Response to objections filed on 9.2.26

1) The creditor Jonathan Lewis objects to the order on 4.30.25 do to my situation only and also the filing on 9.2.26 and ask to be added as a creditor to the list of creditor for the same reason that the other inmates who were abused by prison medicare staff because:

a) The initial bar date on 4.30.25 was issued without proper notice to other infected individuals there was no law library in the Florida Dept of Corrections with notices on the wall about the bankruptcy meaning there should have a decided/ way they were going to tell ex inmates and inmates affected by the medicare abuse because on 4.30.25 or before I had no knowledge of this action. Although the attorney and the people who is working with the attorney did his job as a attorney by putting out notice it was not good enough because no law library in the state of Florida prison system had any information on the wall about it because know one knew they didnit go to the prisons or look in the court filings to see who complained about these people in the past. I found out because this came up on a unrelated google search that had nothing to do with medicare and I clicked on it out of curiosity. It just popped up. I read it that is how I found out and before 4.3.19 and after 2.4.15 I did not know about this and from 4.3.19 to 3.1.24 I was in jail and that is Broward County jail system and the Florida Dept of corrections. There was nothing going on around the prison about it so I didnit know. In this case alone a creditor was allowed as a creditor 2.5 yrs after the administrative Bar date See In re Queen Elizabeth Realty corp 584 B.R. 95 C.S.D. of Illinois District Court 3.8.18) and some thing like this is up to the Court and not the attorney during there tenure in the Florida Dept of corrections/ FDoC from 2013 to 2015. While I was there I spent lots of funds on sick calls all they did was take people money or place false liens on people account and n[illegible] medically for some people and I was [illegible]

people and I would have died if I was still in there [redacted] because I would been in bad condition medically. Also see us Bankruptcy Rule provision 9024 (1) there is no date preference.

b) The amount [redacted] for the different levels of care have to be approved by the attorney or a court order can force them to do it based on evidence and the amount approve for undiagnosed infectious diseases is $200,000.00 and I am alleging failure to diagnose/treat.

c) The grounds for objecting to [redacted] my motion and proof of claim with attachments is insufficient because 11 usc 502(b)(1) does not apply without explaining why, further more although the court ruled on it, it was because I failed to follow the instructions given by the court that constituted a order on the merits when if you read it, it was not a order on the merits.

d) The objection does not sit on a substantial factual basis just a plain statement. The time the bankruptcy action was filed under Ch. 11 which gives the court discretion does not have a provision for denying any claims before the filing of the bankruptcy action only the administrative bar date that allows me to ask for permission. The administrative [redacted] bar date is 4.30.25 but it was extended. The attorney ground stating that my proof of claim happen before the action was filed there is nothing to support that, the only thing is the administrative bar date and courts routinely let proof of claims proceed as long as there is good reason for them. I explained I didnit know or I would have acted on it.

c) The [redacted] us Bankruptcy rule provision 11 usc 502(b)(1) does not allow disallowance of my claim because the Ch. 11 action allows for all claims to be presented to the court. The proof of claim is based on failure to diagnose and treat but the the issue with my pancreas is serious and they didnit do anything for me and that is sue is ripe for review because the attorney didnit read the action just stated what I said but the actual lawsuit in the northern district of Florida does not say that and giving false information to make sure that I am not included in a group pay out for what cause the company [redacted] bankruptcy is a state bar violation and says a lot about his ethics. All the medicare providers involved with Corizon there is 2 of them change the name so it look different with the state [redacted] business filing situation. There is no diagnosis on file just symptons and my claim must go forward against yes care and see Eastman Kodak Co. vs Atlanta Retail Inc 456 F.3d 1277 (11th Cir 7.18.06) because of the actual wording in

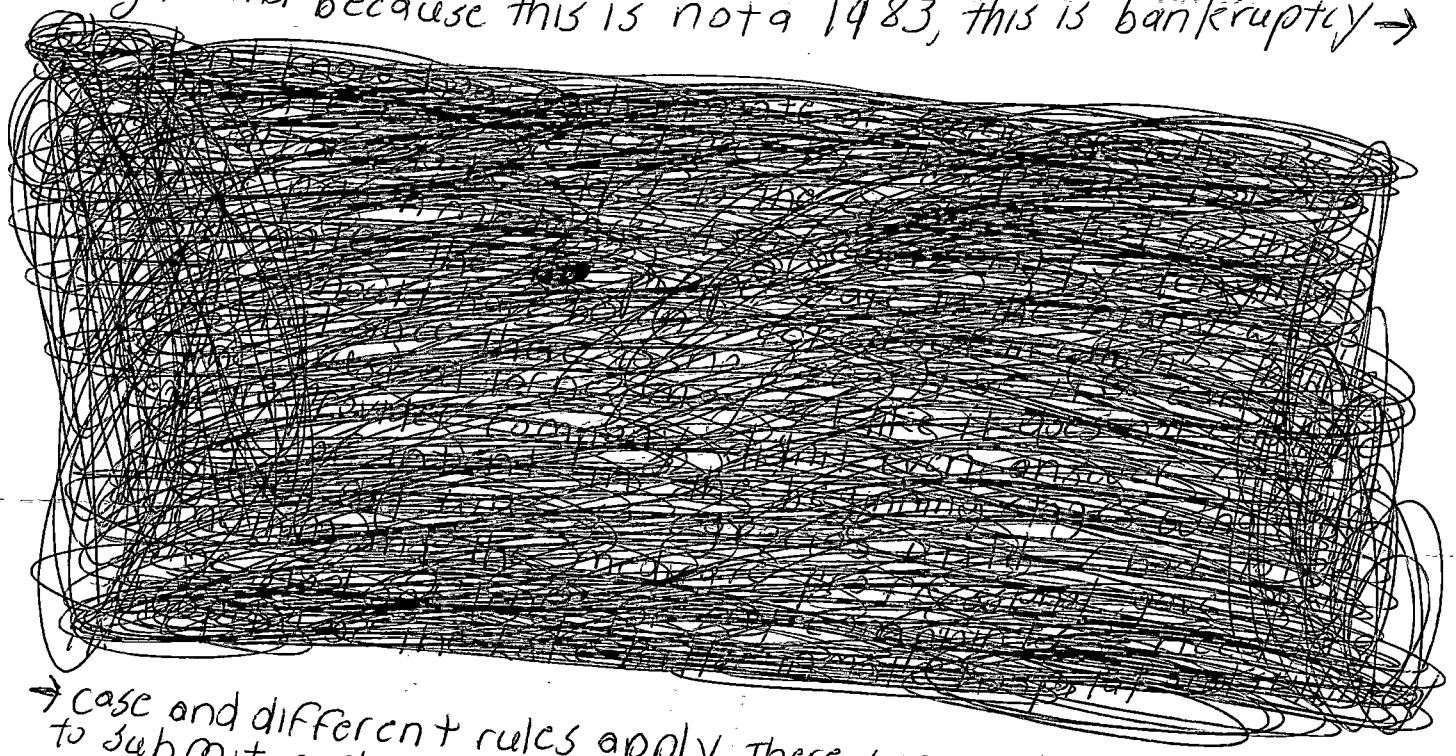

of claim. The individual who completes the form must sign it. By doing so, he or she declares under penalty of perjury that the information provided "is true and correct to the best of my knowledge, information and reasonable belief." That individual must also provide identifying information—name; title; company; and, if not already provided, mailing address, telephone number, and email address—and indicate by checking the appropriate box the basis on which he or she is filing the proof of claim (for example, as creditor or authorized agent for the creditor). Because a trustee or debtor that files a proof of claim under Rule 3004 will indicate that basis for filing here, the checkbox on the first page of the form for stating the filer's status as a trustee or debtor is deleted. When a servicing agent files a proof of claim on behalf of a creditor, the individual completing the form must sign it and must provide his or her own name, as well as the name of the company that is the servicing agent.

Amendments are made to the instructions that reflect the changes made to the form, and stylistic and formatting changes are made to the form and instructions. Spaces are added for providing email addresses in addition to other contact information in order to facilitate communication with the claimant. The provision of this additional information does not affect any requirements for serving or providing official notice to the claimant.

2011 COMMITTEE NOTE – ATTACHMENT A

This form *[Attachment A]* is new. It must be completed and attached to a proof of claim secured by a security interest in a debtor's principal residence. The form, which implements Rule 3001(c)(2), requires an itemization of prepetition interest, fees, expenses, and charges included in the claim amount, as well as a statement of the amount necessary to cure any default as of the petition date. If the mortgage installment payments include an escrow deposit, an escrow account statement must also be attached to the proof of claim, as required by Rule 3001(c)(2)(C).

the actual complaint. The attorney didnit attach the complaint the complaint and point out sections we was talking about. The rule he used does not bar my action or my claim for relief in this action, since he is using the bar date by the court then equatable tolling comes into play to protect my rights and then also FS. 95.11(a), my action had to happen before the petition date and 1983 time limits dont apply because a proof of claim for a bankruptcy case all I have to prove is that it did happen that is it and the 1983 time limit is frivalous ground because this is not a 1983, this is bankruptcy →

→ case and different rules apply. There was not no time limit to submit a claim on portal or by paper as far as when it happened just before 8.8.25 and see FS 95.051(1)(c). The information was concealed from me and see In re Jemal 496 B.R. 697 (Us Bankruptcy court E.D. New York 9.9.13).

f) I dont know how each inmate or someone who use to be a inmate was seeked out by the parties looking for creditors to be added to the creditors list for the obuse of prison medicare staff (corizon) by denying us as inmates the proper care in the many ways they did. I should have been seeked out in which I believe I was but since there is no record of it I can see the trust attorney may act like it does not exist. The medicare provider company didnit even answer my notice of intent in the beginning stages, what the provider did was so serious until I had to do something and the medicare proffessional at my last visit before I went home

PLEASE READ THESE IMPORTANT INSTRUCTIONS

Please read all instructions carefully before completing the inquiry/complaint form. If the form is not properly completed it may be returned for correction. **You may submit up to a total of 25 pages including the inquiry/complaint form and exhibits.** You may indicate that additional evidence or exhibits are available upon request. Please legibly print or type in black ink only.

PLEASE NOTE: The Florida Bar cannot intervene on your behalf in a civil or criminal case, nor can we give you legal advice. We do not have jurisdiction to consider complaints against judges and many elected officials. Our lawyer regulation department considers whether an attorney has violated our rules of conduct and determines whether, under the totality of the circumstances, The Florida Bar will seek discipline against the attorney. If your inquiry/complaint is closed, you will receive a written explanation of the reasons for the closure.

PART ONE – Complainant Information. You must give your name, address, email address and phone number. If you have already contacted ACAP, please indicate your ACAP reference number in the space provided. If your inquiry/complaint pertains to a matter currently in litigation, please indicate that in the space provided.

PART TWO – Attorney Information. You must give the name, Bar Number, address, email and phone number of the subject attorney. The Bar Number and address of the attorney are particularly important as many lawyers have the same or similar names. You may find the attorney's Bar Number and contact information by going to www.floridabar.org and searching under Find A Lawyer. **List only one attorney per form (you may copy this form if you need additional copies). The Florida Bar processes inquiry/complaint forms only against individual attorneys, not against law firms or offices.**

PART THREE – Facts/Allegations. On a separate sheet, describe the conduct of the attorney by including the details, in chronological order, and supplying dates where possible. Please be aware that simply alleging conclusions without setting out facts that support those conclusions will result in the need for the Bar to ask you for additional information and may delay a disposition of your complaint. Please number any additional pages you attach. If you have letters, documents or other evidence, you should attach photocopies **(DO NOT SEND ORIGINAL DOCUMENTS).** It is helpful if you mark your attachments as exhibits (A, B, C, etc.), and refer to them in your description of your complaint. **Please do not bind, staple, tab or index your documents. You may underline but DO NOT HIGHLIGHT documents.** Highlighting will obscure the underlying text when scanned into our computers. **Please do not attach media such as audio files, thumb/flash drives, CDs, oversized documents, or photographs. Do not submit .jpeg, .mpeg, .mp3 or links to online materials including Dropbox.** We cannot process any media that cannot be scanned into the electronic record. It is not necessary to include a copy of these instructions.

PART FOUR – Witnesses. Your inquiry/complaint will be considered even if there are no witnesses. If you have witnesses, attach an additional sheet with the name, address and telephone number for each witness, and include a brief description of the facts about which that witness would testify. If you do not attach a list of witnesses, we will presume that you have no witnesses, other than the attorney and yourself.

PART FIVE – Signature. You must sign the form and certify under penalty of perjury that your allegations are true. Unsworn complaints are not considered. **Submit the inquiry/complaint form to our office**
