District of Massachusetts
Worcester Division

Re: TelexFree Securities Litigation Case No. 14-2566
Claim No. 90212

Dear Honorable Court,

I am a claimant and victim in the above-referenced TelexFree Securities Litigation. My allowed claim amount is $37,750.

To date, I have received only two distributions from the Trustee, Mr. Darr:
- $14,722.00 on July 31, 2020
- $1,736.50 on September 30, 2022

However, I have not received the following distributions:
- Third distribution (October 31, 2023): $2,869.00
- Fourth distribution (September 2, 2024): $792.75

The total amount of unpaid distributions is $3,661.75.

I have made multiple attempts to resolve this issue by contacting Trustee Mr. Darr and Attorney Mr. Lizotte via email. Despite these efforts, I have been informed that these funds were distributed to me, which is incorrect. I have not received these payments.

As an approved claimant, I am legally entitled to these distributions. The failure to properly deliver these funds raises serious concerns regarding the administration of my claim.

Accordingly, I respectfully request that the Court:
1. Investigate the status of the missing distributions associated with my claim;
2. Direct the Trustee to provide proof of payment for the distributions in question; and
3. Ensure that all funds owed to me are promptly remitted.

I appreciate the Court's attention to this matter and respectfully request prompt review and resolution.

Sincerely,
Igor Shikhman
