Estimated Annual Income ("EAI") and Estimated Yield ("EY") calculations are for informational purposes only. The actual income and yield might be lower or higher than the estimated amounts. EY is based upon EAI and the current price of the security and will fluctuate. For certain types of securities, the calculations could include a return of principal or capital gains in which case EAI and EY would be overstated. EY and EAI are not promptly updated to reflect when an issuer has missed a regular payment or announced changes to future payments, in which case EAI and EY will continue to display at a prior rate.

Prices and Market Values are real-time and based on NASDAQ Last Sale or a consolidated market quote unless otherwise indicated.

Quotes from the Toronto Stock Exchange and TSX Venture Exchange are delayed for professional users. Non-professional users may see a mix of real time and delayed quotes.

For Mutual funds, the NAV is a daily calculation occurring after market close. This process may take 2-to-4 hours before a final NAV is made available to the public.

Mutual fund values for Day Change and Price Change will be reset to zero approximately 4 hours before market open on Monday, and approximately 1 hour before market open Tuesday through Friday. After market open, Day Change and Price Change will appear if there is a valid value to present. If there is no quote, Day Change and/or Price Change values will show N/A.

As your agreement for the receipt and use of market data provides, the securities markets (1) reserve all rights to the market data that they make available; (2) do not guarantee that data; and (3) shall not be liable for any loss due either to their negligence or to any cause beyond their reasonable control.

1. The Account Day Change ($) and (%) are based on the difference between the sum of the current market value of all positions plus the current cash balances less the previous closing values for positions and cash balances. The Account Day Change will be available until one hour prior to the next market open.
