29. Within fifteen (15) days of the effective date of this Agreement, Lessee shall have its ultimate parent company execute and deliver to Lessor a guarantee in the form attached hereto as Exhibit "D" pursuant to which the parent company guarantees payment and performance by Lessee to Lessor of all financial obligations or liabilities incurred under this Agreement by Lessee. Upon receipt of the guarantee, Lessor shall accept vehicle orders and implement fleet management services as requested by Lessee.

IN WITNESS WHEREOF, Lessor and Lessee have caused these presents to be duly executed, in triplicate, as of the day and year first written above.

EXHIBIT B

Lease and Fleet Management Services Agreement Dated: August 22, 2011

For each leased vehicle during its Depreciation Period, the monthly rental for the Depreciation Period shall be computed by multiplying the vehicle's Capitalized Value as agreed to herein by the applicable factor that includes depreciation, interest, and administrative fee charges. The Finance and Administration portion of the monthly rental factor (determined by deducting the depreciation percentage from the gross monthly factor) includes interest at an annual rate converted to a 360 day basis equal to 140 basis points (i.e. 1.4 percent) per annum in excess of "The Two Year Swap Rate". The Two Year Swap Rate shall be the rate quoted as such in the latest "week ending" column of the current available Federal Reserve Statistical Release (H.15) Publication on the first day of the month that the leased vehicle is financed, rounded up to the nearest one-eighth of one percent and further adjusted to include Lessor's reasonable costs of processing and other administrative costs. For medium and heavy duty trucks the rate of interest shall be such as negotiated by Lessor and Lessee.

During the Depreciation Period, any leased vehicles removed from service in accordance with the terms of this Agreement at any time other than at the last month of a plateau period, Lessee shall pay Lessor an interest adjustment in an amount equal to the difference between the actual simple interest calculated on a declining book balance, and the actual interest paid by Lessee to Lessor in connection with leased vehicles. Such interest adjustment shall only apply to the last rental plateau period in service and be calculated at the interest rate in effect for the specific leased vehicle in question regardless of the rate of interest on the date of calculation.

Lessee acknowledges that the funding parameters established under this Exhibit B to the Agreement are based upon financial and capital market conditions existing at the time of this Agreement, which may vary in the future. Accordingly, Lessor reserves the right to adjust such parameters to reflect any variations in such market conditions. Any such adjustment may result in an increase or decrease in the interest portion of the monthly rental payment as stated in this Exhibit B in an amount reflecting the resultant yield impact to Lessor caused by the changes as noted in the conditions listed above. Lessor shall use good faith in discussing any such rate change and will use equal diligence in the pursuit of rate reductions afforded by the above referenced changes in capital markets.
