Subject: Fw: Invoice 4261469 Credit Question

Good morning, Cherita -

We received a comment in a recent invoice that some 2.3s were not received for PO 415385-00. I've attached the original PO.

10/30/2025	4261469	SH SHORTAGE	SH 6 OF SKU 22383665 AS PER PACKING SLIP AND EMAIL LOCATION 860	$ 4,470.00-	$ .00	$ 4,470.00-

After doing some research on my end, I show that two 20HP units and seven 2.3HP units were shipped out. Please see below screenshot of VIN and Honda model code 669000. I also have that document attached.

However, in the document Stacy provided me, it shows that six 15HP and only one 2.3 was received. We did not ship out the 15HP units as we did not have any available in warehouse, and these units were actually requested to be cancelled in early January. I've provided the cancellation request. Please note: the cancellation request also shows to cancel the 2.3 units, but I informed Tommi that these units had already been shipped back in October, so they could not be cancelled.

I've also attached the invoice showing that there was no charge for BF15 units, as they were not shipped.

I am wondering if the six 2.3 units that were sent were maybe entered in as the six 15s? Are you able to confirm the VIN numbers?

If you have any questions or need me to clarify, please let me know.

Hi Jillian,

The notes in the system from the clerk who processed the invoice say the distribution center received what was listed on the packing list. Only 1 of sku 22383665/669000 was shipped and received. Ive attached the packing list provided and it looks like it matches what you emailed.

If you feel this is in error you can email Cherita in Vendor Relations (CheritaR@wetsmarine.com) and she can have DC 860 review their findings.

Good morning, Stacy -

I had a question regarding the recent payment for invoice 4261469 for PO 415385.

The payment comments show that there was a shortage of 6 of the 2.3 units. I did some research on my end, and I show that all 9 units on the PO were shipped, including 7 of the 2.3s. I've attached the BOL.

Could you please confirm?

Thank you.
