Proceeding Memorandum and Order

MATTER:

3864 Letter and Request for Reconsideration from Creditor Leonard Ehikioya Itua

Decision set forth more fully as follows:

The request for reconsideration of claim number 128273 filed by Leonard Ehikioya Itua (the "Claimant") [Docket #3864] is DENIED. Claim number 128273 was disallowed after objection notices were sent to the Claimant on August 24, 2018 and November 26, 2018. While the Claimant indicates in a supplement to the request for reconsideration that he believes the notices may have been sent to an incorrect address, he attaches a document in which he highlights a reference to a different claim (claim number 3333) and does not reference claim number 128273. In fact, the Claimant acknowledges that he received notice of disallowance of claim number 128273, but maintains that he was ill at the time he received notice of the disallowance. Even if that illness prevented the Claimant from initially responding to notices from the Chapter 11 Trustee or immediately filing a motion for reconsideration upon learning of the disallowance, there is no explanation for the Claimant's decision to wait many years before seeking reconsideration. The request for reconsideration is not timely under Federal Rule of Bankruptcy Procedure 9023 (setting forth a 14-day deadline to file a motion to file a motion to alter or amend a judgment). And, even if the Claimant articulated grounds for reconsidering the disallowance of the claim pursuant to Federal Rule of Civil Procedure 60(b), made applicable by Federal Rule of Bankruptcy Procedure 9024, the request for reconsideration, filed more than seven years after the disallowance of the claim, was not filed within a reasonable time as required by Federal Rule of Civil Procedure 60(c). The Court notes that the Claimant failed
